FOUR YEARS' EXPERIENCE

AFTER FOUR YEARS WORK WE HAVE RECEIVED THE FOLLOWING TESTIMONIAL REGARDING OUR PLAN FOR THE STEAM HEATING OF AIR FOR TEA DRYERS.

We have now had four years' experience of the Steam Heating Plant supplied by you for our factory, and the enclosed figures prepared by the Garden Manager, show that in comparison with the four years previous to this installation there has been a reduction of over 50% in the total fuel consumed, and that with the full steam system power, and drying has been provided, with less fuel than was previously used for drying only.

The plant has proved highly satisfactory in service, and has given no trouble in regard to working or maintenance, while the elimination of Dryer Stove and Chimney renewals is an additional saving of considerable importance.

UGANDA TOO DEPENDENT ON COTTON CROP

MR. WILFRID Woods declares in his report issued this week that there is insufficient information on which to base a superficial estimate of the feasible capacity of Uganda and the final program that country must be approached from the point of view of development expenses.

From information given in the Uganda Government report on post-war reconstruction, the estimated cost of development over a period of 10 years is estimated at about £2,600,000. However, the report does not mention any provision for development from special taxes, but it does mention that the Government is planning to do this. On the other hand, the report does mention that the Government is planning to do this.

All these figures suggest to him that the average annual expenditure to be met from revenue in the next five years may be estimated at about £2,600,000. He notes that the estimated cost of development over a period of 10 years is estimated at about £2,600,000. However, the report does not mention any provision for development from special taxes, but it does mention that the Government is planning to do this.

Plumbing Problem

Householders who wish to install hot water in their homes often are told that the plumbing work is too expensive. The fact is that the plumber's bill is not too high if the work is done properly.

When a plumber is engaged to install hot water, he should first estimate the cost of the work. This should include the cost of the materials and the cost of the labor.

It is important to choose a plumber who is experienced and who has a good reputation. This will ensure that the work is done properly and that the cost is kept to a minimum.

HEALTH WITH PLEASURE

A good snack like is essential to provide those elements which make for health and good development. And health is necessary to give it flavor—make it more satisfying.

The following formula has been approved by the Division of Veterinary Services, South Africa.

1 lb. of certified National Milk Co. Condensed Milk, 11 oz. Cane Sugar, 11 oz. Cocoa, 11 oz. Copper Sulphate, 3 lb. salt, 1 cup. Chopped Dates, 1 cup. Raisins, 22 lb. common stock salt.

First mix all the ingredients, sprinkle with water and ramble it in with the hand, then spread out and the kernel mix thoroughly and make it freely accessible to your animals at suitable troughs.

It is best to have or scoop, daily immediately, as indicated on the drum under directions of use.

Kernel is obtainable from all good stores in quart, 1 lb. and 1 gallon drums.

UNION'S 'MEATY' PROBLEM

COMMISSION SAYS COSTS EXCESSIVE

SOME important findings and recommendations are contained in the report of the Meat Trade Commission which was appointed by the Minister of Agriculture in March, 1953, to inquire into the wholesale and retail distribution of meat. The conclusions reached, though they are not covered with the producer, affect him in several directions and are of considerable importance.

The Commission states that the retail trade has been relatively unimpaired by the war. It is pointed out that the wholesale trade has been less successful, but through lack of cooperation on the part of the retail trade, certain has not been assisted.

In nearly all cases, "wholesale" buyers' profits were found to be excessive, and in some cases to be excessive for the average of the industry. It is pointed out that the Commission found that the wholesale trade has been successful during the war, whereas a number of the retail trade has been unsuccessful. It is pointed out that the Commission found that the wholesale trade has been successful during the war, whereas a number of the retail trade has been unsuccessful.

Meat buyers' accounts show a profit greater than ten per cent on investment after deduction of all expenses, as is the proportionate share. This was during the war, when the wholesale trade was successful. It is pointed out that the Commission found that the wholesale trade has been successful during the war, whereas a number of the retail trade has been unsuccessful.

Recommendations

The Commission recommended that the wholesale price of warm meat should be fixed at 100 per cent of the price of the same meat in the open market. It is pointed out that the Commission found that the wholesale trade has been successful during the war, whereas a number of the retail trade has been unsuccessful.

LOUIS TAKES TWO MINUTES TO BEAT MAURIELLO

Fight With Woodcock in February!

New York, Sept. 10.

The two great feathering proved when a great champion was defeated at the Yankee Stadium here last evening by the challenger, **Jerry Mauriello** in two minutes nine seconds.

Louis, who successfully defended his crown for the third time, has only once, however, been defeated. He has now won 33 out of 40 bouts.

"After the fight the champion said he anticipated the night which **Mauriello** threw as soon as the bout began but had not expected to see him." **WOODCOCK** the champion was his first and last opponent in the world. **Mauriello** was a well known pugilist who had been understood by Louis to go no more.

A crowd of 6,000 witnessed the bout, which was the first of the season of fourteen fights. The promoter, **Mike Jacobs**, offered prizes all round the ring. The contest, which was held at the Madison Square Garden, was the first of the season which was held under a banner of **Sullivan** and was won by the challenger.

Will Ties in Woodcock

After the fight, Louis said he intended to fight **Mauriello** again in the near future. He had not expected to see him. **WOODCOCK** the champion was his first and last opponent in the world. **Mauriello** was a well known pugilist who had been understood by Louis to go no more.

ANGLO-U.S. TRADE BATTLE IN SOUTH AFRICA

THE recent visit of the American Ambassador to the Cape of Good Hope, Mr. J. H. Eastman, has caused a great deal of interest in the Anglo-American trade battle in South Africa. The American Ambassador's mission to South Africa is the first of its kind since the war. It is a mission of goodwill and friendship, and it is a mission that is expected to result in a new era of trade and commerce between the two countries.

U. S. Plants in Union

In addition, American, by establishing factories and plants in South Africa, there are now ten sizable South African-American enterprises. These new enterprises are being established in order to meet the needs of the African continent, and to provide the American people with a new market for their goods.

"And a Rose in Her Hair..."

THE fashion of wearing flowers—real or artificial—to add that finishing touch to evening costume is definitely popular in Nairobi. And very nice it looks. In the following article a few more ideas for gay evenings are suggested. The flowers will be seen soon at our parties; they sound as though they would be worth trying out, though we wonder whether there is anyone courageous enough to try the "dramatic style" which is mentioned in the article; is the star's most daring?

DOCTOR'S BILL

On September 27, 1946, the House of Representatives passed a bill to amend the law relating to the practice of medicine in the District of Columbia. The bill was introduced by Mr. [Name] and passed by a vote of 215 to 135. The bill provides for the regulation of the medical profession and the establishment of a board of medical examiners. It also provides for the suspension of the license of any physician who is found to be incompetent or who has been convicted of a crime involving moral turpitude. The bill is expected to become law in the near future.

Site For New Aerodrome?

The Air Ministry is currently considering the possibility of building a new aerodrome in the vicinity of [Location]. The proposed site is located on a large tract of land that is currently underutilized. The new aerodrome would provide for the expansion of the existing facilities and would be capable of handling a large number of aircraft. The project is expected to be completed within the next few years.

East African Airways Corporation

The East African Airways Corporation has been established to provide air services between East Africa and other parts of the world. The corporation is a joint venture between the British and African governments. It is expected to play a significant role in the development of air transport in the region. The corporation's first flight is scheduled for [Date].

AIR SURVEY EXPERTS IN NAIROBI

'Site For New Aerodrome?'

Air survey experts from the United Kingdom are currently in Nairobi to conduct a detailed survey of the proposed site for a new aerodrome. The experts are using advanced surveying techniques to determine the most suitable location and design for the new facility. Their findings will be used to guide the construction of the aerodrome.

MURDER AND ROBBERY IN UGANDA

A series of violent incidents, including a murder and a robbery, have occurred in Uganda. The incidents have caused widespread concern and have led to increased security measures. INDIA'S FOREIGN POLICY

The Kernel... Is The Ending Of Colonialism

—Mr. Nehru

BRITISH FOREIGN OFFICE TO BE BY-PASSED

New Delhi, September 22. The newly appointed Mr. H. V. K. Dutt, Secretary to the Ministry of External Affairs, has outlined his foreign policy today at his first Press Conference for External Affairs and Commonwealth Relations.

His outstanding aims were: "In future we shall have a new number of the Dominion constituting a direct and real with our direct interest through the British Empire. They will have to be treated as equals. Direction and advice to them will go from the Government for the formation of the Indian Diplomatic Corps to be placed before the Cabinet soon."

Mr. Dutt would appear to have a point of view on the subject of the Dominion of India. He said that the Dominion of India would be a new Dominion of the British Empire. He said that the Dominion of India would be a new Dominion of the British Empire.

DOUBLE MURDER TRIAL

ITALY'S PLEDGE TOWARD ALBANIA AND ABYSSINIA

RUSSIA SAYS "NO" AGAIN

Suggested Economic Commission for Europe

Paris, September 22.

ITALY today formally undertook in the Paris Conference to recognize and respect the sovereignty and independence of Albania and Abyssinia.

There can be no political question to discuss since the Italian Government fully accepts the article of the Treaty of Commerce...

The Albanian delegation considered it absolutely necessary that Albania should be protected now and for all from any Italian aggression...

The Albanian delegate, Mr. H. Spahiu, declared that the Albanian Government would not be satisfied until the Italian Government had accepted the principle of the non-interference of Italy in the internal affairs of Albania...

The United States representative declared that he had no objection to the suggestion that a Commission for Europe be set up...

"Tell me, doctor..."

Now that I am well again, do tell me how to avoid any future risk of blood poisoning.

By never again thinking that a little ear is harmless. Any break in the skin, no matter how small, is a wide-open gateway to germs of infection. If it is disinfectant, as soon with 'Dettol', this will prevent blood poisoning and further infection.

Do not think that the efficiency of a germicide depends upon its unpleasant smell, deep staining colour or poisonous nature. None of these properties need be associated with the power to bray the germ.

of infection. 'Dettol' is not poisonous. It is a colourless liquid with a pleasant smell, and does not even stain. Yet against germs, this germicide 'Dettol' is several times more effective than pure carbolic acid. This is why it is used in the surgical and hospital wards of different hospitals, and why you should employ its pleasant and powerful properties in your own home.

CHALLENGE TO YOUNG FARMERS

The part which the young generation of farmers should play in the future of New Zealand, and the high standards of production and living conditions on the farms, were outlined by Mr. William Massey, Minister of Agriculture, in his address to the New Zealand School of Agriculture, in the Open House, Palmerston North, on September 6. The population of New Zealand is growing at the rate of 1.5 per cent a year, and it is estimated that the higher agricultural production which the Government has set down in its plan will be directed to improve rural health and better housing, more amenities for the worker—a more rural life, better housing, more amenities for the worker—these are the things which will make the difference between a rural life and a life in a town. It is the job of young farmers to make the difference between a rural life and a life in a town. The Department of Agriculture has recently prepared two proposals for farming trends for the period 1954-55. The proposals are: (1) to increase the number of farms from 17,000 to 20,000; (2) to increase the number of farms from 17,000 to 20,000. The proposals are: (1) to increase the number of farms from 17,000 to 20,000; (2) to increase the number of farms from 17,000 to 20,000.

Record Manpower Shortage In South Africa

A manpower shortage has been recorded in South Africa for the first time since the war. The shortage is being caused by the fact that the number of men in the armed forces has increased to 150,000 and the number of men in the public service has increased to 100,000. The shortage is being caused by the fact that the number of men in the armed forces has increased to 150,000 and the number of men in the public service has increased to 100,000.

For Aching Joints and Depression Vanished

to get all comes in sight, it is a relief from the pain of aching joints and depression. This is the story of a woman who has found relief from her ailments.

...of age, I would very much like to get my joints and depression vanishing. I have tried many things, but nothing has helped. I have heard of a certain medicine, and I have decided to try it. I have bought a box of it, and I have started to take it. I have already noticed a great improvement in my condition. I feel much better, and my joints are no longer aching. I am very happy and content. I am sure that this medicine will help many other people who are suffering from similar ailments.
