

KENYA BUILD GOOD ROADS

Supporting Mr. Vasey for other services

NAIROBI CONFERENCE

Kenya was moving towards a more developed state of government, it was said by the chairman of the conference, Mr. H. H. Welwood, who told the delegates at the Nairobi conference that with greater democracy came an increase in pressure on the Government, not only in such matters as roads, railways and such things as education and health, but also in the development of such a social system and the economy of the country as a whole. He said that the country's economy suffered from the lack of a social system and the economy of the country as a whole. He said that the country's economy suffered from the lack of a social system and the economy of the country as a whole.

Triavika train running on efficient new Oil Bill

WASHINGTON (AP)—A new bill before the House today would speed up the process of oil delivery to the United States by authorizing the Secretary of the Interior to issue orders for the production of oil from the public lands.

The bill, introduced by Representative Charles McNary, of Oregon, would authorize the Secretary to issue orders for the production of oil from the public lands in any area where the Secretary has determined that there is a need for oil.

The bill also would authorize the Secretary to issue orders for the production of oil from the public lands in any area where the Secretary has determined that there is a need for oil.

OIL DELIVERY SPEEDIED BY NEW JETTY

WASHINGTON (AP)—The new bill would speed up the process of oil delivery to the United States by authorizing the Secretary of the Interior to issue orders for the production of oil from the public lands.

High rental

The Petroleum & Minerals Administration, Petroleum Department, has announced that it has received information from the oil companies that the rental for oil from the public lands is being raised to a level which is higher than that which is being paid for oil from the private lands.

Six officials

The names of six officials who have been appointed to the new position of Assistant Secretary of the Interior for the Bureau of Land Management have been announced.

The up-countryman

The *Kanjo* countryside is over the hill and down through the hills, by the little Italian church and back on the estate and sheep country, by the lanes with their pink walling. You follow an orange or a tape or a path or a road of sand, with a butter, wine, wheat and barley. It's a land of gardens. You can taste the country if you use an *Amor*. *Countryman* about you journey into the heart of *Kanjo*. Apart from its look the *Countryman* has utility and power to clear through farms, lanes and the heath and moor. It will carry six people, haul over 300 lbs. of baggage. On a soft two people can sleep in comfort in the *Countryman*.

At the same, by the park field, on the open road or in the town, the *Countryman* is the car for *Kanjo* folk who want to both right and feel right.

The *Countryman* costs £1,100.

Lewis and Hodgkin Ltd. HAIKOSI AND BOMBAY

GRACEFUL THE DANCE

The grace and beauty of the Indian dancer are revealed in the play of her body, which is a continuous, unbroken line. Her feet are pointed back, her head is turned, her hands are raised and her body is in a constant, rhythmic motion.

The performance is demonstrated by the dancers, D. S. D. D., the distinguished Indian dancer, and the artist, M. S. D. D., who were also featured at the King George's Hall, Calcutta, and the Royal Albert Hall, London.

A temple dancer makes her devotion.

73 LOST AS A WARSHIP

A FEW dispatches will tell you there is a sea story that will thrill you as much as the story of the swiftest and most dramatic rescue in the history of the Navy.

The rescue of a ship at sea is a story of a ship at sea. The rescue of a ship at sea is a story of a ship at sea. The rescue of a ship at sea is a story of a ship at sea.

On the night of the 13th of the month, the ship was at sea. The ship was at sea. The ship was at sea. The ship was at sea.

MYSTERY SHIP was seen by the U.S. Army Air Corps. The ship was at sea. The ship was at sea. The ship was at sea.

Escaped Lightning struck the ship. The ship was at sea. The ship was at sea. The ship was at sea.

Perfect condition was maintained. The ship was at sea. The ship was at sea. The ship was at sea.

Out of control the ship became. The ship was at sea. The ship was at sea. The ship was at sea.

Crashed board the ship hit. The ship was at sea. The ship was at sea. The ship was at sea.

Similar end came to sister ship. The ship was at sea. The ship was at sea. The ship was at sea.

Plans abandoned. The ship was at sea. The ship was at sea. The ship was at sea.

Navy criticized. The ship was at sea. The ship was at sea. The ship was at sea.

Sugar Puffs
NEW!
deliciously different breakfast food

When the original was introduced in August 1959, it was a sensation in the breakfast cereal world. It was the first cereal with a soft, marshmallowy texture that made it a favorite among children and adults alike.

Now, we've taken it to the next level with our new Sugar Puffs. The original's soft, marshmallowy texture is now even softer, making it even more enjoyable for everyone.

REGIME COMINO PLANS F-ACE

NEXT month the Kenya Government celebrates its 10th birthday with a ceremony to be held at the State House in Nairobi and a military parade in the city.

Col. C. S. Valentine, of 11th East African Brigade, is in command of the parade. He was promoted to the rank of Colonel in 1961 and was in command of the 11th East African Brigade in the Sudan.

Col. Valentine was also in command of the 11th East African Brigade in the Sudan when it was reformed as the 11th East African Brigade in 1961. He was then promoted to the rank of Colonel.

HALLI stars are expected to be the main attraction at the Kenya State Theatre on the eve of the 10th anniversary of the formation of the State Theatre.

The State Theatre was formed in 1950 and has since then been a leading cultural institution in Kenya.

The 10th anniversary will be celebrated with a series of performances, including a play by the State Theatre.

Continued from Page 11

When the regiment was reformed in August 1959, it was in the Sudan. It was then transferred to the 11th East African Brigade in the Sudan.

In 1961, Col. Valentine was promoted to the rank of Colonel and was in command of the 11th East African Brigade in the Sudan.

Col. Valentine was also in command of the 11th East African Brigade in the Sudan when it was reformed as the 11th East African Brigade in 1961.

Madame M. P. Friends
Madame M. P. Friends, wife of the Hon. M. P. Friends, was the guest of honor at the 10th anniversary of the formation of the State Theatre.

She was accompanied by her family and other guests.

For study
The British Council has been awarded a grant to fund a study of the R.A.F. war effort in the Middle East.

The study will be carried out by a team of experts from the British Council.

Miss Pamela Drew (top) at work on a Kenya Emergency project which has just been completed. Above, a stretch of work at Nairobi Airport.

Operation Embakasi recorded 50 sketches

A tribute to all who took part in the creation of Nairobi Airport and to the team of 12 construction and operations, an exhibition of about 50 drawings by the official R.A.F. war artist, Pamela Drew will be on view from April 20 to May 3 in the Shell Company exhibition, 270 m Exchange Building, Nairobi.

During the various stages of construction of the airport, and at the opening ceremony, Miss Pamela Drew worked as a painter for the R.A.F. participating in the various stages of the operation.

The exhibition of pictures will be on view from April 20 to May 3 in the Shell Company exhibition, 270 m Exchange Building, Nairobi.

SKIN HEALING TRIUMPHS OF "F99"

FREEDOM AT LAST FROM CHRONIC SKIN DISEASES—PERSISTENT ECZEMA, BOILS, PSORIASIS, SORES, TROPICAL ULCERS, LEG ULCERS, SPOTS, PIMPLES, RASHES—FASTER HEALING FOR CUTS, BURNS, WOUNDS, SORENESS, DRY CRACKED SKIN AND OPEN PLACES.

PHOTOGRAPHIC EVIDENCE TELLS A HEART-WARNING TALE OF UNBELIEVABLE SUCCESS!

THIS is an age of wonderful achievement! Man makes his bid into Outer Space and produces his atomic weapons and marvels of nuclear fission! But surely, since it can benefit us all so immensely and so closely, this wonderful skin healing substance "F 99" must rank as one of the greatest wonders of this wonder-filled century!

Look at these photographs! *Smelly chaps!* They are records of men, fully authenticated and medically certified. They are photographs which prove beyond all doubt how stubborn and resisting ailments have been cleared away, blemishes banished, restore blemishes and unsightly eruptions ended, open wounds closed and finally healed by the new and precious substance "F99".

HOW SKIN TROUBLES START

Treatment of skin ailments today can be done. This new and better way of skin disease is now available to all.

But first of all established that skin health is the basis of skin healing depends upon the removal of those germs of skin disease which are the cause of the trouble. This is done by the use of the "F 99" which kills the germs which are the cause of the trouble.

BRIGHT RESEARCH WORK

After ten years of brilliant research work, the "F 99" has been developed to produce a most brilliant and effective concentration of the "F 99" which is a form from which the body can derive quick relief from its skin troubles.

TREATMENT BOTH INTERNAL AND EXTERNAL

The "F 99" is composed of a mixture of the most powerful antibiotics to remove the germs and bacteria from the skin.

It is available in two forms: capsules and ointment.

The capsules are taken internally and the ointment is applied externally.

The "F 99" is a powerful skin healing substance which is available in two forms: capsules and ointment.

Thousands of letters every year are received from prospective I.C.S. students all over the world requesting friendly, impartial advice and preparation in the right position. These letters are answered by the I.C.S. careers adviser, who has the opportunity of offering the world's largest Correspondence Schools.

I.C.S., who have long served British students, are now in a position of offering a branch, where you can get personal, on-the-spot advice from the I.C.S. careers adviser.

The I.C.S. correspondence schools, General of Mills and Stewart Street, Nairobi.

I.C.S. courses are open to men and women of all ages. The only condition is that students must have a good working knowledge of the English language. I.C.S. courses are purchased and I.C.S. students are COACHED UNTIL SUCCESSFUL.

HARD TIMES WITH BACKACHE

Other than toothache, nothing hurts more than a headache.

It is not a good thing you are troubled with headache. It is not a good thing you are troubled with toothache. It is not a good thing you are troubled with backache.

Doan's Backache Remedy is the only remedy that will relieve you of all these troubles. It is the only remedy that will relieve you of all these troubles.

DOAN'S

WE TORTURED A FIRESTONE TUBELESS TYRE

to prove you're safe in a 'tight corner'

by use of an ordinary air-overvalving cold pump...
 wheel with a self-inflating plug...
 repairing a tube.

WHAT ABOUT RE-TREADS? Because there is no tube to build up heat Firestone Tubeless Tyres run cooler and tread life is considerably longer than that of tube tires.

WHAT ABOUT MILEAGE? The action of longer tread life in Firestone's cold rubber tread formula results in longer tread life on Firestone Tyres.

APPROVED TUBELESS TYRE SERVICE

TO EARN MORE—LEARN MORE!

Here are a few of the 42 I.C.S. courses you can choose from. If the course you want is not listed, let us know. We'll probably get it for you.

IS YOUR DENTURE REALLY CLEAN?

Steradent cleans by the gentle but thorough action of oxygen-penetrating every crevice. It removes film and stains, discolors and deodorizes.

Steradent

Keeps your dentures clean and bright every day. It's better.

Archaic appeal of chapel scheme SOCIETY URGED TO ACT

Mombasa, June 15.—The Trustees of the Chapel of St. George's, Mombasa, have issued a public appeal for funds to complete the scheme of building a new chapel on the site of the old one, which was destroyed by fire in 1914. The scheme, which is being carried out by the Trustees, is being carried out by the Trustees, who are now in receipt of a grant from the Government of Kenya for the purpose of building a new chapel on the site of the old one, which was destroyed by fire in 1914. The scheme, which is being carried out by the Trustees, is being carried out by the Trustees, who are now in receipt of a grant from the Government of Kenya for the purpose of building a new chapel on the site of the old one, which was destroyed by fire in 1914.

Mr. Ralph W. R. Miller
 Mr. Miller, who was appointed as the new trustee of the Chapel of St. George's, Mombasa, has issued a public appeal for funds to complete the scheme of building a new chapel on the site of the old one, which was destroyed by fire in 1914. The scheme, which is being carried out by the Trustees, is being carried out by the Trustees, who are now in receipt of a grant from the Government of Kenya for the purpose of building a new chapel on the site of the old one, which was destroyed by fire in 1914.

Mineral discoveries
 A large quantity of mineral water has been discovered in the district of Mombasa, which is being carried out by the Trustees, who are now in receipt of a grant from the Government of Kenya for the purpose of building a new chapel on the site of the old one, which was destroyed by fire in 1914.

Talk in N. Zealand cattle breeder
 Cattle breeders from the North Island, New Zealand, are expected to visit Mombasa on Tuesday for the purpose of attending a meeting of the Mombasa Cattle Society, which is being held at the Mombasa Hotel. The meeting is being held at the Mombasa Hotel, which is being held at the Mombasa Hotel.

Paula Stevens (centre), wife of the late Mr. Stevens, and her family, who were killed in the explosion of the 'Bell' boat in Mombasa, are shown in a photograph.

DRIVERS' VIEWS ON PARKING

Easier under new plan

The new plan for parking in the city has been hailed as a relief for drivers who have long complained about the confusion and inconvenience of the old system. The plan, which is being implemented in stages, will provide more designated parking spaces and clearer traffic flow. Drivers are encouraged to use the new spaces and to be patient as the system is adjusted to the new layout.

Local business owners and residents also support the new plan, as it promises to reduce the clutter on city streets and improve the overall appearance of the city. The plan includes the installation of more parking meters and the expansion of existing parking lots. Drivers are advised to check for updated parking regulations and to use the new spaces to their advantage.

The new plan is a result of extensive consultations with the public and city officials. It aims to address the long-standing issues of parking shortages and traffic congestion. Drivers are urged to cooperate with the new measures and to report any problems to the relevant authorities. The plan is expected to significantly improve the parking situation in the city.

PLASTIC TAGS KEEP CHECK ON TILAPIA

Scottish idea borrowed

A SCOTTISH idea used successfully in marking salmon smolts in Scotland, officers of the Lake Victoria Fisheries Bureau at Entebbe are now able to tag very small fish so as to study their growth and habits.

For months the bureau used a metal tag fast to the fish after they had been marked. But because many of these were lost from the bureau showed the tags had gone—and because growth was affected and the price of the fish was high, Mr. J. D. Keshel, chief of the bureau, sought a better method.

Mr. Keshel said: "Borrowing the idea from the Scottish bureau, we now use plastic tags which are small and light and do not affect the fish's growth. The tags are made of a special plastic and are attached to the fish's gills. This method is much better than the old metal tags, as it allows us to track the fish's progress more accurately and without the risk of losing the tags."

With a plastic tag fast to the fish, the fish grows normally and the tag does not affect its growth. The tag is made of a special plastic and is attached to the fish's gills. This method is much better than the old metal tags, as it allows us to track the fish's progress more accurately and without the risk of losing the tags.

A referee officer found a bag with a hole in it and a small amount of money inside. The referee officer immediately reported the matter to the relevant authorities. The bag was found in a public place, and the referee officer is now conducting an investigation to determine the identity of the person who lost the bag.

Bad roads cost extra millions annually

It has been estimated that the cost of maintaining and repairing roads in Kenya is about 50 million shillings annually. This cost is borne by the government and the public. The poor condition of the roads is a major obstacle to economic development and social progress in the country.

The cost of maintaining and repairing roads is a significant burden on the government and the public. The poor condition of the roads is a major obstacle to economic development and social progress in the country. Educational vote more than \$5,000,000

KENYA ESTIMATES

Kenya's estimated educational vote for the 1962 general election is more than \$5,000,000, according to a report by the Kenya Education Commission.

The report, which is the first of its kind, shows that the Government has spent over \$5 million on education since 1959. This includes the construction of schools, the purchase of books and equipment, and the payment of teachers' salaries.

The Commission estimates that the Government will need to spend about \$5 million more in 1962 to maintain the current level of education. This is a significant increase from the \$3.5 million spent in 1961.

The report also highlights the need for more investment in technical and vocational education. It notes that the current system is not providing enough training for the country's growing economy.

The Commission's findings are based on a survey of 1,000 schools across Kenya. It shows that while there has been a steady increase in the number of schools and students, the quality of education remains a concern.

The report calls for a more balanced approach to education, one that focuses on both academic and practical skills. It also emphasizes the importance of teacher training and the development of educational infrastructure.

To work on Masai Mau inquiry

Mr. J. D. O'SHEA, Minister of Education, has announced that he will be working on the Masai Mau inquiry. He said that the inquiry is still in progress and that he will be reporting to the Government on its findings.

The inquiry is into the activities of the Masai Mau, a group of Mau Mau fighters who were active in the Masai region of Kenya. The group was led by a man named Masai and was active from 1952 to 1954.

O'Shea said that the inquiry has revealed that the Masai Mau was a well-organized group with a clear structure and a common goal. He said that the group was active in recruiting new members and in carrying out various acts of violence.

The inquiry also found that the Masai Mau was supported by some members of the public. O'Shea said that this support was often in the form of food, shelter, and other supplies.

O'Shea said that the Government is taking steps to deal with the Masai Mau. He said that these steps include the arrest of those who are still active and the prosecution of those who have been found guilty.

He also said that the Government is working to improve the lives of the people in the Masai region. This includes the construction of schools and the provision of other social services.

U.S. expert in East Africa to study public problem

A U.S. expert in East Africa is to study the public problem of the region. The expert, who is a member of the U.S. Agency for International Development, will be working in Kenya and Uganda.

The expert's study is part of a larger program of technical assistance. The program is designed to help the governments of Kenya and Uganda to improve their public services and to develop their economies.

The expert will be studying the public problem of the region, which is a complex issue. It involves the relationship between the government and the people, the distribution of resources, and the provision of social services.

The expert will be working closely with the governments of Kenya and Uganda. He will be conducting research, holding consultations, and providing advice.

The expert's study is expected to be completed in the next few months. The results of the study will be used to guide the development of public services in the region.

GOVERNMENT'S VIEW ON TV SOUGHT

Power to do good or evil

Whether Kenya likes it or not television will come very soon, Mr. R. S. Alexander (Minister of Education) said during the debate on the National Paper on broadcasting in Kenya last Wednesday.

Mr. Alexander said that the Government is aware of the potential of television. He said that television can be used to do good or evil, depending on how it is used.

He said that the Government is taking steps to ensure that television is used for the benefit of the people. This includes the regulation of broadcasting and the provision of educational and cultural programs.

Mr. Alexander also said that the Government is interested in the views of the public on television. He said that he would like to know what the people think about television and what they would like to see on television.

18 jailed for attack on police party

PRISONERS FREED

Eighteen men from the village of Nandi in Western Kenya were jailed for attacking a police party. The men were charged with assault and with carrying firearms.

The attack took place on the road between Nandi and Kisumu. A police party of ten men was on its way to Kisumu when it was ambushed by the men from Nandi.

The police party was injured and some of their equipment was destroyed. The men from Nandi were arrested and taken to the Nandi District Prison.

The men were charged with assault and with carrying firearms. They were sentenced to terms of imprisonment ranging from six months to two years.

The men were later freed on bail. They are expected to appear in court again in the next few months.

ATTACKER TO COMPENSATE DOCTOR FOR INJURY

An incident in which the doctor of a patient was injured while attending to the patient has resulted in the patient's family being ordered to compensate the doctor for his injury.

The incident took place in a hospital in Nairobi. A patient was brought to the hospital with a serious injury. The doctor was called to attend to the patient and while doing so, he was injured by the patient.

The doctor's injury was serious and he had to be hospitalized for several weeks. The patient's family was ordered to pay compensation to the doctor for his injury.

The court found that the patient's family was responsible for the injury. It ordered them to pay compensation to the doctor for his pain and suffering, as well as for his medical expenses.

Three jailed for raid on headman

Three men were jailed for raiding the home of a headman in the Nandi District. The men were charged with theft and with assault.

The raid took place in the early hours of the morning. The men broke into the headman's home and stole a large amount of property. They also assaulted the headman and his family.

The men were arrested and taken to the Nandi District Prison. They were charged with theft and with assault. They were sentenced to terms of imprisonment ranging from six months to two years.

Agri-estate increase

Savings have been made by the Government in the expenditure on public works, which has resulted in an increase in the amount available for agricultural estates.

The Government has been able to reduce its expenditure on public works by cutting back on non-essential projects and by improving the efficiency of its operations.

The savings have been used to increase the amount of money available for agricultural estates. This will help the Government to support the agricultural sector and to improve the lives of the people in rural areas.

Three jailed for raid on headman

Three men were jailed for raiding the home of a headman in the Nandi District. The men were charged with theft and with assault.

The raid took place in the early hours of the morning. The men broke into the headman's home and stole a large amount of property. They also assaulted the headman and his family.

The men were arrested and taken to the Nandi District Prison. They were charged with theft and with assault. They were sentenced to terms of imprisonment ranging from six months to two years.

Trials policeman directors from spear wound

A trial policeman and two directors of a company were charged with the murder of a man who was killed by a spear wound. The man was a member of the company and was killed while on duty.

The trial policeman and the two directors were charged with conspiracy to murder. They were accused of plotting to kill the man and of carrying out the murder.

The man was killed in a village in the Nandi District. He was a member of the company and was on duty at the time of the murder. The trial policeman and the two directors were arrested and taken to the Nandi District Prison.

SCHOOL SITE APPROVED

The site for a new school in Nairobi has been approved by the Government. The school will be built on a plot of land in the city center.

The school is part of a larger program of technical assistance. The program is designed to help the Government to improve its educational system and to develop its economy.

The school will be built on a plot of land in the city center. The plot is owned by the Government and is being made available for the school.

The school is expected to be completed in the next few months. It will provide education for about 100 children.

Attacker to hospital for power plant

An attacker who was injured while attacking a power plant has been taken to hospital. The attacker was a member of a group of Mau Mau fighters.

The attacker was injured while attacking a power plant in the Nandi District. The power plant was a target of the Mau Mau fighters because it was used to supply electricity to the Government.

The attacker was taken to hospital and is now recovering from his injuries. He is expected to be discharged in the next few days.

TRAVELLING INTO REALMS OF OUTER SPACE WITH A TRIP FROM NAIROBI

...will be the first year of the "Space Age". In this, the first of two articles, **AYATA PATWARDHAN, B.Sc.**, of Nairobi, traces the history of rocketry and introduces the fascinating subject of space travel. She explains, in simple language and illustrates the major points with diagrams and pictures. The second article will be published next week.

Science's "W" have reached the age of space flight. It was on October 4, 1947, that the planet Earth dispatched its first man-made rocket. Its tour the moons will be temporary, according to the launching of Sputnik I was my enormous achievement. It was a shock Sputnik, 124, in diameter, 1,100, in weight, and a volume of 187 to 500 cubic feet. It was a shock to the minds of the people who were watching it in the sky.

"PEACEFUL BIRDS"

...the "peaceful birds" which were launched from the Cape of Good Hope. It was an enormous achievement. It was a shock to the minds of the people who were watching it in the sky.

The objective behind launching these "peaceful birds" was to obtain scientific information. The satellites may provide information on the atmosphere, the Earth's magnetic field, the Earth's radiation, physics, and other phenomena.

It is believed that the data obtained from these satellites will help in establishing better communication with other planets.

An artist's impression of the Soviet satellite, Sputnik I, revolving in space.

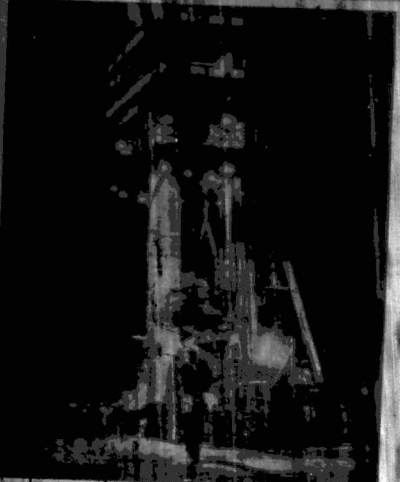

...the satellite, Sputnik I, was launched from the Soviet Union. It was a shock to the minds of the people who were watching it in the sky.

The satellite was launched on October 4, 1947. It was a shock to the minds of the people who were watching it in the sky.

DATA GAINED

...the data gained from the satellite, Sputnik I, was used to study the Earth's atmosphere. It was a shock to the minds of the people who were watching it in the sky.

Father Time stands at the sight of a Volkswagen. His intention the Volkswagen has remained basically the same in engine and body design. Each year some slight improvement is made but time does not change it. Hence the high maintenance value. Its aerodynamic streamlined body slips through air-type of weather and over any type of road, equipped by the unique Volkswagen drive shaft, in a way which has satisfied millions throughout the world. There isn't a car in Great Britain to compete with the beauty of maintenance, servicing and fitting costs of the Volkswagen. You can buy a Volkswagen de Luxe sedan for as little as £612 at the Coast and for £675 in Nairobi. Distances only make the Kenyan price higher at £698.

THE TROUBLE-MAKING TUBELESS TYRE

Simple balloon test shows how FIRESTONE TUBELESS TYRES turn deadly blow-outs into safe slow-outs

You know what happens when you stick a pin in a balloon? Bang - it bursts! The conventional tube tyre bursts and leaves you with a flat tyre. The Firestone Tubeless Tyre, however, turns a deadly blow-out into a safe slow-out.

NOW MAKE THIS TEST. Firmly attach a short piece of sulphate to an ordinary puncture balloon. Then blow up the balloon to its fullest extent, making sure the sulphate remains firmly attached.

attached. Now stick a pin through the sulphate into the balloon. What happens? No bang! No blow-out! Just a slow, slow, slow-out! The pin of penetration and the adhesive tape strengthen and support the balloon at the point of penetration and enables it to resist the inward rush of air which normally causes a gradual leak.

This balloon test illustrates what happens if something sharp - a nail, a piece of wood, or a road-side stone - penetrates a Firestone Tubeless Tyre. The Firestone rubber safety-liner, which takes the place of a conventional tube, is firm on the inside of the tyre and is held firm by the tubeless adhesive. If caught, it causes a slow-out, instead of a deadly blow-out.

FAB The new miracle washing powder
WASHES CLOTHES CLEANER, WHITER - EVEN IN COLD WATER
NEW FAB WASHES CLOTHES CLEANER THAN ANY SOAP
WONDERFUL FOR DISHES TOO!
3 EASY MOVEMENTS
Everyone is saying it! FAB is the perfect washing powder. It washes clothes cleaner and whiter than any soap. And it is so quick—so easy to use! That is because FAB—and only FAB—brings you three wonderful advantages—
* FAB gives you instant rich lather—in all kinds of water, hot, warm or even cold.
* FAB is not the ordinary soap—it does not leave a dulling soap scum (the sticky deposit which turns your clothes grey and old-looking).
* FAB has a wonderful—sweet smell—it leaves your clothes smelling sweet and fresh.
FAB is mild to handle—harmless everywhere you use FAB for all washing jobs in the home.

For the new soft luminous look—

New Dawn

Coty's new Cream Powder Shade

You'll never know how amazingly lovely you can be until you try this bewitching new shade of Coty Cream Powder—NEW Dawn. This enchanting shade, with its amazing dew, gives illuminating beauty.

Only Coty Cream Powder is a blend of "Alumina" Face Powder and "condition" Vaseline, makes first skin so smooth, so desirable, so perfect, so beautiful!

Only Coty Cream Powder is a new-look. Can't see corners, your complexion, it is unconfined by the natural oils in your skin. And every minute, sleep or change clothes.

So change into Coty Cream Powder in wonderful new Dawn. Or in its other shimmering shades, all fragrant with L. Havranek, the world-famous perfumier. And you look much lovelier you know!

French Equivalents agreeable to English palates

By J. H. HARRISON

THE literary taste and standards of culture in England have been raised to a high level in the last few years. This is not only true of the novel, but also of the drama, the play, the story, the poem, and the short story.

In 1936, the Prix Goncourt, the most important of French literary awards, was won by the novel "Le Silence de la Mer" (The Silence of the Sea) by Vercors. This is a masterpiece of French literature, and it is one of the best of the modern French novels. It is a story of a family who is forced to live in a cave during the occupation of France by the Germans.

The author of "Le Silence de la Mer" is Vercors, the pseudonym of Paul Ivoi. He is a French writer who has written several other novels and plays. His work is characterized by a strong sense of realism and a deep understanding of human nature.

The book is a masterpiece of French literature, and it is one of the best of the modern French novels. It is a story of a family who is forced to live in a cave during the occupation of France by the Germans.

The book is a masterpiece of French literature, and it is one of the best of the modern French novels. It is a story of a family who is forced to live in a cave during the occupation of France by the Germans.

The book is a masterpiece of French literature, and it is one of the best of the modern French novels. It is a story of a family who is forced to live in a cave during the occupation of France by the Germans.

CROSSWORD No. 94

LAND-ROVER's 10-year lead

The 4-wheel drive Land-Rover was introduced in 1948. Today, available in two chassis lengths with a variety of body styles, its lead is unquestioned. An immensely strong chassis, corrosion-proof alloy bodywork, all-weather passenger comfort, optional power take-off - these features, backed by the reputation of Rover engineering, have firmly established the Land-Rover in the world's markets. Since 1944, over 75% of the total production has gone overseas. Land-Rover performance, endurance and reliability have been proved over millions of miles. No other vehicle has given such valuable and versatile service to agriculture and industry, to government departments and the armed forces of the free world. When better Land-Rovers are made, the Rover Company will make them.

SUNSPOTS - TROUBLE FROM SPACE

A MAJOR disturbance in the upper atmosphere, due to sunspots, blacked out world-wide radio and communications today. The disturbance, which was caused by a powerful solar flare, was observed by astronomers at several observatories. The flare, which occurred on the sun's surface, was observed by astronomers at several observatories. The flare, which occurred on the sun's surface, was observed by astronomers at several observatories.

STORMS RAGE

The night atmosphere, during days of an extremely dark, stormy sky, was observed by astronomers at several observatories. The storm, which occurred in the upper atmosphere, was observed by astronomers at several observatories.

END OF WORLD

The system it controls is a major factor in the world's climate. The system, which controls the world's climate, is a major factor in the world's climate. The system, which controls the world's climate, is a major factor in the world's climate.

Lincoln victory puts Casey down

THIRTY were mad about the Brighton on Wednesday evening. Brighton, who were treated only as a consolation prize in the first round, were the winners in the second round, when they defeated Lincoln 2-1. The victory was a real surprise to many of the spectators, who were expecting a more comfortable win for the home side. The match was a hard-fought affair, with both sides showing great attacking spirit. Brighton's goal was scored in the 15th minute, while Lincoln's consolation goal came in the 75th minute. Casey's Finance Structure

URGENT CONCESSION TO MASSA CLAIMS TAX STRUCTURE EXPLAINED

White Paper rejects order sanctuaries PARK 'THE SIZE'

The Government has announced today that it will make a concession to the existing order sanctuaries in the White Paper, so that they will be treated as if they were of the same size as the other sanctuaries. This concession is being made in order to meet the demands of the order sanctuaries, which are now being treated as if they were of a smaller size than they are in reality. The Government has also announced that it will make a concession to the existing order sanctuaries in the White Paper, so that they will be treated as if they were of the same size as the other sanctuaries. This concession is being made in order to meet the demands of the order sanctuaries, which are now being treated as if they were of a smaller size than they are in reality.

Rise in cost of living through duty increase

The Government has announced today that it will make a concession to the existing order sanctuaries in the White Paper, so that they will be treated as if they were of the same size as the other sanctuaries. This concession is being made in order to meet the demands of the order sanctuaries, which are now being treated as if they were of a smaller size than they are in reality. The Government has also announced that it will make a concession to the existing order sanctuaries in the White Paper, so that they will be treated as if they were of the same size as the other sanctuaries. This concession is being made in order to meet the demands of the order sanctuaries, which are now being treated as if they were of a smaller size than they are in reality.

KENT'S Commission on Income Tax, Mr. W. M. Kent, has today published his report on the new tax structure proposed by the Government. The report is a lengthy document which contains many recommendations for changes in personal and corporate taxes. The report is a lengthy document which contains many recommendations for changes in personal and corporate taxes. The report is a lengthy document which contains many recommendations for changes in personal and corporate taxes.

Further adjustments

The committee's proposals that a concession be made to the existing order sanctuaries in the White Paper, so that they will be treated as if they were of the same size as the other sanctuaries. This concession is being made in order to meet the demands of the order sanctuaries, which are now being treated as if they were of a smaller size than they are in reality.

Yemen raid made under U.N. rules

The British Government has today announced that it has carried out a raid on the Yemen coast. The raid was carried out in accordance with the rules of the United Nations. The British Government has today announced that it has carried out a raid on the Yemen coast. The raid was carried out in accordance with the rules of the United Nations.

New strike causes panic buying of meat

A new strike by meat workers has caused a panic buying of meat in many parts of the country. The strike has led to a shortage of meat, and many people are buying meat in large quantities. ANOTHER ECONOMIST'S OPINIONS ON PROTECTIVE TARIFFS

The position taken by the Association of Professional Economists in East Africa, that it is essential to have a tariff system that supports agriculture is a good one. It is one that should be followed by all countries in the region. It is one that is based on sound economic principles and is one that is in the best interests of the people of the region. It is one that is based on the principle of self-sufficiency and is one that is in the best interests of the people of the region. It is one that is based on the principle of self-sufficiency and is one that is in the best interests of the people of the region.

The views of economists on the subject of protective tariffs are not always in agreement. Some believe that protective tariffs are necessary to protect the infant industries of a country. Others believe that protective tariffs are a barrier to trade and that they should be abolished. The Association of Professional Economists in East Africa believes that protective tariffs are necessary to support agriculture and that they should be maintained.

Progress with 'lumpy skin' exceeds all hopes BAN ON SHOWS LIFTED

By the decision of the Director of Veterinary Services, the Department of Veterinary Services, in a meeting of the National Advisory Committee on Lumpy Skin Disease, the ban on public shows has been lifted.

The committee had to take into account the fact that the disease is now being spread by the mosquitoes which are now active in the country.

Wide fishing area

The Director of Fisheries has announced that the fishing area for the month of April has been extended to include the waters off the coast of Kenya.

Weather contrast in Kenya last month

Dry during first fortnight

MONTHLY totals of rainfall in Kenya for April were 100% below average, according to the report of the East African Meteorological Department. It says that the greatest increase in rainfall after the 15th of the month, including the two periods of moderate showers, was during the last ten days of the month, when the rainfall was 100% above average.

THE WEEK'S RAINFALL

Monthly rainfall in Kenya during the week ending April 15th was 100% below average.

Achievements of Kiamba's D.C. praised by Chief

CHIEF JEMAL REJOICES over the achievements of the young Kiamba District Council (D.C.) in its first year of office. He praised the council for its achievements in the fields of agriculture, health, education, and social welfare.

Mr. Jemal, Chief of the District, said that the council had made a great start in its first year. He praised the council for its achievements in the fields of agriculture, health, education, and social welfare.

Mr. J. O. Mwanza, District Chief, is seen with members of the Kiamba District Council in a recent meeting.

MOTORISTS GET USED TO LIGHTS

Police advised that motorists should get used to the new traffic lights in the city. The lights are now in operation and motorists are advised to follow the signals.

KAREN PUBLIC MEETING

The Karen Members and the Council Members will meet in a public meeting at the Karen Club on Monday evening.

DEMAND FOR INQUIRY ON FLYING SAUCERS

A Kenyan has launched a campaign urging the British Government to tell the nation the truth about flying saucers and the 'friendly' people who fly them.

Young marriage

One of the young light marriages in the district was that of Mr. and Mrs. J. O. Mwanza.

RAILWAYS TO NORMAL

The railways have returned to normal after a period of disruption. Services are now running smoothly.

PLANES FLY LOW OVER AIRPORT

Kenya warning to pilots

Pilots were warned August here that they must fly at least 500 feet above the ground when flying over the airport. The warning was issued after a series of low flights by a number of aircraft, which caused the pilots to be warned that they must fly at least 500 feet above the ground when flying over the airport.

Home Office headbache over British 'open door' policy

There is a growing concern in the Home Office over the 'open door' policy which has been adopted by the British Government. The policy is based on the principle of free trade and free movement of goods and services between the United Kingdom and other countries.

The Home Office is concerned that the policy may lead to a loss of jobs in the United Kingdom. It is also concerned that the policy may lead to a loss of revenue for the Government.

The Home Office is also concerned that the policy may lead to a loss of control over the economy. It is also concerned that the policy may lead to a loss of control over the money market.

The Home Office is also concerned that the policy may lead to a loss of control over the balance of payments. It is also concerned that the policy may lead to a loss of control over the foreign exchange market.

The Home Office is also concerned that the policy may lead to a loss of control over the gold market. It is also concerned that the policy may lead to a loss of control over the international reserves.

The Home Office is also concerned that the policy may lead to a loss of control over the international trade. It is also concerned that the policy may lead to a loss of control over the international investment.

The Home Office is also concerned that the policy may lead to a loss of control over the international capital market. It is also concerned that the policy may lead to a loss of control over the international financial market.

The Home Office is also concerned that the policy may lead to a loss of control over the international money market. It is also concerned that the policy may lead to a loss of control over the international credit market.

The Home Office is also concerned that the policy may lead to a loss of control over the international exchange rate. It is also concerned that the policy may lead to a loss of control over the international interest rate.

CHURCH SPLIT A TRAGEDY

Breakaway groups adds to divisions

The Church of England is facing a major crisis as a result of the formation of breakaway groups. The breakaway groups are formed by those who believe that the Church of England is too liberal and that it should be reformed.

STANVAC in E.A. has 78 FACETS

Diamant the jeweller has one

Mathematic play an important part in the production, transport and distribution of petroleum products. STANVAC employs 78 FACET calculators to get prompt answers to problems of all kinds.

Diamant the jeweller also has figure problems. Mr. Diamant says: "FACET dispenses if them in a twinkling and, indeed, is inflexible to me."

Is your company big or small? FACET will begin paying for itself as soon as it is used a couple of hours a week. It handles all arithmetical operations with our ten keys. No tables could be number. FACETS are available in several models from manual to fully automatic, to meet every need.

new NUFFIELD UNIVERSAL 'THREE' DIESEL TRACTOR

MAKE NO MISTAKE!
Nuffield Tractors are the cheapest tractors per horsepower both on initial cost and in operation. Their unit construction makes them easier and cheaper to maintain than other machines and on test they show a higher percentage of applied power at the drawbar.

GOOD NEWS FOR OWNERS OF THE NUFFIELD UNIVERSAL "FOUR"
The drawbar pull and performance of the new Universal "Three" tractor are of the same high standard as your Universal "Four". There is also a very high degree of interchangeability of parts and optional equipment including engine components.

THE GREENS CREEP W... SH DRACH WALKED

By Harry Eastman

SUFFERING from a cold, the author of this column, who has been a member of the Green Party since its inception, was surprised to find that the party's policy on the subject of the "Green" was not as clear as he had thought it would be.

The Green Party, through which they will be able to express their views on the subject of the "Green," is a party which has been formed by a group of people who are interested in the "Green" and who are willing to work for its success.

The Green Party is a party which is interested in the "Green" and who are willing to work for its success. The Green Party is a party which is interested in the "Green" and who are willing to work for its success.

Thousands bet on a frozen river in the Yukon annual Derby

By REDDIE DOLE

EVERY year during the month of May thousands of people gather on the banks of the Tanana River in Alaska to witness a "race" that is every bit as exciting as the famous classic English Derby. But instead of watching the beautiful thoroughbreds of the international turf, these anxious people keep their eyes glued to the flat top of the great ice flow of the river.

And well they might, because thousands of pounds are invested in the betting—of that same ice and snow.

It is then the gamblers' judgment is called upon to predict the winner of the race. The Yukon Derby, as this "race" has come to be known, was first founded in 1911 and the rules have remained the same ever since.

The "race" is conducted by a group called the Tanana River Derby Association, which has a track on the river bank, which has been built for the purpose.

Let's learn to box

The boxer has, however, one feature which is found nowhere else, and in no other profession, either.

Some years ago some experimental men imported a couple of "chimpanzees" from the Congo and kept them at their camp. They were very intelligent and they were very strong. They were very intelligent and they were very strong.

UNLIMITED LIFE FOR EARTH SATELLITES

If a satellite is launched in the direction of the Earth's forward motion it gives a huge boost velocity. The satellite Sputnik I, set free in the earth-orbit direction, could not survive in this manner. The nature of the orbit must depend largely on the velocity with which the satellite is projected from the earth.

The example of the footballer is helpful. A ball is kicked at a height of 120 miles. Then the ball will be an orbit with the Earth at one end. The ball will be in orbit for a long time.

During the motion of the satellite, a great deal of the force velocity is lost. In 100 years of the ball velocity is lost.

AT THE POLES

HIMALAYA PATWARDHAN contributes her second and last article on rockets, satellites and atomic energy. The atomic beams rays and other substances are dealt with also in today's feature.

In the second issue and 80 per cent of the ball velocity is lost. The ball will be in orbit for a long time. The life of the satellite depends on the velocity with which it is projected from the earth. The impact of satellite which is not negligible. The height from the Sun, and the temperature of the atmosphere of the Earth with the atmosphere.

FRUCTION POINT

It is worth to give the satellite a circular orbit. It should be a circular orbit. The satellite should be a circular orbit. The satellite should be a circular orbit.

PATH NOT FIXED

The atmosphere thus acts as a brake, finally bringing the satellite to rest.

Whether it is possible to launch the satellite in the direction of the Earth's forward motion, it is a good question. The satellite should be a circular orbit. The satellite should be a circular orbit.

The path of the Soviet satellite, Cosmos. They revolved around the Earth 10 times a day.

Origin of cosmic rays remains major problem

The recent announcement that the cosmic rays are not of galactic origin but are produced in the atmosphere of the Earth is a major problem. The origin of cosmic rays remains a major problem. The origin of cosmic rays remains a major problem.

ON THE MOON

A force field will be set up around the Moon. The Moon will be a source of cosmic rays. The Moon will be a source of cosmic rays.

'SPACE BIRD OF PEACE'

After a certain fixed period the satellite will be launched. The satellite will be launched. The satellite will be launched.

WELL-KNOWN SPORT COM

Charles Disney, Sports Editor

There have been a great many changes in the world of sports since the last time we reported on the subject. The changes have been so great that it is difficult to keep up with them. In this article, we will try to give you a general idea of what has been going on in the world of sports since the last time we reported on the subject.

Track and Field

The track and field season has been a very successful one. The United States team has won the Olympic Games, and the British team has won the Empire Games. The American team has also won the Pan American Games, and the British team has won the Commonwealth Games.

Baseball

The baseball season has been a very successful one. The New York Yankees have won the World Series, and the Boston Red Sox have won the American League Championship Series. The St. Louis Cardinals have won the National League Championship Series, and the Cincinnati Reds have won the National League pennant.

Football

The football season has been a very successful one. The New York Giants have won the NFL Championship, and the Cleveland Browns have won the American Football Conference Championship. The Pittsburgh Steelers have won the AFC Championship, and the Baltimore Colts have won the NFL Championship.

Boxing

The boxing season has been a very successful one. The heavyweight champion, Muhammad Ali, has won the World Heavyweight Championship, and the middleweight champion, Sugar Ray Robinson, has won the World Middleweight Championship.

Baseball

The baseball season has been a very successful one. The New York Yankees have won the World Series, and the Boston Red Sox have won the American League Championship Series. The St. Louis Cardinals have won the National League Championship Series, and the Cincinnati Reds have won the National League pennant.

Baseball
