SCIENTISTS TO WORLD MYSTERIES International Year of research opens SPACE SATELLITES

TEN THOUSAND scientists all over the world today started the most intensive study ever undertaken in the world and the cosmic forces affecting it. During the International Geophysical Year, which will last from December, 1958, £180,000,000 will be spent. Prime Minister yesterday explained the importance of the project, which is being carried out in laboratories throughout the world and her contribution will include Antarctic exploration and space research in the tropics.

East African exploration

The United States will spend nearly half a billion dollars on the launching in January of a satellite to orbit the Earth. She will also send a satellite to Mars in a radio and television message. The 18-month period was chosen because it is the most favourable time to study the planets. The study is being carried out in laboratories throughout the world and her contribution will include Antarctic exploration and space research in the tropics.

Government securities dropped to their lowest level of the year last week and recovered only fractionally above the record 'low' reached at the time of the crash. But there was a recovery after markets and prices closed above their worst. War Loan 1 per cent fell 1/2 to 99 1/2.

Statements in Parliament by the Secretary of the Ministry of Finance, Mr. James Callaghan, on the fall of the credit index, which had previously been held up by the rise in the price of gold, led to the decision of the Government to raise the rate of interest on its 2 1/2 per cent Treasury bills to 3 1/2 per cent. This move was expected to reduce the shortage of capital which could only be met by borrowing from abroad. It was also expected to reduce the amount of foreign exchange needed to meet the credit requirements.

POOR RESPONSE TO AFRICAN CLINICS

Health visitor appeals for publicity

RESPONSE to the opening of ten ante-natal and child welfare clinics for African mothers and children in various areas of Nairobi has been very disappointing, said Miss P. J. Fisher, the City Council health visitor. She said that only five or six women had attended on the first five days of the clinics' opening, and she is now making more publicity to make it successful.

Miss Fisher said that there had been no notices of the clinics at the armchairs of the Athanasia in Moslem and white areas, and she is now using the clinics in the Moslem and white areas.

State clinics are open for four days a week. In the locations the health visitors had difficulty in coming with the large numbers of women and children who could not attend. Miss Fisher said that she would be glad to see the clinics in the white areas and would be glad to see the clinics in the Moslem areas.

LETTERS TO THE EDITOR

As a newcomer to East Africa, I have been surprised at the facile manner in which Europeans write and refer to the most glowing terms when their verbal comments on the "situation" which is the reality of the country.

There are an estimated 10 million people in Kenya, and the vast majority are of African descent. The vast majority of the population are poor and are struggling to survive. The vast majority of the population are poor and are struggling to survive.

MISS CHRISTINE TRUMAN SHOCKS SHIRLEY

Patty made Neale Fraser fight to the last point

THE curtain came down on Saturday's first week with Australia again holding a tight grip over men's singles events. For the third time in four years, Australia provided four of the last eight men.

The women's singles which produced the shock result of the day, saw Christine Truman, 16-year-old British junior champion, reach the last eight for 16-year-old Australian, Shirley Fry, who had been seeded third on the circuit.

Miss Truman's brilliant play in the first set, which she won 6-4, 6-2, 6-4, was the key to her victory. She was particularly effective in the second set, which she won 6-4, 6-2, 6-4.

Uganda seeks extension of U.K. wolfram contract. MINISTER FLIES TO MEETING

TALKS on the future of the wolfram which will be held in London tomorrow by the Minister of Finance, Mr. Christopher McIntosh, and the president of the Uganda Mining Association, Mr. E. Macdonald-Williams.

He will make an appeal to the Ministry of Finance for an extension of the existing contract by which the Ministry of Supply takes Uganda's wolfram production at a guaranteed price.

Threat of ruin

President of wolfram in East Africa, Mr. E. Macdonald-Williams, has threatened to quit the industry unless the Government offers a guaranteed price.

Producers' fears

The prospect of the meeting between the producers and the Government has led to a feeling of uneasiness among the producers.

NEW CARGO POLICY STARTED

Mombasa effect. The new cargo acceptance policy which came into force yesterday at Kilindini has been met with approval.

It is expected that "quite a large number of the port's cargo will be handled by the new policy." The new policy is expected to be a success.

Charges go up

The rate of charges for the storage of cargo in the port of Mombasa has been increased. The new charges will be effective from July 1st.

Uganda protest

The results of the new scheme for the export of wolfram from East Africa have been disappointing. The Government is expected to take steps to improve the situation.

NEW BOARD

The new board of directors of the East African Airways has been appointed. The board will be responsible for the management of the airline.

Mussels—delicacy and gem

By H. GANE

If you know anything about mussels and their special occupation of mussel-fishing, you will also know that they are to be cleaned before they are sent to their customers.

RIVER PEARLS

The fact is that a local river source of pearls, as they were called, was discovered.

Mussels are a delicacy and are highly nutritious. They have a big sale in various parts of the world. Thousands of tons of them find their way to the markets every year.

Not all mussels are of equal value. Some are of a higher quality than others. Some are of a lower quality than others.

Some are of a higher quality than others. Some are of a lower quality than others. Some are of a higher quality than others.

TWO REBINS

Reverting to the mussels, there is a certain fact about them in a certain way.

There is a certain fact about them in a certain way. There is a certain fact about them in a certain way.

Women's Tuesday Corner

BRACELETS

By Evelyn Wood

PART of the fun of going on holiday lies in the fact that you can wear the sort of nonsense thing you could not wear normally. Very much in keeping with the holiday mood is some of the jewellery now on sale, which include charm bracelets to suit all tastes.

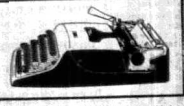

My last sketch shows the "Travel" bracelet which carries among its ten charms — a truck, a passport, a plane and a ship's wheel complete with compass.

The lower sketch is the "Lady Luck" bracelet which includes a lucky pig, a corn, a brook's head, a four-leaf clover and No. 13 among its charms. Both bracelets are made in gold and silver-tone metal and cost approximately 29/50 each.

Other designs include the "Sunbaker" at the same price, and there is one for the "Rock 'n' Roll" enthusiast in gold-tone, enamelled, at approximately 15/50.

Proposal for European Cup is passed

A PROPOSAL for a European Soccer Cup for national teams was accepted by 18 votes at a meeting of the Congress of the European Football Union held in Copenhagen. European, African, South American, and Northern Hemisphere sides met to discuss the matter.

All the European countries present. When Athens and London were mentioned at the meeting there were 13 delegates from 20 countries. According to the proposal, the tournament is to be played over two years and preliminary rounds will be held in 1953 and 1954. August 1954 and March 1955.

Normal dead
In contrast to the European Cup tournament, the world cup match will be played over one year. The results will be shared by the countries concerned. Instead of eleven, the number of teams will be a normal 24. The tournament will be played from April to October, 1955, and the final stages between June 15 and July 15, 1956.

The five countries which are eligible to compete in the new international cup are Argentina, Brazil, Chile, Colombia, and Mexico. It is expected that the tournament will be held in the Americas.

World Cup results
At Mexico City in a World Cup match, Chile 2-0 in a World Cup match. An 80,000 crowd saw Canada defeated by the Soviet and players of the Mexicans, who had 1-0 at half-time.

Uruguay beat Colombia 1-0 in their World Cup preliminary match. Mexico beat Denmark 2-0 in their World Cup preliminary match. Soviet International in Copenhagen on Sunday. The score was drawing 1-1 at half-time.

Title fight
Floyd Patterson, world heavyweight boxing champion, will meet Tommy (Duke) Jacobs in a title fight scheduled for June 15 in New York on pay per view.

JIMMY MARTINEZ will represent the United States in the World Cup preliminary match against Mexico on Sunday, June 15, in Mexico City.

Piggott's Railway lower the jockeys' triumph

A excellent crowd at the Nairobi Railway Club ground on Sunday saw the home side win a conclusive 5-1 over Cameronians in their Derby League fixture. The Scottish visitors side lacked the services of the star side-forward, Rankin, on the injured list, and appeared to be feeling a flood of rain which was not much to their advantage.

Faster on the ball
From the half-hour it was obvious that Railway were going to win the match. They were faster on the ball and their attack was more fluidly coordinated. Cameronians on the other hand, never got into their stride and just faded gradually as the match progressed. Railway made an extra change of pace by bringing in a new forward, Mr. Miller, who was a fast striker.

Played to white
Soon after the half-hour Railway were playing to white. The match was a one-sided affair and Railway were in complete control. Cameronians were unable to get into their stride and just faded gradually as the match progressed.

ALDERMEN OFFER TO RESIGN ON COUNCIL

EGYPT'S PLEA FOR BRITISH AMITY

BRITISH AMITY
President of the Egyptian Amity Society, Monday night and heard him say that he would like to see normal diplomatic relations with Britain re-established as soon as possible. He said that he had written to the British Ambassador in Cairo and had received a reply in which the British Ambassador had said that he would like to see normal diplomatic relations with Britain re-established as soon as possible. He said that he had written to the British Ambassador in Cairo and had received a reply in which the British Ambassador had said that he would like to see normal diplomatic relations with Britain re-established as soon as possible.

ASIAN OPPOSITION

Nairobi aldermen will resign and offer themselves for reelection if the City Council's proposed new constitution is brought into operation next year.

The Minister for Local Government, Mr. Havlicek, told Kenya Legislative Council yesterday that he had received an assurance from Mayor that all of the aldermen would resign, but he qualified his statement when one of them shook his head.

Separate seats for Muslims

Mr. Havlicek was moving the second reading of a Bill to amend the Municipalities Ordinance. He explained that the suggested reorganisation of the City Council—additional representation for all groups and separate representation for Muslims—was a matter of a far-reaching nature. He said that he had received an assurance from Mayor that all of the aldermen would resign, but he qualified his statement when one of them shook his head.

TO RESIGN

By Arthur Kirby, former general manager of East African Railway, Mr. Kirby was elected to the City Council for East Africa in London on Wednesday last.

Chemicals centre proposed

\$100,000,000 PLAN

ONE of the world's largest centres for chemical products is being set up at Harar, on the border of the province of Beja, in the north-east of the country, at a cost of \$100,000,000.

It was announced last week that the International Chemical Corporation had secured the necessary approval to develop a large-scale plant for the manufacture of organic and inorganic chemicals. The chairman of the Corporation, Mr. J. H. D. Brown, said that the new site, if approved, would be the largest of its kind in the world.

The Corporation was established in October, 1952, and is a subsidiary of the International Chemical Corporation.

PICTURE OF PORT TRAFFIC

Impact of Suez crisis, on world economy

OVERALL EFFECT NOT SERIOUS

OVERALL effects of the Suez crisis on the world were much less serious than was originally feared, according to the United Nations. Global economy on the whole continued to move forward, though all countries were confronted with rising prices.

The United Nations Economic Survey, 1953, says that the Suez crisis had a significant effect on the world economy, but that the overall effect was not as serious as was originally feared.

Youth's responsibility to political change

EVERY thoughtful individual views with the utmost concern the present political scene in the Colony and is perhaps doubtful as to whether it is being changed for the better. We all seem to be having our own ideas as to what the future should be and are busy trying to get our own views into the limelight. It is our duty to try to get our views into the limelight for the benefit of the Colony.

An excellent example is the youth of Nairobi to whom I refer in a recent issue of the Standard. They are trying to get their views into the limelight for the benefit of the Colony. They are trying to get their views into the limelight for the benefit of the Colony.

U.K. farming impresses visitors from Tanganyika

IMPRESSIONS of British farming methods and of how they could be used to benefit their countrymen were given by some of the Tanganyika party in 12 visits to a Christmas farm near Britain.

They were attending a holiday course in agriculture and land government in Wiltshire. The site of British cattle farms with the very complete equipment was pointed out by Chief Wilmot Jones, of Wiltshire, who has just been here in which to discuss the possibilities of cultivation of milk or meat a day. On other hands, he said, of Government markets in Wiltshire he noticed that British visitors were last time in high at those in Tanganyika.

Crop rotation

The chief problem of many farmers on the high ground of the country is the fact that the soil is very poor and that the crops are very small in Tanganyika. It is necessary to rotate the crops and to use manure to improve the soil.

The certificate presented by the Director of Education (Wilmot Jones) to the students of the Technical Institute in Nairobi was presented to the students of the Technical Institute in Nairobi. The certificate was presented to the students of the Technical Institute in Nairobi.

Site problem

The site of the institute project had not been available, but it was hoped that a sufficient number of sites could be obtained in the future. The site of the institute project had not been available, but it was hoped that a sufficient number of sites could be obtained in the future.

PLANS to form a Youth Hostel Association in Kenya to serve all races, are being considered by the Federation of Social Services. A committee of voluntary workers has been set up to draft a constitution for the Colony branch and to look for suitable accommodation.

This was announced by the Federation Secretary, Mrs. Eileen Harold, at the annual meeting in Nairobi which was attended by 200 members of the Federation. The committee is being formed to look for suitable accommodation for the proposed hostel. The committee will also be responsible for the financial and administrative aspects of the hostel.

The hostel is intended to be a residential hostel for young people, particularly those who are in need of accommodation. The hostel will provide a place where young people can live and study, and where they can receive the help and advice that they need.

Grants needed

A former graduate of the Kenya Technical College, Mr. J. P. Coleman, who has been appointed as the first hostel warden, has said that the hostel will need a grant of £25,000 to cover the cost of the building and the purchase of furniture and equipment.

WEST PROPOSES SUSPENSION OF H-BOMB TESTS

Issues in dispute at talks WAY BARRED

DIFFICULTIES will be the way to the establishment of the first post-war disarmament agreement. One difference which is being about the timing of the negotiations is that the British are insisting that there should be a complete halt to all nuclear tests until the first agreement is reached. In the Western view, however, it would be better to allow the continuation of nuclear tests until the first agreement is reached. The British are insisting that there should be a complete halt to all nuclear tests until the first agreement is reached.

Soviet attitude to control welcomed ARMS CONDITION

SUSPENSION of nuclear tests as an initial step towards agreement on partial disarmament has been proposed for the first time by two Western delegates to the London Disarmament Conference. Mr. Stansfeld (United States) suggested a 18-month suspension.

In a joint declaration presented by the British Foreign Secretary, Mr. Selwyn Lloyd, to the American, British, France and Canadian delegations, the idea of a control guide was referred to as a two- or three-year suspension of tests.

Inspection system planned

The declaration said Russia's acceptance of the proposal of a control guide was a step towards the establishment of an inspection system. It was suggested that such a system should be based on the principle of mutual inspection.

Another provision was agreement in principle on the provision of a control guide for the inspection system. The Soviet delegate, Mr. Zorin, said that the Soviet Union was ready to accept such a system.

Mr. Stansfeld said that the United States was ready to accept such a system. He said that the United States was ready to accept such a system.

MANUFACTURE MUST STOP

Mr. Stansfeld stated that what was important during the negotiations was the agreement on the manufacture of nuclear weapons. He said that the United States was ready to accept such a system.

REFORM OF COUNCIL

Remoteness from people feared by Minister

PROMISING a review of all aspects of the constitution of Nairobi City Council, the Minister for Local Government, Mr. Havelock, told the Legislative Council yesterday that he believed there was a danger of the City Council becoming "rather remote" from the people, as a consequence of the great development in the city in the past few years.

He said he felt that the taxpayers in the different areas of the city should be more closely associated with the Council. He said he would like to see the Council becoming more representative of the people.

PARTY OF DISSENT FORMED

NEW political organization, to be known as the United Congress Party, was formed by a number of members of the Legislative Council.

The party was formed by a number of members of the Legislative Council, including Mr. Havelock, Mr. Stansfeld, and Mr. Zorin. The party aims to represent the interests of the people of Nairobi.

Resignations demanded

Members of the Legislative Council were asked to resign their seats in the Council. The Minister for Local Government, Mr. Havelock, said that the Council was no longer representative of the people.

GOVERNMENTS 'APATHETIC' OVER HOTEL INDUSTRY

Criticism of policy

ALTHOUGH high sounding resolutions and legislation affecting the hotel industry in East Africa were being passed by the Kenya Legislative Council, the lack of real Government interest in the industry was still "depressing" in view of the remarks made by Mr. E. Sherebrooke Walker, past president of the East African Hoteliers' Association, said in Nairobi yesterday.

Addressing the association's annual meeting Mr. Sherebrooke Walker said it was difficult to understand why the Governments of East Africa were so apathetic towards the hotel industry. He said the industry was still "depressing" in view of the remarks made by Mr. E. Sherebrooke Walker, past president of the East African Hoteliers' Association, said in Nairobi yesterday.

21 more victims of polio last week

FOUR EUROPEAN CASES

TWENTY-ONE more cases of polio were notified in Kenya last week. Four of the victims were Europeans, said the Health Department yesterday.

The notified cases were: a 10-year-old girl from Nairobi, a 12-year-old boy from Nairobi, a 15-year-old girl from Nairobi, and a 18-year-old girl from Nairobi.

The Health Department has been notified of a total of 100 cases of polio in Kenya since the outbreak began in Nairobi last year.

WHY U.S. ROYALS?

A host of good reasons can be summed up in one word—confidence.

For a start U.S. Royals are made by one of the biggest tyre manufacturing concerns in the world. This means that the new tyre you put on your wheels has been made of top quality material to rigid specifications. It means that when you have used it and need to spend on the one in the laboratories and the factory, time and money is made available. Thus the quality and pattern are products of the best possible technical research and progress of design.

It means that when you buy a U.S. Royal, you are not buying just a tyre. You get with it the inherent qualities bound only in the best.

ATOM BLAST CAVES IN TRENCHES

SCIENTIFIC ROCKET CRASHES

An American scientist Thursday crashed some of his rockets from a military base yesterday.

It was the second in a series of rocket crashes which have been reported in the United States since the launch of the first atomic rocket in 1952.

The rocket crashed in a field near the base of the rocket. The scientist said that the rocket was launched at an angle of 45 degrees and that it crashed about 100 yards from the base.

America explodes her biggest test weapon

The most powerful atomic test weapon ever exploded in the United States burst with lightning and earth-shaking fury over the Nevada Desert yesterday.

Some of the trenches shaking more than 1,000 miles, who were dug in 5,000 yards from the detonation site, were filled with the implosion blast wave off. It was followed by a terrific explosion and shockwaves which rumbled across the desert. A telephone message from the desert said: "Everything seems to be all right."

The explosion was the greatest and most spectacular in the history of the 51 test explosions which have taken place in the Nevada Desert. The bomb, which was called "Fat Man," was the largest ever exploded in the desert. It was the largest ever exploded in the desert. It was the largest ever exploded in the desert.

Minister refuses to 'tinker' with Council constitution AMENDMENT REJECTED

REFUSING to accept an amendment to the Municipalities (Amendment) Bill that would have increased African representation on Nairobi City Council from three to six members, instead of four as proposed, the Minister for Local Government, Havelock, said in the Legislative Council on Thursday.

The Minister said that he had considered the amendment with the greatest care and was satisfied that the Council as at present constituted was a very sound body. He said that he was not prepared to consider the amendment which would have increased African representation from three to six members, but that he was prepared to consider the amendment which would have increased African representation from three to four members.

NEONCOLOR

Last year's Deputy Mayor has just said:-

"We want neon signs in this city. It is one of the most dreary places, at night, one could ever find."

"A FEW WELL-DESIGNED SIGNS ON TOP OF OUR BUILDINGS WOULD HELP A LOT TO BRIGHTEN UP THE PLACE."

Naturally, we agree!

ENGLAND DECLARE AT 619 AGAINST WEST INDIANS

Graveney passes previous best with double century

ENGLAND beat their previous highest score against the West Indies yesterday when they declared at 619 for six wickets at tea-time on the second day of the third test at Trent Bridge, Nottingham. Tom Graveney achieved a double century, his 208 being the highest score of his career.

At close of play
All scores at tea yesterday: West Indies lead 313 for six wickets. West Indies: 145 for five; Graveney 208. England: 109 for two.

Graveney's introduction was a surprise to the West Indies, who expected to see a more aggressive batsman in the form of Alec Stewart. Graveney's innings was a masterpiece of patience and technique, as he calmly worked his way down the order, clearing the way for other batsmen.

England's batting was supported by a strong bowling attack led by the spinners, who were able to restrict the West Indies to a low total. The match is expected to continue tomorrow.

Britain's junior champion crushed ALL-AMERICAN FINAL

MISSE ALTHEA GIBSON, 20-year-old New York

regress on Thursday became the first player of her race to reach the women's singles final in the long history of Wimbledon. In the semi-finals, Miss Gibson crushed Britain's 16-year-old tennis champion, Miss Christine Truman, 6-1, 6-1.

When they met for the first time on Wednesday afternoon, Miss Gibson's powerful forehand broke down the usually reliable defence of her fellow-American, Mrs. Dorothy Hardie, 19, who had won the title in 1952.

Eric Brown (Barbanan) from Scotland was on his way to the Open Championship final at St. Andrews on Thursday, with 138 leading 57 strokes over the opposition of 148 or better.

Whirlwind set... The British team were announced to leave for the United States on Wednesday night for the first test in the series.

Raced in agony for 3rd Diamond Sculls title... The 1954 Boat Race was held on the River Thames in London, with the University of Cambridge winning their 37th consecutive title.

A very hot favourite, Allfree wins first Kenya Guineas at Nairobi

There was only a moderate attendance on the first day of the Nairobi July meeting yesterday, although the weather was bright and sunny, the going perfect. Allfree was the racing most interesting. As expected, the excellent and the racing most interesting. As expected, the excellent and the racing most interesting.

Don Kenyon flays Worcester bowling for double century

WILLIE Peter Richardson was scolding his Test hundred at Trent Bridge, his scolding opening at Worcester's against Nottinghamshire on Thursday. He flayed the bowling with 31 runs in six hours, 35 minutes. His first hundred reached in three hours, 35 minutes, with his fifth test century and the 50th of his career.

Richardson's scolding was directed at the Worcester bowlers, whom he accused of being too cautious and not attacking enough. He praised his own batting performance, particularly his late-innings runs.

The match is expected to continue tomorrow. Richardson's century is a significant milestone in his career, showing his ability to perform under pressure.

KENYA EMPLOYMENT AGENCY More victims in Red purge

IN LONDON SUGGESTED Emigration interest by business men INQUIRIES AT SHOW

The agency, it is suggested, would be parallel to that of the European Settlement Board, whose representative, Mr. Colin Campbell, has interviewed nearly 100 would-be emigrants with a potential capital of £750,000.

"Purvis of them, with £250,000 in capital, has made definite plans to arrive in Kenya. The state of inquiries at the Kenya pavilion about professional and business opportunities in the Colony were included 'soundings' from teachers, nurses, engineers and dentists.

Land for new farmers

Mr. Campbell said he hoped adequate facilities could be provided in London to deal with such people and, equally important, that there should be an efficient organisation in Kenya to arrange for their reception.

The proposed agency might be financed financially by local business men, Mr. Bruce Mackenzie, president of the E.A.S.K. suggested. "I would like to see an employing agency which would concentrate recruiting and business men with an eye to Kenya and are working jobs in the United Kingdom."

Mr. Mackenzie said it would be a wise policy for the Settlement Board to give an advisory service to business men who would soon be arriving in Kenya to help them to find suitable land for their farms which could be split up to provide openings for new farmers.

Many of 22 applicants for land in the Kenya Colony in 1956 were disappointed.

There has been a disappointing response to the Royal Show at that Kenya has not made a sufficient number of offers to the Federation of Royal Agricultural Societies, which is the Commonwealth, which will be held in Kenya in 1958.

THE LIONS HAD DINED ALREADY... Odeal in park

A BUNCH of officers at East Africa House in Nairobi, Kenya, had a "dinner" of lions on Monday night. The lions, which were brought to the park by the Kenya Wildlife Service, were the first to be seen in the park since they were brought to the park by the Kenya Wildlife Service.

Concern at U.N. weaknesses PREMIERS' AIMS

World peace and security were placed on record by the primary objectives of all Governments of the world at a communique issued in London at the end of the Prime Ministers' conference. The Premier's statement is a work for the wider adoption of the principles and practice of co-operation which formed the foundations of their own association of nations.

The United Nations was designed to provide one of the main opportunities for the practical execution of the principle of co-operation, between States, which is the basis of the United Nations system. PLAQUE TO LATE KING UNVEILED Rhodesian visit

QUEEN ELIZABHETH the Queen Mother said she was deeply moved during an hour spent yesterday unveiling a plaque to the late King George VI in the presence of her children at the King VI Memorial Cinema, Johannesburg.

The Queen Mother, who is a member of the Rhodesian Council, unveiled a commemorative plaque at the cinema and described it as "a fitting and wonderful memorial" to her late husband.

She said that the centre intended to bring help to the handicapped children from the Queen Mother's fund.

Many of the children are polo victims and many are blind and some are deaf and partially deaf. Some have been crippled by a variety of diseases.

A crippled boy, 10 years old, who is blind and deaf, was the first to be unveiled. He has been blind since he was born and is now 10 years old. He is the son of a Rhodesian who has been blind since he was born.

The Queen Mother said she was deeply moved during an hour spent yesterday unveiling a plaque to the late King George VI in the presence of her children at the King VI Memorial Cinema, Johannesburg.

Britons interest welcomed

The interest shown by Britons in Kenya has been welcomed by the official offices in Nairobi yesterday, but the view was expressed that the proposed agency would lead to duplication of effort.

It was claimed that the East African Office in London, which has been established to advise all British citizens in Kenya, has been set up to deal with all matters relating to Kenya, including the proposed agency.

'COWARDLY SCHEME' TO SEIZE POWER

Mr. Krushchev explains

CHARGES of having actively opposed Communist Party for several years were made against the deposed Malenkov-Molotov-Kaganovich group by the First Secretary of the Soviet Communist Party, Marshal Bulganin, on Saturday.

They were addressed to a meeting of the party's 20th anniversary in the Kremlin.

Mr. Krushchev, who speaks English, said the party members, including first vice Premier Nikita Khrushchev, were "not in a hurry to seize power."

"I would like to say," he said, "that the party members who were not in a hurry to seize power were not in a hurry to seize power."

LETTERS TO THE EDITOR

OR perhaps aware that for some time the Somali people have been in a state of confusion and uncertainty about the future of their country, I would like to express my views on the situation in Kenya.

I am, therefore, glad to see that the Somali people are now being informed of the situation in Kenya and that they are being encouraged to take part in the political process.

DRIVE TO EXPAND AFRICAN COFFEE CROP IN NYANZA

Advice for tribesmen

Standard Staff Reporter, Kabungo

Plans for the development of coffee growing by Africans in North Nyanza were outlined by the Governor of Kenya, Sir Evelyn Baring, on Saturday.

The Governor, who was on the ground day of his tour of the district, addressed a gathering of about 200 tribesmen and officials at a meeting in the village of Kibungo. He stressed the importance of coffee as a cash crop and advised the tribesmen to take advantage of the Government's assistance in this regard. He said that the Government would provide technical advice and financial assistance to help them expand their coffee plantations.

ARAB KING'S STAY TOGETHER

King Hussein of Jordan and King Faisal of Iraq recently visited in Baghdad to the British.

SIR ALEC KENNEDY

The young kings who occupy the thrones of Iraq and Jordan have been seen together in Baghdad for the first time since the outbreak of the Arab Revolt in 1916. These two monarchs are not only closely related to each other but also share a common cultural background and it is not surprising that they have been seen together in Baghdad.

The occasion was the first time since the outbreak of the Arab Revolt in 1916 that the two monarchs have been seen together in Baghdad. The occasion was the first time since the outbreak of the Arab Revolt in 1916 that the two monarchs have been seen together in Baghdad.

HARLEQUINS AND KITALE FOR 'ENTERPRISE'

But neither semi-final tie reaches any great heights

As already reported briefly, the 1937 International Cup friendly international final will be between Kenya Harlequins and Kitale, the latter having beaten the holders, Kampala, F.C. in the semi-final at the weekend played off through the week.

Kitale captain, kicking the extra points, will be assisted by the semi-finalists to the semi-final. A few minutes later Hinesy attempted a drop at goal which was not taken because the referee ruled that the ball had not crossed the line. The referee was not satisfied.

There was a gift for Kitale for their two hours' play. The referee awarded a free kick for Harlequins. The referee awarded a free kick for Harlequins. The referee awarded a free kick for Harlequins.

But it was a goal that impressed the referee. The referee awarded a free kick for Harlequins. The referee awarded a free kick for Harlequins.

Only half of Harlequins' team was on the field for the remainder of the match. The referee awarded a free kick for Harlequins.

A runaway victory. It was disappointing for Harlequins, who were leading for most of the match. The referee awarded a free kick for Harlequins.

Australian victory in Diamond Sculls

BIGGEST upset of the Hinesy Regatta, completed at the weekend, was the reversal of the Olympic single sculls result by Stuart Mackenzie, the Shyrockle Australian.

He beat the Olympic gold medalist, Yugoslav sculler, Brusan, in the final of the Diamond Sculls by four feet. Brusan had won comfortably at Buller's and was fully expected to repeat his victory. But he was outwitted in a keen race by Mackenzie.
