At the recent departure of Fred and Alta Hoyt, after 30 years of missionary service, Kenya has lost a very colorful personality, honored and loved by a very wide and varied circle of friends.

It was not that Fred Hoyt knew anything so ordinary as that a man who had spent 30 years of his life in the service of his country should be a great good. It is said that he was a very ordinary man, but he was a very different man from the rest of the world. He was a man who was different from the rest of the world. ## GOOD NEWS FOR DAIRY FARMERS

**ADEQUATE SUPPLIES OF COOPERS IMPROVED BATTLE DIP DUE TO ARRIVE EARLY IN JUNE.**

Cooper's Improved is without exception the finest and most popular cattle dip in the world. Besides its excellent content, it contains valuable ingredients which improve its wetting power, so that every inch of the beast's hide and every tick that is exposed, is covered with a film of dip. No other cattle dip can give such wetting power, and owing to this improved coverage, it is much more effective than the cheaper types of dip. It is also much less severe to the cheaper types, and therefore causes much less disturbance to the milk flow of dairy cows, and reduces the period of rest which is necessary before and after dipping.

This is without doubt the most efficient and reliable eradicator of ticks that is possible to be found, and remember that if it were possible to produce a better dip, Coopers would make it. Owing to the importance of maintaining the milk yield, the use of Cooper's Improved is strongly recommended to all dairy farmers.

Mr. Churchill on menace of Communism. EARLY WARNING OF SOVIE'S GROWING SPHERE OF INFLUENCE

Mr. Winston Churchill, Leader of the Opposition, resumed the foreign affairs debate in the Commons yesterday said the year that has passed since the end of the war has been darkened by a virtual breakdown or stalemate in the concert and collaborations of the three great powers as well as by a decline in British influence and prestige.

"It would be wrong to cast the blame for these misfortunes on the Foreign Secretary, Bevin, to whose sombre pessimism we listened yesterday. We feel sure he has done his best to resist the rapid and dangerous tendencies with which we are confronted before the world and has stood forth as a representative of much that is wise and courageous in British character in their delegations leading representatives of the opposition. But the British Government have followed the Russian practice, foreign affairs of one-party government."

"No criticism which I may make particularly of the administration is intended to obscure the outstanding services which have been rendered in this period of disappointment and difficulty."

"The obvious exhaustion of the victors, the international chaos, the economic and social disorganisation and the vast untapped resources of the world, make the situation a most difficult one in which to conduct the business of our own country."

"Even if we in this island had remained united as we were in the early days of the war, we should have found much to battle our judgment and our courage in the face of the new world."

"The Communist Party in this island has been a constant reminder to us of the danger which we face. It is an opponent of the Socialist Party, but it is an opponent of the Socialist Party, and it is an opponent of the Socialist Party."

# The Week's Leaders

## PUBLIC AFFAIRS

MONDAY, JUNE 10, 1946

The Nairobi branch of the Kenya Electors' Association decided to organize a week which was not only from the Union's own point of view, but also from that of the public representatives. It was a long overdue expression of public opinion.

The Union itself should benefit. It should be the expression of the man in the street of opinion of the State. It should be the expression of the man in the street of opinion of the State. It should be the expression of the man in the street of opinion of the State.

It is a pity that the meeting will fall in the same month as a series of lectures. It is a pity that the meeting will fall in the same month as a series of lectures. It is a pity that the meeting will fall in the same month as a series of lectures.
