AMERICANS VIEW DEFENCE POLICY

Troops-for-Europe issue

REPUBLICANS STRONGLY CRITICAL OF ADMINISTRATION'S STAND

The United States Government leaders in the Senate have today expressed a strong opinion in favour of the Administration's stand on the issue of sending troops to Europe.

Senator Charles McNary, Republican, said that the Administration's stand on the issue of sending troops to Europe was a "wise and courageous" one.

Senator McNary said that the Administration's stand on the issue of sending troops to Europe was a "wise and courageous" one.

Mr. Hoover said that the Administration's stand on the issue of sending troops to Europe was a "wise and courageous" one.

'Unbearable strain'

Referring to the situation in Europe, the Administration has said that it is under an "unbearable strain".

The Administration has said that it is under an "unbearable strain".

DR. MALAN'S POLICY STATEMENT

British Press critical

DR. MALAN'S statement on the future of South Africa has been widely criticized in the British Press.

The statement, which was made in the House of Commons, was seen as a "bold and courageous" one.

The statement, which was made in the House of Commons, was seen as a "bold and courageous" one.

Applications should be sent to the undersigned at the office of the undersigned at Mchinge, Tanganyika. Applications should be sent to the undersigned at the office of the undersigned at Mchinge, Tanganyika.

FARMERS ACCUSED OF ABUSING WATER RIGHTS

Lake Nairvaaha may become a 'puddle'

CRITICISM of farmers abusing water rights on the rivers feeding Lake Nairvaaha was made by members of Nairvaaha District Council after Councilor S. T. Anthonson had warned them that if present conditions persisted, Lake Nairvaaha would be only a puddle in an year's time.

Mr. Anthonson said that since Council last met three weeks ago there was more dry land appearing around the Lake than before. He had asked the Lake trustees what they made extensive enquiries and he was merely one of a department that are best, except in a few small parts of the area. These were areas where the water was being used for the purpose of growing crops. He said that the Lake trustees were not doing enough to prevent the water from being used for the purpose of growing crops. He said that the Lake trustees were not doing enough to prevent the water from being used for the purpose of growing crops.

A PENALTY GAVE IRISH VICTORY

England's defence earns full marks

IRELAND v ENGLAND: IRELAND defeated England in their Rugby Union international at Lansdowne Road, Dublin, on Saturday by three points in a penalty goal in the 75th minute. The match was a hard but somewhat scrappy game with neither side being crossed.

Penetration through the defence was the advantage of the Irish. They were able to get the ball into the hands of their forwards who were able to score a penalty goal in the 75th minute. The match was a hard but somewhat scrappy game with neither side being crossed.

HASSETT'S FIRST CENTURY v. M.C.C.

Fine captain's innings saves Victoria

AN impressive 178 not out by Lindsay Hasset, their captain, helped Victoria to take their revenge on M.C.C. for the victory in the first of their matches against the M.C.C. at Melbourne on Saturday. It was Hasset's first century of the season and he was the only batsman to score more than 100 runs.

Hasset's innings was a fine example of the captain's leadership. He was able to score a century in a match where the opposition was strong. The match was a hard but somewhat scrappy game with neither side being crossed.

SWITCHING FROM STEEL SHARES: PRICES AND GOVERNMENT INTERFERENCE

Special cable to the 'East African Standard'

NOTHING short of a miracle can now prevent the nationalisation of the British iron and steel industry next Thursday. It has been the earnest of all nationalisation converts; but the issue is now finally decided. The market trembled on Tuesday and Wednesday when there seemed to be a possibility of the Government being defeated on the Opposition motion to start nationalisation at the eleventh hour.

But it reacted immediately to the report of the result of the vote. It was a relief to see that the Government had won. The market had been in a state of confusion for some time. The Government's victory was a relief to the market. The market had been in a state of confusion for some time. The Government's victory was a relief to the market.

The iron market rose at 10.30 and a further rise on Thursday. There was a great deal of buying interest in these shares and a further rise in these shares was expected. The market was in a state of confusion for some time. The Government's victory was a relief to the market.

The market reacted immediately to the report of the result of the vote. It was a relief to see that the Government had won. The market had been in a state of confusion for some time. The Government's victory was a relief to the market.

MORE TROUBLE ABOUT LESS MEAT

THE debate on meat supplies did not bring down the Government last Thursday. But the reckoning will come. There is no doubt that the plight in which we have been reduced by the food planners is turning more and more people against Socialism. One way to the electorate's vote is through its stomach.

The examination of the issue with a view to shortening the time that the people of Kenya have to spend in the kitchen is a job of first importance. It is a matter of life and death for the people of Kenya. It is a matter of life and death for the people of Kenya. It is a matter of life and death for the people of Kenya.

The British public is the most patient and long-suffering in the world. But it will not stand idly by while its food supply is being cut. It will not stand idly by while its food supply is being cut. It will not stand idly by while its food supply is being cut.

Main talking points in Britain today are rising prices and falling rations. Here RICHARD DENMAN writes on the problem of Britain's meat ration.

Added difficulty

The meat supply in Kenya is a matter of life and death for the people of Kenya. It is a matter of life and death for the people of Kenya. It is a matter of life and death for the people of Kenya.

CZECHS FIGHT GROWING RUSSIAN INFLUENCE

Action precipitates political crisis

INFORMATION reaching Vienna about a Czechoslovakian political crisis indicates that it was brought about by what amounts to a refusal by hundreds of officials to deliver their country into Russian hands without protest.

U.S. and Russia stalemate over lend-lease

THE United States has demanded the forthright United States opinion to take part in the Indo-East Asia section of the Colombo Plan for aid to Southern Asia which opens in Ceylon today. The American representative will be Mr. Donald Kennedy, head of the Indo-East Asia section in the State Department. No agenda has been formally agreed on and much depends on how willing Americans are to discuss the financial problems involved with the whole plan.

COLOMBO PLAN AND ASIAN ATTITUDE TOWARDS KOREA Problem of finance of vital importance

THE conference on the Colombo Plan for aid to Southern Asia which opens in Ceylon today is a notable because of a United States opinion to take part in the Indo-East Asia section of the plan.

Union 'poor' while relying only on gold

THE U.S. Foreign Policy Association, a group of prominent experts, started a report issued in Washington that South Africa would remain a 'poor area' unless the established new industries and stopped relying so much on gold mining.

Better bargain

The State Department claims that the Indo-East Asia section of the Colombo Plan for aid to Southern Asia which opens in Ceylon today is a notable because of a United States opinion to take part in the Indo-East Asia section of the plan.

Mr. Plevin and American aid for Indo-China

REPORTING to the National Assembly on his return from Washington, Mr. Plevin said that the American aid for Indo-China was a vital part of the Colombo Plan.

Vast sums needed

It is estimated that the Indo-East Asia section of the Colombo Plan for aid to Southern Asia will require vast sums of money.

Critics silenced

The critics of the Colombo Plan for aid to Southern Asia have been silenced by the American aid for Indo-China.

Frank and

Frank and his colleagues have been silenced by the American aid for Indo-China.

HOLDERS OUT OF THE F.A. CUP

Gallant performance by Bristol Rovers

THERE were no real surprises in the 5th round of the F.A. Cup played on Saturday. But the defeat of the holders Arsenal, by the only goal of the game at Old Trafford, leaves Manchester United firm favourites.

Into the hat today for the quarter-finals draw will go the names of seven Division I clubs—the Division II side and the Division III, gallant little Bristol Rovers, whose win against Hull was one of the finest performances of the day.

Only one side to take the Series Cup quarter-finals is drawn from the six drawn on Saturday. Bristol were the only non-Association club to win a game in the 5th round. Higher scoring came out of the 5th round than any other round of the competition. Bristol Rovers, who were the only Division III club to win a game, were the only club to score more than one goal in the 5th round. The only goal of the game was scored by the only player to score in the 5th round. The only goal of the game was scored by the only player to score in the 5th round.

First in history

The first in history of a goal being scored in the 5th round of the F.A. Cup was by the only player to score in the 5th round. The only goal of the game was scored by the only player to score in the 5th round. The only goal of the game was scored by the only player to score in the 5th round.

Surgeon killed in mountain rescue attempt

MOUNTAIN rescue teams have brought down the body of a 30-year-old former D-Day British naval surgeon and a 25-year-old girl climber who died on the snow slopes of Mount Snowdon, Wales, over the weekend.

The surgeon, Mr. Anthony Wood, was reported to his death when he tried to reach the girl—Miss Doreen Herbert—and her male companion. They had lost contact on the snow-covered peak and had fallen into a crevasse.

Dragged down. When the rescue party reached the snow-covered mountain peak, they found the bodies of the two climbers. The girl's body was found first, and the surgeon's body was found nearby.

After two hours. The rescue party spent two hours searching for the bodies. They finally found them after a long and difficult climb.

U.N. TO STUDY FORCED LABOUR IN EUROPE

Evidence from Soviet-run countries. CHARGES by the International Confederation of Free Trade Unions that the Soviet Union has suppressed all genuine trade union activity in Czechoslovakia, Hungary and Rumania will be considered by the United Nations Economic and Social Council at its forthcoming 12th session at Santiago, Chile.

The charges are contained in a document submitted by the Confederation to the United Nations. The document states that the Soviet Union has suppressed all genuine trade union activity in Czechoslovakia, Hungary and Rumania.

In Russia. The document also mentions the situation in Russia. It states that the Soviet Union has suppressed all genuine trade union activity in Russia.

After two hours. The document also mentions the situation in Russia. It states that the Soviet Union has suppressed all genuine trade union activity in Russia.

Biggest census in history put under way

INDIA and Pakistan have begun the biggest census in history. It is a population of about 300 million. In each case the census will take about three weeks.

Despite the appearance on the House of Commons of a growing opposition to the Government's policy on Western Germany, the Government has decided to proceed with the proposal to reach an agreement with the Government in West Germany.

More rehearsal. The Government has decided to proceed with the proposal to reach an agreement with the Government in West Germany.

Raid to recover camels and goats. A raid was conducted to recover camels and goats. The raid was successful and the animals were recovered.

Atlantis no myth, claims expert. An expert has claimed that Atlantis is not a myth. He has presented evidence to support his claim.

Careful phrasing. Careful phrasing is required in the report. The report should be clear and concise.

DEBATES ON DEFENCE

Mr. Attlee must tread cautiously. The appearance on the House of Commons of a growing opposition to the Government's policy on Western Germany, the Government has decided to proceed with the proposal to reach an agreement with the Government in West Germany.

Missing Havel work reappears. A missing work by Havel has reappeared. It is a collection of his essays and speeches.

SWITZERLAND BAULKS AT EXTENSION OF FREE INTRA-EUROPEAN TRADE

THE Marshall Plan Organisation in Europe has met with its first serious setback. Switzerland has refused to fall into line on the further freeing of intra-European trade, despite the appeal by an American observer.

The Organisation for European Economic Co-operation had met to require the proposal to extend the liberalisation of intra-European trade beyond the 1948-49 already agreed.

But the Swiss representative has insisted on the need for a Government to refuse to agree to any such extension until it has made clear what the American Government was prepared to guarantee in the way of non-material support for the interests of the Swiss.

The Swiss representative has insisted on the need for a Government to refuse to agree to any such extension until it has made clear what the American Government was prepared to guarantee in the way of non-material support for the interests of the Swiss.

The world area under cotton which reached the peak of 95 million acres in 1927-28, declined to 81 million acres in 1946-47, and then to 78 million acres in 1947-48. To give an idea of growing fibre prices in 1948-49, the United States Government has issued a report which shows that the price of cotton in the United States in 1948-49 is 100 cents per pound, compared with 100 cents per pound in 1947-48, and 100 cents per pound in 1946-47.

The report also shows that the price of cotton in the United States in 1948-49 is 100 cents per pound, compared with 100 cents per pound in 1947-48, and 100 cents per pound in 1946-47.

SHELL MEN STUDY IN LONDON

THREE members of the Shell Company staff from East Africa are at present in Britain on a two-week study of the Shell trading centre in London. The study is being conducted by the Shell Company of East Africa and is being conducted by the Shell Company of East Africa.

BRITISH INDUSTRIAL OUTPUT FOR 1947

Output for 1947 was 100 million tons, compared with 95 million tons in 1946 and 90 million tons in 1945.

HIGHER RATES TO MEET HIGHER WAGES

The Government has announced that it will increase the rate of interest on government securities to 10 per cent, to meet the higher wages paid to workers.

NEW TEXTILE FACTORY AT RANDFONTEIN

The Government has announced that it will build a new textile factory at Randfontein, near Johannesburg, to meet the demand for textiles in the Union of South Africa.

A Constitutional Issue

The Leader of the Ethiopian Elected Members in the Kenya Legislative Council has given notice of a motion which charges the Government with wanting to amend the Constitution...

'No respite'

Alfred Mountbatten completed and signed the report on July 10, 1945 and its publication is one of the most important and revealing documents in the history of the war...

EARL MOUNTBATTEN'S OWN STORY OF THE WAR IN BURMA

SECRETS of the War in Burma have just been revealed by the publication of H.M. Stationery Office of the official report of the South-East Asia campaign by the Supreme Allied Commander, Admiral Earl Mountbatten of Burma...

- A lesson that General MacArthur could have learned for Korea.
Clashes over policy might have cost the lives of thousands of British prisoners in Japanese hands.
When Mountbatten promised Roosevelt to be 'a good American'...

The war was fought for us to bring about the freedom of the world... Incredible distance...

LANGANYIKA TO CONTROL 'BUSH' SISAL FACTORIES

Danger to established industries

"STANDARD" CORRESPONDENT. DISEASE IN SISALANGANYIKA LANGANYIKA VIVIC COULD BE A MAJOR HAZARD TO THE sisal industry in the region. The sisal planters and processors of the Trades Licensing Ordinance. The Government has passed a Bill to allow the effect of bringing African-produced sisal to the market. The Bill provides for the establishment of a Sisal Board which will be a body of representatives of the sisal planters and processors. The Board will be responsible for the control of sisal production in the region. It will also be responsible for the control of sisal trade. The Board will be empowered to issue licences to sisal planters and processors. It will also be empowered to regulate the sisal trade. The Board will be responsible for the control of sisal production in the region. It will also be responsible for the control of sisal trade. The Board will be empowered to issue licences to sisal planters and processors. It will also be empowered to regulate the sisal trade.

Unreasonable

In view of the fact that the Government has decided to export the sisal which is produced in the region, it is unreasonable to expect the sisal planters and processors to be allowed to export their sisal. The Government has decided to export the sisal which is produced in the region. It is unreasonable to expect the sisal planters and processors to be allowed to export their sisal. The Government has decided to export the sisal which is produced in the region. It is unreasonable to expect the sisal planters and processors to be allowed to export their sisal. The Government has decided to export the sisal which is produced in the region. It is unreasonable to expect the sisal planters and processors to be allowed to export their sisal.

Desirable step

The Government has taken a desirable step in passing the Sisal Board Bill. This will ensure that the sisal industry in the region is controlled and regulated. The Government has taken a desirable step in passing the Sisal Board Bill. This will ensure that the sisal industry in the region is controlled and regulated. Britou refuses to obey U.S. call-up order

RONALD BOULTON, former railway worker, who emigrated to America from Leeds two years ago, had a call-up notice served on him by the United States Army.

As he expressed the intention of returning home he cannot be deported for his refusal to the master. But as a result of his attitude, his official file will be forwarded to an American court.

THE NAIROBI ORCHESTRA UNDER MR. NAT KOFSKY

The Nairobi Orchestra, under the leadership of Mr. Nat Kofsky, is preparing for a tour of the East African continent.

WORLD FOOD PRODUCTION SHOWS SLIGHT RISE

—But outpaced by population increase

World food production increased last year but the world's population grew too—and so there was left to eat 60 million more mouths than in 1950, according to the United States Agricultural Department.

The Department's annual report on the world food situation said production of important foodstuffs was about two per cent more than in 1950 and four per cent more than in 1949. The report warned that unless the international system could solve the problem of population growth, the world would face a serious shortage of food.

Future prospects

The report said that the international system must solve the problem of population growth, the world would face a serious shortage of food.

More atomic tests to be arranged

Officials of the U.S. Atomic Energy Commission are in charge of atomic tests just completed in Nevada are completed with the outbreak of the tests and plan others at the same site in the future.

DAI REES LEAVES KENYA BY AIR THIS MORNING

But he will be back again next year

DAI REES, British Motorplay champion and the past season's No. 1 golfer, leaves Kenya by air this morning en route to India and Australia where accompanied by Max Faulstich he will play a series of exhibition matches before returning to Britain for the 1954 tournament season.

Rees played his final exhibition match at Bradburys on Sunday when, partnered by Roy Higgins, he beat the Kenya champion, A. J. Robertson, and Neil McGilchrist by one hole. Yesterday the visiting guest of honor at the luncheon party given by Mr. John Mundy, President of the K.C.F.U.

A crowd of about 100 welcomed the champion to the Club, who has played the very first round of the Red Cross in Kenya—his first in the world.

The stroke was followed by the usual exhibition of a match, which must necessarily, as it was the last time to the walls for the very fine hole of the Kenyan Red Cross.

All this Day before the Kenyan Club in Kenya—and Rees' exhibition match, which was a very good one.

Some fine golf

The Kenyan Open is the most interesting, and one of the best, to be played in the world. It is a test of the golfer's ability, and a very good one. The Kenyan Open is the most interesting, and one of the best, to be played in the world. It is a test of the golfer's ability, and a very good one.

The luncheon

All of the members who enjoyed the lunch, and it was a very good one. The Kenyan Open is the most interesting, and one of the best, to be played in the world. It is a test of the golfer's ability, and a very good one.

*Nothing equals
a du Maurier"*

John tells me it's the filter tip that makes a du Maurier so different. I know better than to argue with my man. I'm fond of — but I have my own ideas. The filter tip may well be the reason why a du Maurier remains cool and smooth in the very hot puff, but the filter tip that can only come from the quality of the tobacco. Why du Maurier is the most luxurious smoke I ever tasted.

There'll never be a better cigarette.

Under the Standard Clock

Under the Standard Clock—A special feature of the Standard Clock is its ability to show the time in any of the 24 hours of the day. This is accomplished by a special dial which can be rotated to any hour of the day. The dial is marked with the names of the 24 hours, and the hands of the clock point to the correct hour. This feature is very convenient for those who work in shifts or who want to know the time in a different part of the world.

ON to the States—The Standard Clock is available in all parts of the United States. It is a reliable and accurate timepiece that will serve you well for many years.

Public subscription—The Standard Clock is a popular gift. It is available in a variety of colors and finishes. The price is very reasonable for the quality and features it offers.

SPECIAL LORRIES FOR FISH, POULTRY, EGGS

Mobile refrigerators in Kenya

MAMMOTH refrigerators on wheels bringing fresh fish from the coast and poultry and eggs from up-country will begin next month to augment Kenya's supplies of fresh foods in the towns, as well as opening wide new markets for up-country poultry farmers.

Complaint by an African: Indian Congress statement

Some time ago an African, George Karam, of Nairobi, complained in a letter published in the East African Standard that he had been arrested by the Indian Congress in Nairobi in 1948 and that they had taken three months to serve him with a summons.

Responsible task

The moving right hand is the East African Standard. I thought of the matter after I found out that a poultry farm voluntary had been set up in Nairobi.

Two leading C.D.C. officials resign

Two leading officials of the Kenya Revenue Commission have resigned. The Kenya Revenue Commission is a government department responsible for the collection of revenue.

Attempted rape charge

A woman has been charged with attempted rape. The case is currently being heard in court. The woman is accused of attempting to force sexual intercourse on a man.

Woman tried to smuggle diamonds worth £152,100

A woman has been tried for smuggling diamonds worth £152,100. The diamonds were found hidden in her luggage. She is facing charges of smuggling and is currently in custody.

Bible thought

Fasting their golf. A woman tried to smuggle diamonds worth £152,100. Bible thought: Fasting their golf.

Swallowed hack saw

A man has swallowed a hack saw. The incident occurred while he was working in a workshop. He is currently in hospital and the saw has not yet been removed.

Closing stages of attempted murder trial

APRILIANS crowded the Supreme Court, Nairobi, yesterday to listen to the address of counsel in the case in which three men are accused of the attempted murder of Nairobi City Council.

'Not flattering'

Even the judge in his last address to the jury made a number of points which were not flattering to the accused. The judge stated that the evidence against the accused was strong and that they were guilty of the crime.

Different person

The defendant in the case is a different person from the one who was arrested. The court is currently reviewing the evidence and the defendant's statements.

Family statistics in United States

The family statistics in the United States show a significant increase in divorce rates. This is due to various factors, including changes in social norms and economic conditions.

Radio-active cloud over France

A radio-active cloud has been detected over France. The cloud is believed to be the result of a nuclear test conducted by another country. Scientists are monitoring the cloud and its effects.

Another 'Food for Britain' fund planned

Another 'Food for Britain' fund is being planned. The fund is intended to provide food and supplies to the people of Britain during times of need. It is a charitable initiative supported by the government and private citizens.

RACIAL SEGREGATION IN TOWNSHIPS OF KENYA

Legislative Council asked to investigate

KENYA LEGISLATIVE COUNCIL is to be asked to set up a committee to investigate racial segregation for commercial or residential purposes in the Colony's townships.

Representation of non-Europeans in South Africa

The South African Government has declined requests of the 10 non-European representatives of the African National Congress to be included in the 1948 election in South Africa.

Peer's comment was personal view

The comment made by a member of the House of Lords regarding the situation in Kenya was a personal view and not an official statement. The House of Lords is a part of the British Parliament.

Sailors' handcart has 'cargo' of timbo

A handcart belonging to a sailor has been found to contain a large quantity of timbo. The timbo is a type of drug and its possession is illegal. The sailor is currently in custody.

'Rash' boys' outfit' bristles with line

A group of boys, known as the 'Rash' boys' outfit, have been found to be in possession of a line. The line is a type of drug and its possession is illegal. The boys are currently in custody.

'Dangerous Corner'

A dangerous corner has been identified in a certain area. The corner is believed to be a meeting place for criminals and is a source of concern for the authorities.

Today's weather

Today's weather is expected to be clear and sunny. The temperature is expected to be in the mid-twenties. It is a good day for outdoor activities.

Jobs for the blind

Jobs for the blind are being advertised. These jobs are designed to provide employment and training for blind individuals. The jobs are available in various sectors of the economy.

Under the Standard Clock... A special feature of the Standard Clock is its ability to show the time in any of the 24 hours of the day. This is accomplished by a special dial which can be rotated to any hour of the day. The dial is marked with the names of the 24 hours, and the hands of the clock point to the correct hour. This feature is very convenient for those who work in shifts or who want to know the time in a different part of the world.

EAST AFRICAN RAILWAYS AND HIGHWAYS
SOUTHERN PROVINCE RAILWAY
CONSTRUCTION

The Southern Province Railway is being constructed in the Southern Province of East Africa. The railway is being built to connect the coastal towns of Mombasa and Malindi with the interior. The construction is being carried out by the East African Railways and Harbours Corporation. The railway is expected to be completed by 1955.

ROADS
 The East African Road Corporation is also engaged in the construction of roads in the Southern Province. The roads are being built to improve the transport of goods and passengers between the coastal towns and the interior. The roads are expected to be completed by 1955.

All-out search for water in Saudi Arabia

TWO geologists of the United States Department of Interior, who have extensive geological experience in the Near and Far East, are searching in Saudi Arabia for urgently needed ground water supplies.

The geologists were sent to the Kingdom of Saudi Arabia by the Government under the U.S. Point Four Programme of technical assistance.

The U.S.A. and Saudi Arabia recently signed a Plan for General Agreement designed to aid that country in planning the progressive reclamation of its water resources.

The U.S.A. has also approved the Arabian Government's request for an aerial survey of 2700 square miles of the country's potential water-bearing strata.

INDIA TURNS TO AMERICA AS FAMINE FEARS LOOM

President and Press support appeal

PRESIDENT TRUMAN has asked the U.S. Congress to authorize \$50 million for grain for India. He recommended, however, that Congress should appropriate funds to buy wheat and other grains for India.

India approached America for help because widespread starvation is feared during the four-month lean period from July to October. And already a third of her population of 300 million is in little more than starvation.

There are some 100 million people in India. The Prime Minister has asked the U.S. Government for \$50 million to buy grain for India. He has also asked the U.S. Government for \$50 million to buy grain for India.

Why Sweden did not vote on China issue

Sweden's abstention from voting on the issue of the Chinese Republic was the result of a special debate on foreign policy in the Swedish Parliament. The debate was held on the subject of the Chinese Republic and the United Nations. The Swedish Government has decided to abstain from voting on the issue of the Chinese Republic.

Morally right

It is morally right to give aid to a starving people. The U.S. Government should be commended for its action in providing aid to India. The aid is a small price to pay for the lives of millions of people.

Initial grant

The initial grant of \$50 million is a significant step towards solving India's famine problem. It will allow the U.S. to purchase grain for India and provide it to the starving people.

Not a precedent

This is not a precedent. It is a one-time action taken by the U.S. Government to help a starving people. It should not be taken as a precedent for future actions.

EXPRESS

International Shipping

Sympathetic response

The Indian Government has given a sympathetic response to the U.S. offer of aid. This shows that the Indian people are grateful for the help and that the U.S. Government's action is appreciated.

Chief seeks assurance on African Councils

Mr. Stuart Gallen, Director of Agriculture in the East African Protectorate, has been made possible to devote more attention to the copra industry. He stated that, however, the extension of the industry would be no near matter. He said that the production of copra was not the main aim of the Government. The Government's main aim was to improve the standard of living of the people of the Protectorate. He said that the Government was not interested in the copra industry. He said that the Government was not interested in the copra industry.

Red jets in Korea may have ex-Nazi pilots

After studying air case files and reports from pilots, Air Intelligence in the British Commonwealth Forces Headquarters in Tokyo are convinced that a number of the Russian-built MIG 15 jet fighters which are operating over Korea are being flown by European pilots with air combat experience from the last war. These are probably former Luftwaffe pilots. It was said that MIG 15s can be seen scrambling from airfields on the Manchurian line of the Yalu River. It was said that the MIG 15s were being flown by European pilots with air combat experience from the last war. These are probably former Luftwaffe pilots.

PLANS FOR EXPANSION OF KENYA'S COPRA INDUSTRY

Extracting factories now almost idle. The Kenya Department of Agriculture is to do everything possible to foster and encourage the production of copra in the Protectorate. Mr. Stuart Gallen, Director of Agriculture, said the East African Standard yesterday that an increase of agricultural staff in the Coast Province now made possible to devote more attention to the copra industry. He stated that, however, the extension of the industry would be no near matter. He said that the production of copra was not the main aim of the Government. The Government's main aim was to improve the standard of living of the people of the Protectorate. He said that the Government was not interested in the copra industry. He said that the Government was not interested in the copra industry.

Butchers send telegram to Premier

British butchers have begged the Prime Minister to give his urgent attention to the meat shortage in the interests of the nation. The butchers' association in London has sent a telegram to the Prime Minister, Mr. Churchill, asking him to take steps to increase the production of meat in the United Kingdom. The butchers' association in London has sent a telegram to the Prime Minister, Mr. Churchill, asking him to take steps to increase the production of meat in the United Kingdom.

Chinese fire on Caltex tanker: Britons injured. A fire broke out on a Caltex tanker in the Indian Ocean, resulting in the death of a Chinese crew member and the injury of several British crew members. The tanker was carrying oil from the East Indies to the East African coast. The fire was caused by a gas leak. The tanker was damaged and had to be abandoned. The British crew members were rescued by a nearby ship.

French scatter rebels

French forces have scattered a large number of rebels in the mountains of Indochina. The rebels were attacking a French base. The French forces were successful in driving the rebels away from the base. The rebels were scattered in all directions. The French forces are now pursuing the rebels. The French forces are now pursuing the rebels.

Record clove prices

Finance and Commerce INVESTMENT AND TAXATION IN EAST AFRICA: ALLOCATION COMMITTEES

In moving its central headquarters to Tanganyika, Bael Brothers Limited is reminding business men of heavy United Kingdom taxation, but the company still has worries about the taxation system in East Africa.

Mr. E. W. Hinchinson in a statement accompanying the report and accounts to be submitted to the meeting in Kampala on March 1, complains that East African taxation largely based on the United Kingdom model, inadequately takes East African conditions into account.

The plantation industry in East Africa, he says, is under tremendous financial obligations to provide a considerable range of facilities for the health and welfare of staff and labour which necessarily increase the financial responsibility of the employer especially in respect of medical expenditure involved.

In December 1954 the United Kingdom returned to a 30 per cent rate of taxation. On the other hand the average rate of income tax in East Africa was only 10 per cent. The income tax in East Africa is based on a single rate of 10 per cent and is levied on the total income of the taxpayer.

Mr. Hinchinson says that the taxation system in East Africa is not only unfair but also inefficient. He says that the taxation system in East Africa is not only unfair but also inefficient. He says that the taxation system in East Africa is not only unfair but also inefficient.

COMMITTEES TO ALLOCATE RAW MATERIALS

...of the East African Standard, Nairobi. The Government has decided to set up a committee to allocate raw materials in East Africa.

The committee will be composed of representatives of the Government and the private sector. Its terms of reference are to study the situation in East Africa and to recommend ways of allocating raw materials in a manner which will be just and equitable to all concerned.

The committee will also be responsible for monitoring the allocation of raw materials and for reporting to the Government on its progress. It is expected that the committee will begin its work in the near future.

Bible thought of the Mau Mau out of the Rift Valley

Kenya made another unannounced acquaintance with locusts this week when swarms reached the capital and delayed aircraft taking off from Eastleigh Airport

But this time, though there can be no assurance there is greater hope and expectation of putting up a good fight. There has been set up with the experience of several invasions and the results of much research and investigation, an international locust control agency

It was the first time that the locusts had been seen in the Rift Valley since the Mau Mau out of the Rift Valley

Cost of Living committee present their report

(Continued from page 1, col. 1)
The committee's report is the first of its kind in Kenya. It is a comprehensive study of the cost of living in the country. The committee has found that the cost of living has risen sharply since the independence of Kenya. This is due to a number of factors, including the increase in the price of imported goods, the rise in the cost of transport, and the increase in the cost of labour. The committee has recommended that the Government should take steps to control the price of essential goods, to subsidize transport, and to improve the conditions of labour.

African staff

The African staff of the Government has been the subject of a number of reports in recent months. These reports have highlighted the need for the Government to improve the conditions of the African staff. The Government has responded to these reports by taking a number of steps, including the introduction of a new pay scale for the African staff, the improvement of the conditions of the African staff, and the introduction of a new system of recruitment for the African staff. These steps are expected to improve the conditions of the African staff and to attract more Africans to the Government service.

United States has 'one ambition: peace'

The United States has one ambition: peace. This is the message that the United States has been sending to the world since the end of the Second World War. The United States has been a leading force for peace in the world, and it is expected to continue to be so in the future. The United States has been successful in bringing about the end of the Second World War, and it is expected to be successful in bringing about the end of the Korean War. The United States has been a leading force for peace in the world, and it is expected to continue to be so in the future.

Gold Coast African leader 'not bitter'

KWAME NKURUMAH, leader of the Convention People's Party in the Gold Coast, and the people of the Colony in general, have given a warm welcome to the decision of the Governor to release seven prisoners, including Nkrumah, on the eve of the coming into force of the new Constitution.

African sympathy for many shades of opinion praise the Governor for his action by a minority among the people, regard the release of the prisoners as a sign of weakness and declare that in the long run it will turn out to be a wrong step.

Civil Servants

The Civil Servants of the Gold Coast have been the subject of a number of reports in recent months. These reports have highlighted the need for the Government to improve the conditions of the Civil Servants. The Government has responded to these reports by taking a number of steps, including the introduction of a new pay scale for the Civil Servants, the improvement of the conditions of the Civil Servants, and the introduction of a new system of recruitment for the Civil Servants.

Two charges withdrawn

Two charges against a Civil Servant have been withdrawn. The Civil Servant had been charged with the possession of a prohibited weapon and with the possession of a prohibited substance. The charges have been withdrawn because the Civil Servant had been found to be innocent of the charges.

Special preacher for church services

A special preacher has been appointed for church services. The special preacher will be responsible for the delivery of the sermon at church services. The special preacher will be a member of the clergy and will be appointed by the Bishop of the Diocese.

Too many volunteers

There are too many volunteers for the project. The project has received a large number of volunteers, and it is expected that the project will be completed in a short time.

Businessman 'hags' outside lion

A businessman has been 'hags' outside the lion. The businessman has been accused of being a hags outside the lion. The businessman has been found to be guilty of the charge and has been sentenced to a term of imprisonment.

Author of 'The Book'

The author of 'The Book' has been identified. The author of the book 'The Book' has been identified as a member of the clergy. The author has been found to be guilty of the charge and has been sentenced to a term of imprisonment.

Today's Cause

Today's Cause is a cause that is worth fighting for. The cause is a cause that is worth fighting for and it is expected that the cause will be successful in the future.

Second reading of Water Bill

(Continued from page 1, column 2)

Women's part in Americans arms drive

A BIG share of the work of financing the United States and other Atlantic Pact countries will again be done by American women. Nearly 10 million women are now in employment in all kinds of America—but far below the peak figure of almost 19 million in 1944.

From 1944-45, 12 million women went to work—the majority being directly to produce arms and equipment for the war. Later, their second-hand metal scrapped out of the national store at the end of the war, and a substantial number continued to work in the other industries that are again turning to the steel.

The year after the opening of the 1948-49 fiscal year, the Government of the United States has plans to increase the number of women in the armed forces...

M.P. URGES WIDER USE OF THE K.A.R.

PLEA for the utilization now of East and West African fighting forces has been made by Mr. C. J. M. Alport, Conservative M.P. for Colchester and Secretary of the East African Africa Council.

Mr. Alport, who is a member of the Party's East African Committee, in an article appearing in a London evening paper, illustrated his plea with a picture of a soldier of the King's African Rifles. Mr. Alport argues that British officers are not offered to recruit this source of manpower.

He says that the Government of the United Kingdom has been slow to take advantage of the fact that the British Army has a large number of African soldiers who are well trained and experienced in the use of modern weapons.

Britain may stave off fuel crisis

THREAT of an increasingly great fuel crisis in Britain being averted, it is believed, by the introduction of a new fuel-saving device...

The new device, known as the 'Fuel-Saver', is a small, portable unit that can be attached to any type of boiler or furnace. It works by pre-heating the air entering the combustion chamber, which reduces the amount of fuel needed to produce the same amount of heat.

The Fuel-Saver is expected to be widely adopted in both domestic and industrial settings, helping to reduce Britain's dependence on imported oil.

A TAME ENDING AT MELBOURNE

Hutton and Washbrook among the wickets

THE match between the M.C.C. and Victoria ended in a tame draw at Melbourne yesterday after Lindsay Hassett, the Victorian captain, had turned down a suggestion by Denis Compton, who led the M.C.C. that they should negotiate to ensure a fighting finish. Victoria led by 22 runs at the close.

The M.C.C. scored 116 in 190 minutes. Victoria's first innings total of 441. In their second innings, Victoria were dismissed for 224 and by the close the M.C.C. had lost five wickets and were 36 runs short.

At the close of Tuesday's play Compton had 100 runs and 100 runs respectively. The Victoria batsmen were disappointed to have been unable to get the first wicket of the match. However, they were able to take the first wicket of the match. Victoria started their second innings with four wickets but the pace and fire of the M.C.C. bowlers, led by Lindsay Hassett, proved too much for the Victorian batsmen. Hassett took 10 wickets for 100 runs.

Three for Berry

Tom Berry, the M.C.C. bowler, was the star of the day, taking three wickets for 100 runs. He bowled a brilliant spell, keeping the Victorian batsmen at bay.

Victoria's batsmen were disappointed to have been unable to get the first wicket of the match. However, they were able to take the first wicket of the match. Victoria started their second innings with four wickets but the pace and fire of the M.C.C. bowlers, led by Lindsay Hassett, proved too much for the Victorian batsmen.

Batsmen pegged

The M.C.C. bowlers were successful in pegging the Victorian batsmen. Hassett was the star of the day, taking 10 wickets for 100 runs. Berry took three wickets for 100 runs.

Royal Nairobi G.C. notes

Miss Morgan keeps the squash title

EVERYONE enjoyed the splendid day at the Royal Nairobi Golf Club on the occasion of Dr. Ross's visit. The day was a most successful one for the club, with a large number of members and guests taking part in the various sports. Miss Morgan kept the squash title.

Dr. Ross's visit was most successful. He took part in various sports and was highly praised for his performance. The Royal Nairobi Golf Club was very pleased to have him.

The Royal Nairobi Golf Club was very successful in their various sports. The day was a most enjoyable one for all concerned.

SPORTS NEWS IN BRIEF

Miss Morgan keeps the squash title

THE women's squash racket championship was won at the Lansdowne Club for the second year in succession by Miss J. M. Morgan, who beat Miss P. J. Curry 4-1, 2-0, 3-1.

These two have met in many before. But from a spectator's point of view this was the most interesting match they have had. Miss Morgan played the greater part of the match and it was through her ability to make outright winners that she was able finally to dominate the court after Miss Curry had fought back to win the second game by a brilliant style of play.

Dr. Ross's visit was most successful. He took part in various sports and was highly praised for his performance. The Royal Nairobi Golf Club was very pleased to have him.

BILL URGES BOXERS' BRAINS BE X-RAYED

American legislation passed by panic?

WELL, it has come at last, write Freddie Mills - I have just heard that there is a bill before the United States legislature which, if passed, will require every boxer to have his brain X-rayed before each fight.

Freddie says: "I have no doubts as to the wisdom of the bill. It is a most sensible one. It will ensure that every boxer who enters the ring has had his brain X-rayed. This will be a great benefit to the sport and to the fans who watch it."

Dr. Ross's visit was most successful. He took part in various sports and was highly praised for his performance. The Royal Nairobi Golf Club was very pleased to have him.

Good teeth stay good because Kolynos foam cleans **IN BETWEEN**

'FORMIDABLE WAVE OF INFLATION' FORESEEN IN EAST AFRICA

The Standard Bank of South Africa in its current commercial report for East Africa sees a "formidable wave of inflation" unless consumption is restrained.

The cost-of-living index for December, 1949, has been shown as 255 which is elevated at the beginning of 1950, the report states.

"Much an increase within 12 months of serious inflation in East Africa," says the report. "This means that the price level is likely to be increased in the near future."

Price increases, ranging of 10 per cent to 20 per cent, are expected to be in the order of 100 per cent in the next 12 months. The report states that the price level is likely to be increased in the near future.

NATIONALISED STEEL TERMS

The new terms of trade for the iron and steel industry in East Africa are expected to be announced in the next few weeks. The report states that the price level is likely to be increased in the near future.

TIN REACHES RECORD PRICE

The price of tin has reached a record high of 1,200 per ton, the report states. This is due to the shortage of tin in the market and the increasing demand for it.

EUROPE'S COAL SHORTAGE WIDENS

The coal shortage in Europe is widening, the report states. This is due to the increasing demand for coal and the shortage of coal in the market.

There is a good case for such a committee. It was one of the main proposals made at a large public meeting in Nairobi last year.

THE WHITE MAN HAS NOT LOST HIS BURDEN SOUTH AFRICA'S High Commissioner in London

Dr. A. L. Geyer has told the British people that if they succumbed to sensational claims that the days of colonies were over they would betray "Black Africa."

He was speaking to the House of Commons on the subject of the South African High Commissioner in London.

Dr. A. L. Geyer has told the British people that if they succumbed to sensational claims that the days of colonies were over they would betray "Black Africa."

Dr. A. L. Geyer has told the British people that if they succumbed to sensational claims that the days of colonies were over they would betray "Black Africa."

Dr. A. L. Geyer, High Commissioner in London

- A tremendous task still awaits the European powers in Africa says Dr. A. L. Geyer, the Union's High Commissioner in London. The White man's burden is still there, whether you like it or not. Refuse to admit that burden and you become untrue to yourselves. What is more, you betray Black Africa.

Europe's orbit The South African High Commissioner in London, Dr. A. L. Geyer, has told the British people that if they succumbed to sensational claims that the days of colonies were over they would betray "Black Africa."

ATTORNEY-GENERAL DENIES THAT COUNCIL'S AUTHORITY WAS 'FLOUTED'

Official view on fingerprinting issue

Wide-spread interest in the Kenya Legislative Council debate on the Government's handling of the fingerprinting issue was again evidenced yesterday—the second day of the debate when the public seats were crowded.

The debate was led forward by Mr. M. K. J. Karuri, leader of the Opposition Members. He pointed out that the Government had flouted the authority of the Council.

Mr. Karuri said that the Government had flouted the authority of the Council by passing the Bill without the consent of the Council. He said that the Government had flouted the authority of the Council by passing the Bill without the consent of the Council.

Mr. O'Connor commented that the Government's attitude was not in line with the Constitution. He said that the Government's attitude was not in line with the Constitution.

PRINCIPAL MEMBER OF OPPOSITION, MR. M. K. J. KARURI, SPEAKING AT THE LEGISLATIVE COUNCIL DEBATE ON THE FINGERPRINTING BILL.

Attempted murder trial: the verdicts

SOME 200 Africans who packed the Supreme Court, Nairobi yesterday, heard the Acting Chief Justice, Mr. Justice Thacker, use these words when sentencing to seven years' hard labour an African whom he convicted of attempted murder.

You and your friends will have to cry or understand that this man is not a murderer. He is a man who has been convicted of attempted murder.

Once pet-shop dealer, now sells big game

COMING to Kenya in April last year with the intention of stopping for three months, a Dutch animal dealer, Mr. Hendrick Vlemming, was so delighted with the country that he has lengthened his visit to a year.

Mr. Vlemming has been in Kenya since April last year. He has been very successful in his business here.

POINTS STRUGGLE RESUMED TODAY

But top teams may not gain easy wins

WITH the F.A. Cup reduced to the last eight and none of the four remaining teams in an unusual and trying time, with points worth their weight in gold.

Most clubs have only a dozen or so games to play to complete their programmes and for many who were in a comfortable position this time last season, the pressure is an anxious and trying time, with points worth their weight in gold.

Some of the leading contenders in the League Cup are Arsenal, Tottenham, Manchester United, Liverpool, and Chelsea. Arsenal are the favourites to win the cup, but Tottenham are also strong contenders.

BRITAIN REPLIES TO RUSSIA

'Soviet trying to mislead' FOURTH NOTE STRESSES THAT ATLANTIC PACT IS DEFENSIVE

BRITAIN'S reply to the Soviet note of last month, according to the fourth note of the Anglo-Soviet treaty of 1942, was handed to the Soviet Government in London on February 11. The note was a personal attack on the Prime Minister, Mr. Ernest Bevin, the Foreign Minister, now recovering from pneumonia, was sought before the note was finally carried. It had been intended to harden the note in the week, but it was decided that a hardening would do no good but to provide an effective counter.

The note was prepared in London with the French Government's assistance, and was a reply to the Soviet note of February 11, 1949. The note was a personal attack on the Prime Minister, Mr. Ernest Bevin, the Foreign Minister, now recovering from pneumonia, was sought before the note was finally carried. It had been intended to harden the note in the week, but it was decided that a hardening would do no good but to provide an effective counter.

Good will

The note was prepared in London with the French Government's assistance, and was a reply to the Soviet note of February 11, 1949. The note was a personal attack on the Prime Minister, Mr. Ernest Bevin, the Foreign Minister, now recovering from pneumonia, was sought before the note was finally carried. It had been intended to harden the note in the week, but it was decided that a hardening would do no good but to provide an effective counter.

'Backed by force'

The note was prepared in London with the French Government's assistance, and was a reply to the Soviet note of February 11, 1949. The note was a personal attack on the Prime Minister, Mr. Ernest Bevin, the Foreign Minister, now recovering from pneumonia, was sought before the note was finally carried. It had been intended to harden the note in the week, but it was decided that a hardening would do no good but to provide an effective counter.

The blockade

The note was prepared in London with the French Government's assistance, and was a reply to the Soviet note of February 11, 1949. The note was a personal attack on the Prime Minister, Mr. Ernest Bevin, the Foreign Minister, now recovering from pneumonia, was sought before the note was finally carried. It had been intended to harden the note in the week, but it was decided that a hardening would do no good but to provide an effective counter.

MR. ATTLEE ATTACKED BY STALIN

Soviet statement on demobilisation

MOSCOW radio has broadcast the text of an address given to Marshal Stalin by a representative of the Communist Party, Britain, after the Prime Minister's speech on demobilisation in the House of Commons on February 10. The speaker, who was identified as a member of the Communist Party, Britain, said that the Soviet Government was disappointed that the British Government had not taken more effective steps to demobilise its forces.

'Should have known'

The speaker, who was identified as a member of the Communist Party, Britain, said that the Soviet Government was disappointed that the British Government had not taken more effective steps to demobilise its forces. He said that the British Government should have known that the Soviet Government was not interested in the demobilisation of the British forces.

'Backed by force'

The speaker, who was identified as a member of the Communist Party, Britain, said that the Soviet Government was disappointed that the British Government had not taken more effective steps to demobilise its forces. He said that the British Government should have known that the Soviet Government was not interested in the demobilisation of the British forces.

'Needs a lie'

The speaker, who was identified as a member of the Communist Party, Britain, said that the Soviet Government was disappointed that the British Government had not taken more effective steps to demobilise its forces. He said that the British Government should have known that the Soviet Government was not interested in the demobilisation of the British forces.

Not inevitable

The speaker, who was identified as a member of the Communist Party, Britain, said that the Soviet Government was disappointed that the British Government had not taken more effective steps to demobilise its forces. He said that the British Government should have known that the Soviet Government was not interested in the demobilisation of the British forces.

British soldiers

The Opposition members said that they wanted more information about the details of the bill before they could vote on it. They said that they needed to know the facts about the bill, including the cost of the project and the benefits to the country.

The short cut

The Opposition members said that they wanted more information about the details of the bill before they could vote on it. They said that they needed to know the facts about the bill, including the cost of the project and the benefits to the country.

Not inevitable

The Opposition members said that they wanted more information about the details of the bill before they could vote on it. They said that they needed to know the facts about the bill, including the cost of the project and the benefits to the country.

BRITISH RAILWAY STRIKE THREAT

Recommended pay award 'not enough'

BRITAIN'S labour leaders, already hard pressed to support the engineering industry and the dock and coal sectors, have warned that a railway strike could be called if the Government's offer of a 5 per cent pay award recommended by the Government's court of inquiry is not accepted. The British Railways Board has offered a 5 per cent pay award to its 1.5 million employees. The union leaders said that this was not enough to meet the needs of the workers.

Britain works on first atom submarine

EARLY PAINS IN STEEL NATIONALISATION: DEFENCE ISSUE RUMOUR

Special cable to the "East African Standard" London, Saturday
BRITAIN'S latest experiment in nationalisation passed this week from theoretical stage into the realm of accomplished fact. With the vesting of eight large companies together with their hundreds of subsidiaries in the Iron and Steel Corporation of Great Britain the major part of the industry passed into public ownership—but ownership without security.

The Conservatives are pledged if ever they secure to power to unscramble the steel nationalisation "egg". With this threat hanging over its head the Corporation must now proceed to make use of its capital and its ability of running the industry as well as its former owners, but that it can do so even better job from the national point of view has not proved the case.

Council of Women: PLEA FOR 'HAUNTED' MEN

formed in Tanganyika

C.O.L. worrying judges in England

The Lord Chief Justice of England, Lord Goddard, has expressed in the House of Lords a plea that the Government should seriously consider the possibility of increasing the salaries of the humblest members of the English judiciary—the County Court judges.

The Lord Chancellor, Viscount Jowitt, said on behalf of the Government that he could promise nothing nor hold out any hope. He said the Government would examine the question and he would advise the House of Commons. He said the County Court judges are paid less than the magistrates and the District Judges. He said the Government would examine the question and he would advise the House of Commons.

Wanted: girl to ride side-saddle

Country Festival of British Cambridgeship is looking for someone to take the place of Lady Goring in the traditional procession which is to be held in the town of Cambridge on the 15th of June.

The successful candidate must be of mature age and of good physical appearance. She must be a member of the British Cambridgeship Association.

Road closure

Due to the heavy traffic of motor vehicles on the road between the town of Cambridge and the village of Trumpington, the road will be closed for a period of two days, from the 15th to the 16th of June.

Slump in Mombasa show traffic

The traffic in Mombasa has shown a marked slump since the beginning of the year. This is due to the fact that the number of motor vehicles in the town has decreased considerably.

Princess wants ride on fun-fair 'special'

The Princess has expressed a keen interest in the fun-fair 'special' which is to be held in Mombasa on the 15th of June. She has offered to ride on the special train which is to be run for the occasion.

RAIN AND MUD TAKE THEIR TOLL OF PITCHES

Battle for points becomes more acute

MANY of Saturday's English league matches were played on waterlogged pitches. The games at Fulham and Leyton had to be postponed because of the condition of the ground and the match between Bristol Rovers and Norwich City was abandoned at half-time.

Under such conditions attendances were small all over, and the peak figure of 47,000 was at White Hart Lane to see Tottenham Hotspur maintain their leadership of Division 1 with a 3-2 victory over Aston Villa.

Tottenham, with six points over Manchester United, were drawn away after the three-goal attack, which took the score from three to four.

The match between the two sides for the week-end, which was held at the stadium, was a great success for the home side in the first half through the goals of two players. The second half was more quiet, with the home side leading 4-2 at the end of the match.

Man of the match

Wendie, who was the man of the match, was the first to score from home side in the 12th minute. Then in the 18th minute, he scored again. In the 35th minute, he scored a third goal. In the 45th minute, he scored a fourth goal. In the 60th minute, he scored a fifth goal. In the 75th minute, he scored a sixth goal. In the 85th minute, he scored a seventh goal.

British pro's job for Locke rumoured

It is rumoured that the British professional players will be offered a job by Bobby Locke if he wins the Open Championship.

Locke, who is currently ranked 12th in the world, has been offered a job by the British Golf Association if he wins the Open Championship.

The British Golf Association has offered Locke a job of £1,000 a year if he wins the Open Championship.

Locke has declined the offer, saying he wants to continue playing professional golf.

Fortunes fluctuate

The fortunes of the British professional players have fluctuated significantly in recent months.

IN THE CRICKET WORLD OF CEYLON AND AUSTRALIA

Bright batting is the order of the day with current weather conditions in Britain being foreign to them to dream of cricket and with the local Kenya season fast approaching it is the spotlight on the game in East Africa.

At Colombo, Ceylon, the national Cricket Council has issued a notice to the effect that the national cricket team will tour Australia in the near future.

The tour will be led by the national captain, who is expected to lead the team to a successful conclusion.

The tour is expected to take place in the next few months and will be a great opportunity for the national team to gain experience.

Commonwealth at Colombo

The Commonwealth Cricket Council has decided to hold a tournament in Colombo, Ceylon.
