SULTAN PROTESTS OVER ARAB MOVE TO CONDEMN BRITISH ACTION

Fighting in Oman 'no concern' of U.N.

THE Sultan of Muscat has formally protested against a move by 11 Arab States to bring charges of armed aggression by Britain, whose territory before the United Nations Security Council. The Sultan, in a cable to the council's president, said the Arab action amounted to interference in the affairs of his country. His protest was a purely personal concern.

In Oman, the Sultan's Foreign Minister, Mr. Ned Imeni, said that the Sultan believed that the Agreement of Sili, covering relations between the Sultan and tribal leaders and under which the Sultan retained to grant them complete independence, was no concern of the United Nations.

Mr. Imeni said that the Sultan had expressed surprise at the international repercussions from Britain's lack of military assistance to quell the rebel Imams of Oman, and could not see how the operation should be a matter of international concern. He said that he had travelled in an interview granted to correspondents who had travelled with the local troops when they took the Imam's headquarters at Niwa.

AIRLINER PRIORITY FOR U.S. DENIED

B.O.A.C. would release a number of earlier-type Boeing 707s from only if it was found in the "highest category" that it would be of national interest. This was stated in London by a company spokesman concerning a request for a B.O.A.C. Boeing 707 by the U.S. State Department. The spokesman said that the company would release the aircraft only if it was found to be of national interest. He said that the company would release the aircraft only if it was found to be of national interest.

Patrol pursues Imam

The correspondents who had been refused an interview with the rebel Imam, who is now being pursued by a British patrol, were told that the Imam was still in the area. The patrol was reported to have been in the area for several days. The Imam is believed to have fled from the area after the British patrol was alerted.

Unions appeal

Unions have appealed against a decision by the Industrial Disputes Investigation Board. The unions argued that the decision was unfair and that they should be allowed to present their case. The board had ruled in favor of the employers in a dispute over wages and conditions of work.

Forces cut by 60,000 in year

The British Army is to be reduced by 60,000 men over the next year. This is part of a long-term plan to reduce the size of the British Army. The reduction is expected to be completed by the end of 1960. The plan is to reduce the number of regular soldiers and to increase the number of reservists.

World issues on T.U.C. list

The T.U.C. general council has adopted a list of world issues. The issues include the situation in the Middle East, the situation in Africa, and the situation in Asia. The council has also adopted a resolution on the situation in the Middle East, calling for a ceasefire and for a negotiated settlement.

Negotiations over hotel

Negotiations are taking place over the hotel. The hotel is to be built on a site in the city. The negotiations are between the hotel company and the local authorities. The hotel company wants to build a large hotel on the site, but the local authorities want to build a park on the site.

New star in Soviet orbit

The United States has been accused of being a new star in the Soviet orbit. This is a claim made by the Soviet Union. The Soviet Union says that the United States is trying to establish a new sphere of influence in the Middle East. GREAT MORALE BOOSTER FOR THE WEST INDIES

Butting and bowling shine on eve of Test at Oval

A LIGHTNING century by Frank Woolley and brilliant bowling by left-arm spinner Alf Valentine, who took seven wickets for eight runs, placed West Indies on night of a Monday. When play ended because of bad light, the scheduled first Test match at Lord's on Monday had only two Test wickets left.

The performance of the West Indies side seems here to have been a

SURREY SHOW NO SIGNS OF SLACKENING PACE

Grim battle for Gloucester

SURREY, though assured of the county cricket championship, showed no signs of slackening the pace when they gained a winning position over Middlesex at Lord's on Monday. With Alan Barber taking three wickets in four balls, Surrey seemed to be heading for their ninth Test victory of the 1953 season.

Donovan's century took Surrey to 100, but they were threatened by two young batsmen, A. C. Watson, the Oxford University captain, and Fred Titmus.

Watson made half-century in 100 runs and when 25 of Middlesex had bowled 100 overs with only four wickets on a difficult pitch.

Gloucestershire had no batsman at the way for a two-wicket victory over Yorkshire in the 19th Test match at Edgbaston on Monday.

Masterpiece innings: Alan Watson and Don Shepherd were really regular in the Gloucestershire 100.

Watson's century was a masterpiece of batting, with four for 20 in the first 10 overs.

Shepherd, with four for 20 in the first 10 overs, was a real match for the 11 before he was dismissed.

when driving, both the wicket-keeper and the batsman were taken out of the field.

The match would have been a draw, but for the rain which fell on Monday evening.

Yesterday the Trinidad cricket team, a remaining team, was scheduled for the addition of 100 runs.

The final scoreboard: Trinidad 100, Barbados 100, Guyana 100, Surinam 100.

Countdown to the 1953 season: The 1953 season is expected to be a record-breaking one.

Football fixtures: A series of football matches are scheduled for the coming week.

Senior Golfers: A group of senior golfers are competing in a tournament.

E.A. drivers fill first three places in Kivu Rally

N. REFUSES TO DEBATE OMAN: SURPRISE SUPPORT FOR ARABS

American abstention despite British plea

FACTS 'NOT CLEAR'

UNEXPECTED, although insufficient, support was given in the United Nations Security Council on Tuesday night to an Arab request for a debate on charges of British "arrest operations" in Oman. Four members voted in favour of the Arabs—three fewer than the number necessary for adoption—and five against. The United States abstained.

The United States abstention was seen as the rejection of British appeals for support in Washington which were made after the Arabs announced that they would submit Britain's military action in Oman to the Council.

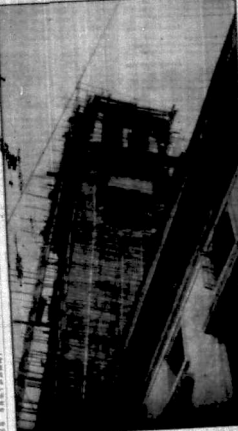

Mr. Cabot Lodge, announcing his country's abstention in the Council, said the information available was "not sufficient to justify the United States in committing itself for direct intervention at this time. He urged all Governments to refrain from taking any action that might hinder the maintenance of peace in the area."

SCIENTIST 32 HOURS IN OUTER SPACE

MAL DAVID SIMONS, a U.S. Air Force astronaut, landed in Dakota yesterday after 27 hours in outer space.

His giant plastic balloon came to earth 200 miles from its Minnesota launching point after drifting between 19 and 21 mi above the earth.

After several bad tries, the 35-year-old astronaut landed in Dakota yesterday after 27 hours in outer space. He landed in a field near the town of Minnehaha, Dakota, after a 200-mile journey.

BATON CHARGE ON CROWD

Ghana leader booted

GHANA police made a sudden charge on angry demonstrators who were booing and shouting at the Premier, Dr. Nkrumah.

The incident, which occurred when Dr. Nkrumah was addressing the National Assembly, resulted in the new State which has been set up by the Government.

When a crowd of about 100 people gathered outside the Assembly, they began shouting and booing. The police then charged, and several people were injured. Dr. Nkrumah was forced to leave the Assembly.

MARKET DISPUTE GROWS

More dissimale

A number of ports in the East African region are facing a market dispute. The dispute is growing and is expected to become more serious in the coming months.

Swedish vote in favour

Earlier, the British Ambassador in Washington, Sir Harold Caccia, had seen the U.S. Secretary of State, Mr. Eisenhower, and had discussed the information available to him with the British ambassador in Washington, Sir Caccia. The British ambassador in Washington, Sir Caccia, had also seen with Mr. Cabot Lodge.

The four countries who voted in favour of a U.N. debate on Oman were: the Soviet Union, the United States, the Philippines, and Sweden. The United States abstained. Sweden's vote was a surprise.

London Markets firmer for new account MARKED OIL GAINS

London **Coffee crop estimate exceeded**

LONDON markets were steadier yesterday for the start of the new account with investment interest was still strained, however, and there was no marked change in prices. Oil-edged securities were quiet. Oil made an excellent start, the leading offerings showing gains.

Industrial shares were very much offered, especially those of the mining group, which were steady. The stock market was quiet, but there was a noticeable rise in the price of oil.

Little returns appeared in the market for the week ending August 10, 1956. The London Stock Exchange closed at 123.00, an increase of 0.50 on the previous day. The market was quiet, but there was a noticeable rise in the price of oil.

AERIAL WARFARE: BOWS AND ARROWS TO THE BLOODHOUND

It is a cry from the bow and arrow of those orders (top left), who are spending a sporting holiday by a camp at Adenwe, Dorset, to Britain's new surface-to-air guided missile, the Bloodhound (right), but the principle is the same — the destruction of incoming aircraft. The Germans are helping to clear the area of German grey nazairns and rats; the Bloodhound is destined to replace mangled fighter aircraft in the defence of Blackbuoke.

WITH the introduction of Vauxhall aircraft on the 24th of January (which is costing plenty with Huntingdon, Angledon, Luff, and London girls, Miss Veda Fuller, aged 25, and Miss Jean, aged 25, report from the 25th of August at Blackbuoke.

BP Super

HIGHER OCTANE BP SUPER plus BP 08

An entirely new petrol is now in the pumps - BP Super. It has been produced to meet the special needs of the modern high-compression engine. BP Super is a really super petrol! BP Super peeps up performances and gives more miles per shilling.

BP Super meets the needs of all modern engines. Cars of very low compression ratios will not get full benefit from BP Super. They should use normal BP Grade. You are recommended to have your engine tuned in order to feel the full effect of BP SUPER.

Crisis of prosperity An economic paradox

THE word 'paradox' has been bandied about in the current discussion of British economic policy. And yet the symptoms of economic well-being in Britain point to a paradox. How do we explain this paradox? The paradox is that the world of world politics and economics is not only to be found in a large part of the world, but also in a small part of the world. The paradox is that the world of world politics and economics is not only to be found in a large part of the world, but also in a small part of the world.

MR. R. A. BUTLER, the Prime Minister of the United Kingdom, is seen here in a moment of reflection.

Flanked by dangers
British economic growth therefore has been a steady state of affairs. It has been a steady state of affairs. It has been a steady state of affairs. It has been a steady state of affairs. It has been a steady state of affairs.

Balance of payments
It is most important in the present situation of the world that the balance of payments should be maintained. It is most important in the present situation of the world that the balance of payments should be maintained. It is most important in the present situation of the world that the balance of payments should be maintained.

TRAINING AFRICAN YOUTHS FOR JOBS IN INDUSTRY

Nairobi centre proposed

TENTATIVE proposals for the establishment of an urban training centre for industrial workers in Nairobi have been put forward by the Church Missionary Society.

They will be explained to the Native Chamber of Commerce at its meeting on Monday by the Rev. Andrew Hake, of the Christian Council of Kenya.

It is suggested that boys between the ages of 14 and 18 should attend a secondary school for a period of four years, followed by a two-year industrial training course. The latter would be supported for 50 per cent by the Government and 50 per cent by the industry.

The centre would be situated in Nairobi and would be run on a non-profit basis. It would be financed by the Government and the industry. The centre would be open to all African youths who are interested in industrial work.

Fired above detainees

RIOTERS at AIN HELWAN detention camp, who threw stones and fired at a contingent, quelled their anger only after a Bren gun had been fired over their heads.

The riot broke out on Monday night when a contingent of British troops, led by Major-General Sir John Hackett, entered the camp. The rioters threw stones and fired at the troops. The British troops responded by firing a Bren gun over the detainees' heads.

The riot was quelled after the British troops fired a Bren gun over the detainees' heads. The rioters were then taken to a detention camp.

Major-General Sir John Hackett, who is in charge of the British troops in Egypt, is seen in a military uniform. He is standing next to a group of young men in military-style uniforms.

Mombasa joins health critics

SCHEME REJECTED

ONE of the main reasons behind the rejection by a Mombasa Municipal Board of proposals for a new local government set-up was that responsibility would be too widely spread.

The Municipal Board rejected the proposals for a new local government set-up. The board felt that the proposals would be too widely spread and that it would be difficult to manage.

Bata STORE

GOVERNMENT ROAD

At 9 a.m. this morning His Worship the Mayor of Nairobi will be welcomed by the Chairman of the Board of Directors of the East Africa Bata Shoe Co. Ltd., Sir Frederick Cornwallis-Beaumont, K.B.E., C.M.G., M.C., and invited to perform the opening ceremony of the completely rebuilt Bata Shoe shop in Government Road.

Free gifts...

To mark this notable occasion there will be free gifts for young and old.

Each pair of shoes sold will include free polish or cleaner and for children outdoors and toy novelties.

In the extensive hall there will be a Shoeshine Boy and all customers are invited to have a free shoe shine.

Fashion favourites...

This new store, originally opened in 1922 but for the past month closed to the public, will bring many most interesting features to the retail shoe trade of East Africa.

Bata customers will remember the record-breaking sale which took place on its closing, a sale that enabled the Management to clear out all the old styles and make room for the present "up-to-the-minute" designs from the fashion centres of London, Paris, Rome, Amsterdam, Brussels and Johannesburg.

Many of these superb designs have been specially air-freighted to Nairobi for the opening, ensuring that the most up-to-date styles in both women's, men's and children's shoes will be available.

At last we have a heel tip that will withstand the abuse and bustle of shopping expeditions or a night dancing.

No need to worry now when you go longingly at a pair are anklets heels and seen them by because you are so heavy on shoes. Bata now brings you the GILDA-LITE heel tip which is guaranteed for the life of the shoe. This composition heel tip will withstand any strain and needs those crippling repair bills.

The Ladies Section provides a wide selection of styles from casual to evening wear. Particularly pleasing are the latest "Madras" sandals which give the minimum of covering on a good sole, thereby allowing maximum foot freedom.

For more formal occasions, fashionable court shoes are on display - and for the office, smart shoes which give casual comfort with businesslike appearance, and last, but not least, "Cooler of Cool" slippers by Newmans.

Ladies' high light

The highlight of the latest GUARANTEE

The Lady and handball boots are of the small high heels that will take any amount of punishment on both muddy and sunbaked patches.

Noticeable among the displays in the shop is "THE SHOE WARDROBE". This display of ladies' shoe cases for every eventuality and occasion. The days of one pair of flares and a pair of high boots are gone. "Buy another pair when these are worn out" is no longer the cry. The right shoes for the occasion are now an essential part of every well-dressed woman. Bata shows you in their "Shoe Wardrobe" the right sort of shoe to wear from breakfast to dinner, whether in the car or during well dancing.

Lady customers are well advised to make full use of this new idea and show of fashion, as it is to help customers find a well-fitted, unobtrusive heel in the front of the shoe.

The Sports Section provides sports shoes of every description including the famous Bata "Center Court" tennis shoe recommended and worn by Tony Mottram.

Well-dressed customers are well advised to make full use of this new idea and show of fashion, as it is to help customers find a well-fitted, unobtrusive heel in the front of the shoe.

Repairs...

Stocking repairs will continue on the premises, but for speed a new repair workshop with the latest machinery has been opened in Harare that will give customers a four-day repair service by the latest methods.

Thinking of you...

Each, and all, of these new ideas have been thought out by the management of this mass progressive shoe company to assist you and live up to the motto — "THE CUSTOMER COMES FIRST".

The store will open under the new management of Mr. D. Thorp, who for the past four years has been in charge of the Dec. and Jan. I Shop. Mr. Thorp will also over from Mr. Masanika, a familiar figure in the Harare I Shop since 1947.

As usual the manager will be found around the store assisting his customers, ensuring that they are getting the Bata Service — hallmark of the successful shoe shop.

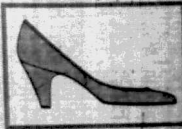

Policy, past, present and future...

Mr. A. Cornish, Managing Director of the East Africa Bata Shoe Co. Ltd., said at a recent interview: "We are the largest shoe business in East Africa and we shall continue to bring the latest fashions to shoes to the customer, from all over the world, at a price which 'they can afford'."

Town & Country Shoes

Short, comfortable shoes for the different to a woman's shoes. For formal occasions you'll never find more "but smart" than in "Town and Country" quality soft court shoes in grey, navy or very — in A, B and C fitting. Price, Shs. 99/-.

SYRIA MOVES TROOPS: LEBANON ACCUSED OF SUBVERSION

U.S. envoy discusses Communist threat

TALKS IN ISTANBUL

WESTERN tensions over the Middle East crisis rose yesterday as it was reported that Syria troops were digging trenches along the Lebanese border and strengthening military posts. Fears were heightened by attacks by Syrian spokesmen on the neighboring State which turned towards the West at the recent elections.

Gen. Afif al-Haz, the Syrian Army Commander, accused the Lebanon of "formal criminal and subversive activities" in Syria. The Lebanese Government, he claimed, was "apparently determined to pursue a policy of dynamic warfare."

Arms smuggled over border

A large force of guerrillas had been sent to the area to deal with subversive activity while border guards on the frontier with Syria have been strengthened. A Lebanese smuggling of arms and subversive propaganda, a Lebanese newspaper reported yesterday that Syria had moved additional anti-aircraft and anti-tank guns to the Lebanese frontier.

An American report on the Middle East; Mr. Loy Henderson arrived in Turkey on Saturday and after discussions with the U.S. Ambassador, Mr. W. L. Clayton, Prime Minister, Mr. Ismet Inönü, to discuss the situation.

STANDARD OF INTEGRITY IN PUBLIC SERVICES

Over the past year or two, you have published some articles, written by Africans, advertising the Administration of public services should be sponsored by Africans who are engaged in an enterprise in the colonies, but you have not published a single article in this State. This may be done by the Government, but it is not the responsibility of the press.

The Government has been very successful in its efforts to improve the services of the public. It has been successful in its efforts to improve the services of the public. It has been successful in its efforts to improve the services of the public.

SERVICES

It is a matter of public interest that the Government should be successful in its efforts to improve the services of the public. It is a matter of public interest that the Government should be successful in its efforts to improve the services of the public.

Letters to the Editor

As a member of the public, I am interested in the progress of the Government's efforts to improve the services of the public. I am interested in the progress of the Government's efforts to improve the services of the public.

INTELLECTUALS BLAME FOR ALGERIAN TERRORISM

By JOHN BUSH
MOST Europeans in Algeria are convinced that there is no mass support among the 6,000,000 Algerians for nationalist demands for independence. They are a minority of French-educated "intellectuals" who are particularly active in New Algiers, where the United Nations General Assembly is supposed to debate the Algerian problem in the near future.

French officials say that these and other French-educated Algerians are the only ones who are capable of understanding the Algerian problem in its entirety. They are the only ones who are capable of understanding the Algerian problem in its entirety.

At the July 1953 session of the United Nations General Assembly, the Algerian problem was discussed. The Algerian problem was discussed.

PROTEST AGAINST GOVERNMENT ROAD POLICY

Diversion of trade

KUSUMU Chamber of Commerce and Industry Members in Nyansa, who have invited the Minister for Finance and Economic Development, Mr. A. R. Shaw and Mr. J. C. M. Nazareth, to attend its meeting on Friday to hear proposals that the Government's road building policy in Nyansa Province will divert trade from the town.

The Director of Trade and Supplies, Mr. H. T. Martin, has also been asked to attend the meeting, which will discuss the Government's proposals to divert trade from the town. The road will be built to connect with the main road, and from Kili to the town.

It is claimed by the chamber that the road will divert trade from the town, which will be a serious blow to the town's economy. The road will be built to connect with the main road, and from Kili to the town.

England win by innings in dramatic end to fifth Test

THE West Indies on Saturday succumbed to a defeat by England in the final Test of the first innings on Friday, after following on 323 batsmen, and lost by 211 runs. Final scores were: England 412; West Indies 207. England's victory has been the most by three wickets to all with two draws.

Resistance crumbled

The young left-handers were bogged down with one and a quarter hours on Saturday, and the England bowlers were able to break the West Indies resistance.

Moves broke down

All Kibria's forwards fought hard but the link between them and the new open batsmen was broken by a series of moves against the striking batsmen.

Final scoreboard

SOVIET SPY CHIEF ACCUSED OF INCITING SYRIA TO SABOTAGE JORDAN

£30,000 given for financing murders

RUSSIA'S chief of security, Gen. Ivan Serov, is reported to have held talks in Syria on the stirring up of a revolt in Jordan. He is said to have handed over £30,000 as finance and assistance in the neighbouring Arab Kingdom. The visit is believed to have resulted in the recent appointment of pro-Communist officers to high command in the Syrian Army.

He is said to have visited Damascus between July 15 and August 1 and to have discussed plans for subversion with the Syrian Director of Military Intelligence Col. Serfar. His main object of Communist activity throughout the Levant and the Gulf of Jordan, said to be a revolt in the latter country. The gift of £30,000 was to finance subversion and the appointment of Communist officers to high command in the Syrian Army.

SYRIAN SHADOW OVER LONDON STOCKS

Japanese plan drive for exports

THE Japanese Government and business men are planning a big export drive to remedy the country's present balance-of-payments difficulties, but they disagree to some extent over methods.

The Government has far-reaching proposals for extending the export of commodities, especially cotton, silk, wool, iron ore, and other minerals. It is also planning to improve a high-yield rice crop.

Exporters, on the other hand, have risen to a fairly high pitch of activity.

Comal Reuter (E.A.) Ltd.

LONDON Markets were dull and unbroken yesterday, the Syrian situation continuing to affect sentiment. The weakness of Wall Street in Friday was another contributory factor. Prices in most sections were weaker but Gilt-edged securities were steady, helped by an improvement in sterling against the dollar.

It is reported that the Comal Reuter (E.A.) Ltd. has appointed a trustee under the provisions of the E.A. Exchange Control and Currency Regulations.

Mombasa harbour picture

FIVE ocean-going ships were being worked in Kilindini Harbour at the start of the week ended last Wednesday. During the week 180 arrived and 153 sailed and at the end none awaited berth.

All the other three were in the port, with about 1,200 net weight tons of imports and 1,500 net tons of exports awaiting shipment. Imports and exports during the week were valued at Sh 2,000,000 and 2,800,000 respectively. There were 1,000 labourers employed on the wharves and 2,175 tons of revenue were collected during the week.

NEW DEVICE TO CONTROL CAR SPEEDS

An automatic speed brake for motor cars has been developed in the United States, and it is reported that it will be available commercially within a few months.

The device, called the "Auto Brake", is a small, simple device that can be installed on any car. It is controlled by a small pedal on the driver's foot. When the pedal is pressed, the car's engine is automatically slowed down, and the car's speed is limited to a preset rate.

The device is said to be particularly useful for controlling the speed of cars in congested traffic, and for preventing the driver from driving too fast.

Wool sales opening in Australia

AUCTIONS at Melbourne, Australia, and Perth yesterday opened the 1957/58 Australian wool marketing season, with a record production to dispose of and what marketing will be a most important feature. The opening of the wool season is an estimated 500,000 bales, compared with the 450,000 bales of the 1956/57 season.

The wool marketing season is expected to be a most important one for the wool producers, as it will be the first time since 1954 that the wool market has opened with a record production.

TOBACCO CROP

Profits from the 1957/58 tobacco crop are estimated to be around £20,000,000, according to reports from the Tobacco Board. This is a significant increase on the £15,000,000 of the previous season.

The increase is due to a combination of factors, including a rise in the price of tobacco and a steady increase in production.

FOR Health AND Energy Plenamins

Plenamins are a group of vitamins and minerals that are essential for the body's health and energy. They are found in a wide range of foods, including fruits, vegetables, and grains.

Plenamins are important for the body's metabolism, and for the production of energy. They are also important for the body's growth and development, and for the maintenance of the body's tissues.

COLOUR IN THE HOME

By EILEEN ANDERSON

What are getting spoilt for colour in the home? There is such a variety of shades in the home today that we don't make up our minds what we want.

SOME MISLIKES
The first thing to be avoided is the use of too many shades. It is better to have a few shades of a colour used when they are used in the same room. The use of too many shades in the same room is a mistake. It is better to have a few shades of a colour used when they are used in the same room.

WIDE CHOICE
The beauty of it is that it gives you a colour which is in the home today. It is a wide choice of shades in the home today. It is a wide choice of shades in the home today.

U.S. FIRMS BENEFITED IN SUEZ CRISIS

Gloom over Markets continues

Oil profits rose up to 32 p.c.

PROFITS of the five principal American oil companies which went for Europe when the Suez Canal closed last week, rose up to 32 per cent during the first quarter of this year compared with the corresponding quarter of 1956.

This is stated in a report of the Senate sub-committee which declared on July 23 that the closure of the Suez Canal had benefited American oil companies by restricting competition from the Middle East and that the closure had benefited American oil companies by restricting competition from the Middle East.

The report says the "oil" companies have benefited by the Suez Canal closure because they have been able to raise their prices for oil sold to Europe and to the United States.

Review of Britain's exports

Not to-morrow TO-DAY!

BRITISH exports in 1956 did not match the average increase in world trade in any commodity group, according to the Treasury's August Bulletin of "Industry, published yesterday.

"In general, the expansion of British exports followed the pattern of growth in world trade, but with the notable exception of the engineering field, the British exports were generally lower than those of other countries.

Exports of transport equipment were particularly weak, in that sector, increased by 10 per cent in 1956 compared with 1955, but this was offset by a 20 per cent decline in exports of electrical equipment.

Exports of cars did not even get close to their 1955 level, although they were 10 per cent higher than in 1954.

The most satisfactory export performance was in the engineering field, which was up 10 per cent in 1956 compared with 1955, but this was offset by a 20 per cent decline in exports of electrical equipment.

PROTECTION OF KENYA'S INDUSTRIES

Letters to the Editor

To my congratulations on the excellent first article published on the need for protection of domestic industry, may I add the following comments:

In so far as it concerns glass-making it is the need for defence against the importation of glassware from other countries that is the main reason for the need for protection. It is not the need for protection of the industry that is the main reason for the need for protection.

It is in the duty of the Government to protect the interests of its citizens and to ensure that the country is able to produce goods which are essential for its needs. It is not the duty of the Government to protect the interests of its citizens and to ensure that the country is able to produce goods which are essential for its needs.

As for the alleged case of the importation of glassware from other countries, it is not the duty of the Government to protect the interests of its citizens and to ensure that the country is able to produce goods which are essential for its needs.

It is not the duty of the Government to protect the interests of its citizens and to ensure that the country is able to produce goods which are essential for its needs.

BUYERS ACCUSED OF CHEATING GROWERS Coffee 'co-ops' advocated

In many instances the African growers were cheated by the primary buyers. Mr. J. K. Masasi, president of the Uganda National Congress and a Representative Member of the Uganda Legislative Council, told the Commission of Inquiry into the Uganda Coffee Industry in Kampala yesterday.

He stated that the buyers often cheated the growers by paying less than the market price for the coffee.

He advocated the formation of coffee co-operatives to protect the interests of the growers.

K.A.R. battalion to be disbanded SIX YEARS' SERVICE

The 2nd Bn. King's African Rifles, which was formed six years ago and gained distinction in the field against the Mau Mau, is to be disbanded this week. The battalion, which replaced the 3rd K.A.R. on its leaving East Africa for service in Malaya, has for the last three years been based at Lamoga, on the outskirts of Nairobi.

The disbandment of the 2nd Bn. King's African Rifles is a significant event in the military history of East Africa.

The battalion's service in East Africa was marked by several notable operations and battles.

The disbandment ceremony will be held in Nairobi, marking the end of the battalion's six-year service.

The 2nd Bn. King's African Rifles will be reformed in Malaya to continue its service in the region.

Live in beauty

Counting in an art, and your skin is the beautiful work. The richest and most rewarding way to account for your skin is the natural way - a smooth massage with the creamy-creamy lather of Imperial Leather soap, then a splash with cold water, and your skin is left smooth, fresh and lovely, most revealingly soft. Imperial Leather soap has a perfume that is deliciously faint, unable to harm the most sensitive skin, according to your mood, and it lathers and lathers. It is a luxury that is truly an economy, letting you live in beauty.

NAIROBI MOTHER CONDEMNS CHORES FOR CHILDREN

ROBINA WRIGHT, a Nairobi mother, denounces the amount made by a writer in this paper recently that "children are never too young to try their hand at domestic chores". In this article she gives her reasons. "CHILDREN are never too young to try their hand at domestic chores". In this article she gives her reasons. "CHILDREN are never too young to try their hand at domestic chores". In this article she gives her reasons.

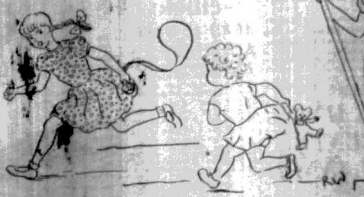

To me, this is about as convincing as the old argument that the fox gives his tail. A two-year-old child who has been trained in domestic skills can do anything that an older child can do - not through any fault in the child's ability, but because once you know how, other people will do it. It is a popular custom that if you domesticate a girl you do her a kindness.

MAINLY FOR WOMEN

When a girl develops a real interest in domestic skills, she will do them with a will. It is not a matter of being forced to do them, but of being interested in them. It is not a matter of being forced to do them, but of being interested in them.

Not domestic? Many women... I trained myself of this when I was very slight, a girl of ten or eleven, and I am now a mother of three. I trained myself of this when I was very slight, a girl of ten or eleven, and I am now a mother of three.

DANGERS TO ECONOMY OF TOO MUCH POLITICS

Governor's warning on 'delicate balance' COAST AREA TOUR

The fear that economic questions might be overshadowed by politics was expressed by the Governor of Kenya, Sir Evelyn Baring, when he addressed members of Mombasa Rotary Club yesterday.

Sir Evelyn said politics was not something that could be considered in isolation. It was perfectly natural and perfectly right that political questions should be in the forefront of people's minds. At the same time, there was some danger that too little attention might be paid to economic questions.

The Governor continued "Kenya's economy is somewhat delicately balanced, and if the good management in politics was expressed by the Governor of Kenya, Sir Evelyn Baring, when he addressed members of Mombasa Rotary Club yesterday.

Syria has received from Russia 200 T-34 tanks and 70 MiG 15 and MiG 17 fighters, according to a British Foreign Office spokesman. He was commenting on a London newspaper report which gave these figures.

It was learned officially in Damascus last night that Marshall Buldigin and Mr. Kravchenko, the Russian leaders, had visited Syria before the end of this year.

The British Foreign Office spokesman said he believed Russia had delivered to Syria arms and equipment worth \$200,000,000 before the recent Moscow visit of the Syrian Defence Minister, Mr. Khalid al-Ahmed.

In Washington, the Secretary of State, Mr. Dulles, said that Syria's requests for arms were being handled with "very large Soviet arm shipments to Syria."

WOOL SALES OPEN IN AUSTRALIA

Season's clip well grown

A FULL picture of the price level of wool can scarcely be expected to emerge until after a few days of well-remembered on the opening of the Commonwealth wool marketing season in Australia. Simultaneous sales have begun in Brisbane, Melbourne and Perth this week.

In the course of the week these centres will be selling over 177,000 bales - comprising 18,000 in Brisbane, 100,000 in Melbourne and 70,000 in Perth - and this should provide a good opening for the season's clip.

The season's clip is reported to be good and in good condition. Values at the opening sales were steady and showed reasonable continuity with those ruling at the close of last season, although in some cases they were a little below those at the Johannesburg sale.

Opening prices revealed some disparity between one centre and another.

Melbourne was one of the most active markets with Yorkshire and Continental buyers particularly keen on the top-quality Bidding of Brisbane was not far behind, particularly on the fine quality wool.

London was good at Perth and this week offers the shortest run for direct export wool to date. It is expected to be the largest wool sale in the world since the opening of the wool marketing season in 1956.

The wool clip was not begun until October.

The devaluation of the French franc that took place in the second week of August had been anticipated for so long that it seemed hardly likely to lead to a major upsurge in the interest of currency matters. Yet in the last fortnight there has been a period of frenzied activity, marked by several big buyers and a number of big turnover and wider than before. The devaluation of the franc has been seen at all times since the week commencing August 1957.

London dollar stocks firm

A feature of London stock markets in the week ending August 28th was the firmness of the dollar stocks and the rise in the value of the pound sterling.

The market for dollar stocks was particularly active, with a number of issues being sold at a profit. The value of the pound sterling rose to a level of 1.48 dollars per pound, a level which has not been reached since the devaluation of the franc.

GOONESENA 1st AMATEUR TO TAKE 100 WICKETS

Jim Parks scores century in each innings of match

GAMUDA GOONESENA, of Ceylon, and Bruce Dooland, Australia, were again in the forefront of a win for North Queensland on Tuesday but it was a thrilling finish before they became the first wicket. Goonesena, on the crest of taking 100 wickets for 50, became the first amateur this season to capture 100 wickets. Dooland, who often shares with the ball through a tremendous left hand, although his batting qualifications may play with a slight fallow.

The first innings ended with the scores level at 100. Goonesena, who was out for 100, was the only batsman to score 100. He was out for 100 in the first innings. He was out for 100 in the first innings. He was out for 100 in the first innings.

Foiled by rain
North Queensland, already assured of being named as the winner, were foiled by a combination of factors which made it impossible to continue the first day's play. The rain fell in the afternoon and the match was abandoned. The second day's play was also abandoned.

BRITAIN HANDS OVER POWER TO MALAYA TODAY

Duke of Gloucester installs new ruler WORLD GREETINGS

MALAYA today becomes an independent nation within the British Commonwealth. The British National Anthem will be heard officially for the last time tonight in Kuala Lumpur, the capital, when the Union Jack is lowered.

Already the flag of the Independent State is fluttering everywhere throughout the Malayan Peninsula. The Duke of Gloucester, representing the Queen, today will hand over sovereign power to Tunku Abdul Rahman, Malaya's first Prime Minister.

The ceremony will be followed by the installation of Tunku Abdul Rahman, formerly ruler of Negri Sembilan State, as Yang Di-Pertuan Agong, which establishes him as the King of Malaya's first primary State, together with Penang and Malacca, at present British settlements.

Nations offer co-operation

Worshippers all over the Malaya Peninsula yesterday put the finishing touches to thousands of telegrams, telegrams and other colorful decorations. The Prime Minister of Australia, Mr. Menzies, in a nationwide broadcast, congratulated Malaya on its achievement and expressed his personal congratulations to Tunku Abdul Rahman, whose wisdom and statesmanship he thought have made him a great figure in the history of our Commonwealth.

CENTRALISATION AIM FOR GOVERNMENT DEPARTMENT Transfers to Town Hall

Two Government departments and a Ministry are to move into the new expansion in National Town House, which is planned to incorporate department buildings.

A Government spokesman said the new buildings at present used by Government departments at a distance away from the city centre are three in number. These are the Treasury, the Public Works Department and the Ministry of Education. The Government is now planning to move these departments to the new National Town House, which is being built on the site of the old National Town House. The new building will be a large, modern structure, and will be completed in the next few years. The Government is also planning to move other departments to the new building, and to centralise its operations there.

TORO PROTEST: KABAKA 'SAME AS OTHER KINGS'

THE Uganda Government has been asked by the Kabaka (Parliament) of Toro, Western Uganda, to consider the proposal to make the Kabaka a constitutional monarch, in the same way as the monarchs of other kingdoms in the East African region.

The request was made in a resolution passed by the Kabaka's Council, which is the governing body of the Toro Kingdom. The resolution states that the Kabaka should be recognized as a constitutional monarch, and that his powers should be limited to those of a ceremonial monarch. The Government is currently considering the proposal, and has not yet made a decision.

Letter wins boy holiday

A LETTER written to an indigenous headman in the Kingdom of Swaziland, the British High Commissioner, London, has won a 14-day holiday for the boy who wrote it. The letter, which was written by a young boy named Peter, was sent to the High Commissioner in London and was published in the British High Commissioner's Office. The boy, whose name is not mentioned, had written the letter to the High Commissioner, asking for a holiday for his father, who was working in the office. The High Commissioner, who was impressed by the boy's letter, granted the boy a 14-day holiday for his father. The boy's letter was published in the British High Commissioner's Office and was widely read in the office.

WALCOTT ARCHITECT OF WEST INDIES RECOVERY

Strong side to meet the Kenya XI

THE Indian cricket team playing under the banner of the Standard C.C. will begin a three-day match on the S.V. Indian Gymkhana ground, Nairobi, today against a Kenya XI.

The Kenia have been reinforced by the arrival of two Indian Test players, Vinoo Kambli and P. H. Sarabji, who are expected to be in the team for a considerable time. The team are expected to meet Kenya, probably the strongest side to play in the Colony.

As already reported, D. C. Carey was named to play in the match against the Kenia XI. He had been named to play in the match against the Kenia XI in 1974.

Dazzling stand for fifth wicket caused trouble

A dazzling fifth-wicket stand of 206 got the West Indies out of trouble at Chelmsford on Thursday when they faced a Kenia XI. The Kenia batsmen were down for 20 when Mysore Agrawal and Vinoo Kambli and their partner dominated the first 20 minutes to such an extent that it seemed that they would finish the match. However, they finished however, with 282 for five.

Wicket was the architect of the recovery. Apart from a brief absence from the field, they were back when 41 played reverse swing. They were then hit by a 135 to get a new start. The Kenia batsmen were hit by a 135 to get a new start. The Kenia batsmen were hit by a 135 to get a new start.
