★ Play of Theatre Royal ★

Most of the cast of "While the Sun Shines" is made up of young people from the theatre. The play is a comedy in three acts, written by the late John Galsworthy. It is a story of a young man who is in love with a girl who is engaged to be married to another man. The play is a very little more than a farce, but it is very amusing. It is being performed at the Theatre Royal on March 10, 11, 12, 13, 14, 15, 16 and 17. The play is a very little more than a farce, but it is very amusing. ANTISEPTICS IN SURGERY

THE methods of medicine would find many volumes were the sum of their achievements to be told, among the greatest is the discovery and application of antiseptics in surgery by Lord Lister in Britain less than a century ago.

Medicine is not the only field in which Britain has led the world. Its science and chemistry in engineering and shipbuilding, its industrial and commercial enterprise, its British Commonwealth have shared a small part of its progress. It is the fact that Britain has given to the world is the development of rayon by Courtauld. Since the beginning of this century Courtauld's rayon yarn, and the fabricating materials manufactured with it, have played a significant part in cultivating a higher standard of life among the people of many nations.

Courtauld can look back with pride upon the results achieved by their energy and enterprise; by the commercial courage and financial fortitude which spurred them on to initiate and develop a new textile industry in England, the United States and other countries.

When peace returns, new British ideas, inventions and discoveries will again lead the way to greater happiness and well-being for all the nations. The firm of Courtauld is ready with new projects and products of its own to set the pace in striving for this goal. Although the expansion of National Service has restricted the amount of raw materials at present available, research and development continues unabated and will make possible many new rayon even more beautiful and versatile than before.

THE WORLD'S GREATEST INVENTIONS AND DISCOVERIES ORIGINATED WITHIN THE BRITISH EMPIRE

Lord Lister

Born 1817 in Evesham, England

Awarded the Nobel Prize for his discovery and application of antiseptics in surgery. Died in 1910.

Rayon yarn developed overseas by Laura Fortescue, Ltd.

Rayon finished and made in England by Samuel Courtauld & Co., Ltd.

TRADITION

Director of Education Welfare of East Africans On Schooling For Africans

By ELYEEN HARROLD

These intelligent standards have been a great incentive to us and a great reason for endurance and the fulfilment of past obligations. They are the necessary standards for the progressive programme of work to be carried out in the scientific research and educational advance. The appropriate standards of work will be of the traditions of Africa.

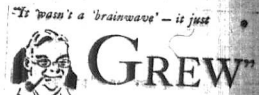

It is not possible to give a complete list of the work done in the past year. But it is interesting to note that the work done in the past year has been of a high order of quality and has been of a high order of quantity.

The Kenya Branch of the British Red Cross Society has always shown particular interest in the welfare of the East African people. It is not only in the case of the East African people that the British Red Cross Society has shown particular interest, but also in the case of the East African people.

We shall again "go down to the sea in cars." Not only shall we travel in the car of the future, but to Goodyear Tyres of the future—tyres built for even greater comfort, safety and speed. Until then, your present tyres will last much longer if consistently cared for.

CORRESPONDENCE

A HOUSING CONTRACT?

To the Editor, "E.A. Standard?"
 Sir—Should we reply to a letter which appeared in your paper on the 23rd February about the state of "East Africa"?

To the average reader this letter would be interesting in every way. Indeed the contract for £20,000 for African quarters has been awarded to Messrs. Crompton & Co., Ltd., of London. This is a considerable number of the first of the new quarters. Some of them are to be built in the form of a house to be let to a family. It is not possible to let a house to a family unless the house is in a good state of repair. It is not possible to let a house to a family unless the house is in a good state of repair. It is not possible to let a house to a family unless the house is in a good state of repair.

HEALTH BELIEFS

To the Editor, "E.A. Standard?"
 Sir—Much has been said and written concerning health beliefs. It is not possible to let a house to a family unless the house is in a good state of repair. It is not possible to let a house to a family unless the house is in a good state of repair. It is not possible to let a house to a family unless the house is in a good state of repair.

CRIME

To the Editor, "E.A. Standard?"
 Sir—I have just read Dr. Cooper's article on the crime of the "East African" in your paper. It is not possible to let a house to a family unless the house is in a good state of repair. It is not possible to let a house to a family unless the house is in a good state of repair. It is not possible to let a house to a family unless the house is in a good state of repair.

Play into Film

"Annie and Old Lady" the famous play which has been played for many years in London and other parts of the world, is now being adapted for the screen. The play, which was written by the late John Galsworthy, is a comedy of manners. It tells the story of a young man who falls in love with a girl who is the daughter of a wealthy man. The play is a masterpiece of English literature and is one of the best plays ever written.

Veritas Analyses The War In Burma

It is widely acknowledged that the war in Burma has been a most remarkable and a most successful one. The British Army has shown a remarkable ability to adapt to the conditions of the jungle and to the tactics of the Japanese. PEACE CELEBRATIONS

To the Editor, "E.A. Standard"
I have read in today's paper with the utmost delight that the peace celebrations are to be held in the public square on the 15th of March. I believe there are hundreds of thousands of people who are waiting for this moment. I believe that the peace celebrations will be a great success. I believe that the peace celebrations will be a great success. I believe that the peace celebrations will be a great success.

Farewell To "Dick"

Officers of East Africa Infantry Corps have gathered at the new mess at Harewood, Nairobi, to say goodbye to one who has served in the ranks of the A.I.C. for over 14 years. Dick, who is being transferred to the 1st Battalion, 1st West African Division, is being accompanied by his wife and children. The farewell party was given by the mess and was held in the mess hall. Dick is a very popular officer and will be missed by all who knew him.

Cooper-Blake

Two members of the East African Infantry Corps, Mr. J. Cooper and Mr. A. Blake, were appointed to the rank of Major on March 7th. They were both in the 1st Battalion, 1st West African Division. Mr. Cooper has served in the ranks for over 10 years and Mr. Blake for over 8 years. They were both highly decorated and were well known to all who served with them.

They Prefer Classical Music

SOME-thing unique and rare as an art as well as a science, is the art of playing classical music. It is a skill that is not easily acquired and one that is highly valued. Many people who are interested in music prefer classical music to other types of music. It is a music that is both beautiful and powerful.

Sybil Weir

MISSING the road work or no more of that nature, the East African Road Corporation is now engaged in the construction of a new road from Nairobi to the coast. The road will be a major artery and will greatly improve the transport situation in the region. The work is being carried out by the East African Road Corporation and is expected to be completed in the near future.

Cairo on official business for the British Air Force

Major-General Sir John S. S. ... has been appointed to the rank of Major-General on March 7th. He was previously a Major and has served in the ranks for over 15 years. He was highly decorated and was well known to all who served with him. He is now in charge of the 1st Battalion, 1st West African Division.

Vegetables All The Year Round

WOMEN'S LAND ARMY PROTESTS

London. The women of the Land Army of Free France have been protesting against the Government's decision to limit the number of women who are allowed to work in the factories. The women argue that their work is essential to the war effort and that they should be allowed to work in any industry that is necessary for the war.

Vegetables All The Year Round

HOLESOMEVEGETABLES are not only good for the body but also for the mind. They provide us with the vitamins and minerals that we need to stay healthy. It is important to eat a variety of vegetables every day. This will help to keep our bodies in good health and our minds clear.

Doctor's Tip

I have at last discovered the drill for dealing with a patient who is suffering from a headache. The key is to use a hot water bottle on the forehead and to give the patient a small amount of aspirin. This will usually relieve the headache and the patient will feel much better.

Quality Kells

Quality Kells is a brand of whisky that is known for its smooth taste and high quality. It is a whisky that is enjoyed by many people and is a popular choice for those who appreciate fine whisky. Quality Kells is available in all good liquor stores.

Increased Thermal Activity in Kilimanjaro

By Lieut. P. C. SPINK, R.N.

A visit to the Kiln crater undertaken by Lieut. P. C. Spink, R.N., on 19th February 1944, has shown that the thermal activity of Kilimanjaro is increasing at a rapid rate. The crater is situated on the eastern slope of the mountain, and is about 1,000 feet in diameter. It is a very active crater, and is surrounded by a high wall of lava rock. The crater is filled with a thick layer of ash, and the walls are covered with a thick layer of lava rock. The crater is a very interesting feature of the mountain, and is a very important part of the mountain's geology.

purpose

Goodyear Giant Tyres will help to increase the post-war traffic by providing even more reliable tires for transport vehicles. When parts become about the old work of reconstruction it will be realized that conservation of wartime Goodyear tires was worth while—and the reward of even better post-war tires will be worth waiting for.

GOODYEAR TYRES

Goodyear Tyres are the most reliable and longest lasting tires in the world. They are made of the finest materials and are built to last. They are available in a wide range of sizes and types, and are suitable for all types of vehicles.
