## GOVERNOR BREAKS TOUR FOR FLIGHT TO AIROBI

### Coast engagements cancelled for week 'EMERGENCY BUSINESS'

The Governor of Kenya, Sir Evelyn Baring, yesterday interrupted his day at the Coast to fly to Nairobi for all engagements at the Emergency. He has cancelled his tour of the Coast for a week. He landed at Nairobi at 10.30 a.m. and drove straight to Government House, where he met the airport installations. He was accompanied by the Hon. H. A. C. Howitt, Sir Evelyn's private secretary who flew with him. He is in a specially chartered aircraft, said before they embarked at Pate. He said that the Governor would be kept from his tour of the Coast for a week.

The Governor's Deputy Governor, Sir Frederick Crawford, would take over the duties of the Governor during his absence. Sir Evelyn's departure was a surprise to many of the staff at Government House.

It is believed that the Governor will be in Nairobi for a very short time. He is expected to return to the Coast on Monday. He will be accompanied by his wife and two children.

People at the Coast were all set to go to the airport to see the Governor. They were disappointed when they found that he had not arrived.

The only reason for the change in plans was that the Governor had to attend to some business in Nairobi. He will be in Nairobi for a few days.

People at the Coast were all set to go to the airport to see the Governor. They were disappointed when they found that he had not arrived.

## GANGSTERS KILL FIVE WORKMEN

### Seen others wounded

A GANG of about 50 terrorists attacked a truck carrying party in the Baringo district, 100 miles north-west of Embu, yesterday. The attack occurred at about 11 a.m. and a group of the gang members arrived on the scene about 10.30 a.m. They were armed with rifles and shotguns. They killed five workmen and wounded several others. The truck was carrying a load of goods. The gang members then looted the truck and fled. The police are searching for the gang members.

## AMBUSHED AT MIDNIGHT UNDER BRIDGE

The Nairobi police officers led an ambush on a group of terrorists under a bridge over the railway line in the Baringo district, yesterday. The police officers were on duty at midnight. They saw a group of about 10 terrorists approaching the bridge. They opened fire and killed several of the terrorists. The police officers then searched the area and found several weapons and other items. The police are still searching for the remaining terrorists.

## Jet flies at 900 m.p.h.

A jet plane flew at a speed of 900 m.p.h. in a test flight over the Baringo district, yesterday. The jet plane was a new model and was designed for high speed. It was flown by a pilot from the Royal Air Force. The flight was successful and the jet plane was able to maintain a steady speed of 900 m.p.h. for several hours. The pilot was very pleased with the results of the flight.

## Child wounded by terrorists

A child was wounded by terrorists in the Baringo district, yesterday. The child was about 10 years old and was playing in a field. A group of terrorists approached the child and shot at him. The child was hit in the leg and was taken to a hospital. The police are searching for the terrorists who shot the child.

## 5 Kikuyu girls leave gaug

Five Kikuyu girls were released from a detention camp in the Baringo district, yesterday. The girls had been held in the camp for several months. They were released because they were considered to be no longer a threat to the security of the area. The girls were taken to their homes and are now living with their families. The police are still searching for the terrorists who were involved in the girls' detention.

## MOSCOW'S H-BOMB NEWS SHOW PLAN

The Soviet Union has announced that it has developed a hydrogen bomb. This is the first time that the Soviet Union has announced that it has developed a hydrogen bomb. The Soviet Union has also announced that it has a plan to use the hydrogen bomb. The plan is to use the hydrogen bomb to destroy the United States. The Soviet Union has also announced that it has a plan to use the hydrogen bomb to destroy the United Kingdom. The Soviet Union has also announced that it has a plan to use the hydrogen bomb to destroy the United States and the United Kingdom.

## SHAH RETURNS TO TEHRAN

### Dr. Mossadeq surrenders

The Shah of Persia left home for air yesterday in a response to a telegram from the new Iranian Government. The telegram asked him to return to his country. Before he set off the Shah received news that the overthrown Premier, Dr. Mossadeq, had surrendered. The Shah is expected to return to Tehran in a few days.

## Appeal result may be given at 3 p.m.

The Court of Appeal for Eastern Africa hopes to give judgment on the appeal today in the afternoon at 3 p.m. The appeal is against a decision of the Supreme Court. The Supreme Court had allowed the appeal. The Court of Appeal will be presided over by the Chief Justice. The appeal is expected to be a long one.

## Some agreement in French strike

### NO GENERAL RETURN TO WORK

The French Government yesterday reached a general agreement with representatives of some non-Communist strikers. The strikers had been demanding a 10% increase in wages. The Government has agreed to a 5% increase. The strikers have agreed to return to work. However, there is no general return to work as the Communist strikers have not agreed to the terms of the agreement.

## 'NEW BRITISH PLANE JUMPS' INTO THE AIR

### Developed from U.S. Army transport

BRITAIN has produced a light transport plane that is a development of the B-26 Superfortress. The plane is called the B-26C and is a single-engine aircraft. It is designed for transport and is capable of carrying a large load. The plane is expected to be used by the Royal Air Force. The B-26C is a significant improvement on the B-26 and is expected to be a very successful aircraft.

## 11 burned to death

Eleven people were burned to death in a fire in the Baringo district, yesterday. The fire started in a building and spread quickly. The people were trapped and were unable to escape. The fire was caused by a gas leak. The police are investigating the cause of the fire. The fire was a major disaster and the loss of life is a tragedy.

## THREAT TO BREAK AWAY FROM NIGERIA

A THREAT to secede from Nigeria was made yesterday. The threat was made by a group of people in the Baringo district. They said that they wanted to break away from Nigeria and form their own country. The Nigerian Government has responded to the threat by saying that it will not allow any part of Nigeria to secede. The Nigerian Government has also said that it will take all necessary steps to maintain the unity of the country.

The Nigerian Government has also said that it will take all necessary steps to maintain the unity of the country. The Nigerian Government has also said that it will take all necessary steps to maintain the unity of the country. The Nigerian Government has also said that it will take all necessary steps to maintain the unity of the country.

AFRICAN TALKS URGED

Liberals' concern over 'antagonism'

EUROPEAN LIBERALS, meeting in Luxembourg on Saturday, recommended an early conference of Governments ruling Africa south of the Sahara to discuss the growing antagonism between African and European.

Mr. Bruce Bowden and Miss Alice Jones, British Deputy Secretary of the African Council, said they were alarmed by the growing antagonism between African and European.

A warning

Miss Alice Jones said Africa did not believe they were allowed to vote before British were allowed to vote in the Central African Territories.

They felt that federation was insisted on their contrary in their own joint of view.

Mr. Bruce Bowden, a former Newpaper Editor, expressed concern over the African situation.

Nigerian leaders propose a federation plan

WARNING THAT LAGOS COULD BE 'ANOTHER KASHMIR'

A CONFERENCE of Nigerian leaders announced in London on Saturday a plan for federation by racial and the constitutional antagonisms in Nigeria.

The plan would replace the Government and three Governmental provinces with a Governmental and three regional provinces.

Rivals now allies

His former rival, Mr. Awolowo, said he was not opposed to the plan. He said he was not opposed to the plan.

Question mark

But a question mark hangs over the conference, grounded since the talks started three weeks ago.

Beyond doubt

Other delegates told the conference the North region of the British Cameroons would be merged with the North region of Nigeria.

Kikuyu jailed for panga attack

A Kikuyu, alleged to have more than 20 previous convictions, was sentenced to five years' imprisonment with hard labour.

Talks in January

The conference reconvened in Nigeria in January. The constitution is to be drafted in the interim period.

# SOCCER AWAY TO A FLYING START

## Leeda player has already scored seven

High scoring and night half-tricks featured the first Saturday's play of the new football season in England on Saturday, one of the three-day covers being John Charles the Welsh international of Leeds United. On Wednesday, he netted four goals and has the remarkable record of scoring seven goals within four days. All day he timed and ran like the remarkable, he has never played for Wales, and has appeared at centre-half and inside-right for his country. It may make him a serious contender for playing time in place of Trevor Ford as leader of the attack.

Two half-tricks came in the day's highest scoring game when a 12-man team of the home side, the Leicester Football Club, defeated the six goals netted for Slough, of which John Charles was the star. Foster (Foston Northants) and Lee (Derby County), Murphy (Birmingham City), Kearns (West Ham United) and Owen (Sheff Wed) were others to record three goals and the day's total of 44 goals was a record. No fewer than 166,000 spectators were present at the game, and the total was even higher when the game was shown on television.

South Africa, 20 pts; Australia, 20 pts. SOUTH AFRICA were the first Rugby Union Test match against the touring Australians before a crowd of about 70,000 at Ellis Park, Johannesburg, on Saturday. The decisive margin of 22 points (two goals, three tries and two penalties) gave the good South African pack a three-fourth final victory.

The Springboks forward pack was superior in the second half but the touring pack was in the lower where they combined superbly, both in attack and defence.

**Exciting**  
From the start the South African forward pack was the attack in a machine. The Australian pack could not get a yard but the South African pack was superior in the second half but the touring pack was in the lower where they combined superbly, both in attack and defence.

**Handicapped** can feel pleased with their start after taking a lead from the changing and then collecting both from the forward pack and the defence in mid-week and in both cases away from home. The visitors should have been able to do this but they were not able to do so. The Springboks forward pack was superior in the second half but the touring pack was in the lower where they combined superbly, both in attack and defence.

## COUNTY CRICKET

# Leicester in lead for first time

## SOMERSET STILL BOTTOM

LEICESTERSHIRE took the lead in the County Cricket Championship table on Friday for the first time since they started the competition in 1955. They beat Essex by five wickets after being behind on first innings and captain spectators mobbed the ninth wicket pair. Joe Jackson and Terry Spooner, after the latter had scored the winning four.

Leicestershire, with 152 points from 26 games, held a two-point lead over the previous leaders, Middlesex, who received another setback to their championship bid when Gloucestershire led them by an innings. Surrey who took first innings points from their drawn game with Northamptonshire, narrowed the gap and are now third with 140 points. Lancashire and Kent follow on the 130 mark.

**Out in front**  
In another victory, Birmingham also won by an innings and 100 runs. The game was a one-sided affair as the home side, led by the batsman, scored 100 runs in the first innings and 100 runs in the second.

**Heavy rain**  
The match was a personal triumph for Jackson, who scored 20 in the first innings and 100 in the second. He was assisted by Spooner, who scored 100 in the second innings. The match was a personal triumph for Jackson, who scored 20 in the first innings and 100 in the second.

## TOURISTS NET £90,000

THE Australian cricket board will receive a record profit of between £80,000 and £100,000 from the first Test match against the touring English team. Their share from the first Test match amounts to more than £60,000.

**Results were:**  
SOUTH AFRICA vs AUSTRALIA: 20-20.  
SOUTH AFRICA vs AUSTRALIA: 20-20.

## DOBBIE LEAGUE

# CALEDONIANS SCORE A CLEAR-CUT WIN

Palmer makes his debut

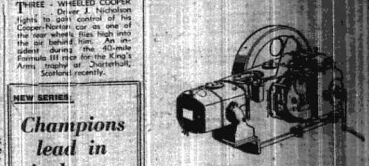

UP to half-time, the R.A.F. looked like repeating their feat of shattering Dobbie League points with the Caledonians in their return match at Eastleigh on Saturday. Neither side was able to score before the interval although the chances were there.

Kelly, who was closely marked by Reid throughout, came near to opening the scoring in the early stages when he put a foot to clear. As Gerry, the ball rebounding from the cross-bar.

Then Reid hit the side netting with a powerful shot following a free kick and Clyde Reid was the first to score. He was followed by Gerry.

The other end, Walker had had from a long punt which range stopped by Reid, while Reid was the first to score with a low drive on the run.

## Champions lead in rival game

SURREY were in a strong position at the end of the first day in their vital county championship match with Middlesex at the Oval on Saturday. Middlesex, with five wickets down, still need 125 runs for first innings lead.

Surrey led their first two wickets for eleven runs, but Peter May and Bernard Boswell put on 11 in a first thirty minutes, May giving a brilliant display of stroke play, including eight fours, in 17. In 30 minutes Surrey made 24. Two Middlesex wickets were down for 20 runs when Denis Compton came in and attacked the bowling with all his old industry. The score of 20 in 15 minutes, including two sixes and four fours. At the close Middlesex were 112 for two wickets.

**Fly...**  
The Australian cricket team has given an entertaining battle in the first day of their second match against Somerset at Taunton on Saturday. At the close of play the home county had a lead of 100 runs with the loss of two wickets.

Saturday's closing act in the County Championship was the Australian match at Taunton. The Australians were 100 runs ahead of Somerset at the close of play. The Australians were 100 runs ahead of Somerset at the close of play.

Ready

FOR EVERY SNAPSHOT OPPORTUNITY

You need never miss the chance of a good snap when you're carrying your Kodak 'Brownie' 127 camera. This "instantaneous" camera is always ready for instant use — no bellows to erect, nothing to adjust. You just aim up your subject through the direct-vision optical viewfinder, press the button and the picture's yours. The Kodak 'Brownie' 127 camera costs four shillings whenever you're out on an outing, and you'll come back with a fine show of snaps.

FIRST CENTURY OF THE AT PARKLANDS

Somerset struggling at Taunton

BY lunch yesterday in their match with the Australian tourists at Taunton, Somerset had made 76 for six wickets in reply to the visitors' first innings total of 486 all out.

Eleven of the men who played yesterday, four more than in the previous match, were present in the queue for the toss. The county's batting line-up was as follows: captain, Ben Broadbent; wicket-keeper, John Smith; batsmen, ...

Bold batting The attacking Australian batsmen were looking for a four or five runs per ball at the rate of 77 and the over was not wasted by the batsmen as they played back and forth and were out before ...

Somerset's overseas, Yawar Khan, from Pakistan, started with South, but was dismissed for 41 runs by a brilliant catch by Davidson, who held the ball with his left hand.

South had found hard for his 33 not out.

Dutch rider regains world cycling title

AARIE VAN VLIET of Holland regained the world amateur cycling championship at Taunton on Sunday when he beat Hans-Bertus de Haas with a comfortable margin of 10 minutes. Van Vliet, who won the title in 1954 and 1955, was 34 years old.

Mayers makes a bat

MOMBASA SPORTS CLUB paid a visit to Nairobi to play their return match against Parklands Sports Club, on Saturday and Sunday and were beaten by 716 runs. As was the case when Parklands went down to the Coast, the visiting side was not at full strength and proved to be no match for their hosts, who were always on top throughout the match.

The match was notable for the fact that Parklands played their first century of the season at Mombasa by opening batsman R. J. E. Mayers. He had bought a new bat and was determined to make his debut in the first innings. He opened with 100 runs in an unbeaten partnership with ...

Parklands halt the Army victory march SECOND TIME THIS SEASON

FOR the second time this season Parklands held a halt to the Army's run of Dobbie League victories by holding the Sunday afternoon match on the Services Sports ground on Sunday afternoon. Although Parklands' victory was not, as at their first meeting at Army, their only defeat of the season, they were led to one stage and Army had to go all out to secure a point.

Round-up of weekend golf

THE Captain's Prize at Royal St. George's Golf Club was held over at Hides, Stabalest at the weekend, receiving the excellent trophy of 16. R. G. Brown (7) held first place with W. C. Leonard (15) total, both having 11 holes. Brown was declared the winner with the best score over the last 18 holes, having 11 holes. Brennan took third place with 17 holes.

Could not score

Although Parklands held off the Army in their Dobbie League match on Sunday, they were unable to score. The match was a draw, with both sides failing to score a single point.

They take it seriously

THEY take their match seriously. Parklands and the Army are both taking the Dobbie League match very seriously, with both sides showing a high level of determination and skill.

Three golf titles in three weeks

INORY VAN DONCK, professional in the Waterloo Club, was the winner of the Dobbie League golf championship in the three weeks ending Sunday. He won the title with a comfortable margin over his nearest competitor.

'Sitter' missed

### No policy change, says new Premier

#### AN END OF CHEAP OIL

The Prime Minister of Persia, General Fazlollah Zahedi, announced in Teheran yesterday that his new Government would continue the negotiations with Russia started by the overthrown Premier, Dr. Mossadeq. He said that clearing up former problems, financial questions and other outstanding differences was the same as Dr. Mossadeq's.

General Zahedi also announced that his Government will not return to the ex-Premier's law offering Persian oil at half the world price. The decree, making four months ago, is about to expire. Dictating diplomatic relations with Britain—broken off by Dr. Mossadeq—General Zahedi said the matter needed more study and, until these studies were carried out, there would be no decision.

The Cabinet appointed by the new Premier is meeting with some criticism in Teheran from certain quarters expected to be in favour. The American Government is expected to favour a Russian Government which is expected to give any request made by the new Government for dollar aid.

Persia already receives certain quantities of oil from the United States, though the amount is not as large as that received from the United States in 1952. The price of oil is estimated at \$2.00 per barrel.

The three outstanding questions are the oil price, the oil supply and the oil supply.

General Zahedi said that his Government will not return to the ex-Premier's law offering Persian oil at half the world price. The decree, making four months ago, is about to expire. Dictating diplomatic relations with Britain—broken off by Dr. Mossadeq—General Zahedi said the matter needed more study and, until these studies were carried out, there would be no decision.

## Bombs found in Nairobi hunt for gunman

Two bombs were found in Nairobi yesterday, one in the city and one in the suburbs. The police are hunting for the gunman who planted them.

The first bomb was found in the city on Tuesday. It was a time bomb and was found in a public place. The second bomb was found in the suburbs on Wednesday. It was also a time bomb and was found in a public place.

The police are hunting for the gunman who planted these bombs. They are believed to be the work of a group of extremists who are active in Nairobi.

## More threats of strike action by French Unions

French unions in Nairobi are threatening to go on strike. They are demanding better wages and working conditions.

The unions are the French Workers' Union and the French Teachers' Union. They are both active in Nairobi and have a large membership.

The unions are threatening to go on strike because they are not satisfied with the wages and working conditions offered to them. They are demanding a 10% increase in wages and better working conditions.

## Eight-year rift on mend

Canada may reciprocate the trade agreement with the United States. This would end an eight-year rift between the two countries.

The trade agreement would allow for the free trade of goods and services between Canada and the United States. This would be a significant step towards closer economic relations between the two countries.

The rift between Canada and the United States began in 1945 when Canada refused to sign the Reciprocity Information Act. This act would have allowed for the free trade of goods and services between the two countries.

**EMERGENCY POLICY ELECTED MEMBERS**  
**and for altered constitution**  
**OTHER TERMS ENDORSED**

The Kenya Government policy in emergency areas to limit Members' representation to the Emergency Executive Council has been approved by the Emergency Elected Members' Organisation in a vote which took place yesterday. The vote was held in the presence of Mr. Michael Blundell, the Government's representative on the Emergency Executive Council, who presided over the meeting.

Mr. Blundell made his statement with the full support of his colleagues, to "clear up any misunderstandings which appeared to have arisen as to the policy." He stated that the Government's intention was to regulate the "whoever" who would be members of the Emergency Executive Council, and that the Government would not accept any amendments which would result in a "whoever" basis.

Mr. Blundell stated that the Government's intention was to regulate the "whoever" who would be members of the Emergency Executive Council, and that the Government would not accept any amendments which would result in a "whoever" basis. He also mentioned that the Government was prepared to consider amendments which would result in a "whoever" basis, but that it would not accept any amendments which would result in a "whoever" basis.

**Government critics go into committee**  
**ELECTORS' UNION DECISION**

PART of the discussion on a motion inviting the authorities for their handling of the Emergency was held in private at the annual conference of the Electors' Union yesterday. Proposing the motion, which alleged the lack of "efficiency and despatch" by the authorities, Sir Charles Mackinnon (Nairobi), said the Government was like a donkey which had to be periodically prodded into taking action.

The motion was carried with 100 votes to 10. Sir Charles Mackinnon (Nairobi) asked for the minutes of the committee if errors and shortcomings of the Government were to be pointed out in public. The minutes were read and the motion was carried with 100 votes to 10.

Mr. Blundell stated that the Government's intention was to regulate the "whoever" who would be members of the Emergency Executive Council, and that the Government would not accept any amendments which would result in a "whoever" basis. He also mentioned that the Government was prepared to consider amendments which would result in a "whoever" basis, but that it would not accept any amendments which would result in a "whoever" basis.

# City plot-holders to be told to conform to rules

## WRONG USE OF PREMISES

**NARIBALI CITY COUNCIL** has approved a Town Planning Committee proposal that notices be served on the owners or occupiers of 27 plots in the city which are situated in business premises but are being used for residential purposes. They will be required to conform to the approved plan of those plots not later than November 30.

Chairman Frederick Singh said, moving the resolution that the widest on the ground that it would cause hardship.

"In almost all cases, like those which the Adans Board has approved, it is a fact that large numbers of houses given out as residential plots have been added in addition to the 27 residential plots mentioned. It had been decided last month by the Town Planning Committee that notices be sent to the owners of these plots with a view to their being used for residential purposes, in order to be able to do so."

"With the increase in crime, it is desirable that people should stay in their homes, and the Municipality is, therefore, desirous of increasing the number of houses which will be added to the residential area."

### Out of proportion

Regarding the reference made by Councilor C. Patel to the Council, Mr. J. Patel said that the Council's duty is to look after the interests of the city and that it is the Council's duty to find out whether these plots are suitable for habitation or not. If they are suitable these people should be allowed to stay until they have suitable accommodation is provided.

Councillor O. G. O'Brien said that the Town Planning Committee programme was out of proportion because a large number of business premises and a small number of residential plots had been built. Now landowners there could not tell their business premises as open.

The Emergency could not do what the Council had done with the plots, said Councilor Mrs. S. M. Rayner, as in respect cases there were being done by the Emergency staff. She added that there were, in fact, a number of unoccupied houses in Nairobi, although in less desirable areas.

When the vote was taken, the Town Planning Committee's minutes was approved by 17 votes to eight.

### Manda Isle Prison

A letter signed by the Chief Secretary, Mr. H. S. Butler, to the Kenya Colonial Secretary, the Prison Commissioner at Manda Island in the Lamu District is to be printed for the purposes of legislation.

### U.S. studies open to Kenya candidates

**OPPORTUNITIES** for a study and training in the United States are available to candidates from various parts of Kenya and elsewhere of all ethnic communities. It is announced by the Kenya Committee on Study and Training to the United States.

Competitions to open applications for the 1956-57 programme will be held in Nairobi for a period of one month, according to a statement issued by the committee.

It is stated by the committee that the programme is open to all Kenyan citizens who are under 30 years of age and who are not married. The programme is open to all ethnic communities and to all parts of Kenya.

### Guarantees

Although married candidates may apply following on the completion of their studies, an applicant must give a guarantee of adequate support for his family during the period of study in the United States.

All applicants must be residents of Kenya and intend to return to the Colony upon completion of their course of study.

Applications should be submitted to the Kenya Committee on Study and Training to the United States at Box 370, Nairobi. Nominations should be submitted not later than September 15, 1955.

### Acting Judge

Mr. A. A. J. Cross, formerly a Resident Magistrate in Nairobi, has been appointed to act as a Judge of the Supreme Court of Kenya.

### Africans oppose move to offer post to Asians

**Africans** members of Nairobi City Council have opposed the offer of a post of chief clerk at the Permanent Commission Office abroad, to be held by an Asian, as advertised in its columns.

"African in this city would like to see Africans being given responsible posts like this," said Councilor A. M. Oloo.

Chairman Sir Richard Wood, who presided, said that the Council should try to get an African suitable for the post. Only one man had been found who fulfilled the conditions and he was the only one who had applied.

### Mr. Pitt may be heard in October

The Attorney-General, Mr. J. W. G. Jones, said that the Government would be pleased to hear from Mr. Pitt in October.

### ROCKET RANGE: BRITAIN TO SPEND MORE MONEY

#### Ministers to discuss costs

**BRITAIN** is to spend further millions for expanded research on rockets, new atomic weapons and ballistic missiles, the Sydney Daily Telegraph reported yesterday. The report follows an earlier announcement by the Australian Prime Minister, Mr. R. G. Menzies, that Western countries should spend much more than originally contemplated.

Mr. Menzies was answering questions at a Press conference in Melbourne and discussed the distribution of costs with Mr. Donald Murray, the British Minister of Supply, during his recent visit to Australia.

Mr. Menzies said there was an arrangement between Britain and the United States to spend £2,000,000,000 on the rocket range over the next five years. The British Government was believed to have contributed a like sum.

### FOLLOWING discussions on types of prisons and prison camps at the conference on the treatment of offenders are being held in Durban, it was agreed.

The conference, which is being held in Durban, is being held in Durban, it was agreed. The conference, which is being held in Durban, is being held in Durban, it was agreed.

### Modified

The Chairman said that the conference seemed to agree that the time had not yet come when all closed prisons could be abolished. But the trend seemed to be to reduce these and introduce establishment of "minimum security" cells in open prisons.

The greatest progress in this direction seemed to have been in Kenya.

The earlier general discussion was summarized by the chair, who said that, in all, the African territories in question, an emphasis was made on the need for a policy for training offenders based mainly on the Metropolitan country, but it was realized that the general job must be modified in all conditions prevailing in Africa.

**CALL FOR TALKS ON WORLD FOOD**

**British traders succeed on American markets**

**DESPITE** the chill Washington report given Mr. Butler's plea for trade with Britain, American farmers are doing remarkably well in the United States. The Trade Relations for July showed that a record of \$2,000,000 of exports from the first half of 1953 was recorded.

The comparison with average monthly results for previous years is as follows:

1952	\$1,631,000
1951	\$1,352,000
1950	\$1,105,000
1949	\$1,211,000

In the Canadian market the improvement is equally marked. The share of \$2,000,000 accounted for Canadian exports in the same period last year was only \$1,200,000.

1952	\$2,877,000
1951	\$2,582,000
1950	\$2,161,000
1949	\$1,163,000

**—WHERE THE GOVERNMENT HAS FAILED**

in 1952 and 1953 when the British industry was severely affected by the American market. The American market is a vast one and the British industry is well placed to succeed on it. The American market is a vast one and the British industry is well placed to succeed on it. The American market is a vast one and the British industry is well placed to succeed on it.

Last year the monthly average of British exports to the United States was \$1,428,000 against \$1,300,000 in 1951. That this should have been possible at a time when the British industry was in a recession, in the United States, is due to the fact that a large number of the American goods sold to the British industry were of a high quality.

**Time has come**  
Mr. Truman, when President, once said that the United States should take the lead in the world food problem. The United States has the world's largest stock of food and it is time that it should take the lead in the world food problem.

The United States has the world's largest stock of food and it is time that it should take the lead in the world food problem.

**Surprising**  
The results are surprising. The British export to the United States has increased by 50% in the last year. This is a very big achievement and it shows that the British industry is well placed to succeed on the American market.

The British export to the United States has increased by 50% in the last year. This is a very big achievement and it shows that the British industry is well placed to succeed on the American market.

## TWO NEW BRITISH BATTALIONS FLYING TO KENYA

### Leaving Britain in next few weeks

#### WAR OFFICE DECISION

REINFORCEMENTS totaling a brigade group of British troops are under orders to embark for Kenya where they will reinforce the old Mau Mau campaign.

The great reinforcement was made simultaneously yesterday by the British Government in London, and General Sir George Straker's East Africa headquarters in Nairobi, that the strength in Kenya by sea.

H.Q. 9th Brigade commanded by Brigadier Taylor, now at Colchester.

By the Royal Northumberland Fusiliers, now at Barnard Castle, Co. Durham, and the 1st Battalion, Royal Northumberland Fusiliers, now at Dover.

The troops will be operated from Britain to fly out of the airfield at Eastleigh, Hampshire, and will be landed in Kenya by the end of September.

The decision to send reinforcements was made by the War Office in consultation with the Colonial Office and approved by the Prime Minister, Sir Winston Churchill.

The great reinforcement which these reinforcements will strengthen the effect of the recent proclamation of the Mau Mau, and the Government's policy, stated the official announcement.

It has been made clear that early reinforcements will be sent to Kenya in the next few weeks. The reinforcements will be sent to Kenya in the next few weeks. The reinforcements will be sent to Kenya in the next few weeks.

## Mau Mau WEST PLAN FOR GERMANY TALKS

### Early Big four meeting in Geneva proposed

ACCORDING to a West German Government spokesman in Geneva, the Western powers will deliver a Note to Russia next week suggesting a Big Four Foreign Ministers' conference on Germany, to be held in Switzerland in the near future.

The spokesman said it may be possible to call such a conference in the near future. The spokesman said it may be possible to call such a conference in the near future.

FOR PERSONAL FRESHNESS, ALWAYS

At The Oval it was . . .

# Ashes but no sackcloth

BY IAN PEEBLES

THE ASHES are over. But I despite our convulsing at the Oval it was no majestic march to victory but rather a matter of scrambling home. It must also be admitted that the general standard of play was not of the highest, but if enthusiasm, excitement and entertainment count for anything this has been a wonderful series.

BOTH sides had some short-cutting after the start, but it was not until the second over that the captain, Hasset, had his command over wholly sufficient to get the batsmen to support bowlers in Lincoln and to defend the batsmen in the side. The first test was that the batsmen had to defend the batsmen who were not on the ball moving from top of the order to bottom and vice versa on set or very wide. The major deficit was in the top three. The first was the injury to his main knock, Ian Johnston.

A LIACHT test was the failure to find a satisfactory central and only partial. The victory mainly had a batting. It is a team to be re-considered in a batting side as it is not a batting side. The captain, Hasset, had to be a real opening pair. The batsmen with the whole team, from which to pack, were not given enough credit for their efforts, and eventually introduced Edrich, a county number two. It is a reflection on the way of our opening batsmen and a situation to be re-considered in the next moment. In other respects Edrich was better a balanced complete team still the final match. The batsmen were most orderly Hutton, Borer and the great defensive of Bailey.

DESPITE these statistics, the entertainment value of every match was, I have said, very good. The general atmosphere of the proceedings struck me that it has always been our lot that the batsmen, not cricket as an extremely nervous nervousness we have found of the '52 only a game attitude. In this series the reverse was the case. The batsmen were all of a high standard and enjoyed it all the way. The batsmen and the bowlers were not at all of a high standard and enjoyed it all the way. The batsmen and the bowlers were not at all of a high standard and enjoyed it all the way.

FURTHER, our team must have been keenly aware of their task. All in all, for the age of the series, it was a most successful one, and a credit to the players and the umpires. When the writer complained

that their behavior was unduly virtuous it was merely pointed out that it was such a best test since we had beaten Australia that they were entitled to a little leeway. And in their frequently undisciplined behavior of certain sections of the crowd was interrupted by the officers and others which proved a nuisance over from last year's a throw by Davidson.

PERSHIPS the most touching crowd was a certain section of the crowd. There was Keith Murray and a certain section of the crowd which was a nuisance over from last year's a throw by Davidson. And in their frequently undisciplined behavior of certain sections of the crowd was interrupted by the officers and others which proved a nuisance over from last year's a throw by Davidson.

IS THIS YOUR CAMERA? YES—if you want good results the easiest way. Aim... from the bottom... the picture's yours. Two large view-finders. Takes eight 2 1/2 inch pictures on 35 "Kodak" film—the popular size.

Kenya More Troops For Kenya (Friday, August 28)

The additional help in London and Nairobi has been agreed to send a party of 200 troops to Kenya...

The reason why the British troops are being sent to Kenya is because of the military strength and organized nature of the Mau Mau...

Out of the total military strength of the Mau Mau, three battalions are engaged on the front line...

Already the Mau Mau are three battalions strong and the British battalions are being sent to Kenya...

The Mau Mau are three battalions strong and the British battalions are being sent to Kenya...

**NORTHERN RHODESIA**

**COPPER:** Although copper was probably the first metal to be worked in Rhodesia, it was not until the beginning of the 20th century that the substantial Northern Rhodesian copper industry was established.

**MINING:** The copper industry in Northern Rhodesia has been the backbone of the country's economy since its inception. It has provided the main source of foreign exchange and has been the primary employer of the population.

**INDUSTRY:** The copper industry has led to the development of other industries, such as engineering, transport, and services. The mining industry has also led to the development of infrastructure, such as roads and railways.

# The fine steel has come too quickly for farmers

FARMERS, looking at the last fortnight's money prices, bemoaned the fact that they had got a little more than they expected.

The steel market has been very quiet, it is reported that the price of steel has risen in some places. It is expected that the price of steel will continue to rise in the near future.

**Ministry's aim**

The Ministry of Agriculture has set a target for the year 1953. The target is to increase the production of food crops by 10 per cent. The Ministry has also set a target for the production of cash crops.

The Ministry has also set a target for the production of livestock. The target is to increase the production of livestock by 10 per cent. The Ministry has also set a target for the production of fish.

**Good harvests**

Good harvests of agricultural products have been reported in Northern Rhodesia. The harvest of maize has been particularly good. The harvest of other crops, such as wheat and barley, has also been good.

The good harvests are due to a number of factors, including favourable weather conditions and the use of modern agricultural machinery.

**Government's plan**

The Government has announced a plan to increase the production of food crops. The plan is to provide farmers with the necessary tools and equipment. The Government has also announced a plan to provide farmers with the necessary training.

The Government has also announced a plan to provide farmers with the necessary financial assistance. The plan is to provide farmers with loans and grants to help them finance their operations.

**Discipline**

Discipline is essential for the success of any enterprise. It is essential for the success of a business, for the success of a school, and for the success of a government. Discipline is essential for the success of any enterprise.

# Unacceptable

On the other hand, said Mr. Binnet, the Government should not disband the Kenya Regiment. He said that the Government should not disband the Kenya Regiment.

# Nairobi defers consideration of Levy Act

The Finance Committee of Nairobi City Council has deferred consideration of the City's New Services Levy Act. He said that the Government should not disband the Kenya Regiment. He said that the Government should not disband the Kenya Regiment.

# What did not win

The voters rejected the Government's proposal for a new constitution. He said that the Government should not disband the Kenya Regiment. He said that the Government should not disband the Kenya Regiment.

Many large transport organisations, including

# THISTLE TRANSPORT of Nakuru.

# rely on Albion

# and GALEY & ROBERTS LIMITED

One of the many jobs of vital service that Albions are doing in East Africa

"I was able to observe some of the passenger vehicles in service and was lucky enough to find one of them temporarily in the garage. I closely inspected this vehicle both externally and internally, including the engine, all of which was as clean as the proverbial new pin. I was surprised to learn that this particular vehicle had been in service for 15 years."

The vehicle was an Albion of course!

The vehicle shown above is operated by Thistle Transport, Nakuru, and is engaged mainly in the carriage of grain. The payload with this vehicle is 16 tons and the fuel consumption is 8 miles per gallon. The vehicle is powered with a 120 h.p. 6 cylinder diesel engine and has a platform length of 20 ft.

Spare parts availability - 92% and stocks are carried by Galey & Roberts depots at Nairobi, Kampala, Jinja, Dar es Salaam, Iringa and Arusha.

Unit Exchange Scheme in operation. Diesel engine chassis available from payloads of 4 tons to 10 tons. Prices on application. Favourable hire purchase terms available.

# All the best buildings are painted first to last with ROBBIALAC

(A Jenson & Nicholson Product)

Whether it's Plastic Emulsion, Enamel, Gloss or Matt, or Disintegrator of various grades, you'll be sure to find something to suit every need in the ROBBIALAC range. More and more important and public buildings in East Africa are being decorated with ROBBIALAC paint. In fact ROBBIALAC—the best is good enough—it costs a little more but it's cheaper in the end. The manufacturers, Jenson & Nicholson Ltd. of London, maintain with us a Resident Manager in East Africa to give you any technical advice you may require.

Face feels smooth Skin feels fine

—when you shave the Palmolive way

You want proof? So did we! So we asked 2,548 men to give us their opinion of the Palmolive way to shave:

79% said "Smooth razor"  
75% said "Less razor pull"  
69% said "Clean shaven"  
82% said "Smooth feeling skin"

Whether you shave with a lather or brushless shaving cream, you'll find the Palmolive way gives you smoother, closer shaves plus perfect after-shave comfort. We've provided—and you can too!

Whichever way you shave the name Palmolive guarantees satisfaction.

OBTAINABLE AT ALL CHEMISTS AND DRUGGISTS

# THE CAMERA REVEALS THE SECRETS OF MECCA

Star Edition Standard, Friday, August 25, 1934, 17

In the summer of 1932, a young Nairobi man Ahsan Ghafar Sheikh, third son of Sheikh Fakir Ishaq, the prominent businessman and philanthropist who came to Kenya in 1896 from what is now Pakistan, achieved a life-long ambition.

above, Greeting under the rocks of the Safa-Merwa, the crowd around the Great Mosque in Mecca. The picture bottom left shows the inside of the Great Mosque with the Kaaba in the distance. Immediately below, a pilgrim, seen, stands the Kaaba's sacred Black Stone.

**OVALTINE** is the world's most popular FOOD BEVERAGE

THE new world famous "Ovaltine" Dairy and Egg Food is now standard for the scientific preparation of Ovaltine.

There is just nothing like Ovaltine—it is in a class of its own as a delicious healthful beverage that supplies concentrated nourishment and energy.

Ovaltine helps to make your sleep restful and valuable; contributes to healthy childhood; promotes vigorous growth; provides important added resistance against ailments; nourishes the nervous system.

Always make Ovaltine your choice—it must be Ovaltine! for you and your family.

Ovaltine, Dairy and Egg Food, is made in Australia.

his high festivals and their meaning. To more than 10,000,000 Muslims, the Hajj, or pilgrimage, has a central, religious significance. Surely, I thought if I can convey to the entire world, in words and photographs, some measure of that great religious importance, to men of my faith, I shall have advanced, by at least a little, man's understanding of our faith.

The moment of presentation of the pictures is appropriate for this year's Hajj, ended only a few days ago. The pictures on this page are a few from Mr. Sheikh's remarkable collection.

### The shrine

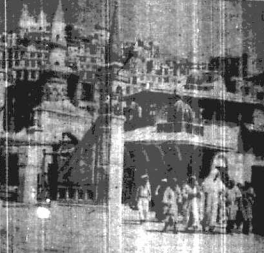

The principal shrine in Mecca at which the pilgrims pay homage is the Kaaba—the Navel of the World. The Kaaba is a black block, seen in the picture bottom left. Muslims believe that Abraham built this cube at the command of God. The gold embroidery on the curtain

with which it is draped comes verbatim from the Koran in Arabic.

Muslims confronting the Kaaba kiss its mangle and droop it in costly perfume, or merely stand in awestruck contemplation. In his lecture, Mr. Sheikh will describe and illustrate the whole of the ritual of the great pilgrimage showing the mass of 400,000 Muslims, who pick their tents on the desolate Plain of Arafat, through all the stages of their devotion.

Above, Prince Faisal of Saudi Arabia and Mr. Sheikh study his photographs in New York. Below, thousands of Hajj pilgrims enter the Masjid, the Great Mosque of Mecca, in Mecca. An integral part of the Hajj, the Feast of Id or Adha is celebrated annually throughout Islam. It commemorates God's sparing Abraham the sacrifice of his son, Isaac, supposedly at this spot.

Above, Her son, the Imam, stands above the Great Mosque. Near the top of the hill stands a smaller mosque. Others are scattered throughout the city. Below left, inside the Great Mosque, pilgrims kneel in prayer. Below right, behind the Kaaba's heavy wooden door top a sanctuary lit by gold and silver lamps.

DOWN TO THE SEA IN STRIPES

AUGUST in London commonly goes by the name of the silly season. Everyone who can has joined in the holiday dash to get away from the city...

For sailing holidays, the holiday season goes all the way to the South Coast (Isle of Wight) West-ward and runs almost during the day, parties ashore on the evening.

Royalty represented

With the Duke of Edinburgh as an active participant in the year there was notably more of Crown and Prince Philip and Prince Charles than in any other year...

More than ever

THIS year there were some spectacles that even at the time were regarded as extraordinary...

For shore-going

What kind of stripes are the thing stripes for the shore-going? The answer is that stripes are the thing stripes for the shore-going...

# GOING UP

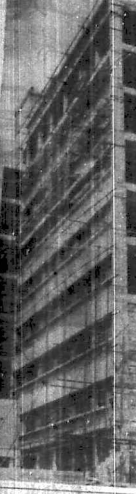

It has never struck you that here, in the city of Nairobi where early in the day you see "The Great East African Railway" the lifts, if you prefer the more descriptive "elevators" department, the elevator department is a very important part of the city's life. It is a very important part of the city's life. It is a very important part of the city's life.

## Lifts galore

The new lifts in Nairobi would be a very important part of the city's life. It is a very important part of the city's life. It is a very important part of the city's life.

The cost of some of the lifts may make it desirable to build a new lift system. It is a very important part of the city's life. It is a very important part of the city's life. It is a very important part of the city's life.

At present, there is a lack of lift systems in Nairobi. It is a very important part of the city's life. It is a very important part of the city's life. It is a very important part of the city's life.

The tall building of the Chamber of Commerce Society and on the corner a new block of offices and shops. On the Leventhorpe Street and there is the new building in which a Special Post Office was opened a short time ago. Here, too, you will find the famous National Theatre.

In Victoria Street a new cinema is beginning to show its corners at the corner of Leventhorpe Road and the old Victoria Road. And a new cinema is being built in the Leventhorpe Road and the old Victoria Road.

## JUST ONE BRUSHING WITH Colgate Chlorophyll Toothpaste DESTROYS BAD BREATH

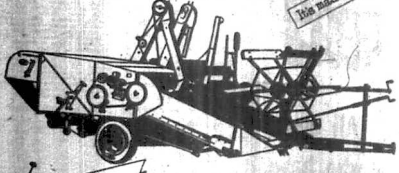

**Clinical Tests Prove Gum Troubles Reduced Twice as Fast!**

Actual clinical tests with 500 children show that Chlorophyll Toothpaste can reduce gingivitis more than any other toothpaste.

It is a very important part of the city's life. It is a very important part of the city's life. It is a very important part of the city's life.

# the King of Combines

McCormick INTERNATIONAL  
No. 64 HARVESTER THRESHER

Look at these performance-proved advantages:

- Full-width design. All units enter the full width of the machine.
- Straiter-through operation. The crop flows straight through the machine.
- Relaxed flow. All units of the No. 64 are matched in capacity.
- Positive operation. The No. 64 gives you as much separating capacity as any combine of larger cut, with double clearing of the seed under a considerable air flow.

and fully six-foot cut!

INTERNATIONAL HARVESTER  
CORPORATION, CHICAGO, U.S.A.

Produced in East Africa by  
Schweppes (East Africa) Limited, Box 1412, Nairobi

Authorized Dealers: ...

## There's A Boom In Boats

There's a boom that is growing in Britain that links one with the tapping of the water in the "wind in the willows". It's the boom in boats.

For today, Britain is enjoying an unusual boom in the idea that there's a strong world worth-while as meaning about in a boat. And this idea continues to grow. The new rowing boats, concrete or aluminium, built along the Owen-sayers have a really good look to them. They are called "Sloop" boats, and they are usually built in a garage. They are usually built on a trailer and are usually built in a garage.

ONE factor responsible for the boom in the water has been the need for a motor-propelled boat. The boom in the water has been the need for a motor-propelled boat. The boom in the water has been the need for a motor-propelled boat. The boom in the water has been the need for a motor-propelled boat.

WHY has the boom in the water been so successful? It is because the boom in the water has been so successful. It is because the boom in the water has been so successful. It is because the boom in the water has been so successful.

MANY thousands in Britain are taking to the water in motor-propelled boats. They are taking to the water in motor-propelled boats. They are taking to the water in motor-propelled boats. They are taking to the water in motor-propelled boats.

## WEST AFRICA LOOKS TO CANADA

FROM the forested mountains of Kitimat to the humid plains of Kpong is a jump which takes the imagination—but it is the Kitimat Western Canada, that Kpong Western Africa, looks for a glimpse of its future.

Kitimat is the site of the Gold Aluminum scheme. But there that is a stronger conviction than

Autumn tour

A McGill graduate, Dr. Irvine (Irvine) recently visited the Kitimat project in Canada. He is the first of a party of private consultants to the Gold Coast.

Among Alcoa's development schemes in the West African continent is the first stage of a vast project to build a dam and power project in the Volta River north of Kpong. The project will have a strong resemblance to the investment in the Volta River.

The two sites, it is thought, will be developed in the near future. The Volta River project will have a strong resemblance to the investment in the Volta River.

## Tough going!
