Locarno Powers Agreement Approved

APPEAL TO HAGUE COURT FOR A DECISION

INTERNATIONAL CONFERENCE ON PEACE AND ECONOMICS

Franco-Belgian Security

BRITAIN'S GUARANTEE OF SUPPORT IN EVENT OF AGGRESSION

With two important amendments—the dropping of the international occupation, and the French demand for the withdrawal of German troops—the draft Locarno agreement has been approved by the British Cabinet and the French Council of Ministers.

The central points of the agreement are the submission of the question to the Hague Court for ruling, particularly with reference to the validity of the Franco-Soviet pact, and the calling of an International Conference at Geneva to discuss German peace and European problem, disarmament, and economic questions which will be discussed.

Will Germany Accept Ruling?

The agreement reached by the Locarno Powers provides for an International Conference at which the agenda will include, amongst other things, the German peace proposals, the Central European problem, disarmament and economic problems. It is supposed that resolutions should be proposed to the Council reaffirming the sanctity of treaties, and that the Franco-Soviet pact should be referred to the Hague Court.

It is indicated that two vital amendments have been made to the Locarno agreement today. These are the dropping of the clause regarding international occupation, and the French demand for the withdrawal of some German troops from the Rhine. The agreement has been finalized but will not be signed until it has received the approval of the British and French Governments. Mr. Plunkett and Mr. Blinn are expected to announce the terms of the agreement in the House of Commons and the House of Congress respectively tomorrow.

British Assurance The agreement leaves itself open to the Locarno Powers to open up the Hague Court for the settlement of all disputes. Britain gives France and Belgium assurances of support in the event of aggression, and the French hope that Germany will be deterred from occupying the Rhine. It is the result of the Locarno Conference. At present it is doubtful whether Germany will agree to go to the Hague.

Paris, March 20. The Council of Ministers has approved the Locarno Powers agreement.

London, March 20. The Cabinet has approved the draft Locarno Powers agreement.

London, March 19. The League Council has approved the draft Locarno Powers agreement.

Berlin, March 19. The German Government has announced that it will not accept the Locarno agreement.

Germany Ready for Peace NOW EQUALITY HAS BEEN REACHED AND BURDEN REMOVED

A sweeping attack on the pact between France and Russia was made by Herr Von Ribbentrop, head of the German delegation to the League Council, on Thursday. The German Government, he said, rejected as incorrect the accusation that it had 'unilaterally' violated Locarno, which had been 'revised' and void by France's action. By the pact, Germany and France had recognised 'forever' their relationship with one another, but to interpret the pact as to allow one party to enter into assistance obligations of a military nature against the other was an impossibility.

Now Equality Has Been Reached and Burden Removed. The League Council has decided that the League should be open to all nations, and that the League should be open to all nations, and that the League should be open to all nations.

A KIKUYU PETITION

Dated November 1935:
 Not Yet Received

["STANDARD" CORRESPONDENT.]
 London, March 7.
 This week in the House of Commons, the question of the Kikuyu petition came up again.
 Mr. E. J. Williams (Lab. Ontario) asked the Secretary of State for the Colonies whether he had considered a petition from representatives of the Kikuyu tribe in Kenya, dated from Nairobi, 15th November, 1935, in which, inter alia, the petitioners asked that natives should be allowed to sit on the Native Lands Trust Board and in the event of the board meeting in Kenya, should be accompanied by a representative from the Government in London and whether he would be asked to do so?
 Mr. Thomas: I have not received any such petition.

Another One?
 Mr. Williams also asked the Secretary of State whether he has received a petition from certain Kikuyu chiefs, in which it is stated that while the Kenya territories for European and Indian education in 1930 have been increased by £1,907 and £2,122, respectively, African education for the same period is not by £5,000; and what is the justification for this differential treatment?
 Mr. Thomas: The answer to the first part of the question is in the negative. As regards the second part of the question, the Governor has explained that the reduction in the cost of African education is in no sense due to curtailment of services, but is due, attributable to a reorganisation of the existing staff which will lead to considerable economy without loss of efficiency.

THE MAIZE SUBSIDY

Labour M.P. and Native Interests

["STANDARD" CORRESPONDENT.]
 London, March 7.
 Mr. Lunn, the Labour Member for Hereford asked the Secretary of State for the Colonies from what source the grant by the Government of Kenya of £12,500 to guarantee the free-sale price of maize at 4s. 6d. bag for export has been found and whether any benefit to native producers can be expected from this grant?
 Mr. J. H. Thomas: The facts are being provided from the general revenue of the Colony. It is anticipated that the subsidy will have the effect of enabling native producers to get a better price for their maize.
 Mr. Lunn: There will be no discrimination in the price?
 Mr. Thomas: No, none whatever.

AIR AMBULANCE

Increasing Use of Wilson Airways Service

Notable feature of the past week's work of Messrs. Wilson Airways Limited were the number of passengers carried on the Coastal Flyer air service and a number of special medical charters. The latter side of the Company's work is increasing considerably.
 The following is a resume of the week's work:
 On the Coastal Flyer Service which left Nairobi on March 19 and returned on March 21, operated by Messrs. Wilson Airways Limited, with a twin-engined D.H. Dragon aircraft the following passengers were carried:
 Mr. H. M. Campbell, Mr. Henslow, Mr. G. Jones, Mr. Bydon, Mr. H. W. Jenkins, Mr. Payne, Mr. Fraser, Miss O'Sullivan, Mrs. O'Sullivan, Mr. W. Walker, Mrs. Hyman, Mr. Foran, Mr. Spurgeon, Mr. Professor, Col. Maxwell, Mr. Gales, Mr. Doyle and Mr. Neilson.

On the East Africa Service which left Nairobi on March 14 and returned on the following day, Messrs. Wilson Airways Limited carried the following passengers:
 Mr. A. J. Armstrong, Mr. Shipley, Mr. Henderson, Mrs. Lewis, Mr. W. M. Mowbray, Mrs. Lewis, Mr. J. G. (Dunlop), Mr. J. G. (Morgan), Mr. E. H. O'Meara, Mr. Harrow, Dowling, Prof. Bebbel, Mr. E. H. A. Figg and Miss Ryan.

Special Flights

Mr. A. C. Tomshill flew in a specially chartered Pan-Moh from Nairobi to Nairobi and back on Monday, March 7.
 Messrs. Wilson Airways' special D.H. Dragon ambulance service was seen to Nagai on Monday, March 9 with Dr. Doyle and a nurse to fetch Major DeWitt, who was seriously ill, from Nagai to Nairobi.

On Monday, March 9, Messrs. Wilson Airways D.H. Dragon transported the Imperial Airways North-bound mail from Nairobi to Kisumu. This aircraft returned to Nairobi the same day.
 Mr. W. D. Campbell, who joined the Imperial Airways service for London via Nairobi, on Monday, had to leave the service at Kisumu the same day on account of an attack of malaria. Mr. Campbell telegraphed Wilson Airways the same day to send an ambulance to meet him at the Mt. Kenya Climbing House very early last Monday morning. Having received this message, the ambulance, he mentioned a Wilson Airways' "Landed Mail" left Nairobi on Sunday, March 15 for Kisumu. As Mr. Campbell left very strong he succeeded in the flight from Nairobi to Kisumu in one stage, stopping the first night at Juba, the second at Eldoret and being to reach Kisumu on the evening of the 18th inst. On this particular flight Mr. Campbell was joined by Mr. Dr. Wynn-Evans, I.R.O.

On Wednesday, March 11, the Company dispatched a special Pan-Moh to Mombasa to carry out a charter with Mr. Callinan on passenger from Mombasa to Kisumu. Mr. Callinan, having completed his business in Kisumu, returned to Mombasa on Saturday, March 14.

An 800 4-wheeler on Thursday last the Company received an urgent telegram requesting a doctor and nurse to be sent to Mombasa immediately. This service left about 10 a.m. after the pilot's plane was reloaded and returned to Nairobi on Saturday, March 14.

Mr. P. J. Wilson and Mr. B. D. England flew in a specially chartered machine from Nairobi to Nairobi on Saturday, March 14 and returned to Nairobi on Monday evening.

On Saturday, March 14, the Company carried out a charter for Messrs. The Robert Williams and Company from Nairobi to Singapore.

Fine Car Features of the 1936 FORD V-8

Fine-Car ENGINE

★
 Only the finest cars use the V-type engine. Ford brings it to you with modern motoring performance.

Fine-Car SAFETY

Steel body structure, positive mechanical brakes, Safety Glass in windshield and windows, powerful acceleration and sure control make the Ford V-8 a safe car to drive.

Fine-Car COMFORT

The back seat is as comfortable as the front in the Ford V-8. All passengers ride near the centre of the car, cradled between the springs instead of riding over the axles.

Fine-Car ROOMINESS

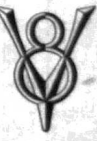

The Ford V-8 is a big and roomy car. Let actual measurements show you the unusual room in all Ford bodies. Part of this extra space is due to the compact design and forward location of the V-8 engine which give additional leg room. Seats are wide, holding three adults comfortably.

FORD ECONOMY

For more than thirty years, economy in transportation has been Henry Ford's guiding principle. Every year it costs less to drive a Ford. Every year the accumulated experience of Ford manufacturing, the Ford engineering genius and the constantly increasing facilities of the Ford Motor Company result in improvements which make a better car and a more economical one to drive.

H. E. THE GOVERNOR OF KENYA IN THE TEA AREA

Producers' Fine Spirit

His Excellency the Governor of Kenya opened this week the third tea factory on the Estates of the African Highlands Company at Kericho. In doing so he paid a tribute to the importance of the industry, the cooperation of producers and the faith that the rapid progress disclosed...

He gave an assurance that the industry and the needs of smaller growers would have the constant sympathy and help of Government.

The manager of the Company stated in a speech that in less than five years there should be 12,000 acres under tea in the district, representing the capital outlay of £1,500,000 and employing 100,000 Africans.

Untouched Native Market

Because of the great importance of the tea industry, His Excellency the Governor of Kenya, Mr. H. E. the Governor, recently announced the appointment of a committee to investigate the untouching of the native market for tea.

In spite of the heavy rainfall which has been experienced in the tea area, the production of tea has not been affected to any extent. The industry is expected to produce a surplus of 100,000 tons in 1935.

Germany Considers Locarno Plan

MIDNIGHT MEETING HELD IN BERLIN

Von Ribbentrop Says Nothing

BUT MEMORANDUM IS DESCRIBED AS BEING LIKE VERSAILLES TREATY

Hitler and his chief ministers considered the Locarno memorandum at a midnight conference on Saturday night.

German opinion is reported to be that the plan is a "strongly resented" of the Versailles treaty and a bridge to peace.

KIMANI

An African's Fine Record of Service

Thirty-two years ago when Mr. John Rifkin established his blacksmith business in Nairobi in the days when there were no motor cars and tramping was done by mules and ponies, a Kikuyu came to him asking for work. He was a quick and intelligent boy of about sixteen years of age. Mr. Rifkin gave him a job as an apprentice and he stayed. He died in the Native Civil Hospital on Saturday after a month's illness. He left a widow who must have been very fond of him as he was a very good and intelligent boy of about sixteen years of age. Mr. Rifkin gave him a job as an apprentice and he stayed. He died in the Native Civil Hospital on Saturday after a month's illness. He left a widow who must have been very fond of him as he was a very good and intelligent boy of about sixteen years of age.

Kimani was almost an institution in home-brewing circles. In later years when he was about his fifties, one met him at the station or the 'Bachelors' Club. He had his work and to bring him back again. This Kimani had one weakness. He despised a business for street work which he regarded as a disgrace. He was a very good and intelligent boy of about sixteen years of age. Mr. Rifkin gave him a job as an apprentice and he stayed. He died in the Native Civil Hospital on Saturday after a month's illness. He left a widow who must have been very fond of him as he was a very good and intelligent boy of about sixteen years of age.

Visitors' Chapter. 'Fifty cents for visitors. Six for members.' announced Mr. A. N. Hayward in the Resident Magistrate's Court on Friday after announcing two days' warning and a team for hawking of (Hawking) in the Nairobi commercial area. The two women had only recently come from the Kikuyu reserve, but the team was a good one and the Hawking Club, which should have been aware of the restrictions against hawking in the commercial area, however, were imposed on a few other natives who were charged with hawking vegetables, and with the large collection of fruit, several kilopans containing vegetables, and some large bunches of bananas, figuring as exhibits in the case. The court took the bench in the court room took the appearance of proceedings.

MOMBASA EXHIBITION

Scope of August Trade Show to be Big Trade

The third annual Mombasa Exhibition for trade, industry and agriculture is to be staged under the auspices of the Mombasa Municipal Council and will be opened by His Royal Highness the Governor on August 19 and will continue for the two succeeding days. The Exhibition provides an opportunity for exhibitors (importers and exporters), producers, manufacturers and craftsmen to exhibit under ideal conditions, the products of their industry. The Mombasa Exhibition has been chosen for the display because of the favourable climatic conditions which usually prevail at that time of the year. As a rule the weather in August is most fresh and invigorating, and many of our people, as well as holiday-makers and tourists from South Africa and elsewhere, visit the island then. At the same time the month of August is also the rallying time for merchants who wish to make contact with their inland customers and other trade offices. The Standing Committee of the Exhibition is desirous of extending the scope of the Exhibition to include industrial and business participation by manufacturers, producers and business houses located not only in the various East African territories but also in South Africa. But also in all overseas countries.

Moreover in order to enhance the value and importance of the Exhibition the Standing Committee has made arrangements to extend the scope to include an enlarged number of the agricultural and industrial sections and towards this end the Royal Agricultural and Horticultural Societies of Kenya and the Mombasa and Coast Horticultural Society have indicated their interest in giving wide-hearted cooperation. These two Societies have appointed representatives to the Standing Committee of the Exhibition which consists of business men, producers, and senior Government Officials.

TWELVE HOURS WORKING DAY

(Continued from page 6)

shops themselves. Such assistants as might be found they either hours might not be working at all, or their quarters were so small. He contended that vigorous police inspection would help, but pointed out that the Police were not equipped with a lack of staff. When the Ordinance had first been introduced inspection had caused complaints with its conditions, but as inspection was found to be less rigorous shops had gradually opened up. It was emphasized that the strong support of any measure that would ensure the implementation of the Ordinance regarding hours of work could not be given. No progress could be made until the Ordinance was properly enforced. Owners of shops could not be prevented from working as long as they liked and there was little hope of preventing closures as long as shop owners and assistants were not also policemen. Shops might be closed and assistants be working in other shops. Following further discussion regarding the effect of the proposed amendment and the greater piece in which to insert it in the Ordinance, the resolution was passed. Approval was also given to the following recommendations proposed by Mr. C. A. Yamhill: That this Chamber calls attention to the grave breaches which are occurring under the Ordinance and that immediate action should be taken, by presidential appointment, to rectify this state of affairs.

Arsenal and Sheffield United

THE STRUGGLE IN THE LEAGUE

"STANDARD" (Continued)

London, March 21. It is not so long as all London football fans will remember the final on April 25. The Highbury men, however, had a fight against Arsenal in the final. They were won by the goal of the month. Arsenal, who had won the league, were the only goal of the month. The Arsenal goal was scored by the late Mr. J. H. Hunt. The Arsenal goal was scored by the late Mr. J. H. Hunt.

Football fans were excited and the game was a very close one. The Arsenal goal was scored by the late Mr. J. H. Hunt. The Arsenal goal was scored by the late Mr. J. H. Hunt. The Arsenal goal was scored by the late Mr. J. H. Hunt.

TELEVISION STATION
New B.B.C. Enterprise
Ready in July

["RESEARCH" CORRESPONDENT],
London March 6.
July 1 is the provisional opening
date of the B.B.C.'s Alexandra
Palace television station. The last
stage of construction has been
completed and the distant operation
of fixing the 215 ft. mast on the
summit of the hill is now in
progress. The mast is to be
erected on a supporting tower
which has been built on the
summit. It will take from three
to six weeks to erect. When
the mast is in position London will
have a station, the first in the
world, which will be operated in
shape and in the most perfect
form of aerial carrying short lengths
of vertical aerial wire, from the
summit and a store will be
broadcast.

The Board Company has already
sent to install machinery in the
palace, but neither the Board nor
the March 12 M.E.A. Company has
yet assembled transmitting gear
there.

While the first office in con-
structing a television cable be-
tween London, Birmingham and
Manchester, and also connecting
Broadcasting House with the
Alexandra Palace, experiments are
also being made with the use of
microwaves for television pur-
poses. The B.B.C. has lately been
regularly broadcasting on ultra
waves from the roof of Broad-
casting House in Portland place in
order to learn something more of
the behavior of the television
waves which will be used at
the Alexandra Palace. During
May and June testing on tele-
vision and waves is expected to be
in full swing from the Alexandra
Palace.

WHAT MILEAGE should you expect from a tyre?

Here's evidence that proves "G-3" All-Weathers are giving many average drivers more than 25,000 non-skid miles!

● The way you drive makes a lot of difference in the mileage you get from a tyre. A tyre-careless driver who never checks inflation from one month to another—who continually bounces over curbs in parking, and never comes up on the rough stretches—may get only a few thousand miles. But much depends on the tyre itself. Its construction. Its stamina. The best proof of that is the sensational service average-careful drivers are getting from the "G-3" All-Weathers.

Since we can't show you these tyres "in person," we have reproduced here the actual tread footprints made by "G-3's" on the cars of typical motorists.

Low Cost Per Mile Performance

In them you can see for yourself how this famous tyre keeps its sturdy non-skid grip after amazing mileage—and you will note, too, that there is still non-skid left in these treads for several thousand more miles of safety!

Tens of thousands of these footprints taken by Goodyear drivers all over the world prove that this great tyre is actually giving all types of drivers better than 43% LONGER NON-SKID MILEAGE.

The explanation of this superlative wear is the broader, flatter, two-pound-heavier "G-3" tread—and Goodyear's exclusive, extra-durable Superwear Guard body that alone makes so stout a tread possible.

The tough "G-3" tread gives you something else, too—sharp-edged, road-holding, quick-stopping traction in the CENTER of the tread where you must have grip for safety!

Check the mileage your present tyres are giving you, and you will find it says to fit Goodyears—because Goodyears give you extra mileage and extra safety at no extra cost!

Inspector Joseph Farnell, former Chief of New York Detective and License Superiorist expert, supervising the fingerprinting of a "G-3" after 31,200 miles of service.

Albert J. Venneman, Judge Pro Tem Court, Evansville, Ind., has averaged 15,400 miles on this "G-3" and its tread still makes this sharp, keen print. A typical example of the amazing "G-3" is giving non-skid wear.

Wm. R. Brown, Chief of Police, Kingston, Mass., and other officers have paralleled 22,800 miles on this "G-3". Police officers rarely just take chances that necessitate the long-wearing non-skid grip this tyre records.

H. H. Van Natta, Coal & Lumber Merchant, Monticello, N. Y., has ridden a 14,500 miles on this "G-3". Many tyres would be worn smooth at this mileage—but this sharp footprint proves there's many miles of safety left in this tread.

P. J. Clement, Manager Trucking Company, Parkersburg, Mo., has driven this "G-3" for 13,000 miles. It's a fast driver, yet the tread is only about 50% worn down, no slowness for the sharp non-skid grip is still left.

H. D. Brown, Parcel Delivery Service, Tonawanda, Ark., has given this "G-3" hard usage with heavy loads and many stops and starts on all kinds of city streets. At 12,000 miles tread shows none—but for less than you'd expect.

(NOTE: these footprints have been selected because they show the service "G-3" is giving typical motorists under widely different driving conditions—and because of extreme mileage. We have many in our files registering non-skid grip as well over 30,000 miles.)

ARYSINIA AND AFTER: MUSSOLINI'S VIEWS

To the Editor, "E. A. Standard," Sir.—With reference to the various news and comments on travelling in Italy, the press and conditions in Italy, the Italian-British dispute, sanctions, etc.

I should like to point out in full, but as it is rather long, it would probably be very varied if you would publish these notes...

Nairobi, March 18, 1936. Extract from article in the "Observer" by Sir Arnold Wilson.

Just a fortnight ago I entered Italy via Paris and Modena in order to compare conditions with those that prevailed during my last visit in September, in Paris I found increasing French opposition to sanctions...

Whenever did I meet with anything but courtesy; nor did I find Italians reluctant to give the correct answer to an Englishman. On the contrary, they expressed their opinion which were not invariably those of the newspaper, in the presence of total strangers, with surprising freedom.

Foreign newspapers were freely on sale, it is easier to ascertain in Italy what the foreign press says...

views of different foreign newspapers, many of them anti-Italian in tone. There is not only a difference in the headlines, but in the attitude towards Italy, and so lack of news...

MINISTER AT THE GENERAL POST OFFICE AS REPRESENTATIVE

German Reply Due in London Last Night

WANTED TO CONTAIN REASONED COUNTER PROPOSALS

Parliament's View

The German reply to the London proposals was expected to be delivered in London last night.

Instead of being a flat rejection of the proposals it is believed to contain Herr Hitler's reasoned views on them and his counter proposals.

A Place in European Partnership

It was originally fixed for last night but it is now definitely stated in Berlin that the reply to the London proposals will be made in the afternoon.

It is now definitely stated in Berlin that the reply to the German Government to the proposals of Britain, France, Italy and Belgium is expected to be made in the afternoon.

The Council of the League of Nations, to which the requests of the four powers have been submitted, is called together on Friday.

Although the feeling in the House of Commons favours an early debate on the international situation, all parties show a desire to wait a preliminary discussion.

FRIENDS OF THE CATHEDRAL

Duke and Duchess of York

Head the Roll

MESSAGE AND CHECKOUT TO DEAN OF NAIROBI

The Royal Highnesses, the Duke and Duchess of York will head the roll of the Friends and Friends of the Cathedral.

R.H.H. Doherty of York

Their Royal Highnesses will be the first to be named in the roll of the Friends and Friends of the Cathedral.

It is suggested that their Royal Highnesses will be the first to be named in the roll of the Friends and Friends of the Cathedral.

Germany Rejects Locarno Pact

MUST NEGOTIATE ON TERMS OF ABSOLUTE EQUALITY

Counter Proposals

TO BE SUBMITTED IMMEDIATELY FOLLOWING THE ELECTION

Germany has rejected the proposals of the Locarno Powers for a settlement of the European problem and declines to withdraw the troops recently drafted into the demilitarized zone.

Herr Hitler's reply emphasizes that Germany may be allowed to negotiate on conditions of absolute equality with the other Powers.

The message which was delivered to Mr. Eden on Tuesday evening stresses Herr Hitler's desire to continue the exchanges and promises counter proposals which will be available after the election next week.

France is reported to have informed the British Government that she will refuse to discuss any German counter proposals.

France's Attitude

General, until circumstances necessitate meeting again. Meanwhile, he noted the Locarno proposals and requested the Powers to keep it before the League of Nations.

It is understood that Herr von Ribbentrop informed Mr. Eden that counter-proposals based on the principles of equality and reciprocity are still being worked out.

It is understood that Herr von Ribbentrop informed Mr. Eden that counter-proposals based on the principles of equality and reciprocity are still being worked out.

Herr Hitler's Message

Herr Hitler's message to the British Government says that the Locarno Powers' agreement in this point is unacceptable as it is not based on the principle of equality. Owing to the election campaign Herr Hitler has decided to devote the necessary time to the elaboration of counter-proposals, which will not be available before March 31.

The reply declares that Germany is not to be satisfied with the conditions of inequality, but will stand by the peace proposals. It states that Mr. Eden's draft proposals are based on a new principle, but that which has been put forward by the four Locarno Powers is unacceptable, it is up to them to propose, but not grandiose schemes for the future, but practical proposals for the present.

The "Daily Herald" says the problem of the moment is to find an agreed basis for negotiation. As the German Government finds that which has been put forward by the four Locarno Powers unacceptable, it is up to them to propose, but not grandiose schemes for the future, but practical proposals for the present.

There is no editorial comment on the German reply in the "Morning Post."

It is understood that France has informed Britain that she is prepared to discuss the German counter-proposals in London.

League Council

The League Council will convene at 4.20 p.m. to discuss a draft resolution, firstly thanking the Locarno Powers for their proposals, and secondly, upholding the society of treaties and condemning the unilateral infringement of the Locarno Pact.

It is understood that France has informed Britain that she is prepared to discuss the German counter-proposals in London.

NO SIGN OF DRIFT BY CONTINENTS

Result of Observations in World Survey. TWO YEARS' WORK. [ON A SPECIAL OBSERVATION] Ottawa, Canada.—There is no proof as yet available of the theory that the continents are shifting their positions, according to reports made in Canada of a world-wide atmospheric investigation launched two years ago.

Final conclusions though, from 75 to 100 observations which participated around the world will only be known late next summer. Involving much astronomical computation, the results of all the different observations are being recorded by the international Time Bureau, at Paris. If the theory fails to indicate a pronounced movement of the continents, another globe-gridding survey will be made probably in 1942. Should a drifting be manifested, it would be on the continents.

While the speculation has not been completed yet, we know enough, however, to state that the results to satisfy ourselves there are no definite indications of a drift." states B. Madsen, chief director of the Dominion Observatory.

Both Ways. "Longitude taken at our Ottawa and Vancouver observatories compared with similar observations made at Greenwich and European stations, indicate a shifting of the earth's axis, however longitudes taken at Washington and San Diego, did not show a marked amount of the variations measured during the same period. These differences on the same continents, naturally, are quite within the probable errors of observation.

Investigation was on the theory that the continents drifted apart, the one mass, that North America and Europe were drifting away, drifting westward, and that Australia, having severed, floating southward on a plastic surface.

Actual observations were made in a three months' period during which a local tide at each observatory was taken three separate groups of stars and checked against Greenwich time. The results of each station were compared with results obtained by 1923 when similar observations were made. If changes in time were indicated in these comparisons, or any of these places, this showing a change in longitude which would mean a shifting of positions, they were discontinued by wireless to the other observatories for a check of their local on the earth's movement.

The major groups of observations were established as links to work in co-operation in the engineer, Greenwich, Ottawa, Vancouver and Tokyo, on an average latitude of 50 degrees, were in one group, while Algeria, Washington, Inigo and Shanghai, at an average latitude of 40 degrees, was on the other.

**A SPLENDID WIN FOR MISS BALCH**

(The Caddie)  
 The final of the lady competition was played for last Saturday when Miss Hatch beat Mrs. Macfarlane on the last hole. It was a wonderful game, long-drag all the way as the ultimate result indicates.

At the turn, Mrs. Macfarlane was one down and lost another at the 11th. She then staged a splendid recovery, and winning the match. Another lady followed on the 17th, and the game went on to the home town, where Miss Hatch registered a win by scores the trophy. It was a very exciting trophy. It was then on to the 18th, registering her first score on the 18th, when she was one down. She then put up a magnificent performance to both women and caddies on the 19th, when she put up the magnificent fight that put up.

The men's bogey score was also played for last Saturday, and resulted in a win for N. P. Shaw with a score of two down. Pat has been showing consistent golf of late although he has had a few matches which he has not won. However, his success at the week-end shows that he is once more back to form again, and it would not be surprising if he could a few more such successes. It is a pity that he is quite a novice. I am always pleased to see a new hand in the game, especially when the amateur character of the game is maintained. It is a pity that he is only a few days out of three weeks away. This year it is being played over our course, and it is a pity that he is only a few days out of three weeks away. This year it is being played over our course, and it is a pity that he is only a few days out of three weeks away.

Several of our leading players are entering this year, and already they hope it will be a successful effort. It is a pity that he is only a few days out of three weeks away. This year it is being played over our course, and it is a pity that he is only a few days out of three weeks away.

**Visit to the Club**  
 On Sunday we are going a visit to Royal Naivasha with a team of six. The team is being selected from the club, and it is a pity that he is only a few days out of three weeks away.

**Opening of the New Rifle Range**

**HON. A. de V. WADE PERFORMS THE CEREMONY**

**High Standard of Shooting**

**K. O. SANDS REGISTERS THE FIRST POSSIBLE**

The new rifle range situated immediately behind the K.I.P.F. Club, was opened on Sunday last by the Hon. A. de V. Wade, M.P. O.K.E.

Mr. Wade in declaring the range open congratulated the Kenya Rifle Association, and all those who had assisted in the construction of the range on the result attained and said he was glad to see that rifle shooting was still maintaining its popularity in Kenya and that it was keeping to its former high standard. He realized the difficulties which the Association had encountered during the last year when all shooting was held on the R.A.K. Range which, however had always been really held on the 100 yard range. The President (Capt. Vivian Ward) in reply said that rifle shooting had had to contend with many difficulties during the last year, among these being the ammunition formerly given and the fact that for some time the year the Association had had no range. He said that the fact that last year's Rifle meeting had attracted 100 more entrants than any previous year was a large gratification on the range that day, emphasized the fact that rifle shooting in Kenya was still going strong. He hoped the relations showing at that meeting would mean more practice and more members so that they would enjoy the rifle shooting as well as the members of the special Overseas Full Rifle match.

The weather was very good and there was a large attendance with a good sprinkling of young men. It is the latter that the Association is so anxious to attract in order to train and improve the marksmanship of its members.

**K. O. Sand's Distinction**  
 The standard of shooting was very high, and K. O. Sand's had the distinction of registering the first possible score in the new range, other good scores were:

|                                                                                                                                                                                                 |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 200 yards 34: K. O. Sand's, A. Orsham, and W. B. Warner, who finished with 4 bulls; A. A. Howers, who had an 8 bull at the third shot and M. J. Mackay, who had 3 bulls, an 8 bull and 4 bulls. |
| 500 yards 34: Capt. F. Vivian Ward, who had 5 bulls, one bull.                                                                                                                                  |
| 300 yards 34: A. Orsham, 8 bull and 6 bulls, and P. J. Foster, 8 bull and 6 bulls, finished with an 8 bull.                                                                                     |
| J. S. A. Ker, who at 170 yds. has not done much target shooting was doing almost as well as the experts and a steady shoot at all ranges put him fifth on the list in competition No. 1.        |

**A Nairobi Boring Club**  
 An endeavor is being made to form a Nairobi Boring Club. Training takes place twice a week at the Club house, 111, R.R. Road, and Mr. M. Lee is in charge as coach.

Lee is one of the best boxers in the Colony for some years. He was due to fight in the last championships, but owing to a high temperature the doctor refused to allow him to fight.

Lee was making the journey from Mombasa to Nairobi to compete at the championships, but on his way up he got bogged in a "dugout" which had been flooded. It necessitated him getting out of the car and pushing waist deep in the water.

On his arrival in Nairobi he developed a fever, and the doctor insisted that he should retire from the championships. It was bad luck, as Lee was hoped up for the occasion.

He is now stationed in the capital, and his experience and ability will be a great asset to the club in its process of formation.

The first practice takes place tomorrow evening, and then on Friday and Friday of each week.

All those youngsters who are interested in the game are asked to attend at the Drill Hall tomorrow evening at 8 p.m.

Looking to an error it was reported that Major A. Sutcliffe took part in the annual massed golf tournament held at the Queen's Hotel and English country house last week-end. Actually Major Sutcliffe was in bed ill, and his place was taken by Mr. J. K. R. D.

The opening match in the Nairobi and District Rugby championship takes place on Saturday, when Old Cambrians are at home to Nunderricks.

**Rifle Shooting**  
 The next meeting of the Committee of the Kenya Rifle Association will be held at the Club house at Major Stratton's Chambers, Barclays Bank Building, starting at 4.30 p.m.

Captain P. Vivian Ward has been re-elected president of the Association, while Major Stratton has been re-elected vice president.

Nairobi Rifle Club have been admitted to membership of the Kenya Rifle Association.

The new rifle range received a very fine send-off on Sunday, the opening day. Splendid support was obtained for all the competitions.
