Conservative Support for Joint Committee

LORD SALISBURY'S AMENDMENT LOST

The Future of India
MR. STANLEY BALDWIN'S EARNEST PLEA FOR PARTY UNITY

The ballot at Tuesday's meeting of the Conservative Central Council, when the Joint Select Committee's Report, upon which the Government's Bill on India will be based, was approved by a three to one majority, is generally regarded as decisive.

The Council consisted of the delegates of local Conservative Associations charged to express their views, and the voting thus represented a rough and ready referendum of the Party's opinions.

The opposition to the Joint Committee Report, which received only 20 per cent. of the vote, declares the intention of continuing the "education" of the Country on the issue.

Convincing the Doubters

Lord Salisbury's amendment was defeated by a three to one majority, is generally regarded as decisive.

Thought to Defeat Salisbury

Mr. Baldwin appeared to the House to confirm themselves on principle, avoiding personalities, and to make their differences more pronounced than ever.

Appeal for Assistance

Mr. Baldwin pleaded earnestly for the acceptance of the Select Committee's report and declared that the weight of authority and knowledge he had never known to be equalled in the Conservative Party.

Opposition by "Morning Post"

The "Morning Post" voted the Government's amendment (Continued on page 6.)

BRITISH SHIPPING INDUSTRY

New Assistance Bill Passed

Subsidy granted
The House of Commons last night rejected the financial resolution in connection with the British Shipping Assistance Bill by 211 votes to 52.

SENTENCE REDUCED

The Attempt on the Life of Sir John Anderson

Three Birminghams were sentenced to death for their part in the attempt on the life of Sir John Anderson.

£12,000,000 LOAN

Free of Interest for Australian Farmers

Mr. Baldwin referred to the various measures in Empire self-government, particularly in South Africa, which at the time looked so rocky but were probably the best thing for the Empire that could possibly have happened.

SLIM CLEARANCE

Considerable Progress Being Made

Considerable progress is being made with the slim clearance of the Empire.

THE ROYAL WEDDING PRESENTS

A considerable sum is likely to be raised for charities by the exhibition of the Duke and Duchess of York's wedding presents.

The German Sensation

DEATH OF A FORMER LORD CHANCELLOR

Viscount Beaconsfield
The death occurred this morning of Lord Beaconsfield, aged 73, who was Lord Chancellor during the War.

SENTENCE REDUCED

Disastrous End to Pacific Flight

The Honolulu wireless station has picked up a message from Capt. C. T. P. Uim, who is making a sorry flight across the Pacific from Oakland, California to Australia, informing that he and his crew are in peril.

YEAR HAWAII

A report that Capt. Uim has been killed is not confirmed, and grave news are now felt for his safety.

The Burning of the Reichstag

AMAZING ALLEGATIONS PUBLISHED

Phosphoretted material which General Goering supplied, the night of the burning of the Reichstag, is found to have been used for the purpose of setting fire to the building.

AS A BLIND

The weak-minded van der Lubbe was used as a blind although he believed that he was acting alone.

THE LEIPZIG TRIAL

A sensation was caused by the burning of the Reichstag building on the night of February 27, 1933. The incident set in motion a series of events which led to the arrest of the 100 Communist deputies in the previous Reichstag.

FOREIGNERS' WAGES

Tax to be Imposed in France

The Finance Commission of the Chamber has adopted a Government bill imposing a tax of five per cent. on the wages paid to foreigners.

NOT EVEN BOY SCOUTS

The New Ban on Uniforms in Turkey

The new Turkish law banning the wearing of coats of the most in public also prohibits the wearing of the uniforms of the Boy Scouts and thus not only Blackbirds, Brownies, Scouts and Boy Scouts are affected but also the uniforms of boy scouts.

# Here it is! The Tyre That Solved the TREAD WEAR MYSTERY in hardest test ever held

Gives 43% longer non-skid  
mileage . . . more traction  
. . . more safety . . .

**NO EXTRA PRICE!**

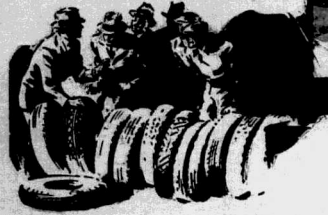

**THE** amazing new "G-3" Goodyear Tyre is the result of months and months of careful research and test to provide better tread wear.

Treads on ALL MAKES of tyres were wearing out too fast—yet tyres were being made better than ever before.

It was a mystery until careful investigation by Goodyear experts discovered the trouble. The new automobiles, with more powerful motors and larger brakes, put new demands on tyres—and no existing tyre could stand the strain.

Many, many tread designs were tested. "G-3" was one of them. Just the engineers' designation at first—BUT NOW THE NAME OF THE TYRE THAT OUTLASTED ALL OTHERS!

It was tested on giant "grindstones" made of razor-sharp granite road-grit. Then Goodyear test cars ran night and day, making quick emergency stops every two miles—burning up brakes and ruining cars—to prove "G-3" the toughest tyre ever built!

"G-3" kept going long after other tyres gave out.

The "G-3" keeps the famous All-Weather GRIP IN THE TREAD-CENTRE where it is more important than ever—for quick, safe stops on smooth modern roads.

### Here Are the Improvements

IT HAS A WIDER, FLATTER TREAD—MORE ROAD CONTACT.

Test cars ran day and night . . . burning up brakes

|  |  |  |
|--|--|--|
|  | <b>43%<br/>LONGER<br/>NON-SKID<br/>MILEAGE</b> |  |
| A wider, flatter contact with the road—MORE TRACTION |  |  |

**MORE NON-SKID BLOCKS—16% MORE—NESTED CLOSE TOGETHER TO GIVE MORE GRIP, MORE SAFETY!**

**RIDING RIBS ARE 11% WIDER—GROOVES NARROWER—TO PREVENT "SQUIRMING" UNDER PRESSURE, A COMMON CAUSE OF WEAR.**

**IMPROVED BEAD CONSTRUCTION GIVES GREATER STRENGTH.**

**AND THERE'S MORE RUBBER IN THE TREAD—AN AVERAGE OF MORE THAN TWO POUNDS MORE PER TYRE!**

Of course, this heavier tread-load puts added strain on the

sidewalls—a strain that Goodyear's exclusive extra-durable, extra-elastic SUPERTWIST CORD bears without the slightest difficulty.

The result is a matchless tyre—AND A TREAD THAT DELIVERS 43% LONGER NON-SKID MILEAGE!

### Your Goodyear Dealer Has "G-3"

Months ago the first "G-3" All-Weather tyres were put on sale without advertisement. In actual service they have proved themselves to be as good as our tests showed them to be.

Now your Goodyear dealer has this astonishing tyre. See it to-day. With all its extra advantages, it costs you nothing extra. That's real value!

COLONIAL LOANS - THE NEWFOUNDLAND CASE

To the Editor, "E.A. Standard," Sir - I have been reading the report of the Hon. The Colonial Secretary's speech, and reply to the debate on the 10th Budget Estimates. He is quoted as follows:-

"The Noble Lord (Lord Francis Scott) had been reading the report in Newfoundland. He believed that he was wrong in stating that Newfoundland had no funds; it was rather that Imperial Government had made itself not responsible for Newfoundland's loans."

This is true, but it is not the whole truth. In December 1959, I was advised as a holder of Newfoundland Government stock that under authority of the Government of Newfoundland Loan Act 1959, holders might surrender their holdings to be exchanged for Government of Newfoundland £3 per cent. guaranteed stock, 1945-60 on the basis of £100 of the new stock for every £100 of the former, and all value of existing Stocks of Bonds of the Newfoundland Government, if expressed in sterling, principal, interest and sinking fund guaranteed by British Treasury.

In the case I am quoting, the holdings were of 5 per cent. loan expiring in 1949 and 5 per cent. loan expiring in 1954, though I believe there were £100 of the former with a less rate and some with greater rate of interest. In a cover note, it was stated that the new 5 per cent. loan cost 1948-50, £8d. £100 to exchange into the new 5 per cent. loan cost 1948-50, £8d. £100. My own interest was that the new 5 per cent. loan would probably have no real interest for many years, as no interest will be paid on these Stocks until the whole of the advance from the British Government has been repaid.

In effect, therefore, there was a reduction of interest, practically insolvency, from 5 per cent. at 2 per cent. each, though it is true that the new loan carried the guarantee of the British Government.

THE KINANGOP MURDER

To the Editor, "E.A. Standard," Sir - When one person takes the life of another for vengeance or for other motives, he usually takes all precautions to avoid detection and often refrains from the crime where there is some witness in such cases when the victim is a loved one, a friend, probably the ends of justice are bettered, slighted, though the Law does not provide for a reduction of the penalty which murders are ordinarily attended and the disastrous consequences to the relatives of the deceased.

But where a murder is committed by a gang of persons without any form of provocation, without any reasonable excuse of vengeance and with no other motive than that of crime and rage with utmost brutality, the innocent person

**on MONDAY, 10th December, 1934 at 10-30 a.m.**

**Lot No. 1.** A modern and well constructed Stone house on 0.667 acre (Plot No. 209/1975) **Almsworth Road, Nairobi**, Leasehold for 99 years from 17.12.1916. Ground rent Sh. 5/6/6. The house, which is in excellent condition, comprises the following accommodation—Living Room, Drawing room, with Brick Fireplace, 2 Bedrooms, Passage, Bathroom, Front Lavatory, Pantry, Kitchen, large enclosed back Verandah, Wooden Guest House (detached) Concrete Garage and 2 Servants rooms.

The furniture, the property of the Estate, contained in the house could be taken over at valuation if desired. A very nice garden surrounds the house.

**Lot No. 2.** Plot No. 209/1980 **Almsworth Road**, adjoining above area 0.667 acres, annual ground rental Sh. 7/6/6. The house and improvements on this plot are described in Sh. 5/6/6. We have to state that there is no 0.667 house. This rental also contains furniture which could also be taken over by the purchaser at valuation if desired.

**Lot No. 3.** Plot No. 209/1979, **Almsworth Road**, adjoining Lot No. 2 above, area 0.667 acres, ground rent Sh. 7/12/6 per annum. The house and improvements on this plot are similar to those on Lot No. 1, described above with the addition of a very good Tennis Court. There is no furniture, the property of the Estate, in this residence.

**NOTE:**—The foregoing properties are all in excellent condition and have been extremely well cared for. They are all occupied by careful tenants at good rentals. All of the houses are surrounded by attractive gardens which are also well tended. This type of house is always in good demand and no difficulty has been experienced in securing tenants. They therefore provide an excellent opportunity to anyone seeking a safe and lucrative investment.

**Lot No. 4.** Oil Upper Kabete Road and adjoining Westlands Suburb. A splendid plot (L.R. No. 171) of 1/2 acre or thereabouts. On this plot is constructed a Show and Wood and Iron House of 5 rooms. Kitchen, Pantry and bathroom. There is also a good Coach House, Garage, and several outbuildings. # Any Experienced Doctor will tell you . . .

Old age is always getting the blame and quite unfairly. Every woman can look as young as she wishes if she takes good care of her health. When shadows appear under the eyes, it is time to take WINCARNIS.

Any experienced doctor will tell you that WINCARNIS is rich in concentrated health giving properties.

Doctors prescribe WINCARNIS because it feeds and fortifies the bloodstream; because it is as soon a food and a tonic. For over 20 years doctors of the highest standing have been prescribing WINCARNIS as the never-failing strength giver. Take a glass of WINCARNIS every meal before going to bed. ## Asked To Leave Room

He remembered this because he had been asked to leave the room which the three accused visited the first accused. . . .

## "In the Game for Years"

After some days N. M. Dango told witness he had found the right people to do the job—people who had been in the game for years. . . .

## Per. Cor. Sent Commission

The state witness asked, was only to receive a per. cor. sent commission. His Honor interposing that time was evidently that the fire was to take place on September 1, the night of the British Legion fire, so that a very nice alibi could be proved. . . .

## Invitation to Dinner

On September 8 accused invited witness to dinner on the following day. . . .

## Mr. Lewery: What do you mean?

Witness replied that it had been at the beginning of August. He had been in the habit of visiting the house every day and had seen the second, third and fourth accused there, and also an outside. He had seen the three accused mentioned on many occasions when they were visiting N. M. Dango. . . .

## New Big Fire

When witness went outside he saw a fire and shouted "Look, there's a big fire." . . .

## Returns Home

They all stayed a short while longer and then went home. . . .

## KENYA & UGANDA RAILWAYS & HARBOURS. SPECIAL CHRISTMAS EXCURSION TO MURCHISON FALLS.

(LIMITED TO 14 PASSENGERS ONLY.)

A Special Excursion to the Murchison Falls will leave Nairobi on Christmas Eve (24th December, 1934) at 10.30 a.m., returning to Nairobi on New Year's Day.

The itinerary of this Excursion is as follows—

|           |                 |                            |
|-----------|-----------------|----------------------------|
| Nairobi   | dep. 10.30 a.m. | Monday, December 24th      |
| 1st Class | Shs. 257/40     | Tuesday, December 25th     |
| 2nd Class | Shs. 246/50     | Wednesday, December 26th   |
| 3rd Class | Shs. 235/60     | Thursday, December 27th    |
| 4th Class | Shs. 224/70     | Friday, December 28th      |
| 5th Class | Shs. 213/80     | Saturday, December 29th    |
| 6th Class | Shs. 202/90     | Sunday, December 30th      |
| 7th Class | Shs. 191/00     | Monday, January 1st, 1935. |

Specially reduced fares are quoted for this Excursion from Nairobi back to Nairobi, and are as follows—

|           |             |
|-----------|-------------|
| 1st Class | Shs. 257/40 |
| 2nd Class | Shs. 246/50 |

The 2nd Class fare includes 1st Class travel on the Lakes Kioga and Albert and River Nile steamers.

Meals on trains and steamers and board accommodation at the Murchison Falls on forward and return journeys are not included in the fares quoted above and average Shs. 12/- per diem.

Passengers joining the Excursion at points other than Nairobi may obtain particulars of fares and train timings from the Superintendent of the Line, Nairobi, or any Station Master.

In view of the strictly limited accommodation available on the River Nile Steamer, intending passengers are advised to notify the Superintendent of the Line, Nairobi, at an early date of their intention to travel.

A Game Scout will accompany the party to the Falls, Nairobi.

21st November, 1934. G. D. RHODES, General Manager.

## KENYA AND UGANDA RAILWAYS & HARBOURS. REDUCTION IN FIRST AND SECOND CLASS RETURN FARES.

NOTICE is hereby given that with effect from the 1st January, 1935, for a period of one year, the Second Class Tickets will be issued between any two points on the Services controlled by the High Commissioner on payment of one-and-one-half single fares and will be available by any train or steamer.

The availability of the return portions of these Tickets will be six calendar months, including days of issue, of return, and Sundays.

Passengers holding Return Tickets issued under this revised fare being may break their journey on both outward and homeward travel, at any intermediate station or port on the direct line of route between the two points for which the Ticket is valid, for as long a convenient to themselves, provided that the total period of availability is not exceeded.

Passengers holding Return Tickets issued under this revised fare being may break their journey on both outward and homeward travel, at any intermediate station or port on the direct line of route between the two points for which the Ticket is valid, for as long a convenient to themselves, provided that the total period of availability is not exceeded.

Children who have attained the age of 5 years, and are under the age of 12 years, will be charged half the revised return fare, while those under 5 years of age (travelling in the care of other adult passengers) will be conveyed free.

The "used free" baggage allowance of 150 lbs. for 1st Class passengers and 100 lbs. for 2nd Class passengers, on both the outward and homeward journeys, will also apply to holders of Return Tickets issued under this revised fare basis.

This revised basis of charging for Return 1st and 2nd Class Tickets is an experiment and, if it proves unsuccessful in attracting the necessary amount of additional travel anticipated, may be withdrawn.

20th December, 1934. G. D. RHODES, General Manager.

## SUPER TYRES

BALBETT PATENT SAFETY TREAD AND DEALERS.

PERMACRIP, Proprietary-Lite, new invention makes all other tooth brushes obsolete. No other tooth brush has this remarkable new method of permanently sealing the bristles into the brush handle—resulting in a brush which is practically indestructible and practically impossible for anyone to pull out. Danger of infection in the gums and annoying bristles between the teeth are a thing of the past.

Ask for the Proprietary Permacrip. Always sold in the yellow box. Look for the Permacrip name.

TACTICS IN GOLF Interfering With the Laws Too Many Local Rules

One of the fundamental principles in golf is to play the ball from where it lies. Indeed, it can be said to sum up the whole game, however, I fear there is a tendency to drift away from this principle.

There is a tendency to give players too much latitude today. Five lifts are all right in the way but not down to the minimum. After all, if you know you find a certain obstruction...

Other game offences we would be much obliged to see you report. Call a Halt. The argument can be made that the player is not cheating, but there will always be those players who cheat.

APATHY AMONG THE RUGBY FRATERNITY Preparing for the Stellenbosch Visit

In four weeks time the Stellenbosch Rugby team will be in Kenya. They are due to arrive on January 8, and a few days later they will be engaged in their first match.

It is not to be supposed that no local rules should be passed. Clubs are recommended by the Royal and Ancient to make provisions in their rules to meet particular or special cases.

Don't be Selfish. Team work is needed, and every player should make up his mind to turn out for the good of the team.

Today's Hockey. Parklands are all home to K.A.R. as no one has been away to play today.

Notes on Classes at Nakuru Show

CATTLE AND HORSE SECTIONS OUTSTANDINGLY GOOD

Farm and Dairy Produce

Notes on the classes at the Nakuru Show indicate high quality and good standard of entries in cattle and horses particularly the thoroughbreds among the latter. Sheep were disappointing but pigs, though few, were excellent exhibits.

Few Pyrethrum Exhibits

Association. Since then there have been many shows at Nakuru; some of these were held as an excellent effort in those times that it is possible to stage in such a scale of such quality over several days. The Department is disappointed that there is a sort of "letting the grass grow under the feet" in the Kenya pyrethrum industry, an expression, not of recklessness—because the damage to the pyrethrum crop is not of their own doing—but of a certain amount of indifference.

FRANCE AND THE SOVIET

Agreement Reached at Geneva

Geneva, Dec. 6. An agreement has been reached between France and the Soviet Union, pending the conclusion of the proposed Treaty. The agreement is regarded as a high point in the relations between the two countries.

ADJUSTMENT OF TARIFFS IN AUSTRALIA

Reductions in Many British Classes

COTTON DUTIES REMAIN

Geneva, Dec. 6. In accordance with the agreement for the adjustment of tariffs, reached with the Country Party, the Minister for Trade and Customs has tabled a new tariff schedule showing reduced tariffs for 104 classes of foreign goods and 107 classes of British goods. Increases are shown in 11 British classes and 15 foreign. The foreign duties on a broadly based average have been reduced. The tariff board has recommended that the Government to enter into similar negotiations with other countries. Provision is made for an automatic increase in duties on the rates of exchange fall. With certain exceptions the cotton duties proposed in August are not changed.

Method of Approach to the Colony's Financial Problem

The 'East African Standard' learns that the three European Elected Members on the Standing Finance Committee—Lord Francis Scott, the Hon. Conway Harvey and Major the Hon. F. W. Cavendish-Bentinck—decided on Thursday to cease attending the Committee's deliberations for the time being.

Disagreement, according to current report, appears to have arisen, on the question of the principles at issue in approaching consideration of the financial problem—the agreement on the lines of division which were revealed during the debate on the Budget in the Council.

The 'East African Standard' approached Major Cavendish-Bentinck yesterday for a statement on the position but he said that the Elected Members declined at present to make any announcement. Their position will be made clear at the proper time, when the Standing Finance Committee reports to the Legislative Council.

EUROPEAN ELECTED MEMBERS WITHDRAW

Disagreement on Principle

Method of Approach to the Colony's Financial Problem

The 'East African Standard' learns that the three European Elected Members on the Standing Finance Committee—Lord Francis Scott, the Hon. Conway Harvey and Major the Hon. F. W. Cavendish-Bentinck—decided on Thursday to cease attending the Committee's deliberations for the time being.

Disagreement, according to current report, appears to have arisen, on the question of the principles at issue in approaching consideration of the financial problem—the agreement on the lines of division which were revealed during the debate on the Budget in the Council.

The 'East African Standard' approached Major Cavendish-Bentinck yesterday for a statement on the position but he said that the Elected Members declined at present to make any announcement. Their position will be made clear at the proper time, when the Standing Finance Committee reports to the Legislative Council.

Maize Prices Continue to Decline

**WHEAT FLOW**

But Slightly Better Demand for Flour at Hand Supplies

The following weekly cereal market report, dated December 6, has been issued by the Kenya Farmers' Association (Unaffiliated). Ltd.:

**Maize.**  
Prices still continue to decline. This seems difficult to understand in view of the forecast of a price in the United States.

There is very little demand for soft maize. Doubtless maize is being freely offered at 19/9. Doubtless and 20/0. January. Maize is changing hands to-day at 19/-. New crop Maize. April may be now being sold at 19/6d.

South African. Prices which have been sold in one instance at as low as 19/-. per quarter. Today's value is round about 20/0d. with a poor demand.

**Wheat.**  
The market during the past week has been sold although slightly better demand has developed for flour at hand wheats.

Prices show little change—No. 2 Manitoba 25/5d; Western Australian 24/1; 6d the bush—Dormal 18/0d.

**Barley.**  
No change in the position. Demand for malting and feeding purposes remains slow. Rate Barley January/February is offered at 18/3d.

**Other Commodities**  
Oats: Unchanged at 16/3d.

Barley: The market is a steady consequent upon a demand from America. Today's value is 19/10d.

Peas: Have advanced. Japanese November/December. 23/10d. Dutch March/April 23/10d.

Turkey Beans: In strong demand 21/10d.

**NOTES ON CLASSES AT THE SHOW**  
(Continued from page 1.)

trating the latest possibilities of parts of the country for sheep farming is to exhibit sheep at an agricultural show.

**CATTLE**  
**APRILS**  
Apri Bull: Only three apri bulls came before the judges. 1st prize was awarded to Mr. E. N. Millington's "Auchincloss King" of Bute," a bull of good quality and mid-land-type. The 2nd prize went to Corrigella Estate's "Horsland Favorite," a good substantial bull but showing signs of wear. The 3rd prize was given to Messrs. Tait's "A" Grey Glenmanan.

Bulls under two years: A very strong class from point of numbers. Several of the bulls in this class might, however, have been brought up to a better showy pitch. The first bull in the class, Mr. G. M. Hamilton's "Ebon Tully" was a high quality bull rather difficult to judge in competition with older bulls; very well brought out and set a good standard. Close behind him came a bull from the same owner, "Ebon Randi"—a well grown specimen, showing good points but scarcely reaching the quality of the winner. Mr. E. N. Millington was third and fourth with "Discover of Kivirini." The third was a popular brown color and a good bull but not quite of the same class as those in front of him. The fourth prize bull was of a somewhat similar type and a good bull also. After this the standard dropped and there was a large tail to the class.

Archie type bull over 1 year: Only two bulls were presented. The first was Major Tait's "Champion Card," a very high grade Archie showing very good points and type. The second prize was awarded to Mr. Hodg's "Dracula," a good quality bull but not so typologically Archie.

Dairy Short-horn (bull): The class of apri bulls was one of the best the judges had seen at any show in Kenya. All showed fine characteristics of the breed. Mr. Everett King's "Histon Dairy Duke" was a very well shown and was shown in excellent condition. There was very little to choose between the second and third winners; both were shown in the pink of condition. H.C. was awarded to Captain Leys's exhibit "Anderson Darling Bala," a careful breeding bull but with too heavy shoulders and a very poor walker.

The remaining classes were of moderate quality with the exception of Major Tait's bull shown in the class under two years old. This bull could have been shown to better advantage.

**DOGS**  
**THOROUGHBRED**  
With the exception of the class for two year olds the judges were of the opinion that the quality of the thoroughbred horses shown was very high and this it indicated the highest promise for the future of the breed of thoroughbred horses in Kenya. The general improvement which has taken place during the last few years is very evident. The judges regretted that there were not as many thoroughbreds shown as in corresponding years—a fact not doubt attributable to the prevailing depression. The judges remarked with regret that there was no improvement in the general turnout and standard of the native sires in charge of the exhibitors; but showing no more in difficulty of the judges' task.

In the two-year olds the winner, Mr. C. B. Clutterbuck's "Holy War" was quite outstanding and a really high class type of Kenya thoroughbred. The remaining entries were too top to stand out, many of them being of rather poor condition.

The Stallion Class was won by Leobard Stull's "Archway" from Mr. C. C. King's "Pictorial" and "Dunspine." The judges said there were three very fine horses well shown and all of them full of quality.

There were only two brood mares shown, the winner being Colonel Shiel's "Clemmy" which beat the well-known mare, "Gala." The judges considered "Gala" a lovely mare, but that she required time to develop into a good mare.

In the class for Country-bred mares, "Clemmy" again won. The class for three-year-olds and upwards saw the best contest since between "Dale," "At Light" and "Collacree" and eventually the well-known mare "Collacree" triumphed over "At Light" and "Dale."

There were four yearlings shown, the winner being Mr. Clutterbuck's "Bangle," a full sister of "Band Boy" and "Brandy." "Bangle" only just won from Messrs. Eley and Co.'s "Archchase."

The foal class was won by Messrs. Spies and Beaton's "Archie," a very promising colt. "Archway" out of the Derby sired "Hyperbolic."

The sheep section was disappointing and none of the best classes for merino rams there was any competition. The champion was an aged merino ram

South Africa, from Lady Eleanor Cole's estate. This was a well grown heavily shaggy well covered with good quality wool. A ram from the same estate was the first prize for a merino ram, countrybred, and the judge was impressed by the quality of the sheep.

**PIGS**  
The outstanding feature of the Pig Classes was the porkers and bacon pigs and although they were confined to two breeds only, they were of a very high quality and standard. Mr. Barclay of Brought was 1st and 2nd in both classes and Mr. North Lewis of Galla was second in both classes. The bacon pigs especially were well finished prime hams ready for the factory and the winning surnames for the porkers represent an ideal London product. The bacon pig class was unfortunately only poorly represented.

In the large white sow class Mr. North Lewis showed three excellent pigs but unfortunately he was the only large white breeder with sufficient entrance to send pigs forward.

There was one extremely good quality white bear sent up by Mr. Bern of Nairobi. This was an exceptionally good young pig by an imported boar which was first in the class at the Royal Show.

**FARMERS' EXHIBITS**  
There were three Farmers' exhibits competing for the Alex Holm Cup which was very evenly won by West Ann Farm whose outstanding exhibit contained over 100 varieties of agricultural produce; many of which were of excellent commercial value. This was a most encouraging example of what can be done on the farm and illustrates the great efforts which farmers are making to compete with depressed commodity prices.

The only criticism which the Judges made in this class was that certain articles of premier commercial value should have been shown more prominently while the lack of quality in a few individual items detracted slightly from the outstanding merit of the rest of the exhibit.

**PHYTETUM**  
The number of exhibits, three, was most disappointing. In view of the increasing importance of the crop an entry of ten times the number would not have been out of place.

The exhibit obtained the first prize was beautifully even in size, dried at the correct stage. The majority of dozens were showing more prominence while the lack of quality in a few individual items detracted slightly from the outstanding merit of the rest of the exhibit.

**FLOWERS**  
The exhibit obtained the first prize was beautifully even in size, dried at the correct stage. The majority of dozens were showing more prominence while the lack of quality in a few individual items detracted slightly from the outstanding merit of the rest of the exhibit.

**WHEAT**  
The number of exhibits was greater than has been the case in recent years. This support would undoubtedly have been much greater but for the fact that many of the wheat in the Colony has still to be harvested. The exhibit particularly the classes for wheat grown at the higher altitudes. It cannot be estimated that this has been held at least two months too early for the cereals. The quality of the different classes was generally of a high standard with the exception of the Baber's class; the grade of this wheat was not commensurate with its appearance. In several classes judging was made difficult by the presence of entries of last season's crop in competition with grain straight from the harvester which was sometimes wet. This year the Unga Cup was awarded to Major Scraggs for a really excellent bag of Redward wheat. It is noteworthy that this wheat is so susceptible to stem rust that it possesses the very milling quality of all wheats grown in this Colony.

**DAIRY PRODUCE**  
**BUTTER**  
The exhibits in the Butter Section show a marked improvement both in quality and quantity. Many exhibitors might improve by taking more care to press out moisture with as little working as possible. This can be done by churning in a large grain, well washed and not using a warmer than room temperature water. Over working destroys texture and grain. A suitable feature was the 10 lb. block of butter, showing good texture and grain, having an intense

A Saturday Sermon

Love for God

[FROM A CORRESPONDENT.]

"LOVE," those knowest all things. There is a good deal of this kind of so-called Christianity in the world.

"ST. PAUL," in his great doctrine of the Christian's armor. It begins with the girdle or belt of Truth—'Hold your ground against the hosts of evil which assault your body.'

And then comes the helmet of the salvation of God to us. He by His Human witness here on earth has taught me that God is Love.

And then comes the breastplate of the righteousness of God. It is the righteousness of God that we must have in order to stand before Him.

And then comes the sword of the Spirit, which is the Word of God. It is the Word of God that we must have in order to stand before Him.

And then comes the shield of faith. It is the faith that we must have in order to stand before Him.

And then comes the helmet of the salvation of God to us. He by His Human witness here on earth has taught me that God is Love.

And then comes the breastplate of the righteousness of God. It is the righteousness of God that we must have in order to stand before Him.

And then comes the sword of the Spirit, which is the Word of God. It is the Word of God that we must have in order to stand before Him.

And then comes the shield of faith. It is the faith that we must have in order to stand before Him.

The great annual dog show at the Crystal Palace has done more than 11th over three hundred dogs were exhibited and paraded in the immense show hall, and there was a bigger attendance than ever.

The list of Challenges Certificates given to the dog proprietors is given in this article and I can only quote a few of the breeds which are most popular in Kenya. Those of you who still maintain that the Amaltee is the best and most useful all round dog for this Colony, will learn with pleasure that Mr. Postels wonderful four yr. old "Champion Stockfield Aristocrat" was adjudged the best dog in the show and awarded the £100 gold cup.

In Uganda the weather has been showery. Kampala recorded 11 inches in six days, and Mbarara and Fort Portal also had rain. The remainder of the country is dry.

Members should note that the annual rally which is being held by the Club de Longo Ridge at Otelemuville, will be held on the evening of December 13.

TALKS TO LADIES

In these days the quest for beauty makes the use of cosmetics universal amongst the fair sex but it is a proved fact that cheap and inferior cosmetics are very harmful and only the purest of creams find their way to the dressing table of my lady beauty.

All beauty specialists are emphatic that the only best cosmetics are not harmful, and all car specialists are equally emphatic that the only best oil should be used to preserve and ensure a smooth running engine.

Pause at this point—Why not give your car the same care you give your beauty? Fill up with TEXACO GOLDEN MOTOR OIL the purest oil on the world's market and go forward on a velvet-smooth running engine in keeping with your complexion.

We believe in beauty — We believe in TEXACO GOLDEN MOTOR OIL

DEBATE OPENS IN LEAGUE COUNCIL

Major-General Templer, the British military representative to the League of Nations, is still engaged in discussions with members of the Saar Governing Commission, and with the Executive Committee of three of the League Council, regarding the details of the size and composition of the proposed international force, which will be subject to the approval of the League representatives to the Saar.

Switzerland has declined, because Britain is expected to supply two battalions, the strongest contingent in the force, which will be a British officer. The largest contingent from any other power is expected to be one battalion—British Official Wireless Service.

Sixty Defenders Killed and Four Hundred Wounded

JUGO-SLAV STATEMENT Belgrade, Dec. 9. The Government has issued a statement in which it declares that the expulsion of Hungarians is reasonable and legal. It explains that a view of the great amount of unemployment in Jugoslavia, the Hungarian attitude at Geneva and the fact that the Hungarian authorities have withdrawn the permits of hundreds of Jugoslavians living in Hungary, has decided and to renew the permits of 25,000 Hungarians working in Jugoslavia, but denies that hand-labour will be engaged.

PREVIOUS ESTIMATIONS The development of the air mail services has been in continuous operation for many years. The service between Croydon and Karachi has been operating with great regularity for a long time past. More recently, with the inauguration of the service to London, (Continued on page 6.)

LOW PRODUCTION COSTS Mr. E. W. Lovell, speaking on the subject of essential oils for perfumery at a meeting of the Society of Arts, emphasized the importance of the industry in Kenya, specifically referring to geranium and eucalyptus oil and also to the commercial possibilities of Kenya peppermint oil.

French Attitude Geneva, Dec. 8. Concrete proposals for international action against terrorism are being submitted to the League of Nations by M. Laval, who at this afternoon's meeting announced the French attitude.

THE DUTCH GOVERNMENT has accepted the League's invitation to send Dutch troops to participate in the international force in the Saar. The Dutch Government has also accepted the League's invitation to send Dutch troops to participate in the international force in the Saar.

### Big Films Next Month

somehow in the North Sea prove themselves to be perfectly good. Eve Newall has the part of the daughter, a princess who is tired of being royalty, and elopes with her father's secretary a few minutes before the end of the show at the Cathedral for her marriage to Prince William of Greece. The parts of the trials are being played by David Powell as the chairman, Prince secretary, and G. Higgins as the underdogs. Prince who declares his dislike for the title.

headed the plans for all the musical numbers, and probably moves scenery between acts."

**D**ONALD Wright as the leader of the opposition, with W. G. Frost as the leader of the successful business party on the palace. King then invites them to come inside to meet his wife and minister. This sets the atmosphere for a number scene in which the quiet title. King wins the support of the leader of the opposition and the dominating Queen over to his side before making his escape. The part of the secret. The part of the secret. The part of the secret.

**Famous Producer Dies**  
 Mr. Dion Tiberghie, the well known playwright, producer, film scenarist, and actor, died at a London nursing home recently. He was a brother of Miss Madeline Tiberghie, one of the principal "Theatre Royal," the new company running at the Lyric Theatre, Tiberghie had not been in good health for some time, and his death followed a serious operation. He was 42 years of age.

**C. C. CARVER** brings a good consolation in the part of a complete fool, who is the King's special-of-duty clerk. He and his assistant, Prince Manning, conspire to save the poor humped King from being executed by officers of state. With the assistance of the Commander of the Palace Guard, played by Gustav Harvey, they are able to rescue the Queen, the Dictator and Foreign Minister.

**"Odds and Evens"**  
 Miss Lesie Melville has decided to call the revue which she is putting on at the Empire Theatre on New Year's Eve, and on January 1 and 2 "Odds and Evens." The proceeds of the revue, she says, are to help raise the fund for the singing and dancing of North Borneo, which is only eight years old. She is a pupil of Mrs. Gene and Miss Myrtle Burrows of the Modern School of Dancing, and it is understood that for the kind of her act she is remarkably talented.

**Managed the Co-Optimists**  
 A Nairobi cinema has undergone a change of management. Mr. Douglas Whiston, who has been connected with the theatrical and film world for many years, has been appointed manager of the theatre. At about his first appearance in the theatre only with Charlie Chaplin's act and comedy appearance on the London stage. This was at the Duke of York's when Charlie played the part of a page boy and Mr. Whiston was on the managerial staff.

**The Princess and the Protection**  
 "The Queen's Husband" by the Halloway Players is now touring the city. It is receiving the best of reviews and has been selected by the Empire Theatre to tour East Africa.

**It was after his manager for**  
 The original Co-Optimists that he went in for the film business, and was closely concerned with the

exploitation of that wonderful silent picture, "The Four Horsemen of the Apocalypse" at the Palace Theatre, East and West. He has become the general manager and publicity director of the show.

**"From the Stocks to the Play"**  
 WALKING of Stanley Lupino, who has just published an autobiography called "From the Stocks to the Stage." In it he tells the life of the famous family who came to the stage through the stock exchange. The story of his life in the stock exchange and how he got into the theatre.

**"The Wandering Jew"**  
 It is a good many months since Temple Thurston's famous play "The Wandering Jew" was shown as a film at Princess Theatre. The management have finally Christmas-time for a return of this masterpiece of acting by Gerald Vidal. It is to be shown for the second time in Nairobi on Thursday, Friday and Saturday of this week. Gerald Vidal, by the way, has taken the part of the Jew in two of the biggest film productions of the year, "Jew Suss."

**Big Films Coming Soon**  
 Mr. M. D. Kay, the local representative of African Consolidated Films, Ltd., has been in Nakuru making arrangements for the importation of many famous new pictures to East Africa. We are to see Douglas Fairbanks' new film, "The Iron Duke," at the end of next month. "Hissom Time," in which Ernest Borgnine takes the part of Schubert (it is almost the same as "Blue Time") will be here, with "Back before the

(Photo Les Clark, Hollywood.)

**Pat Shannon, starring in "The Nine O'Clock Revue."**

**Van Druzen on Plays**  
 "When in a play not a play" says John van Druzen, one of the most successful modern playwrights. An American newspaper recently asked what were his ten favourite plays. He first wrote down about twenty-five including "Mary Rose," "On the Spot," "Broadway," "A Sleeping Princess" and the American farce "She Loves Me Not". He left out Shakespeare for one reason because he did not want to be original and for another reason it was impossible to choose among Shakespeare. They began to wonder: "Does 'favourite' mean the plays I enjoyed most or the plays that were best?" The difference had even admission and enjoyment seemed wrong. Certainly there were on his list those "Wild Duck," and "Juno and the Paycock" and "Jenny's End". When he first saw "Jenny's End" privately given at the State Society, he knew after the first act and half that it was one of the best plays he had ever seen. As he left the theatre one lady said: "Of course it is."

**Very good and interesting, but it is not a play.** She meant perhaps, that a play must have more than an ounce must have some—though he knew quite a number of so-called songs which had no words.

# We studied CLIMATE, analyzed CONCRETE, made GRINDSTONES, ruined TEST CARS, to build the new "G-3"

*True story of puzzling search for causes of baffling tyre wear—experts' defects and triumphs—and how outcome is greatest tyre ever to bear Goodyear name*

**A** MYSTERIOUS malady seemed to be attacking all makes of tyres.

Treads on all tyres were wearing out too fast. It was puzzling! Even the engineers were baffled—because they knew tyres were being made better than ever before.

**"G-3" And Grindstones Tests**

Then a clue appeared. The trouble seemed most severe in regions of rocky terrain. We secured samples of road grit from those localities—crust, sharp granite grit—and built "grindstones" to test the wear-resistance of scores of new treads.

How those brutal grindstones ate up treads—all except one, a pattern the engineers called simply "G-3."

Good as this tread seemed to be, Goodyear was not satisfied. So "G-3" tyres were built for the Goodyear Test Fleet and the drivers given these orders:

**"GIVE 'G-3' HARDEST ROAD TEST POSSIBLE. SPEED UP TO 50 MILES AN HOUR—STOMP ON THE BRAKES**

**EVERY TWO MILES—AND KEEP IT UP NIGHT AND DAY!"**

Benkes gave way first—had to be adjusted every 8 hours—re-laid every 24. Drivers wilted, cars broke down—how "G-3" stood up!

**The Mystery Solved**

Meanwhile the real cause of fast tread wear was discovered. It was the new high-speed cars. Faster starts, higher road speeds, quicker stops were proving too much for present tyre treads.

That was serious—for tyres must keep their grip for safety at the new fast speeds. But now Goodyear had the answer—this amazing new "G-3" All-Weather Tread Tyre!

Your Goodyear dealer now has "G-3."

**Here's What You Get**

YOU GET THE BROADER ROAD CONTACT OF A FLATTER, WIDER ALL-WEATHER TREAD.

YOU GET QUICKER STOP-

PING AND THE GREATER ROAD GRIP OF MORE NON-SKID BLOCKS IN THE CENTER.

YOU GET THE EASY STEERING AND SMOOTH TRAVEL OF WIDER RIDING-RIBS.

YOU GET THE SLOW, EVEN WEAR OF CLOSER-NESTED NON-SKID BLOCKS AND RIBS.

YOU GET FREEDOM FROM CARCASS FAILURE WITH EXTRA-RESILIENT SUPER-TWIST CONSTRUCTION AND A HEAVY, SUPER-STRONG BEAD.

YOU GET MORE RUBBER IN THE TREAD—AN AVERAGE OF TWO POUNDS MORE PER TYRE.

—all of which adds up to 43% MORE NON-SKID MILEAGE AT NO EXTRA COST TO YOU!

All this means more strain on sidewalls, but Goodyear's extra-durable, extra-resilient SUPER-TWIST CORD construction has ample reserve strength for that.

And now for the happy ending. Although this amazing new "G-3" costs more to build—you get all its extra advantages at no extra cost! That's value.

**IMPROVEMENTS in the new "G-3"**

16%, more of the famous All-Weather non-skid blocks—more grip, more safety!

A wider, flatter tread—3 1/2% more road contact

Wider riding ribs—11 1/2% wider; grooves are narrower—blocks are nested closer together—more compact tread!

An improved super-strong bead!

More rubber in the tread—an average of 2 pounds more!

And because of these improvements it delivers

**43% LONGER NON-SKID MILEAGE**

—and extra-strong sidewalls to test the wearing ability of tread—

—tires had to be selected every 8 hours, . . . rolled over 24

**"G-3" COSTS US MORE TO BUILD—BUT—COSTS YOU NO MORE TO BUY**

Splendid Evening's Fighting Close Contests

The best amateur boxing championship yet staged in Kenya was witnessed on Wednesday evening in the Municipal Market. It was the first production for some three years, but a better could not be imagined. Quite a number of the contestants were by the narrowness of margins.

It was a splendid evening's show, but the attendance was somewhat disappointing. Nevertheless the crowd enjoyed every moment of the fighting, although on two of the decisions did not meet with their approval.

P. M. Allen vs. P. Whiting The final of the light-heavy was a popular feature in "Thorny" Allen and "Patsy" Whiting at the Municipal Market. Allen's display in the penultimate round against the younger man could not be termed too impressive. He showed up better in his last, but he had to be kept on his toes by Whiting, who landed several times in the fifth and sixth rounds.

J. Botha vs. Macd. Robertson The opening fight of the evening was in the light-heavy class. It was a close contest, but Botha was the more successful, and he had a good margin in the final round. A last from Robertson was a promising sign. Both men were mixing it freely, and again Robertson was the more successful, though his opponent of his balance and went like to the boards.

D. D. Macdonald vs. M. Handley The middle division was the feature of the evening. Handley was the more successful, and he had a good margin in the final round. A last from Macdonald was a promising sign. Both men were mixing it freely, and again Handley was the more successful, though his opponent of his balance and went like to the boards.

E. Ellis vs. R. Marsh Ellis, an ex-welter champion title holder, opposed R. Marsh in another semifinal. There was little to see in the first round, but the second was more interesting, in which Ellis was forced on to the ropes but he soon got back. Again it was not too colorful a fight. Marsh went into his man in the last round, but he was in a switch exchange of blows land, and with a fine left to the head. Ellis took back, and the pair got to the quarters. Marsh once again getting the better of Ellis, and he went to the head, but Ellis came back with a right. It was a good round, and Marsh got the verdict on points.

D. D. Macdonald vs. M. Handley The middle division was the feature of the evening. Handley was the more successful, and he had a good margin in the final round. A last from Macdonald was a promising sign. Both men were mixing it freely, and again Handley was the more successful, though his opponent of his balance and went like to the boards.

P. MacBrierty vs. R. Yozal Featherweight Semifinal. MacBrierty was the more successful, and he had a good margin in the final round. A last from Yozal was a promising sign. Both men were mixing it freely, and again MacBrierty was the more successful, though his opponent of his balance and went like to the boards.

Final of Middleweights The middleweight division was the feature of the evening. Yozal was the more successful, and he had a good margin in the final round. A last from MacBrierty was a promising sign. Both men were mixing it freely, and again Yozal was the more successful, though his opponent of his balance and went like to the boards.

and did not look too happy when the going soured. Yozal now called a quarter of the referee stopped the fight with MacBrierty covering in his own corner. Yozal won on a technical knock out.

R. K. Allen vs. R. D. Finch Another semifinal, this time in the middle division, it was the holder, Allen, the unbanished, against Finch. The previous evening Allen had had a hard fight with Weasels, but he was very fit, and he showed up in the first round but he showed up very well against a formidable opponent.

The final of the light-heavy was a popular feature in "Thorny" Allen and "Patsy" Whiting at the Municipal Market. Allen's display in the penultimate round against the younger man could not be termed too impressive.

and have proved successful; it is now only a question of finding firms for use and by means of demonstration, educating the public in the cultivation of them.

The agricultural department has attended experiments with kapaok, which it is believed should be well adapted to the country.

It is hoped, too, to establish a new variety of kapaok, which has already been made with increasing success.

The main feature here is water kapaok, which is increasing very rapidly in quantity and value of output. For this year some 14,000 tons have been exported from the Central Province, and the value is being produced at 20/- per ton.

An admirable series of photographs has been taken of the water kapaok in its various stages of growth. The inspection is an attempt to show the value of the kapaok in its various stages of growth.

Instead of having nothing but dead insects on pins, the entomologist has provided some very much alive specimens which can be seen at the show.

In this way, too, was shown an internal parasite of the many leaf beetles, which has not been established in Kenya.

There is a depressing photograph of a coffee tree which has been destroyed by a certain pest, the M. fraxinea, which is a very common pest.

There are several examples of grasses on show, and of these one is particularly interesting, which is a new variety of grass, which is a very common pest.

The chemical section has four main features, which are: (1) the preparation of fertilizers and manures; (2) the preparation of insecticides and fungicides; (3) the preparation of dyes and pigments; (4) the preparation of various other chemicals.

A special prize was presented by the Government, for the best Scotch Terrier, Mr. W. Jackson, of "Black Head of Cona."

D. S. J. A. Silver Medal for the best dog jumping on the second day of the show. Mr. W. H. Florence, of the Government, was the winner.

The cups were presented to the winners by His Excellency the Governor at the conclusion of the Show.

There is a very striking exhibit consisting of models representing four kinds of ground, and showing the effect of the various crops on the soil.

Of special interest to farmers, and in particular stock owners, is the exhibit of the various breeds of sheep, which are being shown by the Veterinary Research Department.

### LOCAL GOVERNMENT SUDDERS

To the Editor "E.A. Standard," Sir,—On September 9, 1932, addressed a letter to you to show how high the cost of maintaining Local Self Government was working in the individual taxpayer's hand, although when the same was said to be instituted the Commission for Local Government (Mr. Logan) had assured the Public that introduction would not appreciably raise the cost of living. It is now, again, required that the expense of the local bodies fall within the terms of reference of the Expenditure Advisory Committee.

Figures taken from the report of the Municipal Board of Nairobi, I showed that the cost of the year 1931 for the main tax-paying non-native population numbering 14,992 was Shs. 212,400/0/0, or Shs. 182/ per head per annum. It is shown that for a man living in a family of a wife and three children the Municipal expenses worked out at Shs. 81/0/0 per annum.

The time taken, unfortunately, because worse and worse since then, and it would be desirable to examine the budget figures for this Board for the year 1934, two years ago, may last observation. It spent an amount of Shs. 186,000/0/0 for the current year, or Shs. 165/0/0 per head, or for a population of about 1,100,000, the reduction of the population being at the least 40 per cent. since 1931 on account of the severe unemployment trade depression. The retrenchment in various Government and public departments. The expense ratio, therefore, now works out at the rate of Shs. 222/ per head, per annum, an increase over the 1931 figure by 20 per cent. It is therefore, apparent that the town-ward in these hard times, instead of receiving any relief from the financial burden actually pays 10 per cent. more for his share of the tax to run this institution.

Arguments are often advanced that the Government has effected the utmost economy. If one examines minutely the working of a local body such as this, it is at once apparent, that much is left to be desired for an honest attempt at economy. For example the salary for the administration expenses of this Board, viz.—the Salary of a Town Clerk and his two European Assistants, Shs. 27,000/0/0, is completely exempt from even the vestibularly Government officers' rate of 4 per cent. Office rent, Shs. 2,400/0/0, excluding light, water and conservancy, etc., or an expense of Shs. 56/10/0, per head per annum, is deducted from each individual identification of each individual. When there was no Municipal Board, the same services, at least, were rendered by probably a couple of Asian clerks, with evidently the same efficiency, and even the whole mechanism of a Town Clerk's office can surely be run by one senior Asian clerk (Shs. 3,000/0/0, p.m.) and one of the most two junior Asian clerks (Shs. 2,000/0/0, p.m. each), thus cost less at the most, Shs. 10,000/0/0, or 1/3 the cost of the Municipal year. Making a proportionate allowance for these buildings, available at present, it would not be difficult

to run the administration department at the cost of Shs. 15,000/0/0 a year, or at 20 per cent. less than at present. If it were possible that tenders could be invited to run the administration of the Board, I am certain, even cheaper quotations than estimated above would be offered for the guarantee, of course, of no loss or a negligible one.

Looking at the Revenue figure, it seems that excluding Shs. 40,000/0/0, the Government grant to the Municipality, which eventually is an income derived from the taxation of Shs. 10,000/0/0, the proceeds from the Licence Fees, the Income Tax, the Sale of Land, and the various services run by the Municipality, two of which are contingencies for the profit they show, viz. the Conservancy Board, Shs. 10,000/0/0, the public works, the expense being Shs. 22,400/0/0, and the income Shs. 30,000/0/0, excluding the private conservancy service; the other is the Income Tax, which is now running at a gain of 25 per cent. for the Municipality.

Now, may I ask a straightforward question? Is there a Municipal Board, which would be a definite cost to run Shs. 222/ per head, per annum? The Township was managed by the Government, and it is interesting to observe that the same services as at present, could have been rendered the Town at an expense under 50 per cent. of the present and the institution of local government here has not "not appreciably" raised the cost of living, but as proved conclusively above has done so immediately. The idea of local Government is not a good one, because it cannot be handled economically, it has to be abolished or at least suspended until the arrival of better times.

The substitution of Asian clerks for the European ones, though not likely to meet with the general approval of the European community, has to be seriously considered, if not for ever, at least for the time being, until a side order has been passed in the present crisis, which has been lent to Economic War, and in times of war there is still scope for prejudice for caste, colour or creed. The common good being fitting the continuity from the Country as a whole.

There are many buildings within the Municipality area, which due to general depression, are vacant for long periods. In these circumstances the public naturally look to the Government to take steps for some relief in the shape of lower Conservancy and Water charges, consistent with the maintenance of results. Will the kind City Fathers of Nairobi and elsewhere, where the above facts are equally applicable, bear them in mind before passing the next annual budget? Yours etc.

"PRO BONO PUBLICO." Nairobi, Dec. 5, 1934.

[The correspondent's population figures are those of the adult non-native population, including children. The population in much greater

and the cost of municipal government per head is about 23 per head per annum. The European population is approximately 1,470, and the Asian population 1,730, total of 3,200.—Ed. E.A.S.]

### CARTER COMMISSION REPORT—KAVIRONDO CLAIMS

To the Editor "E.A. Standard," Sir,—I have been intrusted by the Elders, the members of the Kavirondo Council, and the Central Kavirondo District, to set out certain of the reasons which caused the laying of the Kenya Legislative Council held Nairobi, on the 20th to 22nd October, 1934, in the matters relating to the Carter Commission Report. The Kavirondo (Tan's) Elders, etc., sincerely appreciate the fact that the Kenya Land Commissions have taken in their behalf and for the All Natives of Kenya Colony, whose provinces they have been during their sittings. The Kavirondo Chief Law-Original Assistant, despatches (and relatives), thank His Majesty's Government heartily for the statement made at the Commission to support the Commission to come along here to require the material for the Kenya Lands Policy. But the Kavirondo Chief Law-Original Assistant, despatches (and relatives), thank His Majesty's Government heartily for the statement made at the Commission to support the Commission to come along here to require the material for the Kenya Lands Policy. "PRO BONO PUBLICO." Nairobi, Dec. 5, 1934.

[The correspondent's population figures are those of the adult non-native population, including children. The population in much greater

as it was introduced was not brought into force by the Government to protect the Lands. Since the 1st of November 1934, the Naivasa Commission was constituted to express its opinion, and to give any advice in the question of lands reserved for the use of the Native and other members of the members of Native Councils was approached to express its opinion on the proposal. Therefore, no blame whatsoever is attached to the Naivasa Commission. I think the Hon. Member will fully recall.

Secondly, may I refer the Hon. Member to the provisions of the Kenya Land Commission Act of 1930, in the following Section 17, that "No Ordinance anything in any other Ordinance contained, no land in any Native Lands shall be transferred, sold, or otherwise disposed of except under the authority of the Commission with the provisions of this Ordinance, and no lease or licence of or in respect of any such land shall be granted unless the Central Board is satisfied, after reference to the appropriate Local Board, that the following conditions have been complied with, namely:—(a) That the proposal to grant such lease or licence is in the interest of the Native Council and that such Native Council has been consulted and that such Native Council has given its consent to the proposed lease or licence. And in the further conditions have been complied with the following conditions:—(a) That the native land to be so leased or licensed shall not be so leased or licensed to any person who is not a native of the tribe to which the land belongs, and that the person to whom such lease or licence is granted shall be a native of the tribe to which the land belongs, and that the person to whom such lease or licence is granted shall be a native of the tribe to which the land belongs.
