AFRICAN MEMBERS CREATING BARRELS TO CHANGES Minister criticises 'ostrich' attitude DEBATE IN HOUSE

AFRICAN Elected Members of Kenya Legislative Council had created an important constitutional change before 1960 by the path of the amendments, the Minister for Legal Affairs, Mr. Griffith-Jones, J.C., told the Council yesterday.

Griffith-Jones, who was replying in the Budget debate to what he described as "misunderstandings and misinterpretations" of the constitutional position in a speech by Mr. T. LARGE STAGE PUTS FESTIVAL ACTORS AT DISADVANTAGE

PRaise for the cast of the opening play was combined with criticism of the stage and setting when Mr. Norman Marshall adjudicated on the third night of the Kenya Festival at the National Theatre, Nairobi.

After their performance on Tuesday, he said amateur actors had a tendency to be too busy with their own affairs rather than with the play.

He said the most serious fault was the lack of rehearsal. He said the actors had not had enough rehearsal to bring their parts back with relish and conviction.

America's Cup challenge is accepted

THE New York Yacht Club has accepted a British challenge to defend the America's Cup, for more than 100 years the symbol of international yacht racing supremacy.

A committee was organized as a result of the challenge and a modern 12-metre boat, the "Britannia" built at Newport Rhode Island, will start on September 29 next.

"This will be the 17th match for the America's Cup and the first since 1930 when the British were defeated. It is the one of the most needed for such races. America's yacht club had never won a race worth over £10,000 since the 1930 race."

Lifting a hat to the sun

By M. KAY
WHAT a change there has been in hats worn in Europe and Africa during the past 35 years.

The power of the sun, responsible for the change, is the scorching rays which it is treated to avoid sunbathing 35 years ago were considered a luxury.

HEAVY TOES

Men wore large black buckled boots with high, pointed toes with pumps. They wore a smaller, lighter leather variety.

On high days and holidays the "middle class" had elaborate "sundries" to wear. These were made of silk and were remembered as "dainties" for their richness and beauty.

One Sunday one woman was seen decorated with wreaths of red and white flowers when she went to Sunday school.

On the way to Britain through the Straits Canal it was necessary to track men's feet for a possible landing place. A lot was made on the ground.

Critically and how it crept into our lives to know the hat, particularly with women.

Many men cling to their hats, but the woman's hat has become a more popular among the articles.

VERY DARING

The more hatless, old and were looking the hat the more it was looked by its owner.

Women, because they had fashion conscious, say hats on their heads, they would not be seen without them.

One felt greatly afraid of a rare day or two when a function one removed his hat, it is a little straw or fancy grass.

This was not so easy as it sounds in the simple way of the day when off duty, with smiling on her part of shorts was have had something to do.

COME beautiful bridal gowns and head-dresses have been worn this season, both in the glittering salons of the London "Top 12" designers, and in the window displays of some of the large stores.

Whether she is "top" or "bottom" can be the reason in being a winner of stage and runway into the life of the most distinguished character.

One young bride-to-be has a power of brilliant Brussels lace and some of the most orange-brown hair which have been shown lately has been seen. Many had maroon and green wedding, and she is having them finished by her milliner for her wedding day.

As shown in my top sketch, one corner of the hair will be held in position on the top of her swept-up hair style by a tiny crystal of the wax flowers. Under the lace will be a short

Indecision over colonies place in free trade area

By a Special Correspondent
MEMBERS of Parliament are very concerned, it seems, about the position of the colonies which will be included in the free trade area. It was only just before the end of winter that the colonial debate in the House of Commons was held. At that time the Secretary of State for the Colonies, Mr. Arthur Creech Jones, said that the Government were not yet ready to announce the terms of the free trade area. He said that the Government were still in the process of consulting the colonies and that they would be ready to announce the terms of the free trade area in the next few weeks. Permission to prevent authority undermined

OF NEW VIOLENCE

Government statement concerning the refusal of African political meetings is an act of gross provocation. African political meetings have been held in Kenya for many years. Rush for coffee

NEWS that the Bukoba coffee crop in Tanganyika is seriously affected by the weather and that no forecasts of any sizeable yields can be made produced a boom on the Kampala coffee market.

Many hundreds of tons of coffee which had been on offer for weeks were snapped up in a matter of hours.

The latest sale, and a number of private treaty sales made disposal of most of the large bank of coffee which were an object of contention with the Bukoba coffee market.

Some buyers are due to be offered coffee on Wednesday but the total involved is not believed to be more than 200 tons.
