FRUIT

MONDAY, MARCH 6, 1944.

THE presence of a sub-committee of the Agricultural Commission which has been set up to investigate the fruit industry and to make recommendations on the subject is a very timely and important step. It is a step which is long overdue and which is a necessary part of the process of modernizing the fruit industry in the country.

The idea has been put forward by the Director of Agriculture, Mr. J. H. Marshall, who has been assisted by a number of leading fruit growers and experts. The sub-committee will be headed by Mr. Marshall and will include representatives of the fruit growers, the marketing boards, and the Government.

The sub-committee will be asked to investigate the various aspects of the fruit industry, including production, marketing, and the needs of the consumers. It will also be asked to make recommendations on the steps which should be taken to improve the industry and to increase the production of fruit in the country.

The fruit industry in the country has long been a leading source of income for many of the people who live in the rural areas. It is an industry which has the potential for becoming one of the most important sources of income for the country as a whole.

It is therefore a matter of great importance that the Government should take steps to ensure that the fruit industry is able to meet the needs of the consumers and to provide a steady and increasing supply of fruit to the people of the country.

THE VISION OF AFRICA

THE vision of Africa of the future is a vision which is shared by all those who are concerned with the welfare of the continent. It is a vision of a united and independent Africa, one which is able to meet the needs of its people and to play a leading role in the affairs of the world.

Kenya Can Grow Fruit Equal To World's Best

GREAT POTENTIALITIES SAYS UNION EXPERT

AN address on the prospects of fruit growing in Kenya was given by Mr. J. H. Marshall, Director of Agriculture, at the meeting of the Agricultural Commission in Nairobi on Tuesday.

Mr. Marshall said that Kenya had great potentialities for the production of fruit and that it was possible to produce fruit of a quality which would be equal to the best of the world.

He said that the climate in Kenya was ideal for the production of a wide range of fruits, including citrus fruits, mangoes, and apples. He said that the soil in Kenya was also suitable for the production of fruit and that it was possible to produce fruit in large quantities.

Mr. Marshall said that the Government was doing its best to improve the fruit industry in Kenya and that it was hoped that the industry would become one of the most important sources of income for the country in the future.

THE BILTON TRADE AND INDISCRIMINATE SHOOTING

WIDESPREAD interest is being aroused in Great Britain over the question of the preservation of wild life in its natural state in East Africa. The view of several professional game hunters in Kenya is that game is irreplaceably being exterminated and that unless some action is taken shortly there will be no game left in East Africa outside the Game Reserves.

These men could study the question, but what reductions are necessary and carry them out on a minimum scale is a maximum task. It would be to accept game areas remain out of cultivation. It would be to accept game areas remain out of cultivation. It would be to accept game areas remain out of cultivation.

Information About Dam Sites Wanted

A Sub-committee of the Interim Government has been appointed to investigate the possibilities of dam sites in Kenya. It is hoped that the committee will be able to identify suitable sites for the construction of dams and to make recommendations on the steps which should be taken to improve the water supply in the country.

The committee will be asked to investigate the various aspects of dam sites, including the availability of water, the suitability of the sites, and the needs of the communities which would be affected by the construction of dams.

Common Problems - Common Action

THE more Central and East African territories can cooperate the better it will be for them all. It is a matter of common sense that the interests of the territories are best served by common action and by the pooling of resources.

TWENTY-ONE EVENTFUL YEARS

The Laikipia Club Looks Back

FEBRUARY 18, was the 21st birthday of the Laikipia Club. It was founded on the 18th of February, 1913...

It was later added that an early contribution to the Club was made in the development of the district...

In March 1927 it was decided to move the Club to Rumuruti to a site on the right bank of the Nakuru river...

Even with the £150 obtained from the sale of the building, the Club was still insufficient. It was decided that further money be raised by the issue of debentures...

beg not only with the complications which arose from the issue of debentures, but also from the results of introducing the club system.

In 1928 a library was started and a library committee was formed. Mr. Armstrong and Mr. Dykes were appointed to give out books twice a week...

While all this progress was being made, the Club was not unmindful of the duties of a sports club...

One of the members of 1931 related to the plan. The Finance Committee recommended that it should be sold...

Football Club One of the members of 1931 related to the plan. The Finance Committee recommended that it should be sold...

By 1932 the difficulties were being gradually surmounted and amenities were even being improved. It is mentioned that in 1932 Mr. H. M. Colton installed electric fittings and the General Committee resolved that plans for the new building be prepared...

Under the Chairmanship of Mr. C. H. Adams in 1932/33 the centenary of the Laikipia Club has never looked back. In 1933 the Club was again back at his post as Hon. Secretary.

THE DOMINION OF ENO

It flows down to sea, no flag, no boundaries—its people to all people, no front to its front as a health-giver. It has something to commune with the sunlight because everybody is the better for it, whether it be taken many or in an increasing, refreshing health beverage or for the subtle treatment of habitual constipation of body. Eno does not take the place of any food or medicine or complete their good work.

Eno's "Fruit Salt" is absolutely pure, and free from harmful mineral salts. It solves Nature gently, without irritating her methods, and it takes the place of what would be lost by internal conditions and removes the cause of ailments which destroy tissues of mind and body.

ENO'S "FRUIT SALT"
The world's largest "Fruit Salt" export business.

AN IMPORTANT ANNOUNCEMENT TO CATTLE FARMERS.

Stocks of CHAMPION BATTLE DIP are held by
Dabney & Co. Ltd. and G. North & Son, Nairobi,
and can be supplied against orders.

If you are unable to obtain supplies of TIXOL,
then we suggest that you use CHAMPION, which is
the next best dip. CHAMPION is a concentrated
dip and is used at the same dilutions as TIXOL,
namely 1 in 400 for 3 days dipping, and 1 in 400 for
5 to 7 day dipping.

It may be added to tanks containing Cooper's
Improved or Tixol and is tested in the same way,
and the Tixol label is used to give the reading.

Adequate supplies of Cooper's Improved are
now awaiting shipping space in England, and should
be available in Kenya towards the end of April.

In the meantime, if you require Cattle Dip,
use our CHAMPION. Good stocks are held by
DABNEY & CO. LTD. and G. NORTH & SON,
NAIROBI.

PRODUCTION CONFERENCE

Pros & Cons Of Kenya Farmers' Union

PRODUCERS HEAR ABOUT RHODESIA'S EXPERIENCE

The question of Farmers' Agricultural Organisation in Kenya discussed at Production Conference last week.
Representing the discussion, Chairman, Major G. M. Cavendish, said that the proposed Farmers' Union and proposed District Councils had been set up to produce an organization through which the producers of the agricultural industry of the country could be organized so that the organization might be capable of handling the two duties of the District Councils and of the Farmers' Union. Major Cavendish said that they needed a type of organization that would be able to handle the two duties of the District Councils and of the Farmers' Union. THE report of the Stocked Settlement Commission was discussed at last week's Production Conference...

Mr. Dainoff said that the Government would issue a small committee of stock owners forming an association...

There was a general technical discussion on the incidence, nature and control of the three sterility diseases in cattle...

There was evidence to show that the disease was widespread in the area and it was most unlikely that it was brought in by the new settlers...

Mr. Dainoff said the committee recommended the establishment of a central breeding centre for the production of pure bred stock...

It was suggested that the Government should acquire a large tract of land suitable for stock raising...

A SORE THROAT is a warning

Sore throats are mostly caused by germs. And germs, hiding and multiplying in the warm mucous-lined passages, are a threat to the rest of your body. But you needn't worry. Just simply use "Milton" Tablets to the members. "Milton" breaks up mucus and destroys the germ. You notice the relief. For every another germ-couldn't possibly rely on

GOVERNOR'S RETURN TO NAIROBI

THE GOVERNOR'S return to Nairobi on Monday was a significant event, marking the end of his absence from the capital. He was met by a large number of officials and members of the public, and his return was greeted with enthusiasm. The Governor's visit was part of a tour of the province, and his presence was highly valued by the local population.

Nairobi's Welcome To Nyasaland Battalion

THE 14th (Nyasaland) Battalion of the King's African Rifles arrived in Nairobi on Monday, and was met by a large number of officials and members of the public. The battalion's arrival was a significant event, and it was greeted with enthusiasm. The Governor and other officials were present to welcome the troops, and the atmosphere was one of pride and honor. The battalion's presence in Nairobi was a testament to the loyalty and bravery of the Nyasaland people.

Minor Fire On E.A.A.C. Aircraft At Zanzibar

A fire broke out on one of the E.A.A.C. aircraft at Zanzibar on Monday, but it was quickly extinguished. The aircraft was damaged, but the crew and passengers were unharmed. The cause of the fire is still under investigation, but it is believed to have been caused by a short circuit in the engine. The aircraft was repaired and is now back in service. The incident was a minor setback for the E.A.A.C. operations, but it did not affect the overall progress of the project.

Ex-Enemy Estates In Tanganyika

THE GOVERNMENT has announced plans to deal with the estates of ex-enemies in Tanganyika. The estates will be sold, and the proceeds will be used to benefit the local population. This is a significant step towards the reconstruction of the country after the war. The government is committed to ensuring that the estates are sold at a fair price, and that the proceeds are distributed equitably. This will help to improve the living standards of the people and promote economic growth in the region.

Royal Visit To Africa

THE ROYAL VISIT to Africa is expected to be a landmark event. The King and Queen will visit several African countries, and their presence will be highly valued. The visit will provide an opportunity for the British monarchs to meet with African leaders and to witness the progress of the continent. It is expected that the visit will strengthen the ties between the United Kingdom and Africa, and will promote closer cooperation between the two sides. The African people are looking forward to the visit with great anticipation.

Tanganyika Income Tax

THE GOVERNMENT has announced the details of the new income tax for Tanganyika. The tax will be levied on the income of individuals and companies, and will be used to fund the development of the country. The government is committed to ensuring that the tax is fair and equitable, and that it does not place an undue burden on the population. The new tax will be implemented from the start of the next financial year, and it is expected to generate significant revenue for the government.

KENYA'S NEW NATIONAL ROAD: REASONS FOR ALIGNMENT

Mt. Kenya Association The Annual Review

Excuse me!

Inner Cleanliness comes first for Health!

Personal cleanliness is so natural, that we forget that it is important, none so strongly. It is, however, even more essential to keep the body clean inside—free from all those clogging impurities that cause constipation and slow every system. A glass of sparkling Andrew's, at the most times, gives you clean-down, lean, cleanliness with all its health advantages. And how Andrew's does its beautiful work:

FIRST - Andrew's cleans and refreshes the mouth and tongue.

NEXT - Andrew's settles the stomach and corrects acidity.

THEN - Andrew's comes up the liver and cleans the bile-ducts.

FINALLY - To complete your inner Cleanliness, Andrew's gently cleans the bowels. It uses easy, gentle, non-toxic, purgative ingredients, purified and soft as the blood.

I returned to Nairobi recently after a holiday in South Africa. On my return I found that the Government had decided to construct a new road from Nairobi to the coast. This road is to be known as the 'New National Road'. It is to be constructed in two stages. The first stage is to be from Nairobi to the coast via the Victoria Falls. The second stage is to be from Nairobi to the coast via the Victoria Falls and the Indian Ocean.
