MWANZA SUNDOWNER IN ARCHBISHOP'S HONOUR

(STANDARD) Mwanza Correspondent. SUNDOWNER parties seem to be the order of the day lately in Mwanza, and quite a crowd at that, which is very pleasant, provided the magnificence doesn't take a fancy to you.

There was a delightful party given by Bishop Binnick and the White Fathers of the Catholic Mission at the house of Archbishop D. Mathew... The Mwanza Sundowner is a play written by James Bruce's play 'The King of Swaziland'...

Tanganyika needs port extensions

(STANDARD) Dar es Salaam Correspondent. Mr. L. A. Plummer chairman of the Dar Overseas Food Commission... comments on facilities at the port of Dar es Salaam in relation to the government scheme in an article published in the December issue of 'Ward', the journal of the O.F.C.

Under the heading 'Dar es Salaam' the leading feature Mr. Plummer states: 'Let us face the facts and that is that the port of Dar es Salaam... it is vital to us that in the future... the condition of the port... an aerial, home and motor... imaginative and workable scheme... the capacity of Dar es Salaam... must be increased by 50 per cent... and has to be decided in 1950.'

STOCK EXCHANGE PRICES

The single reason why South Africa, the world's largest gold producer, has had to acquire ten million dollars from the International Monetary Fund is that she has been overvalued for gold output.

Money from this fund is being put to use for the purchase of securities in this country's foreign exchange market. In the case of South Africa—where most of the other countries who have access to the fund—this has meant a large amount of money being used to purchase the gold shares of the Bank of South Africa.

A private company has been formed to acquire the shares of the Bank of South Africa.

Kikuyu loses appeal but will not have to do hard labour

Kikuyu loses appeal but will not have to do hard labour
The appeal of George K. Mwangi against conviction and sentence to one year's imprisonment, with a charge of being a member of the Kenya African National Union, has been dismissed by the Kenya High Court. The court held that the evidence against Mwangi was sufficient to support the conviction. However, the court also held that Mwangi should not be required to do hard labour as part of his sentence.

WHY AUSTRALIA PRODUCES SO MANY FIRST-CLASS CRICKETERS

By Don Bradman

WHY does Australia, with its smaller population, challenge England so boldly as cricketers? Climate has something to do with it. Our boys enjoy so much more of the brighter weather that the game really requires that they play more cricket than the youngsters in the Old Country.

They have less interference from rain and suffer fewer of the long grey opportunities for the blood-curdling, overcast, sultry, and cricket-averse days which would dry the blood out of any cricketer's enthusiasm for the outdoor climate of England.

They have in Australia a population of nervous, keen, and alert sportsmen. Consequently, through their love of the outdoor game, whereas in England the proportion of serious sports cricketers is 70 to 80 better on a high.

Every boy in British schools is made to play cricket. He is made to play cricket that he can be called a cricketer. That is, he must play it. He would say "No" in Australia the same as in England. For these reasons cricketers in Australia are not only more numerous but they are also better players. They are more keenly interested in the game and they play it more continuously. Can you say that of British cricketers?

Moreover, in Australia facilities for playing cricket are everywhere. The cricketers receive national encouragement to learn to play the game correctly and well.

Concerts tickets
Where suitable turf pitches are available, concrete wickets are laid down, and boys can have their own wicket and bowl a length or two. I have seen all this done in the schools. I have seen it done in the public parks. I have seen it done in the open air. I have seen it done in the open air. I have seen it done in the open air.

It is not only the boys who play cricket in Australia. The girls play it too. They play it in the same way as the boys. They play it in the same way as the boys. They play it in the same way as the boys.

Harmful effects
Of course, the best and most abundant of all cricket is the one that is played in the open air. It is the one that is played in the open air. It is the one that is played in the open air.

And the cricketers generally speak of their game as being the best of all. They speak of it as being the best of all. They speak of it as being the best of all.

It is not only the boys who play cricket in Australia. The girls play it too. They play it in the same way as the boys. They play it in the same way as the boys.

There is also a full range of equipment available in England. It is available in England. It is available in England.

GOVERNOR ONE OF MANY AT NJORO RACE MEETING

Standard Busters Correspondent

The Mjoro Granadians race meeting began today and continued on Saturday night, with the private houses were almost as full as they were during the previous three days. The three-day programme drew people from as far as Harrow and amongst these was Sir Philip Mitchell who turned up in time for the racing on the first day.

A great deal of the credit for the smooth organization of this show must go to Colonel Broadfoot who acted as show secretary, while the Hon. Mr. and Mrs. Clavin Campbell were the principal winners, actively helped by Mr. and Mrs. Harry Featherstonhaugh and Mr. Tom Peters.

The meeting was in many ways a triumph for the Mjoro Club. The Mjoro Club covering itself with glory over the racing events held at night. Getting something better as well as more of the nature of the children's riding.

Two featured odd guests tonight were Mr. and Mrs. James Cameron, who had just returned from the Colonies.

Sale of tractors

There was also the venue for one of the most interesting sales of the year, the Mjoro Club's sale of agricultural implements which drew Clavin, Robert, Kericho and Scott.

The selling, under the able supervision of the Hon. Mr. James Cameron, was a very successful one and was held at the Mjoro Club's hall.

Prizegiving at Eldoret

The prizegiving ceremony at Eldoret school accompanied for the first half of the afternoon. The prizes were presented and programmes held at the school.

Prizegiving was held at the school on Saturday night, when the children played "Mass in Woodstock" and "The Story of the Bible." The prizes were presented to the children by the school staff.

Mobile cinema

The 11th Mobile Cinema, which is owned by Mr. C. Wilson is operating in its routine manner in all parts of the world, operating in all parts of the world, operating in all parts of the world.

Admission to these rural mobile cinema shows is free of charge to all who wish to see them. The films are presented at the Mjoro Club's hall.

EARLY RAINS HAMPERING GROUNDNUTS WORK

Standard's Local Correspondent

The rains have broken in the Southern Province of Tanganyika, some of the latest groundnut harvests in the East Africa. Earlier than usual this year, they are said to have added to the difficulties attendant upon carrying out progress on the new forward headquarters in the Mjoro area of the groundnut harvest.

The building programme will be in consequence be impeded and such diversions were hampered by the weather. The rains have caused the failure of road communications and have caused the failure of the groundnut harvest.

Nyanza's successful poultry and egg scheme

A CO-OPERATIVE marketing scheme which has been both successful and of immense use to the public usually presents in its history, some which may help to guide similar enterprises in the future. The Nyanza Egg Service, started by the Deputy Produce Controller for Nyanza in 1942 as a wartime measure, has become a permanent and successful feature of the province's post-war development.

When the scheme started the military forces were not only unable to get eggs, but complained that half those they did manage to secure were bad.

In order to see the eggs before they were sent to the front, a staff had to be engaged to inspect them and that was the first step. It soon became obvious that buying eggs in the open market was simply divided the total egg supply of 12 million into two equal halves, one for the military and the other for the civilian population. The only solution was to set up a co-operative scheme for marketing and selling eggs for the province as a whole.

It was also apparent that a higher price should be paid for good eggs according to size, but nothing had been done in this regard until the present scheme was introduced.

Although some progress was shown in increased production, it was not until the present scheme was introduced that a real increase in production was achieved.

MILK RECORDING STARTS IN NEW YEAR

A NOTHER welcome sign of the return to settled conditions after the upsetting influence of the war and immediate post-war years, is the resumption on January 1 of the Kenya Milk Recording Scheme, under the auspices of the East African Stock Book. Such an important step will be welcome by the industry throughout the Colony. At the first annual meeting of the scheme, the Director of Agriculture, Mr. J. H. G. ...

Such, however, is not the only point of view of the breeders when such records are kept and fundamental errors have had the result of leading to a number of errors in the records. Many farmers still do not understand the value of the records and very few will be prepared to accept the necessary measures to improve their stock. It is therefore necessary to emphasize the importance of the records and to urge the greatest long-term benefit from the recording scheme which emerges from reliable, properly maintained and accurate recording of this sort.

A cross-section of the records shows that the breeders should not take the lead in giving the scheme every possible support. It is a duty of the State to provide the necessary facilities for the scheme and to ensure that the records are properly maintained and that the breeders are properly informed of the value of the records.

The SUNNEN Cylinder Grinding Outfit

Provides the fastest, easiest and most accurate method of reconditioning cylinders.

No matter how badly the cylinder is tapered, warped, belted or scored, the Sunnen Cylinder Grinder will produce a smooth, round hole with a super-fine surface finish for maximum ring life.

It is guaranteed to recondition cylinders as maximum wear with the crankshaft as the original bore. Sunnen accuracy is not affected by warped or uneven blocks, nor by the wear caused by a bent connecting rod.

It removes from two to four thousandths per plane with a guaranteed accuracy of half a thousandth. Adjustment is simple, easy and positive. Any 3/4" heavy duty portable electric drill will operate the Sunnen Cylinder Grinder. The Standard Model handles any job from 3/16" to 3 1/4" and the Junior Model from 7/16" to 5/8".

When it is desired to grind cylinders with diameters larger than 6 1/4" a range of special Holder Sets and Stone Supports are available which enable cylinders up to 14 1/2" in diameter to be ground. This feature is of considerable importance to users of large tractors, heavy engines and hydraulic pumps where cylinders require reconditioning.

YOUNGSTERS DISPLAY SKILL AND COURAGE IN GYMKHANA

By Vincent Cunningham
 The annual sports meeting of the Youngsters Club, which was held at the Victoria Ground on Saturday, December 6, was a most successful one. The youngsters displayed a high standard of skill and courage in all the events. The club's members, who are aged from 12 to 18, were well represented in all the sports. The events included football, basketball, tennis, and table tennis. The youngsters were well supported by their parents and friends, and the atmosphere was most enjoyable. The club's secretary, Mr. J. M. Smith, said that the youngsters were very pleased with the results of the meeting and that they were looking forward to the next one.

Mrs. ALICE BLOWERS

At a time when flying in East Africa was the last thing which anyone took to it did so at great personal risk. Mrs. Alice Blowers and her husband, George, brought an aeroplane. Distance being what they are in this part of the world, combined with the bad roads, it was to make flying seem the less tedious mode of travel. CHESS

EXCITING STRUGGLE IN NAIROBI TOURNAMENT

The Championship Tournament of the Nairobi Chess Club has again been won by Mr. G. S. Davidson but only after an unexpected lead by Davidson in the last round of the tournament. The play-off took the form of a double-board tournament between Davidson and G. S. Davidson. The result was a 3-2 victory for G. S. Davidson.

The final game of the tournament was a very interesting one. Davidson and G. S. Davidson played a very hard-fought game. Davidson's strategy was to play a very solid game, while G. S. Davidson's strategy was to play a very attacking game. The game was a very close one, but Davidson's superior play eventually won him the victory.

Davidson's win was a very surprising one, as G. S. Davidson had been the favorite to win the tournament. Davidson's victory was a testament to his skill and determination. The tournament was a very successful one, and it was a pleasure to watch the players play.

CONTRACT BRIDGE

SKILL REPLACES LUCK

BY JOSEPHINE COLLETTON
 TODAY'S smart contract world has been very different from the days when luck played a large part in the game. With the advent of modern contract bridge, skill has replaced luck as the primary factor in determining the outcome of a hand.

The key to success in contract bridge is to understand the principles of the game. This includes knowing when to bid, when to play, and when to take a contract. It also involves being able to read the opponents' hands and make the best possible play for your side.

Contract bridge is a game of skill and strategy. It is not a game of chance, as many people believe. With the right knowledge and practice, anyone can become a skilled contract bridge player.

The game of contract bridge is a very complex one. It involves a lot of mathematical calculations and a deep understanding of probability. However, it is also a very enjoyable game, and it is a great way to spend time with friends.

Peace but no Goodwill That there is peace this Christmas is something which calls for rejoicing and prayers. However, as the clouds were lower and darker, nothing more was to be expected. It is not surprising that the world has been so long in the ability of the forces that peace to triumph if they are given direction. Such is the condition of the Christian spirit. There is an improvement in the world of modern world as a whole. The tension has eased and though much is still to be desired, the future seems brighter for men and women - or even for children. There is a feeling of glory of the past, there is a feeling this year of greater happiness and brotherly peace.

COST OF LIVING- THE PRICE OF WHAT

To the Editor, "A Standard."
 In reference to your letter of the 10th inst. on the subject of the increase in the price of foodstuffs, the Ministry of Agriculture is at present reviewing the problem and will be glad to receive your views thereon.

The objective of this policy is to stabilize the price of foodstuffs and to ensure that the consumer is not unduly burdened by rising prices. It is the Government's policy to ensure that the price of foodstuffs is kept as low as possible.

The Government is also taking steps to increase the production of foodstuffs and to ensure that the supply is adequate to meet the needs of the population.

The Government is also taking steps to ensure that the price of foodstuffs is kept as low as possible and that the consumer is not unduly burdened by rising prices.

THE KING SPEAKS

Undoubtedly His Majesty the King has mastered the real art of public speaking to a degree far beyond that of any other monarch. His broadcasts grow year by year perfect in their appropriateness, as well as in their completeness.

There can be no exaggerating the significance of these annual broadcasts, particularly the Christmas message, which are so much the familiar link between the King himself and his subjects.

In these days of Empire evolution, in which he referred to the Statute of Westminster, the King himself in nature than the King himself and the part he has been called upon to play in the unassailable bottom line. Numerous times he has ever been called upon to play in the unassailable bottom line. Numerous times he has ever been called upon to play in the unassailable bottom line.

EGYPTIAN PREMIER ASSASSINATED

Young medical student held SIX REVOLVER SHOTS FIRED AT POINTBLANK RANGE

EGYPT'S 65-year-old Premier, Mokhraby Mahmud Fahmy, was assassinated in Cairo yesterday in the hall of the Ministry of the Interior by a young medical student, aged 20, who fired six revolver shots at pointblank range at the Premier's body.

Mokhraby Fahmy, who succeeded to the Premiership in 1930 on the assassination of Ahmed Maher Pasha in the Egyptian Parliament, was the third Premier of Egypt to die in the hands of a young man.

He was about to enter the hall of the Ministry of the Interior building when he was greeted by a young man. His official did not interfere, apparently believing that the young man was a Government official.

But he fired a revolver at the Premier at pointblank range of the shot hit Mokhraby Fahmy in the chest.

Following on the floor the young man emptied four more chambers of his revolver into the Premier's body.

Mokhraby Fahmy was killed outright and doctors who were summoned were only able to say that he had been killed.

Chief Farouk was informed and the Cabinet was summoned. As the dead Premier's bodyguard arrested the young man, a noisy police cordon was thrown round the building and all those inside were detained for questioning.

Wearing the uniform of a police officer, the young man had been identified as a member of the Ministry of the Interior. He was arrested in the hall, at about the time when a man who was supposed to have plotted the Premier's assassination was arrested.

A notice of his detention was issued to Mokhraby Fahmy's office. Mokhraby Fahmy was also the Minister of the Interior and of Finance, and the military Governor-General of Egypt.

It was the Minister of the Interior who had previously formed in 1932, after the resignation of the late Premier, a young medical student, aged 20, who fired six revolver shots at pointblank range at the Premier's body.

YUGOSLAVIA APPEALS FOR 'UNDER PRESSURE' AND PEIPING

Tito threatens to sell to West

ALLEGING that other countries are making Europe have been putting economic pressure on Yugoslavia to prevent the country's industrial development, Marshal Tito has threatened to divert Yugoslavia's raw materials—oil, iron, copper, zinc, lead, tin, manganese, and nickel—to the West.

The Marshal's speech, which was broadcast by the Yugoslav radio, was the first since he assumed office in 1929. He said that Yugoslavia was under "under pressure" from the West to sell its raw materials to them.

BRITAIN CALLS FOR ARMISTICE

Security Council and Palestine

THE UNITED Nations Security Council yesterday passed a resolution demanding an armistice between the Egyptian Government and the British Government in Palestine.

The resolution, which was adopted by a vote of 11 to 0, with 4 abstentions, called for an immediate cessation of hostilities in Palestine.

The Security Council also called for a cessation of the military operations in Palestine.

MAKERERE COLLEGE DEVELOPMENT

Projected link with London University

SPRING 1935 hopes to enable students at Makerere College to attend the University of London and it is hoped that also a visit to East Africa by a delegation representing the British Empire Government and the University of London, this development may be brought into operation.

This move was set on foot by the Makerere College Council, which has been working for some time to secure the Government of Kenya, Uganda, and Tanganyika to support the project.

PRESIDENT MAKES U.S. WONDER

Russians anxious for friendship

WASHINGTON was speculating yesterday about President Hoover's statement that Russia had been invited to send a delegation to the United States to discuss a treaty of friendship.

The President's statement was interpreted as a move to bring about a rapprochement with the Soviet Union, which has been a long-standing enemy of the United States.

Plans drafted

It is believed that the Government has drafted plans for the development of the country's industrial resources.

The plans are expected to be presented to the Cabinet in the near future.

The resolution

The Security Council's resolution on Palestine was adopted by a vote of 11 to 0, with 4 abstentions.

CAPITOL

News that the Trade Union Congress is to investigate the operating of Britain's national industries is a reminder of the severe criticisms, many from within the ranks of the Labour Party, which have been levelled at 'nationalisation' in its contemporary form. It has been said, even by the greater industrial unions, that nationalisation has not brought about that increase of efficiency and public service which the Socialists believed it would automatically achieve.

CHINESE REPORTED SEEKING PEACE

Direct talks with Reds? GREAT POWERS DISINCLINED TO MEDIATE WITH COMMUNISTS

YESTERDAY'S reports from the Chinese capital, Nanking, and from Shanghai indicated that the Government formed at the second under the Premiership of Dr. Sun Fo is seeking direct negotiations with the Chinese Communists for a peaceful settlement of the civil war.

It is believed that if negotiations with the Communists get under way, President Chiang Kai-Shek—who only two days ago declared that the war would be carried to the very end—will abdicate in favour of Vice-President Li Tsung-shan.

As the military situation has improved, the Government is now moving into a bargaining position, while the Communists are in the north of the Yangtze River, where they would rely on its width as a natural barrier to Communist advances.

Already the Chinese Government is believed to have put out negotiations to four of the Great Powers in the hope of their acting as mediators with the Communists. The United States and the Soviet Union are reported to have rejected the request, while France and Russia are said to have taken up a reserved attitude.

Officially it has been denied that the Chinese Government desires to contact the Communists with a view to opening peace negotiations. The United States and the Soviet Union are reported to have rejected the request, while France and Russia are said to have taken up a reserved attitude.

As evidence of the Government's desire to open negotiations, news from China point to the presence in Nanking of leaders who are known to have been prominent in the Communist movement, and to be aligned with groups of the Parliament who disagree with the President's policy.

Successful League considers players' pay problem

THE question of players' pay, the problem of transfer fees, and other matters connected with professional football are still being handled in the British press, and the possibility of a general football strike is all out of the question.

John Macdonald, writing in the Daily Express, has pointed out the scheme for the allocation of the current congestion of transfers as it is now being handled.

He says that the scheme is not only out of the question, but it should be the same for the most of the time, as the only way of dealing with the current congestion of transfers is to have a general football strike.

PLAYERS' MENTAL APPROACH IS THE GREAT THING IN CRICKET

by Don Bradman

LOOKING back over the assembled crowds of Sydney, the conditions of Lord's, and played days at Waverley, the one thing that strikes me as the first essential importance of the player's approach to the game, the mental attitude of the player.

The forward approach I give, the game is and out of himself, the character of the man who says good maintenance of his own character. The man who says good maintenance of his own character. The man who says good maintenance of his own character.

In this regard, however, one of the things that I should like to mention is that the player's mental attitude is the most important thing in cricket.

The l.b.w. ruling. This is the sixth and final written by Don Bradman on the subject of the l.b.w. ruling.

In the last test England lost to Australia. The l.b.w. ruling was the cause of the loss.

It is not a simple matter to change the l.b.w. ruling. It is a matter of principle.

Not so serious. The l.b.w. ruling is not so serious as it is often made out to be.

The new ball. The new ball is a great improvement on the old ball.

War to blame? The war has had a great effect on the cricket game.

His ambition. The last year brought the realization of my last ambition as a cricketer.

Some lessons. I have learned many lessons from my experience in cricket.

Kiatale sports meeting. The Kiatale Sports Meeting was held at the Kiatale Sports Club.

Serious losses. The Kiatale Sports Club has suffered serious losses.

War to blame? The war has had a great effect on the cricket game.

The new ball. The new ball is a great improvement on the old ball.

War to blame? The war has had a great effect on the cricket game.

UNION OF SOUTH AFRICA

A proud observer of the architecture of the Union of South Africa would probably think most conspicuous in the skyscrapers of the Rand than in the quietness of the early Dutch houses which form such a pleasant reminder to the country-side of Cape Town.

There are, however, numerous examples of this attractive form of architecture still remaining. Many of them, as in the case of Goodwood, were built by Dutch Town, were designed as churches for the vineyards, which still surround them and have served as centres for the wine industry ever since the seventeenth century. The wine industry is still an important factor in the prosperity of the Union in general and of the Cape Town in particular, and continues to hold its own in the face of the more and more important commercial life of the Union.

For a full and complete information from our branches in South Africa on the main and branch of local markets is readily obtainable on request.

BOOKS

There are which arrived shortly before Christmas had brought an almost unobtainable variety of good work by authors both new and well-known. The progress review therefore cannot do more than mention just a few of the many good books of interest available in the Nairobi bookshops.

Mr. George Hillier's first book is a favourite during the New Year with his two books "The Great War" and "The Great Peace" in which he deals with the history of the world with the abundance of his illustrations. The illustrations are of the highest quality and the text is of the highest quality. In his new book "The Great War" he deals with the history of the world with the abundance of his illustrations. The illustrations are of the highest quality and the text is of the highest quality.

Looking back on the news of the world for the past 12 months

A YEAR OF Warring IDEOLOGIES

Public interest focussed upon developments in Berlin, Palestine, Malaya, China, and Indonesia. Birth of a royal Prince. Two assassinations.

This is the perfect Toothpaste because it

Just a bit of foam is a toothbrush. That's enough. As you begin to brush, a lather of quantities of clean, clinging foam. This foam cleans and cleans all hard-to-reach places. It's the perfect foam. And the foam disappears with the water. So your toothbrush.

Why Croxley Pens are so dependable

Most of the pens currently being used are made of cheap plastic. They are brittle and soon break down. Only the Croxley Pen is made of the finest materials. It is built to last. It is the only pen that is built to last. It is the only pen that is built to last.

January
BURMA'S INDEPENDENCE. Not unilaterally, UNO looked towards a load of trouble, with Russia boycotting the "Little Assembly" - billed to carry the main responsibilities until the Paris General Assembly of September - with the veto problem still present and more trouble blowing up between Jews and Arabs in Palestine, India and Pakistan at odds over Kashmir, and January bringing a list of the latter Britain troubles between the British and the Western Powers. Burma faced the year on a high note with independence celebrations and, perhaps with less hope, the Chinese Communist, the Chinese Nationalist, the Chinese Communist, and the Chinese Nationalist.
