

EXTENSIONS PROPOSED FOR SERENGETI PARK

Special nature sanctuary in craters: Game corridor LINK WITH MARA RESERVE

IMPORTANT revisions to the boundaries of the Serengeti National Park are recommended in the report of the Committee of Inquiry established under the name of the Committee, which was headed by Sir Barclay Kihlbi, an ex publicist at Arusha late June and early July.

The proposed extensions of the present park in the Western Serengeti, the Committee recommends that the Ngongoro and Embagi craters should be excluded. The craters, would, however, become "nature sanctuaries" with their floors barred to human occupation, and be surrounded by special conservation units administered by the Tanganyika Government. The land between the proposed park and the conservation units would be a game-corridor area to ensure a migration corridor for wild animals.

Limited value to humans

The recommendations for the Western Serengeti extensions in the south-west of the existing park, closing of a small gap between the western boundary and Speke Gorge on Lake Victoria and a major addition on the north to join up the Mara National Reserve in Kenya.

Adoption of the suggestions would make the Western Serengeti park at least three times the size recommended in the Tanganyika Government's White Paper.

The Committee states: "The Western Serengeti is only of marginal value for human use and as a result of its continued occupation it will rapidly deteriorate. It could be maintained and improved. As such, it would have high aesthetic and educational value as well as great scientific interest, not only for the people of Tanganyika but also throughout the world."

"However, as a wild life conservation area it could be maintained and improved. As such, it would have high aesthetic and educational value as well as great scientific interest, not only for the people of Tanganyika but also throughout the world."

NOT VERY DIFFICULT

The Committee suggests that the extension of human life would involve the extension of the park to include the area between the Mara and the Serengeti. This would be a serious threat to the interests of man, wild life and the game.

FINANCIAL AID SUGGESTION

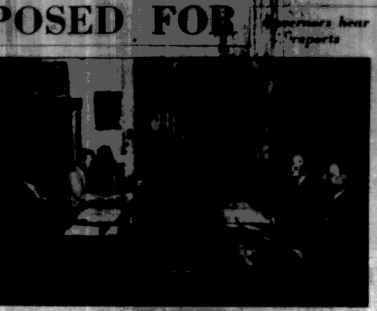

The Committee suggests that the extension of human life would involve the extension of the park to include the area between the Mara and the Serengeti. This would be a serious threat to the interests of man, wild life and the game.

Women's Tuesday Corner

By Evelyn Wood

ONE of the handiest additions to the older woman's wardrobe can be the odd jacket. But it must be an odd jacket with a purpose, not just any suit jacket.

Such a garment is invaluable during the hot weather to the woman out at work. The specialty of her job demands a formal appearance. Choose a material in a workable fabric like alpaca, linen or a cotton jacquard are the most suitable, and make it up in a simple, trim style with dark slim skirts and you will always look trim while keeping cool.

You will find it useful, too, on holiday, if teamed with a cream pleated skirt, and with a matching knit belt.

Concern at cost of Prisons omission

tractors INQUIRY CALL BY FARMERS

FARMERS from all over Kenya have been invited by a group of Members of the Legislative Council to launch a national campaign to bring about a reduction in the cost of farming equipment, and tractors.

AN omission by the Prisons Department to employ an equipment for the hire of tractors is being criticised by the Council. It is estimated that the Government has lost K200,000 in the year ended June 30, 1956.

The committee points out that the detention camp is operated by a central committee to ensure that the work is done in a satisfactory manner. It is estimated that the Government has lost K200,000 in the year ended June 30, 1956.

New sandals are a boon for housewives seeking style with comfort

By HELEN GALE

THERE is much to be said for sandals, even though they are the most elementary form of footwear known in the history of an apical craft that has developed through the centuries into a massive industry. Sweet and cool on the foot, the sandal has certainly stood the test of time since primitive races first designed it.

Today it is becoming fashionable to wear sandals for the housewife who likes to combine style with comfort even when in a hurry doing the daily chores about the house. One pair of sandals I have seen—just right for the style-conscious housewife—comes in a handsome leather that has been specially treated so that it repels the daily dirt and dust by an occasional wash in soap and water.

There are a real boon to housewives because they have a cooling effect about the feet of the housewife who wears them. They are light in weight and are available in colors or in white.

Suede sling-strop

Another type of sandal is the sling-strop, the foot resting on a soft fabric strap in the center of comfort. It is distinguished by a decorative cross-band which looks all the more like a sling-strop.

MAINLY FOR WOMEN

Green with envy

People are not so "green" with envy as they were some time ago. In the world of fashion, a pair of shoes is not so much a possession as it once was. A pair of shoes is now a possession that is shared by many people.

Labels mean in women's shoes. The labels mean that the shoes are made of leather, suede, or cloth. The labels mean that the shoes are made in a certain country.

There is a real boon to housewives because they have a cooling effect about the feet of the housewife who wears them.

Band of diamonds

I think a pair of black suede shoes with a band of diamonds is a very stylish and elegant pair of shoes.

VELETA CLEAR FAVOURITE FOR CAMBRIDGESHIRE

Light betting at Monday's Autumn Double collover

Four changes in Welsh team v. England

WHEN the cards on the Autumn Double race at Newmarket, the Cambridgeshire (two miles, one furlong) on October 20 and the Cambridgeshire (one mile, one furlong) on October 21 were called over at the Victoria Club, London, the favourite was Veleta, who is a 100-1 shot at 100-1. He was the only candidate to attract any attention for the Cambridgeshire.

There were without doubt four changes in the Welsh team for the match against England at Cardiff on October 19 compared with the team which lost the Welsh Cup at Newport on September 25. Tommy at right, Terry Griffiths at left, and John Williams replaced David Jones at right, and John Williams replaced David Jones at left. RUSSIA'S SA TELLITE 'FALLING TO EARTH' REPORTS

Scientists 'doubt on bomb TEST SUCCESS

on loss of altitude SIGNALS RESUMED

RUSSIA's space satellite, which since last Friday has been circling the earth at 18,000 miles an hour, was yesterday reported to have begun to lose altitude and speed. Some scientists have believed it was falling to earth. Early in the morning the satellite resumed sending out its radio signals, after a six-hour lull.

The controversy over the nature of the signals was further confused by a statement by Pravda, the official Soviet newspaper, that the satellite was sending messages which were being decoded by electronic brains.

No powerful transmitters

This had been suggested previously by American scientists but denied by Dr. A. A. Bagdasaryan, a leading Soviet physicist connected with the project. An Australian scientist also denied that the satellite, by being irradiated by the 250-millimetre alloy sphere had been carrying two powerful transmitters but he did not deny that it might be carrying a transmitter depending on the temperature outside the sphere. The satellite had radio antenna 7 ft. 10 in. to 9 ft. 6 in. long and 1.5 in. diameter. Signals from the satellite were picked up by the rocket which launched it, but a third piece of evidence, a burning through space. The third object is a protective cone which shielded the satellite during its descent in different countries.

U.S. is ready for missile talks

OFFER BY DULLES

AMERICA is ready to talk to Russia about international control of space missiles. The United States Secretary of State, Mr. Dulles, disclosed this after conferring with President Eisenhower and Mr. Stassen, the President's chief foreign policy adviser.

Mr. Dulles made it clear that any such talks would have to be on a basis of mutual advantage. He said at a Press conference that the United States was ready to discuss any proposal for international control of space missiles which would be mutually beneficial to both sides.

REBUFF TO ZHUKOV

No Washington visit

MR. Khrushchev, the Russian Premier, has refused to visit the United States Secretary of State, Mr. Dulles, in Washington. Mr. Dulles had invited Mr. Khrushchev to visit Washington as part of a Washington-Moscow exchange program.

TRANSFER OF MR. ADIE FROM BARBADOS

surance on 'racial' controversy

Chief Secretary of Barbados, Mr. Jack Adie, has given to be transferred elsewhere because of public concern over accusations of racial discrimination against him. It was announced from Government House, that the charges arose when Mr. Adie commented on a school daughter from a Government school, who had applied to a "pre-graded" school.

BOMBS ADD TO FIRE HAZARD

BIG INCREASE IN KENYA CRIME FIGURES

Queen has Asian flu vaccine

Problem of policing city

WITH the exception of the Rift Valley Province and the Kenya Polluted areas, crime figures in Kenya for 1956 showed considerable increase over previous years. It is stated in the Kenya Police report for 1956, which was tabled in Legislative Council this week.

Crime in the country last year totalled 13,648, compared with 11,000 in 1955. The report says that in the Rift Valley District, crime is attributed partly to a change of attitude towards the law on the part of the population, as there were few more working in the area.

JIMMY CARTER CLEARLY OUTPOINTED BY TOWEEL

South African will go all out for world title fight

HOPES of a world title fight for Willie Toweel, South African and Empire lightweight champion, rose on Tuesday when he clearly outpointed Jimmy Carter, former world title holder, over ten rounds at the first Ring Albert Hall, London, Carter was the victor by a unanimous decision.

Carter, who has been champion for nearly six years, is a former world title holder, but did not get his title because he was defeated by an African who probably won the seven, if not more, of the rounds.

Carter, from the very first round, was clearly outpointed by Toweel, who was the victor of the fight by a unanimous decision. Toweel, who is a former world title holder, was clearly outpointed by Carter, who was the victor of the fight by a unanimous decision.

Towel was worried. If there was a suggestion that he should fight Carter, he would have to be sure that he was not being outpointed by Carter, who was the victor of the fight by a unanimous decision.

London on January 16, 1968
 Mr. Lester, the manager of the fight, says that Carter was clearly outpointed by Toweel, who was the victor of the fight by a unanimous decision.

DIRECT UGANDA ELECTIONS IN 1958

Colonial Secretary on 'considered steps' to self-rule

U.K. DUTY TO NON-AFRICANS

The Colonial Secretary, Mr. Lennox-Boyd, said yesterday that Uganda's first direct elections would go ahead as planned in 1958. He added that the African representation after 1961 when it was intended to introduce a fully controlled step, but 1961 was in no sense a target date for self-government.

Mr. Lennox-Boyd, who was addressing a Press conference in Kampala, said he had studied "with interest" the recent debates in Uganda Legislative Council on election proposals, and had discussed the issues with the Governor, Frederick Crawford. "We are both agreed that it will be in the best interests of the political future of Uganda that members should be introduced next year in all Kampala," he said.

"In the case of Kampala we agree that some form of direct representation should be arranged if possible in order that this district may advance in step with other districts.

Value of non-Africans

"As for the future, Her Majesty's Government is fully convinced that the electoral machinery to be set up for the 1958 election should be based on the introduction of a wide franchise. The Government was convinced the non-African communities had an "enduring and valuable contribution to make to the life of Uganda," and therefore considered it essential to provide for such communities a proper part in the government of the country.

"Indeed, Her Majesty's Government regards it as a duty to see that this is done. The principle method of doing this is to set up a franchise which will be based on the value of the contribution made by the non-African communities to the life of Uganda."

Mr. Lennox-Boyd, British Colonial Secretary, yesterday in Kampala, Uganda, announced that direct elections would go ahead as planned in 1958. He also announced that the African representation after 1961 would be introduced as a fully controlled step.

Attack on high living costs

ANXIETY at the rising cost of living continued the opening of the 1957 Women Party conference at Bristol, England, yesterday. One of the main topics for discussion was "the cost of living." The conference was held at the Bristol Hilton Hotel.

A stronger line against inflation was demanded by the conference. It was agreed that the Government should take steps to reduce the cost of living. The conference also discussed the need for a national wage survey.

TB STILL KENYA'S MAJOR HEALTH WORRY
Medical report for 1956

NO serious epidemics occurred in Kenya in 1956, although typhoid fever was still troublesome in the urban areas. It is stated in the Medical Department report for 1956, which has been laid in Legislative Council, that the general and patchy distribution of the disease poses a challenging epidemiological problem.

Substantial progress in the most important and difficult infectious diseases with which the Department had to deal in 1956 was achieved through the use of treatment under compulsory notification and the use of the new vaccine against typhoid fever. The prevalence of typhoid fever was reduced by 50 per cent in the campaign to control the disease.

Staff expansion

The report goes on to say that in 1956 the need to expand the staff of the department was recognized and a necessary increase in staff was made. At the same time, more emphasis was placed on the mental aspects of health care and it was accepted that the Medical Department should charge some fees for services to the individual.

It was as a result that has been turned and new vistas of medical progress have been opened up. It is stated that the department has been able to carry out a number of important projects in the field of health education and the establishment of health education units in the various hospitals and health centres. The report also mentions the establishment of a health education unit in the department and the establishment of health education units in the various hospitals and health centres.

Close to plan

Both these services had been successful in the past and the department had followed the original plan, but there were significant divergences which the department had to recognize and incorporate in future policy.

The building in 1951 for the first health centre at Gilgil in the Southern Highlands had been completed. At the end of 1956, further health centres had been completed. The report also mentions the establishment of health education units in the various hospitals and health centres.

QUEEN OF CANADA SPEAKS

TO 12,000,000 IN TV BROADCAST

Ottawa's rousing welcome as four-day Royal visit begins

SALUTE BY BELLS OF CITY

QUEEN ELIZABETH—Queen of Canada, as she is being referred to in Ottawa—will make a nationwide radio and television broadcast early today (Sunday night), to the Canadians who gave her a tumultuous welcome on her arrival on Saturday night for a four-day visit. About 12,000,000 Canadians will see the Queen making her first tele-visual speech to her Dominion from Government House, where she is staying.

A 21-gun salute shook the brilliant autumn foliage on the maple trees around the royal palace landed at Uplands Airport and Ottawa's bells began sounding a 15-minute welcome. The crowd of 15,000 cheered as the Queen, as Sovereign is greeted by the Governor-General, Mr. Vincent Massey, and the Prime Minister, Mr. Diefenbaker.

Hundreds of thousands of cheering Canadians lined the Leminé route to Government House and as the transport-topped car carrying the Royal visitors slowly teach Confederation Square, where it circled the National War Memorial unveiled by the Queen's father in 1929.

Mr. Massey later, where the Queen and the Prince accompanied the suite they used on their travels.

reception later, the Queen and Prince Philip will be accompanied by a group of representatives who are covering their visit on television.

The Queen, who showed no signs of tiredness after her 3,000-mile journey, was addressed in French and English by the Mayor of Ottawa. "Perfect. But the weather of London is half an hour after we had it here," she said in English. "I should not have been here."

Her first public speech will be given in French at 10:00 p.m. She will then hold up the stream of people who have lined up to meet her.

The first engagement program was the wreath-laying ceremony at the National War Memorial, where the Queen arrived as headed by the Governor-General and the Chief Justice of the Supreme Court.

The Queen and her entourage arrived in Ottawa at 8:30 a.m. on Saturday morning. They were met by the Governor-General and the Prime Minister at the National War Memorial.

FRANK'S DISCUSSION WITH Building plan for Agriculture house site

AGRICULTURE HOUSE—One of Nairobi's oldest and best buildings is to be demolished next year to make way for a new eight-story building.

The site for the new building has been reserved since 1930. It has been reserved since 1930. It has been reserved since 1930.

Members of Assembly appointed

Three Tanganyika officials were named as members of the Kenya Legislative Assembly.

Congress attacks Uganda policy

Typical of a large group of African opinion was the attack on the Uganda policy of the Legislative Council.

WHAT were described as "very important" problems, equal to, if not more so than those of the Colonial Secretary, Mr. Lennox-Boyd, and His Majesty the Governor, Sir Alfred Wood, were discussed before the Elected Members during their meeting last night at the Nairobi Club.

Although not specifying the problems, Sir Alfred Wood, Chairman of the Executive Council, stated that the discussions were "very full, frank and friendly".

Other racial groups in Legislative Council also had private interviews with the Colonial Secretary.

Among the groups present were the African Union, the Kenya African National Congress, the Kenya African Students' Union, and the Kenya African Teachers' Union.

African criticism

There were also criticisms of the Government's policy in Uganda, which was described as "unfair and unjust".

Daily you can see the amazing results of our dry-cleaning. But you don't expect you to connect it with the supernatural. Modern dry-cleaning is a well-known fact to learn, and experience is giving better results, which are unsurpassed and still not well over the top.

We at Pearl have been in the cleaning business for 30 years and we still keep on learning, improving our methods, raising our machines. These British Research Organizations guide our European Experts.

We are gentle, natural, solvent, because they are kind to the body of the material, that is why there is no need for general synthetic restatements.

CONSISTENT WOLVES ARE STILL LEAGUE LEADERS

Spurs find old form to beat Arsenal at White Hart Lane

WOLVERHAMPTON Wanderers, one of the mainstays of the English football league, have today beaten Arsenal 2-1 at White Hart Lane, the latter's home ground on Monday. They increased their lead in the championship race to two clear points over their nearest rivals.

Playing fast and accurate football, the Wolves, who were always the masters, Denis Wilton scored the winning goal in the opening 15 minutes. Wilton, who has been in the front line since the start of the season, scored his second goal in the 75th minute.

Only one bigger crowd than the Wolves' 25,000 fans who were present at the match, was seen at the stadium.

Spurs were back in the form of the old team, which they had shown in the first half of the season, when they beat Arsenal 2-1 at White Hart Lane.

Retained second place

West Ham United, who were second in the league, retained their position, though they were beaten 2-1 by Arsenal at White Hart Lane.

They have 48 points against 47 for Tottenham Hotspur, who were third in the league.

Nairobi-Nakuru in F.A.K. Cup final

The final of the 1957 F.A.K. Cup of Kenya, which will be held at Nairobi on Saturday, will be a clash between Nairobi and Nakuru.

The Nairobi team, who were runners-up in the previous year, were defeated 2-1 by Nakuru in the semi-final.

The match will be held at the Nairobi Sports Ground, which is the home of the Nairobi team.

25 PTS. WITH PLACE KICKING

THIS was the score for the 25 points which were awarded to the Wolves for their consistent performance in the league.

The Wolves have now won 10 of their 15 matches, and have scored 25 goals in 15 games.

Their nearest rivals, Tottenham Hotspur, have won 9 of their 15 matches, and have scored 22 goals in 15 games.

The Wolves' success is due to their consistent performance in the league, and to the fact that they have not lost any of their 15 matches.

Their manager, Denis Wilton, has been praised for his tactical acumen, and for his ability to get the best out of his players.

The Wolves' success is a testament to the fact that consistency is the key to success in the league.

The Wolves' success is also due to the fact that they have a strong defence, and a powerful attack.

Their defence has conceded only 10 goals in 15 matches, and their attack has scored 25 goals in 15 matches.

The Wolves' success is a testament to the fact that a strong defence and a powerful attack are the keys to success in the league.

The Wolves' success is also due to the fact that they have a strong midfield, and a powerful attack.

Their midfield has played a key role in their success, and their attack has scored 25 goals in 15 matches.

TURKISH STRONGER PATROLS as defence aid AIR-SEA ESCORT

WITH the arrival during the weekend of an un-
derestimated number of Egyptian troops at the
Syrian port of Latakia, it was reported in Beirut
yesterday that Syria had strengthened patrols near
the Turkish border.

The Arab News Agency said new observation
posts had been set up to keep a constant watch
on an alleged concentration of Turkish troops
along the frontier. It is believed that the
newly arrived Egyptians have provided the
reinforcement.

Kings meet near border

The announcement of the dispatch of Egyptian forces
to Syria coincided with a frontier conference between
King Faisal of Jordan and King Faisal of the Near East
at the frontier of their two countries. A number of hand-
picked Arab dignitaries accompanied the King of
Jordan, who is on an official visit to Lebanon, a
country expected to discuss the new development with Lebanon
leaders.

Diplomatic quarters in Cairo were taken by surprise by
the Syrian-Egyptian announcement when the Egyptian
Foreign Office had been asked to participate in the Syrian
territory. It is added that they were expected to be
in the south to wreck Syrian plans with respect to the
expansion of the Egyptian Army westward. The
expansion of the Egyptian Army westward is the
aim of the Egyptian Government.

ARMS FOR LIBYA

A consignment of Egyptian arms, including six armoured
vehicles, will be delivered
to Libya today, it was officially
announced in Cairo.
The consignment was ordered by
Libyan Foreign Minister
Ismail al-Faraj, and is the
first of a series of deliveries
of arms to the Libyan
army from Egypt.

PORT'S CAPACITY

Egypt and Syria decided two
years ago to set up a
Commonwealth of Arab States

 Hats—smart or pretty?
SELF-CONTROL TAUGHT TO A CHILD IS LEARNT FOR LIFE

WHETHER a woman chooses a hat for smartness or prettiness, becoming one depends on her own personality according to court milliner Madeline Wrenner.

On colour, she advised: "Vase heights should be carefully avoided. If you are tall, choose a contrasting hat to your colour." AT THE

GOBBLING DANGER
 Any child who is not taught to control his eating habits from the beginning will be prone to this habit, and I have observed one from those who has developed especially for the "gob" collection. Made of "beaver colored" rags, it is used to mop up any spill and worn in his apron.

STEVEN WOOD

LACK of self-control in our children is ground for exhibition of it, whether by an adult who has had too much to drink or by a small child kicking and screaming because it cannot have its own way.

MAU MAU DETAINEES COLONIAL SECRETARY Works camp visit: Tribute to Kikuyu HOPES ON FUTURE

Standard Staff Reporter, Fort Hall.
The Colonial Secretary, Mr. Lennon Boyd, was cheered by 306 detainees at Kangema Work Camp, near Fort Hall, yesterday. He had addressed the men during a visit to the camp to see for himself part of the rehabilitation pipeline for Mau Mau. Standing bare-headed in the sun, the Colonial Secretary recalled that he was near Kangema three years ago. Things were then very different for everyone, he said. "Now, everything is a great deal better. Your country is at peace. Children can go to school. Schools and education, which everyone wants, are safety. Schools and education, which everyone wants, are possible for all. This great change has come about because of the work of many people—many people of all races and many Kikuyu themselves."

Through own efforts

The future is before you. New methods of developing land are open for all. I pray you will all be able to work for your own work. I wish you every day that it may be through your own work. I wish you every day that you get back to your families and live in a happy Kenya all the better days of the past, live in a happy Kenya all the better days of the past.

Mr. Durrant has held this post for several years and is well known in the international business community.

Better tone on world Markets

SOME world markets showed a better tone, helped by the rally in Wall Street, but London remained dull and some Cape' being.

The London Stock Market yesterday was quiet and showed a slight upward trend, with the FTSE 100 index rising 1.5 points to 2,150.

Foreign exchange markets were also quiet, with the pound sterling maintaining its position against the dollar.

FOUR-YEAR ROAD PLAN TO COST £60,000

NAIROBI County Council has submitted a £60,000 light bitumen road surface improvement programme for the next four years for the consideration of the Road Authority.

The long list of the programme is £18,000 for the three main routes of Nairobi.

The programme envisaging an expenditure of £50,000 between now and 1958 includes light bitumen of Bonnet, 20 1/2 mile Road between Bury and Ngara Road (£14,000); Kukuia Road from Park Hill Road to Akabomb Road (£12,000); three miles of Chagwa Road (£2,000); Taita Road from Lumbo Road to Hanga Road (£2,000); Kaituma Road to the West of Chagwa Road (£2,500); and Ganga Road (£2,500).

Special grant wanted

The Council also decided to approach the Road Authority for a special construction grant for the Machakos and Wajir Roads as the former is the main access road to Machakos and the latter joins two trunk Nairobi roads.

An application from Hinga Road, Commission of the Council to undertake the work on the £3,000 extension to the African Farm, said the work was returned.

The Council felt that the work should be carried out.

French to reopen murder case

The Public Prosecutor has announced that he has decided to reopen the case of Charles Domitien, 42-year-old French farmer who is serving a life sentence for the shooting of Sir Jack Drummond, 1st Baronet, at Taita. The case was reopened after the Justice Minister said that he would consider a demand by Domitien's family for a charge of giving false evidence as the trial failed to bring about a conviction.

MINISTER'S VIEWS ON ADULT SUFFRAGE 'Impossible' in Federation

The Secretary of State for Commonwealth Relations, Lord Home, said today in his hour of the Rhodesian Federation that universal adult suffrage was clearly impossible, and would be for a long time. He also felt it was an extreme statement to say the majority of people in the two northern territories were opposed to the Federation.

Lord Home said there were 100,000 white people, 100,000 black people, 100,000 Indian people, 100,000 European people, 100,000 African people, 100,000 Chinese people, 100,000 other people.

Uganda students' union to form a central council

A new constitution for the Uganda Students' Union, under a proposed Central Council, has been approved and it now being prepared.

The Council will have a representative from each of the provincial headquarters at Kampala, Jinja, Mbale, and Soroti, and also from the four main universities in the country.

The Council will have a representative from each of the four main universities in the country.

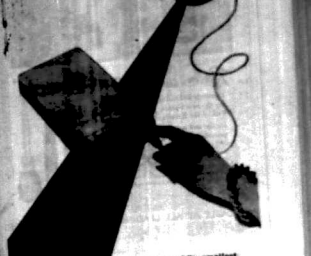

Memorial

A memorial to a Third Pioneer in Africa was unveiled at the Kenya Police station today.

The memorial, which stands in the grounds of the station, is a tribute to a man who died in the service of the Kenya Police Force.

The memorial is a black and white photograph of a man in a uniform, standing at attention.

NATO NAVIES STRIKING BACK

By New York Times
 DURING the past few days the NATO navies have been striking back at the Soviet fleet in the Baltic Sea. The NATO navies, including the British, French, and American fleets, have been engaged in a series of maneuvers designed to show their strength and readiness to defend the Baltic region. The Soviet fleet, in turn, has been seen to be on high alert, with several ships being sighted in the area. The NATO navies have been seen to be conducting a series of exercises, including the use of nuclear-powered submarines, which has caused concern among the Soviet Union. The NATO navies have also been seen to be conducting a series of operations in the Baltic Sea, including the use of aircraft carriers and battle groups. ACT OF FAITH UNDERTAKEN IN EMERGENCY

History repeats itself
By JAMES SMAAT
Public Affairs Editor

THE story of the unfolding of the story of its urban communities, has an uncanny habit of calling "snap" down the centuries, as if to prove that though the tactics, problems and aspirations are the same.

At the end of 1913, the City Council was faced with the problem of the extension of the Town Hall. The extension was to be a two-story building, with a total area of 10,000 sq. ft.

At the end of 1913, the City Council was faced with the problem of the extension of the Town Hall. The extension was to be a two-story building, with a total area of 10,000 sq. ft.

THE Secretary of State for the Colonies, Mr. Alan Lumsden, will formally open the Town Hall extension in the City Square on Monday.

About 1,000 guests, headed by the Governor of Kenya, Sir Evelyn Baring, are expected to be present when the ribbon is cut and the ceremony is conducted by the Mayor, A. H. Travis.

The gathering will include representatives from all walks of life and communities in the Colony. Aldermen and City Councilors will be joined by the Chairman of the County and District Councils and municipal corporations throughout Kenya.

Charter Hall party

Guests will watch the ceremony from the terraces which flank the formal garden on three sides. Afterwards, they will attend a cocktail party in the Charter Hall.

They were first suggested about 1911, but were not integrated with the Town Hall extension until 1913.

By 1914, the need for extra accommodation for the City Council and its staff became pressing and a substantial consideration was given to the extension of the Town Hall.

Cost about £450,000

Altogether, it is likely that the extension will have cost about £450,000. The original Town Hall, which was opened in 1913, cost about £200,000.

The extension consists of two main halls, a floor-to-ceiling hall with storage and records rooms, a magistrate's court and offices, the whole being fronted by a two-story building.

The Charter Hall is suitable for public functions such as banquets and exhibitions. The adjoining kitchen area is suitable for catering for 1,000 persons.

165ft. dock tower

The dock tower will be 165 ft. high and will be equipped with a four-channel interpretation system, with a total area of 10,000 sq. ft.

The dock tower is 165 ft. high — the tallest building in Nairobi — and houses two floors of offices, emergency water supply tanks, a broadcasting room and a space for a 20-ft. stage.

CIVIC DEVELOPMENT IN FOUR STAGES

NAIROBI'S first Town Hall was a wood and iron one-story building at the junction of Government Road and Delamere Avenue, on the site now occupied by the new building.

The second stage of the development was the extension of the Town Hall in 1913, which was a two-story building with a total area of 10,000 sq. ft.

The third stage was the extension of the Town Hall in 1914, which was a two-story building with a total area of 10,000 sq. ft.

The fourth stage was the extension of the Town Hall in 1915, which was a two-story building with a total area of 10,000 sq. ft.

ACT OF FAITH UNDERTAKEN IN EMERGENCY

By James Smart Public Relations Officer in Nairobi City Council

It is in this case you see a good illustration of London... Bill in this case was by Guyard Halls, of London...

HISTORY, especially in the unfolding of the story of the urban expansion of Nairobi, has centuries, as it is to prove that though the tactics and methods of making many changes, their basic problems and aspirations are the same.

It is for cry - 5,000 miles and five centuries - from Richmond, Whittington, to the same name, London's Guildhall, planned with the aid of a surveyor, to Nairobi's new City Hall of offices until they should be required.

Proud of the future At the commemorative table in the extension of the Nairobi New Charter Hall... The building of the Town Hall Extension to form, with the existing building, a new City Hall, is an act of faith in the future of Nairobi.

Public ideas Handing over the City Hall to the Council... The Council took the decision to build a new City Hall... The new City Hall will be a landmark building in Nairobi.

The Secretary of State for the Colonies, Mr. Alan Lumsden... formally open the Town Hall extension in the City Square, Nairobi... About 1,000 guests, headed by the Governor of Kenya, Sir Evelyn Baring, are expected to be present when he cuts the ribbon stretched between the pillars of the entrance colonnade and is conducted to the Charter Hall by the Mayor, A.H. Travis.

Charter Hall party

Guests will watch the ceremony from the terraces which flank the formal garden on three sides. Afterwards, they will attend a cocktail party in the Charter Hall. The opening of the extensions will mark yet another step in the development of local government amenities in the growing city.

Cost about £450,000 Altogether, it is likely that the extensions will have been completed by the end of 1954. The original Town Hall, which was opened in 1934, cost under £200,000.

165ft. clock tower The vastness of hall and theatre seats about 900 and is equipped with four-chained... The clock tower is 165 ft. high - the tallest building in Nairobi... The tower will be a landmark in the city skyline.

CIVIC DEVELOPMENT IN FOUR STAGES

NAIROBI'S first Town Hall was a wood and iron one-storey building at the junction of Government Road and Helmer Avenue, on the site now occupied by the new Mansions. It was used by the Nairobi Township Committee from 1904 to 1923.

Second home The second home of the municipality was a building which was built on the site of the old Town Hall... The building was a two-storey structure with a central hall and a large auditorium.

LARGEST NAIROBI THEATRE

OFFICERS the Charter Hall, on the side of the formal garden, is the combined Conference Hall and Theatre.

It is 88 ft. long and 30 ft. wide and, with the cinema type balcony, can seat about 200 people, twice as many as the National Theatre.

The ground floor is equipped with tables, tip-up seats, chairs, light, easily handled and sound equipment the hall should be well equipped for such as exhibitions, plays, variety shows and so on. It is also specially fitted to receive the special equipment for the wireless carrying the wires for headphones or microphones.

Interpreters' cabs
Behind the balcony are cabs in which the interpreters who will use microphone equipment for which 300 sets of earphones have been provided.

The simultaneous interpretation equipment was supplied by the British Wireless Ltd.

The hall is specially equipped stage with dressing-rooms and the City Council considers it will be ideal for theatrical concerts and piano recitals.

Part of the entrance tower at the Charter Hall, showing the placement of Italian marble floors, a view of

the main entrance. The Show-study block is the building part of the entrance, the same as the main entrance and other entrance.

Booked for Aga Khan reception

Every endeavour is being made to attract conferences to the city and the many facilities offered in the Conference Hall may well influence those who in the past, have hesitated because of the inadequate accommodation in Nairobi.

There are indications that the Kenya public intends to make full use of the hall and other accommodation. Both halls have been booked for the Aga Khan's reception on October 27 there will be a wedding reception on the tea terrace which adjoins the Charter Hall or postponed bookings, have been arranged for large meetings Nov. 5, 8, 14 and 8 (conference room) for examinations on Hall) for the Kenya Amateur Boxing Association on Nov. 22 and 23 (Conference Hall) and for the Kenya Club of East Africa on Nov. 30, the Press and Public on Dec. 14, the Kenya Society on Dec. 15 and the Christian Science Society on Dec. 11, all Charter Hall.

Nothing but the Best was good enough for the NEW CITY HALL and so the timber came from—

WIGS EAT MUD AND ANIMALS THRIVE ON THEIR NEW DIET

WIRING NEW DIET

IN RED FOOD from bed of lake

THREAT TO UNION

George Cole is eating mud and drinking on it. His diet consists of 50 per cent normal mud and 50 per cent mud, which comes from the bed of Lake Victoria.

The idea that the mud might make good pig or poultry food came from the Director of the East Africa Fisheries Research Organization at Jinja, Uganda, Mr. J. B. Beuchamp, after he had examined the mud. He and his assistants found that the bed of Lake Victoria was full of algal plants, nitrogen and other plant nutrients. The water of the lake is rich in phosphorus and the mud contains the mineral nutrients of the soil.

Charities help riding school

By JEAN VAUGHAN

WAR-WIDGES and the Club of heavier, spastic, ridden horses are making up the "Riding school" which has become a favorite. This try-riding is a spectacular and comparatively new activity.

Many activities
Apart from their own, the smaller children and the old ladies, Eskon, sometimes go out with collecting boxes on a Saturday. The young girls take part in a variety of play at the St. Paul's Cathedral afterwards.

Compelled to show
The tables at the quarter of a century ago, the Kumas, who had adopted Mrs. Lawrence, found...

Kumar, the old donkey (who has taken part in activity plays and sports in the park with Mrs. Kumar, Charles and Nancy) and Mrs. Diana Lawrence, who is training as a riding instructor, stand at her head.

Learning lessons
In the evening there are many lessons... they are taught by a professional rider...

Some patrols

Not routine
For European pupils and African girls alike, learning to ride is not a dull business of circling round and round at the walls. It is excitingly varied with exercises on horseback and games that are played on the horse.
