

Nairobi Stock Exchange unaffected

There was no variation of business in the Nairobi stock market today and the market closed with a slight advance.

There was no variation of business in the Nairobi stock market today and the market closed with a slight advance.

There was no variation of business in the Nairobi stock market today and the market closed with a slight advance.

There was no variation of business in the Nairobi stock market today and the market closed with a slight advance.

IN THE CITY BUSINESS STILL AT LOW EBB

INVENTIVE was still lacking and business in the London stock market continued lethargic yesterday. Prices, nevertheless, were low and small.

Ministry was extremely quiet and slightly better. Dollar stocks were also quiet.

Take ONE

Viva

Yes, Take One Viva, get behind the wheel—then go. Best performance in its class, rugged, roomy, reliable, 0-50 m.p.h. in 13.3 seconds—better than some 1500 cc. cars!—then stop—from 30 m.p.h. in neutral with pedal load of 50 lb. Acceleration in 43 g.—rate performance and handling—try it—own one to yourself to check on specifications and performance before you buy any other car. At around 10 m.p.h. you really appreciate the Viva's gliding ride with built-in resistance to roll, best handling in the 1 litre class, certainly better than some 1500 cc. cars, more room too! Meticulous rust-proofing, complete underbody seal and magic mirror lacquer finish. 30,000 miles between greasing strokes.

For moderns with money and a critical mind—the 1 litre car that's different—by Vauxhall.

Communications loan for Ethiopia

The bank said proceeds of the £1,700,000 loan will be used to assist the Imperial Bank of Ethiopia in the development of its telecommunications system.

World Bank approves of foreign-exchange costs of a programme to provide services

DIRECTOR TO VISIT KENYA

The Hon. Mr. J. J. Morrison, the Hon. Director of Agriculture, is to visit Kenya next week to inspect the progress of the irrigation scheme in the Lower Tana Basin.

The Hon. Mr. Morrison will be accompanied by Mr. G. P. Taylor, the Hon. Secretary of the Kenya Irrigation Board, and Mr. C. P. Taylor, the Hon. Secretary of the Kenya Irrigation Board.

Survey undertaken for Ministry of Agriculture

A Government spokesman has corrected inaccuracies in a report which appeared in Press statements referring to the development of the Lower Tana Basin.

The spokesman said that the Ministry of Agriculture had undertaken a survey of the Lower Tana Basin to determine the scope of irrigation works which could be undertaken in the area.

Take TWO

Yes, Take Two Viva from which you know they will stay aligned even after thousands of tough miles. Body, too, can take it in the modern pattern. Vauxhalls have been building indolent bodies since 1927. 25 years of know-how makes for strength, safety and long life. Two-spoke dibled 16" steering wheel—safety—operating precise, lightest and smoothest rack and pinion steering. You'll get in a Viva—two spools better than most cars in its class from 6-40 m.p.h.—taking only 20 seconds. Remember—check on specifications and performance before you buy any other car.

For moderns with money and a critical mind—the 1 litre car that's different—by Vauxhall.

Fight ASTHMA COUGH

WATERBURY'S ASTHMA COUGH REMEDY is a powerful, effective, safe and reliable remedy for all types of Asthma, Cough, Whooping Cough, Hay Fever, Cold, and Sinusitis. It is a natural, non-toxic, and non-addictive remedy.

When the business class took home that the company had won the 2-0 decision, the Jones West Airlines, and other members of the West-Canada group knew their support of the 1-1-1 plan was not in vain. They had won the battle over the business class, after he had given his plan of blood.

New look for Kilmartin deep-water berths

The new three berths and crew accommodations for the Canadian Pacific Line's new 4,000-ton deep-water berths on the West African coast.

At the end of the 1950s, the Canadian Pacific Line's new deep-water berths were being built in the West African coast. The new berths were designed to accommodate the new 4,000-ton ships.

YOUR SPOTS are a few days

When you have spots, you know you're not alone. You're just a few days away from a clean, clear complexion.

VALDERMOL clears skin troubles fast! It's the most powerful skin medicine yet developed. It's the only one that works so fast. It's the only one that's so gentle.

Valdermol is a mild, natural skin medicine that works on the skin and helps clear up spots, pimples, and other skin troubles.

At the end of the 1950s, the Canadian Pacific Line's new deep-water berths were being built in the West African coast. The new berths were designed to accommodate the new 4,000-ton ships.

Take FOUR viva

Yes, Take Four Viva service a year—that's all—once every 3,000 miles—fewer service bills—less time off the road—grazing confined to four nipples only—and then at 30,000-mile intervals. Check this modern built-in performance factor before you buy—be with it—**not without it!** Check on specifications and performance before you buy any other car and remember the Viva is a fully proved and tested car in East Africa. Factory Engineers "elated" in our beautiful country, and another important "check" for you to make—The Motor Mart Group has fourteen Service Centres in East Africa—primarily for "Lunch" but it's nice to know this for that occasional safety.

For moderns with money and a critical mind—the 1 litre car that's different—by **Vauxhall**.

AGE-OLD CRAFT IN SARI'S SPLENDOUR

SILK has newly variations in colour, design and texture, dependent on the method in which it is produced, as the distinctive characteristics of each variety. From which it is woven, there are now many types of Indian silk — from the finest, to which the Western influence can be discerned, to the heavy and unadorned.

The present variety of Indian silks, however, is a result of the influence of the West, which has led to the development of the sari, which is now a blend of the traditional Indian and the Western influence.

PUNJABI MIDDIE traces the history of India.

New influences

With the Indian influence in architecture and painting, the sari has also been influenced by the West. The sari is now a blend of the traditional Indian and the Western influence.

The sari is now a blend of the traditional Indian and the Western influence. It is a result of the influence of the West, which has led to the development of the sari, which is now a blend of the traditional Indian and the Western influence.

...the sari is now a blend of the traditional Indian and the Western influence. It is a result of the influence of the West, which has led to the development of the sari, which is now a blend of the traditional Indian and the Western influence.

...the sari is now a blend of the traditional Indian and the Western influence. It is a result of the influence of the West, which has led to the development of the sari, which is now a blend of the traditional Indian and the Western influence.

Symbolism and surrounded the choice of design

...the sari is now a blend of the traditional Indian and the Western influence. It is a result of the influence of the West, which has led to the development of the sari, which is now a blend of the traditional Indian and the Western influence.

...the sari is now a blend of the traditional Indian and the Western influence. It is a result of the influence of the West, which has led to the development of the sari, which is now a blend of the traditional Indian and the Western influence.

The men who opened up a country

By MICHAEL ROSE

THE IRON SNAKE by Ronald Hardy
The Observer, 29-1

NOWADAYS KENYA tends to take the railway from the Coast to the Lake as granted. People who go to Mombasa take the night train and sleep for much of the journey. Drivers from Nairobi stop down the road next to the track and, oblivious of the history, close on a train in five hours. They are not surprised by a train which takes about 15 hours.

The Iron Snake when a railway was a mere line of telegraph poles. In the 1850s the railway was a mere line of telegraph poles. In the 1850s the railway was a mere line of telegraph poles. In the 1850s the railway was a mere line of telegraph poles.

The cost of building that railway was more in terms of human suffering than in terms of money. It was a struggle with the elements, with the world, with a few of the natives.

More than 20,000 people were employed to build the railway. More than 2,000 died in the process. More than 2,000 died in the process.

More than 2,000 died in the process. More than 2,000 died in the process. More than 2,000 died in the process.

More than 2,000 died in the process. More than 2,000 died in the process. More than 2,000 died in the process.

More than 2,000 died in the process. More than 2,000 died in the process. More than 2,000 died in the process.

The Iron Snake was built by a group of men who were determined to open up a country. They were determined to open up a country.

They were determined to open up a country. They were determined to open up a country.

They were determined to open up a country. They were determined to open up a country.

They were determined to open up a country. They were determined to open up a country.

They were determined to open up a country. They were determined to open up a country.

They were determined to open up a country. They were determined to open up a country.

Rebuilding after a civil war

THE ERA OF RECONSTRUCTION
By Kenneth H. Stempel
Pace and Spectator, 25-3

DEALING with the vital period between 1860 and 1877, which followed the Civil War in America, Mr. Stempel describes in scholarly fashion the aftermath of that tragic catastrophe, which did so much to shatter the unity of the States which had existed less than a century earlier.

THE GREAT POINTS OF THE SWAZI CHIEFS translated and edited by J. Schepers
D.O.P., 47-3

THIS volume, part of the Oxford Library of African Literature, presents a selection of certain Swazi legends and folk tales, which have been translated into English by J. Schepers.

How would you feel after day-after-day of this?

Indeed! That's if you owned a PEUGEOT, of course. Today's PEUGEOT 404, with its high cruising speed, is one of the most relaxing cars in the world to drive. Even over bad surfaces. Even over bumps galore. Even on the longest safaris. In all weather. And that, PEUGEOT 404 is a superb road holder, enjoys a low noise level, excellent all-round road feel, fast-throw average lighting. It's cheap to run and gives thousands of miles of trouble-free motoring. What a steady way so many drivers (there are nearly 5,000 in East Africa alone) choose to have one.

Call our any branch of **Marshall's** THE PEUGEOT PEOPLE and glance over the PEUGEOT 404 range for yourself!

THIS IS PEUGEOT 404 COUNTRY

YOU CAN CALL ON ARMY OF 500,000

Portugal's Ministry of Armaments recently has issued a breakdown of the military strength of the armed forces in Africa.

According to the statistics, the Organisation for African Unity can call on 562,500 Regular troops, 215 combat aircraft and 102 tanks.

The following countries are included:
Algeria — 230 Regular soldiers, the Regular strength, 1,800 police, the Army consists of two Regular infantry battalions, two reserve battalions and an armoured brigade.
Angola — 2,000 Regular soldiers, the Regular strength, 1,800 police, the Army consists of one Regular infantry battalion and one reserve battalion and an armoured brigade.
Botswana — 1,500 Regular soldiers, the Regular strength, 1,800 police, the Army consists of one Regular infantry battalion and one reserve battalion and an armoured brigade.

Cameroon has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Cote d'Ivoire has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Cote d'Ivoire has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Guinea has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Guinea has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Kenya has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Kenya has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Madagascar has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Madagascar has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Mali has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Mali has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Mozambique has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Mozambique has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Nigeria has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Nigeria has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Senegal has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Senegal has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Sierra Leone has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Sierra Leone has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

South Africa has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
South Africa has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Tanzania has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Tanzania has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Togo has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Togo has a 1,500-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Tunisia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.
Tunisia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Rhodesia has Hawker Hunter squadron

The Institute also listed the military forces available to Rhodesia, South Africa and those kept by the Portuguese in Mozambique. While South Africa could muster an Army of 19,000, including conscripts, Portugal keeps 30,000 in her rebellious colony.

The breakdown shows that Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

Rhodesia has a 2,800-strong army and three armoured brigades. The Democratic Republic of Congo has a 1,500-strong army.

MY HEADS US CONGRUENT PRESIDENT

Bloodless coup by Gen. Mobutu

THE Congolese Republic's Army commander, Gen. Mobutu, yesterday overthrew President Kasavubu in a bloodless coup in Leopoldville and said he intended ruling for five years. He announced the coup in a dawn proclamation over the radio and said later the Presidential election scheduled for next year would not be held.

FOR THE TOP IS FINISHED

President of the Congo for the next five years. The Constitution would be modified to allow for the presidential election scheduled for next year would not be held, and Col. Mobutu, then Minister of Defense, would begin domination today with political leaders to form a new Government.

Frustrations fade for Russian tourists

VISA frustrations experienced at Mombasa by the first large party of Russian tourists to Kenya were partly forgotten when their train arrived in Nairobi yesterday morning.

They were talking excitedly of wild animals they had seen from the carriage windows, and regretting that today they must fly back to Moscow, where it is 20 degrees below freezing.

But an interpreter travelling with the tourists regretted that because of unsatisfactory visa arrangements by the Kenya Embassy in Moscow, Mombasa had been the only port of call on the 26-day cruise where difficulties were met.

As trains were hurriedly filled by the few people on the trip able to write English, tourists eager to go ashore were detained on board the Moscow ship for up to three hours. They found the delay particularly annoying as their holiday was rapidly drawing to a close and each hour of their short stay in Kenya — the last country of call — was precious.

The organisers on the Nairobi side, the Travel Bureau Ltd., hoped a similar problem would not recur today when a further 300 Russian visitors arrive by air in Nairobi.

The two parties will do a wrap. The group of 288 from Mombasa will return on the local planes flying in the new route, who later will embark for Mombasa to join the waiting ship.

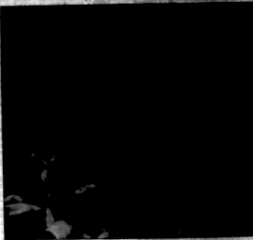

The managing director of the Travel Bureau, Mrs. Nicoletta Tazzi, who hoped the Russian tourists would be the forerunners of many more, said the 300 arriving today would embark at Mombasa for a month's voyage home.

Mrs. Tazzi's daughter and a director in the firm, Marie, who speaks seven languages, made good use of her Russian after she met the party at Mombasa.

An English-speaking member of the party — which includes many professional people such as doctors, teachers, scientific workers and intellectuals — said the cost of the holiday was about £250 each. She felt sure that more Russian tourists would travel on such holidays.

Asked about her impressions of Kenya, she said: "Your climate is lovely, and you have a beautiful country."

They had stopped in Turkey, Greece, the Lebanon, Egypt, Yemen, Tanzania and Zanzibar. The visitors are staying at five Nairobi hotels and will tour Nairobi National Park.

Comes and see again (top), at the British boarding time back at the station for a tour of the city. Above: Mrs. Marie Tazzi (left), the mother-tongue daughter of the managing director of the firm from the north, helped daughter's visit, makes good use of her Russian to help out a problem.

The U.K. Council for Educational Research has announced that it will be holding a series of meetings in London to discuss the possibility of a joint venture between the U.K. Council and the Ministry of Education of the U.S.S.R. to set up a centre for the study of English in the U.S.S.R. The meetings will be held in London from 1967 to 1969. The U.K. Council is a British body which has been set up to co-ordinate the work of the various British educational bodies in the U.S.S.R. The Ministry of Education of the U.S.S.R. is the central body for the Ministry of Education of the U.S.S.R. The U.K. Council is a non-profit-making body and is financed by the Government of the U.K. The U.K. Council is a member of the International Association of Universities and is also a member of the International Association of Agricultural Universities.

GROWTH

Sweet reward

The large-scale growing and refining of sugar cane calls for a unique combination of agricultural and industrial skills backed by considerable financial resources. To meet an ever increasing demand from an expanding population, the sugar industry in East Africa is rapidly extending acreage and mill capacity. With their fund of experience of such development projects, Barclays are able to advise and assist in many ways, both growers and processors.

now!

A DOUBLE GLAZING UNIT WITH AN ALL GLASS SEAL.

PILKINGTONS "INSULIGHT" GLASTOGLAS

Now you can specify double glazing units with the certainty that the seal is permanent — guaranteed because it is all glass. The new units, now available in East Africa are Pilkingtons' "Insulight" Glastoglas units. Just check on these reasons why they must be your first choice from now on:

CONSTRUCTION Two panes of 3/8 in. (9.5mm) sheet glass spaced 1/2 inch (nominal 5 mm) apart and the edges are fused together to make a permanent seal. The result is, in effect, one continuous pane of glass.

NEAT FITTING Specially fabricated frames are not needed for Glastoglas units. They fit into most standard window frame types because (nominal) standard depth 1/2 inch (12.7mm). No elaborate fitting techniques are needed.

STOCK SIZES Pilkingtons' Glastoglas units are being made in a range of stock sizes, and will be available for delivery ex-stock. The sizes are in two ranges:

19 1/2 in. x 26 in. (50 cm. x 66 cm.) to 26 in. x 30 in. (66 cm. x 76.2 cm.) and

30 in. x 36 in. (76.2 cm. x 91.4 cm.) to 36 in. x 48 in. (91.4 cm. x 121.9 cm.).

STURDY-MADE SEALS Glass outside the stock list but within these ranges can be made to special order, but providing a sufficient quantity of units of one size is ordered at the one time (normally 200). For larger orders at the one time specify "F" or any special glass (e.g. heat-absorbing) specify Pilkingtons' "Insulight" Mk "VI" multi-edge unit.

GLAZING CHARACTERISTICS

Standard "I" value: 0.62 B.U.S. ft. h deg. F. (0.62) (1/16 in. C)

Single glass "E" value is 1.0 B.U.S. (1.00 load.)

Weight 2 1/2 lb. per sq. ft. (11.7 kg. per sq. m.)

Sound insulation: Approximately equivalent to 1 in. (25 mm) glass manufacturing tolerance.

1 1/2 in. (38 mm) on thickness and 1 1/2 in. (38 mm) on length and width.

"INSULIGHT" Glastoglas double glazing units may be placed or supported up to 1.50 metres above sea level. Where higher altitudes are involved, the same must be submitted for consideration.

Really

This year we really mean it. That's why we've made no less than 23 improvements on the VW 1200. Over the back and you'll discover the first big change. A stronger engine, 1300 cc. and 40 hp! It makes the VW 1200 the fastest beetle ever seen. And the most powerful. But this extra performance doesn't make the old car by a high number of rotations—as is often done today. But by a larger displacement. And now to the prettiest change. The inside. It's all one colour. The floor and rear quarter panels match the floor mass. The floor mats match the seats. The seat mats the luggage car carpeting. You have to look a little closer to spot some of our other improvements: The car only needs lubrication every 3,000 miles, because we improved the front axle. Both front seat backs can be locked, so your rear passenger can't push you forward onto the horn ring if you have to stop suddenly. All in all, we've made 23 changes to the car. If you count the name, it's 24. But don't worry. You'll still be able to recognize it. Because it still runs on regular petrol. It can still do without water-cooling. The wheels are still independently suspended with torsion bars. And one more thing. It's only £742 (Nairobi).

Obviously

You can see from behind that this car is new. The back not only gave it its look. It gave it its name. Volkswagen 1600 TL Fastback. 1600 cc engine. But what's underneath of it? Underneath that Fastback you'll find a large ledge. Underneath that a 152 cubic foot luggage area. In case the 6.5 cubic feet up front aren't enough for you. Underneath the big luggage area you'll find a 1600 cc fuel carburetor engine, 45 BHP strong. Fast cars need fast brakes. The new VW 1600 TL Fastback is the first Volkswagen to have disc brakes in front. They work absolutely smoothly and adjust themselves automatically. But a Fastback and disc brakes aren't all there is to it. You'll find a lot of interesting things in between. Plenty of room for five people. Separate front seats. Separately adjustable. Even porous leatherette upholstery. Matching colours for the roof and the interior. The seats, the rear quarter panels. And the remarkable workmanship you take for granted in a Volkswagen. Get a close look at the new Volkswagen with the new look. Get close enough to give it a road test. Because the Volkswagen 1600 TL Fastback doesn't just look good in ads. It's good on the road, too. And it's only £770 (Nairobi).

Introducing two new Volkswagens

Really

This year we really mean it. That's why we've made no less than 23 improvements on the VW 1200. Over the back and you'll discover the first big change. A stronger engine, 1300 cc. and 40 hp! It makes the VW 1200 the fastest beetle ever seen. And the most powerful. But this extra performance doesn't make the old car by a high number of rotations—as is often done today. But by a larger displacement. And now to the prettiest change. The inside. It's all one colour. The floor and rear quarter panels match the floor mass. The floor mats match the seats. The seat mats the luggage car carpeting. You have to look a little closer to spot some of our other improvements: The car only needs lubrication every 3,000 miles, because we improved the front axle. Both front seat backs can be locked, so your rear passenger can't push you forward onto the horn ring if you have to stop suddenly. All in all, we've made 23 changes to the car. If you count the name, it's 24. But don't worry. You'll still be able to recognize it. Because it still runs on regular petrol. It can still do without water-cooling. The wheels are still independently suspended with torsion bars. And one more thing. It's only £742 (Nairobi).

Obviously

You can see from behind that this car is new. The back not only gave it its look. It gave it its name. Volkswagen 1600 TL Fastback. 1600 cc engine. But what's underneath of it? Underneath that Fastback you'll find a large ledge. Underneath that a 152 cubic foot luggage area. In case the 6.5 cubic feet up front aren't enough for you. Underneath the big luggage area you'll find a 1600 cc fuel carburetor engine, 45 BHP strong. Fast cars need fast brakes. The new VW 1600 TL Fastback is the first Volkswagen to have disc brakes in front. They work absolutely smoothly and adjust themselves automatically. But a Fastback and disc brakes aren't all there is to it. You'll find a lot of interesting things in between. Plenty of room for five people. Separate front seats. Separately adjustable. Even porous leatherette upholstery. Matching colours for the roof and the interior. The seats, the rear quarter panels. And the remarkable workmanship you take for granted in a Volkswagen. Get a close look at the new Volkswagen with the new look. Get close enough to give it a road test. Because the Volkswagen 1600 TL Fastback doesn't just look good in ads. It's good on the road, too. And it's only £770 (Nairobi).

OXFAM DIRECTOR PRAISES STAREHE BOYS CENTRE

The Director of Oxfam, Mr. H. Lewis, who returned to Britain from a 20,000-mile tour of Africa and Asia... (text is small and difficult to read)

ALLSOPPS IS NOT BREWED TO WIN MEDALS!

But it does—and it has won many international awards. Two more of these have just been announced. Of course we are proud of our product and the overseas success of fast Africa's premier beer, but we firmly maintain... Allsopps Pilsner is not brewed to win medals. It's brewed for you... for your satisfaction. It's our good fortune that you seem to have the same taste in beer as many international judges who agree with you that Allsopps is...

BEER AT ITS BEST!

are you a good fast driver?

No need to be pedantic. Some say it's impossible to be good and fast. We disagree. Good fast drivers certainly exist, but they are rare. Such people have a natural aptitude for driving, quick reactions and good judgement. Your good fast driver has good judgement too when it comes to insurance. That's why he chooses a Minet's A.A. Policy. He knows our Claim Service is second to none, and that he gets various extra benefits under his A.A. Motor Policy—higher coverage for medical expenses and towing charges, for instance. What also appeals to him is our low premium—wider cover at a lower rate, in fact. Yes, he's a man of good judgement all right—are you? Give us a ring or a call. We'll be glad to tell you more.

East African
CONGO MILITARY

The Congo military situation is becoming increasingly complex. The army, which has been in a state of disarray since the overthrow of the Lumumba government, is now being reorganized. The new government, led by Kasavubu, is attempting to restore order and stability. The military is being retrained and equipped by the United States and other Western powers. The situation in the Congo is a delicate one, and it is essential that the military be able to maintain order and protect the interests of the new government.

Chinese propaganda

Chinese propaganda is being spread throughout the world. The Chinese government is using various methods to spread its message, including radio broadcasts, newspapers, and leaflets. The propaganda is aimed at winning the support of other nations and peoples. The Chinese government is claiming that it is the only government in the world that represents the interests of the Chinese people. It is also claiming that it is the only government that is committed to peace and stability in the world.

WOMEN MOBILITY HAS ALREADY HELD REINS OF POWER

Women's mobility has already held the reins of power. This is evident in the way that women are now participating in the workforce and in the political process. Women are no longer confined to the home and to traditional roles. They are now taking on leadership positions in various fields, including business, science, and politics. This is a significant change in the way that women are viewed and treated in society.

Ex-President

The ex-president of the United States is now living in a state of relative peace and stability. He has been able to find a new purpose in life and to contribute to society in various ways. He is now a respected and admired figure, and his actions are being closely watched by the public. The ex-president is a man of great character and integrity, and his life is a testament to the power of resilience and determination.

THE CONSTITUTION

The constitution is the foundation of a nation. It sets out the principles and structure of the government. It is a document that is sacrosanct and inviolable. The constitution is the law of the land, and it is the duty of every citizen to uphold and defend it. The constitution is the key to a stable and prosperous society.

THE PRESIDENT

The president is the head of state and the commander in chief of the armed forces. He is elected by the people and represents the nation in all its international relations. The president is a position of great responsibility and honor. The president is the symbol of the nation's unity and strength.

THE SENATOR

THE POLICE

The police are the law enforcement agency of a nation. They are responsible for maintaining order and for protecting the public. The police are a position of great responsibility and honor. The police are the protectors of the people.

The flying class textbook to read

As the industry grows, the flying class textbook to read is the one that provides the most comprehensive and up-to-date information on the subject. This book is a must for every pilot and aviation enthusiast.

In the past, pilots have had to rely on a variety of sources for their information. This book consolidates all that information into one easy-to-read volume.

The book covers everything from basic flight theory to advanced techniques. It is written by experts in the field and is sure to be a valuable resource for anyone interested in aviation.

This book is a must for every pilot and aviation enthusiast. It provides the most comprehensive and up-to-date information on the subject. It is written by experts in the field and is sure to be a valuable resource for anyone interested in aviation.

Working out the route

Above: Boys on the programming bench a radio-aided flying device are prepared using the Ground Control Approach system. Hundreds of hours spent on the screen, leads the route maps found by the Navy and Air Force to the shadow of rain and rain large blocks of land, but only one path to a Mark-1000. Telling the difference between an aircraft and a static trace is nothing to the controller, but it keeps the boys passing.

Let's fly from Chicago National High School preparatory for take-off in their flying classroom. This is no joy ride. The boys in the picture here, completed their briefing and are now busy working and answering and estimated times of arrival in the air they will continue to get into practice the lesson they have learned on the ground. The idea is to prepare them for possible careers in the air industry.

But they did not wait for the computer before starting the program. An even earlier version of the program had been developed by the Navy and Air Force. It was a simple program that allowed the pilot to enter the flight plan and the computer would calculate the route.

But they did not wait for the computer before starting the program. An even earlier version of the program had been developed by the Navy and Air Force. It was a simple program that allowed the pilot to enter the flight plan and the computer would calculate the route.

But they did not wait for the computer before starting the program. An even earlier version of the program had been developed by the Navy and Air Force. It was a simple program that allowed the pilot to enter the flight plan and the computer would calculate the route.

But they did not wait for the computer before starting the program. An even earlier version of the program had been developed by the Navy and Air Force. It was a simple program that allowed the pilot to enter the flight plan and the computer would calculate the route.

A group of boys stand before the control tower at Naval Air Station. A few minutes ago they heard the voice of the controller over the radio as he talked down their flight clearance. Now they will stand here and learn the complex workings of air traffic control at an international airport.

It is not enough to know what the controller says. The boys must also know what the controller means. They must understand the complex workings of air traffic control at an international airport.

These boys are the future of aviation. They are learning the complex workings of air traffic control at an international airport. They are learning the complex workings of air traffic control at an international airport.

EAST AFRICAN Super VC10

SPEED · SPACE · SPLENDOUR

A new and thrilling experience is in store for you when the Super VC10, the queen of the skies, joins you in flight. Speed! Four Rolls-Royce Conway fan jets can provide a cruising speed of 600 miles an hour. Yet the Super VC10 is smooth as silk and quiet as a whisper. Space! You will marvel at the semichair-comfort of your seat and the unhampered freedom offered in the spacious cabin. Splendour! Yes. Here is the handsome aircraft that has set the standard for good design: design from the inside to the out: design which concentrated on the wishes of you and the crew.

*Another EAA first! Africa-Europe: Africa-Asia. East Africa's National Airline, with an international reputation second to none, soon to have the first Super VC10's in African skies.

Work Done and New

The work done last week was considerable and the results are being shown in the new work done and new work done.

THEATRE
 The Grand Theatre, which has been closed for some time, is now open and will show a new production of 'The Merry Wives of Windsor'.

Coward comedy will give playgoers a chance to air old clothes

BURIED THE CURTAIN
 with Peter Woodcock

Coward was on the point of leaving to be an expeditionary force in France when he was called to 'The Third Day' in London.

All four members of the family, including the mother and the father, are in the play. It is a comedy of manners and a comedy of the theatre.

There will be dancing in the play, and the dancing will be done by the players themselves.

There is a lot of singing in the play, and the singing will be done by the players themselves.

The play is a comedy of manners and a comedy of the theatre.

ZAMBIA

Talks go on about ground troops

U.K. MUST ACT QUICKLY - MINISTER

BRITAIN'S Prime Minister, Mr. Wilson, told Parliament yesterday that Britain and Zambia had agreed on the provision of Royal Air Force planes for air defense of Zambia, and said discussions about ground troops were continuing.

Mr. Wilson said: "I understand from Mr. Bottomley (the Commonwealth Secretary) that negotiations are being reached on all terms and conditions relating to the stationing of R.A.F. planes and R.A.F. Regiment personnel in Zambia and that there is nothing to stop immediate entry of elements into Zambia."

Mr. Wilson confirmed that the Egyptian Government was unwilling to allow British aircraft to arrive in the country, "because it has no facilities for refueling a similar request, but that the presence of the Royal Air Force will be a very important factor in our doing the job."

Mr. Wilson told Parliament the British air units would be completely under British control. He added: "We will not have any say in the stationing of the units, but we will have a very important role to play in the stationing of the units."

Foreign Affairs

Mr. Wilson said that Britain had been down the road of a unilateral approach to the situation in Rhodesia, but that it was now taking a more balanced approach.

He said that the British Government was now taking a more balanced approach to the situation in Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

Infantry standing by

An infantry battalion stood by in the north of England ready to be airlifted to Zambia at short notice. The troops, 300 strong from the Strategic Reserve "spare", were awaiting orders from the Ministry of Defense.

A fleet of long-range Britannia planes was being assembled ready to transport the troops, the First Battalion of the Royal Air Force, was being assembled ready to transport the troops, the First Battalion of the Royal Air Force, was being assembled ready to transport the troops.

REPORT OF EMBARGO BREACH DENIED

A spokesman for the French Total oil company said in Paris yesterday that the company had not breached the embargo on oil exports to Rhodesia.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

DEMOLITION THREAT

Rhodesia has made plans to demolish the British air base at Lusaka, which is being used as a base for British operations against the guerrillas.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

Body shortage

Medical authorities in Rhodesia are worried about a shortage of bodies for the military service.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

Tanzania to send oil by road

Rhodesia's oil supply is being threatened by a road blockade in Tanzania.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

URGENT SACKED

The Government has sacked a senior official for leaking information about the situation in Rhodesia.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

Kenya bans trade with Rhodesia

Kenya has imposed a complete ban on trade with Rhodesia, in accordance with the recent United Nations resolution which urged all member States to impose a complete economic boycott.

The Minister said that the Government had taken this decision in order to support the United Nations resolution, and that it was now taking a more balanced approach to the situation in Rhodesia.

Measures to avert famine in India

India has decided on a series of emergency measures, including rationing, to avert a famine in the country.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

Smuggling attempt foiled

British authorities have foiled an attempt to smuggle arms into the country.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

Miss a meal

The Prime Minister has also agreed to provide a meal for the African people in the area.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

VIETNAM: ACARRIER IN ACTION

America's 50,000-ton carrier is in action in the Vietnam war.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

Motor crater

A large crater has been formed in the road near the motor.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

Chinese told not to meddle in Indonesia

INDONESIA has warned China not to meddle in the internal problems, the Foreign Minister, Dr. Subandono, told in a Press interview published in the Jakarta press.

He said that the Chinese Government should not meddle in the internal problems of Indonesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

BRITAIN: Foreign Secretary

Mr. Stewart told the House of Commons that the British Government was now taking a more balanced approach to the situation in Rhodesia.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

LATE NEWS

The regime in the South has asked the United Nations to expel the Government of Rhodesia.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

Thirteen feared lost at sea

Thirteen men are missing from an oil drilling platform which sank in the Indian Ocean.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

Smuggling attempt foiled

British authorities have foiled an attempt to smuggle arms into the country.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

Adjustments made

Mr. Kaltefleiter said that if the latest monetary statistics were correct, there would be no need for any adjustments.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

VIETNAM: ACARRIER IN ACTION

America's 50,000-ton carrier is in action in the Vietnam war.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

Motor crater

A large crater has been formed in the road near the motor.

He said that the company had not breached the embargo on oil exports to Rhodesia, and that it was now taking a more balanced approach to the situation in Rhodesia.

URGENT SACKED

The Government has sacked a senior official for leaking information about the situation in Rhodesia.

Kenya church services

Methodist - Services were held at 10.30 a.m. at the Methodist Church, Nairobi, on Sunday, August 10. The Rev. J. M. O. Ochieng, Minister, presided. The service was held in the presence of a large congregation. The Rev. Ochieng preached on the text, "The Kingdom of God is within you." The service was held in the presence of a large congregation.

Anglican - Services were held at 10.30 a.m. at the Anglican Church, Nairobi, on Sunday, August 10. The Rev. J. M. O. Ochieng, Minister, presided. The service was held in the presence of a large congregation. The Rev. Ochieng preached on the text, "The Kingdom of God is within you." The service was held in the presence of a large congregation.

Presbyterian - Services were held at 10.30 a.m. at the Presbyterian Church, Nairobi, on Sunday, August 10. The Rev. J. M. O. Ochieng, Minister, presided. The service was held in the presence of a large congregation. The Rev. Ochieng preached on the text, "The Kingdom of God is within you." The service was held in the presence of a large congregation.

Seventh Day Adventist - Services were held at 10.30 a.m. at the Seventh Day Adventist Church, Nairobi, on Sunday, August 10. The Rev. J. M. O. Ochieng, Minister, presided. The service was held in the presence of a large congregation. The Rev. Ochieng preached on the text, "The Kingdom of God is within you." The service was held in the presence of a large congregation.

Other churches - Services were also held at various other churches in Nairobi, including the Baptist, Roman Catholic, and Muslim churches. The services were held in the presence of large congregations.

Society completes ten years of work for needy children

The Child Welfare Society of Kenya celebrated its tenth anniversary on Monday. The article traces its history and describes the work it does to help Kenya's less fortunate children.

It is then a good story about the work of the society. The society was founded in 1954 and has since then taken the child to heart and made a commitment to care for the child until a date decided by the magistrate.

After ten years, the society has completed its work for needy children. The society has taken the child to heart and made a commitment to care for the child until a date decided by the magistrate.

The society has taken the child to heart and made a commitment to care for the child until a date decided by the magistrate. The society has taken the child to heart and made a commitment to care for the child until a date decided by the magistrate.

Mrs. PAMELA NYONG'O (Executive Officer)

Some of them would have to live with their relatives in an able foster home or guardians. The society, on its part, will take the child to heart and make a commitment to care for the child until a date decided by the magistrate.

Really

This year we really mean it. That's why we've made no less than 22 improvements on the VW 1600. Open the back and you'll discover the first big change.

A stronger engine, 1300 cc and 40 HP. It makes the VW 1600 the fastest beetle ever seen. And the most powerful.

But this extra performance doesn't make the old out by a high number because it's softened down today. But by a larger cc displacement. It's all one colour. The door and rear quarter panels match the floor mats. The door mats match the seats. The seats match the luggage area carpeting.

You have to look a little closer to spot some of our other improvements. The car only needs lubrication every 2,000 miles. Because we improved the floor jack. But front seat backs can be locked, so your rear passenger can't push you forward onto the horn ring if you have to stop suddenly. All in all, we've made 22 changes to the car. If you count the name it's 24. But don't worry. Because it still runs on regular petrol it can still do without water cooling. The wheels are still independently suspended with torsion bars. And one more thing. It's only £742 (Nairobi).

Obviously

You can see from behind that this car is new. The back not only gave it its look, it gave it its name: Volkswagen 1600 TL Fastback.

It looks sleeker. But what's underneath? Underneath the Fastback you'll find a large ledge. Underneath that is 16 1/2 cubic feet of luggage area (in the case of the 6.5 cubic feet up front area's enough for you).

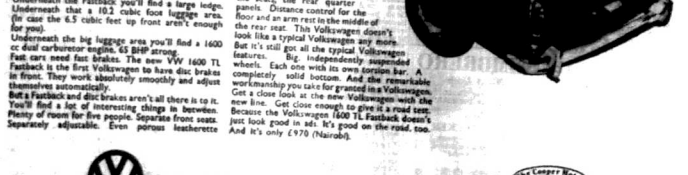

Underneath the big luggage area you'll find a 1600 cc dual carburetor engine, 65 BHP strong.

Fasten your seat belts. The new VW 1600 TL is front. They work absolutely smoothly and adjust themselves automatically.

But a steering and disc brakes aren't all there is to it. You'll find a lot of interesting things in between. Plenty of room for five people. Separate front seats. Separately adjustable. Even porous leatherette upholstery.

Match. 16 different colours for the tufted carpeting, the seats, the rear quarter panels. Distance control for the floor and an arm rest in the middle of the rear seat. This Volkswagen doesn't look like a typical Volkswagen any more.

But it still got all the typical Volkswagen features. Big, independently suspended wheels. Each one with its own torsion bar. A workmanship you can't find in any other Volkswagen. Get a close look at the new Volkswagen with the new line. Get close enough to give it a road test. Just look good is not. It's good on the road, too. And it's only £770 (Nairobi).

ELDOROT - DAR ES SALAAM - KAMPALA - MOMBASA - TANGA - NAIROBI - NAKURU

WOLFFSBURG CMC CORPORATION LTD.

A statement by the Ministry of Lands and Development yesterday said that the Government had decided to purchase the land for the proposed industrial estate at the junction of the main road and the main road of the industrial estate.

The Government had decided to purchase the land for the proposed industrial estate at the junction of the main road and the main road of the industrial estate.

MEMBERS OF U.E. MINISTRY

The chairman of the mission is a former Permanent Secretary for Lands in Uganda, Mr. C. D. Lawrence, and the two other British members are Mr. G. J. Hamer, who was until recently the Survey General of the Overseas Survey in the British Ministry of Overseas Development, and Lord Trevor-Adair in the same Ministry, Mr. R. R. Staines.

PLEDGE TO SUPPORT AFRICAN FIRMS

The Government would prefer to purchase the land for the proposed industrial estate at the junction of the main road and the main road of the industrial estate.

ALL CLEAR FOR BILL TO BAN COMMUNISTS

SUDAN'S Constituent Assembly has passed an amended Government Bill to ban the 11 Communist parties. Reading with 129 votes, only one ever the required two-thirds majority, after a belated rearguard action by the Communists.

The official move to suppress the Communist Party began after the Sudanese National Conference rejected the Party last month. Mr. Shafiq el-Beheery, Sudanese Minister of Education, said the Government has already passed a Bill to ban the Party and to dissolve its assets.

The Government has already passed through one Constitutional amendment to head objections to the clauses banning the Party.

The anti-Communist Bill, sponsored by the majority of the 111 members of the Constituent Assembly, was passed by a vote of 129 to 10. The 10 votes were cast by the Communist Party members.

Education in the stars are spreading to new Kenya

The Principal, Miss Bruce

The school for girls at the University of East Africa is one of Kenya's leading schools for girls. It is situated in the heart of Nairobi and is one of the best equipped schools in the East African region. The school has a long history and has been successful in training many of the country's leading women. The school is now expanding its facilities and is expected to become one of the largest and most modern schools in the region.

University of East Africa's leading schools for girls

University of East Africa. Last year they were awarded a grant of £10,000 for the purchase of new books and equipment. The school is now expanding its facilities and is expected to become one of the largest and most modern schools in the region.

Three streams

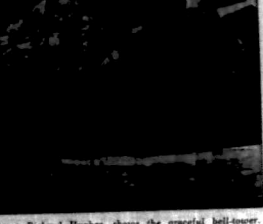

There are three streams in Form 1 to 12 and students are allowed to choose their own subjects. The school has a long history and has been successful in training many of the country's leading women. The school is now expanding its facilities and is expected to become one of the largest and most modern schools in the region.

A part of the chapel, designed by the Nairobi architect Richard Hughes, shows the graceful bell-tower.

Annual event

The school play is an annual event, very much enjoyed by a packed audience composed of parents and friends. The play is performed in the school hall and is a very popular event. The school is now expanding its facilities and is expected to become one of the largest and most modern schools in the region.

The school is now expanding its facilities and is expected to become one of the largest and most modern schools in the region.

Concentration and zest for learning

Concentration and zest for learning are reflected on the faces of three girls in a senior science class. The girls are shown working intently on their assignments, demonstrating a high level of academic achievement and dedication to their studies.

Concentration and zest for learning are reflected on the faces of three girls in a senior science class.

There is a strong Christian atmosphere at the school. The girls are encouraged to participate in religious activities and to develop their faith. The school is now expanding its facilities and is expected to become one of the largest and most modern schools in the region.

EAST AFRICAN Super VC10

SPEED · SPACE · SPLENDOUR

Soon a new and thrilling experience is in store for you when the Super VC10, the queen of the skies, joins EAA's jet fleet. Speed! Four Rolls-Royce Conway fan jets can provide a cruising speed of 600 miles an hour. Yet your flight is smooth as silk and quiet as a whisper. Space! You will marvel at the armchair-comfort of your seat and the feeling of unhampered freedom offered in the spacious cabin. Splendour! Yes, here is the handsome aircraft of our time. And these good looks are bred by good design: design from the inside to the out; design which concentrates on the wishes of you and the crew.

*Another EAA! Africa-Europe; Africa-Asia. East Africa's National Airline, with an international reputation second to none, soon to have the first Super VC 10's in African skies.

everybody has his pre-Christmas screens

There is something good for all eyes in cinema this week. Good new drama and comedy screeners with several titles, and the classic Mary Pickford drama like a feast of feast.

THE GREAT ESCAPE is the first of the new drama screeners. It is a story of a man who escapes from a prison with a group of men. The film is a masterpiece of direction and acting. It is a must for all who love a good story.

THE GREAT ESCAPE is a story of a man who escapes from a prison with a group of men. The film is a masterpiece of direction and acting. It is a must for all who love a good story.

An aerial view of the new Colgate-Palmolive factory in Nairobi, Kenya.

A SUCCESS STORY DATING FROM 1806

ONE of the world's largest manufacturers of soap products and toilet articles, the Colgate-Palmolive Co. began quite humbly in 1806, only a few years after his son, W. B. Johnson, came up with the idea of Palmolive soap. This soap was to be made of olive and palm oils which had a soothing, nourishing effect on skin. For centuries women had been using these oils to guard their complexion.

FIRMS JOINED
After long experiments and many failures, a successful formula was worked out. The "Palmolive" name was born. Eventually the firm joined together with other firms to produce the Colgate-Palmolive Co. as it is known today. In 1920 Colgate-Palmolive International Corporation was formed as a wholly owned subsidiary of the Colgate-Palmolive Co. and today it has operations in 31 countries.

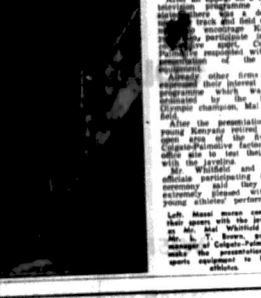

President will travel on a specially named plane

TO mark the opening of the Colgate-Palmolive factory in Kenya and Nigeria, Pan American Airways are to give one of their aircraft the name of Colgate-Palmolive. It will fly from Nairobi to Lagos on Sunday, carrying the president of Colgate-Palmolive International, Mr. W. T. Miller, and associates. This is the first visit to East Africa. He will head a new age in cooperation with the organization's investment plans.

Dr. W. T. Miller

Sports equipment gift to young athletes

At a recent meeting at the new Colgate-Palmolive factory building, Manchester Road, Nairobi, company executives presented three javelins, two stop watches and one tape measure to a group of potential Kenya track and field stars.

Left: Meet some of the young athletes who were presented with the javelins, stop watches and one tape measure at the new Colgate-Palmolive factory building, Manchester Road, Nairobi.

...for a fine girl's Christmas tree

LIFE OF SERVICE FOR 30 YEARS

by ANN MARSHALL

WITH Christmas approaching it is time to look forward to the joy and gift and to the real meaning of the festive season.

There is a great time when the spirit of Christmas is in the air and the heart is full of joy and love. It is a time when we are reminded of the true meaning of Christmas and the love that it brings to our lives.

In 1938, when Patrick was a young boy, he was struck by the spirit of Christmas. He was a young boy who was full of life and energy. He was a young boy who was full of love and joy. He was a young boy who was full of the spirit of Christmas.

Patrick was a young boy who was full of life and energy. He was a young boy who was full of love and joy. He was a young boy who was full of the spirit of Christmas. He was a young boy who was full of the spirit of Christmas.

Patrick was a young boy who was full of life and energy. He was a young boy who was full of love and joy. He was a young boy who was full of the spirit of Christmas. He was a young boy who was full of the spirit of Christmas.

Patrick was a young boy who was full of life and energy. He was a young boy who was full of love and joy. He was a young boy who was full of the spirit of Christmas. He was a young boy who was full of the spirit of Christmas.

Patrick was a young boy who was full of life and energy. He was a young boy who was full of love and joy. He was a young boy who was full of the spirit of Christmas. He was a young boy who was full of the spirit of Christmas.

Patrick was a young boy who was full of life and energy. He was a young boy who was full of love and joy. He was a young boy who was full of the spirit of Christmas. He was a young boy who was full of the spirit of Christmas.

Patrick was a young boy who was full of life and energy. He was a young boy who was full of love and joy. He was a young boy who was full of the spirit of Christmas. He was a young boy who was full of the spirit of Christmas.

Patrick was a young boy who was full of life and energy. He was a young boy who was full of love and joy. He was a young boy who was full of the spirit of Christmas. He was a young boy who was full of the spirit of Christmas.
