RAILWAYS AND HARBOURS REVENUE DOWN

Mr. R. F. C. Davis, manager of the East Africa department of the United Africa Co. Ltd., London, who is to report in Harare. He is to report several points with regard to the railway and harbours, and the state of conditions in the three territories.

Goods traffic decreases

EAST African railway and harbour earnings last month totalled 11,706,000, compared with 12,500,000 in January, 1957. In February last year and 13,800,000 in January, 1957, first two months of this year were 13,400,000 and 13,500,000, compared with 13,400,000 and 13,500,000 in the same period of 1956. The decrease was mainly attributable to a drop of nearly 2,000,000 in receipts from goods revenue from the North, while the transport services also fell.

FINANCE AND COMMERCE

£100,000 less

The total railway revenue for February was 11,717,000 in comparison with 12,417,000 in the corresponding month of 1956. The decrease, however, was not so large as it appears, since the railway's revenue for the first two months of this year was 23,917,000, compared with 23,917,000 in the corresponding period of 1956. The decrease was mainly attributable to a drop of nearly 2,000,000 in receipts from goods revenue from the North, while the transport services also fell.

Industrials improve in London

COMBAT Reuter (E.A.) Ltd. LONDON Stock Markets were cheerful yesterday, with Gill-ged shares and Industrials generally better. Oils were selectively firm. Quotations are as follows:

HOW MUCH IS A DROP OF 'SCOTCH' WORTH?

Ask this question of any friend. Listen carefully to his reply; his words will reflect the character of the man.

"Scotch," he says, "wicked price. What is 'Scotch' after all?—Malt, barley water, no more—why should we pay a premium price?"

Ignore the man. Turn to another friend, who sips your 'Scotch' with obvious pleasure. He understands the best of a man's world. To him Scotch whisky is a priceless product that can be valued only by the deep pleasure it imparts. You are speaking to a man for whom Scotch whisky is made.

Tell him about Grants, for although the output of this old family concern is restricted by the long years spent maturing, there is sufficient for the man who knows that Scotch whisky means so much more than 'Scotch'! He too will—take Grants for example.

23,000,000 PLAN TO DEVELOP KENYA Agriculture given largest share PAY OFFER REJECTED BY UNIONS

DETAILS TABLED IN HOUSE

Official expenditure of between £23,000,000 and £24,000,000 is planned in the next three years on the social and economic development of Kenya. In arriving at this assessment, the Government recognised which desirable projects have cost more than £50,000,000.

These facts are contained in a Sectional Paper outlining the proposed development programme for 1957-60, tabled in Legislative Council yesterday by the Minister for Finance, Mr. Vevey.

Projects selected for the programme — in which agriculture has the largest share — represent a careful sifting of schemes in the light of their relative importance, and the Government's assessment of priorities.

African Members take oath

MADE UP by about 60 African Members of the Legislative Council yesterday took the oath of office at the oaths of office ceremony when K. C. Council members were sworn in at the Government House, Nairobi, yesterday.

Duty for African Ministers

The Government has issued a statement regarding the duty of African Ministers. The statement says that the duty of African Ministers is to assist the Government in the development of Kenya.

Raising of loan in Britain

OF the total programme, the Government plans to finance expenditures of £18,000,000 by loans raised abroad in East Africa. It is hoped that expenditure of £11,000,000 will be covered by grants from external sources — £2,000,000 from Colonial Development and Welfare funds and the balance from the International Co-operation Administration.

Fees for development services are estimated to raise £1,600,000 and more than £1,000,000 should be available from transfers from Colony revenue, either on Emergency account or for other reasons. The balance of the programme, totalling £1,307,000, is covered by the capital gap.

The Government considers that, on the basis of previous experience, the purpose of the programme is to ensure that the balance of the programme is self-financing.

START OF PLANNING

The Government is now in the process of starting the planning process. The process involves the selection of projects for development and the allocation of funds to these projects.

The Government is also in the process of setting up a planning commission to assist in the planning process.

HOUSING FOR STAFF

Premiers seek trade increase

BERMUDA TALKS

TRADE expansion and long-term defence were two of the leading subjects discussed by the Prime Minister of Britain and Canada, Mr. Macmillan and Mr. St. Laurent, in Bermuda yesterday. The possibility of the Queen visiting Bermuda which will be included in the agenda for the talks, was also discussed.

Mr. St. Laurent said he had received a letter from Mr. Macmillan yesterday in which the latter expressed his interest in the subject of trade expansion. The British Premier said that the Queen's visit to Bermuda would be a most important event for the island.

Shipowners Await SUEZ DECISION

Canal dues a major problem

BRITISH and French shipowners are still waiting for information from their Governments on the conditions under which they will be allowed to use the Suez Canal which is now clear for ships up to 20,000 tons. They are under the impression that it is awaiting word out of Cairo.

There are two major problems facing the shipowners in the Suez Canal. The first is the question of canal dues. The second is the question of the canal's capacity.

Common market draft treaties signed in Rome

MINISTERS of six West European nations signed draft treaties in Rome establishing a common market and a customs union for 200 million inhabitants, with a view to introducing a common currency. The treaties were signed in Rome yesterday and will be open for signature in Brussels on April 8.

How does she manage to do it?

On the go all the time. Perfectly poised and serene any day of the month. How does she do it?
She uses Tampax tamponable protection of course. Tampax makes you fit for more like your 'other day' self, because it keeps you both, in one, pain-free, tamponable protection. It's made of highly absorbent cotton in a special 'applied' or hollowed-out shape, so it's very easy to put in. Tampax is simple to change and doesn't require the use of douches or tampons. TWO REASONS WHY

MAX FACTOR'S DUAL PURPOSE FACE POWDER

MAKES ALL OTHERS OLD-FASHIONED!

When you need a short transparent veil of flattery for your complexion, in your own skin tone, put on Max Factor's DUAL PURPOSE Face Powder for extra flattery. There are two advantages: you break away the excess, and you will have a more natural-looking complexion—no levelling then you've ever known before.

When you need a light cover-up for those puff-bags, freckles or hairy shins, put on Max Factor's DUAL PURPOSE Face Powder more flatteringly than you could find your complexion will be perfectly flawless because DUAL PURPOSE. Face Powder goes on better, adheres better, covers better.

Max Factor Dual Purpose Face Powder is the modern face powder, scientifically compounded to give your skin that soft, velvety, glowing finish that every woman wants, either way you use it. Comes in shades carefully blended for every type of complexion—clear, "fluffy-light," or never looks heavy or "masky."
75¢. *Priced to please—economical too!

African election afterwards

Members should not be tribal delegates

African election afterwards that would tend to argue the case for the African Legislative Council.

It is a well-known fact that one of the things that the African people are most anxious to see done is to have a representative African Legislative Council.

LETTERS TO THE EDITOR

As tribal delegates if they are all alike of the same tribe, they will be tribal delegates.

It is S. GATHIJA who has written this letter to the editor.

married women should not pay tax on all items but interested in the correspondence in the newspaper.

Peace on earth

To speak and act the world peace and justice, indeed, is the aim of the African people.

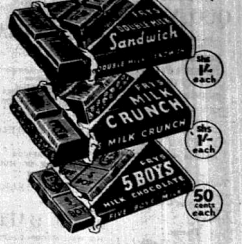

Cost of living

Many of our readers were interested in the cost of living in the country.

It is S. GATHIJA who has written this letter to the editor.

Personal Tax

It was interesting to see that Miss Stella J. Lester is quoted by the Western Tax in Kenya.

PROBLEMS OF TRAINING SUPERVISORS FOR INDUSTRY

To be fully efficient, any particular industry, trade or business must have an effective co-operation between levels and the worker, who be filled or unskilled. This supervisors need to be specially trained in how to do their jobs. In the East African part of the continent people at large are not getting the necessary training. Although the Government has been successful in training a large number of people, there are relatively few large scale training schemes. The Government has been successful in training a large number of people, there are relatively few large scale training schemes.

MR. H. E. GERMAN, East African Commissioner of Training, has addressed the Training Council in Nairobi on "Supervisory Training".

Extract from his paper on "Supervisory Training" says: "The papers first to the conference will be concerned with advanced training for people who are already employed in industry. Undergraduate graduate requirements for people who are already employed in industry. Undergraduate graduate requirements for people who are already employed in industry."

Gradually therefore, I am convinced that the East African Post Office will be able to do a better job of its work. The functions which they will be doing in the future will be more and more of a supervisory nature. They will have to supervise in the field of their work. They will have to supervise in the field of their work.

Supervisory training is a very important part of the training of people who are already employed in industry. It is a very important part of the training of people who are already employed in industry. It is a very important part of the training of people who are already employed in industry.

RUSSIANS READY TO AGREE EIGHT BOMB TESTS

U.K. makes deal for Canadian uranium BERMUDA TALKS END

RUSSIA yesterday announced that she was prepared to come to an agreement with the West for an immediate and temporary cessation of atomic and hydrogen bomb tests.

At the same time, she indirectly rejected the Anglo-American proposal for a limited international observation of nuclear tests. A Russian Foreign Office spokesman said that such tests were harmful whether they were observed or registered. The Western proposals did nothing to ease this.

The British Prime Minister, Mr. Macmillan, arrived back in London by air yesterday from Bermuda, where he had talks with President Eisenhower and the British Prime Minister, Mr. St. Laurent.

Purchases from Rhodesia

A joint communication issued after his talks with a Canadian leader said that Britain had agreed to buy a £4,100,000 of Canadian uranium for peace-time purposes within the next five years. It was announced in a statement issued in Ottawa, in which the Canadian Prime Minister, Mr. Macmillan, was accompanied by the Canadian Secretary, Mr. Selwyn Lloyd, returned to his country earlier than expected because of the domestic situation in Britain. At a Press conference in Bermuda, he said that uranium deal would help Britain to develop its "very bold atomic programme."

JAPAN CONCERNED: APPEAL BY M.P.'s

THE Government refused in the House of Commons to give an assurance that it would not make any more hydrogen bomb tests after the forthcoming one in the Pacific pending the outcome of the United Nations disarmament talks. A former Labour Minister, Mr. Arthur Henderson, had urged the Government to take this step "in view of the widespread concern in Japan at the prospect of hydrogen bomb tests."

AFRICAN MEMBERS OPPOSE CONTROL DECISION

AFRICAN FARM MINISTERS ATTITUDE REAFFIRMED

Extension to air freight sought

Members of the Agricultural produce committee have decided to support a provision in a Bill which allows the same to be imported by air.

A STATEMENT criticizing the Government's decision that the Minister for African Affairs should carry out the duties of the Minister for Community Development was issued yesterday by the eight African Elected Members of the Kenya Legislative Council.

Commercial nature

The Minister for Agriculture, Mr. H. G. Kibuka, said that Kenya's developing producer export market for air transport, and it pointed there was no means of transport that the quality was satisfactory.

"This, the Government is deciding to do, is against the intention of the Legislature. The Minister for Community Development is not the Minister for African Affairs, and the Minister for African Affairs is not the Minister for Community Development."

The Minister for Agriculture, Mr. H. G. Kibuka, said that Kenya's developing producer export market for air transport, and it pointed there was no means of transport that the quality was satisfactory.

Mr. J. K. Njiru, who signed the statement on behalf of the group, was asked to explain the steps to be taken to ensure that the Government's decision would not affect the interests of the African Members.

Mr. J. K. Njiru said that the statement was not intended to be a criticism of the Government, but rather a statement of the African Members' views.

SCHEME PREPARED FOR KENYA RADIO SYSTEM EXPANSION

A PROPERLY equipped broadcasting system is an essential part of social and educational advance in Kenya. This view of the Chief Minister is expressed in the Seasonal Paper on the 1956-57 Development Programme, published on Thursday.

The Government has a programme of expansion of the Kenya Broadcasting Corporation (KBC) and Wireless Station. The Government is also expanding the Kenya Broadcasting Corporation (KBC) and Wireless Station. The Government is also expanding the Kenya Broadcasting Corporation (KBC) and Wireless Station.

New standards laid down for offices

MEASURES by which the Government hopes to meet its office accommodation problem are detailed in the Seasonal Paper. The Government proposes to use temporary offices and to rent suitable premises at reasonable rates.

Building of new offices is to be limited to cases where there is no alternative. Office buildings under the development programme have been erected at various locations.

£18,000 on Chamber

The Government reveals that the allocation for its office cannot do more than meet small projects at the moment.

Grading standards

Those lay down the amount of land to be allotted to various grades of staff. They vary from between 200 and 250 square feet for a clerical department.

Costs total

The scheme is estimated to cost a total of £273,000. It is felt that the £250,000 contingency fund should be provisionally increased.

Work variation

It was found that there were 'substantial differences' between various Government offices.

DOCTOR STABBED IN SURGERY

Dr. John Pulker, aged 34, was stabbed in the left hand while performing a surgical operation at the Victoria Hospital.

Naturalists protest to Government

A RESOLUTION expressing disapproval and 'disaffection' over a long Government programme of land acquisition was unanimously adopted at the Africa Naturalists' Society.

MEMBERSHIP DELAY

THE BUREAU has made an essential part of the bush register.

FOUNDED MEMBERS

The society had set up a list of names of the members of the Kenya Education Service.

FOUNDING MEMBERS

The society had set up a list of names of the members of the Kenya Education Service.

Local grants

It states, however, that an understanding has been reached with the British Government that £100,000 during the 1957-58 period will be made from local sources.

NAIROBI AIRPORT TO COST £588,000 MORE

Plans revised by Government

AFTER a close scrutiny of the plans for the new Nairobi Airport at Embakasi, the Kenya Government considers that an additional allocation of £588,000, bringing the total cost to £2,422,000, will be necessary during the 1957-58 development programme.

The Central Housing Board retains freedom to acquire what land is available in the Nairobi area.

Comparative cheapness

For the total cost of £2,422,000 the Government believes it can acquire an airport which will rank one of the finest in Africa.

Building developed

Other items include the cost for the modern office buildings, including electrical and plumbing services.

HOME PLANNED FOR AILING AFRICANS

A home in the Copperbelt District will provide a refuge for the sick and aged.

Chana restricts use of anthelm

The Government of Ghana has decided that in future the anthelmintic drug, mebendazole, will not be placed in the open market.

HUMANITY AND WORK Good relations vital to industrial progress

POSSIBILITY OF RICH DEPOSITS REASONABLE hopes that economic minerals might be discovered in the West Suk and Karanass areas of Kenya were expressed yesterday by the Commissioner of Mines, Mr. W. D. Harwood.

It was believed that the Greek Government would release the Archbishop by ordering an amnesty for the Archbishop and his three companions possibly before the end of the first regular ship, the British ship, on April 14 when it calls there.

The construction of Arab shovels has changed little, centuries ago. The general appearance, the shape of the handle, the way the blade was set into the shaft were not so different from those used in this country as they are today.

MANY of the aims of the conference on Training within Industry were possible if people in Kenya would pay more than just lip-service to the problem of human relations.

Promising area Copper and chrome are expected to come into the area for the first time in a half-century.

Warning against disorder In Athens, where there were similar scenes of rioting, it was believed that the Greek Government would release the Archbishop by ordering an amnesty for the Archbishop and his three companions possibly before the end of the first regular ship, the British ship, on April 14 when it calls there.

U.S. warns ships on use of Canal HAZARDS STILL LIKELY SHIPOWNERS in the United States have been advised by the State Department not to use the Suez Canal.

Complete chain (Continued from page 1) The Government has been unable to get the industry to agree to a complete chain of command.

Used by tribesman possibility of building a dam at the Marabou Falls, a point where the main concentration of chrome ore is to be found.

PROSPECTS OF BETTER BEEF NEW grading rules, which are expected to come into force this year, will enable better quality beef to be brought to the market.

Master dies in road accident A MASTER at the Prince of Wales School, Nairobi, Mr. John Charles, aged 72, was killed yesterday when his car was in collision with a municipal lorry in Sclaters Road.

Pineapple talks with Ministry DISCUSSIONS in the pineapple-growing areas and the general future of the industry are to take place between growers and the Ministry of Agriculture today.

Sandew was Grand National The Grand National, run at Ascot Racecourse, was won by Mr. Andrew Roberts, ridden by Mr. John Gifford.

DISAPPOINTMENT OVER DECISION These were disappointed among the members of the Archbishop's party at the Archbishop's decision to return to Kenya.

No Kenya report of arrival The Kenya Minister for Foreign Affairs, Mr. Charles, said last night that he had not had any news of the Archbishop's return.

Report sent Sir Phipps has sent to London a report on the talks between Mr. Harwood and the Archbishop.

Exile is being shown on both sides, their CAUTION to the pacification of Cyprus. The coronation of Archbishop Makarios was planned to lower the tension and the situation imposed on his release from the Security Force, his denunciation of his violence Time and again he was urged, this condition was imposed on him as a condition of his release. He remained silent.

He made the Archbishop's position more embarrassing in a speech many considered thought that every week he said was a waste of time. If his release could prevent bloodshed and contribute to agreement based on Lord Radcliffe's constitutional proposal, the Colonial Secretary is leaving the Cabinet's willingness to give and take. It is a pity that the Archbishop is not at present, otherwise the Security Force would not be able to turn in policy to his advantage.

The corner-stone of further training

It is essential, in considering our training schools, to consider quite definitely that we cannot divorce training from education and that many of our training projects will be fruitless unless they are based on a sound educational foundation for the level of training to be undertaken.

Individual approach

In setting up training centres, it is essential that, right from the start, the individual approach should be developed between the student and the teacher. This is essential for the student to be able to learn and for the teacher to be able to teach.

The FITTER family favours MARMITE

THE VITAMIN B FOOD FOR FAMILY FITNESS

There are lots of ways you can enjoy the tasty, healthily-preserving, family-favorite food, Marmite. Spread it in sandwiches or on buttered toast; add it to soups and gravies; use it in vegetable and meat dishes. A teaspoonful of Marmite mixed in a cup of hot water with or without a small dash of milk, makes a delicious drink. Marmite contains essential Vitamins of the B Group — a concentrated extract of yeast flavoured with vegetables — a concentrated goodness food your family will love.

Buy 1 oz., 2 oz., 4 oz., 8 oz., 16 oz. also available in 750 g. tins.

ASTON VILLA IN THEIR NINTH F.A. CUP FINAL

West Bromwich goalkeeper joins club all-out attack

MANCHESTER United and Aston Villa are the English Football Association Cup finalists and will meet at Wembley on May 4. Villa earned the right on Thursday with a 1-0 win in their semi-final replay against West Bromwich Albion on the neutral Birmingham ground.

Hashim loses squash title to his cousin

After losing the British open squash championships for six consecutive years, Hashim Khan of Pakistan, now in his 46th year, was beaten by his cousin, Hasban Khan, in the final at the Lansdowne Club, Weymouth, on 22.9.58. Mr. Khan gave a remarkably display of skill and almost unbelievable energy throughout the match. Only in the last two games did Hashim's victory seem to be assured.

Will need luck

Villa will have to produce better form if they are to reach Manchester United and West Bromwich Albion in the final. Villa's centre-forward, at the moment, is a goal-scoring machine. Peter Mearns, who is a goal-scoring machine, was the only player to score in the last two games. Villa had defeated Southend in the first round.

Sunderland leads all the way to win Grand National

SUNDERLAND, owned by Mrs. Geoffrey Kohn and ridden by champion jockey Fred Winter, led almost from start to finish to win the Grand National Sheepchase at Aintree yesterday. Second was Wylburgh, ridden by M. Barber.

Wylburgh, ridden by M. Barber, led almost from start to finish to win the Grand National Sheepchase at Aintree yesterday. Second was Sunderland, ridden by A. Chappell. All 30 probabilities faced the starter but only 11 were finished. Sunderland won by eight lengths, with six lengths between second and third.

The weather was dry and the going soft, running conditions that could hardly be bettered when the first came out last night. The field set out in a good order and the race was run in the lead at the first fence where the favourite, Wylburgh, secured Hart Royal, Redwood III and Virginia corner.

Release of Archbishop 'neither fairer who spoke his mind'

Lord Salisbury's political heritage

ONE of the first-time speech-makers in the House of Commons on Saturday, Lord Salisbury, said he believed it was neither fairer nor timelier to release Archbishop Makarios in the circumstances in which that action is being taken. "I had no doubt what I have hitherto always regarded as the correct policy," he said.

THE Marquis of Salisbury, in his letter of resignation to the Prime Minister, Mr. Macmillan, had been told to the release of Archbishop Makarios. "I have no doubt that the Government and the Prime Minister, apart from his 'in case' difference of opinion, were fully in agreement on this issue of policy," he said.

"You will have known, from what I have already said, how disturbed I am by the decision of the late Archbishop Makarios, in the circumstances in which that action is being taken. I had no doubt what I have hitherto always regarded as the correct policy," he said.

Resignation in 1936

As Viscount Cranborne, he was elected to the House of Commons in 1926. He served as Foreign Secretary in 1932, 1933, and 1934, and as Secretary for the Colonies in 1935. He was Secretary of State for the Colonies in 1936. He was Secretary of State for the Colonies in 1936. He was Secretary of State for the Colonies in 1936.

ELDORET BOYS BEAT NAIROBI BY ONE POINT

A LARGE crowd saw some of the best and clearest tennis being played in Nairobi when, at the R.A.F. Mess, Eastleigh, on Saturday evening the Hill School, Eldoret, beat St. Mary's School, Nairobi, by a one-point margin, 26 points to 25, for the Pepsi Cola Cup. It was a splendid tournament with winners and losers alike displaying plenty and a high degree of sportsmanship. The style, on the whole, was good.

WHEN THE TIE IS IN MECH MOUNT KENYA

An angler's theory of fish simultaneous rising of fish

By E. Sherbrooke-Walker
WHEN DO trout rise and why do they all rise together?

MECHANISATION SHOWS MORE MEN OUT OF WORK

2,000 idle in Nairobi

Mechanisation of industry and the growing tendency of European house-holders to install labour-saving electrical equipment in their homes are steadily reducing the number of jobs available to Africans in Nairobi.

Members of the Labour Party who registered at the Labour Party's first steps for safaris in Nairobi last week, including 22 women, were found to be unemployed. They were given 400 connected with available work of 241 jobs last year.

With many building projects in the city and in the suburbs, the Government is faced with the problem of providing work for the unemployed. The Government is faced with the problem of providing work for the unemployed.

Women are more attracted to work which could not be found in Nairobi. In the past, many women who were first attracted to work in Nairobi were those who were attracted to work in Nairobi.

Under the Emergency regulations, the Kikuyu proportion of Nairobi's labour force is still restricted to 20 per cent, and the Labour Office has not been able to meet the popular demand for Kikuyu workers.

An increasing number of Africans are in preference to work in Nairobi. This is due to the fact that the Government is faced with the problem of providing work for the unemployed.

At this time of the year the Government is faced with the problem of providing work for the unemployed. This is due to the fact that the Government is faced with the problem of providing work for the unemployed.

Work was found for 476 men and 100 women during the week ending January 26. The level of registration is expected to be lower than in the preceding 12 months.

There has been a great improvement in the standard of living of the people of Nairobi. This is due to the fact that the Government is faced with the problem of providing work for the unemployed.

Mr. Mboya reaffirms opposition to Plan

African Elected Members would not back out of their opposition to the Lyttelton Plan. Mr. Tom Mboya, Member for Nairobi, told the House of Representatives at a public meeting in Nairobi last night.

Referring to Ministers' alliance, Mr. Mboya said: "I still think that later on we shall be attracted by the 23,000 but they can never be interested in it."

Next step He and his colleagues, the Government, who have been receiving the eight Members' views on the Lyttelton Plan, are not going to do anything until they have received the views of the eight Members.

BRITISH H-BOMBS TESTS GO ON 40 runway wagons block Nakuru line

Premier refuses to weaken defences

BERMUDA TALKS REVIEW

BRITAIN will carry on with its nuclear bomb tests in the Pacific despite protests both at home and abroad. This was made clear in the House of Commons last night by the Prime Minister, Mr. Macmillan, when he reported a debate based on the agreements reached at the Bermuda conference.

Mr. Macmillan said that to abandon the nuclear tests would be to abandon the whole defence strategy on which Britain's defence policy was based, and to put the nation in a permanently weakened position. Last year the Government had proposed a limitation on the number of nuclear tests, but the scientists had since proved that such a system would not be workable.

In discussing the ability of the United Nations to solve the world problems, Mr. Macmillan said that he had made it clear to the President that Britain would not consider trusting to the United Nations to solve the nuclear test question, which had been placed in the U.N. structure, which had led to rejection of the proposal to limit the number of nuclear tests.

Bargain on Archibishop denied

It was essential that Britain should work closely together with the United States in the field of nuclear energy, Mr. Macmillan said. He said that the British Government would not discuss the possibility of a 'bargain' on the issue of nuclear energy with the United States.

Striking unions face crucial choice

LABOUR MINISTER'S APPEAL

THE Executive Council of the Confederation of Shipbuilding and Engineering Unions is today to consider the appeal by the Minister of Labour, Mr. Iain Macleod, to end the strikes among their members and leave the issue to the courts of inquiry which the Government has appointed to deal with the dispute.

POLICE SEIZE MORE ARMS

Under police search more weapons and ammunition were seized from the Irish Republican Army in London yesterday. The police seized 100 rounds of ammunition and a large quantity of explosives.

REPA.T.O.S. PUTS MORE PATROLS ON ROADS

WITHIN three hours of the new motor-cycle patrols of the R.E.A.A.T.O.S. coming into operation yesterday, one of the patrolmen had helped two motorists whose cars had broken down. C. D. Ndlovu, of Nairobi, was the first of five motor-cycles on Kenya roads to assist.

NEW COINAGE IN INDIA

India switched to a decimal system of coinage when the new coins were issued all over the country. The new coins were issued in denominations of one, two, five, ten, twenty, fifty, one hundred, and five hundred paise.

REPUBLICAN PARTY

Mr. C. R. Yountshoff, leader of the Republican Party in Kenya, was in Nairobi yesterday to meet with the Government. He said that the party would support the Government's policy on nuclear energy.

FRENCH AREAS GO TO POLL

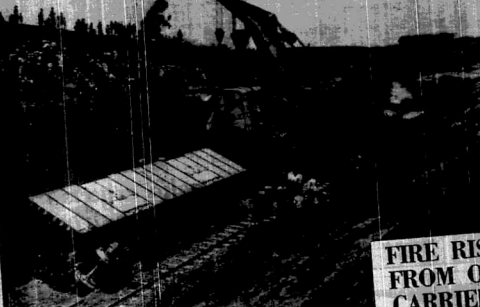

Pre-election clashes broke out in the French territories of Africa and Madagascar last night. The clashes were between the various political parties competing in the elections.

LACK OF INCENTIVE IN THE MARKETS

Gilt-edged depressed

MR. JOHN F. MCKERRAN, Director of the Kenya Association of United Kingdom Exporters, says that the lack of incentive to produce surplus in Africa is a major problem to be met by the Government. He says that the Government should encourage the export of surplus produce from Africa by offering a higher rate of duty on such goods. Mr. McKerran says that the Government should also encourage the export of surplus produce from Africa by offering a higher rate of duty on such goods.

British firm to build A-power equipment

MOST OF THE nuclear engineering work for an atomic power station in the Ruhr will be done by British firms, which has secured the contract in the face of competition from seven other companies - six American and one German.

The £1,200,000 contract will be shared by British firms, including the Atomic Energy Engineering, Ltd. of London, and the Atomic Energy Engineering, Ltd. of London.

WHEN a lion attacked a young Nairobi mechanic who was sitting in an open van at the Masari Road on Saturday, he drove it off by hitting it on the head with the butt of a rifle.

TWO-YEAR SENTENCE QUASHED

Appeal by former magistrate upheld

JOHN STANLEY MANN, a former Transvaal magistrate, was sentenced to two years' imprisonment for a charge of assault on a woman at Tlokoeng, but the sentence was quashed on appeal.

On his appeal, Mr. Justice Gubbins said that the magistrate had acted reasonably in sentencing MANN to two years' imprisonment, but that the sentence was excessive in the circumstances.
