

# BAGHDAD PACT TALKS OPEN IN TENSE SETTING

## Bombs thrown near American Embassy

### PLEDGE BY DULLES

MINISTERS of five Baghdad Pact countries met in an atmosphere of drama and tension in Ankara yesterday for the opening session of the Pact's Ministerial Council. Security precautions had been carried out following the explosion a few hours earlier of two bombs, one in the United States Embassy garden and the other in an American bookshop.

No one was injured, but windows were smashed within a radius of 500 yards. The bombs were believed to have been thrown from two cars. Several suspects were detained.

### Two miles away

The United States Secretary of State, Mr. Dulles, who is attending the conference as head of an observer delegation, is not staying at the American Embassy but at residence of the United States Ambassador, two miles away.

At the opening session the British Foreign Minister, Mr. Selwyn Lloyd, referred to the presence of Mr. Dulles, saying that it was proof of the importance which the United States attaches to the work of the Pact, and of the American's association with the other members of the Pact with Britain are Turkey, Iraq, Pakistan and Persia.

The other members of the Pact also assured the Pact countries of America's wholehearted support in helping them to maintain their independence by defensive security and economic health. "Mobile powers of great force," would, as needed, be brought to bear against any Communist aggression.

# Cyprus confusion: Turks celebrate

ABOUT 1,000 Turkish-Cypriots staged demonstrations in Nicosia to celebrate an unconfirmed report that Britain had agreed to partition Cyprus. They claimed that the British Government had signed an agreement with Mr. Selwyn Lloyd, but that the island should be partitioned by the United Nations.

These views are confirmed by reports from other sources. On the contrary, Premier Makris of the Turkish Cypriot Ministry of the Interior, Mr. Athanasios, was taken as an indication that the British Government had not agreed to partition Cyprus.

Protest demonstrations, carrying banners with flags, assembled in Nicosia.

Battles and stones were thrown in Nicosia when British police officers were seen to be taking away a car. As British troops, wearing helmets and carrying rifles, were seen to be taking away a car, the demonstrators threw stones and bottles at the British troops.

# MONTE CARLO RALLY

## RENAULT DAUPHINE OUTRIGHT WINNER!

Out of 362 starters, only 36 finished the course of the MONTE CARLO RALLY, a gruelling test for cars from all countries.

Congratulations to Guy Monraisse and Jacques Ferrer, who drove the world's finest light car to victory.

What a triumph for the RENAULT DAUPHINE! Once again this is proof of what this amazing car can do in any country and under any conditions. The DAUPHINE can take the roads of East Africa in its stride. The MONTE CARLO RALLY is just another to add to the list of successes.

"The Soviet Premier, Nikita Khrushchev, has expressed his interest in the Arab States forming a union. This union will be a union of Arab States with Egypt."

# Labour Minister angers union

## INQUIRY REFUSED

REJECTION by the Minister of Labour, Mr. Iain Macleod, of a proposal made by the Transport and General Workers' Union that a committee be appointed to investigate a pay dispute has been vigorously criticised by the Secretary of the T.G.W.U., Mr. Frank Cousins.

Mr. Cousins said that Mr. Macleod's action was a "flagrant" violation of the duty of a Minister to investigate a pay dispute.

Mr. Cousins said that Mr. Macleod's action was a "flagrant" violation of the duty of a Minister to investigate a pay dispute.

# Shipping chief cancels tour

Lord Hubert, chairman of the Shipping Conference, has cancelled his tour of the United Kingdom, which was to have been held in London, on board the Warwick Castle, which was to have been held in London, on board the Warwick Castle.

# 16th century king lies in state

# Wool for informal evenings

By PATRICIA DOUGLAS  
THE grand formality of a full evening dress is a luxury of the very few. The hunt ball in the country, the charity ball among the social set in town are almost the only occasions left when the splendour of a long, floor-grazing dress is part of the scene.  
Today the English social day contains neither the cocktail and champagne, or the violin or record sessions. For those who shatter away the time in the kitchen, the motor car or the office, a dinner jacket and evening dress will look far out of place.  
A short dress, simple in line, warm and brought to life by a vibrant accessory, will also suit for informal occasions.

**ELEGANT BLACK**  
For those "little" dates there is nothing smarter than black. In this year's fashion the new "black" is more varied and more elegant than ever. It is the most elegant of all, non-seasonally practical and, possibly, the most womanly. The fabric manufacturers never before had so wide a choice of black. The new black is more varied than ever before—jersey that drapes beautifully, wool chiffon for a delicate dress with soft, delicate and wool crepe for a simple, understated look. Woolen fabrics are also used for slim sheaths, two-piece and cocktail suits.  
Most of these fabrics are made in many colours, but the designers know the fattening qualities of black. Almost every "after-five" dress is also in black and in this shade will, in greater quantities than in any other colour.

**PARIS LINE**  
The slim short line has more interpretations and a woman who might be wary of it for daytime dress in a colour well suited to a black cocktail or evening dress.  
In the street, one already finds copies of this line draped from Paris, such as Balmain's "compte dress" in Scotland, French straight and belted, from the light and airy to the dark and the light and the dark. The smartest woman at any

# Women's Tuesday

well-dressed party, you try it would not be out of place in simple surroundings among women who are more homesick than in London.  
Bessie Small makes the most "evening" fabrics by allowing a certain conservatism in colour to a straight slim wool crepe suit. For the designer, they suggest a simple style in black wool crepe. As the top only is likely to be seen either at the day or at the evening afterwards, they give it a deeply creased neckline and long transparent sleeves.  
Black wool jersey is used by

# ALPHA WEEKLY SOCIETY REPORT NET YET WORKS FINDINGS OF COMMITTEE

**A SOCIAL SECURITY scheme for workers in their old age, as recommended by a Government-appointed committee, is neither advisable nor feasible.** A Nairobi Chamber of Commerce has said this night. A study by a committee of "very many" members of the Chamber suggests that nothing should be done to set up a social security scheme for workers in their old age.

A census should be held and compulsory retirement of births and deaths introduced as soon as possible to give an exact estimation of the cost of such a scheme. Further consideration should be given, in the view of the standing committee, to the various alternative pension schemes which have been considered by the Social Security Committee.

The Chamber will debate next month the report of its committee, which was handed over to it by the Government. It was prepared by Mr. J. L. Mwangi, a prominent business leader who has been responsible for the Social Security Committee's work. The Chamber will also discuss the report of the Social Security Committee's sub-committee on the subject of old age pensions, which was prepared by Mr. J. L. Mwangi. It had to consider, "in the view of the standing committee, the various alternative pension schemes which have been considered by the Social Security Committee."

**Breakdown feared**  
It would be unwise to have a breakdown of the country at this stage and in the present economic conditions, it was said. The Chamber will also discuss the report of the Social Security Committee's sub-committee on the subject of old age pensions, which was prepared by Mr. J. L. Mwangi. It had to consider, "in the view of the standing committee, the various alternative pension schemes which have been considered by the Social Security Committee."

# McGLEW MAKES SOWEST 100 IN TEST CRICKET

## Highest partnership for 3rd wicket v. Australia

Jackie McGlew made the slowest start in the Test cricket and with the Australians' 100 highest score for any South African batsman in the world, he was dismissed at his own score of 150, remaining at their score of 150 for 233 without further help.

McGlew and Waite, the opening batsmen, were dismissed for a total of 150, the highest partnership for 3rd wicket in the world. McGlew and Waite, the opening batsmen, were dismissed for a total of 150, the highest partnership for 3rd wicket in the world.

### Six-man guard on Test pitch

The Test pitch at Durban was guarded during the second day attempt but had to be tamper with the ball.

### Former champion suspended

The Massachusetts State Bowls Commission has indefinitely suspended Tony Mavor for world wide publicity.

### Only six boundaries

At the 20th minute, 140 runs ahead with eight wickets in hand, they had better over an hour for 190 runs but when the stand reached 148, Waite and McGlew kept the previous record for a South African batsman, but the partnership was broken when McGlew was dismissed.

### Scotland's Rugby vacancies filled

The Scottish Rugby Union selectors have named the players to fill the vacancies in the national team to meet Wales in Cardiff next week.

### DKW-UNIVERSAL

# Scunthorpe will meet Liverpool

## Scunthorpe United, the club of the four nations, will meet Liverpool, one of the leading Division II clubs, in the first round of the English Football Association Cup on Saturday.

### London Derby

Wolverhampton present a formidable obstacle in their bid to reach the final of the Football Association Cup on Saturday. The London Derby will be a hard-fought affair.

### Goal for the day

Wolverhampton present a formidable obstacle in their bid to reach the final of the Football Association Cup on Saturday. The London Derby will be a hard-fought affair.

### Good cheer raised

Allen, as he is known by the European Association of Footballers, was through but missed a great chance when he was dismissed for a foul.

### Record stand in Sheffield Shield match

NORMAN O'NEILL, 24-year-old New South Wales batsman, opened his account with 233 runs in 247 minutes at Sydney in helping the Sheffield Shield champions to score 411 for four against Victoria.

### Non-title bout stops half-way

Joe Brown the world light weight champion, championed Eddie Whelan in the fifth round of their championship bout which was stopped in the fourth round.

The Story of Coffee in Kenya

by M. F. HILL

Large 20 x 11 1/2 x 8 1/2 and 12 1/2 x 8 1/2 x 8 1/2 with 40 pages and numerous color illustrations, 40/- net.

Shs. 42/-

This book, locally printed and published by the Coffee Board of Kenya is a remarkable example of local efforts. It does not put further to rest the coffee planter and is yet another chapter in Kenya's short history. Throughout the pages of this book which is illustrated with some five photographs, the processes of coffee from tree to cup, there is to the eye the names of men who have played a much in the service of their fellow planters, scientists and business men.

## QUEEN MOTHER LEAVES World-wide air tour first made by royalty

### FAMILY BIDS FAREWELL

The Queen Mother left London by air yesterday for Montreal, the first time her journey to Australia and New Zealand. Her return to Britain will be to the Africa, and she is to open the new Nairobi Airport at the end of the tour.

The Queen Mother will be the first member of the Royal Family to fly round the world. The DC-7C airliner of British Overseas Airways Corporation, carrying her on the first leg of her 13,000-mile journey, took off at 8.10 a.m. (G.M.T.). It was due in Montreal at 4 p.m. local time, after a 3,900-mile trans-Atlantic flight.

#### Wave to the crowd

The Queen and Prince Philip arrived at London Airport at 7.45 a.m. to see the Queen Mother leave. She and Princess Margaret arrived a minute later.

The Queen Mother, dressed in pale blue, waved to the crowd in the public square as she boarded the plane, board before the aircraft took off. The Queen Mother, the Queen, Prince Philip and Princess Margaret stood on the deck waving and blowing a kiss.

The Queen Mother was wearing a full-length fur coat and a blue hat. She had travelled by road from Windsor after yesterday night in the Royal train.

Princess Margaret, wearing a white dress, waved to the crowd from the cockpit as the plane took off. The Queen Mother, the Queen, Prince Philip and Princess Margaret stood on the deck waving and blowing a kiss.

## Increase in passengers on East African Railways

Rail passengers carried by the East African Railways and Harbours Administration in 1951 rose from 1,156,000 in 1950 to 1,395,000—an increase of ten per cent. Almost the whole increase came from Third Class travel, the number of journeys increasing by 56,000 to 6,120.

This increase was largely due to the fact that the number of mail passengers in certain routes has increased. The improved service and facilities have been provided. The East African Railway and Harbours Administration in 1951 carried 1,395,000 passengers, an increase of ten per cent on 1,156,000 in 1950. The number of passengers carried by the road system in 1951 was 1,187,000—an increase of 23,000 or 2 per cent on 1,164,000 in 1950. Services in Tanganyika and 60,000 in Uganda.

# KENYA BOWLS CHAMPIONS GOING TO GAMES

## Singles runner-up completes team

A GRAHAM, of Nairobi City Council Bowls Club, because the most members of the local club to represent Kenya at the Empire Games at Cardiff to have won a championship during the 1937-38 season when he won the single-handed championship and later of Witterit C.C. by beating W. Careful, C. of V. at the Royal Nairobi C.C. rink.

The runner-up, W. Careful, is the seventh member of the team. Both Graham, who won the first single-handed championship of Kenya in 1935, and Careful finished the group final after early morning rain was so heavy that the match was not played. The match was eventually light rain which allowed play to proceed. Graham represented an offensive play, preferring to cover the other rather than risk a three or four.

The final with which each of these two types of games was shown by the fact that only ten of each played resulted in an advantage of more than one shot.

Other games were able to stretch a total of more than three or four shots until the 17th end, when Graham, usually to 8 at the 19th end.

Cardiff will be the arena with a three at the 20th end and Graham scored a two at the 17th to make the score 20 to 17. Careful, however, came right.

### New Empire pole vault record

British Empire (BEF) broke his own South African and Empire pole vault record by two inches at Johannesburg and won 14 ft. 7 1/2 in.

Kruger also broke the all-empire record of 14 ft. 11 in. set up by an American, George Harman, during a game of South Africa by a United States team in 1930.

Kruger's previous best vault was accomplished at a 1931 in Oklahoma University in the "Big Seven" in a 11 ft. 11 in. at America in 1936.

### Harlequins Rugby

All members of Kenya Harlequins R.F.C. are invited to try out in the new taking place this evening in the grounds at Saturday at 8.30 p.m. each day. New members will be welcome.

# HOUSEWIFE WOULD BAN S. AFRICA FROM GAMES

## 'Not a political stunt'

A PETITION calling on the British Empire and Commonwealth Games Federation to ban South Africa from the 1938 Games in Cardiff unless South Africa drops its White-only selection policy for athletes is being circulated in Cardiff by a Welsh housewife. The petition asked for a clause in the B.E.G. Constitution similar to that of the Olympic Games Association, which bans discrimination.

### 31st mile run under 4 minutes

HERB ELLIOTT, a 19-year-old runner, became the fourth Australian to break the four-minute mile when he clocked 3 min. 59.9 sec. at the Olympic Park in Melbourne.

The mile has now been run in under four minutes 11 times and 13 athletes have achieved the feat since 1913.

The world record of 3 min. 53.2 sec. set by Doris Robertson of New Zealand at the Empire Games last July, Robertson's record was a 11 ft. 11 in. distance.

Elliot, who was competing in an inter-State meeting, won by 20 yards from Stan Clarke, the Australian who carried the Olympic torch at the opening of the Melbourne Games in 1936. Clarke's time was 4 min. 31.5 sec.

# AUSTRALIAN CHALLENGER KNOCKED OUT

DENNIS ADAMS, the 22-year-old Johannesburg plumber, retained the Empire flyweight boxing title at Durban by knocking out Warner Batchelor, his Australian challenger, in the second round.

It was Adams' first defence of the title since winning it by the title bout for Adams in London last August. Adams was victorious by a 10-4 decision.

A spokesman for the Federation said: "As far as the 1938 Games are concerned we have no objection to any competitor who we have to deal with member countries."

**ITALY VOTES MORE MONEY TO ASSIST COLONIES**  
**Corporation grant**  
**LABOUR WELCOME**

**MORE MONEY** is to be made available for developing Britain's colonial territories. The House of Commons gave an opposed second reading to the Overseas Resources Development Bill which raises the amount the Government-sponsored Colonial Development Corporation may borrow from £100,000,000 to £125,000,000.

The Bill also enables the corporation to assist projects in newly independent countries which were started when the country was a colony. It permits the company to make available its experience and skilled technicians to manage development projects in Commonwealth countries which ask for help.

**Position after independence**

The Colonial Secretary, Mr. Lennox-Boyd, said both Conservative and Labour Members had agreed that the Government itself should do much more for the territories after they had gained independence. But the Government would not be expected to make any contribution to the cost of other Commonwealth countries.

The Colonial Development Corporation should be able to continue with existing projects but should not be expected to start new schemes in territories which had achieved independence.

Average British investment, public and private, in the period between 1953 and 1956 was running at a rate of nearly £200,000,000 a year. That included special

aid for the territories. Mr. Boyd said that the Government would not be expected to make any contribution to the cost of other Commonwealth countries.

The Colonial Development Corporation should be able to continue with existing projects but should not be expected to start new schemes in territories which had achieved independence.

**ALGERIA BILL ADOPTED BY ASSEMBLY**

The Algerian Assembly has adopted a bill for the reform of the Algerian judicial system. The bill provides for the election of judges by the people and the abolition of the Algerian Council of the Magistrature. It also provides for the election of judges by the people and the abolition of the Algerian Council of the Magistrature.

**Scientists push on with Zeta BOOSTING HEATS**

**Triumph** scientists at the Harwell Atomic Research Establishment, after their initial success in fusing hydrogen atoms to produce an artificial sun, have begun the next stage of their experiments to raise the power of the hydrogen atom and provide mankind with unlimited fuel from the sea.

An Atomic Energy Authority official said the team at Harwell had hoped modifications which will boost the temperatures achieved by laser (Zeta) stored thermonuclear assembly, in which they have already stored heat of 5,000,000 degrees centigrade.

The modifications will consist mainly of new windings of the electrostatics of the transformer.

The modifications will probably be added to boost the electrical discharge which heats the deuterium-heavy hydrogen gas to the temperatures already achieved.

**Nicosia curfew lifted**

**PLEDGE OF PEACE BY TURKS**

**SAAGERS** of Turkish-Cypriots in Nicosia gave a pledge to the British authorities yesterday that rioting would cease. They promised that the thousands of Turks killed in the demonstrations would be buried, provided the British troops lifted the curfew.

In return the Nicosia Security Committee agreed to lift the curfew imposed on the Turkish quarter two days ago. Calm had already returned to the area after Turkish leaders had gone from street to street telling the people that further violence would harm their cause.

A reference to the Nicosia Committee which is headed by the Turkish Prime Minister, Mr. Ismet Inönü, in the future of the island with the British Foreign Secretary, Mr. Aneurin Bevan, and the Governor of Cyprus, Sir Robert Peel.

He asked Turkish-Cypriots to avoid the violence of the talks with patience and confidence. He said that they were not following a direct course about cease-fire.

**TEST SAID TO LACK VISION**

The failure of the corporation from territories on the day of independence is the Colonial Secretary was concerned because it was not being private enterprise. The Corporation would be able to continue with existing projects but should not be expected to start new schemes in territories which had achieved independence.

**Russians expelled by Dutch**

**THREE** members of the Soviet Embassy at The Hague have been declared persona non grata.

The Netherlands, the Dutch Foreign Office said, has declared three members of the Soviet Embassy at The Hague persona non grata. They were said to be Col. I. L. Gerasimov, Mr. V. V. Zorin, and Mr. A. A. Gerasimov. The Netherlands said that the three were expelled because they were interfering with the work of the Dutch Foreign Office.

**Queen Mother**

**Vancover greets Queen Mother**

**HONOLULU NEXT STOP**

**MORE** than 1,000 people greeted Queen Elizabeth the Queen Mother when she arrived in Vancouver from Montreal. She was welcomed at the airport by the Lieutenant-Governor of British Columbia, Mr. Frank Ross, and Mrs. Ross, the Queen Mother, due to leave for New Zealand and Australia.

The Queen Mother had a luncheon at the Vancouver Hotel. She will continue her journey to Honolulu and then to New Zealand and Australia.

**SYRIA AND ISRAEL IN BORDER BATTLE**

**Each side blames other**

Syria and Israel blamed each other yesterday for a border battle in which two Israeli soldiers were killed and at least 30 wounded.

The Israeli Government said that the Syrians had fired the first shot. The Syrian Government said that the Israelis had fired the first shot.

# ONE UP AND TWO TO GO Durban Test drawn

As expected, the third Test match between South Africa and Australia ended in a draw at Durban yesterday, leaving the touring team one up on the series with two to play. Final scores in South Africa, 294; Australia, 183 and 282 for 1 wicket. The tourists drew the second Test, having been drawn after the fourth Test against the host team in Johannesburg.

Harvey's bowling, however, was not quite so effective as in the first Test, when he took the wicket of Don Bradman. The Australian batsmen showed a marked improvement at their average in the second Test, 128.1 to the top of 143. Don Bradman, in particular, was the batsman to watch.

### Sell 36 runs behind

The tourists had sold 36 runs behind at the end of the day, but they were not without their share of interest. The Australian batsmen were not quite so effective as in the first Test, when they were able to take the wicket of Don Bradman. The Australian batsmen showed a marked improvement at their average in the second Test, 128.1 to the top of 143. Don Bradman, in particular, was the batsman to watch.

### For other sport see Page 3

At 10.30, the tourists had sold 36 runs behind at the end of the day, but they were not without their share of interest. The Australian batsmen were not quite so effective as in the first Test, when they were able to take the wicket of Don Bradman. The Australian batsmen showed a marked improvement at their average in the second Test, 128.1 to the top of 143. Don Bradman, in particular, was the batsman to watch.

# Body and Dave Charnley struggle for control of cycle racing

A MOVE towards uniting a Britain's three cycling organisations was made in London by the National Cyclists' Union, which is holding an annual meeting today. The union is to be formed by the amalgamation of the National Cyclists' Union, the British Cycling Club and the Road Race Cyclists' Club. The union is to be formed by the amalgamation of the National Cyclists' Union, the British Cycling Club and the Road Race Cyclists' Club.

# COMMUNIST EXPOSE

## COMMUNIST SUBVERSION Co-existence sham in Middle East U.S. GIVES PLEDGE

**Subversive Communist activity in the Middle East was denounced by Britain, the United States and the four Muslim members of the Baghdad Pact in a communique issued in Ankara. They said Communist tactics and penetration were falsely presented as a friendly co-existence.**

The six nations jointly declared that the defense and security of the Pact region were vital to world peace. The communique issued at the close of a four-day session of the Ministerial Council, also urged the abandonment of the indiscriminate use of the veto in the United Nations Security Council.

**Best hope for peace**

As the final meeting, the American Secretary of State, Mr. Dulles, stated that his country will participate unreservedly in the Baghdad Pact commitments. This was regarded as a reply to the Muslim members, who have been pressing for the United States to relinquish its observer status and become a full member like Britain.

The communique noted with regret Communist attempts to exploit nationalistic fear of economic distress, the plights of the Arab refugees and national Asian sentiments.

It said the Pact had developed into "a strong and cohesive organization representing the best hope for the future of the region as a whole and as a means to the defense of the region as a whole as important to peace as well as to constructive co-operation for the benefit of the 135,000,000 people of the Pact, 12 of whom are predominantly Muslim.

**Karl Kling to compete in Safari**

Urged co-operation between the Pact and other, like world regional collective security organizations.

Called on U.N. members to accept the concept of the U.N. Emergency Force as an instrument for use in areas of international tension.

Announced that a combined staff training exercise would be held soon by the newly-established Military Planning Staff.

The final meeting of the Pact Council was delayed for three hours because, according to conference records, Iraq made a last-minute attempt to get Palestine membership into the communique.

Iraq has been pressing for the Pact to support her plan that Palestine should be admitted to the Council.

It was opposed by the Western representatives, particularly the United States.

**GEN. FESTING NEXE C.I.G.S.**

Gen. Francis Festing, C.I.G.S., has been appointed to the post of Chief of the Imperial General Staff from September 1953.

Gen. Festing, who is 57, is the son of the late Lord Festing, G.C.B., and is the husband of Mrs. E. M. Festing, G.O.C., who is the daughter of the late Lord Festing, G.C.B.

**APPOINTMENT FOR TEST CRICKETER**

Mr. Percy Fender, the former England batsman, has been appointed a Deputy Lieutenant of the County of London.

**M.P. SEEKS RETURN OF FLOCCING**

Mr. E. A. Butler, the Home Secretary, has proposed a bill to return the flocking to the Commons that fledging should be a requirement for any increase in the number of cranes in violation of the 1938 Bennett Convention.

**Germany remembers . . .**

Both sectors of Germany remembered Hitler on the anniversary of his accession to power in 1933. The anniversary was marked in a number of ways. In the West, the anniversary was marked by a number of religious services. In the East, the anniversary was marked by a number of public demonstrations.

# FINANCE AIDED IN RESTORING ECONOMY

**FINANCE has been granted credits totaling \$25,000,000 (about £2,250,000,000) from the European Payments Union, the International Monetary Fund and the United States Government. The credits will help France's Government to restore its economic situation and carry out external commitments.**

Financial experts in Paris said yesterday that the grants would ensure the continuity of French industrial production for at least 18 months. By making sure of these dollar resources France had eliminated the danger that her austerity programme would reduce vital exports and thus cause serious unemployment.

The credits consist of \$10,000,000 from the European Payments Union, \$10,000,000 from the International Monetary Fund and \$5,000,000 from the United States.

There has been a strong movement to leave the franc during the past two months.

**Let's power: 20-year estimate correct**

The British Government has announced that the highest priority to develop nuclear power is to develop the hydrogen bomb for industrial purposes.

**Plane firms join forces**

The British aircraft firms of De Havilland, Hunting and Plessey have arranged to form a joint company to develop the DH113 short range transport aircraft.

**Airliner Plan**

The British aircraft firm of De Havilland, Hunting and Plessey have arranged to form a joint company to develop the DH113 short range transport aircraft.

**French kill 140 rebels in clash**

French troops have killed 140 rebels in a clash in the mountains of the Grand Kattin.

**Tests to develop 'clean' atom bomb**

# Another railway crash in fog

## TEN DIE: 80 HURT

Ten people were killed and more than 80 injured in a train crash near Dagenham, Essex, on Thursday evening.

The accident followed almost exactly the pattern of one once again a train ploughed into the rear of a stationary train in thick fog.

The crash took place when a train from Dagenham, Essex, ran into the rear of another which had left the same station for Southend 15 minutes earlier.

The locomotive pulling the passenger train struck the rear of the train and its front wheels fell right inside the rear coach. Most of the more serious casualties were confined to that coach.

The locomotive pulling the passenger train struck the rear of the train and its front wheels fell right inside the rear coach. Most of the more serious casualties were confined to that coach.

**At the first sign of a cold or sore throat  
LISTERINE...Quick!**

Listerine Antiseptic does what other nasal "cold remedies" can't do. It kills germs by the million—kills them! When you feel a cold coming on use Listerine Antiseptic in the nose, throat, and all the places that germs make you feel all ill. Normal "cold remedies" are not antiseptic, so they cannot kill germs.  
If you want to prevent colds, sneezing, coughing, use this. Treat your nose with Listerine Antiseptic for several whole years. It will prevent your people who breathe on their mouth and throat with Listerine twice a day but fewer colds and sore throats than those who did not do this.  
Remember—no other medicine will do a cold-sneezing cure as fast as Listerine Antiseptic.

LISTERINE, THE PLEASANT PERSONAL ANTISEPTIC

IN THE FAMILY'**

**Moby Dick mastered**

The penultimate day of the Jockey Club of Kenya's 1957-58 season produced racing which merited a large attendance and good weather. With on the whole good fields, tip-top going and perfect weather the day also had an answer to one big question. This concerned the relative merits of the two horses who have been the favorites since the start of the season.

Meeting for the last time on Saturday, the horses who had a four to five length victory The Delanyer, Moby Dick, and Moby Dick, who had a very close win over the Prince of Wales, and the big long-legged Moby Dick, who had a very close win over the Prince of Wales, were the main attractions.

**Kenya prepares for the Empire Games**  
A RECORD entry of over 1,400 competitors, from 25 nations, is already entered for the sixth British Empire and Commonwealth Games at Cardiff in July next. The total provisional entry is about 1,450 competitors and officials. Entered to date are 292 athletes and 100 officials, most come: Scotland 148, Canada 157, Australia 127, Wales 120 and N. Ireland 100.

Kenya's entry will be a considerable one. The Union of South Africa is expected to have 100 athletes and Rhodesia sending 21. Kenya proposes to send a party of 18 and Uganda 15. Twenty-five "made" eight provincial swimmers. Other African countries who have entered are Nigeria (60), Ghana (15) and Sierra Leone with seven athletes.

The Kenya "squad" is already in training and the party will consist of ten men, players and to nine or ten athletes. 'Have begun training' Kenya's team of 18 will be composed of 10 boys players, of whom seven are first-class, and a maximum of nine or ten "made" athletes. The athletes may be reduced to 14 for five in the event of failure to reach the requisite minimum standard of performance, or the necessary

being the favorite, Moby Dick, the last race of the afternoon. Results of Saturday's seven races were:—

# EIGHT GOALS FOR PRESTON

## Charlton top Div. II

PRESTON, NORTH ENGLAND, battling hard in an attempt to overturn Waterburyhampton Wanderers at the head of the championship table, managed to eight goals on Saturday against Birmingham City, at Deepdale, Tommy Gunners, Taylor, outstandingly.

Preston, in their fourth year of the modern era, had a record of 27 wins, 11 draws and 16 losses. In their last 10 games, they were completely unbeaten.

### Murthaiga 'C' win the fourtimes

At the 14th annual meeting of the Murthaiga 'C' Club, held on Saturday night, the club was re-elected to office for the next year. The club has a membership of 100 members and is one of the largest in the district.

Annual team which scored most of the top goals, were the Midland side in the first round of the League Cup. They scored 10 goals in their first round game.

Wanderers' manager, Mr. J. G. Dixon, said that his side had a good chance of winning the title this season.

## I like

BOTTLES

Remember the fantastic ounce bottles that used to stand in chemist's windows when I was a kid. Believed the coloured water in them some fabulous chemical. When I was a bit older used to put messages in empty bottles and launch in sea. Gave first girl friend a cut-glass perfume bottle. Forget her name now. Expect she's a grandmother. Not a youth myself. But still like bottles. Demijohns in wicker cases. Carboys. Name amuses me and the green glass looks fabulous deep. Best of all though is a tall bottle on a silver tray . . . the tall triangular bottle filled with the finest Scotch.

You'll like GRANT'S SCOTCH WHISKY

now in the tall triangular bottle

### PARLIAMENTARY DOCTRINE

... have recently published articles of a character which are the subject of the House of Commons. Unfortunately the author of some of it is a member of the Government.

... that the Cabinet is just one among several departments of the Government. The Chamberlain of the House of Commons has said that the Government will not establish a White Paper on the subject of the National Health Service.

... the recent criticism which has been made of the Government. The Chamberlain of the House of Commons has said that the Government will not establish a White Paper on the subject of the National Health Service.

... the Chamberlain of the House of Commons has said that the Government will not establish a White Paper on the subject of the National Health Service.

By Mrs. H. P. GALE  
 (The correspondence is closed—Ed.)

each nation the attributes of the other. It is a mistake to suppose that the British Empire is a mere collection of islands, colonies, and territories scattered all over the world. It is a single entity, a single organism, a single body, a single soul. It is a single entity, a single organism, a single body, a single soul. It is a single entity, a single organism, a single body, a single soul.

... the Chamberlain of the House of Commons has said that the Government will not establish a White Paper on the subject of the National Health Service.

**Pappy Day Appeal**  
 ( ) Instead of the British Legion (Mrs. J. Howell) in Kenya for their Pappy Day Appeal on Nov. 20, 1956, announced by the Press. The gross receipts as at Jan. 31, 1956, amounted to £2,625 compared with £2,487 in 1955 and £2,125 in 1954, which are the highest amounts received in any year.

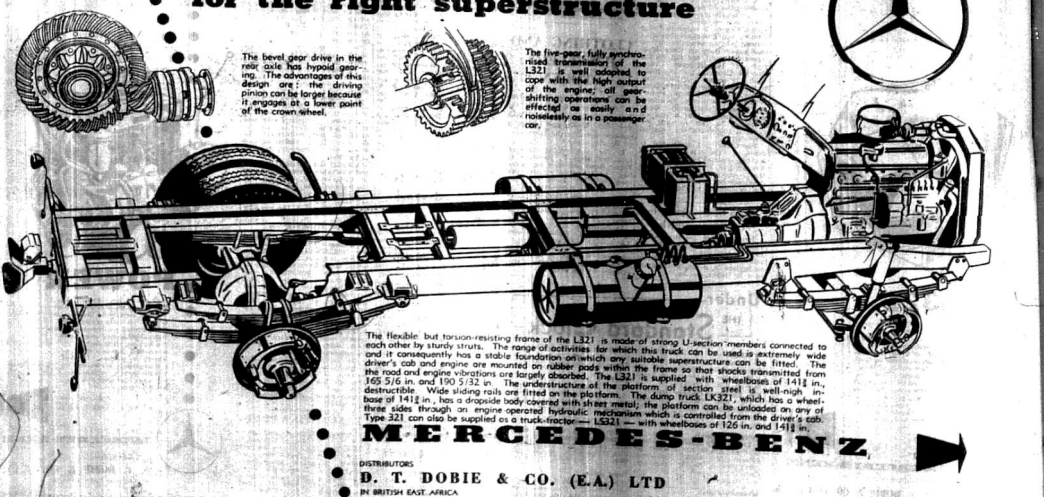

**FOREIGN CAPITAL FOR COLONIES WELCOME**

**REAFFIRMATION OF THE British Government's policy of welcoming foreign capital to help in industrial development was made in the House of Commons. Mr. Herbert Morrison had asked the Colonial Secretary if it was agreed that the money provided to assist dependent territories in the Empire, and possibly to independent realms in the Commonwealth, to develop their potentialities, is a sufficient amount.**

Mr. Hughes said that because of the small territories and realms were being driven to seek that this was in fact an error, and that the Government should be prepared to consider the possibility of providing more money to assist them.

He did not accept the view of the Colonial Secretary that the amount of money available to assist them was not adequate since the territories there were few countries to be assisted.

## A stable foundation for the right superstructure

The bevel gear drive in the rear axle has hypoid gearing. The advantages of this design are: a) better driving pinion can be forged because it engages at a lower point of the crown wheel.

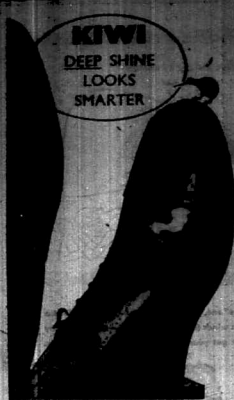

The five-gear, fully synchronized gearbox in the L321 is well adapted to cope with the high torque of the engine; oil gear-shifting operations can be effected so easily and so reliably as in a passenger car.

The flexible but torsion-resisting frame of the L321 is made of strong U-section members connected to each other by sturdy struts. The range of activities for which this truck can be used is extremely wide and it consequently has a stable foundation on which any suitable superstructure can be fitted. The front and engine vibrations are largely absorbed by the frame so that shocks transmitted to the road and engine vibrations are largely absorbed. The L321 is supplied with wheelbases of 141½ in. and 190 5/16 in.

The understructure of the chassis is made of sections of heavy-duty mild-steel channel which are fitted on the platform. The dump truck L3231, which has a wheelbase of 141½ in., has a drop-side body covered with silver metal which can be raised through an engine-operated hydraulic mechanism which is controlled from the driver's seat. The L321 has wheelbases of 126 in. and 141½ in.

## Kenya's share in imports reduced

Kenya's share in the total imports of 1949 was valued at £27,500,000 compared with £29,000,000 in the corresponding period of the previous year.

Trade in East Africa, Mr. C. M. Dwyer, stated today, had been a failure in its imports and exports of goods and services. Other countries had been able to sell more than 10 per cent to Kenya.

On the other hand, imports of goods from Kenya had increased from 1948 to 1949. Mr. Dwyer considered that the main reason for this was that exports were expected, in view of the fact that the value of Kenya's exports in 1949 was £12,000,000, compared with £10,000,000 in 1948.

U.S. exports drop

U.S. exports to Kenya in the first nine months of 1949 were valued at £12,000,000, compared with £13,000,000 in the corresponding period of the previous year. This was a decrease of 8 per cent.

U.S. exports to Kenya in the first nine months of 1949 were valued at £12,000,000, compared with £13,000,000 in the corresponding period of the previous year. This was a decrease of 8 per cent.

## 1957 REGISTRATIONS

### 'quite unjustified'

Continued increase in company and individual investors in Kenya proved that the Colony's future. This was stated yesterday by Registrar-General, Mr. D. J. Coward.

He commented: "There is a feeling in the market that there is a recession in Kenya. Figures for 1957 indicate that this feeling is unjustified."

### More banks opened

Mr. Coward said that in 1956 there were slightly more than 17,000 registered limited companies and unincorporated firms. This figure decreased by nearly 500 in 1957.

### £1,000,000 ISSUE OF STOCK

A £1,000,000 issue of stock by the Kenya Government has all been placed, and none is available for private subscription, according to an official announcement yesterday.

### M.P. dies after car crash

Mr. Wilfred Pemberton, a Member of Parliament, died yesterday after a car crash in London. He was on his way to the local hospital after a collision with a lorry.

### FAMILY GATHERING

Representatives from the United Kingdom, India, and other Commonwealth countries met in London yesterday for a family gathering.

### FUCHS FINDS PEAKS 2,000 FT. UNDER ICE

#### Crevasse to be encountered

Dr. Fuchs and his party paused yesterday for a weekly maintenance before pushing on the last 150 miles to Depot 200. They found a crevasse beneath 1,500 to 2,000 feet of ice on either side of the route.

### Heart expert flies to Aden

#### PEER SERIOUSLY ILL

Lord Rotherwick, the physician-in-charge of the Royal Free Hospital, is on his way to East Africa and Madagascar to attend to the illness of the peer.

### The weather

An area which will be heavily overcast with rain and squalls will extend over both Africa and Europe from the 20th to the 24th.

### Disappointment was felt in Washington at the contents of Marshall Sullivan's latest letter to President Eisenhower.

The White House described the letter as a repetition of previous statements and as representing a negative attitude towards the President's administration for steps to be taken to correct conditions.

### Further facilitation of the export trade was the necessary factor if it could be necessary to help the necessary world and to advance the cause of peace and justice in the world.

### Particular disappointment was felt in Washington at the contents of Marshall Sullivan's latest letter to President Eisenhower.

### Political support for partition

#### LEADER'S CLAIM

Dr. FADIL KUTUBUK, leader of the Turkish-Cypriot movement, claimed yesterday that he would lead 1,000 Turks to the island of Cyprus.

### Why did some Kenya pigs baffle scientists

Why did some Kenya pigs grow fat on meals of maize and molasses? Scientists in London were puzzled yesterday to be baffled by the results of an experiment.

### New Alderman

Mr. J. H. ... was elected as a new Alderman for the ... ward.

### Strike in Dublin

Troops were called in to operate today after another day of strikes in Dublin when municipal workers went on strike.

### EMERALDS MARKETED IN S. RHODESIA

#### Stones found on the ground

The first Government announcement of the emerald trade in Rhodesia, issued yesterday, said sufficient stocks of gem quality had been found on the ground to meet the requirements of the emerald market.

## PROGRESS

**PROGRESS**, the Central Government has been the same with disapproving regard of current conditions and the progress of the country.

At the same time, the present Government is still in the same position as before.

The underlying reason for the present situation is the political and economic conditions which will not be changed in the near future. It is only a question of time when the present Government will be replaced by a more responsible Government.

A representative for the United States has been visiting the Government and has been making a study of the present situation. He has been very impressed by the progress of the country and has been very sympathetic towards the present Government.

It is a matter of fact that the present Government is still in the same position as before. It is only a question of time when the present Government will be replaced by a more responsible Government.

It is a matter of fact that the present Government is still in the same position as before. It is only a question of time when the present Government will be replaced by a more responsible Government.

It is a matter of fact that the present Government is still in the same position as before. It is only a question of time when the present Government will be replaced by a more responsible Government.

It is a matter of fact that the present Government is still in the same position as before. It is only a question of time when the present Government will be replaced by a more responsible Government.

It is a matter of fact that the present Government is still in the same position as before. It is only a question of time when the present Government will be replaced by a more responsible Government.

## You can't kill flies with a cleaver!

A butcher's shop wouldn't be a butcher's shop without a cleaver. **Lorexane** is just as essential. For **Lorexane** Aerosol Insect Spray is the infallible way to fly your shop of flies. Flies are not only annoying, they are a menace to health, and create the worst possible impression.

are doomed—because the spray contains gamma benzene hexachloride, a most powerful and persistent insecticide discovered by I.G.I. Its effects are lasting; it destroys all flying insects without harm to humans. Spraying with **Lorexane** is simple, economical and effective.

A few short bursts from the **Lorexane** Aerosol Spray (simply press the button) and all the flies, wasps and mosquitoes in your shop

are doomed—because the spray contains gamma benzene hexachloride, a most powerful and persistent insecticide discovered by I.G.I. Its effects are lasting; it destroys all flying insects without harm to humans. Spraying with **Lorexane** is simple, economical and effective.

Future of Kenya timber trade

RECENTLY a sized mind, having read the Kenya Government White Paper No. 85 of 1957... The timber industry has been a major contributor to the country's revenue...

Profits are meagre for all but the very small beginning... Many of these specialists are very difficult to come by... The Government is now making a study of the timber industry...

It is becoming increasingly obvious that the timber industry in Kenya has to be re-organised... The Government is now making a study of the timber industry... The timber industry has been a major contributor to the country's revenue...

There is a need to re-organise the timber industry... The Government is now making a study of the timber industry... The timber industry has been a major contributor to the country's revenue...

**READING BOOK BRINGING UP BABY**

By EDNA DAVIES

**T**HE first and most important thing to learn when preparing to have a baby is the art of gracefully accepting advice which you have in the estimation of following. This is a cardinal rule, and one that no one can afford to neglect. It is the only way to get the best of a bad situation. It is the only way to get the best of a bad situation. It is the only way to get the best of a bad situation.

**FIRST CHILD**

The doctor looked grimly at me and said "I am sorry, but I am afraid you are not fit to have a baby." I was so shocked that I did not know what to say. I was so shocked that I did not know what to say. I was so shocked that I did not know what to say.

**TRUST ALWAYS**  
My favorite book on the subject of babies, but I do not know how to get it. I do not know how to get it. I do not know how to get it.

# POWERFUL HARVEL Heat of sun's core can be surpassed 15,000,000 DEGREES

**PARISH** scientists are making rapid progress in their experiments to harness the hydrogen bomb for peaceful purposes and produce a clean and unlimited supply of energy by thermo-nuclear reaction.

Dr. Peter Thonemann, the Australian-born scientist who is playing a leading part in the experiments, said in a B.C.C. interview that three nuclear assemblies — in the path of Britain's artificial sun — Zeta (Zero Energy Thermo-nuclear Assembly) — to prevent temperatures of 15,000,000 degrees centigrade from being reached at Harwell.

## Almost 100 per cent

This will be a starting advance on the highest temperature yet achieved, which was stated only a fortnight ago to be 5,000,000 degrees. The temperature at the core of the sun is 15,000,000 degrees.

It is calculated that before Zeta can be put to commercial use a temperature of 40,000,000 degrees, in a mixture of deuterium (heavy hydrogen) and tritium will have to be reached.

Dr. Thonemann made it clear that the team of scientists at the Atomic Energy Research Establishment conducted preliminary experiments to raise the temperature to 15,000,000 degrees, but added: "We are now in a position to proceed with this temperature."

### Use Breaks News and hot in ten years

Dr. Thonemann said he thought that Zeta would become a source of power for the first time in less than ten years and that this would be the start of the new industrial revolution. He said that it was almost 100 per cent certain that the hydrogen bomb would be used as a source of power for the first time in less than ten years.

### U.S. BLAMED FOR DELAY

In the House of Commons the British Government was today being accused of delay in releasing the results of the hydrogen bomb experiments as a result of a Conservative M.P. John Poynter, who said that the British Government was "being held up" by the U.S. Government.

Mr. Butler said he was aware of the criticisms in the House and said that the British Government was "being held up" by the U.S. Government.

## Government asked for \$69,000,000

Government departments yesterday asked Parliament to vote \$69,000,000 towards the cost of the new United States atomic energy programme.

Mr. Butler said that the Government was "being held up" by the U.S. Government.

### Crown Prince Mohammed al Bin

Mr. Butler said that the Government was "being held up" by the U.S. Government.

## ZETA Nairobi artists work on it

The Zeta artists are working on the design for the Harwell experiments. The design features a central 'ZETA' logo surrounded by various symbols and patterns.

## Wages rise for P.O. engineers £3,500,000 A YEAR

An arbitration tribunal has awarded a wage rise of 7.5 per cent for P.O. engineers working in the U.K. It was the first big pay award by the Civil Service arbitration tribunal since the Government's "tough" policy was announced in October.

## New gain by sterling

The pound sterling has risen to a new high against the U.S. dollar, with the exchange rate at a record level of 12s 4d.

## Kenya adopts new rugby rules

Kenya has adopted new rugby rules, announced by the International Board, with effect from the start of the season. This was stated yesterday by the president of the Rugby Union of East Africa.

## Dry humour foils Yellow Fred

The Yellow Fred prankster was foiled by his own dry humour when he attempted to pull a trick on a group of young people.

## Mr. Havelock to speak at Limuru

Mr. Havelock will speak at a public meeting in Limuru on the subject of the current political situation in Kenya.

## INSISTENCE ON PARTITION

Dr. Poynter has insisted on partition of Cyprus, a move that has caused considerable concern in the British Government.

## Swiss to buy 100 engines

The Swiss Government has ordered the purchase of 100 engines for use in its military equipment.

## LOGGERS DISPLAY SKILL Queen Mother sees contest

The Queen Mother saw a contest of skill and speed in the logging industry in New Zealand and Australia. She was accompanied by the Queen and several other members of the royal family.

## Starship's gift to the Antarctic

A starship has been gifted to the Antarctic by the British Government as a token of appreciation for the services of the British Antarctic Survey.

## Neuru favours summit talks

Neuru has expressed his support for summit talks between the United States and the Soviet Union.

## POLAR MEN USE 'SLEEP MACHINE'

Polar explorers are using a "sleep machine" to help them cope with the harsh conditions of the Arctic and Antarctic regions.

## Election exchange

There has been an exchange of letters between the Government and the Opposition regarding the upcoming general election.

## Kenya Adopts New Rugby Rules

Kenya has adopted new rugby rules, announced by the International Board, with effect from the start of the season.

## Heavy cost of Nasser strike

The Egyptian strike has caused a heavy financial loss to the British Government, according to official estimates.

## The weather

The weather is expected to be clear and bright today, with a high temperature of 75 degrees Fahrenheit.

# MORE THAN £3,000,000 AID FOR KENYA

## TIGHT CASH POLICY

### Talks in London long and difficult

From Our Special Correspondent  
KENYA is expected to receive less than £3,000,000 aid from Britain for next year. This was the amount provided by the United Kingdom - half a grant and half as an interest-free loan - for the financial year which ends in June.

The Minister for Finance, Mr. Vassey, yesterday to London about three weeks ago, said yesterday his negotiations had been made "long and difficult" by Britain's tight money policy. His talks, however, had been conducted in a friendly atmosphere.

### Colony's need urgent

The discussions with the Colonial Secretary, Mr. Lennox-Boyd, Treasury officials and leading workers with the financial position in Kenya and its need for money for next year and expenditures arising out of emergency measures.

### Manchester Soccer men in plane crash

# FUCHS'S PARTY IN TROUBLE

## Two vehicles plunge into deep crevasses

**D.R. VIVIAN FUCHS** was reported here today to be in serious trouble, although he has not been rescued yet. His two motor vehicles are stuck in a deep crevasse on the South Pole route.

Two Snowcats in the party were reported to have plunged into deep crevasses, and although both were recovered, the snowcat of the new South Pole party was damaged. At the Sir Edmund Hillary on his visit to the Pole late last year was trying to find his way back.

The crew of the Snowcat was afraid in the vehicle which was stuck in the crevasse and had to be rescued.

Sir Edmund Hillary, a scientific expedition with Dr. Arthur Hakin, secretary of the Royal Geographical Society, and a sailing vessel from Dr. Fuchs and the crew of the Snowcat.

Dr. Fuchs had been expected to return from his expedition on the 23rd inst., but his party was not seen until last night.

The two vehicles had been expected to return from their expedition on the 23rd inst., but his party was not seen until last night.

# COLONIAL FUNDS INCREASE

## Corporation title not to be changed

A BILL to raise the Colonial Development Corporation's borrowing limit to £1,000,000 was passed by the House of Commons on Wednesday night.

At the same time it is expected the Corporation will be asked to borrow £1,000,000 to finance its operations.

# TOURISTS' SOUND START IN 4th TEST

## Slow handclap from Johannesburg crowd

Australia made a sound if slow start on the first day of the fourth Test against South Africa yesterday when play began in hot, cloudy weather but the crowd which looked on with interest could give pacemakers some little handclapping from the spectators greeted the new title defence of McDermott and Barker before lunch.

Australia, who are one up in the series, included the new batsmen, Ian MacLennan and Arthur Elton, who were in the line-up. The latter was Australia's only change from the last Test.

MacLennan injured a shoulder during the third Test, but did not play. Bowling speed during the first morning of the fourth Test was the same as in the last Test.

South Africa also made only one change. They sent out Woodcock to give C. Burger, whose batsman place in the first Test.

**Man for occasion**  
The first bowling change after lunch was interesting. Godfrey, who was in the line-up, was replaced by the new batsman, Ian MacLennan, who was in the line-up. The latter was Australia's only change from the last Test.

MacLennan injured a shoulder during the third Test, but did not play. Bowling speed during the first morning of the fourth Test was the same as in the last Test.

South Africa also made only one change. They sent out Woodcock to give C. Burger, whose batsman place in the first Test.

**Third correct call**  
In Test, Australia's captain, who was in the line-up, was replaced by the new batsman, Ian MacLennan, who was in the line-up. The latter was Australia's only change from the last Test.

### Maiden century at Eldoret

"Standard" Correspondent.  
Eldoret Sports Club defeated Turko of Eldoret in a return fixture by 50 runs, and so won the title, having been defeated in the first Test.

Walter's score was mainly due to a maiden century by C. P. S. M. who was in at No. 4, scored 122 not out, which included 10 boundaries. Turko's ground fielding and trapping in its own end gave away many runs while Eldoret's batting between the wickets was very good standard.

Scores were—Eldoret, 248 for 100 (Walter 122 not out, Davidson 73, Botha 74/6), Turko 195 (Dennis 74, Dennis 72, Botha 73, Armstrong 26, Allison 6/23, Reid 2/2).

# Challenge round of McMillan

THE challenge round of the 1957 McMillan Cup tennis tournament was postponed on account of weather and once again postponed to a date to be decided today and tomorrow.

The round, which was to have been played on the Centre Court of the Randwick Club and was to have been played on the Centre Court of the Randwick Club and was to have been played on the Centre Court of the Randwick Club.

### TEST MAY COST SPRINGBOK £40

THE House of Representatives has approved the South African cricket team's application for a grant of £40,000 for the tour of Australia.

The grant is to be used for the purchase of cricket equipment and for the payment of expenses of the tour.

### Tie resolved on last six holes
