SECURITY CONCERN EXPECTED TO DISCUSS SUEZ TALKS
Deadlock reached in U.S.-Egypt talks
FRANCE MAY ACT

It is expected in New York that the U.S. Security Council will meet soon to consider the Suez Canal issue. Observers said yesterday the Council might be called next week of the Cairo talks between the United States and Egypt broke down.

French newspapers reported that a deadlock had been reached in the talks after Egypt's rejection of the United States proposal for international participation in the operation of the canal.

Britain and America are understood to be less enthusiastic about a Security Council meeting than some of the other Western members, but are not expected actively to oppose a session.

Foreign Ministers meet

In Paris, the British and French Foreign Ministers, Mr. Selwyn Lloyd and Mr. Pinoux, continued their discussions on Suez yesterday. A French spokesman said his Government was waiting the Cairo negotiations and it was possible that France would have recourse to the Security Council.

Meanwhile, six ships—including a 20,000-ton Italian carrier—were passing through the canal, which has been blocked completely clear. The Egyptian Prime Minister has issued an order allowing Egyptian shipping companies to deal again with British, French and Australian ships.

The Middle East News Agency announced in Cairo that the United States were planning to protest to the United States over the voyage by an American tanker through the Gulf of Arabia. It was alleged that the tanker, which took only to the Israeli port of Eilat, was violating Arab territorial waters.

Soviet protest at Panama Canal delays

RUSSIA has protested to the U.S. about "discrimination" against Soviet ships passing through the Panama Canal.

The three ships were the *Chernomorsk*, *Belorussiya* and *Yuzhnyy*. They were delayed in Washington and the U.S. State Department spokesman in Washington said the voyage appears to have been timed to take advantage of the Middle East crisis.

Wardens hurt in crash

Twelve prison officers were injured yesterday when a heavy carrying off them from Nairobi Prison to Kisumu overtook near the Nairobi National Park grounds. The 120-ton were detained at the King George V Hospital for treatment. One officer was seriously injured and is being treated in hospital. The crash occurred at 10.30 a.m. on the road between Nairobi and Kisumu.

World-wide aid to save game
KEA A PROPOSAL

CONSERVATION was being given by the Trustees of the Kenya National Parks and the Wild Life Society to the launching of a world-wide appeal for funds to preserve the Kea's game and archaeological remains. Sir Alfred Wicket said in the Legislative Council yesterday.

SIGNING OF REPORT ON SINGAPORE

AFTER two days of discussion on a draft report, the House of Representatives agreed on a 40-page document which outlines a new Constitution for the Colony.

The report, which was presented to the House by the Minister for Finance, Mr. Alfred Wicket, was signed by the Minister for Finance, Mr. Alfred Wicket, and the Minister for Education, Mr. Mervyn Cowie, on behalf of the Government.

Cargo boycott by dockers
BOILER TUBES

Dockers at Liverpool, who are on a 24-hour strike, yesterday refused to load boiler tubes for the *British* bound for Jamaica.

The dockers said the tubes would be used for essential repairs on the ship.

British reply handed to Japanese envoy

Mr. Masatoshi Matsuoka, Japanese ambassador to London, yesterday received a reply to his letter to the British Prime Minister, Mr. Aneurin Bevan, regarding the Japanese proposal for a meeting in London to discuss the cause of the Suez crisis.

BRITISH PRESS AGREES ON AIM FOR PRODUCTIVITY

The British Press Association yesterday agreed on a common aim for productivity in increased national output.

PRIMATE IN CITY TODAY
Party staying four days at Nairobi hotel

AFTER another day of uncertainty over the travel plans of Archbishop Makarios and his three companions, it was later learned officially in Nairobi that they will travel on an Air France aircraft which leaves Madagascar for Nairobi this morning and will stay four days.

The aircraft is due to land at Eastleigh Airport at 12.30 p.m. The Kenya Tourist Board, Mr. M. Cowie, said the East African Standard that the British authorities in Madagascar had called him that the archbishop and his party had booked seats aboard another French aircraft which leaves Madagascar for Nairobi this morning.

Mr. Cowie said the party would be accommodated at the Grand Hotel for the five days. If the arrangements were not satisfactory by the end of the first day, the party would be moved to the Grand Hotel. A hotel of the archbishop wished to be on his way to Nairobi.

He said Mr. Francis Noel-Baker, the former M.P. who came from Nairobi to Madagascar on Monday, said he looked forward to the party's visit to Nairobi.

The Assistant Commissioner of Police, Mr. T. P. McElroy, said it was not essential for the party to be accompanied by a large force of police to be met at Eastleigh Airport this afternoon. A few officers would be present to see the party to the hotel.

There will be a tea invitation for the party to be held at the Grand Hotel on Monday. The party will be invited to have tea with newspaper reporters and make the acquaintance of members of the Greek community.

Looking for M.P.

An advertisement in the London *Express* yesterday by Sir Spiro Kyprianou, representative of Cyprus in the House of Commons, said he was looking for a M.P. who had been elected in the 1951 election. He said that the archbishop would be in the House of Commons.

CANADA REVIEWING SECURITY WITH U.S.
Minister refers to 'tragedy'

CANADA is reviewing its security regulations with the United States. This is indicated by Canadian Minister of External Affairs, Mr. Lester Pearson. He told the House of Commons he had not completed a statement which was to have been made on the matter, and added: "It is a complicated matter for as well as a tragedy one of the statement will deal not only with a certain tragic experience but with relations between the two countries in the area of security."

Pressed and hoisted

Mr. Pearson's relations to the United States have been hoisted to the recent visit of Herbert Morrison, Canada's Ambassador to Kempt, after an accusation by the United States Senate sub-committee that he was a Communist.

Pressed and hoisted

The Minister, the Rev. Leonard Griffin, has been hoisted to the recent visit of Herbert Morrison, Canada's Ambassador to Kempt, after an accusation by the United States Senate sub-committee that he was a Communist.

New use for banana fibre

GRAIN BAG TESTS

Encouraging results have been obtained in experiments with Bholen-grain banana fibre in the manufacture of grain bags at the United Fruit factory.

The material, up to 30 per cent of banana fibre and 70 per cent of steel and banana fibre combined, is reported to be as strong as steel and made from 100 per cent waste. They are made by a process which has been perfected in the United States and is expected to be introduced here from the West Indies.

AFRICANS 'KEPT BUSY FOR NOTHING'

Development plan criticised

(Continued from Page 1)

Minister Finance's suggestion that the Government should establish a Ministry of Development, Kenya had a right to have a say in the development plan and must have a say in the development plan and must have a say in the development plan.

Mr. D. T. Arap Moi (Minister for Education) said he was opposed to the suggestion that Government should have a say in the development plan and must have a say in the development plan.

Increased control

The whole development plan was under the control of the Ministry of Finance, and it was not clear that the Government had a say in the development plan.

Mr. D. T. Arap Moi (Minister for Education) said he was opposed to the suggestion that Government should have a say in the development plan and must have a say in the development plan.

School shortage

The speaker pointed out that the Council was discussing the shortage of school places and the Government should have a say in the development plan.

Mr. D. T. Arap Moi (Minister for Education) said he was opposed to the suggestion that Government should have a say in the development plan and must have a say in the development plan.

Uterine motive

Mr. Odunga said that the Government should have a say in the development plan and must have a say in the development plan.

Mr. D. T. Arap Moi (Minister for Education) said he was opposed to the suggestion that Government should have a say in the development plan and must have a say in the development plan.

Uterine motive

Outside help to build roads proposed

WARNING ON KENYA TRADE

LARGE contracting firms in Britain should be asked to build roads in Kenya, said Mr. Markham, Member of the Government's Trade Development Programme, when he visited Kenya last week.

Mr. Markham was accompanied by a number of members of the Kenya Trade Delegation and they visited various parts of the country.

He said that Kenya had a large number of roads which were in a state of disrepair and that it was necessary to build new roads.

He said that Kenya had a large number of roads which were in a state of disrepair and that it was necessary to build new roads.

Jose in the air!

Or The Story of the Vespa and the Coronation Safari Route

Notes in the air off round at the moment, Mr. Jim Stittfall's nose, the Vespa's nose and our nose. As the result of a bet, the gallant Mr. Stittfall set out on a Vespa to complete the route of the Coronation Safari—a course which has been a lot of four-wheeled vehicles a hefty tussle and often a beating. Jim Stittfall did not, of course, attempt to adhere to a Coronation Safari time schedule, but even so the results are amazing and shed a brilliant light on the qualities of the Vespa motor-scooter. Covering a total of 3,561 miles on a used machine which received no special overhaul or maintenance, petrol consumption averaged 113 miles to the gallon; the total cost of fuel, including oil, being Shs. 157/4s. The only spare used en route were two headlamp glasses and one front shock absorber. The machine returned in perfect condition, needing only a good cleaning and a new plug. Hats off to Mr. Stittfall and his Vespa!

Nakuru air crash caused by dangerous flying

REPORT BLAMES K.P.R. PILOT

THE report of the inquiry into the air crash at Nakuru in which Asst. Supt. G. P. Pakenham-Walsh, of the Kenya Police Reserve, and his wife were killed on Boxing Day last year, states that the accident was due to a wrong report was issued on Tuesday. The report stated that the aircraft, a Piper Cub, of the Kenya Police Air Wing, left Nakuru on December 25. It was later seen by many witnesses flying low near the airfield.

Just under half an hour later the aircraft struck high-tension cables within the boundary of the Butcher Meaty camp. It crashed and burst into flames and both Mr. and Mrs. Pakenham-Walsh were killed.

Plain maintenance

It is to be noted, another plain fact is that Mr. Pakenham-Walsh had not had the aircraft brought to the main camp that it intended to make a test flight over the Christmas period. The facts of the accident are given in the report, which state that the airplane and engine of the Piper Cub were in excellent condition and that it was a reasonably high standard aircraft, as it was a private one and there was no requirement in law for such maintenance to be carried out.

The report states that before the crash Mr. and Mrs. Pakenham-Walsh visited Nakuru, and bought 20 lb. bags of posho. After the landing at Nakuru, and bought 20 lb. bags of posho. The top of the grain was damaged and the posho was scattered on the ground and burnt into flames.

Flyer snapped

The aircraft was first seen by a hunter, Mr. G. A. S. S. S., at a height of 25 to 30 ft., and it was seen to be flying at a height of 25 to 30 ft. It was seen to be flying at a height of 25 to 30 ft. It was seen to be flying at a height of 25 to 30 ft.

The only points of departure... leave and audience must be

...Pakenham-Walsh made no error of judgment, when undertaking the report said. The inquiry was conducted by Mr. C. R. S. S., and Mr. S. S., who were the only two members of the jury. The inquiry was conducted by Mr. C. R. S. S., and Mr. S. S., who were the only two members of the jury. The inquiry was conducted by Mr. C. R. S. S., and Mr. S. S., who were the only two members of the jury.

Not authorized
The report stated that the accident was caused by a wrong report was issued on Tuesday. The report stated that the aircraft, a Piper Cub, of the Kenya Police Air Wing, left Nakuru on December 25. It was later seen by many witnesses flying low near the airfield.

STUDIO PLAYERS IN ANOUILH COMEDY

UNDoubtedly, the latest production at the Studio Theatre, Nairobi, and New York, is the comedy "Anouilh's Comedy," which is a most brilliant production of the year. The play is a comedy of the kind which is so popular for its vivid realism and its brilliant production of the year. The play is a comedy of the kind which is so popular for its vivid realism and its brilliant production of the year.

Controversial battle
The play is a comedy of the kind which is so popular for its vivid realism and its brilliant production of the year. The play is a comedy of the kind which is so popular for its vivid realism and its brilliant production of the year.

**ENTERPRISE CUP
WIN FOR KITALE**

Eldoret's 14 losses to Nakuru

'Standard' District Correspondent
An Enterprise Cup and Jones Cup match was among the up-country rugby fixtures in the week-end with Kitale, at home, beating Kericho in the former competition and Eldoret in the latter. In the latter, the latter Kampalla travelled to Tororo for a featuring, but beat Torvale, combined Tororo and Mandera, by the margin of a penalty goal after being level at the interval. It is Kericho, at Kitale, not an exciting Enterprise Cup game when they scored eight points in goal and a try in the first half. (In goal, two penalty goals and two tries).

The visitors were without their captain, E. Dwyer, and after a loose scrum, the home side solved opponents in both line-outs and scrum. The scrum proved to be the deciding factor. Kericho's scrum was not as good as Kitale's and after half-time Kericho's side were out of the game.

Standard's Yanga Correspondent
The Tanga sailing season, which opens next Sunday, April 14 promises to be the most interesting in the first time class racing to be introduced with the new Freedom class, Dutch half-canted, cave-hull boats with fixed keels. Tanga Yacht Club now has four of these craft - Yanga, The Bacter, Epsilon and Emma - which will compete for a special trophy.

The Freedom class boats will be the fastest Club race type, but since racing will be introduced on all Saturdays after during the forthcoming season, for which the special trophy has been donated by Messrs Bull and Laid.

Standard's Yanga Correspondent
Other interesting craft racing at Tanga include a Jolly Boat class, the 15'3" one-design class Dutch boat, and a number of open type, gut-rigged boats. The 15'3" Freedom class boats will be the fastest Club race type, but since racing will be introduced on all Saturdays after during the forthcoming season, for which the special trophy has been donated by Messrs Bull and Laid.

JOE LUCY LOSES TITLE TO SOUTHPAW FROM KENT

Promising professional debuts by ex-amateurs

DAVE CHARNLEY, 22-year-old Kent boxer, on Tuesday won the British heavyweight title when he outpointed the holder, Joe Lucy over 15 rounds at Harringey Arena, London.

South African giant fails in first test

EWART POTTERER, the South African heavyweight, failed in his first test in the American ring when he was outpointed by Anthony Higgins of Chicago, over ten rounds at Portland, Oregon, on Tuesday.

Potterer weighed 215 lb. Higgins 145 lb. 7 lb. Potterer's unimpressive performance was the cause of the decision.

Higgins kept hitting Joe with right and left hands and backfists to the head. The South African punched back several times but half fell over the ropes. He climbed for the rest of the round.

Higgins kept hitting Joe with right and left hands and backfists to the head. Potterer landed only a few solid punches, none of which were effective.

Higgins hit Potterer constantly with right and left hands and backfists to the head. Potterer was out of the ring for a few minutes.

The rounds of 2 1/2 minutes each were fought for constant action. Potterer was out of the ring for a few minutes.

Joe Lucy, 27, won the title by a knockout in the second round. He was out of the ring for a few minutes.

Eliminator for vacant title

Chert Haines, French and European featherweight champion, was defeated by Vaughan Chis, an English amateur, over ten rounds at Harrogate, on Tuesday.

Chert Haines, French and European featherweight champion, was defeated by Vaughan Chis, an English amateur, over ten rounds at Harrogate, on Tuesday.

Soccer results

Results at English football league matches played on Tuesday were: Tottenham 2-1, Arsenal 2-1, Manchester City 2-1, Liverpool 2-1.

DR. FISHER ASKS ARCHBISHOP ATTITUDE

Constant demands may bring partition DEBATE ON CYPRUS

ARCHBISHOP MAKARIOS, who is present in Nairobi, was urged by the Archbishop of Canterbury, Dr. Geoffrey Fisher, to take a "positive attitude of co-operation and compromise" on the Cyprus problem.

Dr. Fisher said that the "barren iteration of views returned instead to the barren iteration of unyielding demands" than the partition of Cyprus, though deplorable, might become inevitable.

He continued that he thought there was a "frustration of their generosity" in the British Government in seeking Archbishop Makarios' rebuff along with all other proposals.

Dr. Fisher said he hoped all would recognize that the serious, healing, reconciling act was meant to be a Cyprus facts from the Greek, Cypriot and Turkish.

He said that he thought there was a "frustration of their generosity" in the British Government in seeking Archbishop Makarios' rebuff along with all other proposals.

oot-and-mouth vaccine centre to cost £83,000

VITAL FOR KENYA FARMERS

NAL plans for an institute—in Nairobi's industrial area—in which to manufacture foot-and-mouth vaccine have been approved by the Minister for Agriculture, Bunsell. It is estimated that the building will cost £80,000 and the machinery £3,000. The money will be prepared to meet the cost of the building and the machinery. The Minister told the Kenya Legislative Council that the institute will be situated in a new area which took Britain two centuries to reach from the east coast of Africa and the Colony. It will be one of the best in the world. The Minister also mentioned that the institute will be available from Britain. The Kenya Government has agreed to assist in the building and the machinery. The Minister said that the institute will be available from Britain. The Kenya Government has agreed to assist in the building and the machinery. The Minister said that the institute will be available from Britain. The Kenya Government has agreed to assist in the building and the machinery.

People problem

ing with the general public by speakers in the details of the Government's £22,000,000 investment programme, the Government expressed the hope that the slow estimate was and they would be a proper basis for the Government's planning programme. The Minister said that the Government had been unable to secure the private factory for the building of the institute. The Government had been unable to secure the private factory for the building of the institute. The Government had been unable to secure the private factory for the building of the institute.

Helping farmers

has direct recurrent expenditure on agricultural services for 1953-54 of £4,000,000. The Government has been unable to secure the private factory for the building of the institute. The Government has been unable to secure the private factory for the building of the institute. The Government has been unable to secure the private factory for the building of the institute.

Basis questioned

In the period of the development programme, the Government has been unable to secure the private factory for the building of the institute. The Government has been unable to secure the private factory for the building of the institute. The Government has been unable to secure the private factory for the building of the institute.

Helping farmers

has direct recurrent expenditure on agricultural services for 1953-54 of £4,000,000. The Government has been unable to secure the private factory for the building of the institute. The Government has been unable to secure the private factory for the building of the institute. The Government has been unable to secure the private factory for the building of the institute.

Baby doesn't cry now!

Tender baby skin soon becomes sore. And then he starts to cry. Stop scorching and chafing with Johnson's Baby Powder. Use it for your baby's skin. It softens, soothes and keeps him happy. Johnson's Baby Powder is soft and gentle. It keeps baby cool, comfortable and contented.

TO BAR ISRAEL

A statement issued by her Embassy in Washington said that Israel shipping in the Canal and the entrance to the Gulf of Aqaba was a menace to Egypt's safety. Earlier, Saudi Arabia told the United Nations that any attempt to give the Gulf of Aqaba an international character would be a threat to her security.

Saudi Arabia issues warning on Gulf

NEW JORDAN CABINET EGYPT has announced that she is exercising her "right of self-defence" in deploring passage through the Suez Canal to Israel ships. A statement issued by her Embassy in Washington said that Israel shipping in the Canal and the entrance to the Gulf of Aqaba was a menace to Egypt's safety. Earlier, Saudi Arabia told the United Nations that any attempt to give the Gulf of Aqaba an international character would be a threat to her security.

Cairo 'spy trial' postponed

In Jordan, the Cabinet crisis ended late on Saturday when Mr. Abdull Halim Nimer, former President of Jordan, formed a new Government at the request of King Hussein. He selected his Ministers from the ranks of the Jordanian National Congress, which was dissolved by the King Hussein. He selected his Ministers from the ranks of the Jordanian National Congress, which was dissolved by the King Hussein.

FULL ARMS CULLS ONLY SAFE WAY

ANY other course but comprehensive disarmament would leave Europe and the British Prime Minister, Mr. Macmillan, said in a speech at Ayr at the weekend. The Government believed its new defence plan—the subject of a Labour conference later this week—would provide more mobile and better trained and equipped forces. They would be in due course, he said, but they would also be more efficient. Everything depended, however, on our readiness to face ourselves upon the deterrent power of nuclear armament.

U.S. aim for nuclear inspections

U.S. aim for nuclear inspections. A firm plan for nuclear disarmament has been proposed by the United States delegate, Mr. Harold Stassen, at the United Nations Disarmament Conference meeting in Geneva. Stassen said that the U.S. main features are that the plan would require the major powers to accept the principle of mutual inspection. It would also require the major powers to accept the principle of mutual inspection. It would also require the major powers to accept the principle of mutual inspection.

Russians make fourth test

Russia carried out a further nuclear test on Friday, the third in a series of four. The test was carried out in the Kazakh Republic. The test was carried out in the Kazakh Republic. The test was carried out in the Kazakh Republic.

Labour Party hopes for big gain in municipal elections

TWO MAIN ISSUES

Socialists in Britain are confident that they will follow up their recent gains in the municipal elections by a big gain in the general election to be held on May 6 to May 13.

By FRASER WIGHTON

It is thought that the Government's show-up in the local elections is a foreboding omen for the party's prospects in the general election.

UNITED STATES VICTORY DESPITE MIDWEEK MATCH

Leicester City lose Ian McNeill with broken leg

MANCHESTER UNITED matched a 2-0 league victory with a 2-0 triumph over Leicester City in Saturday afternoon football. The home team won in Middlesbrough 48 hours previously. With the end of the English League programme, Manchester City and the United are strongly placed to retain the Division 1 championship. They now have 50 points, four more than Liverpool.

Bishops set new amateur cup record

DIKELD, who gave a game in hand over Preston, had a jubilee in the goal-less half-hour and the Bishop's team were the first to score. The record was set in the 1956-57 season when they won the cup by 3-0.

BISHOP ACKLAND

best. Wycombe, who were runners-up, were defeated 3-1 at Wembley Stadium on Saturday by the English Amateur Soccer Cup final for the third successive year—record. They lost 2-1 at half-time.

It was the County Durham side who were the 1956-57 winners in the 66-year-old cup. They had been runners-up in 1955-56 and won on Saturday night proved their right to be considered one of the two premier teams in England.

The Buckinghamshire club, Wycombe, was appearing at Wembley for the first time since 1927. The club had been founded in 1881 and had won the cup in 1956-57.

The Manchester team were the better of the two sides, especially in defence. Wycombe had a goal in the 10th minute but it was disallowed for a foul by Henry Standish.

Artist of the Bishop's team was the goalkeeper, Bob Hartley, who was in his 30th year.

The Bishop set their opening goal in the 13th minute, when goalkeeper Billy Bland was fouled by Henry Standish. A through pass from Hartley to Standish was the result.

There was little between the two teams at this stage and it was not surprising that Wycombe equalised in the 28th minute when Billy Bland was fouled by Henry Standish. A further disaster for a Bishop defender.

The Bishop's defence was short-lived. Two minutes later David Lawrence, the Bishop's inside-right, equalised for the home side. The Bishop's defence was short-lived.

It was in the 45th minute that the Bishop's defence was short-lived. Two minutes later David Lawrence, the Bishop's inside-right, equalised for the home side.

The Bishop's defence was short-lived. Two minutes later David Lawrence, the Bishop's inside-right, equalised for the home side.

Six world motor records bettered by Guards officer

CAPT. I. BRUCE BAILEY, of the Life Guards, established six international class C (up to 2,500 c.c.) records, virtually world records, when driving a Jaguar 3.4L "D" type sports motorcar at Monza, Italy, on Friday. His new records were for 50 and 100 kilometers, 200 miles, 200 miles, 200 miles, 200 miles, 200 miles.

For that his speed was higher than that of any other car in the world. The Jaguar, accompanied by the driver, was driven by a British officer.

Burton qualifies for world title

By winning the Teacher C.I.S.O. Senior professional golf tournament over 54 holes on the Fulwell Course, Middlesex, on Friday, John Burton qualified to meet Al Watrous, the American open champion, in the world title at Pollock.

Defied conditions

Summer Chicago basketball manager of the Motor Circuit, Fred Schaefer, defied the conditions of the National Basketball Association when he signed a contract with the Chicago Bulls.

Ford shares lead at Greenock

John Breen (North Carolina) and Doug Smith (California) were the winners of the 1957 Ford Greenock race.

PILOT TO OVERTHROW KING FALLS IN JORDAN Baghdad reports of mass arrests CENSORSHIP IMPOSED

Mass arrests of Government and army leaders after an unsuccessful attempt to overthrow King Hussein of Jordan were reported yesterday by Arab diplomats in Baghdad. They said that Maj. Gen. Ali Abu Nuwar, who was dismissed as Chief of Staff by the king, ordered a brigade of artillery to shell the capital, Amman, and the royal palace. An infantry division guarding the capital intervened, and Gen. Nuwar was captured.

Warning to army officers King Hussein later asked Mr. Said Mufid an Independent former Prime Minister, to try again to form a Government without his aid. He said he would be ready to accept any Government formed by Jordan army officers and men to be aware of irreparable destructive elements in their midst. The king warned that if the army officers were not prepared to do this, they would be rejected by the King.

PLAN BY U.S. TO 'CREATE CHAOS' An Anglo-American conspiracy planned at Bermuda was aimed for the events in Jordan by the semi-official Egyptian newspaper. It is reported that the conspiracy aimed to create chaos in Jordan by spreading chaos throughout the area.

Discovery said It said in a dispatch from the United States that the king had ordered his army to shell the capital, Amman, and the royal palace. The king was reported to have formed a Cabinet to replace that dismissed last week by King Hussein, who was said to have been rejected by the King.

Princess Alexandra's death Princess Alexandra of Greece, daughter-in-law of the late King of Greece, was reported to have died in an hotel in Athens. The marriage was dissolved in 1948.

Holy Week pilgrims crowd into Rome ALL HOTELS FULLY BOOKED THOUSANDS of pilgrims and tourists have poured into Rome for the solemn Holy Week ceremonies, and religious celebrations which commemorate the Passion, Death and Resurrection of Christ. It was reported yesterday that there was not a spare hotel room left in the city for the whole of the week.

'Street fighting' in East Germany Units of the East German Border Police, a type of industrial force which took part in a series of military exercises in the district of Dussau, East Germany, were ordered to disband.

TWO DISCHARGED IN MISSING £15,000 NOTES THRAL Mobile striking force under review in U.S.

Two men appeared at the Old Bailey, London, yesterday on charges of receiving 15,000 stolen East African currency notes. The two men were discharged. George Shiers, 51, a printer, pleaded "Not guilty" and was discharged after the prosecution announced that it was offering no evidence against him.

Text records buried The last recording of Curt T. A. was made in London, yesterday. He was reported to have been buried in London yesterday.

Kept in custody Last month a detective went to the house of a man who was reported to have been the victim of an old radio broadcast. He was reported to have been kept in custody.

SIR ANTHONY EDEN IN 'GOOD HEART' Sir Anthony Eden is continuing to recover from his operation to remove a hernia. He is reported to be in "good heart" and is expected to return to his duties in the near future.

OBITUARY Lord Stanmore The death in London of Lord Stanmore, 1st Viscount Stanmore, was reported yesterday. He was a prominent figure in British politics and was known for his contributions to the welfare of the poor.

Cypriots' appeal fails The Cypriot Supreme Court has rejected an appeal by three Greek-Cypriots who had sought a stay of execution of a death sentence passed on a Greek-Cypriot in 1956 for possessing arms and ammunition.

Service chiefs in Nairobi E.A. FORCES DISCUSSED War Office delegates open Kenya inquiry

Representatives of the War Office in London began talks in Nairobi yesterday with senior officers of the East Africa Command on the administrative implications of the proposal to maintain forces for strategic purposes in East Africa. The proposal was announced recently in the British Government's White Paper on defence. The representatives, who are described as "an investigating team," include Col. A. M. Ford, Col. P. F. Hayes and Maj. A. S. Robertson. They are being assisted by their inquirers by Mr. J. McC. Smith, Command Secretary, G.H.Q. Nairobi.

Members of the War Office team at Command H.Q. in Nairobi yesterday. They are (left to right), Mr. Smith (Command Secretary), Col. Hayes, Brig. Underhill (Chief of Staff), Col. Ford and Maj. Robertson.

24-hour watch on Archbishop GUARD BY POLICE POLICE officers were last night still maintaining a constant guard over Archbishop Makarios. During the past two days Special Branch, C.I.D. and uniformed officers have kept up a 24-hour watch on the archbishop, in which he and his colleagues are staying. Since his arrival in Nairobi on Thursday he has changed his room four times and has never been available to callers except by appointment.

African good wishes The radio contact with Nairobi was maintained throughout the day, but the archbishop did not leave his room. Archbishop Makarios, who arrived in Nairobi on Thursday, was met by Mr. T. K. (Nairobi North) and Mr. L. (Nairobi South) who were with him when he was met by the police "sentinel" who was on duty at the time.

Uganda opposition Present trading areas in the Karamoja region of the Nyangiri area in the Northern Province of Uganda. No decision has been reached on the future administration of the East African Frontier in the light of the opposition in Uganda. The High Commissioner in Kampala said the plan had the Kenya Labouring Council but not been taken by its opinion.

33 insurgents killed French forces killed 33 insurgents and two civilians in Algeria. The fighting was reported to have been one of the fiercest since the start of the Algerian war.

Rev. Fr. John J. O'Connell, a well-known Irish priest, was reported to have died in London. He was a prominent figure in the Irish community in London and was known for his contributions to the welfare of the poor.

Mobile striking force under review in U.S. The United States Army is reported to be reviewing a mobile striking force of 1,000 men. The force is intended to be used in the event of a crisis in the Middle East.

'Lesson in peace' The death in London of Lord Stanmore, 1st Viscount Stanmore, was reported yesterday. He was a prominent figure in British politics and was known for his contributions to the welfare of the poor.

OBITUARY Lord Stanmore The death in London of Lord Stanmore, 1st Viscount Stanmore, was reported yesterday. He was a prominent figure in British politics and was known for his contributions to the welfare of the poor.

Cypriots' appeal fails The Cypriot Supreme Court has rejected an appeal by three Greek-Cypriots who had sought a stay of execution of a death sentence passed on a Greek-Cypriot in 1956 for possessing arms and ammunition.

British East Africa Corporation Ltd. The company is reported to be in a strong financial position and is expected to continue to expand its operations in East Africa.

Marmalade
more than
a pleasant
accessory

By CHRISTINE

MARMALADE is taken for granted as a pleasant accessory for the table. But it is not just a pleasant accessory, it is a health-giving food containing rich Vitamin C present in the peel of fresh oranges. However, making marmalade the first step was that of soaking cut-up fruit pieces for the necessary boiling time.

Pips and pith should not be thrown away. Put in a muslin bag; they should be washed and boiled with the fruit; but the bag must be squeezed and removed before the sugar is added.

Here are two unusual marmalade recipes for you to try—

ORANGE BLOSSOM MARMALADE

Ingredients: 2 lb. sweet orange; 2 oz. almonds; 4 lb. sugar.
Chop fine oranges, wash and dry them, cut in quarters and the seeds out. Put the sugar and the pips and pith.
Put the halves in a bowl with quartered fruit and soak overnight in water with a little salt. Remove and cut the fruit into very thin slices.
Cover again with water and boil gently till tender. Remove the muslin bag, add the sugar and boil till it pills when tested in a cold saucer.

Remove the skin from the almond skins. Boil for several minutes, stirring in gradually the blanched almonds which have been split in half lengthways.
This will allow the liquid to thicken sufficiently to hold the almonds and pulp in position.

BROWN VELVET MARMALADE

Ingredients: 1 lb. oranges; 1 lb. dried peaches; 1 small lemon; small tin of butter or margarine; 2 to preserve sugar.

Chop the sliced peaches very finely, with the oranges and lemon, or put all through a mincer after the pips and seeds have been removed. Cover with water and leave to soak for a few hours.

Meanwhile, extract as many kernels from the pine as possible, and chop them. Add the mixture of oranges, peaches and lemon, then add the sugar, stirring till slowly until completely dissolved. Simmer slowly, and add the butter and pine kernels. When the mixture thickens, bottle and seal.

Women's Tuesday Corner

MODERN FASHIONISM By Evelyn Wood

DESIGNER ARBY, bought in Bengal. This novel creation — very much like the *surat* worn by the days of King John was shown to me by the young Welsh actor, William Inge.

On taking a second look, I could see a reason why it should not be worn by the female sex: Arby needlework worth her salt, could make it in two shakes. My diagram shows how very simple it is.

Exactly the same back and front, it is worn with the two straps coming forward and fastening with press studs under the front portion, and the two front straps fastening across the back.

Tribesmen see 4,000 acres of scrub converted into fertile farm land

It was his first visit to soil known as **Herbert Kenya**. Mr. Richardson, who was being introduced to the soil by one of the Marikani, said he was "impressed" by the soil. "I have never seen such a good soil anywhere," he said. "It is very fertile and it is very rich in humus." He said he was "impressed" by the soil. "I have never seen such a good soil anywhere," he said. "It is very fertile and it is very rich in humus." He said he was "impressed" by the soil. "I have never seen such a good soil anywhere," he said. "It is very fertile and it is very rich in humus."

TUGEN and Njenga tribesmen in the wild and beautiful country of South Baringo are today witnessing what they regard as almost a miracle. They are seeing 4,000 acres of scrub which they had been told was worthless. The scrub was being cleared by the Government and the land was being planted with crops. The tribesmen were told that the land was worthless and that they should not waste their time and money in trying to cultivate it. But now they are seeing the results of the Government's efforts. The land is now fertile and the crops are growing. The tribesmen are very happy and they are now planning to settle on the land.

Setting example In this village they are setting an example for other tribesmen in the area. They are showing them how to cultivate the land and how to use the tools and equipment that the Government has provided. They are also showing them how to use the land for their own benefit. They are now planning to settle on the land and to start a new life for themselves and their families.

Firemen get entry right to embassy The firemen have now been granted entry rights to the embassy. This means that they can now enter the embassy grounds in the event of a fire. This is a very important step and it shows that the Government is taking the firemen's safety seriously. The firemen are very grateful for this and they are now planning to start a fire prevention program in the embassy.

FOREIGN CENTRAL BANK The foreign central bank has now been established. This means that there is now a central bank for the foreign exchange market. This is a very important step and it shows that the Government is taking the foreign exchange market seriously. The central bank will be responsible for regulating the foreign exchange market and for maintaining the stability of the country's currency.

NEW ZEALAND REVIEWS HER DEFENCE POLICY The New Zealand Government is now reviewing its defence policy. This is a very important step and it shows that the Government is taking the defence of the country seriously. The review will take into account the current situation in the world and the needs of the New Zealand people. The Government is expected to announce its new defence policy in the near future.

Swiss scrap iron steam engine A Swiss scrap iron steam engine has now been built. This is a very important step and it shows that the Swiss are taking the scrap iron industry seriously. The engine is made entirely of scrap iron and it is very efficient. It is now being used in the Swiss scrap iron industry and it is expected to be used in other countries in the future.

SERIOUS FLOODING IN EAST VISIT BY AFRICA: MORE QUEEN RAIN ON WAY LIKELY

Lorry hits pylon Indian Congress support African claim CONFERENCE MOV

East African Standard, Tuesday, April 16, 1957

Kenya's stand at the Royal Show
HOPES that the Queen would visit the Kenya Show in Nairobi in June were dashed in London by Mr. Maclean, president of the Royal Agricultural Society of England.

Kenya people at the stand on July 20 on their feet on the ground as the date she will offer a cup of coffee produced in the Colony. Two large Kenya coffee will be roasted and brewed for visitors.

£1,000 still needed
Mr. Maclean said that £2,000 had been collected for a year for the Kenya Show at least to give a good start.

Sharing the honour of the Royal Show in Nairobi in June were expected to be the Kenya Show in Nairobi by Mr. Maclean, president of the Royal Agricultural Society of England.

Forest areas still closed
TERROR DANGER
The Akamba and Mombasa Forests have been closed for some time because of the danger of forest fires.

Farmer drives off armed tribesmen
DISPUTE ON GRAZING RIGHTS
Standard Staff Reporter, Nakuru
Police in the Eldama Ravine area were called out to help to settle a dispute between a European farmer and Tugen tribesmen over cattle grazing. The incident occurred at Sabatia. They were contacted by the farm hand.

Development Debate to be resumed
The debate on the Government's £20 million development programme will be resumed on Monday night in the House of Commons. It is expected that the Government will announce a new programme of £10 million for the next year.

St. John Ambulance
The St. John Ambulance Club will hold a meeting on Thursday night at 8.30 am on Monday. April 22.

Priority for roads to carry freight
The Government has announced that priority will be given to the construction of roads for the transport of goods.

St. John Ambulance
The St. John Ambulance Club will hold a meeting on Thursday night at 8.30 am on Monday. April 22.

SCATTERED showers are likely to continue over wide areas of East Africa during the next few days.

Nairobi had its heaviest downpour of the year in 15 hours beginning at 6 p.m. on Saturday 21 April. The rain was measured at Eastleigh. There was a heavy downpour of 4 p.m. on Sunday 22 April and an aircraft from Africa was diverted to Entebbe.

The plane was returning with a party of official guests who had flown to Athens on the night of a new service to Athens. Two large Kenya coffee will be roasted and brewed for visitors.

More Asian clinics suggested
MORE Asian clinics were urgently needed in Nairobi, the City Public Health Committee has suggested.

The recommendation is the result of a recent survey of the health of the city. The committee has suggested that the Government should set up a series of clinics in the city.

Warships for Pakistan at Mombasa
Two Pakistan destroyers, the Bahadur and the Khatwa, will be visiting Mombasa from April 20 to 25. They are on their way to the Indian Ocean.

Kenya post-graduate students attending talks in Madagascari

NEWLY-DISCOVERED fishing grounds of the Kenya coast have yielded a record catch of 6,416 lb. in a single haul.

The haul was made by the Game Department's fishing vessel Mwenzi in an expedition to the coast of Lamu.

After the trip, the Provincial Commissioner, Mr. J. R. Alfrey, has set the most generous bounty of 100 shillings per ton of fish.

Electricity supplies over a wide area of the Mombasa district of Mombasa were cut off for nearly two hours yesterday morning when an overhead cable was broken.

Two Pakistan destroyers, the Bahadur and the Khatwa, will be visiting Mombasa from April 20 to 25.

Tribal' locomotive named

DR. H. E. LEMMON presided
with the nomenclature on
East African Railway regime
at a ceremony at Kisumu. It
was the eighth Tribal Class
locomotive to be named by a
senior representative of a tribe.
There are 623 Tribal Class

locomotives in service on East
Africa and further naming
ceremonies are planned, including
one at Kisumu on April 21.
The general manager of the
East African Railway and
Harbour Administration, Sir
Arthur Kemp, presided at the
ceremony.

SCENES FROM SPEECH DAYS AT TWO NAIROBI SCHOOLS

On the left the Kenya
Director of Education,
Mr. W. J. D. Wadley, pre-
sents a certificate of honour
and a badge for long service
with the Education Department
to Mr. R. A. Sobhy, head
teacher at the City Primary
School, Nairobi. In
front Mr. Sobhy will have
completed 38 years' service
with the department both as
a teacher and clerk.

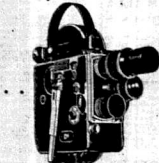

On the right, Mr. Wadley
meets the staff of the
Duke of Gloucester School,
Nairobi, at the school's
annual prize-giving. On
the right is the principal,
Mr. G. S. Amos.

The Queen, wearing a first
cost of navy velvet and matching
feather hat, pictured during a
visit to the Duke of Gloucester
School on Sunday. The team was
celebrating the 35th anniversary of
the opening of a chapter.

A TECHNICAL OR CLERICAL EDUCATION FOR MANAGERS?

ENGINEERS and others qualified in technical matters in Nairobi have been much more satisfied by recent speeches and correspondence in the Press indicating that by some managerial problem a technical education is of much more value to a manager than a clerical one.

In view of the fact that a student should not be sent to university until he has a good grounding in the sciences, it is suggested that the Government should, before sending a student to a university, have him first trained in a technical or clerical education. An engineer would be a more qualified manager than a student who has only received a general education in the sciences. This has been pointed out in many of the speeches and correspondence in the Press. It is suggested that the Government should, before sending a student to a university, have him first trained in a technical or clerical education.

which the Asian Elected Members could do. Now that they have commenced the work, they should speed up their efforts and try to do a little more. They should try to do a little more of the work of their own initiative and not wait for the Government to do it for them. They should try to do a little more of the work of their own initiative and not wait for the Government to do it for them.

LETTERS TO THE EDITOR

Asian in Uganda
The African in Uganda for some time has been the subject of much discussion. It is suggested that the Government should, before sending a student to a university, have him first trained in a technical or clerical education.

BE CAREFUL WHAT YOU SAY

When your guest has finished his first drink and slyly frames the age old question, be careful what you say . . .

If he tells you that Scotch produced by an old family concern is the best example from which to judge, at least, this man is safe.

But if your guest tosses back your Scotch without tasting, holds out his glass and cries, "Scotch, I could drink a bottle," say nothing. Hide your Granta; there is enough to go round but no more. The output of this small highland concern is restricted by the long years spent maturing and blending.

Grants is sold only by name. There is not a drop to waste on the man who carelessly calls for "Scotch".

Be careful what you say. Scotch whisky means so much more than "Scotch"—take Grants for example.

Battery recall
I have the pleasure to advise you that the battery recall of the 1500 cc. cars is now complete. All the affected cars have now been replaced with new batteries. We are sorry for any inconvenience caused and hope you are satisfied with the service.

LITTLE FINANCIAL GAIN FOR SPORTS SPECTATORS

New European tennis cup proposals

HUNGARIAN proposals for two new European cup competitions will come before the meeting of the International Lawn Tennis Federation on July 10, writes Arthur Hickey.

Hungary is suggesting a "National" cup for the national tennis teams and a new cup for the continent as a whole. The former is already under way in Hungary, but the latter is still in the proposal stage.

It is impossible to anticipate what the European tennis federation will decide, but it is possible that the proposal for the continent cup will be accepted. This cup would be a new event, and it is possible that it would be held in some other country than Hungary.

Need it to keep going

KEYYA GENERATOR ENOUGH

POWER FOR PLANTERS

Ample supply from Seven Forks likely INDEPENDENCE AIM
KENYA's potential power output may be sufficient to make it unnecessary to take further supplies from the Uganda Electricity Board during the foreseeable future.

The managing director of the East African Power and Lighting Co. Ltd., Mr. A. J. Don Small, expressing this belief yesterday, said existing generating stations were ample to meet the present demands. The difference between capacity when bulk supplies from Owen Falls—the present agreement is for 45,000 kw.—started at the end of this year.

Asked to comment on a Uganda Electricity Board report which indicated that building her own new generating stations, Don Small replied that it was felt Kenya should be as self-contained as possible for strategic and political reasons.

Present needs easy met
At the moment the company could supply 39,000 kw. in Kenya and the consumption was only 21,000. Supplies available in western Kenya, amounted to 66,000 kw. at Eldoret, Kitale and Kiambu, and potential supply at Seven Forks were worth 41,000 kw.

The agreement to purchase bulk power from Uganda was entered into because it spread the initial capital outlay for the company to shoulder the heavy cost. The first phase of which Seven Forks scheme near Thika, the first phase of which was estimated to cost £1,000,000.

The output in the first instance would be 20,000 kw. but this could be doubled in successive stages. The plan was extended to require that the output could be increased to 40,000 kw. if necessary. It was impossible to estimate the further capacity that was available for Kenya, but it was estimated that the total capacity would be more than that for the whole of Kenya. The plan was approved by the Government and the Uganda Electricity Board. The plan was approved by the Government and the Uganda Electricity Board. The plan was approved by the Government and the Uganda Electricity Board.

U.S. missile view ERRORS BY PLANTERS

'Lack of imagination' in presenting Kenya's case

GOVERNMENT planners had gone astray in not planning on a sufficiently realistic scale, Col. S. G. Chibwe, Member for Nairobi North, said in Kenya Legislative Council last night.

He claimed there was a lack of vision and imagination in representing the Colony's case before the British Government. "I am sure that the Government could have been stated with regard to the British Treaty that a great deal of expenditure could quite properly have been charged to Emergency expenditure," he said.

The House was estimated to be £2,000,000 in the working draft of the Government's 23rd Budget for 1957-58.

Common returns
The European Minister with portfolios, Gordon Campbell, referred to the common returns for Kenya, Uganda and Tanganyika.

TWO MEMBERS SWORN IN
Two temporary Members of the Legislative Council were sworn in yesterday at a torch-light ceremony in the grounds of the Kenya Club.

ALLIED EXERCISE
Field Marshal Sir Gerald Templer, Supreme Commander of the Middle East Forces, will be in Kenya for a week from April 20 to 25.

Former Minister leaves

DRUM HORSE ON PARADE

HANNIBAL is a proud animal, as befits a drum horse in the Royal Horse Guards (The Blues). His master, Squadron Leader H. Gray, of York, has been a member of the band since 1951. There are 24 members in the band, which is commanded by the Director of Music, Capt. J. E. Thurtle. The band took part in the Franco-British military festival held in Paris during the recent visit of the Queen and Prince Philip.

In the top right-hand picture, the Colonial Secretary, Mr. Lennox-Boyd, signs the report of the Singapore constitutional conference, which ended in London last week. He is watched by the Chief Minister of Singapore, Mr. Lim Yew Hock.

"Christ in Majesty", the work of Sir Jacob Epstein, which is erected at the apex of a concrete arch in Llandaff Cathedral, Cardiff. The figure, part of the restoration work in the war-damaged cathedral, is cast in phosphor bronze and is more than 16 feet tall. It hangs 24 feet above floor level, against a base circular block which is to house the echo organ.

* The Organists of Burton St. Mary's W.V. with some of the Souths who attended the installation in Harare to mark the 33rd anniversary of the agreement. They are from left to right: the Bishop of Uganda; the Rt. Rev. Leslie Brown, the District Commissioner, Bulawayo; Mr. F. Green; and (behind) the Chairman of Towns.

Mr. Leslie Tatlock of Kennerley, now Manchester, was awarded a special prize for the best exhibit in an exact replica of the Francis-Barnett Fabian motor-cycle. Every part of the machine, except for the battery and electric bulbs, was made in Mr. Tatlock's own workshop.

UNDAMAGED BY 1,000 RUNS ON ROAD OF JAGGED ROCKS

3-T NYLON CORD NOW MAKES POSSIBLE A NEW AND BETTER

TUBELESS SUPER-CUSHION

You never know when you might hit a large sharp rock on the road. So we multised this road hazard thousands of times... made a road of rocks to give new 3T Nylon cord some real punishment.

The tyres made the torture run over 1,000 times, pounding over the sharp-edged rocks. When they were examined, not a single broken cord was found. Here is the strength you need for protection against impact blowouts.

ONLY 3-T NYLON CORD GIVES NEW TUBELESS SUPER-CUSHION THIS STRENGTH

On the outside, the new All-Nylon Cord Tubeless Super-Cushion looks like a conventional tyre—but *inside* revolutionary structural differences make it able to outperform any other passenger car tyre.

What makes this possible? It's Goodyear's exclusive 3-T Nylon cord—the miracle fabric that made this new tyre's famous predecessor tough enough to withstand a million smashing blows.

3-T cord is chemically treated and processed in gigantic machines under precise Time, Tension and

Temperature control. Result: *The world's strongest tyre cord!* Pound for pound actually stronger than steel. Combined with special rubber compounds and Goodyear's exclusive Grip-Seal Construction, 3-T Cord makes a tyre body completely resistant to the passage of air.

Be sure, the Tubeless Tyres YOU buy have the miracle strength of Triple-Tempered Nylon Cord—and that means Goodyear. See your Goodyear dealer soon.

The all new Tubeless Dual-Steel Cord makes you see and feel the road. It's the new, great idea.

EASTER PARADE OF RAINWEAR AT NAKURU

The Provincial Commissioner, Mr. D. S. Trapp, and Mrs. Trapp were among guests attending a snowdrift given by Mr. and Mrs. Jack Niekisch at their home at Ligala, Mikere.

THE April race meeting at Nakuru is usually the occasion for a display of Easter suits and bonnets, but this year it was mainly a race of wet-weather wear.

THE men and women of the Kenya Training Centre were the first to be seen in their rain gear.

THE parade was watched by a large number of spectators, and the rain was not too heavy to prevent the parade from being a success.

THE successful start of the new season was celebrated with a gala performance at the National Theatre.

Mr. G. W. Y. Hicks, Secretary of the Provincial Council, was the guest of honor at the dinner given by the Provincial Council at the Mikere Hotel.

THE Provincial Council was held at the Mikere Hotel on Monday evening, and was attended by a large number of members.

SUSPENSION OF GIANT SOUTH AFRICAN BOXER

No increase in Australian cricket team

There is "practically no possibility" of the number of players in the Australian cricket team touring South Africa later this year being increased from 15 to 16, the secretary of the Australian Board of Cricket Control, Mr. Jack Ledward, said.

He had been asked in Sydney on an expedition to identify the possibility of an increase in the number of players in the Australian team.

In 1949-50 Australia sent only 14 players to South Africa, but in 1951-52 the number was increased to 15. In 1953-54 Australia sent 15 players and in 1955-56 the number was increased to 16. Mr. Ledward said that the number of players was increased to 16 in 1955-56 because of the fact that the Australian team was playing a number of matches in the West Indies and in the West Indies the number of players was increased to 16.

Danger that Potgieter's eyesight may be affected

The Massachusetts State Boxing Commission has suspended the giant South African boxer, Oscar Potgieter, and notified all other States of its action. Dr. James H. Matthews, General Manager of the Commission, said that Potgieter had been found to be suffering from a condition which could become serious.

Dr. Matthews said that Potgieter had been found to be suffering from a condition which could become serious. He said that Potgieter had been found to be suffering from a condition which could become serious.

ADEN COMMAND SOCCER TEAM DUE TOMORROW

Swan song for Terry Hargeaves

The Aden Command Soccer team are due to arrive at Eastleigh tomorrow. The party consists of 20 players and from what is known of them they are a very good side to play fast and attractive football. Their first game on Monday Friday is against the R.A.F. Station team at Eastleigh and is in the nature of a "taper" contest.

The team will be led by George Kelly and Bill Scott, each playing a goal. Terry Hargeaves will play a good forward and a good defender. The team will be supported by a strong back line and a strong forward line.

Police player provides points for Pioneers

FOR the second Saturday running, 10 Pioneers travelled from Arncliffe to Nairobi and were entertained by the Nairobi Police who had rather scrappy games. The Pioneers defeated the Pioneers by 15 points to 11. Pioneers scored four men short and four Police players turned out to make a team for the Pioneers.

Pioneers scored their first goal when the start was given. Fred Fredrickson, first striker, scored the first goal. He scored the first goal. He scored the first goal.

Keane gains second Karen golf title

STANLEY KEANE, the current Kenya Amateur golf champion, won the Karen Country Club championship on Sunday when he beat D. L. Hughes by a put in the 36-hole final. The holder, Walter Cox, had gone out to a second champion, David Doherty, in the first round. It was the second occasion on which Keane has played in the Club championship at Karen. He was undefeated and could not compete in 1964.

On the one other occasion he was defeated when he beat D. L. Hughes by a put in the 36-hole final. The holder, Walter Cox, had gone out to a second champion, David Doherty, in the first round.

Course for marathon too short

THE course for one of the world's greatest road races, the annual Boston Marathon, has been found to be about three-quarters of a mile short of the recognized marathon distance of 26 miles, 385 yards.

A survey of the route showed that the course measured only 25 miles, 117 yards short of the official distance.

The starting line for this race was placed on April 20 at the adjusted distance. This means that the course record of 2 hours, 15 minutes, 42 seconds, set last year by Antti Vuori, Finland, will not be an official record.

The starting line for this race was placed on April 20 at the adjusted distance. This means that the course record of 2 hours, 15 minutes, 42 seconds, set last year by Antti Vuori, Finland, will not be an official record.

Police player provides points for Pioneers

FOR the second Saturday running, 10 Pioneers travelled from Arncliffe to Nairobi and were entertained by the Nairobi Police who had rather scrappy games. The Pioneers defeated the Pioneers by 15 points to 11. Pioneers scored four men short and four Police players turned out to make a team for the Pioneers.

Pioneers scored their first goal when the start was given. Fred Fredrickson, first striker, scored the first goal. He scored the first goal.

A NEW DEAL FOR THE MAN BEHIND THE WHEEL.....

The design of the new New Dodge is the result of our progressive development over a period of many years. The result of our experience is an impressive list of features... which enable the New Dodge to carry bigger loads and withstand the roughest conditions... make light work of your job... and assists you in planning transport on a more profitable basis.

The cab interior provides many conveniences for the driver. The steering wheel is mounted on a column that allows for easy adjustment. The seat is upholstered in a soft, durable fabric. The dashboard is simple and clear, with all the necessary gauges and controls within easy reach.

1. Stronger and deeper chassis frame
2. Improved suspension system
3. Fully equipped engine
4. Improved steering system
5. Improved brakes

6. Soft-ribbed driver seat
7. Extra duty level front wheel
8. 12-volt battery
9. 12-volt horn
10. 12-volt headlights

NUCLEAR POWER ESSENTIAL TO BRING FISH DEFENCE

Minister's warning on disarmament V-BOMBER FORCE

NUCLEAR disarmament by itself would be disastrous since it would give decisive military superiority to the larger conventional forces of Russia, the Minister of Defence, Mr. Sandys, told the House of Commons.

Loud cries of "No" from Opposition Members greeted this statement by Mr. Sandys, who was opening a two-day debate on the Government's new defence policy, which will halve Britain's forces, end conscription by the end of 1960 and concentrate on nuclear weapons.

The Minister said available resources must be concentrated not on preparations to wage war but to prevent such a catastrophe ever happening. He did not speak of reaching agreement, universal and comprehensive disarmament. It was hard to see how Russia, with her social and industrial strength on hand, could wait war, but there was such mutual distrust between East and West that neither dared lower its guard.

Importance of hydrogen weapon

"We think it is just as well to make certain that we have a considerable amount of nuclear power available to us in the event of a crisis. It is not possible to think that a major attack could be made against Western Europe without the risk of nuclear retaliation," Mr. Sandys went on.

It was a basic principle of policy that Britain must manufacture the hydrogen bomb. After referring to criticism that the Americans would keep control of the nuclear stockpile, Mr. Sandys said that it was essential that Britain should have a hydrogen bomb of its own. He said that the Americans would not give up their lead in this respect, but that Britain must have a hydrogen bomb of its own.

U.S. ships likely to use Canal PROTEST PAYMENT

UNITED STATES ships are likely soon to use the Suez Canal on Egypt's terms, but only under protest and with reservations, diplomatic observers said in Washington.

The protest would be to express those reservations in what formal will be found to be one of the subjects of discussion between the United States and the United Kingdom. It is understood that the United States will not pay the full amount of the Canal tolls, but will pay a reduced amount.

EGYPTIAN KILLED 'Revenge' knifing

An Egyptian adviser of the United Nations Security Council was killed in a knifing in the Egyptian town of Sidi Barrani, it was reported today.

The victim was a member of the United Nations Security Council. He was killed in a knifing in the Egyptian town of Sidi Barrani. The knifing was described as a "revenge" knifing.

INTEGRATING SERVICES

With the reaction in the United States to the Government's proposal to integrate the services of the Armed Forces, the Government has announced that it will continue to study the matter.

Expert visiting Kenya to advise on broadcasting

Views of the Kenya Government on the organisation of the Kenya's future broadcasting services will be given by a White Paper after technical aspects have been cleared up, the Chief Secretary, Mr. Turnbull, told the Legislative Council yesterday.

He said all the recommendations of the Kenya Broadcasting Commission would be taken into account and technical considerations would be given priority in the White Paper on the Government's development programme for the period 1957-60, announced that one of the B.B.C. specialists would visit within the next few weeks to examine the possibilities of a B.B.C. station in Kenya.

CRITICISM OF LAND PLAN

Colony creating 'proletariat'

KENYAS land consolidation programme had entered into too quickly and was creating a landless proletariat, Mrs. Barbara Kibaki, Minister for Education, Mr. M. N. Mutitu, and Mr. J. M. Njoroge, said in the House of Commons.

Mrs. Kibaki said that the programme was being carried out too quickly and was creating a landless proletariat. She said that the programme was creating a class of landless workers, which she described as a "proletariat".

Four reasons

The Under-Secretary, Colonial Office, Mr. P. M. P. said that the reasons for the retention of the programme were: 1. The start-up of time taken to do the work. 2. The aftermath of the war. 3. The need for a landless proletariat. 4. The need for a landless proletariat.

Business men advised to think beyond trading

POLICY ON CITY ELECTIONS

NAIROBI business community should be encouraged to take greater interest in City Council elections and the Nairobi Chamber of Commerce should adopt a policy of providing suitable leadership, according to the president, Mr. P. J. Rogers, at a Tuesday night's general meeting.

The meeting was presided over by Mr. J. K. Laund, secretary of the Chamber of Commerce.

Mr. Rogers' concluding remarks were directed to the business community and he said that the City Council was a body which should be interested in the welfare of the city and its inhabitants. He said that the Chamber of Commerce should be interested in the welfare of the city and its inhabitants and should be prepared to support the Council in its efforts to improve the city.

Mr. Rogers went on to say that the Chamber of Commerce should be interested in the welfare of the city and its inhabitants and should be prepared to support the Council in its efforts to improve the city. He said that the Chamber of Commerce should be interested in the welfare of the city and its inhabitants and should be prepared to support the Council in its efforts to improve the city.

PREPARING THE WAY FOR TALKS

London visit by Sir R. Welensky

Explaining the reasons for his visit to London, the Prime Minister of the Central African Federation, Sir R. Welensky, said he was preparing the ground for a conference, due to be held between 1960 and 1962, on the future of the Federation.

The Prime Minister, who was speaking in a B.C. programme, said the people of the Colonies had a right to be heard in their own defence and to be heard in their own defence.

One of the obvious problems was the question of the Colonies' right to be heard in their own defence and to be heard in their own defence.

Asked if he was sure that the Federation was working out all right, Sir Welensky said he was sure that the Federation was working out all right.

Task by Voice of Kenya ends

Mr. E. Barnham, chairman of the Voice of Kenya, which is to be wound up voluntarily, said in Nairobi today would be very little money left when the liquidation was over.

Originally, £4,000 was subscribed for the Voice of Kenya to reflect the balance of unfair criticism of Kenya in Britain before the end of 1956 to inform the public of the situation.

At a meeting last month, the members of the Barnham Estate Plotters' Association decided to seek legal advice on the matter.

Good job of work

The City Council, when the City Council was in session, was a good job of work.

Mr. Rogers went on to say that the Chamber of Commerce should be interested in the welfare of the city and its inhabitants and should be prepared to support the Council in its efforts to improve the city.

Mr. Rogers went on to say that the Chamber of Commerce should be interested in the welfare of the city and its inhabitants and should be prepared to support the Council in its efforts to improve the city.

Trade and civics
Six European states have fallen victim to a Nairobi City Council since 1952. They were returned unscathed and the only contest was for the first of the six majority two years ago in Parkland Way.

Australians' backyard warrior 'hottas' believe they have finally succeeded in finding out how to make rain where and when it is wanted. But the rain-making team, led by a Welsh-born scientist, Dr. Robert Gordon Bowen, wants a further season's cloud-seeding experiments before making definite claim to success.
