A CONSTITUTIONAL ADVANCE.

(Continued from page 5).

substituted an order that policy should be an individual matter. In the Legislative Council...

Official: He offered 5, as compared with 1 at present. Nominated: As compared with 9 at present. Unofficial: He offered 10 at present; He offered 10 at present; He offered 10 at present...

Not only is the demand for freedom of voting procedure for the Nominated Members as a sine qua non of the scheme, but it is suggested that similar freedom should be sought for the Nominated Officers. To paraphrase a statement...

(c) That the demand for an elected majority should be accompanied by a clear pronouncement of our future Constitutional aims, and that these aims should embody a really well proportioned scheme of self-government...

(d) That the Elected Members be requested to do all in their power to remove the impression in the minds of responsible people in Great Britain, that the reason why no constitutional advance was asked before the Great Britain Committee in London was that there is a great, quite probably a predominant, body of opinion in the Colony which is convinced that many of the men capable of representing the public affairs are too preoccupied with their own farms...

(e) That if within a reasonable time after we have made known our desire to Government for an unofficial representative Government I be informed to this effect by the Legislative Council, that the Government should be asked to accept or retain a seat in the Executive Council.

(f) That no political appeal be given to any individual who fails to give to the public the full and frank picture of the Colony that he has, in his own mind, formed in this Revolution, and that he will do all in his power to give effect thereto...

(g) That the Government should be asked to accept or retain a seat in the Executive Council.

Tenders for Second-hand Diamond Core Drill
Boring Pumps.

The Railway Administration invites Tenders for the second-
hand Diamond Boring Plant (eng. by the Railway Stores Dept.,
Nairobi).
1. No guarantee will be given by the Administration for the
condition and description of the plant, but every facility will be
given for inspection of same on application to the Stores Super-
intendent, Railway Stores Dept., Nairobi.
2. The plant will be sold as it stands and the purchaser will be
required to remove same within 14 days from date of notification
of acceptance of Tender.
3. The plant must be paid for on receipt of advice of accept-
ance of Tender, after which payment, no claim will be considered
in respect of the Plant.
4. The highest or any Tender will not necessarily be accepted.
5. Tenders marked "Quotation for Diamond Boring Plant"
should be directed to, and reach the Chairman of the Railway
Tender Board, P.O. Box 70 on or before the 29th April next.
Below are details of the plant—

THE STEEPCHASE SEASON. Financial Losses owing to Floods. [E. A. Standard.] [Continued.] Last Saturday's National Hunt was a satisfactory one, owing to floods. The financial aspect of owners and jockeys alike of the loss of 23 days' racing up to the first week in March of the National Hunt season becomes a very serious one when the figure of nearly £100,000. This stake money offered at the meetings which had to be abandoned, is being made to nearly £100,000 had been lost to owners.

HEADLING CLUB RUGBY. A Most Successful Season. [E. A. Standard.] [Continued.] This season the Headling Rugby Club has proved that it is no slouch in the North of England. It has secured against some heavy opposition under National Hunt rules. This money which should have gone to owners to help towards the keep of the homes and their expenses had gone out of circulation.

There were 144 runs not run, but the net result was a net loss of ten runs for each club, a means that between £7,000 and £8,000. The money available under National Hunt rules. FINANCIAL CONTROL DEMANDED.

(Continued from page 1.)

series of alternative methods of raising revenue—of which there were quite a number—of which every possible policy would be conferred on the people in the territories, that the authorities would not support the Government and which the Secretary of State would be determined not to support.

Proceed with Caution

But Major Grogan suggested that his Majesty should proceed with caution; that every possible element of confusion and human procedure be exhausted first; that they should give every possible support to their leaders and loyally and insist on loyalty among themselves. It was only a matter of days before the Secretary of State showed his position, and whether they could or could not take his assurance. If they could not, then they were in for a dog-dog fight, in which they must never put down their weapons until they had turned from the hands of Government into the hands of their own affairs and the destiny of their own territories. (Applause.) Major Grogan concluded by paying warm tributes to his colleague, Capt. C. B. Andrews, of Kenya, and to Major Gordon White who represented Tanganyika.

The Chairman of Convention, Mr. Kenneth Archer, took this opportunity to move from the chair a vote of appreciation of the services which those two gentlemen and Major Grogan had rendered to the session, a motion that was carried with acclamation.

Resolution Explained

Proposing the resolution quoted above on behalf of the Executive, Sir Robert Shaw (Ulta Solihara Association) explained that at this stage of the proceedings alternative proposals had been presented for meeting the immediate financial needs of the territories.

He stated that he had definite proposals to put up to Government. The second part of the motion referred to the fact that although they supported the recent Tanganyika Report and had the greatest faith in the gentlemen who formed the Committee, at the same time

they could not allow it to be accepted in its present form. Government had made this definite assurance that effect at economy it was to be left to the territories.

Control of Finances

In further remarks Sir Robert Shaw emphasized the growing demand of the countries that it should be the business of the territories upon whom the economic position of the country rested, and the responsibility of the Government in the result of the Imperial policy which had been adopted. It was a burden that the people lawfully should bear and was a responsibility that they were willing to discharge, but if they were to discharge it fairly and justly they must have confidence in their own ability to produce and distribute their products at remunerative rates, and to back up the financial structure of the Colony and maintain it.

The motion was then moved with the omission of the words, in parentheses which Sir Robert Shaw had inserted was due to a complete agreement in the Executive as to the wording.

Financial Principles

Seconding Major J. Gwendolyn-Burton (Terrestrial Association) stressed the necessity absolutely in this case. He said the Executive had endeavored to arrive at the financial principles on which they were agreed—first, the need for a balanced budget; secondly, the necessity to have no recourse to the public purse; and thirdly, the necessity to have no recourse to the public purse; and thirdly, the necessity to have no recourse to the public purse.

An Amendment

For the purpose of discussion Major Shaw (Nairobi) moved on behalf of Major Gordon White (North Political Association), a vote to the Convention, that there be added: "Provided adequate financial control is maintained to ensure the efficient use of every shilling of the Colony will accept any form of taxation approved in Kenya, but not the total budget." This, Sir Robert Shaw explained, was a straight, not the difficulty.

Major Gordon White, Sir Robert Shaw and Major Gordon White explained that the question of financial control was of the utmost importance, and that they should try to get Mr. A. A. Merkin (Nairobi Association) wanted to see the second part of the motion deferred until the Constitutional issue had been settled. In reply to Mr. Banker, Capt. C. B. Andrews (Ulta Solihara Association) said he was sure why the last paragraph of the motion could not be taken in the Committee by Elected Members, and other Elected Members present agreed. Eventually Major White

drove the amendment and an adjournment was made to establish an agreement to be reached.

The "Extreme Left"

On mentioning Chairman A. J. Cole (Kisumu and Busia Farmers Association) moved an amendment that the Executive should have the vote of the meeting on the fact that the "extreme left" had been taken into consideration. It moved that the motion should be amended to read: "And that the Executive should have the vote of the meeting with Government from January 1st, 1934, unless it is required for financial control and be granted."

The amendment that was being a long way, but they might as well go straight away for it was clear that they would be called on to unless they were prepared to come in. It was the only alternative before them in view of the Secretary of State's cable of the previous day. His Excellency thought that the Executive had given an absolute denial of the motion, and that they were being too negative and had thrown down the gauntlet. "Let us take it as we are," declared the Chairman, "We are not letting Government say anything that will give us any ground to take them to court. We are not letting Government say anything that will give us any ground to take them to court. We are not letting Government say anything that will give us any ground to take them to court."

As to the motion moved by Mr. W. T. Bannister (Farmers Association) said that both he and Capt. C. B. Andrews had no objection to the motion as it was a straight, not the difficulty. Major Gordon White explained that the question of financial control was of the utmost importance, and that they should try to get Mr. A. A. Merkin (Nairobi Association) wanted to see the second part of the motion deferred until the Constitutional issue had been settled. In reply to Mr. Banker, Capt. C. B. Andrews (Ulta Solihara Association) said he was sure why the last paragraph of the motion could not be taken in the Committee by Elected Members, and other Elected Members present agreed. FINANCIAL CONTROL DEMAND.

(Continued from page 5.)

Some of the reasons for the demand for financial control are the increasing cost of living, the rising prices of raw materials, and the falling prices of finished goods. The demand for financial control is also due to the fact that the Government is unable to meet its obligations to the public.

Back The Leader.

Major Ernest Bennett, Secretary of the Tanganyika Association, has written to the Editor of the Standard, asking for the support of the public in the election of a new leader. SELECTION OF THE CAMBRIDGE COL.

Why Was Wheeler Chosen?

AN INCLUSION WHICH CREATES CONFESSION.

["strawman" controversy.]

London, March 5. (By Air Mail.)

Derbyshire G.C. and the Cambridge Col. last summer of 1931, despite a small reverse in match expenses and a decrease of £200 in the size of maintaining the ground staff. The Committee's chief worry is the serious decrease of £200 in industry, and in their report they point out the seriousness of the message addressed at the Derby matches last summer. They gave there yielded no more than £240—the Sussex match was transferred to Chesterfield owing to the Derby ground being flooded—whereas the Sussex match at Histon when priced £260. The report contains special reference to A. Richardson, whose batting was a feature of Derbyshire's success, and who will again lead the side, while the somewhat debent of Cowan, the young fast bowler from the Surrey, who took more wickets for the county than any other county player in his first season, is commended upon. Toward the end of the report, the first Derbyshire cricket to accomplish the "double" and the first Derbyshire record number of victories behind the stumps. In recognition of this...

performance, the committee will make a special announcement to the players at the annual meeting at Derby on March 17th.

The Rugby Football Club at Cambridge was won by St. Catherine's who had finished by the margin of a penalty goal, which was the only score. There was a great bonfire at "C" in consequence.

England defeated Ireland by nine wickets to nil in the 29th test minutes against between the two countries in the 1928-29 season. It is interesting to note that in international matches at the Royal Exhibition Ground, the England team was captained by J. C. F. Simpson and C. S. Brerley in the first and second tests respectively. The first test was played on the 12-11, 10-11, 15-11, 20 tests to 27-11.

The Dundee North Championship (Amateur) was won at Queen's Club on Saturday by K. A. Wells and J. A. Brown-Walker. In the second year of its institution, the holders retaining their title somewhat easily by a victory over J. C. F. Simpson and C. S. Brerley in the first and second tests respectively. The first test was played on the 12-11, 10-11, 15-11, 20 tests to 27-11.

"GOLF"

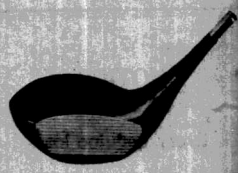

WHETHER YOUR HANDICAP IS 24 OR PLUS 2, YOU WILL RECEIVE THE SAME EXPERT AND COURTEOUS ATTENTION WHEN YOU CALL ON US FOR GOLFING REQUISITES—!

You would never dream of wearing a white tie with a dinner jacket. It would upset the quiet, well modulated lines of your evening attire. A sundowner party clad in a morning coat. The even tenor of life would be of much upset if such a procedure were adopted. Similarly with Golf Clubs — the man who hits a birdie at the first hole with his new clubs cannot be expected to do as well as the second if he gets into the rough to start with, and then falls back on some antediluvian and ill-balanced niblick. Balance in all things is essential—and to that end we carry an extensive range of evenly balanced golf clubs. It is no good having a perfect driver if your mid-iron is past its prime. It will let you down in the long run. Come and visit our Showrooms and receive expert advice, which will cost you nothing. We can fit you out with a set of first class clubs which will reduce your handicap considerably.

Effective Control of Kenya Finance.
Should be Vested in the Elected Members.
Convention's Demand
COLONISTS NOW READY TO ACCEPT RESPONSIBLE GOVERNMENT.

This Convention demands that the elective control of finance be vested in the unofficial Elected Members of Council as present constituted. If this entails full responsible government, the colonists are prepared and anxious to shoulder the responsibility.

Assurance by M.P.
A vigorous debate, extending over several days, was held in the House of Commons on Friday, both the Prime Minister and the Secretary of State for the Colonies gave assurances that there was no question of the surrender to Germany of the British Mandate of Tanganyika. Mr. Ramsay MacDonald added that this question was never mentioned in the discussions at Rome.

WHY 'DULUX' WAS SPECIFIED

In the Autumn of 1951 contractors were called for the decoration and painting of Messrs. Bisco's new works at Beaton, which were then in the course of erection.

AT THE END OF THE TEST THE COLUMNS WERE EXAMINED AND IT WAS FOUND THAT "DULUX" FINISHED COLUMN WAS IN BETTER CONDITION THAN ANY OTHER "DULUX" WAS THEREFORE SPECIFIED EXCLUSIVELY FOR THE ENTIRE DECORATION OF THE FACTORY.

"Dulux" Finishes represent the very latest development in paint manufacturing having made from an entirely new synthetic vehicle by a process never before used in the manufacture of finishes.

"DULUX" is distributed by GALEY & ROBERTS, Ltd.

RONEODEX the x-ray of business

The new way for all records superseded the old "card-in-box" or ledger methods. Makes crystal clear facts, which, unless ordered at Roneodex, are obscure and difficult to arrive at. Amongst other advantages, Roneodex gives you control over every stage of your work, and enables you to see at a GLANCE:
Customer's Record.—You can see at once those who have not purchased from you for 6 months.
Ledger.—You can see at a glance those of your accounts which have not been settled for any particular period you wish to know.
Stock Record.—You can see at a glance (a) Those goods which are not moving fast, (b) Those goods which are dangerously low, (c) Those which are heavily overstocked.
Wicks Record.—You can see at a glance (a) Exact progress of any piece of work at every stage; (b) All jobs in hand or uncompleted.

A unique system of Coloured Signals automatically flashes up to you the vital facts of your business.

With Tyre Prices So Low Why Not BUY THE BEST?

TODAY, with tyre prices so low, almost everyone can now afford the best quality tyre.

The best tyre you can buy at any price is the world-famous Goodyear Tyre with the All-Weather Tread.

Goodyear Tyres give you the SAFETY of traction in the CENTER of the tread...thick sturdy, sharp-edged blocks of rubber...deep-slotted at angles that mean grip and stop whichever way a car wants to slide.

Only Goodyear Tyres are built with Supertwist Cord...61% more resilient than ordinary cord...insuring extra life, extra endurance, extra comfort.

Only Goodyear Tyres have Goodyear balanced construction...insuring long, even, maximum wear from every part of the tyre.

Goodyear can put these extra values into tyres because Goodyear builds more tyres by millions than any other rubber company.

And extra value, extrasafety, extra wear are the reasons why, the world over more people ride on Goodyear Tyres than on any other make!

When you can buy Goodyear quality for as little money as you can right now, isn't it false economy to put any other tyre on your motor car?

The world over more people ride on Goodyear Tyres than on any other make

Convention Indignant with Mr. Roger Gibb.

UNFAIR CRITICISMS OF THE RAILWAY COUNCIL

"Terribly Biased Report."

RECOMMENDATIONS TO BE SUBJECT OF CAREFUL INVESTIGATION.

The Executive of the Convention of Associations is to co-operate with the Elected Members and other public bodies in a thorough examination of the report of Mr. Roger Gibb on the Railway.

The Convention was indignant because of the "unwarrantable aspersions" upon members of the Railway Advisory Council to whose work a tribute was paid in one of the two resolutions adopted on Saturday.

One of the members of the Railway Council described the Report as "mischievous, malicious and in many cases quite fantastic" and he admitted it might contain some small good.

Good in Parts.

Strong resolutions were expressed against the Roger Gibb Report by Convention of Associations.

The following two resolutions were passed by the Convention on Saturday:

That this Convention of Associations is indignant at the unwarrantable aspersions cast upon its constituent members of the Railway Advisory Council, past and present, by the Report of Mr. Roger Gibb on the subject of the railway, and that the Convention is of the opinion that the report is in many respects calculated to advance the best interests of the Railway, and that it is in many respects calculated to advance the best interests of the Railway.

In the opinion of this Convention the Roger Gibb report contains a number of inaccuracies which if carried into effect would be most detrimental to the best interests of the Colony and Kenya, and instructs its constituent associations, constituent members and other public bodies in a careful examination of the report.

"Malicious and Fantastic."

The report is malicious, malicious and in many cases quite fantastic," declared the Convention. He offered them a word of advice and said that the report was "malicious and in many cases quite fantastic" and that it was "calculated to advance the best interests of the Railway, and that it is in many respects calculated to advance the best interests of the Railway."

The resolution was seconded by Colonel Abbot (Member of Parliament) and was carried by a large majority.

Water Pours Through Hole in Side of Vessel.

[REUTERS' SERVICE'S AGENT.] Seattle, March 25. Describing the disaster to the 14,000-ton liner "President Wilson," which capsized in Seattle harbor, while undergoing repairs, a Fleet surgeon from Seattle states that 120 seamen and workmen stampeded to the shore when the "President Wilson" heeled over, with water pouring in to the hole where repairs had taken off three plates. A call-over revealed that all except five men had escaped, but two Chinese later swam to the buoy after crawling through a wreckage. The cause of the disaster is yet unknown.

Jewish Boycott of German Goods.

PROTEST AGAINST ALLEGED EXCESSES.

Poland Joins Movement.

ANTI-SEMITIC ORDER BY BAVARIAN GOVERNMENT.

The movement to promote a boycott by Jews of German goods, as a protest against the alleged anti-semitic policy of the Nazis, is spreading. Jews in Poland have now joined the boycott. A Jewish world organization in London also supports the movement, but another body representing Jews in the British Empire has decided not to extend its support.

It is stated in Prussia that discrimination against Jews has ceased, but on the other hand it is also announced that in Bavaria Jews have been forbidden to hold judicial office.

Here is HEALTH

Strong—active and happy— that's how everyone who takes Senogon will feel after a few weeks. Not wonder—there's every essential of Senogon you provide your body and nerves with exactly those elements phosphorus and albumin—that are nature's own building material of energy and strength.

All over the world Senogon has won fame as an ideal strengthening food—in all those cases where loss of strength, weakness—nervousness and its various symptoms such as irritability, depression, stomach trouble, are the complaint.

Medicine Houses, Medical Papers (The Lancet) say:

"There is abundant evidence of the value of Senogon as a nutritive and food—in a word—a 'special' source of general ability. Why then should we not give Senogon a trial?—and we will find for all of us, without exception, the benefits to be derived from Senogon's use are to be seen upon its receipt."

LADIES' FASHIONS

A Letter from Paris.

When a woman buys clothes this season she invariably says: "And now I want a little dress—something new that will show off my figure and be beautiful and comfortable." The answer is a pair of laces, plain or with a pattern, made of a light-weight material, such as silk or cotton, with a high neckline and a full skirt.

A sports frock, in grey, red and blue, with a high neckline and a full skirt, is a favorite choice. The surface is most important. The light-weight material, such as silk or cotton, with a high neckline and a full skirt, is a favorite choice.

Stieras are decorative features of frocks for formal occasions. They are used for both those models, and in a decorative fashion. The other feature is the use of a decorative element, such as a brooch or a belt, to add interest to the dress.

Overalls are fashionable with a most woman. Drawn into the neck, this one was made of washing silk printed in shades of green.

Georgette, or some other soft material which drapes well, would express this evening dress. Choose one of the pastel tints in preference to a dark color.

FOR A LIGHT LUNCHEON **Baked Fillets of Fish**

A tasty fish dish and a choice savory make a very satisfactory luncheon menu.

Allow two fillets for each person. Place a little good butter in the middle of each piece of fish and fold over the two sides. Arrange in a shallow baking-tin so that the pieces do not touch each other.

STEWED CHICKEN

Three or four chickens, with a few small ones, are ideal for a party. They are easy to cook and are very economical.

Overalls are fashionable with a most woman. Drawn into the neck, this one was made of washing silk printed in shades of green.

THE LOCUST POSITION.

General Outlook Much Easier.

The following report on the locust position in East Africa dated March 21, has been issued by the Kenya Department of Agriculture.

Uganda. Hoppers and flying swarms are present in Uganda and the general movement of swarms has been westward. However, not all swarms are present in Eastern Province. Flying swarms, hoppers and swarms are reported from the Northern and Western Provinces; a small swarm of swarms from the Northern Province with a tendency for flying swarms to move in a North-westerly direction has been observed.

Tanganyika. Emergence of hoppers is generally reported from Eastern Province; swarms and swarms are being continued in the same direction as in the past. Further egg-laying is reported in Lake Province. North-eastern and Southern Provinces are clear of hoppers.

Kenya. Flying swarms have been reported recently, chiefly from the Northern and Southern Provinces. Swarms from the Northern and Southern Provinces are reported in Lake Province. North-eastern and Southern Provinces are clear of hoppers.

Improvement in Trade in Britain. INCREASED ACTIVITY ON THE CLYDE. Many Vessels Re commissioned.

That trade is improving in Great Britain is indicated by the increased shipping activity on the Clyde. Since the beginning of the year no ships have been laid up, while a number have been brought into commission.

The improvement is also reflected in recent successful issues of loan stock, both Government and industrial. The results of the British Industries Fair further suggest a revival in trade.

Successful Loan Issues.

There was a slight decline in wool prices, but in the electrical apparatus, motor industries, the distribution of stock and labour services.

It would be expected that the wool market will be broken up. Among the ships to go into commission again is the liner "City of Alexandria," which has left Oporto, and has been chartered to Messrs. Barclay Curie's new trading boat at Falmouth.

Shipbuilding orders are also becoming in great numbers. The Clyde, where practically all employment is better than in any year since 1924.

Kenya Taxation.

Kenya Taxation. The Chairman of the Convention. Not to Hold Office for Limited Period.

In view of the details of the proposed Kenya Taxation Convention, it is interesting to note that the Chairman of the Convention is Mr. R. H. Frisling on behalf of the Kenya Taxation Association.

It would be argued, indeed, that the Convention is a step in the right direction, and that it is a valuable work, and it is, I think, rather a pity that the Convention should be limited in its term.

THE JOINT E.A. BOARD. Reputed by Convention. Not Representative.

Retention of Finger Print Bureau Urged.

At the request of the East African Convention, the Kenya Convention of Associations on Friday, agreed to the following resolutions:

This Convention endorses and supports the following resolution: "While recognizing that Government plans to add to their any additional expenditure at the present time, the Convention is of the opinion that the retention of the E. A. W. I. does not involve any additional expenditure at the present time, the Convention is of the opinion that the retention of the E. A. W. I. does not involve any additional expenditure at the present time."

There is a very strong movement afoot for the reduction of taxation. There have been several new issues recently, such as the Kenya Industrial Products, although the latter is in the hands of the Government.

It is a pity that the Convention should be limited in its term, and that it should be limited in its term, and that it should be limited in its term.

FATAL IN PASSING OF RESIDUALS.

LOVES THE PEACE OF KENYA AND UGANDA.

Six aerobics occurred in Nairobi and bursts over last week-end. In consequence of the heavy rain or heavy showers received medical treatment, and as the result of one of these bursts, a young man, a Hindu, was killed.

Perhaps the most curious accident, in which no fewer than three persons were killed, occurred about 10 miles south of Nairobi in the Thika Road, near the station, on Saturday afternoon.

Two native children were killed by a motor car on the Nairobi road. The car was driven by a European, and the children were killed by the car.

It is a pity that the Convention should be limited in its term, and that it should be limited in its term, and that it should be limited in its term.

SEIZING OLD FRIENDS.

It is a pity that the Convention should be limited in its term, and that it should be limited in its term, and that it should be limited in its term.

CAUGHT BY A CROCODILE. Kakamega Miner's Narrow Escape. A Crocodile's Courage.

["STANDARD" CORRESPONDENT.] Nairobi, March 24. The corpse of the lioness who fell victim which were issued to the Nairobi district were eagerly sought after and it is understood that over two hundred signatories were obtained.

A few days ago a member of a party of three miners who had gone to the Iloilo River in Kakamega, to bathe, was nearly killed by a crocodile.

It is in spite of the universal protest, income tax is introduced it will prevent the revenue from falling short of the amount which would be required to meet the needs of the Government.

The whole affair occupied a few days, and it is understood that the two bathers were nearly killed by a crocodile.

THREE GOALS IN 15 MINUTES

["STANDARD" CORRESPONDENT.]
London, March 11.
(By air mail.)

Saturday was an all-day day of Scotch football, and a triumph for the Scotchmen generally. There were two cup-winners, and a slightly smaller, but the League players, however, were not so successful. There were three goals at Harrow, with Harrow which attracted the largest attendance of the afternoon (about 8000) looked like the leading afternoon of the season, with only one goal to go, but in the eighth minute by G.L. Smith, in a brilliant free kick, the game at Harrow was over.

It was a day of other unaccountable high scores. In the conditions were probably the best of the season for months. The play of the four top middle-class of special interest, and only Celtic of the lot was weak. They were definitely a factor to Millwall in the first half, and the intended play of the latter throughout ended their first 2-2 victory, but Celtic had half an hour left to win after the rest had decided that while the intention was to win, it was not to be done through injury.

Saturday the Parliament began with a chance of success. The Glasgow Motherwell, by their success, gain the lead in the first half, but they were not so successful in the second half, and only Celtic of the lot was weak. They were definitely a factor to Millwall in the first half, and the intended play of the latter throughout ended their first 2-2 victory, but Celtic had half an hour left to win after the rest had decided that while the intention was to win, it was not to be done through injury.

Cycle topped the evening last with a 7-4 victory over Hamilton. It was a result that adds to the popularity of their series in the Harrow Park, with Motherwell this week. Green Park was the only way winners, H. Hillman, J. Barker, and J. Barker, who were especially distinguishing themselves.

In a 2-2 victory over Falkirk at Breckfield Park. The Aberdeen was not so lucky to League game this year, and their fortunes, which were not so successful in the second half, and only Celtic of the lot was weak. They were definitely a factor to Millwall in the first half, and the intended play of the latter throughout ended their first 2-2 victory, but Celtic had half an hour left to win after the rest had decided that while the intention was to win, it was not to be done through injury.

ADMIRATION.

["STANDARD" CORRESPONDENT.]
London, March 11.
(By air mail.)

The Dublin Football Club have been successful in their first game since the war, and have won a 2-0 victory over Derry County in the first round of the Derry County Cup. The game was played at the Derry County Ground, and was a most interesting one. The Dublin team, which was captained by J. J. O'Connell, were in excellent form, and were well supported by their home crowd. The Derry team, which was captained by J. J. HENRY VIII

Most people, who have ventured westward from the town of London, have observed a most striking scene in the instruments of torture. They had a singular fascination, possibly engendered in the past and not yet completely died. Despite their utility, however, it is said to be the most common law of England that is recognized before a legal tribunal. It is a most interesting scene in the instruments of torture. THREE GOALS IN 15 MINUTES

["STANDARD" CORRESPONDENT.]
London, March 11.
(By air mail.)

Saturday was an all-day day of Scotch football, and a triumph for the Scotchmen generally. There were two cup-winners, and a slightly smaller, but the League players, however, were not so successful. There were three goals at Harrow, with Harrow which attracted the largest attendance of the afternoon (about 8000) looked like the leading afternoon of the season, with only one goal to go, but in the eighth minute by G.L. Smith, in a brilliant free kick, the game at Harrow was over.

SERVICE

To inspect your battery regularly, to replenish with acid water, or, if need be, to repair—re-assembly and re-planting—is the job of your Eveready Service Station. To do this with any battery—Exide or not. To do it thoroughly, efficiently as only battery specialists can. Before you strap a battery, let us advise you on it. Perhaps it can be repaired, but if not, then we have the right Exide battery for your car. For long life and service you can't beat Exide.

WIRELESS NOTES

The "East African Standard" has arranged for the publication weekly (on Wednesdays) of a page devoted to the interests of Wireless. The page will be contributed by an expert who will be able to answer queries and, where possible, to advise the possessor of the wireless (radioham). He is, himself, a licensed experimenter who is also engaged in transmission, and has had wide experience of East African conditions.

Queries should be addressed to "Aerial," East African Standard, P. O. Box 284, Nairobi, Kenya. Answers will be given through the Wireless Page.

THE WEEK'S RECEPTION.

(Special to the "East African Standard," by "Aerial.")

Reception during the past week has been fair, and as far as the Empire Transmissions to the African Zone are concerned I had some success with "Monday" and "evening as the best. The commencement of the Friday evening transmission was disappointing, 9.15 p.m., however, the signal had increased and reception was fairly good.

The outstanding feature (London, Paris) on 25.2 metres, but the location from this station has been exceedingly poor for some time, the signal being very steady and strong. Now for the Grand National, it will be interesting to learn how many listeners picked up the Indian Zone transmission at 5.30 p.m. Kenya Time on 8.8 P.F. 12.03 metres. I understand that the running commentary was received sufficiently well for the sake of the race. One of our local wireless clubs gave a successful demonstration, which was attended by a number of interested listeners. The evening transmission to the African Zone on G.S.B. 37.5 metres, at 9.30 p.m., came through quite well.

The Best Race.

Again this week the Empire Transmissions to the African Zone are outstanding in interest, mainly owing to the running commentary on the Grand National. The commentary was received at 8.30 p.m. on 8.8 P.F. 12.03 metres. The programme was broadcast to the Indian Zone and will later appear in the African Zone programme at 9.00 G.M.T. and 9 p.m. Kenya Time.

Listeners will be interested to learn that as from April 1st, a half hour gap between the African Zone and West African Zone programmes will now be filled, and the station will close down for a few minutes at 10.30 p.m. in order to change over to the West African Zone programme. The programme will then commence at 8.30 p.m. and continue until 12.30 a.m. Kenya Time.

Short Waves.

Last week's notes gave a brief outline of the progress of the Empire Transmissions to the African Zone, and the development of the Short Wave broadcast is continuing and advancing. There was a long wave broadcast in the afternoon of our local transmitter, 25.2, which transmitted simultaneously to the African Zone and West African Zone, although reception at considerable distances is very limited. This is due to the fact that the signal is very weak, and atmospheric disturbances are very frequent, which are very prevalent in those parts of the signal. These conditions are not ideal, but they are very valuable in those parts of the signal. The programme was received in a very satisfactory manner, and the signal was quite close to the transmitter. The programme was received in a very satisfactory manner, and the signal was quite close to the transmitter. The programme was received in a very satisfactory manner, and the signal was quite close to the transmitter.

London and the Heavens layer, which consists of an ionized region above the ionosphere, and the distance between the transmitter and the receiver is the first of these "sky waves" to reach the receiver or detector. This distance is known as the skip distance in the case of 30 skip signals, can be as much as 100 miles or more, depending on conditions prevailing at the time of the transmission. This explains how signals at great distances from the transmitter may be stronger than those nearer.

Finding which is responsible for the reception of a signal is a task that is very long distance from the transmitter, which is located in London. The signal is received at Nairobi by many points, but the signal is not received at all points. The signal is received at all points, but the signal is not received at all points.

When the "25.2" "sky wave" returns to earth, interference effects may occur with the result that very heavy fading will be experienced. It will be seen from the foregoing that the Receiver or Hearing Set, as it is termed, plays an important part in Short Wave reception.

The Empire Station uses what is termed E.M.C. Radiators, and uses the various parts of the Empire Transmissions to the African Zone. The signal is received at Nairobi by many points, but the signal is not received at all points.

B.B.C. Questionnaire. It is of great assistance in providing information to the public, and is a very valuable service. It is a very valuable service, and is a very valuable service.

THROW AWAY YOUR H.T. BATTERY!

obtain H.T. Current from an L.T. Battery

The M-L Anode Converter is the original machine specially designed to provide reliable H.T. Supply, and with this Converter in operation all your power problems will be solved.

You merely connect the M-L Anode Converter to any ordinary 6 or 12-volt Accumulator and you can have a smooth and ample anode supply at any required voltage up to 400 volts.

The current generated by these machines is Pure D.C., and they do not embody a contact breaker or any other mechanism which is likely to cause interference. Another remarkable feature is that they consume only a small amount of current from an L.T. Accumulator or Lighting Plant.

Fit an M-L Anode Converter and banish your H.T. problems. There is a model to suit every Receiver. Get full details from:

Kenya's Crops During Past Season

OFFICIAL ESTIMATES FOR THE YEAR.

Steady Increase in Coffee.

FINAL FIGURES OF MAIZE PRODUCTION SHOW DECREASE.

The crop report for the month of February issued by the Department of Agriculture, is the last to be published in respect of the crops and the figures given are the final estimates for the year. Harvesting has now practically been completed, and in cases where it has not been completed a sufficient proportion has been reaped to form a basis for estimating purposes.

The production of maize for February is given as 1,381,900 bags, an equivalent of 8,839 bags per acre. This is a slight decrease on the February figure for 1935, which was 1,410,000 bags, equivalent to 8,810 bags per acre. The total for 1935 was 14,500,000 bags, an average yield of 8.23 bags per acre.

Sisal Unchanged.

The sisal crop for the month of February, issued by the Kenya Department of Agriculture, shows a steady increase on the crop for the month of January. The total for 1935 was 14,500,000 bags, an average yield of 8.23 bags per acre.

AIRWHEEL* TYRE

If you own a light car you simply cannot appreciate how deeply comfortable motoring can be until you have tried AIRWHEEL* TYRES.

These new big buoyant Goodyear Tyres have all the pillow softness of a featherbed. They are the best road in any, and in long, even wear.

Why don't you try a set of AIRWHEEL* TYRES while they are still new enough to make your car the envy of everyone who sees it or rides with you.

The cost of changing over is less than you would think... and the difference in riding comfort is amazing!

* Only Goodyear makes AIRWHEEL* TYRES. AIRWHEEL is Goodyear's trade-mark registered throughout the world and is used to denote that Goodyear is the exclusive maker of AIRWHEEL TYRES.

GOODYEAR

The world over more people ride on Goodyear Tyres than on any other make.
