1957—the year in Sputnik's shadow

SECRET talks between the U.S. and Russia and the political crisis in Malta were the main news items which heralded 1958.

The New Year arrived on a note of uncertainty and international political upheaval—just as 1957, in fact, had done.

Outlook in Britain has been a mixture of hope and despair.

Red stars conspicuous in the United States, 1957 is regarded as having seen the reap of both the Republican and Democratic Parties to fight the search for new Presidential material.

CLEAR UP OF WAY AHEAD for the New Year, 1957 is regarded as having seen the reap of both the Republican and Democratic Parties to fight the search for new Presidential material.

In terms of world news, the most important development was the withdrawal of British troops from the Suez Canal area.

KENYA FARMING REVOLUTION PRAISE BY BRITISH

Challenge of East Africa's problems WARNING ON AID

Revolutionary progress in African farming in Kenya was given emphasis by the Colonial Secretary, Mr. Lennox-Boyd, when he broadcast a New Year's message to the Colonies yesterday.

Great financial stringency

Mr. Lennox-Boyd said that since the end of the war probably not for short of £1,000,000,000 had gone from Britain to the Colonies. By 1957, grants and loans of well over £200,000,000 will have been provided for Colonial development.

He added this warning: "So far as our own resources permit we naturally want to see this flow of capital continue... The constant estimates showed that the national income of Colonial territories had doubled between 1948 and 1955. This was due to the fact that since the end of the war the output of goods and services of the national territories has been increasing at an average rate of about four per cent per annum, he said.

REVOLUTION IN AFRICA
"I've seen this myself and it has been amazing to me," he said. "I have seen in Kenya the results of the work of the Government of Kenya and the National Development of African agriculture... The results of the work of the Government of Kenya and the National Development of African agriculture...

TAXATION THREAT TO SHIPPING

U.K. denied opportunities

A WARNING that world sea transport would pass into the hands of "flag-of-convenience" countries has been given by Mr. J. H. Joyce, chairman of the Liverpool Steamship Owners' Association.

Mr. Joyce, writing in the "Financial Review," said: "The growth of the flag-of-convenience countries is the evidence of the encouragement given to the owners who on the one hand wish to avoid the onerous taxation liability."

Although Britain's trading fleet is one of the largest in the world, it was mainly due to taxation, "said Mr. Joyce, "that the British flag has not been expanded."

Mr. Joyce suggested that British shipping should be exempted on all earnings retained in the country.

Tea position improved at year's end

TEA prices at Mombasa which since 1950 have generally been falling, improved in 1952, due to the world market situation.

The market of orthodox teas, which are the main export of the country, showed a steady increase in price, particularly in the case of the finest grades of tea.

By the end of 1952, most grades of tea had risen to levels similar to those of the previous year.

Sterling almost reaches record

Sterling continued its upward movement against the United States dollar in the London market on Tuesday.

The dollar rose to a new high of 128.00 against the pound, which was a record for the year.

The rise was due to the continued strength of sterling and the falling price of gold.

FIRST OIL FLOWS FROM NEW WELLS IN SAHARA

OIL from the Sahara—among France's high hopes of prosperity—began flowing from the wells at Hassi Messagid to the railroad at Touggourt yesterday.

The first oil was pumped to the railroad at Touggourt yesterday, after a delay of 1200 tons by April and eventually to 1200 tons.

PORT PICTURE AT MOMBASA

A target pipeline to the coast is planned, and by 1962 France expects to receive from the Sahara 100,000 tons of oil a year—equivalent to half the normal consumption of the country.

Five wells in the field have reached the productive stage and two others are expected to be brought into production.

EIGHT teams will compete in an international live-a-side indoor football competition for the Schweppes Cup at the Kenzie Pool, Fremont, on February 11. The teams will go to the National Sports Development Fund.

Teams taking part in the competition will be: New Zealand, Ireland, Wales, Republic of Ireland, and a team of English amateurs and youth players.

Players due to take part include: England international Stanley Matthews, Billy Wright, Tom Finney and Johnny Hayes.

Seven matches will be played four quarter-finals, two semi-finals and the final. They will be made for by Stanley Ross, the F.A. Secretary.

Nylon stockings her downfall
Mrs. Agnes Pratt, a member of the Bradford women's national football team, has been dismissed from the team for life and fined for not appearing at the end of next year for trying to smuggle 120 pairs of nylon stockings into Hungary.

The President of the Hungarian Federation of Basketball Players also denounced the coach of the women's team, János Békés, for trying to bring 150 sweaters over the frontier illegally.

Mr. Pratt tried to smuggle in her crinolines on her return from the second women's world basketball championship in Rio de Janeiro earlier this year.

UNBEATEN CENTURY BY N.Z. STAR BATSMAN

Wellington miss their chance

OTAGO beat Northern Districts by 191 runs in their finished third cricket match at Dunedin. Highlights of the match, particularly in view of New Zealand's total of England next summer, was an unbeaten century by star batsman Bert Sutcliffe in Otago's first innings. Sutcliffe hit a sound 59 in his second

innings. Final scores were—Otago: 191 and 54; Northern Districts: 191 and 54. Otago: 191 and 54; Northern Districts: 191 and 54.

Wellington took first-innings points in their Plunket Shield match against Central Districts at Wellington.

In a low-scoring match, during which one day was lost through rain, the district made a chance of an outright win by not losing the wicket from its first 200 runs.

Wellington: 175 (D. Hoar, 5/22; J. Carter, 7/44) and 89 (R. Ferguson, 11/51; Miller 68). Central Districts: 152 (O. Morrison, 4/4; R. Blair, 7/22) and 21 for two.

Win after 29 years Auckland beat Canterbury for the first time for 29 years in a Plunket Shield cricket match at Christchurch.

The Provincial surprise win by 44 runs came after Canterbury's several innings had collapsed in the first day's play.

The last of Canterbury wickets fell for 18 runs in the 40th minute. Scores were—Auckland: 216 (D. Coleman, 113 and 208; Roger Harris 112; John Stanger 66; Terry MacChesney, 8/66).

Canterbury: 287 (Murray 110; and 133; Hancock 4/22).

Winning practice killed interest

South Australia and Queensland drew their last-day Sheffield Shield match at Adelaide. Interest in the game was killed when South Australia, leading by 141 at tea, failed to score their second innings. They chose to use the rest of the day for batting practice.

Scores were: South Australia, 100 and 222 for five out; Queensland, 84 and 24. J. H. Reid did not play. G. H. Reid did not play. G. H. Reid did not play.

Victoria scored 264 runs for victory when they restored their second innings at four for no score after tea had departed for the start for a last hour.

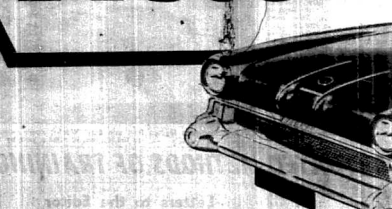

They have looked like approaching the target, though the pitch did not help. A number of batsmen were out to South Australia and a run out helped New South Wales to victory.

John Shaw, who made 41, was the only batsman to show any class for New South Wales, who had batsmen out for 120 before they were dismissed.

Final scores: New South Wales: 143 and 231 for six declared (N. O'Neill 175, B. Booth 73, Victoria: 196 and 197).

Longer course proposed to give Kenya better teachers

THE quality of Asian teachers in Kenya is to be improved, the two-year course at teacher-training colleges should be extended by an additional year and some attempt must be made to eliminate "hopelessly outmoded" concepts of education still prevalent as some primary schools.

These opinions are put forward by Mr. Joseph Clement, an article in the first issue of a new magazine, *The Kenya Educationalist*, the journal of the Kenya Teachers' Association.

Mr. Clement, who has spent three years in England, specialising in education, and is now at Nairobi Asian school, says that the present concept of education in Kenya is "outdated".

He says that in England, teachers are trained for three years, with an additional year of practical training in the form of a year-long placement period.

He says that in Kenya, teachers are trained for two years, with an additional year of practical training in the form of a year-long placement period.

MORE SCIENCE PLACES AT MAKERERE Uganda call to resign

Ten per cent increase for Asians

MAKERERE COLLEGE will in future allow 60 per cent of its entry places each year to applicants for students from East Africa. In the past, the number of places at the College has been divided equally between Asians and African students.

This is announced by the Principal, Mr. Bernard G. Brown, in his report to the Council for 1957-58.

Mr. Brown says that during the past year, Mr. Brown said, had not been encouraged for the first time to accept a higher standard of entry. He said that the Council for 1957-58 had decided to increase the number of places for African students from 30 to 36, and to increase the number of places for Asian students from 30 to 36.

S. AFRICA APPEALS FOR KENYA HELP AGAINST SHARKS

HELP has been sought from the Kenya Fisheries Department by the Municipal Council of Margate, a South African seaside resort, in its efforts to combat the depredations of sharks invading the bathing area.

The Town Clerk yesterday called the Provincial Fisheries Officer, Mr. J. E. A. Harris, who he urged to help in the fight against sharks.

The request will be based on a report from the Fisheries Officer, Mr. J. E. A. Harris, who he urged to help in the fight against sharks.

WIFE OF M.P. ON VISIT

Mr. Patricia Struan, a London County Councillor and wife of Mr. C. Struan, Labour M.P. for Vauxhall, London, arrived in Nairobi on her way to visit her husband, who is on a four-week visit to Kenya.

Mr. Struan is currently on a four-week visit to Kenya, and is expected to return to London in a few days.

Bounty to fishermen

A bounty of shs. 5 a fish to fishermen for any shark caught in the waters of the 15-mile-long Shauri Moyo fishery in the Indian Ocean, was described yesterday by the Fisheries Officer, Mr. J. E. A. Harris.

The bounty is to be paid to fishermen for any shark caught in the waters of the 15-mile-long Shauri Moyo fishery in the Indian Ocean, was described yesterday by the Fisheries Officer, Mr. J. E. A. Harris.

It is hoped that these results in science may encourage the presentation of new and improved proposals to the Council to "take the E.S. course".

It was pointed out that Mr. Brown said that the Council for 1957-58 had decided to increase the number of places for African students from 30 to 36, and to increase the number of places for Asian students from 30 to 36.

DELAMERE STABLE TAKES LAST OF KENYA CLASSICS

Tables turned convincingly on Moby Dick in St. Leger

REVENGE is sweet and this was the satisfying bit of the Delamere Stable win in the 1958 Kenya St. Leger. E.A. Derby, verdict by about an equal amount. The Kenyan classic, which has been the last of the Kenya Classics, was won by Moby Dick, a 10-year-old bay gelding, who had won the first two of the three races in the series. He was ridden by the 10-year-old jockey, who had won the first two of the three races in the series. He was ridden by the 10-year-old jockey, who had won the first two of the three races in the series.

The race was run on a soft and heavy ground, which was a disadvantage to the favorites. Moby Dick, who had won the first two of the three races in the series, was ridden by the 10-year-old jockey, who had won the first two of the three races in the series.

A two-line finish was seen, with Moby Dick leading by a margin of about 10 lengths. The race was won by Moby Dick, a 10-year-old bay gelding, who had won the first two of the three races in the series.

ACROSS DESERTS OF ICE AND SNOW CONQUER SOUTH POLE

Where no shadows lie

In the middle shade in Nairobi yesterday (temperature 72.5 deg. F.) Mr. Gordon Stock heard of the progress of the Commonwealth expedition to the Antarctic (temperature 30 F. or more than 100 degrees colder). He said he wished he could go with them. And Mr. Stock is a known and well-known figure in the land.

A Weasel, the strongest tracked vehicle which a Nairobi man, Mr. Gordon Stock, helped to test in the Antarctic which is now being used by Dr. Fuca and his party. The tests included performance in different conditions of ice and snow, the maximum gradients which could be negotiated and the width of crevasses which could safely be crossed.

HILLARY'S 45-MILE DASH AFTER BRIEF REST IN ANTARCTICA. N. Zealand success

SIR EDMUND HILLARY has reached the South Pole. The news, in a radio message from the New Zealand party, was received yesterday in Wellington by the New Zealand Race Sox Committee, organisers of the expedition.

A few hours earlier Hillary had reported his position to be 45 miles from the Pole. It is believed he pressed on again shortly after the brief rest. Meanwhile the British Antarctic expedition, led by Dr. Fuca, was reported to be within 200 miles of the Pole.

Sir Edmund Hillary, a lean, rugged New Zealander, made world headlines 43 years ago when he and his Sherpa companion Tenzing conquered Mount Everest. The date was May 29, 1953. Nine days ago it seemed certain that he would again hit the headlines, when he radioed the dramatic news that he and his party were "inland" for the Pole.

Because of bad weather and difficult terrain, the expedition has made slower progress than expected. Mr. Fuca was unable to reach the South Pole, although occupying the position of the South Pole. The expedition was to be joined up and back home to McMurdo Sound completing the first overland crossing of the continent.

At Fuca's party fell behind schedule the New Zealanders made world headlines 43 years ago when he and his Sherpa companion Tenzing conquered Mount Everest. The date was May 29, 1953. Nine days ago it seemed certain that he would again hit the headlines, when he radioed the dramatic news that he and his party were "inland" for the Pole.

Hillary walked South Pole "Steering by the stars from earlier days upon the base. We are all very tired but well, and very pleased to have arrived."

[Editorial comment in Page 4]

A vicious wind blew snow from the mountain top, adding to the discomfort of life in a continent where the temperature drops to minus 50 degrees Fahrenheit, 92 degrees of frost.

Mr. Stock took this photograph, and that of his dog team (above, right), during a sunny trip down the coast of the Weddell Sea to Vernal Bay, the starting point of Dr. Fuca's expedition.

It developed that the pictures himself in better conditions where the biggest problem was to melt enough snow into water and, once melted, to stop it turning into ice again.

RESTRICT THE PERIOD OF C...

Mr. Richard Corbett's letter brings up once again an almost perennial suggestion for reducing the cost of living.

Most of those with a wide experience of years ago will recall that the Government of Kenya was set up to control the period of grain to respect of which each wheat was to be harvested. The Government was then to be the sole purchaser of wheat, and at least those of it strictly controlled to the governing system of low cost extended abroad, adversely in the money.

One advice about any a price, remedy would be to restrict the period of grain to respect of which each wheat was to be harvested. The Government was then to be the sole purchaser of wheat, and at least those of it strictly controlled to the governing system of low cost extended abroad, adversely in the money.

Letters to the Editor

This is a sufficient indictment to itself and indicate the of the faculty for the public. There have been reports from their own country that it is not necessary for the Government to restrict the period of grain to respect of which each wheat was to be harvested. The Government was then to be the sole purchaser of wheat, and at least those of it strictly controlled to the governing system of low cost extended abroad, adversely in the money.

Child welfare

WOULD we please report by publication of this Child Welfare Society is an organization for the children who have been taken from their parents and placed in institutions and others are unknown to us because their help. But, come to the fore through such organizations as the Kenya Children Trust, and we should like them all to know that, in this season, they have brought happiness to children.

NSNYPa Member

The South Nyanza representative in the Legislative Council, Mr. L. C. O'Connell, reveals shrewdly. Although he is a capable representative, he does not seem to care about reading any meeting and people in order to explain the recent political deadlock in Kenya.

It was we who elected him to the Legislature, and he has not shown any signs of having any idea of what he is doing. He does not want to change our attitude towards the Government, and to explain to our constituents the reasons for the Government's actions. He does not appear to care about reading any meeting and people in order to explain the recent political deadlock in Kenya.

Pseudonyms

IT OCCURS to me that the practice of writing to the Editor under pseudonyms should be discouraged if it deters the East African Standard from the use of letters to the Editor, which are otherwise important. From correspondence which we are not prepared to disclose their identities except for very good and obvious reasons.

I cannot think of any good reason why anyone should hide themselves behind the name of pseudonyms or anonymity. On the contrary, their identity in sometimes doubted when their proper names are not published.

If one wishes to express one's views, criticisms, praise or make suggestions, one must have the courage to do so fearlessly, frankly and publicly.

Mr. Mang'et's politics

SOON after the results of the last year's General Election, the reactions of the masses here and in Kenya at large and abroad was as a procreant of the African, that nobody even dreamt it would take a different turn in a short time. It is a pity, and most annoying,

that it had been so long that the Government was not in a position to change the system of control of grain to respect of which each wheat was to be harvested. The Government was then to be the sole purchaser of wheat, and at least those of it strictly controlled to the governing system of low cost extended abroad, adversely in the money.

West warning of Communist gains

WEST SUGGESTS NEW APPROACH TO RUSIA

Offer of immediate non-aggression pact with H-BOMBS SAFEGUARD

BRITAIN intends to continue seeking an agreement with Russia for disarmament and for the relief of tension in the world, the Prime Minister, Mr. Macmillan, told the nation in a party political broadcast on Saturday night.

"We must not give up—we must try again," Mr. Macmillan said. "We could start by a solemn pact of non-aggression." By clearing away "the rubble of old controversies and disagreements," perhaps a path could be made ready for a meeting of Heads of Governments.

Americans surprised

State Department officials in Washington expressed surprise at the Prime Minister's suggestion of a new non-aggression pact. Observers stated that the United States has held to its position that such an agreement is premature. The War and Peace Powers, at this stage, would do more harm than good.

Mr. Macmillan said that he would accept inspection and control, but he would also deal with what he called conventional arms. "Fascist could not be secured just by wars; deeds as well, were needed."

Even warning

Mr. Macmillan was told that he would have to be careful over the "even" warning in the former language between the British and American secretaries also led Mr. Macmillan to say that the Government would also put its own emphasis on the need for a complete development.

CHEQUERS TALKS ON CYPRUS

The Governor of Cyprus, Sir Hugh Foot, spent the weekend at Chequers discussing the island's future with Government Ministers and officials.

The Prime Minister, Mr. Macmillan, put his official position on the disposal of the island's future to the Colonial Secretary, Mr. Lennox-Boyd.

Work offered

The 12,000 dockyard workers who went on strike in protest against the Government's proposed changes in the shipbuilding industry, were offered work by the Government.

U.S. foreign traders' banner year

The United States had a banner year for foreign trade last year, with exports increasing by 13 per cent and imports by 10 per cent.

Mr. Henry Keenan, Assistant Secretary of Commerce for Latin American Affairs, said 1957 had been a "banner year for United States foreign trade."

Although the 1957 export total had been attributable to several factors which would not repeat this year, the total value of exports in 1957 was \$10,000,000,000, compared with \$8,800,000,000 in 1956.

FINANCE AND COMMERCE

After pointing out that the dollar has fallen below its level of 1954, the Treasury Department said it is still in a position to meet its obligations.

The figure at the end of the year was \$10,000,000,000, compared with \$8,800,000,000 at the end of 1956.

AGRICULTURE

The United States had a banner year for foreign trade last year, with exports increasing by 13 per cent and imports by 10 per cent.

A DRAMATIC LAST-BALL VICTORY FOR KONGOLES

M.C.C. beaten by seven wickets after a sporting declaration

The match was a thrilling one, with the Kongoles leading by 100 runs at the fall of the last wicket. The M.C.C. bowlers were unable to break the Kongoles' batting partnership, which was aided by a brilliant innings from the batsman who scored 100 runs. The match was a testament to the skill and determination of the Kongoles players.

The Kongoles' batting was supported by a strong bowling attack, which kept the M.C.C. batsmen in a constant state of anxiety. The match was a classic example of a last-ball victory, with the Kongoles holding their nerve to secure a seven-wicket win.

Thrilling head-heat for Cambridgeshire

A NOTHER extremely pleasant afternoon favoured the second day of the Norfolk Test race meeting. The racing was of a high standard, with several exciting races. The head-heat between the Cambridgeshire and Norfolk teams was particularly noteworthy.

The Cambridgeshire team showed great spirit and determination, leading to a thrilling victory. The Norfolk team was also competitive, but ultimately fell short. The match was a testament to the skill and determination of the Cambridgeshire players.

The Cambridgeshire team's victory was a significant one, as it marked a turning point in the season. The Norfolk team will be looking to bounce back in the next match. The match was a classic example of a last-ball victory, with the Cambridgeshire team holding their nerve to secure a seven-wicket win.

Premier says act is not justified

IN an exchange of letters with the Prime Minister, Mr. Thorneycroft stated that resignation was the only course as his policy did not have the support of Mr. Macmillan and other colleagues. Mr. Macmillan in reply said the resignation was not justified by any difference in principle.

Mr. Thorneycroft wrote: "I am prepared to approve estimates for the Government's 1956-57 financial year at a total higher than the sum which will be spent next year."

Second thoughts on pact offer

Interference rule at Henley Royal Regatta
Substitutes Allowed

Five opponents of Henley Royal Regatta that would be covering football on the River Thames between Berkshire and Buckinghamshire, are slowly changing their minds as to their general international obligations. The Henley Regatta authorities have always been a law unto themselves. They lay down their own conditions of entry and competition and have frequently been criticised for not being more "classical and international in their outlook."

It took some a number of years to get the House of Commons behind the Henley Regatta club and now the Henley Regatta club are now on the "Commons" wave. The Henley Regatta club are now on the "Commons" wave. The Henley Regatta club are now on the "Commons" wave.

All-rounders end all square

There was little to choose between the performances of all-rounders in the Henley Regatta. The Henley Regatta club are now on the "Commons" wave. The Henley Regatta club are now on the "Commons" wave.

Australian's incident

One of the changes involves "interference" during the course of a race. In future, the race umpire is to be the umpire in the launch following the course will have the umpire immediately to "disqualify" a competitor who is "interfering" with another competitor. This change was unanimously approved by the Regatta Committee in its meeting on the 22nd of August.

Patel Club win by 228 runs

DATTA CHIAI scored one of his best innings when he was 100 not out for the Patel Club in their victory over the Royal Regatta club in their match on the 22nd of August.

Woodley bowlers play game round

GOAN INSTITUTE CARRY OFF LALTON BROS. CUP

Sikh Union success at Henley

GOAN INSTITUTE added the Lalton Bros. Cup to their collection of trophies by beating their old rivals, the Sikh Union, in the final of the Lalton Bros. Cup on the 22nd of August.

With the game only at its opening end, Goan Institute obtained their third goal when O. Ramesh kept the opposition goalkeeper from the top of the circle. Railway Goan, never really recovered from their early success but managed to hold their strivers when H. D. Ramesh scored their final goal.

Goan Institute is a goal team and a keen football club. They are now on the "Commons" wave.

The up-countryman

The Kenya countryside is over the hills and down into the cattle and sheep country, by the time they reach their pink flappings. You either go straight on or up or right or left into a land of beef, milk and butter, wool and barley. It's a land of goodness. You can reach the countryside if you use an Austin Countryman when your journey into the heart of Kenya. Apart from his khat the Countryman has nothing and power to share through farm lanes after the tractor has passed. It will carry six people and over 300 lbs. of baggage. On safari two people can sleep in comfort in the Countryman. At the races, by the polo field, on the open road or in the town, the Countryman is the car for Kenya folk who want to look right and feel right. The Countryman costs £1,150.

Buying a new suit?

Some men — let's face it — buy suits only when urged to do so by their wives or because of a friendly hint from their business colleagues. This reluctance is sometimes due to the bland superiority or high-pressure selling of some salesmen.

It is different at Cord Ltd.

Here you get at once made to feel at home. You'll find prices are very reasonable and the staff most helpful. We shall be pleased to see you at any time and discuss YOUR requirements in a friendly way.

WEEK-END TIES MAY AFFECT LEAGUE CHANCES

Ramadhan will not qualify for Kent C.C.

SONNY RAMADHAN, the West Indian spin bowler, will not qualify for Kent C.C. in the county's committee match at a meeting of the County Cricket Board on Friday.

On the day of the meeting, the County Cricket Board will consider the possibility of promoting Ramadhan to the first team.

It had been hoped that Ramadhan would be able to play for Kent in the County Championship in 1956, as the Kent Cricket Board had been asked to do so by the Kent Cricket Board.

At Lord's today, the Kent Cricket Board will consider the possibility of promoting Ramadhan to the first team.

Extra vote cancelled out for Villa and Sunderland

MILWAUKEE Cup commitments jeopardise the League chances of 16 clubs today, writes Archie Quinn.

In the case of Villa and Sunderland, who were the winners of the cup, it is cancelled out and a draw is likely at Villa Park, Everton may suffer and lose their match at Cardiff.

Chronic absenteeism, Wolves should qualify for the League Cup, and the County Cricket Board will consider the possibility of promoting Ramadhan to the first team.

Promotion trials

As a result of the decision to hold the League Cup at Christmas, trials will take place on Saturday, January 13, at Riverside Park, Exeter.

MUD-COVERED MATTHEWS SAW BLACKPOOL THROUGH

Result - first League win over Arsenal at Highbury

ARSENAL, nearly in the doldrums from their Cup defeat last week, suffered another setback when facing a Blackpool-visitor in the Cup who had never previously won a League match at Highbury. Stanley Matthews, after offering little to the Arsenal, found his tricky Blackpool attack almost impenetrable. One free kick Charlie Davis was a chance for the Arsenal to lead, but the full-back was fouled before he could take the shot. The Arsenal were unable to score for the first 30 yards but the last few yards of the half were used to compress a narrow lead from 3-0 to 2-0. Matthews took revenge.

Woolwich Wanderers were seen to have a narrow lead at the end of the first half, but the Arsenal's attack was more effective in the second. When Alan Tate scored, Matthews was fouled by the goalkeeper. Matthews brought the keeper back to the goal.

New record for 880 yards freestyle

JON KONRADS, 19-year-old, made the world 880 yd freestyle swimming record by clocking 9 min. 17.2 sec. The official world record of 9 min. 19.7 sec. held by George Brown (Ozited States) was broken on Monday in Stockholm. Konrads took time for the 100 yd stroke and the 200 yd stroke. He had a record of 11 min. 12.4 sec. for the 100 yd stroke and 22 min. 54.5 sec. for the 200 yd stroke.

Women's 880 yd freestyle

On Thursday Jan 23, a world record for the distance was made in Stockholm when the women's 880 yd freestyle was won by Betty Lindberg (Sweden) in 16 min. 42.2 sec.

Piles relieved by new tablet treatment

At last science has produced an entirely new, effective treatment for piles. It is a new tablet treatment, a simple tablet treatment that is safe and effective and brings relief, relief.

Removes an itching which you take with a disk of water-just like a paper. They have no side effects, no side effects, no side effects.

...and how is business?

"It's also seeing you again, cousin."

"We are always glad to have you over. We're the journey from India thing!"

"Oh, no... And how is business?"

"We can't complain. The farm market is pretty strong—we want more of your ingredients. There's a lot of building work, too, and in the workshop they are asking for your diesel engines."

"You've just up new power station, I hear."

"I must tell you about our electric meters, wires and cables—we to mention our fans..."

"Confidentially, your sewing machines are making a great hit—must to mention your space ships..."

"Don't be silly. You mean our..."

"Oh, never mind. Let's have some tea..."

"Thanks, but let me give you my local address..."

EISENHOWER GRUES TERRORS FOR MEETING Full preparation at lower level END OF U.N. VETO

PRESIDENT EISENHOWER has told the Soviet Prime Minister, Marshal Bulganin, that he will accept a meeting of Heads of Government on condition that preliminary negotiations are held through diplomatic channels and at Foreign Ministers' level. In a 4,000-word reply to a letter sent by the Russian leader in December, Mr. Eisenhower also urged that the United States and the other members of the United Nations should renounce their right of veto in the settlement of disputes concerning peaceful purposes.

Positive note
According to the Egyptian newspaper Al Wasat, Marshal Bulganin has told Khrushchev that the value of a Foreign Ministers' meeting, but should not be objected to now provided it comes after a summit meeting. Despite this, and previous Soviet opposition to lowered meetings, it is felt in Washington that the President has left the door open for diplomatic exploration by his willingness to discuss all the proposals put forward by Marshal Bulganin.

It is also thought this gesture will not be lost on the uncommitted part of the world. Officials stressed the positive note contained in Mr. Eisenhower's reply, though they thought it would not be possible to hold a summit meeting this year. The President said he has only preliminary to discuss.

The White House press spokesman said that the "peace offensive" last month and original talk for the summit talks within three months.

PEACEFUL USE OF OUTER SPACE
Mr. Eisenhower forwarded a series of open-questions to Khrushchev in his letter. These were: Outer space should be used only for peaceful purposes. Germany must be reunited by peaceful means. The veto should not be used in the Security Council to prevent the settlement of disputes. An end to the nuclear arms race and reduction of military armaments.

A Foreign Office spokesman in London gave a warm welcome to President Eisenhower's letter and said that the "positive" proposals of Mr. Macmillan's reply will consider a number of the points.

This book, recently written, produced and published by the Coffee Board of Kenya, is a remarkable example of local effort. It does full justice to the coffee planter and is yet another chapter in Kenya's short history. Throughout the pages of this book, which is illustrated with some fine photographs of the coffee plant from tree to cup, there leap much to the service of their fellow planters and consumers and business men.
