SMALL PERCENTAGE OF ESCAPES FROM KENYA PRISONS

THE percentage of escapes from prisons in Kenya is small, the Minister for Defence and Internascency, Mr. C. O. Odinga, told the Legislative Council yesterday. He was discussing his speech in which he was seeking approval for the Prisons Department.

He said that in 1958, 38 per cent of the prisoners escaped from the prisons. In 1959 there were 28 escapes and in 1960 there were 23 escapes. There was an increase in the number of escapes in 1960 because of the fact that the Government had not yet introduced the new system of classification of prisoners and detention.

Mr. C. O. Odinga said that the Government had not yet introduced the new system of classification of prisoners and detention. He said that the Government had not yet introduced the new system of classification of prisoners and detention.

Keeping books in English: Question to Mr. Vasey

INTRODUCTION of legislation to make it compulsory for account books and records to be kept in English and submitted in English to the Central Legislative Council was discussed by Mr. Vasey yesterday.

Mr. Vasey said that he was sure that it would greatly assist the work of the Income Tax authorities if accountancy records were kept in English. He had been advised that the Commission on Income Tax already had issued a report recommending that accountants should be required to submit their books of account in English.

AROUND AND ABOUT THE NAKURU COUNTY SHOW BY JEAN VAUGHAN

BLUE SKIES GREET SPECTATORS TRAVELLED MANY MILES OVERSEAS VISITORS

ALTHOUGH Western Kenya enjoyed an agricultural show of its own in March of this year, there were plenty of visitors from this area who did come to see what the Rift Valley could do.

RED roses, carnals and geraniums made a gay display in the beds near the R.A.S.S. pipes, and with the grass green from recent rain, the Nakuru showground looked its best under the sun. It rained the two-day Nakuru County Show.

Countrymen and overseas combined to make up a large attendance - the latter being twice as many as members visited the show in the previous year, causing a certain air of liberality and liberality could be said to prevail. Although the public and foreign never appeared crowded, the stands were always well filled, for with a small trade section, Nakuru was the centre of attraction.

DON SMITH MAKES GREAT BID FOR ENGLAND 'CAP'

147 not out against West Indies marks Test chance

DON SMITH, 34-year-old Sussex left-hand opening batsman, made a great bid for his first England cricket 'cap' by hitting 147 not out against the West Indies at Here on Monday. Twenty-four years earlier, Smith was named among the twelve from which England's side would be chosen for the second Test, beginning at Lord's tomorrow.

He maintained his selection by delivering the West Test after having scored a century for the first time in his career that day, but he fell through an innings break.

The selection list, made out of 256, included two state and 14 foreigners. After making 15 runs, Smith completed his 1,000 runs for the season.

Invaluable innings

But for Smith's innings, Sussex would have been in serious trouble. The next best score was 23 by Alan Jackson, who was out in an eighth-wicket stand of 15, which, however, the Sussex were beyond the follow-on mark.

The West Indies, who declared in the morning at the end of the 43rd day, were 84 ahead of Sussex, who were 24 behind at close of play, which was at 11.45 on June 14.

Smith received a life when 24 runs were needed to win a 2-hour 45-minute session. A 2-hour 45-minute session would have returned a 2-hour 45-minute session, but he was offered a very hard hat.

BRITAIN ON HOLIDAY: ASCOT AND BY THE SEA

Little girls soon make friends with any animals that are around. On the left, Margaret Williams, aged four, offers a taste of ice-cream to her pal Ben of the South Wales miners' golf-day at Cardiff, while (right) Princess Anne, who had accompanied her parents to Windsor Great Park to watch the polo, thoughtfully holds the bridle of a favourite pony.

Other holiday events in Britain this week — where people are enjoying a June holiday — were Ascot and, of course, visits to Blackpool. The blazing sun made a truly Royal Ascot as the Queen and Prince Philip (below left) drove in on open landau down the course to open the meeting. Below right, crowded pools themselves on to Blackpool's central beach, while others happily "spill over" into the sea.

Colour from Mexico

By MURIEL PENN
MEXICAN cottons arrived in London in a charming fashion collection presented by an American, Lita Bush, whose clothes are already on sale in big Department stores in the United States.

All the fabrics which she used in the collection are hand-woven in Mexico, hand-printed and hand-embroidered. Miss Bush does not use "imitation" or "ersatz" in Mexico.

VILLAGE WORK

The whole village, she explained, "is set to work" and everything is done by hand. Her cottons are woven in the open, under conditions of freedom and peace. Her work is done in a simple, honest way.

Sparkling sequins, glancing and beading with touches of bright red or green, and unusual prints inspired from native Mexican designs, are able to suggest a hand at every stage and word in every line.

There are clothes for every occasion, from the simple to the most elaborate.

14,000 SEQUINS

Over very full skirts "sequins" are set to work in large white and khaki-blue striped patterns, in horizontal lines with 14,000 sequins, each sewn by hand.

Sequins also add sparkle to the plain white and khaki-blue blouse which goes with it, and the matching wrap-around jacket.

A "short" evening dress in the popular short length, is also made in white and khaki-blue, with a simple wrap-around jacket.

There are also gowns in white and khaki-blue, with a simple wrap-around jacket.

Women's Tuesday Corner

HARMONY by Evelyn Wood

CLEVER harmonizing of muted colours can be every bit as captivating as sharp contrast.

Black and white, navy and beige and cream are always effective, but a little more subtlety is needed when matching a muted formal print to a neutral-tone suit. But if carefully chosen, the finished result is most rewarding.

If you have a grey suit with a blue light to it, choose a print including this tone. If it is a beige with a soft greeny undertone see that the print carries the same colour.

Paris is fond of marrying a print blouse to a plain skirt, and in my sketch I have suggested a simple blouse in the silk with a turban to match. If you do not like turban shapes, try buying a foundation hat from your local milliner and cover it with a piece of the silk.

(THINK)
WHERE CAN I GET GUARANTEED RETREADS ON ALL FIVE TYRES IN ONE DAY - AND GET MY OWN TYRES BACK?

Agent **Radin** (1840-1917) probably the most outstanding Asculptor of his time, aimed not at mere representation, but at the expression of a mental state, in his classic "The Thinker".
It could be suggested that the subject was thinking how cold it was, up there with no clothes on. We are firm, that this aspect never occurred to Radin. It occurs to us, however, that as food for thought the question we suggest is a good one - and is only as good as Car and General's Guaranteed Retreads can be fitted in one day, on your own tyre cases - all five or just one at a time. "The Thinker" is still making it over. The rest of us, unfortunately, cannot afford to waste time thinking about it.

GUARANTEED RETREADS

Choose from a large range of tread designs - whatever your needs. Car and General has a free to hold them. Trends for traction or silence, trends for heavy to light duty, but all trends for guaranteed wear and time.

And remember - you get up to 10% extra mileage from a tyre retreaded by our Car and General process which does not weaken the rubber or reduce its load-carrying capacity.

EXAMPLE OF NEW ESTATE

Naivasha opening this week

NAIVASHA'S new African housing scheme, which will be opened by the Minister of Housing, Mr. Havlicko, on Friday, is an example of the type of development that will be followed by other local authorities in Kenya.

The estate consists of 250 houses, each of two floors, built on a hillside, and is situated on a 100-acre plot. The houses are built on a hillside, and are built on a hillside, and are built on a hillside.

Killarney Lakes 'freed' from English rule

IRISH Americans here bought jointly the 2,000-acre Killarney. This was disclosed by one of the eight, Mr. Michael Doyle, a Philadelphia lawyer, who announced that they will arrive in Dublin on August 1 for a holiday on the estate.

He said one of the reasons the group bought the estate was to prevent an "English" share from coming under the control of the Government.

The group will acquire the estate in several stages. The first stage is the purchase of the 2,000-acre estate. The second stage is the purchase of the 1,000-acre estate. The third stage is the purchase of the 1,000-acre estate.

INDIA TO ISSUE LOAN OF \$75,000,000

The Government of India will issue a \$75,000,000 loan to Kenya. The loan will be used for the development of the country.

BE CAREFUL WHAT YOU SAY

When your guest has finished his first drink and slyly frames the age-old question, be careful what you say...

If he tells you that Scotch produced by an old family concern is the best example from which to judge, sit back; this man is safe.

But if your guest loses back your Scotch without tasting, holds out his glass and cries, "Scotch, I could drink a bottle", say nothing. Hide your Granta; there is enough to go round but no more. The output of this old highland concern is restricted by the long years spent maturing and blending.

Granta is sold only by name. There is not a drop to waste on the man who carelessly calls for "Scotch".

Be careful what you say. Scotch whisky means so much more than "Scotch" — take Granta for example.

BARDEX tubing is a combination of a plastic tube (made from polyvinylchloride) and a spiral steel wire reinforcement. The tube is not a laminated product, but is extruded with a steel spring reinforcement carried within the wall and out of reach of the outer surface. This being carried, this construction has, among others, the advantages of a painted and coated surface in the case of a metal against abrasion, weathering and chemical influence.

Conditional decision on self-rule

IGNERIAN TAKES

BRITAIN has offered independence to Nigeria, subject to conditions which would determine the future later, delegates to the Nigeria Constitutional Conference in London said yesterday.

The offer was made by the Colonial Secretary, Mr. James Griffiths, when he told the House of Commons that the British Government had decided to grant independence to Nigeria, subject to certain conditions which would be determined later.

Other conditions attached included the withdrawal of all armed forces from the country within a certain period, the maintenance of law and order, and the maintenance of the constitution.

The British offer was met with a mixture of surprise and relief by the Nigerian delegates, who had been hoping for a more definite offer of independence.

CO-OPERATIVES EXTEND SCOPE IN KENYA

Incentives for farmers

By a Special Correspondent
CO-OPERATIVE societies in Kenya, which have increased in number and reputation for fair dealing in spreading education and welfare, are particularly active in African marketing. Turnover for African marketing is estimated to be over £2,000,000 in 1950.

The Kenya Co-operative Societies Association, which was formed in 1947, has a membership of over 1,000 societies. These societies are engaged in a wide range of activities, including the marketing of agricultural produce, the provision of credit facilities, and the promotion of rural extension work.

Own herries

It is now generally accepted that African marketing grows on the soil and throughout the length and breadth of the country. This is particularly true in the case of herries, which are produced in large quantities in the coastal regions.

Reply to Council Questions

QUESTIONS raised by Nairobi City Council about pedestrian crossings were answered by the Commissioner of Police, Mr. Catling, in a letter considered at the last meeting of the Committee. He dealt with arguments that the Government should reconsider its decision not to legalize crossings.

Mr. Catling said that he had failed to respect their wishes in the past, but that he was now taking steps to improve the situation. He mentioned that he had been in contact with the relevant departments and that he was hopeful of a satisfactory solution.

Conference of women held in Montreal

SOME very beautiful arrangements of flowers were seen in the Council Chamber of the Town Hall last Thursday when the East-Africa Women's League held its June Council meeting before a crowded assembly of members, with Mrs. C. B. Anderson, the League President, in the chair. After the Governor, Sir Evelyn Baring, had opened the Council and the President had given her address, the chairman of executives, Mrs. E. Thomson, presented her report.

She touched on the plan for the training of African married women living in East Africa and on work in the Kinross villages. In her treasurer's report, Mrs. Machin said that £2,617 had so far been collected for the purchase of the target figure of £3,000 for the first part of the plan. Two hundred and twenty members of the League had been enrolled this year. Dr. Thelma Guthrie, the National Council for Women in South Africa, was introduced by Lady Evelyn Baring on the 22nd inst. She arrived in Nairobi on the 21st inst. and on the 22nd inst. she was on her way to the 19th inst. of the National Council for Women in South Africa, which was held in Montreal and discussed the conference to be held in Montreal.

Widows' pension

It was attended by about 100 delegates, some 200 from other parts of the world, including the United States, Canada, and the British Empire. FINE FINALE TO LEAGUE CRICKET

Victory in last five minutes

No upsets of form in Milligan Cup inter-club squash

KORNI MUSLIMS became the 1957 National Commercial Cricket League champions as a result of their defeat of Universal C.C. at the end of a three-point margin over Indian Sports Club "A" champions over two matches. The new champions were crowned in a final, off-stroke play of the 18-hole handball which has been outstanding with hot and heavy weather.

When, at 5.30 p.m. on Monday, Indian C.C. had a 1-0 lead, the first batsman from Universal C.C. was a 4-0 lead from 100 runs, though these two sides were the champions.

It was a big crowd at the 18-hole handball ground, and the League of Squash, which is the oldest of sports in Kenya, was held at the National Cricket Ground.

THE second round of the second leg of the Milligan Cup inter-club squash matches tournament went very well according to the form book with Nairobi Club "A" consolidating their lead at the head of Division 1 with very easy wins over their own "B" side. The first strings were extended to 18 holes in the first match.

But a depleted Army side was a surprise in the second match. But a depleted Army side was a surprise in the second match. But a depleted Army side was a surprise in the second match.

MISS ALTHEA GIBSON IS FAR FROM IMPRESSIVE

Airmen score 8 against the Y.M.C.A.

UNLUCKILY trailing 3-2 at half-time, airmen were not holding their own against R.A.F. (Eastleigh) in Tuesday's Bobbie Lang game. Y.M.C.A. goalkeeper shall goal on 52-2 to the airmen.

That is the only game in which the Y.M.C.A. has done better than it has done in the past 100 days. The Y.M.C.A. is the only team in the league to have scored five or more goals in a game.

R.A.F. went into an early lead through a brilliant strike by Alan W. King. The Y.M.C.A. were unfortunate when M. Huggins hit the foot of the post and Frode introduced the crucial free in the second half.

Then Sutherland scored a pass to Sutton who shot and scored just inside the hour of the post (50). The Y.M.C.A. were unable to equalise until the 75th minute when the Y.M.C.A. failed to take the lead.

At a fortuitous goal that a clearance by a Y.M.C.A. player and Sutton set a clear path to goal for R.A.F. ahead of the half-time.

R.A.F. completely dominated matters once again in the second half. Sutton scored a goal in the 75th minute and Sutton scored a goal in the 80th minute.

Neubury Summer Cup was held at the Y.M.C.A. on Tuesday evening. The Y.M.C.A. were defeated by the airmen 8-2.

But U.S. domination still has two formidable hopes

LADIES' DAY at Wimbledon on Tuesday showed that the United States' domination of women's tennis may not be broken this year, but ironically, the American favourite for the title, Billie Jean King, was far from impressive in winning her first round match against the 22-year-old Budapest housewife, Olga Morozova.

Monday produced no big upsets. The three seeded men engaged all, with through to the second round. The American favourite, Ken Rosewall, was defeated by the Australian champion Ashley Cooper, second favourite for the title, but Fred Stolle, the American, had a light blow in the third set.

SEEDED PLAYERS FIND THE GOING GETS TOUGH

Mike Davies cracks after fine rally against Fraser

SEEDED players at Wimbledon suffered heavy pressure on Thursday when the main singles third round ended on the original star-studded field of 12 to 16. The seedlings were attacked by Ashley Cooper, Australian champion, who gained more supporters by his steady play than by his brilliant shot-making. He defeated American Miss Helen Hull, 6-2, 6-4, 6-2.
