Terrible Explosion in Germany.

GASOMETER IN SAAR BASIN BLOWS UP.

Heavy Casualty List.

FLAMES SEEN IN TOWNS THIRTY MILES AWAY FROM CATASTROPHE.

The explosion of the largest gasometer in the Saar Basin in Germany has caused heavy loss of life and enormous injuries. The catastrophe occurred at Neuenkirchen. The flames were seen in towns 30 miles away, while the noise of the explosion was heard as far away as Basel on the Swiss border. The heavy iron cover of the gasometer was hurled for 2,500 yards.

In addition to the gasometer, an adjacent petrol store blew up, causing further damage. Fifty houses in a nearby street were demolished, while houses in neighbouring villages were damaged.

Owing to the danger of gas poisoning parts of the area concerned are being evacuated, and terrified women and children are leaving their homes and taking refuge in schools and other buildings.

Rescue Work Proceeding.

At least 1000 were killed and 12,000 were injured in the explosion of the largest gasometer in the Saar at Neuenkirchen today. Telephone and telegraph lines have been destroyed. The flames were seen 30 miles away.

Danger of Poisoning.

Neuenkirchen, February 10. The gasometer was 900 feet high and the explosion was heard at Mannheim and Heidelberg. The police are evacuating the lower part of the town, owing to danger of gas poisoning. The heavy iron cover of the gasometer was hurled for 2,500 yards across the railway station.

Fifty Homes Demolished.

Cologne, later. There are 1,000 injured at Neuenkirchen, while the death toll is expected to reach 200. A petrol store attached to the main blew up, and 50 houses in a street running parallel to it.

THE MENACE OF DOGS GONE WILD.

Hunting in Packs and Up-Country.

HUMAN BEINGS ATTACKED.

KILLERS DESTROYED RAIDS ON STOCK.

The "East African Standard" makes considerable reference to the menace of wild dogs in the country. The menace is not only a menace to the stock but to the human beings also.

Considerable destruction has been done to flocks of sheep and herds of cattle. The dogs are becoming more numerous and are no longer afraid of human beings to the extent of the stage of the past.

These dogs, described by native hunters as "killing dogs" for themselves, have now packed in the area. The dogs are becoming more numerous and are no longer afraid of human beings to the extent of the stage of the past.

The packs appear in the evenings and early mornings and deliberately enter and kill sheep and goats which they see by the roadside. They carry away lambs and kids.

THE STOCK EXCHANGE.

[By WIRELESS.] Rugby, February 11. Sterling on New York was quoted at 24 1/2. British funds maintained their level, but business generally was quiet. The fish market was active.

Fourth Test Match at Brisbane.

AUSTRALIA'S SENSATIONAL COLLAPSE ON SECOND DAY.

Larwood Regains His Pace.

ENGLAND LOSES SERVICES OF PAYNTER THROUGH ILLNESS.

A remarkable collapse was witnessed in the fourth test match at Brisbane, when play was resumed on Saturday. The last seven batsmen of the Australian side could only score 80 between them, the side being finally dismissed for 340, after being 251 for three wickets down.

Larwood was the man mainly responsible for the quick fall of the home batsmen, capturing four wickets for 38 runs. The Notis man appeared to have regained his speed which was so palpably missing on the first day.

England opened well, and when bad light forced stops to be drawn they were only one short of the century without loss. It is perhaps unfortunate that England have lost the services of Paynter, who has been taken ill with tonsillitis, and is not expected to take any further part in the game.

Woodfull's Ruthless Policy.

When he had the hundred taken, Woodfull's ruthless policy was evident. When the first day's play came to a close, the Australian side had scored 251 for the loss of three wickets.

On a perfect pitch this was a strong position to be, particularly as there was every probability that England would have to face a big test before the opening pair were separated, and two wickets were...

made a rather long time for the  
business, as attendance fell off  
quite a lot. They picked up during  
the week, however, and the trade  
on the money market gets back to  
normal so will the houses. The  
four attendances were noticeable  
with only two places open, a state  
of affairs that will continue this  
week. Mr. Mellish, of the  
London Jural, is on his way back  
to Kenya, and then it is antici-  
pated that the programmes will be  
repeated.

This week's bill remains quite  
good, and there is a possibility that  
the news reels may be increased by  
the E. J. Mortons. The  
Harris's Motorettes and Pathology  
Weekly will bring Nairobi con-  
tinue will up-to-date potentially  
with the current events of the  
entire world.

A Rex Beach drama opens the  
Empire programme tonight. It is  
"The Silver Horde," a magnifi-  
cent production in which ex-  
hibition is restricted to widely only.  
The story is laid in an Alaskan  
fishing settlement, where trade  
between the only month in the  
month has a social world. There are  
fights between rival crews, blood  
is shed, but amidst may find some-  
thing of interest in the underwater  
shots of salmon swimming in the  
sparkling grounds. They were  
photographed at intervals of ten  
miles to ten feet under water. Evelyn  
Brett, once of the Comedy in  
London, but who has starred since  
in many American films, has a  
strong role in this one. Others  
have been "The Hidden Corpse,"  
"Queen of Diamonds," and  
"Bonnie Babes."

Following this on Thursday night  
comes "The Man in Possession,"  
in which a young man, partly re-  
suced from girl down and out,  
takes on the job of sheriff's assistant  
serving writs. As such, he  
discovers an important lady by net-  
ting as her lover and then of  
course the plot develops. Robert  
Montgomery has the role, and ac-  
tually the whole play. Seven Eng-  
lish players figure in the support-  
ing company, so that although the

film is made in America it will  
have a homely flavor about it.  
They are on the programme the  
"Haberer Pathology" history  
Bert Murray, "An Old Lady  
Shows Her Cards," "Especially  
Overs" of "Candlelight" note:  
Alan Montagu's starred in his  
own play "Home is Sweet,"  
and Maudie Truitt, Fernster Har-  
vey and Vicky Sherwood.

It is good to hear that ade-  
quate knowledge of the Capital  
Theatre market has been ob-  
tained. The present letters fail to do  
justice to many of the films, mak-  
ing them look like a list of names  
rather than a list of pictures. It  
is they should be the latter phase  
containing a heavy strain on the  
eyes. This will be noticeable with  
one of last week's films.

George Beaumont has the role of  
editor in "The Scandal Sheet,"  
which is being shown by the first  
half of the week, with E. J. Mort  
among the cast and some of the  
good. The title, which is not  
and to do the job of the  
editor. There is a very strong  
reader's view of the picture  
of a woman, her husband, her high  
life and her position in the  
city. Briefly, it is the tale  
of a ventral socialising  
love whose either gets a taste of  
his own nastiness and after turn-  
ing it to full newspaper account  
also gets paid for the cause. The  
dialogue should be worth hearing.

The week concludes on an Eng-  
lish note. "The Man They  
Couldn't Arrest," a drama-  
tized film with Hugh Wakefield, Gordon  
Harker, Nicholas Hannen, Robert  
Farquharson and Renee Clama in  
the cast. An inventor whose ap-  
paratus enables him to over-  
come any obstacle anywhere and at any  
time, overcomes the plot of a gang  
of robbers. Later comes the horri-  
fied tale that his sweetheart's father  
is one of them, and so you get the  
plot of the story and an idea of  
what is going to happen. How  
again the dialogue is good. Wake-  
field served with the old E. J. O.  
Harker was with the 8th Hamp-  
shire, and the film is a very  
on being demoralized. Renee  
Clama's story of a pretty  
petite brunette who falls for  
Charles has the only feminine  
role.

The date of the production of  
"The Mikado" has now being de-  
fined upon. It is March 6, ending  
the 13th, at the Empire Theatre,  
Nairobi.

May Shield Game To-day.

ATTITUDE OF SPECTATORS.

The last seven matches had added 89 before the match, a remarkable one for a great many. No one expected it, but anything in the line of such a failure. Most people looked for a huge field, but the field was quite a moderate one in the first innings. Lawrence was the main factor in the game responsible for the failure of the batsmen. He took four more wickets for 36 runs.

FOURTH TEST MATCH AT BRISBANE.

(Continued from page 1.)

There had to be added the fact that the conditions at Brisbane are all against the tourists.

Australian Collapse.

Saturday, however brought a complete change. Bradman, from whom so much was expected, added only five to his overnight total, and from that point wickets fell at regular intervals. The snag which had appeared to have gone from Larwood's bowling returned, and he was held in devastating style in the evening.

Tourists Open.

The M.C.C. had an hour's batting before the tea interval. 11. J. Jackson the tourists slipped, elected to open the innings with Scudliffe. Hurry was given off failures when opening, on the occasion. Hurry was given off. He and Scudliffe were together when tea was taken, at which point the score stood 40. Scudliffe's wicket was 30, and his captain's two more.

the whole, and was that the attitude of the crowd so far as Larwood was concerned. They did not display any hostility whatsoever to the North man. This was also the "black" section in the honor for England. Early this morning it was announced that Fayter was 21 with ten wickets and it is probable that he will take no further work in the present game.

England's bowling had been wonderful. Verity bowled without success, but his figures speak for themselves. He was given the slightest assistance from the turf, but he kept his end up, and runs were made by the batsmen always showed him the greatest respect.

Wood's ruthless policy of close-bowling in order to keep Englishmen in the field throughout the day, and under the trying conditions of a hotting sun, failed completely to break the tourists' morale. Fisher did not seem to key them up to greater efforts. The tourists' batsmen did not seem to be showing wonderful grit and determination and it was perhaps this somewhat which accounted for the change of fortune which came late in the day. It enabled them to get three wickets, after witnessing a typical example of setting the batsmen on their heels. Amos was amazingly quick in the field. He failed to take a chance, but to concede two extras only in 200 was splendid keeping, most of the bowlers. In the field nothing was done. The batsmen were in their teens all this day, and their efforts were rewarded by a few wickets.

Situation in Manchuria Again Becomes Critical. THESE THREAT TO INVADE JEHOI. China to Resist by Force.

England snatched a first innings lead in the fourth Test at Brisbane, by marvellous play on the part of Paynter and Verty. Convincing evidence that the tourists middle order batsmen had failed, they played out time on Monday, and on Tuesday morning stuck to their guns giving a dogged display of batting. Verty led the scoring in the hands of the Lancashire batsman and eventually carried his bat with the dismissal of Paynter.

The accused had no previous convictions against him and, therefore, Mr. Justice said he had no objection upon him to be allowed to stand on his own feet. The case was adjourned to the 22nd inst.

London, February 13. The House of Commons has today passed a resolution on the foreign trade of Kenya. Mr. G. G. Gabbett, the Kenya member, said that the settlement of the maize seed competition was essential for the revival of the Kenya agricultural industry.

BOTH GOVERNMENTS CLAIM AREA AS PART OF THEIR TERRITORY.

With only two wickets to fall it did not seem at all probable that they would succeed in equaling, far less surpassing the home total, but the grim batting of Paynter and Verty paved the way to their gaining a lead of sixteen runs.

The second had no previous convictions against him and, therefore, Mr. Justice said he had no objection upon him to be allowed to stand on his own feet.

While the Committee of the League of Nations is still busy with the details of the Manchurian dispute, the situation on the spot is gradually becoming critical. The Government of Manchuria, backed by Japan, has threatened to take steps against disruptive elements in the Jehol area, which it is claimed as part of Manchuria.

Bradman Goes Cheaply. (Standard Correspondent and Through Renter's Agency). Never has there been a series of test matches in Australia and the M.C.C. as exciting as this one in progress. It would appear to be the ruling of the fate that the batsman who is usually followed by a crowd of admirers should be followed by a crowd of admirers.

## ENTERTAINMENTS.

### Empire Theatre.

The new version of the film "The  
Silver Horde," showing at the  
Empire Theatre, is exciting, as  
entertaining. It describes the sal-  
mon fishing and mining industry.  
Fleet the salmon on the run, ap-  
pears, then the method of fish-  
ing, followed by rapid glimpses  
of work inside the mining fac-  
tory. It is a story of the mining  
business in Alaska that the plot  
in both, with Evelyn Brent making  
the role of heroine in Rex Beach's  
story. Rough and tumble fighting  
between her and a villain covers  
more than one—this mix up be-  
tween the boats, the fish, the  
well photographed. In the sup-  
porting programme is a "House  
of Mystery" news reel which is quite  
good, and extracts from grand  
opera and concert singing.

### Capitol Theatre.

The programme at the Capitol  
is of first-class quality through-  
out. It opens with an interest-  
ing newsreel, passes to a musical  
interlude, then to an amusing  
comedy. The big picture is "The  
Scandal Sheet," a really excel-  
lent production. It purports to  
show life in an American news-  
paper office—a strenuous, excit-  
ing, dramatic and intense life  
with, however, occasional amu-  
sing incidents in the crowded day's  
programme. It is regarded, of  
course, although the producer  
has had strict regard for the  
summary of technical detail. The  
story briefly is of a managing  
editor who just goes first and  
second to the demands of  
sensational publicity, the reputa-  
tion and career of the French  
and, finally, his own happiness.  
The acting throughout is excel-  
lent, which is not surprising  
with a cast which includes  
George Harnett, Clive Brook,  
and Kay Francis.

### SUNDAY CINEMAS.

#### Result of Local Option Voting.

[\* STANDARD \* CORRESPONDENT.]  
London, January 31.  
(By Air Mail.)  
Voting on the question of Sun-  
day cinema in the British system  
resulted as follows: Against,  
10,000; for, 1,017. Majority  
against 8,983. The result of the  
poll at Leyton on Saturday on the  
question of the Sunday opening of  
cinemas was honoured as fol-  
lows: For, 11,700; against,  
6,862; majority, 4,838. 27 per  
cent of the electorate polled,  
and the Torr's Hall officials, vot-  
ing without fee, saved the  
retailers nearly £200.

### HOUSE FLAGS OF SAILING SHIPS.

#### Remarkable Display at Poplar.

[\* STANDARD \* CORRESPONDENT.]  
London, Jan. 24.  
(By Air Mail.)  
Poplar has also well to honour  
its association with the sea by  
arranging an exhibition of the  
House Flags of famous sailing  
ships, which will consist of the  
London in the days of sailing  
ships. The "East End" through  
the same club to call itself the  
result of the "Mermaid" Marine  
Club long ago in the days of  
the finest nomenclature that  
ever sailed the seas.  
It was in the "Blackwall yard"  
that the vessels of the East India  
Company were built, and to  
Blackwall Mr. Poplar went and  
to a district but not a sailing ship  
to see the old-fashioned  
of their original design.  
These old-fashioned sailing  
vessels, to be seen in the  
public library. The flag of "Ther-  
mopylae" is there, the vessel that  
made the voyage from Australia  
10 days and thereby established a  
sailing record that was never  
broken. The flag of "Cutty  
Sark," also the fast-built two-clip-  
per that alone ran "Thermopy-  
lae's" record close, is there. But,  
the flag of the East India Com-  
pany means most to Poplar, for  
company, in its day was "every-  
thing" to Poplar. It provided for  
the material welfare of the com-  
munity, and also did not neglect  
the spiritual. The Parish Church  
of St. Matthew's, Hans Eddy  
made as fillian, was built in the  
17th century as a chapel to serve  
seamen living in almshouses.

### CHURCH SERVICE IN CIRCUS ARENA.

#### Impressive Ceremony at Olympia.

[\* STANDARD \* CORRESPONDENT.]  
London, January 24.  
(By Air Mail.)  
The great circus ring at Olympia  
presented an unusual aspect  
on Sunday, when the Rev. F. S.  
G. Phipps, Rural Dean of Ful-  
ham, and the Rev. W. A. Sim-  
ons, vicar of St. Matthew's, Hans  
Eddy, presided, stood in the arena  
surrounded by a fully surmounted  
chair and the St. Hill's Colliery  
Band in their scarlet and gold  
uniform. The occasion was the  
performance and employees of  
Mr. Harrison Mills' circus, al-  
though the public were also ad-  
mitted and many were present.

E. A. SISAL PLANTATIONS

Dispute Leads to a New Board.

"STANDARD" CORRESPONDENT, London (By Mail).

A recent dispute has been referred to the arbitration of the East African Sisal Plantations, Ltd., which will now be removed to Arusha, where the office of the chairman, Mr. L. N. Leffler, is situated.

The chairman, Mr. L. N. Leffler, had been in London for the resolution to appoint a new board. It had been agreed to do so and had been accepted through their company which was not carried on.

Mr. L. A. Strick, of the Indian Trusts and Finance Co., Ltd., strongly supports the majority interest in the company. He has been "disfranchising" up to 40 per cent of the shareholders. He speaks of Mr. Conrad Walsh, who is the old director with a special

knowledge of the sisal industry, not to resign.

Mr. Harman supporting the general directors, Mr. G. E. S. Doyle and Mr. William Arthur Leffler, who with Mr. Harman will form the new board, mentioned that he had been informed that he was not yet able to do so.

Mr. Harman refused to consent to Mr. Walsh's resignation to the Board, but was willing to proceed to the Board on the ground that he had no knowledge of the sisal industry.

The resolution appointing new directors was carried and the chairman announced that the Board would announce the decision of the Board with respect to resignation later.

I gather that this new Board will be composed of Mr. G. E. S. Doyle, Mr. G. E. S. Doyle, and Mr. William Arthur Leffler, who has resigned, and Major Walsh has resigned, and Major Walsh has resigned, and Major Walsh has resigned.

### England's Strong Position at Brisbane.

### AUSTRALIANS DISMISSED EASILY IN SECOND INNINGS.

### M.C.C. Well Placed.

### WILL FOURTH TEST DECIDE 'THE ASHES'?

England made great strides towards the regaining of 'the Ashes' on the fifth day of the fourth test match at Brisbane. The heroes played by Fayrer, a six-wicket man, and by Verity, who bowled to the tourists establishing a first innings lead. With six wickets to fall England require no more than 35 runs to win.

On a crumbling wicket Australia's bowlers might turn the tide, and by some sensational work with the ball, snatch victory from defeat. There have been instances of the like known in test cricket before, but will it happen in this prosaic age?

### Lawood is the man who has again proved too much for the home batsmen. On Wednesday he took three wickets with eleven balls to strike deeply at the heart of the Australian's hopes.

### There was a farcical interlude on the fifth day's play, when the Notts man's bat was broken by a blow from the home bowler ducking at every ball, without any attempt whatsoever to play it.

### When the M.C.C. opened their second innings requiring only 160 to win, they met with an early disaster. Sutcliffe going with only fifty runs on the board. Leyland, a fellow country player, however, settled down and hit the home bowling all around.

### A Bowler's Match.

(Standard Correspondent)  
Brisbane, February 16.—England's attempt, and so avoid the necessity of this grim fight as before, the second test match, which was the last test match of the present series, which is due to commence on February 27. The match will see the question, in view of the strong playing which England fields herself today. With eight wickets to fall they require to make 160 runs to secure victory, but a wonderful triumph. Test history has been made, and accomplished in the present series of trials of strength between the two countries. Howards have been made, and records broken, and the unfortunate back-prover, which may have marred the game, is now being played in the light of the greatest struggle which Australia's struggle to hold her title to the Ashes, and the home bowlers determined effort on the part of the batsmen to win the match, and the Ashes.

### Crumbing Wicket.

Even with the win on sight there is still the fact remaining that the test is being the last test match, which play opens on the 24th day. It is quite likely to prove a very interesting one, but the way of succession. That it is a great one in say the way of succession, it is a very likely to be a very interesting one.

### JAPAN'S NOTE TO THE LEAGUE.

### Not a Categorical Reply.

### Changes of Coalition Jeopardy.

### ANOTHER WARNING TO BE DESPATCHED.

(FRANCIS BRYAN'S AGENCY)  
Geneva, February 15.—The Japanese reply to the League has been received from Tokyo, and will probably be handed to the Secretary-General of the League tomorrow. It is understood that it is not of the categorical nature which the League has described as an evasive reply. It points out that the Japanese coalition has been repeatedly made clear, and claims that it is not a categorical reply. It also states that the League's demand for a categorical reply is in general terms, and is not a categorical demand. It is generally felt that Japan's failure to give a categorical reply has destroyed the last chance of mediation. It is expected that the League will send its ultimatum to Japan tomorrow, on February 20, which will endorse the Committee of Nineteen's recommendations.

Rugby, February 15.—The reply sent to the Japanese delegation by the Secretary-General of the League of Nations on the instructions of the Committee of Nineteen engaged on the Mahaburathu district, expresses the view that the Japanese proposal does not afford an acceptable basis of conditions and that the League's position is that the Japanese proposal, and that decision to give a categorical reply.

### No London Control of Tanganyika Railways.

### THE MORE SIMPLER THAN IN JOINING COUNTRIES.

### Pooling Solution for Lake.

### "MORE TO GAIN FROM RAILWAYMEN'S ERRORS THAN POPULAR CONTROL."

(FRANCIS BRYAN'S AGENCY)  
London, February 15.—The concluding portions of Mr. Roger Gibb's report deal with railway competition for the Lake Victoria traffic and the lighterage charges at Tanganyika ports. His solution of the Lake problem is to pool the traffic giving to the K.U.R. 50 per cent and leaving the rate favourable to concentration on Mombasa. He recommends that all rates between the Coast and points on the Tanganyika shores of the Lake should be agreed by the two railways and in the event of failure to agree a third party, perhaps in Zanzibar, should act as arbitrator. Mr. Gibb considers that the comparative simplicity of the Tanganyika railway question makes it unnecessary to recommend transferring control to a London Board. He approves of the terms and conditions of the Tanganyika lighterage monopoly.

### THE LIGHTERAGE MONOPOLY.

(FRANCIS BRYAN'S AGENCY)  
London, February 15.—The importance of the Lake Victoria problem in East African railway policy received emphasis from Mr. Roger Gibb in his report on railway finance in the concluding portion of the document which deals with the Tanganyika Railway. He recommends that all rates between the Coast and points on the Tanganyika shores of the Lake should be agreed by the two railways and in the event of failure to agree a third party, perhaps in Zanzibar, should act as arbitrator. Mr. Gibb considers that the comparative simplicity of the Tanganyika railway question makes it unnecessary to recommend transferring control to a London Board. ## A £1,500,000 LOAN

(Continued from page 1.)

The Government's primary purpose of maintaining the sterling value of the currency is a purpose that funds should be used for the disposal by the three Governments concerned up to a maximum total amount of £1,500,000.

The Bill is a precautionary measure, and one will be made of it only so far, it is said, as the Treasury is able to find the necessary funds.

Similar Bills will be introduced in the other two legislatures, and the provisions of which should be assumed by the three Governments with the signature in the light of the figures for trade and revenue over a period of years.

It is proposed that an additional stipulation shall be made providing that when the Board are able to satisfy the Secretary of State that there are a prospect to do so, they may, subject to the approval of the Secretary of State, pay to the Government any amount which may be available from time to time towards meeting the interest and repayment charges of the loan.

The Bill provides for implementation of section 9 (2) of the Currency Note Ordinance (Chapter 44 of the Revised Edition of the Laws) in defiance of the Caley's obligations under that Ordinance but does not increase them. The question as to whether the way out will fall upon the Caley's from year to year must depend upon whether circumstances require the provisions of the Bill to be put into effect, and upon the terms on which any money so required can be borrowed from time to time.

## BRITISH EXCHEQUER RETURNS.

Increase in Income Tax Payments.

[By wireless.]  
Bully, February 15.

The weekly Exchequer returns show a speeding up of income tax payments. The amount received during the week was £22,750,000, which is over three times as much as in the corresponding week of last year. The figure of £22,750,000 compares with £7,510,000 received in the corresponding week of 1931, it still being favourable.

Receipts were also the largest for any week this year amounting to £4,600,000 against £3,700,000 a year ago.

With seven more weeks to the end of the financial year the amount of income tax received in 1932 is estimated to reach the £100,000,000 mark, or £12,500,000 weekly, whereas the average weekly receipts since January 1 have been more than £17,000,000.—British Official Wireless Service.

## JAPAN'S NOTE TO THE LEAGUE.

(Continued from page 1.)

Japan's note to the League of Nations, dated February 21, was finally approved by the Council of the League on February 24.

Three resolutions will shortly be delivered to China according to high Japanese officials here in a statement by the League concerning the Japanese intentions towards Jehol. One right to form the Manchurian Government on General Tang-shan, the Governor of Jehol, one from General Maeda, the Japanese Commissioner-in-Chief in Manchuria by Marshal Changchi, and a third from the Japanese Government, and a third from Tokio to Nanking, each demanding the complete withdrawal of Chinese troops from Jehol.

"China is an integral part of Manchuria." In this case reasonable time for compliance will be given. Japanese contingents is unlikely to be sent to Jehol, but the Japanese Government is expected to send a small force to the Jehol region. It is believed that the Japanese Government will be able to do so on the day following (Friday March 10), the Nakuru Agricultural Show, a Farmers' Day will be organized by the Department of Agriculture at the Nakuru Show Ground.

### INCOME TAX.

To the Editor, "E.A. Standard," Sir.—In discussing Income Tax many people pass the argument off by saying, "It does not affect me, I will have nothing to pay." They would be probably suffer more than those who have something to pay. If they are not a tax payer, there will be a change of mind getting one, because there is no one to pay the tax. If they are not a tax payer, even when it will be necessary to reduce the tax, they will be the only ones to suffer. If they are not a tax payer, they will be the only ones to suffer. If they are not a tax payer, they will be the only ones to suffer.

**THE E.A. REVIEW.**

Special articles of February Number.

The present presentation of East African news has probably forgotten, if they ever heard of it, the side-story of the statements that took place in the Kilimanjaro Valley in 1927. The story is recalled by Dr. H. A. Brooker who incidentally mentions that the site of the grave of the European named Dick who was murdered on that occasion by the Mau Mau has been forgotten. The story is one of the features of the February number of the "East African Review" which continues to maintain its high standard.

Special articles include a sketch of the life of Lord Baden-Powell; the always amusing "Fruitings of the Peninsula" a very interesting article on linking the Empire by air in which the problem of landing aeroplanes is discussed; a discussion by Lord Strathcona on the task of business men in developing the Empire; an interview with Mr. H. G. Wells on the future of the present education system; and many other topics of all-round interest. The text of the agreement between Britain and Italy in regard to traffic in game trophies is given in full; there are book reviews on recent novels; an article is devoted to Dr. Noel Humphrey's "Roverstock"; a lengthy page contains crisp comments under a heading of "They say"; criticisms of new films are given; a fifth article appears on "Spiritualism" and local subjects include Coast Notes, News notes, East Africa, Women's League News, East Notes, a record of Arm Club activities (including a report of the annual general meeting), the Kenya Football Club results, an exciting page on motor races and boat races.

There are also eight pages of excellent photographs illustrating the latest fashions in evening gowns, cinema stars, young Kenya, and dancers, etc.

**"STANDARD" CORRESPONDENT.**

Kenya, February 15. All hands led to Entebbe last Friday afternoon when His Excellency the Governor and Lady Bouchillon entertained about 200 people of all races at Garden Party at Government House.

After an excellent tea served on the lawn, Sir Bernard and Lady Bouchillon moved among their guests chatting with all and sundry and making every one feel very much at home. Many took advantage of the clearing: a lot of Government House, while others, probably the majority, contented themselves with strolling about the beautiful grounds. At 7 p.m. the band of the R.C.A.F.E. in the hall of the Government House which had played aerobically and dance music all the evening, struck up "Ode to the King" and the guests filed past their host and hostess to say "Good-bye."

**MR. ROOSEVELT.**

(Continued from page 1)

Actor's yacht. He was due to return for New York tonight to resume the selection of his cabinet.

**Little Hope for Mr. Cernak.** Miami, later.

Mr. Roosevelt in his own car took Mr. Cernak, who was seriously wounded to hospital, crushing the Mayor's head in his arm.

Mr. Roosevelt, on hearing the shouts of excitement, stood up in his seat and waved his arm to show that he was not hurt.

There is little hope for Mr. Cernak as the bullet entered his chest and came out at the back.

An eye witness declares that the shooting aimed at Mr. Cernak took place at Mr. Roosevelt.

One member of the secret service guarding Mr. Roosevelt was wounded in the head.

**Identify an Assassin.** Mr. Roosevelt's assassin, as he was shooting, shot off an eye.

The President's name was all the police do not know. "Chicago," these were the words of the assassin.

**Guard Doubled.** New York, February 16. "That's great," stated Mrs. Roosevelt when she learned that her husband was injured.

"You've got to expect these things," she added.

The President has been told to Mr. Roosevelt regarding his escape.

The guards round Mr. Roosevelt have been ordered to be doubled immediately, and likewise at Whitehouse.

MAN WHO ORGANISED THE CARRIER CORPS.

1,000 porters and his program form for a systematic form which coming from India. The first formed took to the back track part in the unseasoned and first attack on Elms. By this time Colonel Watkins' 1,000 porters had grown to 12,000.

Porters were steadily arriving to join his force from all parts of the country—and there were too few to handle them. Many came from Kenya country and a number came from Uganda. Mr. E. J. L. Short—today Chief Secretary of Uganda—was Colonel Watkins' second in command.

There came a pause in the military operations while the final reorganization was pursued, and Colonel Watkins was eventually sent to Nairobi as Deputy Director of transport in the new East African Transport Corps, and he remained in this post until 1916.

In Opposition.

It is of particular interest at the moment that the Government is considering the active role in the development of the country that Colonel Watkins has taken as a member of the Government side of the House of Representatives.

A Registration System.

The objection to the registration in the institution of a separate register and code of professional business. A man would want to be registered and immediately in order with another, which was more than anxious to engage him.

Colonel Watkins became the Director of the Military Labour Corps. It had its own Pay Branch, and its own Medical Officer was head of the post-aid and stationed headquarters of the Corps, and Captain Bower.

The East African Campaign was on the foot, "Colonel Watkins" was, and related that the Military Labour Corps was made up through its own training, drilling, marching, and cutting roads through what seemed at first shore impenetrable. He remembered when a section of the Military Labour Corps was made up through its own training, drilling, marching, and cutting roads through what seemed at first shore impenetrable.

# The New AIRWHEEL TYRE

Only Goodyear makes AIRWHEEL tyres. AIRWHEEL is Goodyear's trademark, registered throughout the world and is used to denote that Goodyear is the exclusive maker of AIRWHEEL tyres.

Out of the sky comes Goodyear's super-soft tyre for motor cars

Introduced by Goodyear to aviation close to three years ago, these big, buoyant, soft-rolling tyres set new standards of safety. They made smooth, gentle landings where planes never dared to land before. They absorbed side-sway. They gave new softness to landings and take-offs at express-train speed. They put new power in brakes.

**I**F YOU want your car to ride the road like an airplane rides the wind—

You'll like the AIRWHEEL tyre at first sight. These big, black, buoyant tyres have such a generous air capacity that they run on as low as 16 pounds' pressure.

They flow over bumps, swallow them up, pillow them away in their sturdy softness!

They put more safety into the All-Weather Tread, by putting more of it down on the road!

They make new speed on curves, because they absorb side-swing and stop side-sway!

They add life to your car by guarding it from jolts and jars that vibrate straight through ordinary balloons!

And yet, with all these good qualities, there is no sacrifice of speed, steering ease or fuel saving.

Better talk with your dealer today—about a set of these new AIRWHEEL tyres.
