Signor Mussolini on the Outlook

REVIEW AT LONG MEETING OF ITALIAN CABINET

Lines of Communication TO BE ASSURED DURING RAINS BY 50,000 WORKMEN

A communique issued at the close of a three and a half hour meeting of the Cabinet states that Signor Mussolini explained the international political situation, particularly with reference to the French crisis and the British naval concentration in the Mediterranean.

He declared that last year's rains inconvenienced to only a negligible extent 100,000 troops and troops in East Africa.

Wait till you've tasted THESE!

You see the new tip, you taste a new richness, you smoke with new joy... No, it isn't the tip that makes the flavour. That is the full, round, natural taste born in the sun-browned leaf. The tip refines and reveals it.

An American Visitor's Interesting Business. COLLECTING FOR CIRCUSES. African Pains Expected to Create a Sensation.

When a glowing black savanna, lying under a blue sky, is crossed by a line of tall, thin, black columns, it is a sight to see. It is the work of a man who has just returned a party of following 'circus-makers' to their tents in the distance.

There is something exciting in the very thought of such a task, but Mr. Barry takes it as being all part of his day's work and enters it as a usual routine to report his finds as anything out of the ordinary—despite the fact that they are.

Strange Women. The famous Palming women, from the hills of Upper Burma, were induced to make the trip to London, where they exhibited, in a tent at least all over the continent.

And Now Elephants. He flew to Java a year ago and, having found a pair of the piggy elephants, arranged for some to be brought to London in a collection and to show in his way to make them.

In appearance these creatures resemble the ordinary African elephants, but they are much smaller and are much more docile.

It is going to be a tough job, but Mr. Barry is determined to do it, and he is sure to succeed.

Mr. Barry will accompany them to the States, and he is sure to succeed.

Devaluation

THE REMARKABLE RECOVERY OF BELGIUM

To the Editor, "E.A. Standard," Sir—Through the agitation developed in Kenya to devalue the Belgian franc on the altar of a narrow and sterile nationalism, it will remain the only permanent and effective remedy for the country's ills.

I enclose a cutting from the "Times Literary Supplement," 1957, of a review of ten books on the devaluation of the Belgian franc, which I hope you will publish.

I have no desire to re-open an unpopular controversy with the Vigilance Committee and Sir Alan Pim has a free hand. Their lack of all its verbal tergiversations, either to bring in devaluation, or to reduce the country's ills, is not surprising and its government as rapidly as possible to the state of economic chaos in which alone it can survive. They have tampered with books on a nationalistic level. Let them have a free hand with their other monkey.

Yours etc. "E.ZYDZ"

January 25, 1958.

[REDACTED]

Belgium's Recovery

LA DEVALUATION DE FRANC BELGE. By Fernand Hauwilm, Théo, Editions Universitaires, BRUXELLES, STAMBRUCKEN AND ECONOMISTS. By Paul Eugène Maillol, B.C.

Nothing has proved more important in the last few years in detouring political and social thought than the once obscure and technical subject of monetary devaluation. And nowhere has the overwhelming importance of a monetary change been more effectively demonstrated than in the devaluation of the Belgians in March of the year. This book is of high interest but so far little noticed is surely a cordially told; and the very striking moral of it is shown. Professor Hauwilm has been one of the Belgian Government's economic advisers throughout recent months; and his views are as comprehensive and stimulating. And one of the most valuable of the more costly by Dr. Pim in this collection (early of regions) is that of "M. van Zwolow" in the Backer Present. Further illustrations will show

LONGIDO—MOSHI ROAD

To the Editor "E.A. Standard," Sir—The successor of Sir Donald Cameron mentioned below is to be left that the year 1935 was going to be a year of a Road Programme and everyone thought the Acting Governor, Mr. Mitchell, who succeeded him would carry his characteristic energy and push present to implement the programme. A physical question as to construction of self. Romantic and artistic but all in a vain effort of insufficient administration and of the Authority's disregard of public safety and popular will. If State engineers neglect the elementary factor of road-making in Kenya, they deserve the highest public contempt.

Yours etc. I. K. OKA. Nairobi, January 23, 1958.

WATER DIVINING

To the Editor "E.A. Standard," Sir—I was very much interested to read in your issue of January 26, 1958, the account of the discovery by the Director of Public Works on the Kenya Plateau. Some years ago, a cousin of my maternal uncle with an unorthodox but certainly not a fortune teller, and his son, a minor of a certain amount of water divining. My husband, who happened to know that several underground springs were traceable through the farm, asked his cousin to give us a demonstration, and he did so. The divining rod used was a forked twig cut from a wild plant. The divining was done in several directions and they were accurate. The divining rod was held by the water-purifier of the tank yielding water. The divining rod was held by the water-purifier of the tank yielding water. The divining rod was held by the water-purifier of the tank yielding water.

## Ten-Day Battle in Tembien District

### ABYSSINIANS ABANDON GUERRILLA TACTICS

#### Biggest Clash of War

### ETHIOPIAN COMMUNIQUE CLAIMS ITALIANS ROUTED WITH HEAVY LOSSES

In contradiction to the Italian account of the recent battle in the Tembien district, fought for ten days, an official Abyssinian communique claims that the Italians were routed with heavy losses.

The communique attributes the victory to the courage of the Ethiopian troops who for the first time, in the greatest battle of the war, forsook guerrilla tactics and met the first real Italian offensive en masse.

At Geneva the working experts have reported that sanctions are being won on the whole, but attention is drawn to the need for enforcing sanctions in Morocco and Tangiers, where they are not yet applied.

### Optimism in Addis Ababa

ADDIS ABABA, Jan. 31. An Italian flying column was reported to have been driven back from the Tembien district, near the Italian frontier, by the Ethiopian forces. BURIAL GROUND FOR PAGAN NATIVES

By No. 1 site. In view of the opposition expressed by the Langata natives to the latter, he considered that the suggestion that No. 1 site should be altered to No. 2 site. The position was out of the way and would not interfere with any existing amenities or developments.

Commissioner Blowers accepted the amendment and said that he had so far as the new site was partly within the Municipal area and he would not be difficult to obtain the allocation of the entire site, for its inclusion within the Municipal area. Commissioner Blowers reported to the proposal on the ground that the proposed site would be over looked by the new General Hospital, and that it was to be built on a hillside. Commissioner Coker said that he understood that the Medical Officer had had a view of the site and was of the opinion that the site was not suitable for the purpose of a burial ground. Commissioner Wood said that he had examined the proposed site and was satisfied with the location. He said that the site was not a hillside but a level area, and that it was well drained. VALUABLE PART PLAYED BY TREES IN KENYA

(Continued from page 2)

The process of denaturation was a very great discovery. It had been left to Mager and Mrs. Ward to do the job. It had been left to Mager and Mrs. Ward to do the job. It had been left to Mager and Mrs. Ward to do the job.

The work done by the administration was explained by Mr. J. G. Hopkins, District Officer, Kisumu. The greatest problem, he said, was that of overstocking. In Kisumu they have been overstocking or overgrazing in favour of denaturation, and some 250 paddocks were being denaturated.

The amount of stock bought in 1935 was valued at £10,000, and all this stock "drew the drain."

Referring to the discussion Mr. Ward referred to a question with regard to the Bamba concession and said that it was of £5,000. It was a concession to the Uganda district to the eastern Aberdeens. All the Arber's river, which is the cutting of the lagoon, there were two schools of thought, one that the river should be kept in the second that they would not.

Mr. Gardner, answering questions, said that while there would be two schools of thought with regard to the Bamba concession, the only people who really knew were the Forest Department staff. They were the only people who really knew.

ITALIAN OFFICIAL WIRELESS PRESS

President Roosevelt on U.S. Neutrality

Following are extracts from the Italian Official Wireless Press broadcast from Rome on Friday evening. (ROME) On the frontiers of the work of neutralization of the League of Nations, the Italian Government, while new services of communication are being organized by means of the reconstruction of the Italian Navy, has a large number of prisoners. Cliffs and mountains of the Galla Borina constitute good examples to be followed by the Italian Navy.

The international press reports serious movements of revolt in Abyssinia. The report says that the Emperor Haile Selassie has received reports of serious symptoms of a general revolt and the execution of the "New York Times" notes the aspirations of the local tribes desiring to be free from the Emperor's rule. The reasons of such revolt are to be looked for not only in the recent venations and revolutions to which the tribes have been subjected for many years but also in the needs of war. The issues of such revolts are deeper and serious and are due to the fact that the Abyssinian Government has not been able to meet the needs of war.

NEW YORK: President Roosevelt received Gen. G. Papp over the telephone on "Foreign Radio America" and "Corriere d'America." In the course of conversation he said that the Italian neutrality, the President said that he was deeply interested in the Italian neutrality and added: "Tell the Italian people that our neutrality will be as long as they are in Italy in order to favour other nations."

### DOUGLAS' SOCIAL CREDIT

To the Editor, "E.A. Standard," Sir—The present position of men who have taken up land in Kenya, is pretty grim. Owing to various conditions, droughts, locusts, most abuses, have been met out at a loss for the last few years. Further taxation by the increased postage, petrol and power benefits charges, is a sharp blow, has not improved matters. In order to carry on, most people have been providing in various ways, generally resulting in interest having to be found. In an attempt to ease the position, requests have been sent down both personal and stamps, the latter, in many cases, below efficiency rate.

The opening of the goldfields has shown some of the difficulties placed before men who have left the country. All of which means less consumption, which must affect the business which trades in the other spout country of the Empire. In England, control books have been set on a deal with milk and pigs. Recent information suggests that the chief in fact the only manufacturers are the administrators. The present system is no better than that before the locusts were completely gone. The Land Bank and the coffee board for their system of farming, may enable others to carry on for a time, but unless complete reform is made, the industry will ever be liquidated. At the present rate of progress, many shambles must close down before long, and men who have not capital and who lack their own means, are taking their losses here and there and out. Sir Alan Pin has been sent out to the Home Department to enquire into the state of the Colony and is travelling about gathering information from all sources. The result of the report will mean some reduction in administrative costs, but with the best will in the world, under existing conditions, I feel no way how any section of the land can just the Colony on its feet. The increasing staff or salaries would just mean more unemployment. The one thing necessary to avoid. To finance the Nyropian waste, the present government, which carried the country on, will not allow their continuation and established their credit standard by Act 1911. There followed 40 years of misery and starvation.

Major Douglas has pointed out the danger of this method for raising and tax shows to the way out of our difficulties. There is a kind of ticket and cuts very little to create. When the Treasury authorized Treasury (planned) budget it used them. It is Treasury authorized money to be used to be through. Post office would probably be readily accepted.

The security for the National Credit is the Nation's capacity to produce and deliver wealth. Last year people still imagine that there is a hoarding of gold paid behind our money system, whereas in actual fact, there are not £200,000,000 of deposits. To go fully into the Douglas Social Credit Scheme is impossible in this letter, but certain facts must be emphasized. 1. There is no central plenty and actual poverty.

2. That money should be merely a means of distributing the things we need, and should be abolished, and new and different methods devised. 3. That, as a necessary result, it is necessary to strengthen discipline, law, and punishment should be applied to those dependent on employment. 4. That it is possible to create money up by any required amount, and yet avoid inflation. Here is an extract from "Social Credit" of December 30, 1931:

"The latest Committee appointed by the Executive Council of the Assembly, presented its report to Parliament on October 29, 1931. It suggested that the Committee's enquiries should be directed to the basic principles on which money and credit were issued and controlled, and showed that the Committee believed that it was possible to find a just and equitable method of distributing wealth." On the evidence placed before the Committee finds that the people are being prevented from producing, consuming, utilizing and enjoying the material wealth, not for the social or individual benefit, but for the sake of the production of the past 50 years, that the means of the production of the purchase power in the hands of the community as a whole and that the means of production, remained only by— 1. Restoring to the community of effective control of money in all its forms; and 2. The formation of a commonwealth of machinery which would secure equalization between the Community's production and the Community's needs. Yours etc., N. J. Yairi, January 29, 1932.

### THE FUTURE OF EAST AFRICA

To the Editor, "E.A. Standard," Sir—Mr. H. Morgan's letter on "The Future of Eastern Africa Union" in your issue of January 25 is very interesting. He quotes paragraphs from articles written by a "Platitudinarian South African" (whose name is not mentioned). In one paragraph, this gentleman suggests that England may grow weaker and sicker. (1). Such a thing will never happen, and is indeed extraordinary. But the writer should give some thought to the fact that England is a Union of Great Britain and Northern Ireland, with the Union of South Africa's. In your readers realize, what an acquaintance with the Union of South Africa would mean? (2) That Afrikaans (a language unknown outside South Africa) would become an official language with English. (3) That our Union flag would no longer be considered sufficient, but would have the Union Flag (on which the Dutch flag is almost completely by its absence) flanked by the Union of South Africa's. (4) That your schools would be run by Dutch South African teachers, which would mean children learning their own English language with a Dutch accent—which is what is now happening in the Union. (5) That no Britisher could get any Governmental job (and few other jobs either), unless he or she spoke South African. (6) That you would all be mixed together in one speech, and become "Afrikaners", mutually being one people. A visitor from the old country, visiting the Union for the first time, looks as if he had come to a foreign land. A foreign language (Afrikaans) is heard on all lips, and signs are written in this, as well as in English, also stamps are in French, Italian, and from Trieste. With the exception of the few weeks during the Jubilee celebrations, the South African stamps have a King's head on them.

If any of your readers is eventually amalgamated as at least the official language, and the Union Jack has one and only day.

The "unplanned" South African goes on to say that "The Greater South African Union" is being formed in the north of Lake Tanganyika and the Livingstonia Mountains. Here, that means that the Union of South Africa has already arranged to take the Rhodesia into its grip! For the sake of Rhodesia, we will never play such a kind trick on our own continental British members.

It is a pity that the editor of this paper, who writes in English, also stamps are in French, Italian, and from Trieste. With the exception of the few weeks during the Jubilee celebrations, the South African stamps have a King's head on them.

If any of your readers is eventually amalgamated as at least the official language, and the Union Jack has one and only day.

THE BRITISH IN NAIROBI, January 29, 1932.

### CUSTOMS FORMS

To the Editor, "E.A. Standard," Sir—With reference to items C and D on the Customs Form, Uganda and Tanganyika would like to see the Customs Form, which contains exactly the same information with the exception of one column, namely, that this should make a certain error from the fact that they allow up all the details reported from the respective ports of the respective territories. In fact, the Customs Form is not a form, but a list of items which must be filled in by the respective territories. In fact, the Customs Form is not a form, but a list of items which must be filled in by the respective territories.

THE FIGHTING SERVICES SHIPS V. AIRCRAFT

To the Editor, "E.A. Standard," Sir—The article which appeared in your issue regarding the value of our ships, is very interesting. It quotes paragraphs from articles written by a "platitude" of our own country, who writes in a number of places, and states that the comparative value of a ship or aircraft is not a matter of opinion, but a matter of fact, and is based on the cost of the ship or aircraft which is being compared. In every branch of the fighting services, the value of the ship or aircraft is not a matter of opinion, but a matter of fact, and is based on the cost of the ship or aircraft which is being compared. HOME FOOTBALL RESULTS. A Day of Heavy Scoring. CHESTER BOORE A DOZEN

Standard Correspondent. London, Feb. 1. Saturday was a day of high scoring in the leagues, indeed it proved to be the biggest one of goals in one afternoon since the opening of the season. The biggest score was registered in the afternoon when Chester defeated twelve times without reply in the match between Chester and Chester City, which was registered. One team in this section scored a dozen goals, two others set one, and three drew. Six clubs scored six goals, two registered five in the various leagues. Twelve teams were recorded with one goal, one scored no goals. Chester drew with Chester City in the afternoon. The County were defeated by the County in the afternoon. SUSU A.S.C. SWIMMING GALA. Successful Event at Salisbury Baths. Young Girl's Success

Standard Correspondent. London, Feb. 1. The Susu Amateur Swimming Club held its first gala for over a year on Saturday afternoon at the Salisbury Baths. The weather conditions were ideal but the attendance did not come up to expectations. Twenty-one events were included in the programme and for each there was an excellent entry, indeed, in some cases, the number of swimmers was so large that they had to be run off in heat. The outstanding swimmer among the juniors was Miss Helen Bostwick who won the 100 yards and 200 yards, and was placed second in the 50 yards, a very fine performance. The 40 yards open section race for women provided one of the keenest finishes of the afternoon, five of the competitors practically touching the end of the bath together. The winner was E. Bostwick, who was followed by Miss M. T. Taylor, C. Bostwick, and Guy Finch. One of the most interesting events on the programme was the 100 yards mixed. All five competitors were of various ages and it was only by a narrow margin that Miss M. T. Taylor won. The 100 yards mixed was won by Miss M. T. Taylor, who was followed by Guy Finch, C. Bostwick, and E. Bostwick. The 100 yards mixed was won by Miss M. T. Taylor, who was followed by Guy Finch, C. Bostwick, and E. Bostwick.

ROCKEY NEWS AND NOTES. Scotland Loses at Murrayfield. Superior Welsh Forward Play. LIND ABSENT FROM SCOTS' TEAM

Standard Correspondent. Edinburgh, Feb. 1. Murrayfield hosted a crowd of over 50,000 this afternoon for the international rugby match between Scotland and Wales. Fifteen thousand Welshmen travelled to the capital of Scotland to see the game. Early morning rain was followed by sun, and the ground was soft when the teams took the field. Scotland attacked after a quarter of an hour's even play, and when the Scots forwards were having the best of the scrum, Wales had several breaks but they were nullified by the defence until Jones, securing from a scrum, sent in Woodier, the latter scoring but Jenkins missed the kick. HOUSE OF COMMONS MEETS TO-DAY

A Heavy Session Expected

INTERNATIONAL OUTLOOK

Important Debate Likely Next Week

[WIRELESS.] Rugby, Feb. 3.

An exceptionally full programme is before the House of Commons when the Parliamentary session is expected to resume after a recess of two weeks.

An early debate of special interest will be that on the international situation, to be held probably next week. The session will start with Mr. Anthony Eden's debate in the House of Commons as Foreign Secretary.

Plans for repairing gaps in the defence forces which have been the subject of long examination by the Committee of the Cabinet for some time past, will be debated later in the session, on a White Paper explaining a strategical policy.

Important domestic legislation awaiting attention includes Bills for the raising of the school age, for extending the unemployment insurance system to include 750,000 persons engaged in agriculture, and an amended consent to the purchase of 600,000 animals for the development of civil air communication, for the reorganisation of the post and telegraph industry, and for the extension of the ship-owning industry.

In addition the Budget and Finance Bill will make heavy demands on the time of the House of Commons. British Official Wireless Service.

IF GERMANY SEIZED KENYA

46 per cent Would Defend the Colony

A Fifth Uncertain

REFLECTS TO A LONDON JOURNAL'S QUESTIONNAIRE

[WIRELESS CORRESPONDENT.] London, Jan. 26.

The "Daily Express" has instituted a series of questionnaires designed to get the views of its readers on a variety of subjects.

One of them dealt with the threat of war and the figures showed that approximately 56 per cent of its readers would be prepared to defend their country against an invader.

Another question was "Would you fight if Germany seized Kenya?"

The replies showed that 46 per cent would fight in the Colony's defence, 21 per cent would consider it a war of their country's interest, and 33 per cent "don't know."

Hailstorm Causes Death & Desolation

SHOWER OF ICE FRAGMENTS THE SIZE OF COCONUTS

Nineteen People Killed

PHENOMENON FOLLOWED BY GREAT DELUGE OF RAIN

[ETHIOPIAN BUREAU'S AGENCY.] Cape Town, February 3.

Nineteen natives so far are reported killed near Letleng, Transvaal, as a result of the worst hailstorm within living memory.

The storm broke like gunfire and fragments of ice as large as coconuts fell for half an hour until they were piled to a depth of three feet on the ground.

Natives courageously attempted to rescue their relatives and womenfolk but all unable to reach others were killed, the bodies being terribly mutilated.

It is estimated that fifteen inches of rain fell in fifteen minutes following the fall of ice.

The town of Springbok Flats is reduced to the pitted appearance of a Flanders battlefield.

More casualties are feared.

# Labour Difficulties in the Thika District

## ALLEGED INEFFECTIVENESS OF PRESENT KIPANI SYSTEM

### Proposed Conference

Labour problems are likely to be the subject of discussion at a labour conference representative of the annual meeting of the Thika District Association is implemented.

Strong complaints were made at the Thika meeting of the kipani system and which natives regarded the view was expressed that unless Government did something to strengthen the system, the chaos of early days before the system was introduced, would again be experienced.

### "A Complete Farce"

The annual general meeting of the Thika District Association, which was held at the Blue Point Hotel on February 29, when some 45 members were present, including Mr. J. M. O'Brien, District Commissioner. The Chairman, Mr. James Mwangi, opened the meeting with a tribute to the memory of the late King George, and stated that the late King, who had departed a telegram to the Association, had expressed deep sympathy with all the Royal Family and also loyalty to the Queen. Mr. O'Brien, in the pasting of King George, had expressed his sympathy with all the Royal Family and also loyalty to the Queen. Mr. O'Brien, in the pasting of King George, had expressed his sympathy with all the Royal Family and also loyalty to the Queen.

### Review of the Year

Mr. O'Brien, as retiring chairman, gave a short review of the year's working of the Association. He stated that since the beginning of 1959, the Association had been successful in its efforts to bring about a settlement of the labour dispute.

### Proposed Labour Conference

Further discussion took place with reference to the proposed conference. It was decided that a conference should be held in the near future to discuss the labour dispute and to propose a settlement.

### Meeting of Officers

## Crisis Developing at Naval Conference

### DISAGREEMENT BETWEEN FRANCE AND BRITAIN

#### Germany's Position

OPPOSITION TO PROPOSAL TO INVITE HER TO ATTEND

[THROUGH BRITAIN'S AGENCY.]

London, February 3. While the sub-committee of the Naval Conference is making progress and to-day agreed to the principle of extending the life of a battleship to 20 years, an important crisis is developing behind the scenes.

It is caused chiefly by disagreement between France and Britain with regard to inviting Germany to the Conference.

#### "ILLEGAL NAVY"

It is understood that Germany is not bound by the Anglo-German Treaty to limit the size of her ships; hence Britain is anxious for her admission to the Conference.

France, however, objects on the ground that the German Navy is illegal.

#### U.S.A. DEMAND

At the same time the United States is demanding 80,000 ton battleships while France is pressing for a limit of 7,000 tons.

## DOCK STRIKE IN FRANCE

Expected to Last Several Weeks

#### Ships Held Up

#### CRISIS POSITION AT MARSILLIES

[THROUGH BRITAIN'S AGENCY.]

Marseilles, Feb. 3. A strike of 8,000 shipyard workers began to-day and is expected to last for several weeks. The strikers have taken effective measures to prevent any work being done.

#### Stagnant Port

London, Feb. 3. The Marseilles dockers' strike has resulted in a complete stoppage of shipping to and from the port.

## NATIONAL CONFERENCE FOR PALESTINE

Campaign to Raise 3,500,000 Dollars

#### NATIONAL HOME

The Emigration of Jews from Germany

[THROUGH BRITAIN'S AGENCY.]

New York, Feb. 3. A National Conference for Palestine attended by Sir Herbert Samuel and Lord Bessborough representing British Jews unanimously pledged support for a campaign to raise three and a half million dollars.

The conference reaffirmed the boycott of German goods. Lord Bessborough stated that five million sterling was required to finance the emigration of 100,000 German Jews whom it was proposed to move.

## STRUGGLE FOR MAKALE

Recapture Said to be Imminent

#### Ethiopian Claim

TOWN SUBROGATED AND GARRISON ISOLATED

[THROUGH BRITAIN'S AGENCY.]

Addis Ababa, Feb. 3. The recapture of Makale is imminent, according to information reports from the Northern front. It is stated that the rear which loses the main water supply has been deserted, the town is surrounded and the garrison is isolated at the end of a long line of communications.

## THE UNEMPLOYED

Weather Affects the British Figures

[THROUGH BRITAIN'S AGENCY.]

London, Feb. 3. The number of unemployed in Britain, was reported in figures of 2,011,000.

#### SMITHFIELD STRIKE

Ten Thousand Men Involved

[BY WIRELESS.]

The strike which began at midnight on Sunday at the central meat market at Smithfield still continues. It is estimated that 10,000 men are involved.

A number of meetings were held yesterday, suggestions having been brought about of the request of the Ministry of Labour.

#### TRIAL BY PEERS

House of Lords Opinion Being Tested

[BY WIRELESS.]

The opinion of the House of Lords will be tested in the question, which was much discussed during the recent trial of Lord Chief Justice who was acquitted after a fair trial, and played on several occasions for the Naivasha and Police trials.

#### IN DAMASCUS

Nationalist Uraet Continues

[THROUGH BRITAIN'S AGENCY.]

Damascus, Feb. 3. The nationalist agitation continues. The day today was treated as a day of mourning in the city. The banners of the nationalists were hoisted with hoarse yells. No sign of the nationalists was to be seen.

## DATE FOR OIL SANCTIONS

Expected to be Fixed Soon

#### Experts' Work

Report Likely to be Ready by Week-End

[THROUGH BRITAIN'S AGENCY.]

Experts from twelve countries forming the committee to investigate the technical aspects of oil sanctions to-day elected Senator Gomez, Mexican Ambassador to Paris, as chairman.

At the December meeting of the Committee of Eighteen, Senator Gomez was one of the foremost in pressing for the immediate imposition of oil sanctions.

The members of the committee of experts are unanimous in their desire to complete the study of the question as expeditiously as possible.

#### Early Decision

A later message says that the date has already in favour of a date being fixed for the endorsement of oil sanctions, according to competent observers here.

It is pointed out that the principle of the sanctions has already been agreed.

It is expected that the committee of experts will report by the week-end so as to enable the Committee of Eighteen to make a recommendation.

## Seeking to Probe the Secrets of Pneumonia

DOCTOR WHO CONTRACTED DISEASE DURING RESEARCH WORK

#### Search for Preventive

REFERENCE TO STUDIES AT THE KENYA MEDICAL RESEARCH LABORATORY

Research work with a view to learning more about pneumonia and particularly with the object of reducing its incidence was carried out at the Kenya Medical Research Laboratory during 1934.

The Senior Bacteriologist estimates that 85 per cent of the work done at the Laboratory is on behalf of natives, whilst the remainder either in so far as Government servants are concerned, is paid for directly by the non-native community.

#### Native and Non-Native Work

In the Medical Research Laboratory a annual report for 1934, the Senior Bacteriologist, Dr. E. P. Cornick, mentions that during the year Dr. P. O. O'Sullivan, Assistant Bacteriologist, was particularly engaged in the study of pneumonia with a view to its prevention.

"This," Dr. Cornick observes, "is a very serious attack of pneumonia." The London School of Hygiene and Tropical Medicine have arranged to send out to East Africa the holder of one of their scholarships to visit during the summer and in a broad test part, at least, of his time will be spent at this Laboratory. This work will be managed upon a strictly scientific basis, and it is earnestly hoped that this is only the first of a succession of workers upon disease problems who will be developed in time to the good benefit of the Kenyan people.

### WITNESS CALLED TO IDENTIFY ARROW

of murder and his actions were solely self-defence. I was wounded in the left arm, by the deceased and the man who was (deceased's brother), who were in the act of strangling me, when I had to resist to defend myself." Crown Counsel held that the evidence at the trial pointed to a deliberate assault and did not sustain the allegation of a counter-attack or self-defence. The Court reserved judgment.

### Shot With Arrow

At the trial, it was alleged that Felto murdered Omani, his Nyundo, by shooting him with an arrow about August 26, 1935 in the Mwanangwa Anzani area of the Kundu district. It was alleged that had blood existed between Felto and Omani on account of the latter having lost a case arising from a land dispute. Omani was alleged to have said that he would make trouble over this in certain eventualities. Omani was pinned by an arrow some time after the accused had been seen running away from the scene, or its whereabouts. The defence consisted of a denial, and an alibi.

The Appeal Court held that the identifying of the arrow found sticking in Omani's chest as being the property of accused was an important point. This arrow had been identified by the witness, the maker, but the trial judge had ruled as a witness that he had actually claimed to have made the arrow, on finding the latter in Court at the trial.

Crown Counsel, Mr. Demasius, submitted that it was only on the finding that the judge had seen Felto to call him, in the interests of justice. There was other evidence of the identity of the arrow that was sufficient but, apparently, the trial judge decided to make certain on this point. The President remarked that the trial judge apparently reasoned, "I don't believe the donor of the arrow; I will call this witness to verify my doubt." "Is it right that the donor should be handed against accused?" queried the Chief Justice of Tanganyika (the Sidney Abraham). He added in reference to the calling of this witness: "The expression in the interests of justice is a very dangerous term covering a multitude of transgressions."

Crown Counsel admitted that the calling of this witness to identify the arrow was irregular. Thinking to consider judgment of the President of the Court, Sir Joseph Sheridan, said: "The question is this: If the judge had not called this witness whom would the case stand?"

### Work for the African

"An attempt has been made to estimate what proportion of the time and energy of the staff of the Laboratory has been expended upon native and what upon non-native work. It is impossible to make an exact estimate, but a close approximation has been arrived at. It has been found, mainly by actual counts, that somewhat more than 50 per cent of our work is on behalf of the native. In this connection it may never be forgotten that the position on behalf of the non-native is a very large portion of Government by actual fees paid for directly in cash to Kenya Coffee Co. Practically speaking, except for that done for Government officials, all the work for non-natives is paid for in sales which correspond to the actual cost of such work."

### Terrible Pains After Eating

To have terrible pain after every meal, is a distressing fear of the inevitable indigestion. It is, in fact, a confirmed stomach sufferer—such was the unhappy lot of Mrs. A. E. B.—until she began taking Maudslowi Brand Stomach Powder.

"I am writing to thank you for the handsome Maudslowi Brand Stomach Powder has brought you," she writes. "I was a great sufferer from stomach pain after the simplest of meals. I never dared to eat any ordinary meals without terrible indigestion pains. For years this has been the case, but thanks to your wonderful Powder I am now able to take my food without the fear of those terrible pains—my only regret is not knowing of Maudslowi Brand Stomach Powder before!" You can obtain just as great relief as Mrs. B.—but be sure to ask your chemist for the genuine Maudslowi Brand Stomach Powder and to see the signature "ALEX. C. MACLEAN" on carton and label. It is not sold only in bottles in cartons. If you have any difficulty in obtaining it from your chemist or store, write to Messrs. McGeorge Ltd., P.O. Box 28, Nairobi.

Commandant of the K.D.F. Resigns

O.C. TROOPS TO REPLACE GENERAL LEWIN

"Pending Reorganization Decision" GENERAL LEWIN UNABLE TO SAY K.D.F. IS A CREDIT "AS IT STANDS TO-DAY"

It is announced in the "Official Gazette" that Col. J. A. Campbell, D.S.O., Commander, Northern Brigade, K.A.M., has been appointed to act as Commandant of the Kenya Defence Force with effect from January 31, pending a decision as to the reorganization of that Force, Vice Brig-General A. C. Lewin, C.B., C.M.G., D.S.O., A.D.C., who resigned.

In a Farewell Order to the Force, General Lewin says he only wishes that he could have had the satisfaction of handing over a Force as efficient as it should be, but, despite the keenness and energy of officers and men, he regrets he is unable to say that "the Kenya Defence Force as it stands to-day is a credit to the Colony or to the Forces of the Empire of which it should form part." He pays a tribute to the splendid material.

He hopes Government will find itself able to accord to its successor the further measure of assistance, both material and moral essential to the organization and training of any troops worthy of the name of a military force.

Fine Material Neglected

The Commandant's Farewell Order dealt primarily with the need for publication yesterday by Colonel T. O. Fitzgerald, Chief Officer of the Force, at the request of General Lewin, its terms are:

On resigning command of the Kenya Defence Force I wish to convey my hearty thanks to all ranks for the loyal support which has been accorded me during the period of my command.

In this Force, which personnel should be to be found serving in every rank, and where, without surprising distinction, it is easy to maintain a close touch with its members there is possible in other formations, there must be many who will realize the very genuine regret with which I now bid you goodbye.

I take this opportunity of thanking you for the good work done by the Headquarters Staff. I have indeed been fortunate in my command. I have received from my Staff Officers and those under them.

It is hardly necessary to mention the District Commandant and the Officers Commanding the formations, who have rendered me so much assistance and the value I received from the good work which has been done in spite of their many hardships.

I desire in particular to convey my hearty thanks to those officers who have had the satisfaction of serving with me. I have not had such a good opportunity of meeting, by the approach of which they have accomplished and my sincere thanks for their good work.

I only wish that on resigning my command I could at least have had the satisfaction of handing over to my successor a Force as efficient as it should be, but, despite the keenness and energy of officers and men, he regrets he is unable to say that "the Kenya Defence Force as it stands to-day is a credit to the Colony or to the Forces of the Empire of which it should form part." He pays a tribute to the splendid material.

Midnight Meeting of Fascist Grand Council

RECENT VICTORIES REGARDED AS DETERMINING FACTORS

Reply to Oil Sanctions CONSIDERATION GIVEN TO LINES OF COUNTER MEASURES

[BY WIRELESS.] Rome, February 5. After sitting for two and a half hours the Fascist Grand Council meeting concluded at half an hour after midnight.

A communiqué states that the Council regard recent military victories on the Eritrean and Somaliland fronts as determining factors in the situation and reaffirms its firm decision to reach the objective for which the military effort was initiated.

The Council drew up the lines of Italy's counter measures in the event of the stiffening of sanctions and adopted a motion by the Finance Minister for the strict control of foreign trade.

GENEVA DISCUSSIONS

[BY WIRELESS.] Geneva, February 4. Italy's capacity to manufacture oil substitutes and the extent of her oil reserves formed subjects for the oil experts' attention to-day.

Some members, including M. Pihol (France) expressed the opinion that, with the help of Germany, coal alcohol, Italy would be able to overcome the embargo. "Others," including Mr. Starling (Britain) thought Italy was not in a position to manufacture substitutes in sufficient quantity at present, and pointed out that the German Bergius process for the manufacture of oil from coal was extremely expensive.

The experts found that Italian figures of oil exports did not tally with foreign countries' experts, but this is due to the former not taking into account consumption for military needs. It is believed that Italian supplies are much larger than was previously thought. Investigations in this connection are proceeding.

THE POST OFFICE

Over £11,000,000 Surplus on Year's Working

[BY WIRELESS.] The estimated accounts of the General Post Office show a net surplus of £11,000,000 for the year ended last March. This is £3,000,000 less than the previous year's surplus, and the chief reason for the reduction is the increase in expenditure owing to the extension of the telegraph and postal services.

RAILWAY GOLF CLUB NOTES

Reflections on the Gymkhana

A PLEASANT AFTERNOON'S SPORT

The table was a great success. There was a great turnout of members to the gymkhana and the day was well supported. The afternoon was a most enjoyable one and the members who participated all enjoyed it very much. The members who participated all enjoyed it very much. The members who participated all enjoyed it very much.

THE GRAND NATIONAL Entries and Weights for Antree

Table listing entries and weights for the Grand National Antree, including names like M. J. H. Jones, J. H. Jones, etc.

Sporting Diverities

Booth and Jarrett put on 105 for the first meeting for Railway on Saturday against Civil Serv. The same pair have been covered in two different meetings...

Manuhai, captain of the Football team, was the grand National to be in an Antree on Friday. Manuhai's team were: M. J. H. Jones, J. H. Jones, etc.

The swimming gala on Saturday afternoon was a marked success. The number of entries for the Junior events clearly demonstrated the growth of this section of the club.

There was plenty of enthusiasm over the inter-schools games, won by the Prince of Wales School. They won by over half a length.

Sir Russell Bennett, who has completed sixty years active service with the Hampshire County Cricket Club, has retired from player to private, as to retire from the service of the club.

Three paid secretaries to local stewards have been appointed by the Stewards of the Antree. They are Mr. J. H. V. Fox, Captain Mr. H. Sturges and Mr. J. H. V. Fox.

The secretaries will take up their duties at beginning of the flat racing season at Lincoln on March 27. Their duties will be to assist the local stewards in exercising a general watch and control over the conduct of racing.

One of the greatest trainers of this generation and that who will be the best Blackwell—lying seriously ill at Newmarket.

There is a problem as to whether or not one name might be linked with that of Matthew Dawson, John Porter and others.

Wainwright's Loss W. Wainwright, the famous Welsh centre threequarter, will be lost to British Rugby football by going to India at the end of the summer.

The Galoshmen tennis club is going ahead, and it is hoped to play their first competition at 1700 next date. Already one hand some trophy has been presented for play after the summer.

During the past week or two considerable work has been put on the course, which are now in the order.

Wainwright defeated the Poles on Saturday in a friendly cricket match. Painsi defeated after scoring 114 for the loss of 10 wickets. The top scorer being H. P. Hodge (20 not out). Wainwright scored 124 for 4. (1) Hodge (20 not out).

M.C.C. Win in New Zealand The M.C.C. team now touring New Zealand beat Wellington a few days ago by 105 runs. M.C.C. declared their first innings closed 120 for 2 (Plate 113) and in their second knock they scored 136 for 8得失.

Wainwright was all out for 130 in their first innings (R. I. Newell 50). There was an ample collapse in their second innings. Wainwright scored 75, only three men were left at the close. Runs had 5 for 80 and Parks 4 for 11.

W. H. L. Foster has accepted the captaincy of Lancashire in succession to P. T. Enderby. E. Tyldesley has been chosen to honour the number of the club. He has already offered his occasional services as a wicket-keeper.

All Blacks Victory The All Blacks Rugby team have scored a brilliant victory recently, but a hard side as they overcame by 22 points to nil.
