## DEMANDS DAMAGES FOR SACKING OF EMBASSY

### Formosa troops, on guard after riots 'GRAVE OUTCOME'

AMERICA has demanded full compensation for the sacking of the United States Embassy in Formosa by a mob of about 40,000 rioters. Eight Chinese were killed and five American court martials had acquitted a United States sergeant of killing a Chinese. Police officers on a crowd which besieged a police station where some demonstrators had been detained.

Washington officials described the incident as an emotional outburst which might have wide significance for members said it was bound to damage relations between the United States and Formosa.

Martial law was imposed on Taipei and thousands of rioters patrolled the streets. Meanwhile, President Chiang Kai-shek's cabinet met to discuss the possible grave consequences of the riots, which threatened to weaken the Nationalist Government's alliance in the Far East.

Nationalist guards with tommy-guns were mounted round American living quarters and the Embassy in which rioters were shooting and looting. The rioters were identified as members of the Nationalist Government, the Nationalist Police and the Nationalist Foreign Ministry.

The Nationalist Police Minister, Mr. Chen, said that the rioters were not only looting and burning but also attacking the American secret Embassy. He said that the rioters were not only looting and burning but also attacking the American secret Embassy. # LE TRIBES POACHING IN TANGANYIKA GAME PARKS

## Official apathy alleged

PLANS for concerted action by the Game Department, the National Parks and the police against poachers in Tanganyika National Parks have to a great extent been nullified by the apathetic attitude of the administration and judiciary.

This is claimed by the Director of the National Parks, Lt. Col. P. G. Molloy, in his report. He suggests reasons for the failure to make poaching a serious offence. The Government, Sir Edwin Kyreny, Sir Evelyn Baring and the Secretary of State for the Colonies have been slow to take action in the 'poaching' law. The Director of the National Parks has been slow to bring forward proposals for the improvement of the law.

The three tribes bordering the parks are the Sukuma, the Hehe and the Waha. The Sukuma are the most numerous and are the most active poachers. They are followed by the Hehe and the Waha. The Sukuma are the most numerous and are the most active poachers. They are followed by the Hehe and the Waha.

**Man's slaughter**  
"From 200 of the herd of about 1000 head of cattle almost every abnormally poor cow or bull is culled, in order to improve the herd. The culled animals are usually sent to the slaughterhouse at Mwanza, where they are killed and the meat is distributed to the poor."

## Treasured moment as the Queen stops to talk...

Princess Margaret and Prince Philip will treasure all the hours they spend together in the glider. She has found it so enjoyable that she has decided to buy her own. The Queen stops to talk to them before leaving Hull for her State visit to Denmark. After their official tour ended on Thursday, the Queen and Prince Philip stayed on privately with King Frederik and Queen Ingrid. They left for Britain in the Royal yacht Britannia on Saturday.

On the left, Prince Philip is seen last before taking off on his first glider flight. The day before he left for Denmark with the Queen, Prince Philip visited the headquarters of the Bristol Gliding Club at Nymptonfield, Gloucestershire. He flew in a Slingsby T 42 glider piloted by Mr. Peter Collier, the club's resident instructor. In the picture, Prince Philip's home is being read by Mr. Peter Scott, the orthopaedist.

On the left is H.M.S. Cayton, flagship of the East Indian Station, which is due to arrive at Mombasa on Wednesday for a two-week visit. The Cayton is an 8,718-ton cruiser of the Uganda Class. She carries nine 4.5-inch guns and a crew of 1,100. She left Freetown on Wednesday after a week's visit to West Africa. The commanding officer, Capt. Barber, who is also Flag Captain, will be accompanied by the director of the mission and the director of the Admiralty to take command of the Cayton when she commences her Singapore.

# SOME FORCEFUL HITTING. T. Courtney sets a new world time in COUNTY CHAMPIONSHIP

## Trevor Bailey resolves all doubts as to his fitness

THREE centuries were the highlights of Saturday's play in English county championship cricket. Worcestershire, D.V. Smith (Gloucestershire) scored 117 against Gloucestershire, J. Kelly (Gloucestershire) scored 102 against York, and at Chatterfield, the highest of the day, however, was 149 by Trevor Bailey for West Yorkshire. Courtney's performance was the highlight of the day, as he scored 117 for Gloucestershire against Worcestershire. Courtney's performance was the highlight of the day, as he scored 117 for Gloucestershire against Worcestershire.

THE 30-called "Mile of the Century" at Los Angeles, California, on Friday night, was completely overhauled by Courtney, 600 metres O'Connell, 400 metres Courtney, 100 metres Courtney. Courtney's performance was the highlight of the day, as he scored 117 for Gloucestershire against Worcestershire.

# Sobers massacres the Nottingham bowling

## GARFIELD SOBERS, the 26-year-old West Indies left-handed batsman, had a day's work of the weak Nottinghamshire bowling at Trent Bridge on Saturday, which he made 219, but lost an easy wicket typical of that enclosure. Clyde Walcott (111) Everton and Wenden (69) out helped Sobers (70) to century stands and at the end of the day the West Indies had 483 for three wickets on the board.

Sobers was being tried as a session batsman for the first time on Saturday, but he was not in the time on the board. Courtney's performance was the highlight of the day, as he scored 117 for Gloucestershire against Worcestershire.

## ROBBERIES AT AIRPORT CLOSED BECAUSE OF HEAVY RAIN

**Runway repair work extended by 24 hr. EASTLEIGH SERVICES**

The heavy rains in the Nairobi area during the last two days have caused the closure of Nairobi's Victoria airport, which is not expected to be operating until next tonight.

The airport was due to close for five hours yesterday, so that the annual repair of the concrete surface of the two runways could be made. It was because of the rain the time had to be extended by a further 24 hours. Meanwhile, East African Airways services are operating to and from Eastleigh.

The rain has also meant more work by the Nairobi City Engineer in carrying out maintenance on gutters, roads, drains and footpaths. He has asked for a further £4,000 in the next few days to carry out the repairs and has had approved by the Finance and General Purposes Committee.

## Too muddy for aircraft

An East African Airways spokesman said yesterday that it usually becomes necessary to repair the intersection of the runways after the rains, because of erosion. That part of the airfield becomes very rough, planes were made to carry out the work towards the end of May, when it was expected that the rains would have ended.

Work was started yesterday but the ground became so wet that the area was too muddy to permit the operation of aircraft and the Director of Civil Aviation ordered the airfield until repairs could be completed. East African Airways officials have notified the Government as possible of the strike of air traffic.

## COUNTLESS DIES FROM STABS

An armed plain clothes officer on duty at the Victoria Police station in Nairobi on Friday night was believed to have been a victim of ten or more stabs.

She was Onyiah Tereso of Nairobi, a 35-year-old widow of a late soldier who was killed in the Mau Mau rebellion. She was stabbed in the chest and stomach by a man who fled after she was wounded.

## Minister's visit to Kenya

The Queen and Prince Philip arrived back in Britain yesterday after their three-day visit to Kenya. The Royal yacht Britannia, on which they were accompanied by the Governor and his wife, was met at the airport by the Home Secretary, Mr. James D. Wilson.

## OPTIMISM OVER U.S. ARMS PROPOSALS

**President silences criticism**

HOPE that the proposals prepared by the United States for the disarmament talks will end the 11-year-old nuclear arms race were expressed in Washington yesterday. In London, the American delegate at the talks, Mr. Harold Stassen, said he was convinced that the proposals would lower world tensions and improve the prospects of a lasting peace.

## MINIMUM 'fall-out' FROM H-test

Japanese scientists who have conducted a series of tests on the effects of atomic bombing are reporting to the United States that the 'fall-out' from a hydrogen bomb test will be far less than is generally supposed.

## Town Clerk and Surgeon

The Finance Committee also considered the resignation of Mr. A. M. Travis, who had been appointed as Surgeon of the town. Mr. Travis had been appointed as Surgeon of the town of Nairobi in 1956.

## SCHOONER CREW MURDERED BY VILLAGE PRATE

Burma police are investigating reports that the crew of a schooner was murdered by a village of hill-tribes in the region of the coast of the Bay of Bengal. The schooner was carrying 200 miles of wire.

## Premier Margaret had started annual fashion

Premier Margaret had started annual fashion show in London, which is the first time since the war that the show has been held in London.

The Queen and Prince Philip arrived back in Britain yesterday after their three-day visit to Kenya.

## 70 arrested after anti-U.S. riots FORMOSA APOLOGY

CHINESE Nationalist authorities have arrested 70 persons suspected of being ring-leaders in Friday's anti-American riots in Taipei, capital of Formosa, it was officially announced in Taipei yesterday. It was the second official act that the sacking of the United States Embassy was directed by the President Eisenhower over the Formosa case.

## Questions tabled on investment KENYA SHARE OF A FIGURE

In presenting his apology through the American Ambassador, Mr. Clark Barkin, the Chinese Nationalist President gave an assurance that the sacking of Formosa—only a small island off the coast of China—was a serious affront to the Chinese Government, which also stated that it would be held responsible for any further damage to the United States Embassy.

## NEW ROLE IN DEFENCE STRATEGY

REFERRING to reports from Cyprus that plans were being prepared to create a new British defence base in East Africa, the C-in-C, East Africa, Lt. Gen. Sir Gerald Labouchere has stated that he knows nothing of such a project.

The proposals were said to involve the complete reorganisation of the British defence forces in the East, and splitting the newly proposed joint Middle East Headquarters in Cyprus into two separate commands. The latter, with its associated base, would most likely be set up in Aden.

# Women's Tuesday Corner

That the dropped waistline has not altogether disappeared from the fashion scene is shown in the picture of these very elegant dresses. The one in the center is a lavender, the one on the left is a black and white, and the one on the right is a black and white. They are all made of a material that is very soft and pliable, and they are all very stylish and elegant.

## IT MAY HELP YOU

# The royal tour of Denmark in pictures

THE Queen smiles for a group of Danish children — and particularly for one young photography enthusiast — as she leaves the Anglican Church of St. Albans in Copenhagen. The Queen called on the church during her State visit to Denmark with Prince Philip.

ON the left, the Queen is seen with the Mayor of Copenhagen, during her tour of the Vagnersgaard Child Welfare Institution in the Danish capital. She was presented with a bouquet and spent some time talking with the children who are cared for in the centre.

DURING the second day of the Royal tour of Denmark, the Queen visited the Danish scientist and Nobel Prize winner, Professor Niels Bohr. On the left she is seen talking with the professor in the garden of his residence in Copenhagen.

On the right, the Queen waves happily to the crowds from the steps of Copenhagen Town Hall. On the left she is seen walking with the Queen Consort, who is accompanied by Prince Philip and Princess Margrethe of Denmark. The Royal visit to Copenhagen is a four-day tour which ends on Saturday night at the airport in Britain.

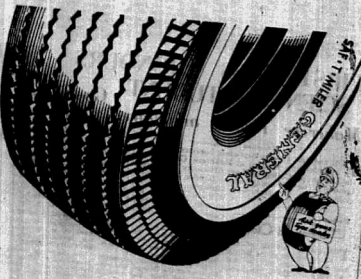

THE Queen and Prince Philip were conducted through the large Carlsberg Brewery in the Danish capital. On the right, Queen Elizabeth and Queen Ingrid of Denmark are seen one of the huge vats of the brewery.

In the background, Prince Philip is given the answer to a technical query by one of the officials who showed the Royal party over the plant. The Queen later visited the Carlsberg factory in Copenhagen.

SIR MARCUS CHISHOLM (right) has been appointed British Minister to the Vatican in succession to Sir Charles Howard. Sir Marcus, aged 55, has been Vice-Minister of the Diplomatic Corps since 1946 and has served in London and Brussels. He has written several standard historical works on Portuguese literature and history. A future was outlined when Sir Marcus' appointment as Foreign Office Under-Secretary for Foreign Affairs and Consular Affairs. The booklet advised parliament that one of their duties would be "to be able to serve."

It's not just another tyre!

The unique construction of the GENERAL SAF-T-MILER tyre sets it apart from all others. It is the only tyre with tread discontinuity giving maximum ease in handling, less strain on the steering and the driver, combined with a design providing more actual rubber on the road at all times for longer mileage and safety.

It is because of this remarkable combination of features that the GENERAL SAF-T-MILER has built up and held its reputation as the finest tyre in Africa and more motorists every day are demanding the best — and insist on getting it.

# BRITISH SPORTS MARTIN'S TRIUMPH

## Martin beats Ferrari 100 km. race in Germany

Three Aston Martins—defeating five Ferraris—won the 100 kilometre (62.1 mile) race on the Nürburgring circuit in Germany on Sunday. Brooks beat two Ferraris in a race over 100 miles in hospital for several weeks with pneumonia.

# Solitary try gives Nondescripts their first N.D.C. win

A "CLOUDBUST" amid midway through the second half of Sunday's Nairobi district championship Rugby trial—again put the Parklands club under the spotlight. Two lockers side, scrambled and alighted playing conditions. There was no further story and, in consequence, Nondescripts were left to their own devices.

Although the game began in a rather desultory fashion, it soon became a contest of wits and wits. The Parklands side, under the leadership of their captain, was able to score a try in the first half. The Nondescripts, on the other hand, were unable to score until the second half. The game ended in a draw.

## 'Not safe' protest by racing drivers

The Professional Motor Drivers Association decided at a meeting at Adenau, West Germany, on Sunday that its members would not take part in the 500-mile Monza Race, in Italy, on Monday. The decision was made in protest against the safety conditions at the race track.

## Railway lose initiative — and points

IN attack on the railway's defence strategy, the Kenya Railway Union has issued a statement which is likely to lead to a bitter struggle. The union has accused the railway of losing initiative and points in its defence strategy.

## Booted the ball clear

He roared back and booted the ball away from the feet of Nondescripts forward, it was said, and the Parklands side was left to their own devices.

## Nairobi and Nyeri tennis tournaments

The Nairobi Club open tournaments will begin in Nairobi on Monday. The Nyeri Club open tournaments will begin in Nyeri on Tuesday.

## Had lost initiative

IN Ireland and then next day in Kenya, the railway's defence strategy was criticised. It was said that the railway had lost initiative and points in its defence strategy.

# BE CAREFUL WHAT YOU SAY

When your guest has finished his first drink and slyly frames the age-old question, be careful what you say...

If he tells you that Scotch produced by an old family concern is the best example from which to judge, sit back; this man is safe. But if your guest tosses back your Scotch without tasting, huts out his glass and cries, "Scotch, I could drink a bottle," say nothing. Hide your Grants; there is enough to go round but no more. The output of this old highland concern is restricted by the long years spent maturing and blending.

Grants is sold only by name. There is not a drop left waste on the man who carelessly calls for "Scotch". Be careful what you say. Scotch whisky means so much more than "Scotch" — take Grants for example.

## EAST AFRICA BEGINS TALKS ON SHARING OF NILE WATER

### Technical advisers meeting in London

### SUDAN REPRESENTED

**DISCUSSIONS ON the future of the Nile waters are being held in London between technical advisers of East African territories and the Sudan as a preliminary to a conference of all the countries which depend on the Nile.**

The announcement that discussions were taking place was made by the Foreign Secretary, Mr. Selwyn Lloyd in the House of Commons yesterday. He added that the British Government still favoured the holding of the conference at "the appropriate time" but a great deal of technical consultation would be necessary first.

The Kenya Minister for Agriculture, Mr. Blundell, said yesterday that a representative of his Ministry was in London for the preliminary discussions about water in the Nile waters. A Uganda spokesman said that the Prefecture had two representatives in London available for technical consultations.

### Kenya report being studied

Mr. Blundell told the East African Standard last night that no date had yet been decided for an international conference, but in any discussions it was the Kenya Government's intention to protect the Colony's interests in the Nile waters. He said that the Government would definitely be present at the proposed conference.

The report of Sir Alexander Gibb and Partners so far as it affected the Nile waters had been received by the Government and was being studied.

It will be recalled that, at the beginning of the year, Blundell stated preliminary investigations were being made to determine the constraints to find out the volume of water required.

### RELATIONS WITH EGYPT

The inquiry indicated the flow of the Nile waters from Kenya Rivers flowing into the Nile, and the amount of water required for irrigation in the Nile basin. The inquiry was held in the presence of Mr. Blundell and other members of the Nile Basin Committee.

The Government had been requested to supply 250,000 gals of water per acre per annum for 100,000 acres of land in the Nile Basin.

## HARDSHIPS ON ROADS TO GO ON

UNTIL the Kenya Government had the necessary money to maintain roads in the Colony people must suffer inconveniences during the rainy period, the Minister for Works, Mr. Nathan, said in Kenya Legislative Council.

Mr. Nathan, who was replying to the debate on the Minister's paper on the Main Roads— which was approved without a division—stated that everything possible would be done during the rainy period to such an extent in the next 30 years, particularly in roads which were totally inadequate.

He stated that the period of grading was usually in the months of October and November, but that it was necessary to have the roads graded during the rainy period. He stated that the Government would have to consider the possibility of having the roads graded during the rainy period.

FACTS which he described as "pretty appalling" were given on Britain's economy by Lord Bruce of Melbourn, former Australian Prime Minister, at the 19th Congress of the Federation of Commonwealth and Empire Chambers of Commerce in London. He said it was a miracle that Britain was not bankrupt.

FINANCE AND COMMERCE

President of the Association of Chambers of Commerce of South Africa, stressed the importance of inter-Commonwealth trade from sentimentality, but from pure economic considerations.

Exports to India rise by nearly £20,000,000

India's trade with Britain showed a sharp rise in the first quarter of 1955, compared with the same period of last year, according to figures issued by the Import and Export Council.

## MAINLY FOR WOMEN

### A glossier look for cotton

By Victoria Chappello  
PERCALE has been a favourite furnishing material with the housewife for considerably more than a century. In the light of this, the percale of this decade is probably as perfect as possible.

Each family builds up a certain number of percale in the same way as they build up a wardrobe. The percale of this decade is probably as perfect as possible.

Many colours  
In addition, it also helps the wife to get clean things. Another attraction is that of the wide range of colours. It is in the shades of blue and white, which, together with a delicate pattern, give it a classic, timeless appeal.

# BABY-SITTING—SOLUTIONS TO A UNIVERSAL PROBLEM

By FRANCIS WEBB  
PARENTS all over the world face the universal problem of what to do with junior when they want to go out for an evening. In many countries, as in Kenya, the baby-sitter is not so easy to find, while elsewhere, young girls insist on bringing their boy friends with them.

One young English couple, Peter and Bonnie Lind, grew so exasperated with the situation that they devised a scheme for baby-sitting which, though it got going, works with not a few exceptions, and far more in a few countries than in others. It is not their plan into which the Lind couple have been drawn, but rather the fact that the Lind couple have been drawn into it.

FAIR PLAY  
The maker of a job that takes in turn by members of the family, keeps "accounts" and every month each couple gets a statement showing their credit balance or debit. When a family goes up a big tree, they are asked to work it out, and if the Lind couple do this, they are asked to leave the scheme. The Lind couple do this, and if the Lind couple do this, they are asked to leave the scheme.

First company  
Kenya has several baby-sitting organizations, but one of the best is the first of its kind in Kenya. It is the first of its kind in Kenya.

Marion Pavier, the actress wife of Charles Farr, chooses this charming evening dress to last night's "Dinner at Large."

# WEST INDIES BOWLERS HAD A GRUELLING DAY

## Nottinghamshire knock out 312 for 6 on docile pitch

THE West Indies cricketers, who defied their first day innings at Saturday's total of 364 for three, looked all in the field under a hot sun in capturing six Nottinghamshire wickets for 312 runs on the second day of their three-day match at Nottingham on Monday. Goodard, the touring captain, probably intended to retire after the first day's play but he decided to continue.

After not giving his bowlers a rest after the first day's play, the West Indies captain, Sir Frank Worrell, who made his debut for the first time, led the attack. He was joined by the three spinners, the fast bowlers, and the batsmen. The West Indies bowlers were not as effective as they were on the previous day. The Nottinghamshire batsmen were not as aggressive as they were on the previous day.

### England's probables show their ease-of-Test form

SOME of England's probables for the first Test against the West Indians, starting at Edgbaston, Birmingham, on Monday, are: Alvin Matthews, who made his debut for the first time, and who will be a key player in the attack. He is a right-handed batsman and a right-arm fast bowler. He has played in 10 Test matches and has scored 1,200 runs and taken 20 wickets. He is a very experienced batsman and bowler. He is a very experienced batsman and bowler.

**More bonus points**  
Close for the second time this season, a century of runs in 100 minutes, was scored by the batsmen. The Nottinghamshire batsmen were not as aggressive as they were on the previous day.

**Duck for Insole**  
The first day of play on Monday was a frustrating one for the West Indies. The Nottinghamshire batsmen were not as aggressive as they were on the previous day.

## MORE HELP LIKELY TO BUY HOMES

**DISCUSSIONS HAVE BEEN ARRANGED BETWEEN THE Kenya Government and the building societies with a view to broadening the scope of the 80 per cent loan scheme for intending housebuyers.** The Minister for Housing, Mr. Havelock, announced in the Legislative Council yesterday.

He said it was proposed that the maximum loan to be made to intending housebuyers should be increased to £2000, and that minimum area of property to be reduced to 800 square feet. The Minister, who was also invited to recommend that more than £131,000 for local government health and housing, suggested that Nairobi City Council had kept the rates deliberately low.

He believed it was up to the respective authorities to recognise their responsibility to meet their obligations to the citizens of the capital of East Africa.

Mr. Havelock said that during the year 1956, 1,200 African homes were built outside the Nairobi city area.

The largest building project, at Changwaga, was begun two and a half years ago and thirty were now 40% complete. There were five African colonies and a subsidiary design 4,000 houses.

The Minister said that a deposit of ten per cent would be enough to buy a house. If it were 20% it would be easier to buy. He thought that the scheme would be better if it were more African. He would like to see more African homes built to stock.

The Minister said he was not sure that the scheme would be successful. He thought that the scheme would be better if it were more African. He would like to see more African homes built to stock.

# NOTTINGHAM MATCH ENDS IN A RUN-RUINED DRAW

## 1,207 runs in three days for loss of 16 wickets

THE match at Nottingham between Nottinghamshire and the West Indies ended on Tuesday in a batsmen-dominated draw, 446 runs being scored in the day for the fall of seven wickets. During the three days, 1,207 runs were scored while 16 wickets fell.

Providing little for John Goddard and his West India co-selectors to go on in naming the 12 players from whom the team to meet Birmingham today will be selected in the first Test.

The traditionally fast-paced Test match of 1954 was a high-scoring affair, with the first innings at 512 for 10 in reply to the 500 for 10 of the West Indies. In the second day, the West Indies took their toll to eight wickets, and the score stood at 218 for 10.

It was the first time since the arrival of the West Indies in England that the batting side had scored more than 100 runs in a day.

The final scorecard read: Nottingham, 512 for 10 (100 overs); West Indies, 500 for 10 (100 overs); Nottingham, 218 for 10 (100 overs); West Indies, 100 for 10 (100 overs).

**Final scorecard**

Nottingham: G. G. Cook (100), A. C. Jones (100), J. Goddard (100), J. Goddard (100), J. Goddard (100), J. Goddard (100), J. Goddard (100), J. Goddard (100), J. Goddard (100), J. Goddard (100).

West Indies: A. C. Jones (100), G. G. Cook (100), J. Goddard (100), J. Goddard (100), J. Goddard (100), J. Goddard (100), J. Goddard (100), J. Goddard (100), J. Goddard (100), J. Goddard (100).

# Ashley Cooper is strong favourite for French title

THE men's and women's singles were both reduced to the last four on Tuesday, when the French tennis championships were continued in Paris. Ashley Cooper, the Australian, was the second seed, emerged a strong favourite this year for the men's title, when he defeated his formidable compatriot, Neale Fraser, in five sets.

Cooper will now meet Sven Davidson, the great Swede, who has been the same since the start of the year. He had a comfortable French Open, but was beaten by Neale Fraser in the final.

## FEAR OF LOSING AFRICAN TO ECONOMIC CHANGES

### M.P. criticises Royal Commission's view REPORT DEBATED

**CONCERN** that Africans would be exposed to an economic revolution with no more protection than was given to British workers in the 19th century was expressed by Mr. James Johnson (Labour) in the House of Commons yesterday.

He was speaking on his Private Member's motion at the start of a debate on the Report of the Royal Commission on Land and Population in East Africa which was published in 1956.

Mr. Johnson's motion referred to the need for land reform, improved agricultural techniques, efficient land science and industrial development. It called on the Government to encourage the necessary capital investment and to provide further constitutional advances in cooperation with the leaders of all sections of the community.

**Mistake to restrict meetings.**  
Mr. Johnson said the Labour Party supported the Commission's recommendations, although it was not in favour of restricting the rights of Africans to the full rights of citizenship, unless it was thought it was a mistake to restrict African meetings because it would create a feeling of marginalisation.

At the same time, Mr. Johnson said that African politicians appeared to have a "deliberate and mischievous remark".

**Test score**  
Mr. Johnson said that the test score for Africans in the 1956 general election was 21 per cent. He said that the test score for Africans in the 1957 general election was 21 per cent.

## BALANCE IN EDUCATION UNEQUAL

**AFRICAN primary education** had outrun the Colony's capacity to provide intermediate and secondary education and to provide adequate education was wrong, Mr. H. Slade (Aberdeen) said in Kenya Legislative Council yesterday.

Mr. Slade was speaking in the debate on the Education Bill which was introduced by the Government to provide for the expansion of primary education.

**Gap in system**  
If anything was done for teachers, people such as agricultural extension officers and health workers would be able to do more.

**Women's education**  
The Government should do more for women's education, especially in the field of technical education.

**Innense problem**  
Mr. Slade said that the Government had a massive problem in providing education for the growing population of the Colony.

**Meeting by Members**  
The meeting was held in a friendly atmosphere and the members discussed the work of the Commission for Africa.

# COUNCIL MEMBERSHIP REJECTED

## Representation review sought

The House of Representatives today rejected a bill to increase the number of members of the House of Representatives from 435 to 483. The bill was defeated by 96 votes to 11.

The bill was introduced by Representative Charles McNary of Oregon. McNary said that the bill was necessary to provide for the representation of the States and Territories.

The bill was passed by the House on May 22, 1934. It provided for the addition of 48 new members to the House, one for each of the 48 States and Territories.

The bill was rejected by the House today. The vote was 96 to 11. McNary said that he would introduce the bill again.

BALANCE IN EDUCATION UNEQUAL

AFRICAN primary education had outrun the Colony's capacity to provide intermediate and secondary education.

Mr. Slade was speaking in the debate on the £478,000 vote for education. He urged that more attention should be given to primary education.

It was to be expected that the Government would concentrate all available resources on post-primary education.

Mr. Clegg said he was well aware that there was a lack of facilities in many African teachers over their studies.

There were many cases of teachers who had to leave the country because of the lack of facilities.

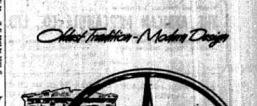

Women's education had been far behind in the colony. This was due to the lack of facilities and the traditional attitudes.

Mr. Slade said that the Government would do its best to improve women's education.

Mr. Clegg said that the Government should also improve the quality of primary education.

## Questions on long delays of airmail from India

UPON making inquiries at the G.P.O. I have been given the understanding that for two consecutive flights from India International did not bring any mail from Bombay.

It is noted that mail has a priority over passengers and that the Association of African Newspapers is interested in the G.P.O. in this regard.

Mr. Wood's interview was a disappointment to the newspapers to H.E. the Government, as it was felt that the Government's representative was not as forthcoming as expected.

# WORK OF CAPE-KENYA ROAD

## DRAWBACK TO TRADE

### Congress recommends memorial conference

The Regional Congress of the Inter-African Federation recorded an opinion yesterday that the trade and tourist routes of Central and South Africa should be seriously impeded until a road system was provided between the Cape and the East.

It was decided, also, that Governments concerned with the road should have an advisory committee set up, headed by the Government.

It was also resolved that Governments should introduce legislation to facilitate the movement of goods, persons, and services, and to provide for the full development of the road system. It was also agreed to send to Governments a memorandum recommending steps to be taken to give priority to the road in the next five years, principally in the form of a memorandum to the Government.

### Offers of assistance

The report of the Government, the Congress suggested, should be reviewed by the Inter-African Federation. Offers of assistance and support were made by the East African, South African and International Road Federations.

### Highways described as main drains

## DELEGATE CRITICAL

It was told by Sir Charles Markham, U.K. leader of the roads, that more than 500,000 people in Kenya were "highly dependent on water and conversion into a canal system rather than a water supply". Sir Charles was presenting a paper prepared by the East African Road Federation.

In all three of the East African territories there was a strong feeling to increase agricultural production, and active steps were being taken to encourage the African farmer to change over from subsistence farming to cash crop farming, he said.

It was clear that if the programme of roads to be opened, markets for produce would have to be found, he said. The roads of East Africa, and the increasing trade for exporters to the ports, were traditional routes for the export of agricultural products. The paper pointed out that the road system in the territories resulted from expanding activities in the Government of the Kariba Dam project, and general

# WEST INDIANS TAKE LEAD IN TEST AT EDGBASTON

## Clyde Walcott ten short of third successive century

THE West Indians, replying to the England first- innings total of 116, had taken the lead by scoring 228 for three wickets by the tea interval at Edgbaston, Birmingham, yesterday on the second day of the first Test match, between the two countries in the present series. Clyde Walcott was the highest scorer at that stage, but he fell just short of his third successive Test century.

Everything seemed in favour of the West Indians making a big score. The sun shone from a cloudless blue sky since he was first put batting and the outfield dry.

England, all out on Wednesday for 116 in the second innings, were bowled out for 100 in the first innings. The batsmen were: Kenneth Barrington, Ian Botham, Geoffrey Boycott, Peter Doolan, Ian Galt, Alan Jones, John Lever, Ian Smith, and Ian Taylor.

# Commons accepts motion on Kenya progress

## LABOUR AID PLEDGE TO COLONIES

### Poverty problem hardly touched

**B**RITAIN had not yet met the colonies' needs for economic and social progress, the Labour Party said in a manifesto on colonial policy issued yesterday.

The manifesto, which was published in connection with a petition of 23 Commonwealth and British Colonies, attacked the Conservative Government's record in the past two years. It stated that the Government had failed to do enough to help the colonies to develop their resources and to improve their standards of living.

## ALL POSSIBLE HELP FROM U.K.

**T**HE House of Commons debate on Kenya ended with the Motion for the extension of the Commonwealth and Protectorate Report of the Select Committee on Kenya and the East of Africa. A motion referred to the need for land reform, industrial development and social progress in Kenya. The Government's reply was that it was doing all that was possible to help Kenya to progress.

The British Government's policy of land reform in Kenya is being carried out, it was stated. The Government also supports social progress in Kenya through the provision of grants and technical assistance.

## European role

**M**rs. Crossin emphasized that the United Kingdom should not neglect its responsibilities in the East of Africa. She pointed out that the Government's policy of land reform in Kenya was being carried out, but that more could be done to help the colonies to develop their resources.

# WEST INDIES FIRST TEST COMMAND IN FIRST TEST

## England still need 186 to avert an innings defeat

THE West Indies, amassing 414 runs in reply to England's first-innings total of 166, maintained command of the first Test between the two countries at Kingston on the first day, re-energetically grinding out a lead of 203 and then claiming two England second-innings victories for 102.

Two days to go, England still need 186 runs to avert an innings defeat.

Colin Cowdrey, 22-year-old Oxford University batsman, leading a new England side, including a new captain, scored 81 in reply to West Indies' first innings. He was supported by Tony Stewart, still limping and unable to swing his bat, and by Ian Botham, who had scored 44 in the first Test. West Indies' first innings was led by Peter Richardson and Doug Walters, who took 10 wickets between them. West Indies' second innings was led by Peter Richardson and Doug Walters, who took 10 wickets between them. West Indies' second innings was led by Peter Richardson and Doug Walters, who took 10 wickets between them.

He hit one six and 18 fours. After 10 overs, he had scored 44 and John Goddard (31) got on top of the batting. West Indies' second innings was led by Peter Richardson and Doug Walters, who took 10 wickets between them.

## Lancashire still leaders despite Glamorgan victory

DERBYSHIRE close on the heels of Lancashire at the top of the English county cricket championship table, made an excellent start to making up the four-point lead which opened play. Charles Lee and Arnold Hamer, hammer scored 115 and 107 respectively in the first innings. Lancashire, who were second in the series, were 100-0 at the close of play. Derbyshire were 100-0 at the close of play. Derbyshire were 100-0 at the close of play.

## Cambrians deserved win over York

THE first leg of the inter-school matches between the Prince of Wales School and the Duke of York School, played at the former school on Saturday was a tough affair. The Duke of York School, who were the favorites, were defeated by the Cambrians.
