## POLAND'S NATIONAL DAY

(Continued from page 1)

The 3rd of May 1924 is the national day of Poland. It is a day which is observed in every part of the world. It is a day which is celebrated with great enthusiasm and joy. It is a day which is marked by the ringing of bells and the firing of guns. It is a day which is a reminder to the people of the world of the heroism and courage of the Polish people.

In the year 1772, after the first partition of Poland, the Polish people were left with a small strip of land. In 1795, after the second partition, Poland ceased to exist. In 1918, after the first world war, Poland was re-established as an independent nation. This was a great achievement for the Polish people, and it is a day which is celebrated with great pride and joy.

## HITLER'S RISE AND FALL

(Continued from page 1)

In the opinion of the German Ministry of War, perhaps we did not look at the matter from the right angle. We thought them to be a group of men who were not to be trusted but who were not to be despised either. We thought them to be a group of men who were not to be trusted but who were not to be despised either.

In 1921, in the house of the Reichstag, the position given to Hitler was a very important one. He was elected as a member of the Reichstag, and he was elected as a member of the Reichstag. He was elected as a member of the Reichstag, and he was elected as a member of the Reichstag.

I remember how, on the 30th of January 1933, Hitler was sworn in as Chancellor of Germany. He was sworn in as Chancellor of Germany, and he was sworn in as Chancellor of Germany. He was sworn in as Chancellor of Germany, and he was sworn in as Chancellor of Germany.

What Hitler did during the first few months of his tenure as Chancellor was to establish a dictatorship. He established a dictatorship, and he established a dictatorship. He established a dictatorship, and he established a dictatorship.

His greatest personal triumph was the annexation of Austria. He annexed Austria, and he annexed Austria. He annexed Austria, and he annexed Austria.

The second focus was the signing of the Munich Agreement. He signed the Munich Agreement, and he signed the Munich Agreement. He signed the Munich Agreement, and he signed the Munich Agreement.

The Polish invasion of the Sudetenland was a major event in the history of the Third Reich. He invaded the Sudetenland, and he invaded the Sudetenland. He invaded the Sudetenland, and he invaded the Sudetenland.

The invasion of Poland in 1939 was the beginning of the Second World War. He invaded Poland, and he invaded Poland. He invaded Poland, and he invaded Poland.

After a setback in 1942 when Germany was forced to retreat from the Eastern Front, Hitler was forced to make a last stand. He made a last stand, and he made a last stand. He made a last stand, and he made a last stand.

The tragedy of Europe, the epoch 1933-1945, was a tragedy for the whole world. It was a tragedy for the whole world, and it was a tragedy for the whole world.

## They Cycled From Nairobi To Mombasa

During last Easter holidays four British students of the J.M.S. School made an adventurous start by cycling from Nairobi to Mombasa. The four cyclists, who were accompanied by a motor cycle, left Nairobi on the morning of the 15th and after a day's rest at Nakuru, they cycled to Mombasa on the morning of the 22nd. The journey was a most interesting one and the cyclists were well received at Mombasa.
