Situation in Japan

Still Critical

ABSENCE OF NEWS LEADS TO RENEWED ANXIETY

Military Dictatorship

SAID TO HAVE BEEN ESTABLISHED BY FORMER WAR MINISTER

The situation in Japan following the military coup d'état and the assassination of Ministers and high officials is still obscure.

Messages received from various sources yesterday morning suggested that the rebels had decided to surrender but the impossibility of communicating with Tokioka led to the belief that the position was again critical.

It is reported from Shanghai that a military dictatorship has been established in Japan.

Position Obscure

(WIRELESS) TOKYO, Feb. 27. It is officially announced that the military have been finally defeated by War from 1931 to 1935. An established military dictatorship.

Attacked by Rebels

(WIRELESS) TOKYO, Feb. 27. Admiral Kato, War Minister, has been attacked by rebels. The Chief Chamberlain, in a critical condition as a result of an attack by rebels yesterday.

Promise to Surrender

The surrender of the military was announced at a meeting between three of their leaders and three members of the Supreme War Council at which the latter authorized the alternatives of a peaceful or a forcible settlement.

The city has resumed its normal life, but public meetings and the sale of arms and ammunition have been forbidden. Newspapers and other publications are being strictly censored.

Ministry of the formation of a new Government is being discussed and it is believed in well-informed circles that despite the surrender of the rebels the judgement of the military extremists will be strongly reflected in it.

Resigned Crisis

Stagnation, Feb. 27. Except for a sparse cadaverous state, the situation in Japan is progressively unimproved. There has been nothing but silence from Tokyo this morning. This suggests that the dictatorship has again been tightened up and more drastic measures than the rebels have carried out. Their promise of a peaceful surrender at 8 a.m.

Japanese resources in Shanghai are without news but are expected to have become more overcast.

Cable and telephone communication between Tokyo and Shanghai has again been cut off. The situation is again very critical. The majority of the occupied Government buildings has been surrounded by units of the Chinese army of the Garisno. The presence of a crisis.

An Ultimatum

The rebels have been given six hours to surrender.

Military Dictatorship

A later message from Shanghai is to the effect that an ultimatum

UNIFORM TIME IN EAST AFRICA

Dar es Salaam Favors Compromise

TANGA OPPOSES

(WIRELESS) ZAMBESIA, Feb. 28. At a meeting of the East African Chamber of Commerce and Agriculture held last week the subject of a uniform time in East Africa was debated.

After considerable discussion it was agreed that the question of Government should be referred to the master, with the information that the Chamber was prepared to agree to the fixing of the time at two and three-quarter hours east of Greenwich in place of the existing three hours.

Tanga Chamber

Information has also been received in Dar es Salaam that the Tanga Chamber of Commerce last week expressed its opposition in any alteration in the present time of three hours ahead of Greenwich.

Italy Unable to Sign the Naval Treaty

CONFERENCE MAY CONTINUE ON THREE-POWER BASIS

France Undecided

(WIRELESS) LONDON, Feb. 27. The Italian Ambassador, Signor Dino Grandi, has informed Mr. Anthony Eden that Italy is at present unable to enter the naval agreement owing to a difficulty in connection with the size of battleships and procedure.

THREE-POWER AGREEMENT

It is expected that the Naval Conference will be continued on a three-power basis, although it is feared that the French attitude owing to the French treaty may affect the Mediterranean question.

FRENCH UNCERTAINTY

It is intimated, however, that France has not yet reached a final decision in regard to signature of the Treaty.

OBJECTIONS TO SIGNING

The difficulties of procedure which have been raised by the Italian delegation to the Naval Conference, and as a result of which, as well as of certain technical difficulties, they are not for the present ready to sign the Naval Agreement, are understood by the newspapers to refer mainly to Italian objections to actual signature while the present political situation in Europe persists. The objections do not apply to a continuance of the process of drafting a new agreement.—British Official Wireless Service.

**WHITE BORER AND
PHEIDOLE**

View of Agricultural
Department

REPLY TO AN ARTICLE

The Entomological Section of the Department of Agriculture has sent the following note in reply to the article appearing in the "East African Standard" of February 21:—
"The epidemic upon which your Deputy Subah correspondent bases his central article on the White Borer appears to be somewhat weak. It is of course well known that where coffee is planted for marketing one of the objects of White Borer larvae are found where the buds are. The reason given for this by your correspondent is that the larvae of the White Borer are killed by Pheidole ants, appeared to be based on the ground level to do so. It is possible that these would be attracted to a dead larva but not to a living one. Further if Pheidole larvae then there should never be a White Borer outbreak in a well-kept coffee zone. Pheidole is distributed throughout the Makindu area. It has often been in the hands of coffee and in some cases has done damage before landing in the coffee zone in Makindu."
It is known that the white borer larvae hatch when it is ready to lay eggs down the trunk of the tree to ground level to do so. It is possible that if the tree is banded it will be destroyed from eggs above the band and will lay eggs above the band. It is well known that the greater number of larvae found above the bands in banded coffee.

Not a Preventive

Further it should be pointed out that mowing the bushes higher over the main main is not a preventive as the main main is a less dangerous position will not prevent the breeding of larvae in the coffee zone. The larvae hatching will take place in the same position and serious damage will be done. It is possible that the larvae can apparently develop in the ground in wood which is three-fifths of an inch in diameter. It has been shown that water can work on the lines laid down to the Department for the control of the borer will if properly carried out reduce borer infestation and consequent damage. The use of pheromone or small size and other preventive methods for one which has not been proved useful and it is difficult to see that it should be realized also that it is a preventive in a plantation (Continued in next column.)

SEA FREIGHT RATES

View of Joint East
African Board

["STANDARD" CORRESPONDENT.]
London, Feb. 19.
The monthly meeting of the Joint East African Board was held on February 6, when Colonel Humphrey took the chair in the presence of Mr. Geoffrey Peto, Chairman of the Board, and other members of the Board. The meeting was held on the 21st January and about which notes have already been published.

With regard to the question of sea freight rates, the Chairman reported receipt of a letter from the East African Trade Section of the Liverpool Chamber of Commerce dated January 29 regarding rates of freight from East Africa to London.

Colonel Humphrey pointed out that the question had been brought up at the Colonial Office Conference. Speaking generally he thought it was perhaps unfortunate that freight rates should be governed by the price of commodities as at the moment seemed to be the case.

Workmen's Compensation
Mr. Humphrey's report said he had received a further memorandum from the Joint East African Board on the question of Workmen's Compensation in East and West Africa. He had not however had time to study it and it was decided to postpone discussion on the subject to the following meeting. Sir Humphrey and Mr. Holt will consider the matter together.

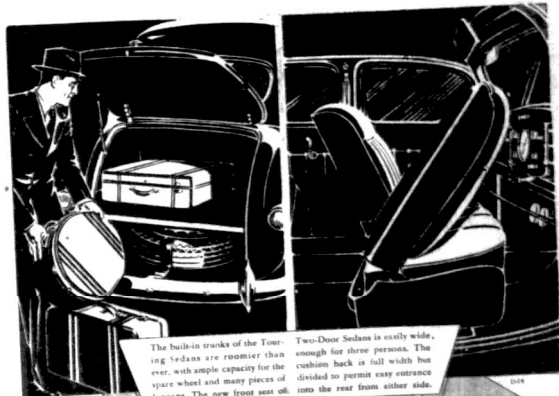

East African Union
Colonel Peto's report included a long letter from the Association of Chambers of Commerce of Eastern Africa on the question of the Union of East Africa Territories. It was decided to postpone discussion on the subject until the next meeting.

Mr. Peto's report dealt with the question of the transference of officials in East Africa, particularly administrative officials. Sir Humphrey's report suggested that this matter was one which should emanate from East Africa rather than from the rest of the continent.

Mr. Peto's report also dealt with the question of the transference of officials in East Africa, particularly administrative officials. Sir Humphrey's report suggested that this matter was one which should emanate from East Africa rather than from the rest of the continent.

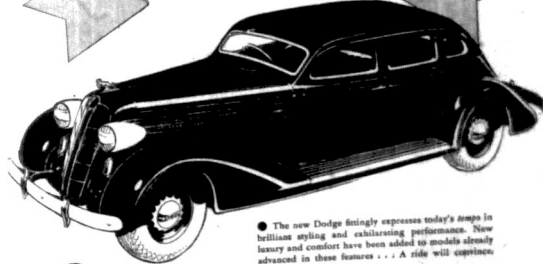

While the Department does not wish to minimize in any way the damage which will be caused in plantations within the White Borer area if control measures are neglected, your correspondent is probably in error in presenting the measure of this insect as a present in the area for at least one year, and probably longer, and surveys carried out five years ago and again last year clearly showed that it had not increased the rates beyond has been obtained this year from coffee which previously had been free from the borer. It is true that the conditions were very similar to those of other infested plantations. Under Kenya conditions White Borer also will not make coffee growing unprofitable in the most favourable conditions for the growth of the borer on property carried out.

GRADING OF CARCASES AT ABATTOIR

Council Discussion on Memorandum QUALITY OF MEAT

When a recommendation by the Public Health Committee, that the grading of carcasses of the lines suggested in a memorandum from the Medical Officer of Health, came up for approval at Tuesday's meeting of the Nairobi Municipal Council...

His proposal was carried with one dissent. The memorandum stated that there was little doubt that the quality of meat passing through the Nairobi municipal abattoir was not of the sufficiently high standard and that the present system of grading carcasses would have little or no effect on the improving of the quality of the larger part of the carcasses and it was to be graded at all.

Town Council Opposed to the Dairy Bill

WOULD LEAD TO INCREASE IN PRICE OF MILK

Problem of Handling

RECOMMENDATIONS WHICH WILL BE IMPLEMENTED GRADUALLY

Believing that the passing of the proposed Dairy Industry Bill would lead to an increase in the price of milk and consequent restriction of supply, Nairobi Municipal Council this week decided to oppose the measure.

The Council approved recommendations by the Health Committee regarding the type of vessels used for milk and the method of cleaning of them and decided also that bottles or cans used for delivering milk should have tightly fitting stoppers acting as a complete seal.

The Health Committee's recommendations are to be put into practice gradually.

Receptacles and Stoppers

The following milk and dairy recommendations of the Public Health Committee were discussed at Tuesday's meeting of the Nairobi Municipal Council. The Council has agreed that they be referred back being drafted by 15 June 4.

Surrender of Tokio Mutineers

RINGLEADERS PERMITTED TO SHOOT THEMSELVES

Premier's Resurrection

HIS BROTHER-IN-LAW KILLED BY MISTAKE

The mutiny by a section of the troops in Tokio is officially reported to have been suppressed. The mutineers surrendered and a number of the ringleaders were given permission to commit "harakiri."

One of the most amazing incidents in connexion with this crisis was the "resurrection" of the Premier, Admiral Okada who was believed to have been killed when the revolt began. His brother-in-law was killed by mistake and the Premier had been in hiding.

"Honourable Suicide"

[THROUGH BUREAU'S AGENCY.]

Tokyo, Feb. 28.—The rebels had not expected their positions by the afternoon. According to a broadcast from the Japanese Government, who is in command of the troops, they will hold a certain area in Sendai, which is the Government's main building quarter. He stated that he was taking appropriate measures to deal with the situation and added that the morale of the Government troops was high.

A False Report.—Shanghai, Feb. 28.—A report from certain Chinese sources states that the troops in Osaka have voluntarily denied that this is the case. There are growing indications that the constitutionality of the Emperor is being attacked. The Navy also declines a larger share in the military estimates and it may take a strong independent line.

Meanwhile, the Government appears to be perplexed as to how to handle the situation. It is reported that the mutineers are hesitating in the face of the military. There is a complete lack of feeling between the mutineers and the forces which surround them. The mutineers have a considerable amount of sympathy from a powerful section of the Army which would do anything to prevent the Government from shooting the head of "traitors."

There is still no sign of the abductees being taken at the Palace, who the Emperor has ordered with strict reserve.

Rebels Surrender.—Shanghai, Feb. 28.—All the rebels in Osaka surrendered at 11.30 last night, except the Emperor's personal bodyguard.

The Emperor fled over the sleeping buildings dropping left legs which struck the rebel troops to surprise the garrison. The mutineers and troops then began to advance towards the building, but not with any resistance. The numbers of the rebels had diminished and at about 1.00 a small group of mutineers had surrounded during the night.

PREMIER REAPPARS.—Mistaken Report of His Death.—Tokyo, Feb. 29.—The Cabinet, informed that the Premier, Admiral Okada, was dead during the night.

A message from Shanghai states that eight of the ringleaders have been revealed to modern agents, to commit heinous offenses. Their names will not be reported here.

A large message says the leaders have revealed to modern agents, to commit heinous offenses. Their names will not be reported here.

Dismissed.—Three ringleaders, seven were dismissed, but the mutineers who had revolted against him could have been. Sanitized by the Emperor on Thursday evening.

MR. M. A. WETHERELL

A New Producer for Nairobi

MR. M. A. Wetherell, who is producing "Baby Mine" at the Empire Theatre on Wednesday evening, is a welcome newcomer to the Nairobi stage, for he brings with him long and varied dramatic experience.

For two and a half years he has been with Sir Frank Benson in Great Britain, and did eighteen months in Shakespearean repertory and costume plays with Mrs. Fanny Kemble, the most famous woman "Hamlet" of her day.

After that he was associated in the theatre with Sir John Martin Harvey, and later, in London, with Mr. Cyril Maude, playing important parts and acting as Mr. Maude's personal secretary.

During those London seasons Mr. Wetherell and several other Shakespearean enthusiasts produced Shakespearean costume productions on Sunday evenings at the Lyceum Theatre, and also at the Lyceum Theatre, and also at the Lyceum Theatre.

"In November, 1914, and Mr. Wetherell, upon one very foggy and morning, I became, as my wife said, temperamental, and decided to leave the stage, with all its attractions and all its heart-aches, so I sold up everything and decided that I would become a field engineer. Well, my wife and I went to the land of sun-shine and bonanza in Northern Rhodesia."

"With a reasonable purse I bought a stretch of land that required two days to ride the homestead on horseback. Some two and a half years later, when fortune came to me, I turned to the stage in South Africa, a happy and a new man."

In South Africa Mr. Wetherell produced some hundred plays. At the Palladium, in Johannesburg, in one year he produced 22 plays and himself took the leading part.

After touring the Union and Rhodesia the production of which films commenced, and again the longing for open air and fresh air again made him leave the theatre and go over to film production. He was associated with

the greatest films produced in South Africa, among which were "The Verelstoks," "King Solomon's Mines," and "The Quarter Master."

Returning to London, Mr. Wetherell produced there a series of plays, and then, after a year in Hollywood, started on "The Life of David Livingston," which brought him back to Africa, which he called "the country of my heart."

Important film work in England followed, in which he was associated with the English, French and German theatres.

But though he travelled the length and breadth of Africa, on his way, the love of the theatre and his open air life brought him to Kenya where he says, "I hope to establish in Nairobi the idea of repertory companies, now so popular in England, and to put on a series of plays which will range as possible at the rate of one a month."

"I feel satisfied in my own mind that there is an audience in Kenya to support such an idea, and that it has every chance of being successful. But we must wait and see. Ample time was said in the House of Commons was said and see."

"BABY MINE"

"Baby Mine" is a farce by an American author, Margaret Moore, who is producing it at the Empire Theatre on Wednesday evening. Mr. M. A. Wetherell is producing it. Although the play opened in London many years ago, it is as fresh today as though it had been written within the last few months. Like all Mrs. Wetherell's productions, it is a most original and amusing piece which gives hours of laughter. Mr. E. B. McEneaney is Africa's modern American husband who makes his own life and that of his wife's enjoyable by his good nature and wit. Miss Gladys Francis plays Zazu, the wife who follows her husband's snuff and goes out to lunch with a man, and Alfred takes himself off in a rage. Mrs. Charles Francis is a definite "find" and a newcomer to the local stage who should be enthusiastically welcomed and enjoyed the audience. Mrs. Caroline McEneaney plays Aggie, a friend who persuades Zazu to bring her husband home. Aggie is a friend who persuades Zazu to bring her husband home.

Matheson Lang in "The Great Defender"

To-night's Films

Capitol Theatre

"On Wings of Song", showing at the Capitol Theatre this evening, brings back Grove Moore and her golden voice. She takes the part of Margaret Hamilton, who impregnates Corbitt (Leo Carillo) with her voice. He uses all his strength to get her home and to find a way to get her home. She appears at the Metropolitan Opera House in New York. On the dramatic side it is not so strong as "One Night of Love", but the music is as good, possibly better. Luis Albornoz controls fifteen minutes of six amusing character studies as local, operative scenes, in which Michael Hammerman, American Union, and Rudolph to three Moore's Mimi in "La Boheme", form the main attraction of the film. The other scenes include two Italian folk songs, "If Babe" and "Pansanello", a rag time number, "Jingle Bells", "The Bells of St. Mary's", and "Love Me Plover."

Princes Theatre

"Skippy", with four child starlets, Jackie Cooper, Hubert Coogan, Mimi Moore and Jackie Seal, will be screened at the Princes Theatre this evening. On Thursday, at the same theatre, "The Squarer" with Jack Holt, Mimi Moore and Zasu Pitts, will be shown.

Empire Theatre

"Lily of Killarney", to-night's film at the Empire theatre, is being screened for two nights only. It is a story of Irish life set amid the hills of Killarney, with an impressive cast including, Sir Patrick Sweeney (John Garrick) in love with an Irish peasant girl, Ellen O'Connor (Gina Mals). He wears his all in a red hat and is played by himself and one owned by Sir James Curran. (Leslie Perrins) the mortician. The other characters include Father O'Flynn, the sporting Padre, and Miss-

The New Torr's Band

THE leader of the new Torr's Band is Mr. Jack Ross, already well known in Nairobi as he was here with the Vardoulis some time ago. In Cape Town Mr. Ross played with the famous Waller Cafe Orchestra. Mr. Ross, King, the bassist, another member of the band, was with the B.R.C. in London. Mr. Ross King, the pianist, played for the African Brass Band, the company in South Africa, and before he came up here appeared in a special broadcast in Durban. Before they came to East Africa the band had played with the Durban Municipal Orchestra under the new conductor, Mr. Edward Dunge. Each member of the band is capable of contributing specialised solo work. The other members include Messrs. Brown (Violin), Hagan (Trumpet) and Bradley.

East Africa & Uganda Natural History Society

ASKS GOVERNMENT FOR A COMMITTEE OF ENQUIRY

"Derogatory References"

SEQUEL TO STATEMENT IN AN OFFICIAL REPORT

Government's attitude to the East Africa and Uganda Natural History Society was criticised in the course of the committee's annual report, presented by the Hon. Secretary, Dr. Van Someren at the annual meeting of the Society which took place at the Coryndon Memorial Museum on Friday night.

The following resolution was carried unanimously—

"In view of the unsatisfactory and unstable financial support given to the Society for the purpose of conducting a public Museum in the Coryndon Memorial, which is an undertaking on the request of Government and the Coryndon Memorial Trustees, this meeting requests Government to appoint a special committee consisting of members of Government, the Municipality and Elected Members of Legislative Council, to investigate the whole position.

Inadequate Funds

In presenting the report of the Executive Committee to the Society, Dr. Van Someren referred to the "derogatory references" to the Society in the report of the Hon. Secretary, Dr. Van Someren, which had been given in the Legislative Council. He mentioned the steps which had to be taken by the Secretary of the Society to meet the Government's demand that the Society should transfer to the Government the Kik Road site being offered on condition that a sum of £10,000 be paid to the Government as contribution to the establishment of the Museum, including the £2,500 compensation and the value of the land amounting to £11,000. The total contribution amounted to £19,000, which was "totally inadequate".

The amount spent annually on upkeep and development of the site was inadequate and out of proportion to the capital required," stated the report.

Continuing Dr. Van Someren pointed out that from 1932 to 1938 the Government grant had been reduced from £100 to £20. He also mentioned that the Hon. Secretary had been asked to maintain the Museum on a grant of £500, which was "totally inadequate".

"It was recalled" that the Society had been asked to contribute to the Museum on a grant of £500, which was "totally inadequate".

The Hon. Secretary had been asked to maintain the Museum on a grant of £500, which was "totally inadequate".

AIR MAIL DAYS CHANGED

South-Bound Times Affected

Fewer Delays Likely

The change in air mail days is expected to result in fewer delays for south-bound services. The new schedule will allow for more efficient routing and scheduling of flights.

Another Version of Bombing at Dessie

A new account of the bombing at Dessie has emerged, suggesting that the attack was more extensive than previously reported. The report details the damage to the town and the impact on the local population.

A Red Cross Incident

An incident involving the Red Cross at Dessie has been reported. The incident involved the handling of relief supplies and the coordination of aid efforts for the affected area.

Time-Table Altered

The railway time-table has been altered to accommodate the new air mail schedule. The changes affect the timing of several key services, particularly those connecting Nairobi with other major stations.

MR. LLEWELLYN

Mr. Llewellyn, a prominent figure in the community, has been mentioned in the context of the bombing at Dessie. His role in the aftermath of the attack and his efforts to assist the victims are being discussed.

Fewer Delays Expected

It is expected that the new air mail schedule will result in fewer delays for passengers and cargo. The improved routing and scheduling are seen as a significant improvement over the previous system.

Healthier Nairobi

Nairobi is becoming a healthier city due to the efforts of the public health officers and the improved infrastructure. The city's reputation as a clean and safe place to live is growing.

NAVAL TALKS TO BE CONTINUED

Paris Approves Three-Power Basis

The naval talks in Paris are continuing, with the three major powers (Britain, France, and the United States) maintaining their positions. The discussions are focused on maintaining a balance of power in the Atlantic and the Mediterranean.

ANGLO-GERMAN TREATY?

There is speculation about the possibility of an Anglo-German treaty. The discussions are ongoing, and the outcome remains uncertain. The treaty would have significant implications for the relationship between the two nations.

ARTS PRIZE

HANCOCK'S STEAM OMNIBUS

The most outstanding qualities of their period were those of Hancock. Realizing the limitations of the contemporary types of steam boilers, Hancock designed an efficient, high pressure boiler which he fitted to his regular service during 1836. Five of these steam omnibuses formed a regular service between Stratford, Paddington and Islington, carrying 12-160 passengers. It has since been recognized that Hancock has achieved a practical success and proved the possibility of steam locomotive on common roads.

New Kenya Loan

Land Bank Capital and Nairobi Water Supply

£625,000 APPROVED: £375,000 TO BE RAISED AT ONCE

Short Term Credit for Farmers

His Excellency the Governor of Kenya has received a telegram from the Colonial Office informing him that, with the concurrence of the Treasury, Mr. Thomas has agreed to the Kenya Government taking powers to raise a loan of £625,000 to provide—

- (a) £500,000 for the Land Bank, of which sum £200,000 is to be set aside for the scheme as proposed in the Interim Report of the Agricultural Indebtedness Committee.
 - (b) £122,000 for the Nairobi Water Supply.
- The actual sum to be raised now will be limited to £375,000 of which £250,000 will be for the Land Bank, £100,000 of this £250,000 being earmarked for the Indebtedness Committee's scheme.

CONDITIONS

- This approval is on the distinct understanding—
- (1) That any proposal to raise the outstanding balance will be subject to prior approval by the Secretary of State and the consent of the Treasury.
 - (2) That advances to farmers will provide for an adequate margin of security based on the value of crops; i.e. they should not exceed an appropriate percentage of the estimated crop value; and further that advances will be made only where the Conciliation Board is satisfied that the grant of such temporary assistance may lead ultimately to applicants' financial re-establishment.
 - (3) That the utilization of the sums earmarked for the Advance Scheme shall be limited in the first instance to periods covering two crops. Any proposal to extend this period will be subject to prior approval.

His Excellency is further informed that a dispatch is being sent dealing with certain points of detail.

SUPPORT FOR DAIRY CONTROL BILL

Nanyuki Farmers Ask for Immediate Passing

'THE BILL OR RUIN'

["STANDARD CORRESPONDENT"]
Nanyuki, Feb. 28.—A largely attended meeting of farmers of the district, held at Nanyuki today, passed a resolution supporting the Dairy Control Bill.
Col. Albery, C.B., who acted as chairman, put forward the resolution, which follows:—
That the meeting of Nanyuki farmers, Feb. 28, 1939, do hereby urge the Government to support it to the utmost.
Col. Albery said the Bill was drawn up by a Committee representing all interests, appointed by the Government. It was not a hasty measure, and the Duke of York had recently visited from the Empire's most southerly and northern extremities, and consented to it, they were to pull through. The Bill was a measure of necessity, which, if not passed, would mean the ruin of the dairy industry in Kenya, and the Government should support it to the utmost.
The meeting was held at the Nanyuki Hotel, and was attended by about 50 farmers. The Bill was passed by a large majority.

THE WHITE PAPER ON DEFENCE

Publication Advanced to Today

VITAL DOCUMENT

["WIRELESS"]
The decision to advance to-day the publication of the Government's White Paper on Defence will give a further day to the consideration given to the White Paper in the House of Commons on Monday and Tuesday next week. The White Paper, which is regarded as a vital paper of first importance, will be published in full length, and will include a detailed survey of the history of the problem which confronts the Government.
Not a Fixed Plan
In well-informed circles it is expected that as a result of the accelerated publication of the White Paper, the Government will be able to bring forward a more definite plan of defence. The Government have in view will be clearly indicated by the programme which will be put forward in such a way as to be understandable by the public.

IMPORTANT WEEK AT GENEVA

["WIRELESS"]
The British Foreign Secretary, Mr. Anthony Eden, reached Geneva this morning to attend meetings of the Committee of Eighteen which began today. He had a conversation in the train from Paris with the French Foreign Minister, M. Paul Boncour, who, with the Premier, M. Franklin, will represent France.
On reaching Geneva, Mr. Eden called on M. Franklin and had a long talk.
Other delegates are making informal contacts among themselves, and with the President of the Committee, Bencho de Vasconcelos.—British official Wireless Service.

and once again this will be completed. An improvement in international conditions would enable more members of the programme to be associated, or even abandoned. In the circumstances, and while it is clear that the Service estimates will show a substantial increase in revenue, it is unlikely that it will be possible to show the total cost of the scheme which will be met by the Government, and which will be met by the Government, and which will be met by the Government.

TROUBLE IN SYRIA

["WIRELESS"]
The trouble in Syria has been growing with a good pace. The British Foreign Secretary, Mr. Anthony Eden, reached Geneva this morning to attend meetings of the Committee of Eighteen which began today. He had a conversation in the train from Paris with the French Foreign Minister, M. Paul Boncour, who, with the Premier, M. Franklin, will represent France.

King Edward Talks to the Empire

STILL THE SAME MAN AS WHEN PRINCE OF WALES

A Constant Endeavour:

TO PROMOTE THE WELLBEING OF HIS FELLOW MEN

An audience whose numbers may have reached hundreds of millions heard on Sunday King Edward address his people for the first time in his own right. Special arrangements were made in all parts of the Empire to ensure that the largest possible number might hear the address, and reception in nearly all countries was good.
In the course of his speech, the King made reference to his experience, as Prince of Wales, of people of nearly every country. With that experience it would be his constant effort to promote the wellbeing of his fellow men.

Reception Arrangements

["THROUGH AFRICA'S AGENCY"]
London, March 3.—King Edward's first broadcast address to the nation, referred to by King, and a detailed report of his speech, which was set at a high level of constant endeavour to do his duty to the Empire, in the Dominion, in India, in the Colonies and in the Dependencies.

Millions More for Defence

Budget Statement

TO MEET NEEDS OF THE INTERNATIONAL SITUATION

["THROUGH AFRICA'S AGENCY"]
Ankara, March 3.—National Defence, together with other important items, amounts to 40 per cent of Turkey's 1939 budget, the estimates of which were presented to the National Assembly by the Finance Minister.
The estimates total 12,000,000,000 Turkish Liras, an increase of 12,000,000,000 compared with last year.
Six millions out of the increase are allocated for defence to meet the needs of the present international situation.
The Turkish pound is normally worth about 5s. 10d.

JAPANESE PREMIER SHARES COFFIN WITH CORPSE

To Escape from Rebels

After his brother-in-law had allowed himself to be killed in his stead, the Premier of Japan escaped the rebels by being carried out of his house, under the noses of the assassins, cradled in the coffin of the substitute victim.

This is the substance of one of the messages from Tokyo, which include the story of a loyal officer who, with his wife, committed ceremonial suicide as an example to the ministers.

HYDRO-ELECTRIC POWER SCHEME

New Venture Opened in Tanganyika

Area of Supply
 COST £200,000

To Supply Wide Area in Tanganyika Province.

STANDARD Correspondent
 Dar-es-Salaam, Feb. 15.—The prospect of a large and useful hydro-electric power scheme in Tanganyika has been opened up by the Government's decision to supply power to the important town of Tanga. The scheme, which will cost £200,000, is being developed by the Tanganyika Hydro-Electricity Corporation, Ltd., which has been formed to develop and operate the scheme. The scheme will supply power to the town of Tanga and the surrounding area, and will also supply power to the important town of Mtwara. The scheme will be developed in stages, and the first stage will be the construction of a dam on the Pangani River, which will supply power to the town of Tanga. The dam will be 100 feet high, and will have a length of 1,000 feet. The dam will be built on the left bank of the river, and will have a spillway on the right bank. The dam will be built by the Tanganyika Hydro-Electricity Corporation, Ltd., which has been formed to develop and operate the scheme. The scheme will be developed in stages, and the first stage will be the construction of a dam on the Pangani River, which will supply power to the town of Tanga. The dam will be 100 feet high, and will have a length of 1,000 feet. The dam will be built on the left bank of the river, and will have a spillway on the right bank.

Turbines Started

The excellent results obtained from the turbines installed at the dam on the Pangani River, which will supply power to the town of Tanga, are being reported by the Tanganyika Hydro-Electricity Corporation, Ltd. The turbines, which were installed in the dam, have been started, and are now supplying power to the town of Tanga. The turbines are of the Francis type, and are capable of producing 10,000 kilowatts of power. The turbines were installed by the Tanganyika Hydro-Electricity Corporation, Ltd., which has been formed to develop and operate the scheme. The scheme will be developed in stages, and the first stage will be the construction of a dam on the Pangani River, which will supply power to the town of Tanga. Take SANATOGEN—then you will not feel so tired

What Sanatogen has done for thousands of other it will do for you. Your listlessness, your lack of energy to perform your daily task, or even to enjoy your leisure hours, caused by under-feeding of the nerve and brain cells, Sanatogen will feed these nerve-cells by putting into your body the very elements that create energy.

Thus, in a natural way, strength will replace weakness and you will no longer feel lagged out and irritated. Nerve troubles will disappear, and in a short time, you will feel and look a healthier, happier being.

SANATOGEN The True Tonic Food Of All Chemists and Stores.

A glass of pale amber, 'slowly raised' to your lips, is all it takes to careen it with your tongue—feel it through your body. You will regard Crawford's with the respect that is due to a GOOD OLD AGE!

Blackpool's Five Figure Fee

LOCKING AND BOLTING THE DOOR

Blackpool's five-figure fee for the transfer of the services of the famous forward, Harry Jones, to the club, is a record for a player of his age and position.

There is a growing feeling in the club that the fee is a very high one, but it is a reflection on the player's value.

It is a reflection on the player's value and the club's ability to attract top talent.

ITALIAN OFFICIAL WIRELESS PRESS
"Smashing Victory" in the Tumbien

Following are extracts from the Italian Official Wireless Press broadcast from Rome on Monday evening—
 (Rome). The second battle of the Tumbien which started on Feb. 27 with the advance of the British Army Corps from the north and which was continued with heavy fighting on the following days, has now been concluded with a smashing victory. The forces of Ha Kaya and his harem have been completely destroyed and the victors are in possession of the entire Tumbien and on the banks of the Tumbien River. The enemy remains have been put everywhere to flight and have suffered heavy losses in men, arms, pack animals, mules and mules, and supplies. For the first time complete African detachments have laid down their arms. The remains of the army, which are being pursued in flight and being pursued and humbled without respite by hundreds of acceptances. A summarizing the extent and the seriousness of the battle our losses amounted to 200 men as they are nearly annihilated.
 The one of the enemy is a small party of 200 men of Ha Kaya and his harem. The Italian military staff has had to conduct the decisive operations of the Italian soldiers.
 The Duce has ordered the Secretary of the Fascist Party in Tumbien to be killed in the name of the Italian people. The Duce has ordered the Secretary of the Fascist Party in Tumbien to be killed in the name of the Italian people. KENYA EXAMINATION RESULTS
Naives Pass School Certificate
A HIGH STANDARD

Gratifying results obtained by Kenya scholars are disclosed in the latest pass list in connection with the December 1935 School Certificate Examination—the highest examination set for East African Secondary Schools. In certain instances a pass with credit in a number of subjects in the School Certificate Examination is shown, with a commendable number of marks. The examination was held at the Kenya Examination Centre, Nairobi. The following are the names of the successful candidates:—
 The Prince of Wales School, Nairobi secured 13 passes out of 14 entries; the European Girls Secondary School, Nairobi, 10 passes from six entries; 100 per cent. also secured 100 per cent. for the first time in the history of East African education two Africans—a Kikuyu and a Kavirondo—passed the School Certificate examination, completing examination papers exactly similar to those set in European Schools. The two natives were J. M. Mwangi and J. D. Ombaka, both of whom are at the Makery, Geology, Nairobi.
 The Pass List
 The following European and African scholars secured passes in the School Certificate Examination:
 Prince of Wales School, Nairobi—A. W. B. Aggett, B. C. G. Barstall, J. Burgess, D. C. E. H. Deane, P. B. D. D. A. Driscoll, G. E. Flaher, P. Levitt, W. J. McCall, R. E. Mackay, Palmer, D. C. White.

SURGICAL FEAT
Man with Broken Spine to Walk

STANDARD CORRESPONDENT. London, Feb. 19 (AP)—A remarkable feat of surgery was performed at the Royal Free Hospital, London, on Monday. A man with a broken spine was enabled to walk after a year's treatment. The patient, who was 45 years of age, had been unable to walk for over a year. The operation was performed by Dr. J. B. Peabody, who is a specialist in the treatment of spinal diseases. The patient was able to walk for the first time in over a year. The operation was a success and the patient is now being treated in the hospital.

Details of Britain's Defence Scheme

ORGANISATION OF INDUSTRY TO MEET NEW DEMANDS

Duplicating Factories

REFERENCES TO RECENT FEAR OF AN ATTACK BY ITALY

Details of Britain's new defence scheme (in summary of which was published yesterday) reveal how comprehensive is the reorganisation programme.

In addition to greater provision for the Navy, Army and Air Force, immediate steps are being taken to organise industry to meet the demands which will be imposed by the new order.

The White Paper makes reference to the lesson to be drawn from the Italo Abyssinian war and the fears of a breach with Italy which has necessitated precautionary measures in Egypt, the Mediterranean and the Red Sea.

Examples of Other Nations

France will be included in the 1936 programme. A steady re-organisation of the defence programme is being undertaken during the next few years substantially to the same extent as in the case of other nations. A large increase of the fleet air arm, and an increase of naval personnel by 6,000 next year.

The Army is to be extended by four battalions and the Royal Air Force raised to a strength of 1,750 first line machines. The munition supply will be increased through the extension and duplication of Government and private factories, with the co-operation of industrialists and the State.

It is stated that no change of international policy is involved. It is impossible to estimate the cost to be incurred. Moral from Abyssinia.

The White Paper draws attention to the increased armaments of Germany, France, Belgium, Italy, the Soviet Union and the United States, and draws a moral from the Abyssinian episode in regard to which it was necessary to take precautionary action in the Mediterranean and the Red Sea.

The point was reached in August when they could no longer disregard the possibility of an incident occurring which might precipitate the extension of the conflict, particularly in view of the extent to which Italian armaments in Libya were being reinforced.

Non Alternative. The White Paper draws attention to the delicate position of the Government in order to facilitate the development of a new international order, but there were no longer any alternative to review the defence in order to safeguard themselves and to make them enforce by common action international obligations.

Organising Industry. The Government had decided in favour of the organisation of industry to enable it to meet the increased demand for munitions production should the necessity arise. In extending the Government's activities, the Government has decided to take a preliminary step to ensure that the necessary arrangements will be made in time to meet the demands of the new international order.

The Normal Estimates. The Navy, Army and Air Force estimates have been based on the assumption of an increase of approximately thirty million pounds in the normal estimates, which would cover the cost of the new international order.

THE NAVAL ESTIMATES

The Navy Estimates for the coming year have been published. They include no provision for additional expenditure resulting from the White Paper proposals. In the 1936-37 normal estimates programme, which is to be completed in 1938, the Government has provided for an increase of 30 per cent in the fleet air arm.

The White Paper also provides for an increase of 30 per cent in the fleet air arm, and an increase of 6,000 in the number of personnel. The Government has also provided for an increase of 30 per cent in the fleet air arm, and an increase of 6,000 in the number of personnel.

ABYSSINIANS AGAIN IN RETREAT?

Addis Ababa Admits Severe Casualties in Tembien

Peace Offer Denied

Rome Conference

Yesterday's war news consisted of claim and counter claim. A fresh victory, in which thousands of Ras Amru's troops were killed, and after which the commander retreated, is reported from Amara while an Addis Ababa message discredits the 'dazzling' victory of the Tembien. 'Fairly severe casualties' and 'a strategical retreat' are however, admitted.

Amara, March 5. The Italian report that Ras Amru's troops were killed in a battle of 200,000 men is stated to be about a thousand killed and wounded. Amara is reported to have been evacuated by the Italian forces.

INAUGURATION OF WIRELESS TELEPHONE SERVICE

To-morrow's Ceremony

Following protracted and successful tests the new wireless telephone system which has been installed at the Ng'andji and Kabete stations of Messrs. Cable and Wireless Limited, the service will be officially inaugurated to-morrow by His Excellency the Governor, Sir Joseph Byrne.

The opening ceremony will take place at the Headquarters office of the I.P.O., Nairobi commencing at 4.30 p.m. The first speaker will be the Postmaster-General of the United Kingdom, Major the Rt. Hon. G. C. Froom, M.P., and he will be followed by Mr. T. Fitzgerald, Postmaster-General of Kenya, Uganda and Tanganyika. Both these speeches, which will be delivered over the wireless telephone service, will be broadcast.

The Secretary of State for the Colonies, the Rt. Hon. J. H. Thomas, M.P., will then speak from London and His Excellency the Governor will reply. These speeches will also be broadcast.

The first of the wireless telephone facilities will be limited to Nairobi, Mombasa, Nakuru and Eldoret, at the last African end, and Great Britain and Northern Ireland, and certain parts of the Irish Free State at the other end. Later it is hoped to extend the African portion of the service to parts of Uganda and Tanganyika and to the Continents of Europe and America, at the other end.

Livestock for Zanzibar

An earlier matter brought under discussion was that of the export of livestock to Zanzibar. A very large proportion of this livestock trade has been of the nature of a barter trade, the demands of the Zanzibaris for such goods being met by the export of such goods as ivory, tortoise shell, and other products of the district.

Towage Facilities

Considerable attention was given to a report that some proposals for the improvement of the towage facilities at Lamu. It was stated that the large steamer, the "Lamu", which is engaged in the trade between Lamu and Zanzibar, has been found to be in need of repairs, and it was suggested that the Government should consider the possibility of providing towage facilities for such vessels.

LORD FRANCIS SCOTT REVIEWS SITUATION

(Continued from page 6)

Producers' Split

During the presentation of the report on the situation of the rubber industry in Kenya, Lord Francis Scott, Governor of Kenya, pointed out the existence of a split among the producers. He stated that the producers were divided into two groups, one of which was in favour of a continuation of the existing system, and the other was in favour of a complete reorganisation of the industry. He stated that the Government was in favour of the latter course, and he suggested that the producers should consider the possibility of a compromise between the two courses.

Review by "The Times": "White Man's Country" is an interesting and remarkable book. It has in history two subjects, as the subtitle indicates, and the Making of Kenya is the more important of the two. It is a history of a country, and it is a history of a people. It is a history of a country, and it is a history of a people. It is a history of a country, and it is a history of a people.
