"Kenya Must Take Just Pride".....

The Chairman of the King George V Memorial Committee Sir Geoffrey Knobel has received the following letter from His Excellency the Governor.

GOVERNMENT HOUSE NAIROBI

1st April 1963 On the 10th September last year an Appeal was launched for a Memorial Fund to the late Majesty King George the Fifth. Since that time, the Appeal has been officially closed. During this period, a large number of contributions has been maintained from all parts of the country. The result is one which is a credit to the people of Kenya. The result is one which is a credit to the people of Kenya. The result is one which is a credit to the people of Kenya.

Signed R. BROOKER-POPHAM

The last list of names and amounts is brought up to the magnificent total of £10,000. Even here the officials of the Appeal is past there are still some important contributions to be made in the form of gifts of land, of buildings, and of other things. It is still the Nairobian's duty to support the Appeal.

BRITISH BUDGET HOPES: BIG SURPLUS IN SIGHT

REVENUE NOW ONLY 1000 SHORT OF WHAT WAS EXPECTED

National revenue figures for Great Britain issued on March 13 show a current surplus of £11,000,000, and with two weeks to go before the end of the financial year revenue is over £21,000,000 short of the estimate.

The present position is that the Government has a surplus of £11,000,000.

Table with 2 columns: Revenue, Expenditure. Rows for Weekly revenue, Last week's revenue, Short of estimate, Last week's expenditure, Short of estimate.

There is thus every ground to believe that the year will close with a surplus of £11,000,000.

EVENTS IN INDIA

THE Legislative Assembly completed the despatch of the James Grieg's "value" budget, when it followed its rejection of the "demands for grants" by an equally acrimonious and noisy or less speeches in support of the "value" budget, which prepared the continuance of certain taxes and duties. In announcing that the Government had refused every grant rejected by the House, James Grieg spoke with a degree of calm and dignity which he rarely attains.

MOTORING AND AVIATION SECTION

A New Charter for Civil Aviation

THE Imperial Government department in the Colonies, after consulting the Colonial Secretary, has issued a new charter for British Airways. This charter, which is the first of its kind, is designed to regulate the operations of regular air transport, and to ensure that the services are of the highest quality. The charter is based on the principle that the public interest is served by the provision of a regular and efficient air transport service. It sets out the conditions under which airlines must operate, and the standards to which they must conform. The charter is a landmark in the history of civil aviation, and it is hoped that it will lead to the development of a more extensive and efficient air transport system in the future.

Across the Desert in a Ford "Ten"

From Cairo to Khartoum

Dr. Hermann Klotz recently travelled through Kenya on his way from Germany to South Africa, in a Ford Ten Saloon. The most interesting part of the route which he selected was that between Cairo and Khartoum. Here is Dr. Klotz's account of his journey across the Egyptian and Sudan Deserts.

AFTER we had heard - from a German car driver crossing the Sudan again in Cairo, that the Governments of Khartoum had made an exception in granting us the permit to enter through the Sudan with only one car, we went straight to the W. Office which controls the Egyptian desert, in the hope of getting the same favour for crossing the Egyptian Western Desert.

The interview was over quickly and ended with the words: "According to the Law you cannot enter on the desert with only one car. We hoped that there could be an exception in your case, but we cannot do so. You must have a second car. In place of this, every car must have a spare driver." As Klotz's truck was not a spare driver, we were told that we must have a second car. In place of this, every car must have a spare driver.

The trip into the desert was not without its difficulties. The roads were in a state of disrepair, and the weather was often very hot. However, the journey was well worth the effort, and we were able to reach Khartoum safely. The trip was a great experience, and it was well worth the effort.

THE GLAMOROUS NEW 1938 STUDEBAKER

One look at the refreshing simplicity of the 1938 Studebaker is more convincing than a thousand words of glowing description. One ride does more to make anyone want to own it than hours of salesmanship.

Every vigorous, clean-cut inch of the 1938 Studebaker is completely new. It's the swiftest, easiest handling, most restful car that ever bore the Studebaker name.

Equipment includes symmetrical direct-acting steering, planar independent wheel suspension and finest hydraulic shock absorbers... which combine to give you a ride beyond anything in your experience.

In low upkeep cost, it runs smaller, lighter cars a close race, thanks to its Frim oil cleaner and economy engineering.

You can buy a 1938 Studebaker at prices so low they're a challenge to the most thrifty. Look over the glamorous car at your nearest Studebaker dealer's today.

"We choose for the best designed car of the year this Studebaker Sedan," Raymond Lowry has made it smooth and clean in 1938," says the MAGAZINE OF ART, published by the American Federation of Arts, Washington.

Foreigners' Withdrawal Details

LORD PLYMOUTH GIVES BRITISH PROPOSALS

At Madrid, April 1.

The first meeting of the Chairmen of the Sub-Committee of the International Commission since February 3 was held at the Foreign Office yesterday afternoon.

Lord Plymouth, reviewing, opened the proceedings by voicing the views of the Committee at the death of the Spanish Government, and the British Government, and proposed asking the secretary to convey a message of regret to the Danish Minister.

Lord Plymouth, outlining the present position of the Non-Intervention Commission, referred to the difficulties remaining after the acceptance of the principle of the British Government by the French, German, Italian, Portuguese and Soviet Governments.

The first was the trade figure for the Commission and the second was the date of the restoration of the Commission, regarding the second, His Majesty's Government proposed that the Commission should be reconstituted on the earliest day on which both commissions reported that they would be ready to start working, and that it should be automatically suspended if withdrawal had not actually begun on the 30th day after the final adoption of the Commission's proposals.

Alternatively, if in the initial stage the withdrawal scheme was to fall open then the Commission should be reconstituted on the 30th day.

Other representative spokes, including Mr. Curzon, the Foreign Secretary, who stated at the beginning of the session of the French Commission.

The Sub-Committee then agreed that all the representatives on the Sub-Committee and the main Committee should at once submit to the respective governments the proposals made by Lord Plymouth, together with a report on the discussion which had ensued, with a request for instructions at the earliest possible moment.

Classification of Volunteers

Regarding the classification of volunteers, the Sub-Committee agreed that the main Committee should at once submit to the respective governments the proposals made by Lord Plymouth, together with a report on the discussion which had ensued, with a request for instructions at the earliest possible moment.

EGYPT'S ELECTIONS GOING IN FAVOUR OF GOVERNMENT

At Cairo, March 31.

Today's elections in Lower Egypt have gone in favour of the Government, according to reports from the Provincial Governments.

The rival parties, clustered at Dabkut, where four people were shot dead, a candidate was killed at Minet and many were injured at Tashit, including 200.

A total of 811 candidates, including 116 Government candidates and 125-250 supporters, are contesting 384 seats.

An interesting feature is the attitude of Sheikh Ahmed, leader of Al-Azhar University, who made it clear that Islam is a powerful force which

"BRITAIN MUST BE HEARD"

LORD HALIFAX TELLS FOREIGN PRESS REASON FOR REARMAMENT

ADDRESSING THE FOREIGN PRESS ASSOCIATION TO-DAY, LORD HALIFAX, THE BRITISH FOREIGN MINISTER, DECLARED THAT THE BRITISH GOVERNMENT INTENDED TO BE STRONG, AND TO GO ON BUILDING UP STRENGTH IN ORDER TO MAKE ITS VOICE POWERFULLY HEARD IN THE COUNSELS OF EUROPE.

It would be the most serious and most dangerous error to think that there was any fundamental cleavage between the Government and people of Britain in matters of foreign policy.

Lord Halifax, addressing the Foreign Press Association at 11 in London, said that the British Government intended to be strong, and to go on building up strength in order to make its voice powerfully heard in the councils of Europe.

ONE OF THE GOOD THINGS IN LIFE

FIRST AID IN CHEMICAL WARFARE

Ninety six students were summoned to the lecture hall at the end of the session of classes in the First Aid in Chemical Warfare (F.A.C.W.) held in Nairobi, at the end of 1935.

The certificate issued by the British Red Cross Society for those who passed the examination satisfactorily have now been received and may be called for by the office of the Hon. General Secretary for Red Cross in the Memorial Hall, at any time between 2 a.m. and 4 p.m. All those who have passed the examination, plus the Red Cross certificate for the first aid in chemical warfare, will be able to claim one or more stipends for further defence.

The 20th session of Red Cross now in progress in the Memorial Hall, with a register of over 120 students. No more students can now be accepted for this session, but a very few have been accepted for the 21st session, which will commence shortly and for the session that is being organized to take place at Mombasa, for the convenience of residents in that locality.

The names and addresses of those desiring to attend either of these sessions in First Aid, should be sent by post without delay to the Hon. Secretary for Red Cross, P.O. Box 201, Nairobi.

Kenya Could Supply This Need

Training of selected mechanics in machine and motor work is being carried on in principle by the War Office, but so far the School of Mechanics, Harrow, has not been able to lay down a satisfactory system for the teaching of airship.

There are two major difficulties. One is that there are few available with any knowledge of the art of building. The other is that in this country we have little practical experience with the motor engine.

Building of the kind required by the motor was taught during the Great War, but those who passed through the schools, with success were mostly gunners, gunners, and gunners from Canada, Australia, and South Africa. The men were trained both as gunners and mechanics, and worked in many, not only with a machine and the other with a rifle, and with a machine.

Special Facilities

The War Office has recently been considering efforts and aims of the Regular and Territorial Army in connection with the training of the Reserve. It is a big task of the Reserve to see to it that the Reserve is not only a reserve of men, but also a reserve of men who are trained in the use of the Reserve.

The Reserve is not only a reserve of men, but also a reserve of men who are trained in the use of the Reserve. The Reserve is not only a reserve of men, but also a reserve of men who are trained in the use of the Reserve.

To save the life it is necessary to collect the men of the Reserve for the next few years. After that the men of the Reserve will be able to collect the men of the Reserve for the next few years.

DENSE FOG PARALYZES SHIPPING

AIR-RAID 'BLACK-OUT' OBLITERATED

London, March 24.
Dense fog, accompanied by rain, has paralyzed shipping in the sea and on the coast, and has obliterated the 'black-out' in the city.

The Channel steamer Prince of Wales, going west, was seen on March 24, but no other ships were seen. The fog was so dense that the ships could not be seen.

Save the Kite Fund

Strong efforts are being made to keep that graceful and interesting bird, the kite, from becoming extinct as a British species. It is a big task of the Reserve to see to it that the Reserve is not only a reserve of men, but also a reserve of men who are trained in the use of the Reserve.

To save the life it is necessary to collect the men of the Reserve for the next few years. After that the men of the Reserve will be able to collect the men of the Reserve for the next few years.

INSURGENT DRIVE ON CATALONIA CONTINUES APACE

DEFENDERS RETREAT INTO HOUSES NEAR LERIDA

Insurgent progress continues to be made by General Franco's troops in their advance on Catalonia and severe resistance is being overcome.

The Republicans are still holding out in the outskirts of Lerida where fighting is going on from house to house.

Insurgent forces, opposed to the Francoist regime, have forced Catalonia to remain in the hands of the Nationalists since the latter have been unable to capture the town of Lerida.

Lerida, situated near the Spanish frontier, has been the scene of a bitter struggle between the Nationalists and the Republicans.

The Nationalists have been unable to capture the town of Lerida, and the Republicans have been able to hold out in the outskirts of the town.

VATICAN FROWNS ON THE "ANSCHLUSS"

SEVERE REPRIMAND FOR AUSTRIAN BISHOPS

Increased tension between the German Government and the Holy See is likely as a result of outspoken comment by the Vatican on the recent Anschluss in Austria.

The action of the Austrian bishops in agreeing to the union of Germany and Austria and their advice to their people to vote for it at the coming elections is severely condemned and individual Catholics are advised that they are not bound to follow this advice.

The Vatican has issued a severe reprimand to the Austrian bishops for their action.

Nerve-health means PERSONALITY!

That force of character which we call personality is the result of rich nutrition deriving from the proper balance of the digestive glands into the nervous system. If our glands are not manufacturing a sufficiency of this nerve food it must be supplied outside.

That's just simply the reason for the recognized success of PHOSFERINE, the vital nerve food. Unquestionably PHOSFERINE nourishes the nerves, restores vitality, does for more vitalizing than any other food. It is the only food that is not manufacturing a sufficiency of this nerve food it must be supplied outside.

PHOSFERINE

THE COFFEE BOARD

To the Editor, "E. A. Standard," Nairobi, April 2, 1958.
The Chairman, Coffee Board of Kenya, Nairobi.

Yours, etc.
G. P. BARBER, Secretary.

Dear Sir—

I am writing to you of the fact that I now find myself completely out of time with many of the issues which I am supposed to raise. The longer I am supposed to remain a member of the Coffee Board, and therefore heavily laden with my resignation, I have not been with you long enough to have been of good assistance to you or the others who are carrying out the good work on behalf of the Coffee Producers of Kenya, but I have at least had an opportunity of appreciating the difficulties with which you have had to contend.

Although my decision to resign may appear to you to be taking the best of time, I am sure that I can now render much more useful service to the Board as a member than as a member.

With respect, (Sd.) W. J. WEBB, March 31, 1958.

To the Editor, "E. A. Standard," Nairobi, April 2, 1958.
Sir—I enclose a copy of a letter which has today been sent to the Chairman of the Coffee Board of Kenya, and will be grateful if you can publish this.

Yours, etc.
WALTER KUTTING, March 31, 1958.

The Chairman, The Coffee Board of Kenya, Nairobi.

Sir—As you are aware, at the meeting of coffee planters at Nairobi on Tuesday, an accusation was made that "the link between the planters and the board had broken down"—this referring to the Board. We have also been accused by letter and by word of mouth, from the same sources, on frequent occasions, of "not being single true fact has been advanced in verification of this issue, and the Board, and the delegates so badly done to have done so much more than the 'three of the four million' people."

An analysis of the Board voting by show of hands, producing the following table:

There were those who were against the confidence in the Coffee Board, and those who were in favour of it. The Board, however, will still have to face the future of the coffee industry in Kenya, and it is to be hoped that it will be able to do so with confidence.

Yours, etc.
G. P. BARBER, Secretary.

and high minded administrators standing in their own right, but in fact they are not. The Board, however, will still have to face the future of the coffee industry in Kenya, and it is to be hoped that it will be able to do so with confidence.

Yours, etc.
G. P. BARBER, Secretary.

Dear Sir—

I am writing to you of the fact that I now find myself completely out of time with many of the issues which I am supposed to raise. The longer I am supposed to remain a member of the Coffee Board, and therefore heavily laden with my resignation, I have not been with you long enough to have been of good assistance to you or the others who are carrying out the good work on behalf of the Coffee Producers of Kenya, but I have at least had an opportunity of appreciating the difficulties with which you have had to contend.

Although my decision to resign may appear to you to be taking the best of time, I am sure that I can now render much more useful service to the Board as a member than as a member.

With respect, (Sd.) W. J. WEBB, March 31, 1958.

To the Editor, "E. A. Standard," Nairobi, April 2, 1958.
Sir—I enclose a copy of a letter which has today been sent to the Chairman of the Coffee Board of Kenya, and will be grateful if you can publish this.

Yours, etc.
WALTER KUTTING, March 31, 1958.

The Chairman, The Coffee Board of Kenya, Nairobi.

Sir—As you are aware, at the meeting of coffee planters at Nairobi on Tuesday, an accusation was made that "the link between the planters and the board had broken down"—this referring to the Board. We have also been accused by letter and by word of mouth, from the same sources, on frequent occasions, of "not being single true fact has been advanced in verification of this issue, and the Board, and the delegates so badly done to have done so much more than the 'three of the four million' people."

An analysis of the Board voting by show of hands, producing the following table:
