## TRIBESMEN RESIST NEAR REBEL CAPITAL Heavy fighting in streets of fort SCOUT CASUALTIES

FORCES of the Sultan of Muscat, supported by a detachment of the 1st Bn. The Camerons, are meeting stiff resistance from rebel tribesmen as they advance on the Imam of Oman's headquarters at Nizwa.

Street-fighting was going on yesterday in the fort of Firu, five miles from Nizwa, where the main rebel column of British troops and localist forces came under fire.

RAF Venom jet fighters strafe the fort with rocket and cannon fire before it is supported by mortars, launched their attack on the town that major attacks before Nizwa. Close inside the narrow streets, the Sultan's British-backed troops began clearing up pockets of resistance.

## Submarines seen off Scotland

**NAVY KEEPS WATCH**  
TWO Polish submarines appeared suddenly off the Scottish coast yesterday. The Admiralty was unable to give any explanation for their presence. "We do not know where they are bound for and we have not had any communication with them," a spokesman said.

The submarines were seen by a patrol of the Royal Naval Air Force. The Admiralty said the submarines were seen about 30 miles off the coast.

# TWO AUSTRALIANS LEAD "DOUBLE" RACE

## Surrey step nearer sixth consecutive championship

TWO Australians lead the race towards the "double" of 1,000 runs and 100 wickets for the season. Brian Storer, of Nottinghamshire, had the necessary runs after day five. Now he needs three wickets when Lancashire, George Tribe of Manchester took his 100th wicket against Middlesex at Old Trafford on Saturday. Northampton on the same day but still needs 149 runs to reach 1,000 runs. Surrey was a close runner throughout when they were overtaken by Nottingham on Saturday.

Nottingham were chosen to bat first on Saturday taking 11 wickets for 100 runs in 110 minutes. Surrey then batted for 110 minutes and lost 10 wickets for 100 runs.

**Specular efforts**

Ray Marshall, Nottingham's spectacular effort for his 100th wicket was a fine specimen of the kind when he was out. He was out for 110 minutes and took 10 wickets for 100 runs. Marshall's 100th wicket was taken from the batsman who had scored 100 runs in the match. Marshall's 100th wicket was taken from the batsman who had scored 100 runs in the match.

### Warwickshire take useful lead against West Indies

HALF centuries by Bill Stewart (36) and Michael Smith (50) helped Warwickshire take a useful lead of 170 runs with four second-innings wickets standing on the Birmingham on Thursday. At close of play they were 204 for two. The West Indians were 100 for two. The first innings of the match was a draw. The first wicket fell on the first day of the match. # 275 ENTRIES IN DOG SHOW AT MITCHELL PARK

## Award to mongrel

A CORNER of Mitchell Park was turned into Nairobi's largest beauty parlour for several hours on Saturday when the East Africa Kenyan Club's Open Championship Dog Show was held. With the aid of special combs and brushes, 275 canine entries were given last-minute treatment before they entered the various judging rings.

Among the equipment sought for the occasion were the various shampoos Kenya was renowned for, tooth brushes and hair clippers.

These were used to make all the dogs look their best except for one very special mongrel who could tolerate no such treatment when they allowed themselves to be touched over their owners.

### Send hairdryer

Unlike the traditional forms of judging, the hairdryer was used to dry the fur of the mongrel. Although he certainly could not be judged among the best, the mongrel was certainly a small dog with a beard, living with a man's life from an estranged bull.

Both whose age and family history are completely unknown, the mongrel was certainly a mongrel, in fact, he was a mongrel of the mongrel, a special silver color by Lady Lady's blood, as a result of the persisting ceremony.

On the other, specially given to the B.P.C.A. was the title "The Bull" for the mongrel.

Both the spirit and the title, but all the attention which he had won, the mongrel was not to be judged as a mongrel, but as a dog.

### Failed in safety

According to the B.P.C.A. the dog was not judged as a mongrel, but as a dog. The dog was not judged as a mongrel, but as a dog. The dog was not judged as a mongrel, but as a dog.

It was only through the B.P.C.A.'s persistent action that the dog's name was entered. The dog's name was entered in the B.P.C.A.'s records.

Mr. Kraus added that the dog's name was entered in the B.P.C.A.'s records. The dog's name was entered in the B.P.C.A.'s records.

### Best on view

Another dog that won the hearts of many at the show was a bulldog named "The Bull". The dog was not judged as a mongrel, but as a dog. The dog was not judged as a mongrel, but as a dog.

Among other awards, the dog was not judged as a mongrel, but as a dog. The dog was not judged as a mongrel, but as a dog.

Mr. Kraus added that the dog's name was entered in the B.P.C.A.'s records. The dog's name was entered in the B.P.C.A.'s records.

### CUPS AND TROPHIES

The B.P.C.A. presented several trophies and cups to the winners of the show. The trophies were presented to the winners of the show.

(Continued from page 8)

The room is a perfect example of modern office design.

The "map" room provides about 1,000 square feet of tables with 100 feet of maps and is lighted by 100 feet of double fluorescent tubes. All units are built on a concrete base to enable them to be moved to other parts of the room and, as there are only a few small ventilation windows, air is circulated by fans which blow air through a duct system to the ceiling.

## REBEL IMAM FLEES TO MOUNTAINS

### AFTER FALL OF CAPITAL Regrouping attempt by tribesmen likely TALKS AT MUSCAT

THE rebel Imam of Oman, whose main fort of Nizwa was taken on Sunday by British-backed troops, is believed to have fled to a mountainous area in the mountains, where it is thought he might try to regroup his forces and set up another headquarters.

Talking him, the Sultan, has won a major victory against the rebels, and reasserted his rule over the people of Central Oman. British troops in Br. J. A. Robertson's column, which took Nizwa, have expected the Sultan's army to follow the Imam and his lieutenant last night, in order to force the Imam and his lieutenant to talk peace with the Sultan.

### Decision by Arab League

Brig. Robertson, whose operations report after the fall of Nizwa was taken on Sunday by British consultant, is flying to Muscat, where, with the British Political Resident at Muscat, Sir Bernard Grey, and Air Vice Marshal Balaclava, he will discuss the next phase of the operations with the Sultan.

The Arab League decided yesterday to send the Oman operations with the Sultan.

Mr. Mohamed Hamada, said in Cairo, has called the Arab League office in New York to inform members of the League of the progress of the operations in Oman.

The League has approved the Sultan's plan to take two divisions to Oman.

## Influence —in male fashions

Barneys imply that women wear more of the men's fashions. There are some items from the featured designers shown by Gino Pezzoni.

LIKE these counterparts in the bird world (where it is usually the male which has the brightly colored plumage, the female looking very dowdy by comparison), it used to be the men who were the most generally arrayed.

This was of the time when they wore uniforms and I believe the designer saw I believe he began to fall behind in the race that women got the vote.

### SURVEY POINTS

Today, the situation is completely reversed. It is the women who are the fashion leaders.

In fact, it is the British women who are the most important about the fashion scene, and clothing.

Yet, they are very largely for the men's consumption. The men's fashions are very much of the same nature as those of the women, but they are in the hands of men's clothes.

For instance, in a survey conducted in America, 60 per cent of the men's fashions were reported that they bought from the same sources as the women's. Two per cent bought from the same sources as the women's, and three per cent bought from the same sources as the women's.

# INDUSTRY 'HAMPERED BY MONOPOLY IN LAND' Valuation objection

Mitchell Park preparations

**MONOPOLISTIC situation in land in Nairobi** is being exposed, it was claimed yesterday at a sitting of the Nairobi Valuation Court.

Mr. S. P. Barber, representing a valuation objector, said that African Power and Lighting Co. Ltd. said that valuation figures for land in the industrial areas should be taken into consideration when assessing valuation, because the Railway Administration was the sole authority for the industrial areas.

**Decline of Kisumu's importance denied**

Standard's East African Editor, Mr. J. G. Brown, said that the 1953-54 Census had shown that the population of Kisumu had declined by 10 per cent since 1949. He said that this was due to the fact that the town had been built on a hillside and that the population had been scattered over a wide area.

**CLAIMS that between 1953 and 1954** 1953-54 Census had shown that the population of Kisumu had declined by 10 per cent since 1949. He said that this was due to the fact that the town had been built on a hillside and that the population had been scattered over a wide area.

**England there was a member of the Industrial Land Survey.** Mr. Barber said that the Industrial Land Survey was a joint venture between the Government and the Industrial Land Surveyors Association.

**'Kamakucha' value** "It is difficult, rather than impossible, to put a value on the 'Kamakucha' value of land in Nairobi," Mr. Barber said.

**Shipped backwards** Mr. McCulloch pointed out that the 1953-54 Census had shown that the population of Kisumu had declined by 10 per cent since 1949.

**From 1953 to 1954** Mr. McCulloch pointed out that the 1953-54 Census had shown that the population of Kisumu had declined by 10 per cent since 1949.

**Good position** Mr. T. G. Brown said that the 1953-54 Census had shown that the population of Kisumu had declined by 10 per cent since 1949.

**Justice was reserved.** Mr. T. G. Brown said that the 1953-54 Census had shown that the population of Kisumu had declined by 10 per cent since 1949.

# RISE IN ROYAL SHOW ENTRIES

Minister may open event

**IF Mr. Lennox-Boyd's proposed visit to East Africa** coincides with the 1957 Royal Show at Mitchell Park, Nairobi, in September he will be asked by the R.A.S.K. to perform the opening ceremony. Alternatively, it is believed, the Governor of Tanganyika, Sir Edward Turner, will be asked to do so.

**Development of the Government** is thought by the R.A.S.K. to be the main factor in the rise in the number of entries for the 1957 show.

**There will be 13 exhibitors** in the 1957 show, compared with 10 in the 1956 show. The exhibitors are: the Government, the R.A.S.K., the Kenya Agricultural Society, the Kenya Horticultural Society, the Kenya Veterinary Society, the Kenya Forestry Society, the Kenya Dairy Society, the Kenya Poultry Society, the Kenya Rabbit Society, and the Kenya Beekeeping Society.

## AGA KHAN IV, the spiritual leader of Ismaili Muslims, is welcomed to East Africa

**LARGE CROWDS CHEER NEW ISMAILI LEADER**  
**Arrival in Nairobi for short visit: Governor at airport**

THE NEW Aga Khan was given an enthusiastic reception by a large crowd when he arrived at Eastleigh Airport, Nairobi, yesterday for a short, informal visit to East Africa.

Hundreds of leading members of the Ismaili community from the Nairobi area gathered at the airport more than an hour before the Aga Khan's arrival. Dozens of photographers, professional and amateur, crowded in to greet the Aga Khan as he stood on the tarmac awaiting the arrival of members of his community.

Applause broke out as the 50-year-old spiritual leader of the Ismaili sect stepped out of the aircraft gateway. He was dressed in a white thobe and a white ghutra. He was accompanied by a group of men, including his brother, Prince Sultan, and other members of his family.

The Aga Khan shook hands with the Governor and was then introduced to the General Officer Commanding East Africa, Major-General Sir John H. P. Tappin, the Deputy Governor of Nairobi, Mr. Hassan Faisal, the Mukhi of the Ismaili community in Nairobi, Mr. Hebahmani Bhanji, the Mukhi of the Ismaili community in Mombasa, and the President of the Ismaili Council in Nairobi, Mr. J. B. Alami.

**10,000 DEMAND PAY RISE**  
**Polish strikers hurt in clashes**

PROOF has been ordered to man trams and buses in 10,000 transport workers. Clashes were reported yesterday in clashes between police and workers during the strike.

The strike was called by the Polish transport workers' union, which demands a 10 per cent pay rise and a 10 per cent increase in the cost of living. The union also demands a 10 per cent increase in the cost of living.

The strike has caused serious disruption in the transport system. The tramway and bus workers have refused to work, and the railway workers have also refused to work. The result has been a complete breakdown of the transport system.

The police have used force to break up the strikes. There have been several clashes between the police and the strikers. The police have used tear gas and batons to disperse the strikers. The strikers have used stones and bricks to throw at the police.

**EGYPTIAN ALLEGES TORTURE**  
**Cairo plot trial**

ONE of the 12 Egyptians accused in Cairo of plotting to overthrow President Nasser, yesterday withdrew his plea of not guilty, on which the prosecution case is largely based.

The man, Abdel Hameed Ibrahim, who had been held by the military since the overthrow of Nasser, was one of the 12 accused in the plot to overthrow Nasser. He was accused of being a member of the 'Free Officers' who overthrew Nasser in 1952.

## French currency move brings profits to speculators

### FINANCE AND COMMERCE

#### Uncertainty causes losses by Gilt

Comet Finance (C.F.) Ltd., 111, St. James's Street, London, has announced that it has lost £100,000 in the first six months of the year. The company, which is a subsidiary of the parent company, Comet Finance (C.F.) Ltd., has been operating in the London market since 1954. The company's losses are attributed to the uncertainty in the financial markets, particularly in the gilt market. The company's losses are also attributed to the uncertainty in the financial markets, particularly in the gilt market.

### DEVALUATION BY BACK DOOR

WORLD money markets are watching the French Government's move to devalue the franc. The move is expected to be a "back door" devaluation, which would mean that the franc would be worth less than it is at present. This move is expected to have a significant impact on the French economy and on the world market. The move is expected to be a "back door" devaluation, which would mean that the franc would be worth less than it is at present.

The River Mail Line's passenger motor-ship Loyal is due to sail for London and Westport, Eastport immediately after her launch on Monday. # U.N. STATES PLAN TO END DOUBTS ON FUTURE

## Submission for U.N.

Three steps considered essential to removal of doubts about the future of Tanganyika were recommended by delegates of the Northern Province branch of the Tanganyika African National Union at an intensive meeting at the United Nations' Visting Mission at Mombasa.

The delegation called for a declaration by the United Nations' Visting Mission to the effect that Tanganyika should be a democratic, self-governing African State. They went on to urge an overhaul of the present Constitution in order to give more weight to the African representation.

Mr. N. K. Kapungu, president of the Northern Province branch, said the mission should be responsible to us because it is a democratic body. He said that the mission should be made up of representatives of all the major tribes in the country. ## RHODESIA TOBACCO TARGET RAISED

The target for Rhodesian tobacco growers in the 1956-57 season has been set at 100,000 tons by the Rhodesian Tobacco Association, and the aim is to produce it without any increase in acreage.

The production figure in 1956-57 is more than last year's target and tobacco in Rhodesia is seen that the quantity will be 100,000 tons. It is estimated that the average yield of 100 lbs per acre will have to be maintained for the target to be reached.

Last year the average price per acre was £17. The highest ever recorded according to Mr. Frank Campbell, president of the R.T.A., the market position has improved in terms of price but there is a shadow that the United Kingdom Government will permit a percentage increase in acreage during the next crop year.

In addition, one could not say with accuracy what effect the recent devaluation of the pound would have on the Rhodesian market. It is thought that 100,000 tons to 100,000 tons of the crop is expected to average about 450 lbs per ton. In the balance of the year, it would be necessary to increase the average to double the target for the tobacco to be produced.

## Subsidy needed to cover portion of

The major portion of the subsidy of £100,000 needed to cover Central African Airways operating losses in the coming year was required for the Treasury services within the Federation, the Minister of Transport, Mr. W. Eastwood, said in the Budget debate in the Rhodesian Federal Parliament.

Mr. Eastwood said the Central African Airways Board for the year 1956-57 was expected to lose £100,000. The loss of £100,000 was needed to cover the loss of the 500 tons of goods stored at the Victoria airport. There were also various other expenses, including higher wages and salaries and other operating expenses, which would have to be covered by the Government.

## PREMIER PRAISES LEADERS OF OMAN TROOPS FOR RAPID SUCCESS

### Net fighters demolish forts at Imam's home

British Prime Minister, Mr. Harold Macmillan, has congratulated British soldiers and service leaders involved in the recent Oman rebellion. His congratulations were sent in telegrams to the British Political Resident in the Sultanate, Sir Bernard Burrows, and the C-in-C. in the Arabian peninsula, Air Vice-Marshal Sir Laurence Sinclair.

The Prime Minister's telegrams, which have just been published, said:—

"Now that the Sultan has re-established his administration in Oman, the withdrawal of British forces will shortly begin. I should like to congratulate you both on the rapid success you have achieved and on the way you have handled the affair from the beginning.

"I know that it has been an arduous and a trying time for all of you, but you have done extremely well and we are all grateful to you."

### Lealties dropped

In Oman, net fighters of the R.A.F. have continued to drop the official declaration of the end of the uprising.

At the Sultan's request, they have destroyed the fort of the Sultan's village of the rebel Imam of Oman, and have taken over the neighbouring village of Ghayth.

A spokesman said that the British had flown 20 sorties against the rebel villages, but were intended to demolish the fortified positions rather than by retalia, largely for psychological reasons.

These Sultanate members had dropped leaflets 15 minutes before each attack and their pilots had reported seeing villagers watching from the hills as the attacks were taking place.

## Kenya councils' health dilemma RATES RISE OR POOR SERVICES

FRANK admission by the Minister, Mr. Havelock, that Kenya health services are "completely inadequate" focused attention yesterday on the dilemma of local authorities faced with diminishing grants — from the central exchequer — with which to meet increased demands from the public.

Nairobi County Council, within whose boundaries live more than 100,000 people — the estimated figures are 107,700 Europeans, 2,000 Asians and 80,000 Africans — has adopted a health services in the area.

Mr. Havelock said that the Council would be asked to consider the possibility of raising rates to meet the increased demands.

He said: "We are faced with a dilemma because there is not sufficient income to get the better rates. At present we have about 240,000 people in the County Council area."

He said that the Council would be asked to consider the possibility of raising rates to meet the increased demands.

# Glazers extend selling period

Glazer Brothers have now directed their letter to stockholders of the London and Colindale Mining and Co. concerning their decision to extend the closing date for the purchase of the stock of this company to about Friday week to September 10. Glazer Brothers say that their committee have taken up approximately 10 per cent of the total issue of 15 million shares of £1 per share of the main issue and that, should the rights not be accepted in larger or lesser proportions, the balance of the issue has not been fully subscribed and that the company will have to consider the possibility of a further increase in the capital of the company.

# USE OF K.A.R. IN OPERATION POACHER

I HAVE recently read the first annual report of the Kenya Wildlife Society. I also saw Wall Thurley's African Game picture show at the Empire Theatre, a picture which should hang in the memory of those who witnessed it.

I cannot help thinking, however, that these wonderful pictures of game life are likely to be the "happiest" as far as game pictures are concerned in the present, unless and unless the picture of game destruction is not considered.

I am sure that those who have read the annual report will be horrified at the results presented on the subject of poaching in this beautiful country.

It is obvious that the Government is doing its utmost to deal effectively with these poachers. It is, however, the fact that the following three points which it is worth noting are:—(1) The fact that poaching is still a serious problem in the Kenya Territory; (2) The fact that the Government is doing its utmost to deal with this problem; (3) The fact that the Government is doing its utmost to deal with this problem.

## LEADER TALKS WITH COL. NASSER IN EGYPT

**Red officer replaces army commander**

**PRICE OF SOVIET AID**

POLITICAL observers in the Middle East said yesterday that Syria had signed a treaty with Soviet policy. Their statement was substantiated by the arrival in Cairo of Syria's president, Hafez Assad, who was greeted by Col. Nasser.

A few hours before flying to Cairo, the president had sacked his Army Commander-in-Chief, Gen. Nizamuddin, who was opposed to martial law imposed last week when three Americans at the United States consulate were expelled from the country on charges of plotting to overthrow the Syrian Government.

The president appointed a Communist, Col. Azzam, to succeed Gen. Nizamuddin, and the appointment was made soon after a Kremlin announcement that Russia would supply communism. A reliable Lebanese newspaper commented at the weekend that the expulsion of the non-Communist elements from the Syrian Army was the price which had to be paid for Russian aid.

## Meeting in Lebanon

Meanwhile, the Lebanese Government has tried to enter Syria from having too great a dependence on Syria. Communists from both Syria and Lebanon, at the weekend, indicate that their attention has been turned to Syria's differences with the United States. An official source every possible effort in the interest of the Syrian Government.

The statement was made after the Secretary of State, Mr. Acheson, had met the Secretary of State, Mr. Acheson, and the Lebanese Foreign Minister, Dr. Fakhri Khayrallah, who further expressed a willingness to help Syria.

## CAIRO MEETING WITH GREEKS

**THE Greek Prime Minister, Mr. Constantinos Karamanlis, is expected to exchange views on the Middle East with Mr. Aki Katsouzis, the Greek Minister of Foreign Affairs, in Cairo.**

Mr. Karamanlis is expected to meet with the Egyptian Prime Minister, Mr. Gamal Abdel Nasser, and discuss the situation in the Middle East.

## ROAD FATALITY

**Police are investigating the cause of a fatal road accident which occurred on the Nairobi-Kisumu road.**

The accident occurred on Monday morning and resulted in the death of a young man.

## Staying indoors

**The Government has advised the public to stay indoors during the day to avoid the effects of the sun.**

This advice is due to the high temperature and the risk of heatstroke.

## Discussion of atomic age forces

**DISCUSSIONS** between the British Defence Minister, Mr. Duncan Sandys, and the American Secretary of State, Mr. Acheson, at the weekend, are expected to include a discussion on atomic energy.

The discussions are expected to cover the development of atomic energy and its use in the military and civilian sectors.

### ISRAEL AND GHANA TO SIGN AGREEMENT

Israel and Ghana will sign a trade agreement next month, a spokesman for the Israel Ministry of Commerce and Industry said in Jerusalem yesterday after a Ghana Government delegation had been on a five-day tour of Israel.

The spokesman said the proposed trade agreement would include a joint shipping company, which industry would benefit. He said the agreement would help to establish relations between the two countries.

Other items under negotiation include the purchase of Israeli products and the purchase of Israeli products.

## SALE LEVEL MAINTAINED

### Grade 10 bids fail to reach reserve

PRICE levels were maintained, particularly for the medium grades at Friday's Uganda coffee auction, when a variety of spot offerings were sold.

Grade 10 bids failed to reach the reserve, however. Bids for this variety barely touched the coffee being lower than Grade 10.

The 200 tons of Grade 10 coffee which was sold at 100/10 was the only lot of the grade to be sold. The other lots of the grade were not sold.

# MAI WARRIORS SALUTE GOVERNOR WITH SPEARS

## New age group visited

Thirty young, Maasai warriors raised their long spears in salute to the Governor of Kenya, Sir Evelyn Baring, when he paid an unannounced visit to the Maasai group in the Lamak section of the Nairobi district.

The Governor and Lady Mary Baring were on a private tour of the district of the Southern Province, Kenya, and were accompanied by Chief Sir Nakulani Mwangi, Sir Kenneth Robinson, and a young Maasai warrior, who was prominently featured in the group. The Governor, who was wearing a white shirt and dark trousers, was seen shaking hands with the young warriors. The group was standing in a line, holding their long spears upright. The background shows a simple wooden structure, possibly a traditional Maasai dwelling.

# Nine records broken at Command sports

## FELL-TIMED PERFORMANCE

SIXTY-BY-NINE Kenyan native soldiers and eight East African Army recruits were broken at the Army Command athletic meet which took place at Nairobi on Saturday. The meet, which was held at the Army Sports Ground, attracted a large number of spectators. The Kenyan team, led by Captain J. M. K., performed exceptionally well, breaking nine records in various events. The East African team, led by Captain R. M. K., also showed strong performance. The meet was a success and provided a good opportunity for the soldiers to showcase their athletic abilities.

# 'SLUM' ESTATE: BLAME PUT ON GOVERNMENT

## ABOUT 70 per cent of the houses in a Government-subsidized African estate at Thika built since 1949

Substandard construction, haphazard disposition and gross overcrowding leading to slum conditions are some of the charges leveled against the Government by the Thika African estate residents. A report by Nairobi County Council, which was presented to the Government, states that the estate, which was built between 1949 and 1954, has a population of about 70 per cent African. The report criticizes the Government for not providing adequate services and for allowing the estate to deteriorate into a slum. It calls for immediate action to be taken to improve the living conditions of the residents.

Substandard construction, haphazard disposition and gross overcrowding leading to slum conditions are some of the charges leveled against the Government by the Thika African estate residents. A report by Nairobi County Council, which was presented to the Government, states that the estate, which was built between 1949 and 1954, has a population of about 70 per cent African. The report criticizes the Government for not providing adequate services and for allowing the estate to deteriorate into a slum. It calls for immediate action to be taken to improve the living conditions of the residents.

# MARAGOLI MAY CHANGE TO HOME-GROWN FISH DIRT

Fish ponds in Maragoli, Kenya, may be changed to home-grown fish dirt. The Government is considering this option as a way to improve the quality of the fish and to reduce the cost of production. The fish ponds are currently used for raising tilapia, but the water quality is often poor. By using home-grown fish dirt, the Government hopes to create a more sustainable and profitable fish farming industry in the area. This will benefit the local community and provide a source of income for the farmers.

# Impala graze in Kisumu gardens

## TWO HERDS

Two herds of impala are grazing in the gardens of a hotel in Kisumu. The impalas, which are a species of antelope, are being kept by the hotel as a source of meat and hides. The gardens are well-maintained and provide a natural habitat for the animals. The hotel owner has reported that the impalas are easy to manage and that they provide a steady supply of meat. The hides are sold to local tanners. The presence of the impalas in the gardens has become a local attraction for tourists.

# Search for 100 cattle intensifies

## 'Banders' staff Reporter

A search for 100 cattle that were stolen from a farm in Nairobi is intensifying. The farm, which is owned by a local businessman, has reported that the cattle were stolen by a group of bandits. The police are currently conducting a search for the animals. The bandits are believed to have taken the cattle to a nearby area. The search has been ongoing for several days, but no progress has been made. The farm owner is offering a reward for information that leads to the recovery of the cattle.

# U.S. film chief in Uganda

The chief of the United States film office in Uganda is expected to visit Nairobi soon. He will be on a tour of the region to promote American films and to establish contacts with local film producers. The chief is a well-known figure in the film industry and has been instrumental in bringing American films to the attention of African audiences. His visit is seen as an important step in strengthening cultural ties between the United States and Uganda.

# CROWDS DELAY AGA KHAN'S AIRCRAFT

## 12,800 swear allegiance

A large crowd of 12,800 people gathered to swear allegiance to the Aga Khan in Mombasa. The ceremony took place on Saturday and was attended by the Aga Khan and his family. The crowd was composed of people from various parts of the region. The ceremony was a significant event and was well-organized. The Aga Khan expressed his appreciation for the support of his subjects and wished them well. The ceremony was a testament to the loyalty and devotion of the people to their leader.

# Kenya Asians take lead in first innings

## TOURISTS HIT BACK

KENYA Asians scored a first-innings lead over the Indian touring team after the morning's play on the second day of the three-day match, which was the first game of the Indian team's tour of East Africa.

The Tourists were all out for 176 on Saturday and the Kenya Asians were in to score 224. The Tourists won the toss and batted first. "Parsons and Contractor, their opening pair started cautiously and Tanshoo, who was obviously nervous at first against the pace bowling of Bhatia and Dutt Singh, was caught of the wicket for 176 on Saturday.

This made the Tourists 10 runs for two wickets on the wicket in the first hour of play. All, however, improved the run rate from the start, but he was caught by Duttia in the 40th over for 100. The Kenya Asians, who were batting on the second day, had a good start. The first over was bowled by Duttia. He had scored 100 runs in the first over of the match. He was caught by Duttia and Kenyia then

## MORE GOVERNMENT POSTS FOR AFRICANS IN TERRITORY

Result of expanding educational system

## TANGANYIKA REPORT

MORE Africans will be employed in Government service in Tanganyika as candidates with the requisite qualifications come forward. It is stated by the British Government's report on the territory for 1956, issued today.

Clerical courses—full-time and part-time—individual opportunities for study tours abroad and the expansion of education in Tanganyika itself were gradually effecting an improvement in the standard of candidates seeking admission to the public service, the report said.

Local government policy was directed to the best development of an efficient democratic system as the best method of training the indigenous people to take a fuller and more responsible part in the Government of the territory.

## Two main obstacles

The result of the improved standards and increased experience at local government level was to be seen in the steadily increasing and more effective share taken by Africans in the work of the many executive and advisory committees of Central Government, the report stated.

It said the principal problem continued to be the insufficient numbers of persons of requisite culture and education, not only in such subjects as modern economics, engineering, but also in such less specialized fields of public administration. The other main obstacle to progress towards self-government was the wide variation in the stage of political, economic and cultural development required in different parts of the Territory.

# With just a piece of ribbon...

# Women's Tuesday Corner

By JEAN WISEMAN

**A** LMOST everyone has some odd lengths of ribbon tucked away some where. Or you may be like me—unable to resist buying a yard or two of pretty ribbon whenever you see it.

Either way, you are in luck. For never before has ribbon brought so many interesting and useful suggestions for the home as this time of year.

### MUTTEREY BOWS

Just one bow can be an elaborate or delicate as you like. It is the ribbon that you use that makes the difference. Three dollars' worth of ribbon bought with today's money will give you two dozen or more bows of varying styles.

A pretty fabric for bows appears to last a year or longer. To save space, it is best to buy a low-weight material and finish it with two variety bows.

For charms, wear one that is a lattice whose denticles have been pressed a little way into and pull the lattice through them.

For the home, a simple flat or half bow, pinned to the family doormat, could be fastened with a wide white one of these with a small, round-headed burlap knot on an individual look. When you dust it with burlap to make your own minor entrance and doormat.

### A FLOWER

In America, a blank belted shirt, three looks belted with the wide spread rows of the ribbon. They are called belle program and ribbon bow.

For many, the ribbon sewing kit is not hard to come by. At work, a fine illustration and you will always have a ribbon to make a bow of. The more you use, the more you are interested in the making of ribbon bows.

Some of the ribbon bows in the market are made of a material that is called ribbon. It is also made of a material that is called ribbon. In America, large quantities of ribbon are being used at the rate of a hundred yards per day.

For an all-day ribbon bow, use a ribbon that is a small variety ribbon. In America, large quantities of ribbon are being used at the rate of a hundred yards per day.

R.I.C. 34 - LITRE DIESEL ENGINE — 45 H.P.

Instantaneous Starting — Easily Aligned Belt Pulley — Hydraulic Lift with Mechanical Lock — Two Hydraulic Toppings with Independent Controls — Long Axle Shafts and Sliding Hubs — Complete Driving Ease and Safety with Fingert Control.

# POWER with ECONOMY

- 1. POWER** — Drawbar H.P. 41.6 and maximum sustained pull of 5,800 lbs. will ensure adequate power for all farm work at any altitude.
- 2. ECONOMY** — The B.M.C. Diesel Tractor was the most economical at both ploughing and hauling in the Finnish work efficiency trials and is indeed the most economical anywhere.
- 3. STRENGTH** — It's tough! Heavy main frame and rear axle casing to withstand shocks and stresses imposed during the severest working conditions.
- 4. LOW COST PER HORSE POWER** — The Nuffield is the cheapest Tractor per h.p. despite generous standard equipment, including hand and steering brakes, low meter, number plates, twin batteries, swinging drawbar and 14 x 30 tyres.

**SIMPLIFIED MAINTENANCE** — Years of long service will prove the advantage of unit construction.

- (i) Completely accessible B.M.C. Diesel Engine with wet cylinder liners, pistons and connecting rods which can be removed through the top of the cylinder block.
- (ii) Clutch can be dismantled without splitting the Tractor or disturbing engine or gear box.
- (iii) Final Drive Gears housed in separate unit from gear box for accessibility.

Nuffield features which mean cheaper maintenance, less idle time and longer life.

## POLES WARNED TO AVOID STRIKES

### Speech after Lutz troubles

Polish workers have been warned by the Committee for the Avoidance of Strikes, which occupied three full pages in the party newspaper, *Trybuna Ludu*, was made a few days after the transport strike in Lutz, which was a symptom of general unrest in Poland over wages and living costs.

He said that only a further success in the development of the country and higher production could improve living standards.

Risks for strike

Mr. Gomulka denounced the strike-making spirit which had entered the factory workers, and stated that a strike would be a crime and a crime against the Polish people.

There has been much talk of strikes in Poland. The government is determined to prevent this.

# JIM PARKS BACK IN TEST CRICKET

## Chosen for final W. Indies game

IN: Sheppard

**JIM PARKS**, the 26-year-old Sussex batsman, is the surprise man among the 12 players from the England's team to be chosen for the fifth and final Test match against the West Indies, which begins on Thursday.

IN: Parks

He replaces his County colleague, Don Smith, who was named in the England side for the fourth Test at Leeds. Parks has already represented England, although appearing in only one Test against Pakistan two summers ago.

Since then he has toured Pakistan with the M.C.C. side, and for five weeks in the winter, travelled to South Africa with the full M.C.C. side.

Here he developed an impressive record for the tour being and for four Tests for special treatment. A month later, the M.C.C. arranged for him to appear in the 'County' side. He was taken into the Surrey side by Lord Hales. The inclusion of the latter-named Smith seems the very clear for the Rev. David Shepherd to name the England side for the first Test, with Peter Richardson and the rest of the team, who played in the first, fifth, and twelfth innings.

Seven Batsmen, the Essex all-rounders, the Kenyans, and the West Indies are named for the first Test, with an injury to the Kenyan batsman, J. M. G. Jones, who is expected to play in the following 12 players: T. E. Bailey (Essex), M. C. Comber (Kent), T. G. E. Lee (Sussex), F. W. G. Gibson (Middlesex), J. R. Jackson (Yorkshire), and J. G. Sherrin (Worcestershire).

During the events, the Kenya team has been touring in the West Indies, and has won 400 runs in 200 runs, and has taken 22 wickets in 110 runs. The Kenya team has been touring in the West Indies, and has won 400 runs in 200 runs, and has taken 22 wickets in 110 runs.

And the outstanding performance in Kenya was made by W. A. G. Jones, who was taking part in 100 runs in 200 runs, and has taken 22 wickets in 110 runs.

Hard-working Y.M.C.A. team loses again

DISPERSE looking likely winners in the first Test, as they have won 400 runs in 200 runs, and has taken 22 wickets in 110 runs.

Thirteen defeats in 13 games is a very poor record but the side may be better than that in the long run.

Meropes suffer first defeat

The Kenyan Club defeated the Kenya team in the first Test, as they have won 400 runs in 200 runs, and has taken 22 wickets in 110 runs.

KUTS IN LONDON

Violence kept the Olympic Games from getting into the air, as they have won 400 runs in 200 runs, and has taken 22 wickets in 110 runs.

On the resumption of play, the Kenya team was again into the air, as they have won 400 runs in 200 runs, and has taken 22 wickets in 110 runs.
