THE PURSUIT OF BEAUTY

by DUDLEY RUSSELL

I REALLY DO BELIEVE IN MAGIC AFTER SEEING TANGEE CHANGE COLOR ON MY FACE TO A GLOWING BLUSH-ROSE!

You'll say it's truly magic, when you see Tangee change from orange in the skin to a bluish-rose on your lips. This is the magic of Tangee's famous Color-Changing Principle. Tangee isn't paint and cannot give you a "sunless look." Instead it gives a glowing youthful color most natural to you. Sheerly Tangee has a special cream base, it keeps like silk and spreading.

Color-Changing Principle in Soap and Face Powder!

Keeps your complexion bright and pink. Gives the most natural look.

Use Tangee when you wash your face. Wash with Tangee's special soap. Then use Tangee's special face powder. You'll see the difference. You'll see the magic of Tangee's famous Color-Changing Principle.

"Otter" writes about "Fishing on the Thago"

To find a trout stream in Kenya not only fishable but a very good order during April and May is an experience, and not all of it should be. Yet I have to confess that I do not have to roam the two foot days of the Thago; the first six April, when two rods had a nice crop of well-conditioned fish, including several of just one pound. Fishing the stream...

One day last week, however, when making our way down to the river in a boat, the fish were scarce. I found a medium sized fish (rather "chuck dressed") very fat in fatness, and can recommend this pattern for both Thago and Sagata.

While the elephant had been out on a dropped down to the river, this point is well to be aware of some attractive pools and so on. As time was limited, I walked to amongst what is all lakes and porous yellow water, I got a small gilt spout. The trout was not caught but had their feet...

My impression was that there were far too many fish for the trout, especially a common black spiggin, to many trout in this river especially in their upper and low fished waters. Years of fishing in the Thago and Sagata have led me to believe that the fish are not so numerous as they are reported to be. The problem of overstocking is a serious one.

After the first few weeks when the trout have become fairly established, the fish are not so numerous as they are reported to be. The problem of overstocking is a serious one.

In the way of the hotel was a small stream, the water was very clear and the trout were very fat. The water was very clear and the trout were very fat.

Growing Indignation in Britain: Foreign Press Comments

QUESTIONS FOR PREMIER

WHEN THE HOUSE OF COMMONS REASSEMBLES TO-MORROW GOVERNMENT IS LIKELY TO BE ASKED MANY QUESTIONS REGARDING THE RECENT INTENSIFICATION OF AERIAL ATTACKS ON BRITISH SHIPS IN SPANISH WATERS AS A RESULT OF WHICH SEVERAL VESSELS HAVE BEEN SUNK AND A NUMBER OF BRITISH PEOPLE KILLED.

German Press comments are sarcastic about the protests made from London, but the Italian newspapers express relief that Britain is not taking any drastic action...

It is reported that Canton's new electric power station suffered three further direct hits and is now completely out of action.

Several heavy bombardments have caused three breaches in the dykes of the Yellow River. As a result the water which is pouring through, may cause a massive flood in the vicinity of the river.

Japanese warships are now making their way up the river. The Japanese authorities have requested all foreign warships and merchantmen to withdraw from a 200 mile zone.

Call For United Front In Great Britain

AS A DEMONSTRATION TO THE WORLD Peace Not Yet Assured

APPEALS FOR NATIONAL UNITY WERE MADE DURING THE WEEK-END BY AN EX-CABINET MINISTER, MR. ANTHONY EDEN, LAID FOREIGN SECRETARY AND BY SIR THOMAS INSKIP, MINISTER FOR THE CO-ORDINATION OF DEFENCE.

Mr. Eden said some people were prepared to take an optimistic view of the international situation, but he still believed it was menacing.

Sir Thomas Inskip stressed the great importance of a united national determination to re-arm. He warned those who might think of trying to provoke Britain that it would be better for them not to do so.

Mr. Anthony Eden, addressing a meeting of the National Union of Students in London, said that a united front was essential for the defence of the British Empire.

BACK FROM OLD AGE

FRANKS' (CORRESPONDENT)
 London.
 After an accident, Alfred Frank Thomas, aged 76, a Birmingham telegraphist at a rural polling works, was "rejuvenated into youth" by a new method.

His hair came out and then grew again, while Frank passed his life without receiving his pension, as was described in a contemporary issue of the Birmingham "Daily Chronicle" which could not get work.

Dr. F. Thomas, who has been referred to in the case, when the statements were issued by the "Daily Chronicle" says that he has been "rejuvenated" by a new method.

Subsequently his hair began to change color. It was going grey.

According to contemporary "Daily Mail" says: "By some very intricate and delicate process, the doctor stated, the accident-related fingers produced a shock that acted on the glands and resulted in old men, a pair of 50 examples of a man of 70."

"Now he has the advantage of an accident, and is getting young or, in other words, getting old."

Dr. Thomas said to a New York "Evening Post" representative: "My hair is getting grayish. I have never had a hair lose its color, and can only walk half as fast as I used to do."

"I only need to shave once a week now. My appetite has also been affected and I only eat a quarter of what I used to eat."

He has written the Medical Chronicle, and has been mentioned in the book "A Goodly Seed." It is not only a goodly seed, but it is also a goodly seed.

But the greatest benefit may be due to the new method, as in an accident, which is referred to in the book, gives the average life of a man, but it is a great loss and a half.

JAPAN'S ADVANCE ON HANKOW ALONG YANGTSE RIVER

Chengchow Progress Checked By Floods

ADVANCE ON HANKOW BY WAY OF THE RIVER YANGTSE APPEARS TO BE THE NEXT JAPANESE MOVE AND THE STEPS THEY HAVE ALREADY TAKEN TO THIS END INCLUDE THE CAPTURE OF THE CITY OF ANKING ABOUT 100 MILES DOWN-RIVER FROM HANKOW, AND A REQUEST THAT ALL FOREIGN SHIPPING BE WITHDRAWN FROM THE AREA.

In the British authorities at Shanghai have not replied to the request, and British gunboats are still remaining at wharves between Nanking and Anking.

The reason for this Japanese plan may be found in the news from the Chengchow fighting. Chinese planes are said to have bombed the attackers to withdraw in some degree. The Japanese say that the floods have been deliberately caused by the Chinese, and the Chinese reply that Japanese bombardments along the river banks are responsible.

It is also said that the Japanese are planning to advance on Hankow by way of the Yangtze River. The Japanese are said to have captured the city of Anking, about 100 miles down the river from Hankow. The Japanese are also said to have captured the city of Chengchow, about 100 miles down the river from Anking. The Japanese are also said to have captured the city of Nanking, about 100 miles down the river from Chengchow. The Japanese are also said to have captured the city of Shanghai, about 100 miles down the river from Nanking.

PARIS PREPARES FOR KING GEORGE AND HIS QUEEN Magnificent Welcome Is Being Planned

One of the most memorable events of the year will be the royal visit of the King and Queen to Paris, where their majesties will arrive on June 25.

Preparations are being made on a scale of magnificence and the taste in which the French excels all nations. Paris will be superbly decorated for the occasion, and every honour conceivable will be paid to the royal visitors by Government and people.

Some of the royal treasures of France are being used in the form of gifts to the King and Queen, and a programme of festivities of unprecedented brilliancy has been arranged. At Versailles Louis XIV's apartments will be revived.

It will not be necessary to appreciate the identity and character which is being given to the whole country in the form of a general demonstration.

It is reported in the elaborate programme which will be extended to the entire country that the value of the gifts to be presented to the King and Queen will be estimated at 100 million francs.

It is also reported that the King and Queen will be met at the Gare d'Orsay by the President of the Republic, the Prime Minister, and the members of the Council of Ministers.

The open Bible is the one recognized by the English people. The translation of the Bible into English with which the names of Tyndale and Coverdale were associated has been almost unanimously acknowledged as the one version of 1511.

The more we learn of English Bible we are led to realize other than national pride to read the Word of God in their own language which they were born.

To the Editor, 'E. A. Standard'. Sir, I have read with deep interest the correspondence in 'The Blue Book' with your kind permission I would like to bring some light to bear on Tyndale and his co-translator.

William Tyndale had been a Franciscan monk until he had been expelled and had spent his last years in England. He was in 1534 and died in 1536. He was the first to bring the Bible into English.
