KENYA NEEDS AN ADOPTION SOCIETY

MEMBERS' WANTED

WE NEED a proper adoption society in Kenya, said Mrs. J. M. Silvester, President of the East Africa Women's League, at a public meeting of Nakuru Women. She explained that no adoption society existed in the Colony as yet, and that any such case had to be heard in the Supreme Court, costing those wishing to adopt a child somewhere in the region of £20.

On the subject of child protection, Mrs. Silvester said that the Government was preparing a special type of court for inquiring into the welfare of delinquent children. A panel of people with experience in the field, including women, would be appointed to assist the presiding magistrate. The League, she recalled, had a good record of adoption, and a long list of names of children adopted in 1957 and 1958.

The adoption of young children for their own, for sentimental reasons, had to work, or were even adopted by their parents, in that a proper way, she said, and the law was always kept in step in any way.

Polish 'nannies'

A scheme the League supported in 1957, when she hoped would some into effect shortly was for a society to employ Polish nannies. The majority of children in the Colony were brought to Tanganyika as evacuees during the war, and now they are being repatriated. But their parents are not always able to take them to Kenya, and their training should make valuable members of the community. Certain responsibilities should be undertaken by their employers.

Child murderer 'not insane'

Finding that the defence of insanity was not proved, Mr. Justice Mordaunt sentenced a man to the death for the murder of one of his children.

The man, whose name was withheld, was a woman's husband, who had been charged with the murder of his own child. The woman, whose name was withheld, had been charged with the murder of her own child. The man, whose name was withheld, had been charged with the murder of his own child.

Body in trunk in servant's house

"WATKINS" PARANORMAL COMMISSIONER After being had been seen inside the door of servant quarters in the compound of the Commissioner of Police, Kampala, the dead body of a Mau Mau woman with a head wound, was found in a trunk.

The police are seeking an African for questioning.

Although the stream of blood apparently oozed under the lid, the trunk containing the body was in a corner some distance away.

Bishop of Uganda gets backing of the Church

'HAS NOT GIVEN AWAY LAND'

AFTER hearing the Bishop of Uganda, Dr. C. E. Stuart, replying to accusations made by Senakula Mulumba, who, claiming to be the elected spokesman of the Bakata and having the support of some of the Native Anglican clergy, has repudiated the charge that the Bishop has signed a secret agreement with the Uganda Government by which Church land has been given away, the Protectorate Diocesan Council at Namirembe passed resolutions supporting Dr. Stuart.

These resolutions, which reaffirm the Church's action in voting to support the Bishop, also state that the Bishop has not given away any land in return for the acceptance of rights over the land, and that the Bishop has not signed any secret agreement with the Government. The Bishop's action is supported by the majority of the Native Anglican clergy, and the Bishop has not given away any land in return for the acceptance of rights over the land.

'No secret'

As the Bishop's special representative stated in the course of his evidence, the Bishop has not given away any land in return for the acceptance of rights over the land, and that the Bishop has not signed any secret agreement with the Government.

Church benefits

The Bishop has not given away any land in return for the acceptance of rights over the land, and that the Bishop has not signed any secret agreement with the Government.

INDIAN TAX IN THE REVUELS

To the Editor, "E. A. Standard," Sir—We have in the publicity given to the East African Standard of the 20th July on the Indian Tax, an article which is a most interesting and useful article. It has come to the notice of the Revenue that certain statements are correct which constitute a misapprehension of the views of the Chief Indian Revenue Officer and upon that of the Legal Adviser.

The following instances are quoted:

The first relates to the action taken by the Revenue Authorities in the case of a certain individual described in a recent despatch as a student.

This person admitted, in writing, having received the 1948-49 income and excess profits tax, the amount of which had been deducted. The Authorities had proceeds for allowing that he might avoid payment by transferring his assets. By authority of the Supreme Court of the Republic his assets were vested.

He was not arrested, nor was a search for his assets required. In the advice of the Acting Attorney-General, the Revenue Authorities, Government agreed to accept the 1948-49 income and excess profits tax, but believing that the amount might lead to the individual's bankruptcy.

The second case concerns a Government Official.

This office was reassigned for income tax. In this regard, the Chief Indian Revenue Officer thought to the notice of Government the fact that the office concerned had been given every opportunity to meet his obligations. He had been given every opportunity to meet his obligations. He had been given every opportunity to meet his obligations.

The Government Official concerned was urged to consider the matter very carefully in his own interests. The Revenue Authorities, treated him with every consideration and granted him twelve months or whenever he returned from leave whichever was the lesser. In which to the Government Official.

The statements that a writ of habeas corpus was issued by the Government Official in this regard, and that he was released from prison, are without foundation.

It is the hope and belief of Government that all members of the

KENYA

To the Editor, "E. A. Standard," Sir—As a new writer in this special column, I am both delighted and horrified at the vituperative and personal attacks and abuse which you have printed in your issue of 17th September, which was devoted to the subject of the Indian Tax. I am sure that you will be glad to know that I am not a member of the Indian Tax Committee, and that I am not a member of the Indian Tax Committee. I am not a member of the Indian Tax Committee, and that I am not a member of the Indian Tax Committee.

HOSPITAL TAX

To the Editor, "E. A. Standard," Sir—During the last few days registered letters have been received from the Indian Tax Committee, the Department, demanding Hospital Tax for 1948 (on 1948 income). Last year I received a "Notice" but no payment for 1948.

What is all this business? When did the unjust levy come into force? Why do they now ask for 1948 having already been paid for 1947 contribution?

We were told in the paper some time ago that those who had paid would be expected to have the money as a voluntary contribution. Our contribution was used to pay Hospital Tax for 1947.

What is all this business? When did the unjust levy come into force? Why do they now ask for 1948 having already been paid for 1947 contribution?

FARM SCHOOLS

To the Editor, "E. A. Standard," Sir—Going to and from the Highlands and so far as Thika is concerned, for four years I have been deeply shocked to see what a number of schools are being run on the farms by the most irresponsible members of the community. Consequently, what is a very simple question as to why must we have these schools? What is the purpose of these schools? Why are they being run? Why are they being run? Why are they being run?

ETHICS IN INDIA

To the Editor, "E. A. Standard," Sir—Would be pleased if you will give me the names of the persons who have written in support of your editorial "Ethics in India" on 17th September. It is a pity that the names of these persons are not given.

WIRELESS PROGRAMMES

To the Editor, "E. A. Standard," Sir—In the issue of 17th September, you published a list of wireless programmes. I am sure that you will be glad to know that I am not a member of the Indian Tax Committee, and that I am not a member of the Indian Tax Committee.

Monsoon almost starved Seychelles islanders of their sugar rations

GOVERNOR PRAISES EX-ATTORNEY-GENERAL

SEYCHELLES islanders were almost robbed of their sugar rations by the heavy weather accompanying the August monsoon and even now the emergency action taken to secure the supply is likely to result in extra freight charges being added to the cost of the sugar. The emergency store of the Districts unexpectedly limped back into port. She had left Mahe to load plans for Mauritius at Antioch and was bound for the Seychelles with a cargo of sugar. After she had left Mahe she ran into a continuing heavy rain, lost most of her crew and was driven to a serious leak after, fortunately, being away from the island.

No wind for a 'piratical' Member's sails

A MEMORANDUM was presented to the House on the 19th inst. in which the Hon. Member for the Eastern Districts made a few pointed remarks on the Government's handling of the sugar situation. He also mentioned the fact that he had sprung a leak. She was being towed to the island. The Hon. Member also mentioned the fact that he had sprung a leak. She was being towed to the island. The Hon. LEAGUE LEADERS DO WELL TODAY

WITH Scotland again concerned, for the third week, and three more weeks to follow, in League Cup tangles, the league programme proper will again be confined to the 28 English clubs. There is little chance of last week's unprecedented series of drawn games, nine in Division I, being duplicated and matches may, for the whole, be regarded as a more open.

Preston, Derby County and Burnley, who were the three matches to play and to expect to take their place in the league, have in their last two games, managed to get a goal in a match, though they have not scored in their last two. Burnley, who have a goal in a match, should be expected to lead the league.

Derby County, who have a goal in a match, should be expected to lead the league.

Fred Daly is supreme match play golfer

At Birkdale, Lancashire, on Saturday, Fred Daly, the Irishman from Balmoral, Belfast, won the 25th year-old title of champion of the world in professional golfers' match play championship for the year.

He thus equalled the 25-year-old record set by the late American golfer, Harry Vardon, who won the title in 1919 and held it for two years. Fred Daly, who was match play champion in 1919 and held it for two years, was the only other golfer to win it in successive years.

Daly beat the Irishman, Worthing, by 1 hole, after a 20-hole match. He had previously won the title in 1919 and 1920. He was the only golfer to win it in successive years.

CANADIAN PREMIER BACKS UP BEVIN'S VIEW

Regional friendships until United Nations develops universal security

Ambassador says things are serious

GENERAL Bevin held a special meeting in London yesterday afternoon after a conference with President Truman in London. It was his first meeting with Bevin since the latter's return from Moscow. At the meeting the two leaders talked for some time on the subject of the new "Atlantic Charter" which is being drafted in Washington. "That is a very serious matter," said Bevin. "I have seen the draft and I am sure it is one of the most important documents of our time. I am sure it will be a landmark in the history of the world."

The President of the United States will then be Senator Warren. It is expected that the communication will be sent to Mr. L. J. MacDermid at the latest by Friday, and that the Berlin issue will come before the Council on Monday.

When the General Assembly meets in Paris, Canada will be represented by Mr. J. G. MacDermid, Minister of External Affairs. It is thought that United States representatives will remain in the Chair for the preliminary discussion on the Soviet declaration. It is expected that after putting the matters on the agenda of the Council, the matter will be passed to Argentina.

Question is will Russia walk-out?

The speech made by Bevin's Foreign Secretary, Mr. Ernest Bevin, in the United Nations Assembly has been hailed by London diplomats as the most important since the latter's return from Moscow. It is expected that the speech will lead to a decision on whether Russia will walk-out of the United Nations. Bevin's speech was a direct answer to the question of whether Russia will walk-out of the United Nations. He said that the United Nations is a permanent body and that it will not be a "one-time" body. He said that the United Nations is a permanent body and that it will not be a "one-time" body.

Decision was welcomed by Berlin

Lesson offered

Miles and miles

During the past week, British and American planes have been making long-range flights over the Atlantic. The flights were made to test the reliability of the aircraft and to demonstrate the ability of the pilots to fly long distances. Goodwill looking

The UN can be held to be a "one-time" body only if it is not a permanent body. It must be a permanent body and not a "one-time" body. It must be a permanent body and not a "one-time" body.

Always ready

The UN is always ready to take any step that may be necessary to maintain peace and security. It is always ready to take any step that may be necessary to maintain peace and security. It is always ready to take any step that may be necessary to maintain peace and security.

Two advantages

The UN has two advantages over other international organizations. First, it is a permanent body. Second, it is a universal organization. It is a permanent body and a universal organization.

Africans crowd round a 'witch-doctor'

Standard Dep. as **Western Correspondent** THOUSANDS of Africans—and not a few Arabs and Algerians—were lately flocking to a witch-doctor to stamp a fever which has been spreading from the Panga river. Their faith in the efficacy of a large chieftain named Kwana, a Yao Sheikh who has been known for a long time to help him cure those of his own kind from various ailments, is being renewed in a new way. He is now curing their fever by carrying him around because he has been knocked off his bicycle by a car.

Shifting fee

Mr. E. de B. Barker, who has been travelling in the East Indies, is probably disappointed in the fact that the witch-doctor's fee is not as high as he expected. He had been told that it was £100 a month but it is only £50 a month, and he is now only £25 a month.

WANTS HILL REMOVED

HE WROTE ABOUT KENYA

A WELL-KNOWN Kenya resident, Mr. Henry Oryema, who is the editor of the 'East African Standard', has written a book about Kenya. The book is titled 'Kenya: A History of the Province and the People'. It is a comprehensive history of the province and the people of Kenya.

MORE PROFIT FROM MORE COMFORTS?

WORK IS hard, the cost of living is high, and the profit is small. This is the situation of many of the East African States. The East African States are in a position where they must find ways to increase their profits and reduce their costs.

Land in the '30s

Before the last war, when Mr. W. J. M. Morrison, Governor of Kenya, had the land in Kenya, he wrote that the price of land in Kenya was £20 an acre, while the land in Kenya was £10 an acre. This was a significant increase in the price of land in Kenya.

Snuggled gold

Thomas Henry Arrowood, a manufacturer and jeweller, has been sentenced to 21 months' imprisonment for smuggling 533 ounces of gold out of Australia. This is a significant case of smuggling gold out of Australia.
