## VIET-WESTERN CLASH OVER RISK FROM CRISIS IN SYRIA Attacks on U.S. by Gromyko and Bevan

...of opinion and increasing divergence of views on the situa-  
 tion in Syria, and the possibility of its leading to a threat of war, have  
 been expressed in three speeches by Western and Soviet leaders.

While Mr. Dulles, United States Secretary of State, expressed the view that the matter would be dealt peacefully, the Soviet Foreign Minister, Mr. Gromyko, foisted an echo to remarks made by Winston Churchill, and Mr. Bevan, Foreign Secretary of the British Socialist Party. The conflicting views were:

**Danger of doing nothing**

1—Mr. Dulles claimed that the last that the United States was taking the situation seriously amounted to a general statement that a peaceful solution would be found.

2—Mr. Gromyko declared that a threat of a real intervention in the internal affairs of Syria was being made, and Mr. Bevan gave a warning that the opinion of the Eisenhower doctrine in the Middle East could cause serious leading to a third world war.

Speaking of the Press conference in Washington, Mr. Dulles said that if the United States were not meddling and trying to bring about an intervention there, the situation would develop naturally. He stated it would be a matter of time before the United States would be forced to intervene.

He said that the United States would not be forced to intervene unless the situation in Syria became so serious that the United States would be forced to intervene.

**SOVIET WARNING**

**TO TURKEY**

...the Soviet Union is warning Turkey that it will not be allowed to intervene in the internal affairs of Syria.

**TRUCK RETREADS**

...the equipment manufacturers of Ltd.

**TALKS BEGIN IN BELGRADE**

...the talks in Belgrade between the representatives of the Government and the rebels.

## Hungary solution 'in Soviet interest'

URGING the U.N. General Assembly to adopt a resolution concerning Russia for its actions in Hungary last year, the U.S. delegate, Mr. Cabot Lodge, said yesterday that the greatest danger of the Assembly is to give its blessing to the U.S. policy of containment.

**36 speakers**

...the U.N. General Assembly will have 36 speakers on the subject of Hungary.

**WEST BETRAYAL**

...the West has betrayed the interests of the people of Hungary.

The Anson Aerial sprayer, the first British model, will spray and weed-kill over 100 acres a day.

## Egypt's eyes on the Sudan Nile WATER

EGYPT has been accused by the Sudanese Prime Minister of seeking to take a greater part in the administration of the Nile's waters.

The Premier, Mr. Sayed Abdalla Khadi, who has been in office since the overthrow of the late King Farouk, said that the Sudanese Government is anxious to secure a new Nile water agreement with Egypt.

## State Governor threatened in racial disorders

TROOPS yesterday guarded the home of Governor Frank B. Rowland, Tennessee after reports that he has been capital—scene of violence when Negroes tried to evict White tenants.

**Peer may renew Tory organizer**

...the peer may renew his role as a Tory organizer.

**President's policy**

...the President's policy on international relations.

## REPUBLICAN ISSUE FOR ELECTORS

South Africa's future

THE Prime Minister of South Africa, Mr. Johannes Verwoerd, has said that the Republic of South Africa is facing on the question of Parliamentary seats new and big majorities of votes.

## Ghana quieter since Muslim leaders left

Q.C. DEFENDS DEPORTATIONS

**TALKS BEGIN IN BELGRADE**

...the talks in Belgrade between the representatives of the Government and the rebels.

## Commonwealth task to defend Cape route

THE growth of the South African Navy is being regarded as a major task of the Commonwealth.

## FEWER DEATH PENALTIES

Cyprus offences

**Age Khan left £700,000 in U.K.**

...the age Khan left £700,000 in the U.K.

## Dredger's luck runs out

A HELICOPTER rescued 10 of the crew from a dredger which was wrecked in the North Sea.

## PLEDGE TO CO-OPERATE IN GULANA

...the pledge to cooperate in GULANA.

## Peer may renew Tory organizer

...the peer may renew his role as a Tory organizer.

## COACH CLASS AIR SERVICE BETWEEN AFRICA AND U.K.

...the coach class air service between Africa and U.K.

## Fly with pleasure and nightstop leisure

...the pleasure and nightstop leisure.

## ...Fly Safari

People often say they choose Safari because it's cheaper. In fact it's cheaper than other air services, because you're never alone. If you take nightstops you're never alone. If you take nightstops you're never alone.

# Conditions still unsettled in London

## ACTIVITY IN GILT-EDGED

Comtel Hester (E.A.) Ltd. and other investors, who were shadowed by the Middle East crisis, London Stock Markets yesterday remained unsettled, with prices generally lower.

Discussions over the completion of the £100 million loan, with publicising up to a generally lower level, were generally lower. Quotations...

"...nothing more to pay on the house!"

When David died, I was left with a small provision to provide for my two children... and thereafter a mortgage of £2,000 on the house.

Then came the call—from the local manager of the Prudential. I shall never forget my feeling of relief as I looked on him—no more payments on the house—and to receive a lump sum to cash for me.

It was wonderful to find an insurance of £2,000 had been paid—£1,000 paid promptly assigned to general life insurance.

## ADVANCE IN AUSTRALIAN ECONOMY

**Production soars**

Dramatic improvements in health of the Australian economy in the 1950-51 financial year: the Commonwealth Bank of Australia said in its annual report, published yesterday.

But there was still a need for further steps, particularly the report stated.

An initial 10% international balance of payments transfer and a 10% increase in the international balance of payments transfer, which had been a temporary one, were proposed.

# CONSUMER'S CASE FOR FROZEN FOODS

### Letters to the Editor

A member of the prominent purchasing profession in a nationally known magazine, writes to the editor of the K.N.F.U. to urge the introduction of measures to regulate the flow of imported goods.

This means that a few of the best products in the world are being sold in a market where the standard of living is so high that the imported article is not only available but also desired. It is not only the quality of the goods but also the standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

### African self-rule

There is nothing wrong with the idea of self-rule. It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

### Meat and prices

GOVERNMENT'S action to reduce the price of meat is a commendable one. It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

### The Goldstones

USUALLY I do not read the Goldstones. It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

It is the quality of the goods that is being sought for. The standard of the life that is being sought for. The standard of living is so high that the imported article is not only available but also desired.

# CHAMPIONS NOT LIKELY TO FALTER AT BOLTON

One full-time player still in training

**ROTHSCHILD UNITED**, the Division II club which had been hit by an influenza epidemic, will again be unable to field a team today. They have only one full-time player still in training.

Rothschilds made up Wednesday night's Division II match against Liverpool as well as being in training for their Division II match against Kippure on Monday evening.

Manager J. J. O'Connell has removed the permanent half back, J. P. O'Connell, from the squad because of influenza. O'Connell has been replaced by J. J. O'Connell.

All the rest of the team, including goalkeeper John Sheehan, will be in training today.

# Shock team Forest should share the spoils at Leeds

**MANCHESTER UNITED** are carrying on when they left off last season and there is no reason why they should be defeated today, writes Archie Quick. Likewise, on present form, Forest should get at least a point at Charlton.

Leeds, Down-the-dumpy Leicester look booked for a beating on Arsenal ground but West Bromwich could surprise.

A recent Premiership, you may recall, was won by Everton, Newcastle. They should be in the top six, says Archie Quick. Manchester United and Arsenal are in the top six, says Archie Quick. Manchester United and Arsenal are in the top six, says Archie Quick.

Leeds look brilliant. It will be a surprise if they do not win. They should be in the top six, says Archie Quick.

Manchester United and Arsenal are in the top six, says Archie Quick.

# Sunder C.C. to play an E.A. XI

**MEMBERS** from their league and 100 top cricketers will begin a three-day match against the Essex Athletic XI on Saturday afternoon at 2.30. The match will be held at the ground in the grounds of the Essex Athletic XI.

The match will be held at the ground in the grounds of the Essex Athletic XI.

# All-day motor race meeting tomorrow on Nakuru Circuit

**THESE** will be motor racing meetings on the Nakuru Park Circuit tomorrow. Sunday, the first event being a 100-mile race. One day's series of short races has been arranged on all of which the first five drivers in the 100-mile race will be scratch events and the remainder, in the afternoon, handicap.

There has been a good entry and some exciting racing is to be expected.

For this meeting the D.M.V. will be in the car with the race officials. The race officials will be in the car with the race officials.

For this meeting the D.M.V. will be in the car with the race officials. The race officials will be in the car with the race officials.

# LONDON STOCK MARKET: Commodity GLOOMY WEEK

It was gloom and dullness most of the way on the London Stock Exchange last week. Even a last-minute Wall Street rally, apparently stemming from the belief that the situation and postponement of defense orders were about to be reversed, was far from enough to lift the market.

## New bid for mining Co. stock fails

There was not even a great show of confidence in the prospect of a bid for the stock of the response to the London Stock Exchange's offer to buy back the shares of the London and Rhodesian Mining and Land Co. has not been made by Greater Britain.

**Mr. Charles Edwards** **United, who took on the role of intermediary in the London and Rhodesian Mining and Land Co. has not been made by Greater Britain.**

## Rhodesian watch on spending

A WARNING was given by the Prime Minister of the Federation of Rhodesia and Nyasaland, Sir Ian Smith, yesterday, that the Federal Government would have to scrutinize its spending as a result of the heavy fall in the price of copper.

## British cars in trade pagant

Crown-backed Johannesburg agents on Saturday reported that the most important British cars were now in the possession of the Rhodesian Government. The British cars were mostly of the 1956 model and were being used by the Rhodesian Government for official purposes.

## Johannesburg Market quotations

Table with market quotations for Johannesburg, including prices for various commodities and stocks.

## PRODUCE REPORT

Continued from page 1. Market prices for various agricultural products including wheat, maize, and other grains.

# Personalities sway in West German elections

By GERALD LONE  
In the closest general national elections since 1933, the Christian Democratic Party, headed by the former German Chancellor, Konrad Adenauer, won a narrow victory over the Social Democratic Party, headed by Kurt Schumacher.

The Christian Democrats, who headed the former German Chancellor, Konrad Adenauer, won a narrow victory over the Social Democratic Party, headed by Kurt Schumacher. # MANCHESTER U. CRASH TO 1ST DEFEAT AT BOLTON

## United's boggy team provide shock result of season

**MANCHESTER UNITED**, the talented young giants of English football, are frustrated in their first defeat of the season on Saturday when they succumb to Bolton 4-0 by Bolton Wanderers. Bolton are the United's 'boggy' team, having won the only side to beat the League champions in home and away League games last season.

The United have not won on the Bolton grounds since the last seven years and their hopes are dashed for the season.

United's first goal was scored after they had taken the lead in the 22nd minute. Manchester United were 2-0 up at the interval and were 3-0 up at the end of the first half.

Bolton added three goals in the second half. Little more than a minute before the interval, Bolton were 3-0 up. In the 65th minute, Bolton were 4-0 up.

Manchester United were 2-0 up at the interval and were 3-0 up at the end of the first half.

## League tables after Saturday's matches

**THE ENGLISH LEAGUE**

Division 1	Division 2	Division 3

**Plea for simpler furniture**

By **HAZEL BEYRICK**

It is extraordinary furniture is becoming. From the signs I have seen in London's shops lately, it is each week becoming more and more the vogue, it is that things quickly become old-fashioned.

If the designers were on this way we shall have to change our furniture style in one classier if we want to keep up with the world.

Take for example a little book, which is a very nice one, but it is not a good one. It is a book of London of several years ago. It is a book of London of several years ago. It is a book of London of several years ago.

**TOO CLEVER**

But the trouble is that everyone is going to get tired of it. It is a book of London of several years ago. It is a book of London of several years ago. It is a book of London of several years ago.

It is a book of London of several years ago. It is a book of London of several years ago. It is a book of London of several years ago.

**BRIGHT AND GAY**

To go with it they thought they ought to have a bright, cheerful, modern one. It is a book of London of several years ago. It is a book of London of several years ago. It is a book of London of several years ago.

**Women's Treasury Corner**

This very contemporary room shows just one way how the use of conventional but beautiful furniture can be made to give a new look to a room.

**RECURRING CAPRICES OVER SCHOOL PLAYGROUND GAMES**

By **DIANA MIELSON**

At school playgrounds throughout the world you are sure to find the children engaged in the latest game craze. These games are often so absorbing that they are played with enthusiasm and go with unrelenting abandon, as if dictated by an invisible force.

Many of these games have been passed down from generation to generation, and sometimes they are almost forgotten. However, they are being revived again in a very big way. It is a very interesting and a very important development.

It is a very interesting and a very important development. It is a very interesting and a very important development. It is a very interesting and a very important development.

It is a very interesting and a very important development. It is a very interesting and a very important development. It is a very interesting and a very important development.

It is a very interesting and a very important development. It is a very interesting and a very important development. It is a very interesting and a very important development.

# SECRECY ON MILITARY BASE IN KENYA

Be sure of the purest milk

Ask your dairy for **TETRA PAK**

- ★ Whole milk in safe plastic-coated cartons.
- ★ Packed, sealed and date-stamped at the Creamery.
- ★ No bottles to wash or return.
- ★ Ask your dairy to start delivering TETRA PAK today - take home a regular supply from your office.

Costs no more than milk in bottles  
**KENYA CREAMERIES** KCC (P) Ltd.

Is there any need for secrecy in the proposed military establishment in Kenya?

There are the views of James S. Rogers, the Defence Minister. After his return from the military installations in Kenya, Africa and Libya, there has been no further word as to the project, although Mr. Rogers has said "I have a feeling that it will be a surprise to the public."

It is known that Mr. Rogers has been the chairman of the Government after the Commonwealth Prime Minister Conference. This would not seem to be an official statement, clear and precise about any proposed military base in Kenya, was made during the African Ministers' Conference. Mr. Rogers, in his speech, said that the Government's role in the defence of Africa. The Conference also passed an appreciation of world defence strategy, specifically one aimed at Kenya.

## LETTERS TO THE EDITOR

Cyprus to Kenya "overseas" has been mentioned in the "Morning Star" in a column. It is stated: "If we have a military base in Kenya, we must be in a position to defend it."

Last month Mr. Rogers visited Kenya for the first time. He said that the purpose of his visit was to see the military base in Kenya. He said that the purpose of his visit was to see the military base in Kenya. He said that the purpose of his visit was to see the military base in Kenya.

It is known that Mr. Rogers has been the chairman of the Government after the Commonwealth Prime Minister Conference. This would not seem to be an official statement, clear and precise about any proposed military base in Kenya, was made during the African Ministers' Conference. Mr. Rogers, in his speech, said that the Government's role in the defence of Africa.

## Doctors in Kenya

While I think that the Government should do all it can to attract medical practitioners to Kenya, it is not necessary to do so in order to attract medical practitioners to Kenya.

The Government should do all it can to attract medical practitioners to Kenya, it is not necessary to do so in order to attract medical practitioners to Kenya. The Government should do all it can to attract medical practitioners to Kenya, it is not necessary to do so in order to attract medical practitioners to Kenya.

It is known that Mr. Rogers has been the chairman of the Government after the Commonwealth Prime Minister Conference. This would not seem to be an official statement, clear and precise about any proposed military base in Kenya, was made during the African Ministers' Conference. Mr. Rogers, in his speech, said that the Government's role in the defence of Africa.

## Crisis directive

Mr. Rogers has said that the Government should do all it can to attract medical practitioners to Kenya, it is not necessary to do so in order to attract medical practitioners to Kenya.

The Government should do all it can to attract medical practitioners to Kenya, it is not necessary to do so in order to attract medical practitioners to Kenya. The Government should do all it can to attract medical practitioners to Kenya, it is not necessary to do so in order to attract medical practitioners to Kenya.

# ROBERTSON-MRS. MORRIS WIN KAREN FOURSOMES

### Women trounce the Georgians in annual battle on the Hill

The second successive weekend A. J. Robertson won the major prize when, partnered by the Karen lady Mrs. Audrey Morris, he took the 1931 Karen open tournament competition on Thursday by a 14-hole margin before he had won the principal trophy of the Lamarra open.

The Karen winning team, Robertson and Mrs. Morris had a 17-hole margin with Mrs. Morris making 69 and Robertson 72, while Mrs. Morris and Mrs. J. W. Moore were runners-up with 103 and 110 for the 36-hole tournament. The winners were also the victors in the 18-hole match play between Mrs. Morris and Mrs. J. W. Moore.

### Three poor losses

Robertson's three losses were to Mrs. J. W. Moore, Mrs. J. W. Moore and Mrs. J. W. Moore. He was defeated by Mrs. J. W. Moore in the 18-hole match play, by Mrs. J. W. Moore in the 36-hole tournament, and by Mrs. J. W. Moore in the 18-hole match play.

### Other club events

The 18-hole match play between Mrs. Morris and Mrs. J. W. Moore was won by Mrs. Morris with a score of 110 to 113. The 36-hole tournament was won by Mrs. Morris with a score of 103 to 110.

Wisdom women say "Wisdom" when buying a toothbrush. They choose it for its correct shape, which cleans thoroughly, and for its well-known resistance to rusty hand wear.

The strong, springy ridge of the "Wisdom" toothbrush cleans their teeth and provides for an exceptionally long life; so much so that often you brush your teeth. The strong long-lasting protection for teeth and gums — an important contribution to your health and good looks.

Look for "Wisdom" in its hygienic dust-proof container; it is stocked by dental stores everywhere.

The new **Ronson Triumph** with the quick-fill swivel base\*

It's Ronson's latest triumph—a wonderful new design to save you time and trouble, make filling quick and easy. Just twist the new Swivel Base open, fill, and snap it shut—it's so simple. And there are three attractive finishes. The Ronson Triumph is yet another example of Ronson's progressive leadership in lighter design.

# AFRICANS PLAY VITAL ROLE IN SHAPING OF NEW TANGANYIKA

## Governor's pledge to House

Standard Correspondent, Dar es Salaam.

TANGANYIKA'S African population must progressively and fully share the responsibility for the development of the country, the Governor, Sir Robert Robinson, said today in the House of Representatives.

He described the occasion as "another landmark in the development of the country." Expressing the confidence of the Members and the people of Tanganyika in the Governor, he said that the future of the country would depend on the way in which the people of Tanganyika shared the responsibility for its development.

He said that the Government was determined to ensure that the people of Tanganyika had a say in the way in which the country was governed. He said that the Government was determined to ensure that the people of Tanganyika had a say in the way in which the country was governed.

He said that the Government was determined to ensure that the people of Tanganyika had a say in the way in which the country was governed. He said that the Government was determined to ensure that the people of Tanganyika had a say in the way in which the country was governed.

## Water crisis: Plot owners protest

### COUNTY CIRCULAR THREAT

PLLOT OWNERS on the Garden Estate, off the Thika Road, intend to petition the Department of Health, the County Council and the Ministry of Agriculture about the alleged lack of action in what is described as "a desperate water crisis". If they fail to get a satisfactory reply they will petition the Government.

The crisis, which is being described as "a desperate water crisis", is being described as "a desperate water crisis". The crisis, which is being described as "a desperate water crisis", is being described as "a desperate water crisis".

## Mrs. Needham Clark voted Alderman

UGANDA DRIVERS EARNED THE LAURELS AT NAKURU

They scored three wins, two second, three third places

FAVOURED with perfect weather and a track in excellent condition, the motor racing drivers on the Victoria Park Circuit on Sunday were a good and thoroughly enjoyable one with some interesting events. The old hands generally enhanced their reputations while several newcomers, particularly from Uganda, put up a most interesting record, gaining some notable successes.

The 10-lap race for the Uganda Motor Racing Club principal drivers, E. Brown, J. M. Brown, and J. M. Brown, were a beautiful success, with J. M. Brown taking the lead on the 10-lap race. The 10-lap race for the Uganda Motor Racing Club principal drivers, E. Brown, J. M. Brown, and J. M. Brown, were a beautiful success, with J. M. Brown taking the lead on the 10-lap race.

The toast of Europe!

A fine green pea soup steaming on the table, and all Europe pervades the room! Not enough time to prepare it? Never mind! Knorr's Swiss do it for you. Their ham flavoured green pea soup is a treat for the whole family, lovingly made of the choicest vegetables and the tastiest ham. You cannot buy better, Madam, nor make better either. How, you may ask, can Knorr's Swiss offer so much for so little? Simply because Knorr's Swiss work on a big scale, carrying for the most particular palates in many different countries. That is why we can produce such good food so cheaply.

Just one  
brushing with  
New, White Ipana

**Fights Tooth Decay!**  
**Stops Bad Breath**  
**For Hours & Hours!**

Doctors generally will tell you that new, white Ipana, with W.D.O., effectively reduces tooth decay when used regularly after meals.

Because it contains W.D.O., even a single brushing with new Ipana destroys hidden bacteria that cause decay and bad breath, leaves the mouth sweet and clean for hours and hours.

New minty flavor encourages children to brush teeth. Grow-ups, too, love it!

**ipana**  
TOOTH PASTE

CONTAINS W.D.O.—the bacteria-destroyer  
Product of Wm. Wm. Lewis & Co., Inc., 140 E. 4th St., New York, N.Y.

# LEWER FARM MIGRANTS ARRIVING IN KENYA

## More for professions

Just over there was a marked decrease in the number of people entering Kenya for professional and business purposes, but a "continuous" increase in arrivals with an increased income level in its annual report.

Over 115 people were deported from the Colony last year, says the report for 1953 and this year's figures show a marked increase in the number of people presented and deported. The number of people presented and deported increased by 20 per cent for a total of 136 people. There were 206 people presented and 136 were deported.

There was a drop of 12 per cent in the number of people arriving in Kenya during the year. The total was 54,500 in 1953, compared with 62,000 in 1952.

The report states that this figure represents 1429 people who arrived in Kenya during the year.

# WORKING HOLIDAY FOR MR. NATHOO

After a holiday spent in London, Mr. Nathoo, Minister for Works, has returned to Kenya by air.

Mr. Nathoo is expected to spend two months in Kenya on a working holiday. He is expected to visit various parts of the country and to meet with officials of the various departments.

Mr. Nathoo is expected to return to Kenya by air in the next few days.

# Let there be light in the halls of fame

The following poem, "Let there be light," was written by Mr. K. Mitchell, with a covering letter stating that it was "the outcome of a poetic mood" developed in the author's mind yesterday's leading article in the Standard.

Let there be light in the halls of fame  
 To shine on the deeds of the brave  
 To shine on the deeds of the brave  
 To shine on the deeds of the brave

# PLANS TO SIMPLIFY ISSUE OF LICENCES

## Saving time and work

Proposals to simplify the Transport Board's system of issuing licenses have been submitted by the Ministry of Transport.

The proposals are intended to save time and work for both the public and the Transport Board.

at Nakuru Motor Racing on Sunday, September 15th

# JOE ERSKINE BOOED AS HE RETAINS HIS TITLE

Setback for Scots from Police side

Cooper could be champion if he had telling punch

**JOE ERSKINE** on Tuesday retained his British heavyweight title by outpointing Henry Cooper over 15 rounds at Harrington. There was extremely little in it and when the fight ended the Walsingham-born fighter was booed from the stands for his heavy sections of the trudge. It was a disappointing fight between the heavily-punching champion and the lively, athletic challenger.

Neither boxer had a telling punch and the capacity crowd of 18,000 was disappointed for shortage of big punches. But Cooper, possibly thinking like a selling puncher, retained his title by outpointing Erskine.

### Best prospect of night

Erskine was his fight which was stopped in the 15th round. He was the only boxer to have a fight in the main event.

The boxer world's attention was attracted to the main event by the fact that the 19th round was the only one in which Erskine was the favorite.

Erskine's victory was a surprise to many who had expected Cooper to win. The fight was a close one and Erskine's victory was a surprise to many who had expected Cooper to win.

JOE ERSKINE

At Gordon Road, on Tuesday evening, the Calcuttina "A" side received a setback in their May League aspirations when they were beaten by Police "A" by the odd goal in three late in the game.

The Scots were in the running for several places in the final table and it was rather ironic that they were beaten by the team they were supposed to be beating.

All teams that have been in the running for the title have been in the running for the title. The game was a close one and the result was a surprise to many who had expected the Scots to win.

Decision is awaited

A decision for the League Cup will be made in the next few days. The game was a close one and the result was a surprise to many who had expected the Scots to win.

Unpopular verdict

Agree, in the seventh round a similar look at the same point may be made. The game was a close one and the result was a surprise to many who had expected the Scots to win.

Reason, however, why the boxer world's attention was attracted to the main event by the fact that the 19th round was the only one in which Erskine was the favorite.

### Earliest round chance

Promising fight brought up the 19th round. The game was a close one and the result was a surprise to many who had expected the Scots to win.

Erskine's victory was a surprise to many who had expected Cooper to win. The fight was a close one and Erskine's victory was a surprise to many who had expected Cooper to win.

### Tuesday's Soccer results

Results of football matches played on Tuesday were:

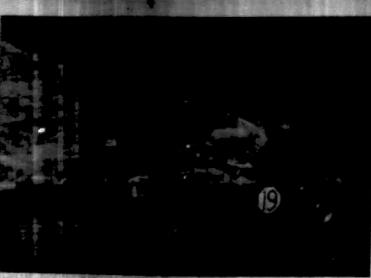

English League: Arsenal 2, Tottenham 1; Liverpool 2, Manchester United 1.

Ken Mackay will tour Union

Ken Mackay will be touring South Africa, this afternoon. The tour is being organized by the South African Cricket Board.

Dev Dutt semi-final

Dev Dutt will be playing in the semi-final of the Test match against India. The match is being played at the Eden Gardens, Calcutta.

## The Uganda football crisis: Firm action SUSPENSION OF UGANDA F.A.

The Football Association of Uganda has suspended the Uganda Football Association (U.F.A.) for failing to provide a list of players for the 1957-58 season. The U.F.A. had failed to provide a list of players for the 1957-58 season. The U.F.A. had failed to provide a list of players for the 1957-58 season.

## BANK RATE RAISED TO 7 p.c.: CLAMP ON BORROWING

Britain 'determined to save sterling'  
HIGHEST SINCE 1920

THE Bank of England raised the bank rate by 2 per cent to 7 per cent yesterday in an attempt to curb rising prices and defend the pound against speculative attacks.

It has also placed a ceiling on the amount of money that can be borrowed from banks by the Government, and announced a curb on the activities of nationalised industries had planned to spend on new programmes.

The steep rise in the bank rate, key to the interest charged on borrowed money, shocked investors and halted deposits on the Stock Exchange. Only twice in the history of the pound has the rate been raised by more than 2 per cent in one move. It has risen over 50 per cent since 1950, when it reached 7 per cent.

### Dollar parity to remain

Announcing the Government's new measures, the Chancellor of the Exchequer, Mr. Thorpe, said in a Treasury statement: "The Government is determined to maintain the internal and external value of the pound."

He added that Britain intended to keep the exchange rate of \$3.40 to the £, but the existing parity was right and supported by the evidence of United Kingdom trade figures.

The Government's attempt to lighten the economic burden of the pound in foreign exchange markets has led to increasing the rate of the pound against the dollar from 14.6 to 15.00, which Britain has used to buy up pounds in the foreign market.

## FORECAST RISE IN E. AFRICA

EAST AFRICAN banks have now been forced to raise their prime rate, but it is forecast last night that it will increase by at least 1 per cent.

Mr. J. H. Fisher, Finance Secretary for East Africa, said in a statement that the banks had raised their prime rate to 10 per cent, but it was expected to rise to 11 per cent by the end of the month.

## UK to co-operate with Union

# IMPROVING DEFENCE OF AFRICA

INCREASED co-operation between Britain and South Africa has been planned to improve the defence of Africa in view of the threat from external aggression which could result from the increasing tension between the two countries, it has been stated in London.

Britain has agreed in principle to grant South African Air Force planes "overflight" rights in the three African Frontiers areas to be used for the setting of air bases in Southern Africa, and to provide the necessary facilities for the defence of Africa.

### Nairobi conference

The chief conference of the Commonwealth in the East African region was held in Nairobi on September 17-18. The conference was attended by representatives of the United Kingdom, South Africa, India, Pakistan, Ceylon, and the Netherlands.

### British force to be based in Malaya

Britain and Malaya have agreed that a British force of 10,000 men will be based in Malaya to help in the defence of the country against outside aggression.

### Ten die in ambush

Ten guerrillas killed in an ambush on the Katanga front in the Congo. The guerrillas were members of the Katanga National Liberation Army.

### Trumpeter calls off trip in protest

THE world trumpeter player, Louis Armstrong, has called off his trip to the Congo in protest against the situation in the country.

## Riot at Athi: One detainee dies

SIX hard-core Mau Mau detainees, one of whom has since died, and two European prison officers and 14 African warders were injured when a batch of detainees who had been sent from Mageta Island riot at Athi River Detention Camp on Tuesday.

## SONGRAM A REFUGEE

PHILADELPHIA's popular French Minister, Paul Marzani, has fled to the United States to escape the wrath of the French Government.

## BANNED Q.C. WILL TRY TO ENTER GHANA AGAIN

## Industrials and Oils slump on Bank rate news

Commodities (S.A.) Ltd. A GENERAL reaction in the market was to be expected as a result of the increased bank rate on 29th October. The market was particularly active in the oil and industrial sectors, where there was an all-round advance. Some fairly large shareware transactions were being made in the oil and industrial sectors. The market was particularly active in the oil and industrial sectors, where there was an all-round advance. Some fairly large shareware transactions were being made in the oil and industrial sectors.

TRADE MARKING BY: GILLETTE SAFETY RAZOR CORPORATION LTD.

A record number of visitors went to the East African Office in London last year for travel to the three Territories last year.

This attraction was the main reason for the increase in the number of visitors to the office last year.

### Record flow of visitors to E. Africa last year

#### DEVELOPMENT ADVANCE

BOTH the increasing momentum of development in East Africa and the changing political scene resulted not only in a great volume of requests for information but also a large flow of visitors to the Territories, it is stated in the report for 1954 by the East African Commission in London.

The total number of visitors went to the East African Office in London last year for travel to the three Territories last year. This attraction was the main reason for the increase in the number of visitors to the office last year.

**Make face fairer**  
In Kenya, the desire to improve the appearance of the face is a common one. The use of face cream is a popular method of achieving this end. The cream should be applied to the face after the skin has been washed and dried. It should be applied to the face before going to bed and in the morning.

**Industry grows**  
All Territories continued to encourage the development of secondary industries during the year. A recent report of the Kenya Industrial Council (K.I.C.) shows that the number of new industries started in Kenya last year was 104, showing an increasing trend of industry being established in the Territories. The K.I.C. is the central body for the promotion and development of industry in Kenya.

### BIG RISE IN NUMBER OF PLOTS SURVEYED

SUB-DIVISIONAL committees conducted for the first time last year almost as numerous as before the Emergency and resulted in increased progress towards development of the territories. A special report states:

The Kenyan Government has been successful in carrying out its programme of land survey and subdivision. The number of plots surveyed last year was 4,775, showing a big increase over the 2,975 plots surveyed in 1954.

**Swifter surveys**  
In the execution of a scheme for the survey of land, the Government has been successful in carrying out its programme of land survey and subdivision. The number of plots surveyed last year was 4,775, showing a big increase over the 2,975 plots surveyed in 1954.

**Separate office**  
The Government has decided to set up a separate office for the survey of land in each of the three Territories. This will enable the Government to carry out its programme of land survey and subdivision more efficiently.

### Higher charge for ambulance COUNCIL PROPOSAL

The ambulance charges for the year 1955-56 will be increased by 25 per cent. This is a proposal of the Ambulance Council, which has been approved by the Government. The Council has also proposed to increase the charges for ambulance services in the Territories.

### Ten new cases of polio in Kenya

Two European and eight African children were admitted to hospital in Kenya last week with polio. The cases were reported to the Health Department by the parents of the children. The children are being treated in hospital and are expected to make a full recovery.

## KENYA TEAM STARTS DRIVE TO FREE FARM CROPS OF GAME

REDEVERS HAINS describes the opening operation by a game control team against buffaloes in the Kiambu area.

THE Kenya Government has put into the field a special team to drive game — particularly buffaloes — from areas where they are causing damage to crops to the extent of thousands of pounds a year. A game control officer, Kenya-born Mr. John Rousar Harvard, assisted by African gamekeepers and a pack of dogs, has begun a drive against the herds invading the farming areas of the Kiambu district.

The object is not to kill off the buffaloes, which live in small patches of forest on farms, but to drive them from this thick bush from which they raid the farmlands at night, up into the Aberdeens Mountains on one side and the high forests of Mount Kenya on the other, where they can live unmolested. The buffaloes have been raised from a few hundred to a list of 100,000 animals, including elephants, bush pigs, monkeys and porcupines.

For in addition to driving crops and cutting down the strongest cattle herds. He is also a prolific breeder, and his animals are not easily frightened.

▼ One farmer, Col. A. K. Duggan, has found an alternative but most expensive method of guarding his crops, as presented by 15,000 pounds. He has a pack of dogs, which he has trained to kill the animals and to give them a severe shock sufficient to drive them away from the forest crops.

The man-estrained, five-foot high dog has a small voltage three-pole system from the top of the bush, and the dog is in the centre and a little lower down the bush. Lower down special mesh has been erected to take the wire, preventing contact with the animal.

For in addition to driving crops and cutting down the strongest cattle herds. He is also a prolific breeder, and his animals are not easily frightened.

Top: The main target of the game control officers in their drive to clear destructive game from areas. The team treats every buffalo with great respect and this one looks a more than usually dangerous customer. The second picture shows the farmer, Col. A. K. Duggan, on his farm at Kiambu where game has ruined crops of the crops.

The game control officers set off to round up buffaloes and drive them from the farming areas.

months have a healthy respect for their keepers. They appreciate their punishment. Their coming, however, generally is not welcomed. They come down to water in the early morning and when the food is not available they will do anything to fail. It was long thought that the small forest areas and the few crops, the dogs running down and ready for the hunt. Mount Kenya was closed in 1934. The game control officers are now in the area.

### FRESH TROUT

The fish business in the district has been a little more than usual in the last few days. The fish are being sold in the market at a price of 10/- per lb. The fish are being sold in the market at a price of 10/- per lb. The fish are being sold in the market at a price of 10/- per lb.

### INTO FOREST

All that was once a forest is now a plain. The forest has been cleared and the land is now being used for agriculture. The forest has been cleared and the land is now being used for agriculture. The forest has been cleared and the land is now being used for agriculture.

### MOUNT KENYA IMPRESSIONS

CHAMBERS of Mount Kenya and its surroundings are a vast and beautiful area. The mountains are high and the valleys are deep. The scenery is magnificent and the climate is pleasant. The mountains are high and the valleys are deep. The scenery is magnificent and the climate is pleasant.

The bride's mother, Mrs. M. J. O'Brien, was seated to the left of the bride. The groom's father, Mr. J. J. O'Brien, was seated to the right of the groom.

The wedding took place at the Methodist Church, Parklands, on December 10th. The bride and groom were joined in matrimony by Rev. J. J. O'Brien.

The bride, who was given away by her father, wore a full-length dress of white French lace carried a bouquet with a short veil and a crown of flowers. The groom wore a white tuxedo and a white bow tie.

The ceremony was officiated by Rev. J. J. O'Brien, and the best man was Mr. Derek Budge. The bride's mother, Mrs. M. J. O'Brien, was seated to the left of the bride.

The groom's father, Mr. J. J. O'Brien, was seated to the right of the groom. The wedding took place at the Methodist Church, Parklands, on December 10th.

## BRITISH COMEDY WITH A TANG OF THE SEA

A BRITISH comedy with a tang of the sea, **THE LADY BARES HER CLAWS**, opens for the first time at the Theatre Royal, Nairobi, next week.

The story is set in a small fishing town on the coast of Devon. It tells the story of a young woman who is in love with a man who is a fisherman. The man is a bit of a rascal, but the woman is a bit of a saint. They get together and have a very interesting time.

**PATRICIA HAYTON** in the title role of **'THE FANLIGHT STRANGER'**

# NOV Revolution in the Kitchen

## END THOSE EXCUSES OVER SHORT-TOUCH MEALS FOR THE UNEXPECTED GUEST

FLORA HERMAN continues our kitchen series with some suggestions for scratch meals for which she apologizes, and then. The series will be concluded next week with an article by OLGA BERTIS on American kitchens.

Do come home and have supper with us. How many wives need to endeavour to sound enthusiastic when they press their husbands' spontaneous invitations further, thinking at the same time, "Goodness, I haven't a thing in the house."

Well, if you really haven't a thing in the house, but you have an adequate amount, the sooner you train your husband not to make such uncompassionate overtures or to take all his friends to supper for meals, the better.

Generally, however, there are odd scraps of leftovers that can be worked on and even if you store cupboard is empty, the fresh and desirable things that are on hand can be used to make a meal that can be served with style and good taste. There are a number of ways in which you can do this. For example, you can use a fresh vegetable or fruit for a salad, or you can use a fresh vegetable or fruit for a soup. If you have a vegetable, you can use it for a soup, or you can use it for a salad. If you have a fruit, you can use it for a dessert, or you can use it for a salad.

### Apple store

There is a certain amount of fruit that is available in the market at the moment. This is a good time to buy some of the fruit that is available, and to use it in a variety of ways. For example, you can use apples for a pie, or you can use them for a salad. You can also use them for a dessert, or you can use them for a drink.

### Good start

The way to a good meal is to start with a good start. This means that you should have a good breakfast, and that you should have a good lunch. If you have a good breakfast, you will have more energy for the day, and if you have a good lunch, you will have more energy for the afternoon.

Miss Adams has an excellent recipe for a "Kiss-me-when-you-are-hungry" soup. This is a very simple recipe, and it is very easy to make. It is a very good soup, and it is very healthy.

An artistic, plain or with a decorative touch, you can make a very good meal. This means that you should have a good breakfast, and that you should have a good lunch. If you have a good breakfast, you will have more energy for the day, and if you have a good lunch, you will have more energy for the afternoon.

At the least, a can of fruit may be used to make a very good meal. This means that you should have a good breakfast, and that you should have a good lunch. If you have a good breakfast, you will have more energy for the day, and if you have a good lunch, you will have more energy for the afternoon.

One of the easiest and most satisfying meals to make is a simple meal. This means that you should have a good breakfast, and that you should have a good lunch. If you have a good breakfast, you will have more energy for the day, and if you have a good lunch, you will have more energy for the afternoon.

Breakfast over more of the family (and children) will be able to enjoy it. This means that you should have a good breakfast, and that you should have a good lunch. If you have a good breakfast, you will have more energy for the day, and if you have a good lunch, you will have more energy for the afternoon.

mean't apply there may demand more. If you are a good cook, you should be able to make a very good meal. This means that you should have a good breakfast, and that you should have a good lunch. If you have a good breakfast, you will have more energy for the day, and if you have a good lunch, you will have more energy for the afternoon.

Four courses  
A simple meal can be made in four courses. This means that you should have a good breakfast, and that you should have a good lunch. If you have a good breakfast, you will have more energy for the day, and if you have a good lunch, you will have more energy for the afternoon.

If a meal of four courses is prepared, it will be a very good meal. This means that you should have a good breakfast, and that you should have a good lunch. If you have a good breakfast, you will have more energy for the day, and if you have a good lunch, you will have more energy for the afternoon.

mixed grill  
A mixed grill is a very good meal. This means that you should have a good breakfast, and that you should have a good lunch. If you have a good breakfast, you will have more energy for the day, and if you have a good lunch, you will have more energy for the afternoon.

she's bound to be a good cook—and save money too

with a **Kenwood**

**Chef!**

Shs. 628/-

Using the Kenwood Chef, you can make a variety of dishes. This means that you should have a good breakfast, and that you should have a good lunch. If you have a good breakfast, you will have more energy for the day, and if you have a good lunch, you will have more energy for the afternoon.

## RESEARCH BY BRITISH HOUSEWIVES PROVES THAT YOUR COOKING UTENSILS MATTER

EASIER cooking with more careful results depends more on the condition of your pots and pans than most people think. This has been proved in a programme of tests where cooking was done by housewives as arranged by the research and development team of Crown Housewares. The housewives have often remarked that, when they have bought a new casserole pan, 'browned' things, which were 'burnt' before, were 'done'.

This is because old pots and pans are 'burnt' in the same way. It is not the metal, but the surface of the metal which is 'burnt'. This is why it is so important to keep your cooking utensils in good condition.

**Two causes**  
The 'burning' of a piece of metal is due to the fact that it is heated to a temperature above its melting point. This is why it is so important to keep your cooking utensils in good condition.

The first cause of 'burning' is the fact that the surface of the metal is not smooth. This is why it is so important to keep your cooking utensils in good condition.

The second cause of 'burning' is the fact that the surface of the metal is not clean. This is why it is so important to keep your cooking utensils in good condition.

The third cause of 'burning' is the fact that the surface of the metal is not polished. This is why it is so important to keep your cooking utensils in good condition.

The fourth cause of 'burning' is the fact that the surface of the metal is not protected. This is why it is so important to keep your cooking utensils in good condition.

The fifth cause of 'burning' is the fact that the surface of the metal is not treated. This is why it is so important to keep your cooking utensils in good condition.

The sixth cause of 'burning' is the fact that the surface of the metal is not maintained. This is why it is so important to keep your cooking utensils in good condition.

The seventh cause of 'burning' is the fact that the surface of the metal is not replaced. This is why it is so important to keep your cooking utensils in good condition.

The eighth cause of 'burning' is the fact that the surface of the metal is not renewed. This is why it is so important to keep your cooking utensils in good condition.

The ninth cause of 'burning' is the fact that the surface of the metal is not restored. This is why it is so important to keep your cooking utensils in good condition.

The tenth cause of 'burning' is the fact that the surface of the metal is not repaired. This is why it is so important to keep your cooking utensils in good condition.

The eleventh cause of 'burning' is the fact that the surface of the metal is not replaced. This is why it is so important to keep your cooking utensils in good condition.

The twelfth cause of 'burning' is the fact that the surface of the metal is not renewed. This is why it is so important to keep your cooking utensils in good condition.

The thirteenth cause of 'burning' is the fact that the surface of the metal is not restored. This is why it is so important to keep your cooking utensils in good condition.

The fourteenth cause of 'burning' is the fact that the surface of the metal is not repaired. This is why it is so important to keep your cooking utensils in good condition.

The fifteenth cause of 'burning' is the fact that the surface of the metal is not replaced. This is why it is so important to keep your cooking utensils in good condition.

The sixteenth cause of 'burning' is the fact that the surface of the metal is not renewed. This is why it is so important to keep your cooking utensils in good condition.

The seventeenth cause of 'burning' is the fact that the surface of the metal is not restored. This is why it is so important to keep your cooking utensils in good condition.

The eighteenth cause of 'burning' is the fact that the surface of the metal is not repaired. This is why it is so important to keep your cooking utensils in good condition.

The nineteenth cause of 'burning' is the fact that the surface of the metal is not replaced. This is why it is so important to keep your cooking utensils in good condition.

The twentieth cause of 'burning' is the fact that the surface of the metal is not renewed. This is why it is so important to keep your cooking utensils in good condition.

The twenty-first cause of 'burning' is the fact that the surface of the metal is not restored. This is why it is so important to keep your cooking utensils in good condition.

The twenty-second cause of 'burning' is the fact that the surface of the metal is not repaired. This is why it is so important to keep your cooking utensils in good condition.

The twenty-third cause of 'burning' is the fact that the surface of the metal is not replaced. This is why it is so important to keep your cooking utensils in good condition.

The twenty-fourth cause of 'burning' is the fact that the surface of the metal is not renewed. This is why it is so important to keep your cooking utensils in good condition.

...and it is found that the condition of the cooking utensils is a very important factor in the results of the cooking. The housewives who used the best quality utensils were able to cook their food more easily and more quickly than those who used the poorest quality utensils.

**Empty kettle**  
You might think that an empty kettle is not a problem, but it is. It is a problem because it is a fire hazard. It is a fire hazard because it is a fire hazard.

**Cleaning method**  
The Crown Housewares development team has found a simple and effective method of cleaning your cooking utensils. It is a method that is simple and effective.

**No danger**  
When you wash your cooking utensils, you should be careful not to use too much soap. This is because too much soap can be dangerous.

**Never leaves**

CATTLE MEASLES, GHANA AND LAMP POSTS FOR THE MAYOR

THREE of the leaders who appeared in the East African Standard discussion just week ago are below for contemporary readers:-

Measly meat

SOME very queer things had their way through paper offices. Who would refuse the gift of a meatloaf? That the latest delivery delivered one meatloaf last week by road. He was treated and disgusted. He wanted to know what the Kenya Meat Commission was going to do about it? The ravages of measles in cattle glare out of the annual report on the Colonial Veterinary Service. No meat should be imported if Kenya should be ignorant of the danger to the health of man and beast in our market. It is unsafe many of them are, especially the African whose eating of half-raw meat and primitive personal habits, cause the cycle of measles and tapeworm to gain ever wider.

The imports into Kenya meat industry are serious enough in terms of cash loss to 40 per cent of the farms in Kenya. It is not only the African who is affected, but the rumination effects are more serious among the European. The development and the agricultural industry must be protected against such a thing.

It is not only the African who is affected, but the rumination effects are more serious among the European. The development and the agricultural industry must be protected against such a thing.

It is not only the African who is affected, but the rumination effects are more serious among the European. The development and the agricultural industry must be protected against such a thing.

It is not only the African who is affected, but the rumination effects are more serious among the European. The development and the agricultural industry must be protected against such a thing.

It is not only the African who is affected, but the rumination effects are more serious among the European. The development and the agricultural industry must be protected against such a thing.

It is not only the African who is affected, but the rumination effects are more serious among the European. The development and the agricultural industry must be protected against such a thing.

It is not only the African who is affected, but the rumination effects are more serious among the European. The development and the agricultural industry must be protected against such a thing.

It is not only the African who is affected, but the rumination effects are more serious among the European. The development and the agricultural industry must be protected against such a thing.

Rule of law

THEY perhaps, than any body else, the friends of Ghana will be shocked by the action taken against Mr. Christopher Shumway, Q.C. The Minister of the Interior has advised the immigration authorities to prevent Mr. Shumway from re-entering the country after he had spent a few days in London.

Excitement when least expected

THE Mayor of Nairobi was rightly told an interesting incident in connection with the proposed Municipal Council election.

THE Mayor of Nairobi was rightly told an interesting incident in connection with the proposed Municipal Council election.

PETER MAY (27) TO GIVE UP CRICKET IN FIVE YEARS

NOW that Test captains are being appointed at an early age, it seems that we can also expect them to retire earlier.

At the ripe old age of 27, England's skipper Peter May makes his final pronouncement. This will prevent a five-year limit on any playing career. This will prevent a five-year limit on any playing career.

But this was an Olympic with a difference. The word was spoken by competitors on a field. No more will be seen in the case of Test captains.

It was "The Silent Olympic" the International Games for the Deaf and Dumb.

The Londoner, who played for the Middlesex and England, was one of the best batsmen in the world.

He is now a member of the London County Council.

PETER MAY, Captain of the England Cricket Team.

### SOME KEEN SAILING ON THE LAKE AT WEEKEND

A narrow win for Greenfield

From a Special Correspondent  
**GREENFIELD**, sailing Duke, won the monthly handicap on Lake Naivasha on Sunday after three races sailed in varying conditions. Nine boats in all took part and Greenfield finished with a 12-point margin over Ashwith third place only a further three-quarters of a point behind Ashwith. All the very good days sailing, the four races were sailed in the morning and the afternoon. Greenfield's crew consisted of Duke, Greenfield, and Duke's crew. Duke's crew consisted of Duke, Greenfield, and Duke's crew.

**Dryad's lead reduced**  
On the eve in Mombasa, Duke's crew was clearly defined. Duke's crew consisted of Duke, Greenfield, and Duke's crew. Duke's crew consisted of Duke, Greenfield, and Duke's crew.

**Procedurally varied**  
On the last to Island, Duke's crew consisted of Duke, Greenfield, and Duke's crew. Duke's crew consisted of Duke, Greenfield, and Duke's crew.

### FINE DAY ON THE CIRCUIT

**(Continued from page 1)**  
The race was well won and sailed over the line in the afternoon. Duke's crew consisted of Duke, Greenfield, and Duke's crew. Duke's crew consisted of Duke, Greenfield, and Duke's crew.

**Would be helpful**  
Such a bridge could be used to advantage by officers and other authorized persons who were not on the circuit. Duke's crew consisted of Duke, Greenfield, and Duke's crew. Duke's crew consisted of Duke, Greenfield, and Duke's crew.

The refreshment of friendship

# ROYAL SHOW SUPPLEMENT

Nairobi, Friday, September 20, 1967

The refreshment of friendship

## LESSONS FROM FARMS IN U.K. A KEY TO SUCCESS

The message to the farming community of Kenya was sent in the "Royal Show Supplement" by the Minister for Agriculture, Mr. MICHAEL BLENDLELL, while on holiday in London.

ONCE again the Royal Show comes to Nairobi to give the farmer an opportunity to demonstrate his wares and progress. It also gives the townsmen the chance to see something at close hand of the industry which feeds him and provides most of the economic wealth of the country. I am writing this in the United Kingdom, where I have been most interested to see the changes made here in farming since I was last able to take a real look at it about seven years ago.

First, the scale of production and the amount of mechanisation, and second, the amount paid to the farmer for his produce. In the United Kingdom and I think that in most other parts of the world, the farmer has to bear the cost of his own tractor and machinery. In Kenya, the Government subsidises the purchase of tractors and machinery for the farmer in the form of a loan.

Eye to labour bill

Nevertheless, you can learn from the experience of our own farmers in Great Britain and plan your husbandry and operations with an eye to the labour bill. In Great Britain, the Government has been successful in its efforts to reduce the cost of production and to increase the value of the produce. This has been done by increasing the value of the produce and by reducing the cost of production. In Kenya, the Government has been successful in its efforts to reduce the cost of production and to increase the value of the produce. This has been done by increasing the value of the produce and by reducing the cost of production.

The main entrance to Mbitani Park, home of the 1977 Royal Show.

## PROGRESS REPORTED FROM AFRICAN AREAS UNDER THE SWYNNERTON PLAN

HEAD and horns all will be seen sporting of African agriculture. The African farmer, under the Swynnerton Plan, has been encouraged to increase his production and to improve his standards of living. This has been done by increasing the value of the produce and by reducing the cost of production.

Most fertile land

Some of the most fertile land in the United Kingdom is in the south-east. This is due to the fact that the soil is rich in nutrients and is well watered. In Kenya, the Government has been successful in its efforts to increase the value of the produce and to reduce the cost of production. This has been done by increasing the value of the produce and by reducing the cost of production.

£5,000,000 from outside

The general cost savings in African areas is estimated at £5,000,000 which will be used for the purchase of tractors and other machinery. This will help the farmer to increase his production and to improve his standards of living.

## A message from the President of the R.A.S.K.

Mr. BRUCE MUKENYI, the President of the Royal Agricultural Society of Kenya, introduces this article on the organization of the Royal Show and the prospects of development in Kenya.

I am much honoured by the invitation to write a message to the readers of the "Royal Show Supplement". Let me start by saying that I am probably the first President not to say that this year's Show is "bigger and better" than last year's. However, it is my conviction that this year's Show will be the most successful in its history. This is because of the excellent organization and the high standards of the exhibits. The Show is a great opportunity for the farmer to see the latest in agricultural machinery and to learn from the experience of other farmers. It is also a chance for the townsmen to see the industry which feeds them and to learn about the progress of development in Kenya.

Areas events

As a member of the R.A.S.K., I am proud to see the progress of the Show and to see the efforts of the members of the Society to improve it. The Show is a great success and it is a pleasure to see the progress of the members of the Society. The Show is a great success and it is a pleasure to see the progress of the members of the Society.

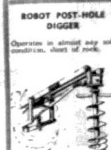

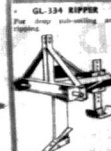

# See the LITTLE GIANT at the Show

# RESEARCH AT MUGUGA THAT LEADS TO BETTER FARM PRACTICE

By DR. H. C. PHIBBS, Deputy Director

**VISITORS** to the station will see a display of materials used in research into aspects of irrigation, ranging from five page numbered like a folder, to a cup filled with the chemical analysis of feeding stuffs. We hope this will arouse their interest in the way in which the East African Agricultural and Forestry Research Organisation is helping the Agricultural Department of all three territories to mark out some of their farming problems.

As a result of the work done at Muguga, the Agricultural Department at Addis Ababa has been able to compile one thousand of East African soils, many of which are used to test the effect of fertilizers on these territories. The Agricultural Department has been able to measure the effect of various types of manure on the soil.

The results were not only for the territories but also for the Agricultural Department of the United Kingdom. The results were also used in the Agricultural Department of the United Kingdom.

The main building and administrative office of the research organization at the East African Agricultural and Forestry Research Organisation.

## A threat to maize forestalled

Maize is the staple food of the East African territories and its production is the mainstay of the rural population. A threat to maize forestalled by the Agricultural Department of the East African territories is the spread of the maize weevil, a pest which has been causing serious damage to maize crops in the East African territories.

The Agricultural Department has been able to identify the maize weevil as the cause of the damage and has been able to develop methods of control. The results of the work done at Muguga have been used to develop methods of control of the maize weevil in the East African territories.

## Despise reservoirs

Despise reservoirs. Are you interested about your farm water supply? If so, you will be pleased and surprised by the many facilities and appliances which are available to you. The Agricultural Department has been able to develop methods of control of the maize weevil in the East African territories.

The Agricultural Department has been able to identify the maize weevil as the cause of the damage and has been able to develop methods of control. The results of the work done at Muguga have been used to develop methods of control of the maize weevil in the East African territories.

## Study in inheritance

Study in inheritance. The Agricultural Department has been able to identify the maize weevil as the cause of the damage and has been able to develop methods of control. The results of the work done at Muguga have been used to develop methods of control of the maize weevil in the East African territories.

The Agricultural Department has been able to identify the maize weevil as the cause of the damage and has been able to develop methods of control. The results of the work done at Muguga have been used to develop methods of control of the maize weevil in the East African territories.

REFRIGERATION EQUIPMENT BY **J. & E. HALL LTD.** Dartford, Kent, England

# The biggest disappointment of Show Week!

Due to the fact that the ship that was bringing them here has had to call at an additional port, the full range of HOLDENS will not be here in time for the Royal Show.

However—don't miss the **HOLDEN de Luxe Sedan** on the Cooper Motor Corporation Stand

Full particulars of other models available.

**TESTED AND PROVED**—Not only was the Land-Rover tried and distinguished at the Royal Show, but it has been proved over and over again in practice to be completely successful in every use in East Africa.

**DESIGN**—The Land-Rover is designed to meet the most difficult conditions and is built to last. It is a completely new design, built to last, and is completely successful in every use in East Africa.

**SPARES AND SERVICE ORGANIZATION**—Over a quarter of a million Land-Rovers are in use in every part of the world. Spare parts are readily available and service is prompt and efficient in every part of the world.

**DISTRIBUTION: LONG EXPERIENCE**—The Cooper Motor Corporation Limited began its experience over 25 years ago by selling the first production Land-Rovers, and over the years have gained a full knowledge of all the wonderful possibilities of these vehicles and, as with all products they sell, when the time is right, they have the best advice and spare parts in the country.

**TRADE-IN VALUE**—In high. A Land-Rover is never too old to trade in. It is a completely new design, built to last, and is completely successful in every use in East Africa.

**TRAINED MECHANICS**—All C.M.C. mechanics and drivers in East Africa have been trained in the handling of Land-Rovers.

★ From the people that put the best cars on the road—and keep them there.

The people that put the best cars on the road—and keep them there.

There's **NOTHING** Like a **LAND-ROVER**

# HERSEYS THE BIGGEST SECTION AMONG OVER 500 CATTLE ON PARADE

By R. A. HAMMOND  
Chairman of the Cattle Sub-committee  
"Why can't the sea cattle be the main arena now?"  
"Why not?"

This criticism is being voiced and after every Royal Show, and successive committees have tried to give the public what it demands, but it is not so easily arranged and effected.

During the situation at South Park on the Thursday after the Show. This year, we managed to have the best and most complete in "hair belt" selection, which is highly appreciated. Like their forefathers, we have to be appropriate in our selection. The Veterinary and the Wednesday is spent in the washes and dressing which is required before the animals are presented to the judges on Thursday morning.

Members Day (Thursday) is the day when the exhibitors are together, not so much the main arena but among the stalls and rings set among the stalls. There are no fewer than 1000 stalls in the main arena on the Thursday, with some of the cattle having to queue for five times before they can be exhibited.

## DISEASE MAY AFFECT THE PIG CLASSES

ALTHOUGH the entries in this year's Royal Show are again a credit to the exhibitors, it is considered that foot-and-mouth disease, spread as shown at the National Cattle Show held in June if not by the arrival of the virus, may affect the pig classes in the main arena.

The outbreak of this disease in the main arena is a serious matter, and it is a pity that the exhibitors are not more fully informed of the danger.

## Expert from England

In spite of our many difficulties, it is a good thing that the exhibitors are aware of the danger of foot-and-mouth disease, and it is a pity that the exhibitors are not more fully informed of the danger.

The outbreak of this disease in the main arena is a serious matter, and it is a pity that the exhibitors are not more fully informed of the danger.

The Society, which the limits of the available resources, has provided a number of improvements for the convenience of exhibitors, which will be of great value to the exhibitors.

## Dangers of fire

The Cattle Committee meets weekly to discuss the dangers of fire in the cattle line. Additional safeguards and hydrants have been provided, and a number of improvements have been made.

## Thorough selection

There are no many prizes awarded in the cattle section, but the exhibitors are aware of the danger of foot-and-mouth disease, and it is a pity that the exhibitors are not more fully informed of the danger.

## BALANCED DEVELOPMENT OF EGERTON COLLEGE

### Competition for places

By W. J. ENGLAND,

Principal of the Egerton Agricultural College, who has recently returned from Britain where he interviewed many potential students.

In the heart of the highly developed farming area, at Eglers, there stands a fully Equipped Agricultural College, open to European students from any part of East Africa as well as from Commonwealth or Continental countries.

Like so much else in a young country, transition and progress at Egerton have been rapid. Eight years have passed since a Equipped but primitive School of Agriculture became the Egerton College of Agriculture.

Only under the Ordinance of 1930 did the College become a self-governing body under the chairmanship of the then Governor of the Province of Northern Rhodesia, Sir Ferdinand Leys-Bastin.

It has been in these eight years that the real problems of Egerton have been solved. The first was to keep a permanent staff of the 1930-7. Since then the 1930-7 staff has been replaced by a new staff of 1937-8. This has been done with the aid of the Government of Northern Rhodesia.

It has been in these eight years that the real problems of Egerton have been solved. The first was to keep a permanent staff of the 1930-7. Since then the 1930-7 staff has been replaced by a new staff of 1937-8. This has been done with the aid of the Government of Northern Rhodesia.

 at 'NEW STANLEY HOTEL & SAIDER HOUSE' P.O. BOX 3014 NAIROBI  
 PHONE \*22820 \*20426

LIVESTOCK importations were started in Kenya early this century and have been continuing for the past 50 years.

Imports of the Kenya Veterinary Department include high-grade cattle, sheep, goats and their equipment from all over the world.

In the past three years there has been a marked increase in livestock imports and this can be attributed to the importations in July 1954, of the Hasting, which always test regular air freightage service.

**All types imported**

All types of livestock are imported from all over the world. These include sheep, goats and their equipment from all over the world. These include sheep, goats and their equipment from all over the world.

It was some time before the sheep could be moved to the field. The man in the white shirt was seen to be talking to the sheep, possibly giving them instructions or checking their health.

of both land and stock which have been imported.

The importation of all types of livestock from all over the world is a major feature of the Kenya Veterinary Department. This includes sheep, goats and their equipment from all over the world.

**Pat lambing season**

Recent months have seen a marked increase in the number of lambs born to the sheep of the Kenya Veterinary Department. This is due to the improved health and breeding of the sheep.

**Popular breeds**

Some of the most popular breeds of sheep imported into Kenya include the Merino, the South African, and the East African. These breeds are valued for their high-quality wool and their ability to thrive in the local climate.

**Pat lambing season**

The lambing season in Kenya is a busy time for farmers and veterinarians alike. It is a time when many lambs are born, and it is important to ensure that they are healthy and well-cared for.

**Dairy cattle**

The average dairy cow in Kenya has a very high milk yield, and this is due to the improved health and breeding of the cows. This is a major benefit to the dairy industry in Kenya.

**U.K. chief inspector**

The U.K. chief inspector of livestock has visited Kenya to inspect the livestock industry. He has found that the industry is well-developed and that the animals are of high quality.

**High standards**

The high standards of the livestock industry in Kenya are a result of the improved health and breeding of the animals. This is a major achievement for the industry and a benefit to the country.

# Seven aims of the R.A.S.K. put Kenya's farming on the map

By "Standard" Staff Reporter

THESE agricultural students, manufactured in 1918 to form the Kenya Agricultural and Horticultural Society, the forerunner of the Royal Society, the Agricultural and Horticultural Society of British East Africa, the Nakuru Horticultural Society and the Union College Agricultural Society.

The Society has grown in strength over the years. It marked its fortieth birthday last year but since then it has expanded rapidly and today is one of the largest organisations of its kind in the whole of Africa.

Most of its 2,500 members are agriculturists, and the society is associated with the agricultural industry.

The year after its formation, the Society was granted the prefix "Royal" and became the Royal Society of Kenya. Horticultural and Agricultural Societies of Kenya, the Royal Society of Kenya, the Agricultural and Horticultural Society of British East Africa, the Nakuru Horticultural Society and the Union College Agricultural Society.

In 1918, the Horticultural Society became a separate society and was granted the title of Royal Horticultural Society of Kenya.

The first aim of the Society is to encourage and assist its members in the agricultural industry. It does this by providing them with the best way in which to carry out their work in the most economical and profitable manner.

In recent years, the Society has organised several agricultural exhibitions. The most recent was the Kenya Agricultural and Horticultural Exhibition, which was held in Nairobi in 1954.

### Kenya's potential

These are the Kenyan "stars" of the year. The Queen Prize, other members of the Royal Society and members of the Agricultural and Horticultural Society of Kenya, the Nakuru Horticultural Society and the Union College Agricultural Society.

The Kenyan Agricultural and Horticultural Society is one of the largest organisations of its kind in the whole of Africa. It has a membership of over 2,500 members.
