# The Power behind the BRITISH PUNCH!

On field and farm, in factory and workshop, the men—and women—of Great Britain are working furiously to give more power to the British Punch in the icy waters of the North, in the blazing heat of the Tropics; on land, on sea and in the air, weapons of war from the frontiers of the world are being produced in the common stream of this giant war—and being sent out there!

In this inexorable march to Victory, the Rootes' Group is playing its part for the entire Organization has long been concentrated solely upon forging the weapons for freedom. When the guns at last are silent and the world can turn again to hard-won happiness and to reconstruction—pedigree cars and trucks of warrior sturdiness will be made available for you by

# LOCUST CONTROL IN THE N.F.D.

## Troops Kill Millions In Two Months' Campaign

With a record-breaking success, the British Expeditionary Force has been engaged in a two-month campaign against the locusts in the North African Desert. The campaign has resulted in the destruction of millions of locusts, and the British Expeditionary Force has been praised for its efficiency and courage.

The locusts, which are a major pest in the desert, have caused great damage to the crops and the livestock of the local population. The British Expeditionary Force has been engaged in a two-month campaign against the locusts, and has been successful in destroying millions of them.

## ANZIO BRIDGEHEAD TOO SHALLOW Allied Commander Was Over Cautious? GERMAN GAMBLE

It is widely admitted that the Anzio landing was a tactical error. The Allies have been compelled to pause and regroup. It is almost certain that they will soon return to the seaper, in that they must.

In the early days of the Italian campaign, the Allies were operating to the south with great divisions while the Germans were drawn northwards. Now there are 15 divisions defending Rome while the Allies advanced, more than 100,000 men, are drawn northwards. How there are 15 divisions defending Rome while the Allies advanced, more than 100,000 men, are drawn northwards. How there are 15 divisions defending Rome while the Allies advanced, more than 100,000 men, are drawn northwards.

## Advance On Arakan Front

On the Arakan front in Burma the Japanese force which broke into the British positions has been driven out of their forward positions and the rear has been cut off. The Japanese are retreating up the coast of the Bay of Bengal.

## BUT LUFTWAFFE IS STILL VERY POWERFUL

On the Italian front in Germany the Luftwaffe is still a very powerful force. It has been able to inflict heavy losses on the Allies and to disrupt their communications.

## CHEERED AS RAIDER FELL

At the previous night London's citizens cheered as a German raider was shot down. The raider was a Junkers Ju 88, which was shot down by a British fighter.

## Axis Dominate Sea Lanes To The North

The Axis powers have dominated the sea lanes to the north. They have been able to transport large quantities of supplies to their armies in the north.

## Lord Woolton On Post-War Plans

Lord Woolton, Minister of Reconstruction, has outlined his plans for the post-war period. He has said that the Government will be concerned with the reconstruction of the country.

## 'TUNISIAN VICTORY'

The victory in Tunisia has been a major Allied success. It has shown that the Allies are capable of conducting a large-scale offensive.

## LATE NEWS

Today there is a report that the Allies have captured a large quantity of German supplies. This is a significant victory for the Allies.

## NEW CRISIS IN ARGENTINE

A new crisis has developed in Argentina. The Argentine government has been accused of collaborating with the Axis powers.

## More Massive Air Onslaughts On Germany

The Allies have launched more massive air attacks on Germany. These attacks have caused heavy damage to German cities and infrastructure.

## Lord Woolton On Post-War Plans

Lord Woolton has said that the Government will be concerned with the reconstruction of the country. He has said that the Government will be concerned with the reconstruction of the country.

**STOCK ESSENTIAL TO FUTURE OF FARMING**

**"Dairy Herd As Good As A Government Pension"**

At a session on the important subject of stockbreeding, held at the University of the Witwatersrand, Johannesburg, on the 2nd and 3rd of February, 1959, the following speakers took part: Mr. J. H. M. van der Merwe, Chairman of the Department of Agriculture, Mr. J. H. M. van der Merwe, Director of the Department of Agriculture, Mr. J. H. M. van der Merwe, Director of the Department of Agriculture, Mr. J. H. M. van der Merwe, Director of the Department of Agriculture.

The Port Elizabeth (South Africa) municipal housing scheme is one of the best examples of the use of the "renture" principle. It has been shown that a system of the "renture" built for the "renture" principle.

Mr. van der Merwe stated that the stock industry is the backbone of the South African economy. It is the only industry which is self-sufficient and which can be developed in a country which is landlocked and has no access to the sea.

The stock industry is the backbone of the South African economy. It is the only industry which is self-sufficient and which can be developed in a country which is landlocked and has no access to the sea.

**WELFARE ASSOCIATION**

# SCALP ERUPTIONS quickly heal

## DANDRUFF disappears

The erudite chemist, Dr. J. C. Schaefer, has discovered a new method of curing scalp eruptions. The new method is the ideal treatment for dandruff, complete itching, the itching action of dandruff, and the itching action of dandruff.

### FOLLOW THESE DIRECTIONS:

Every day, apply Cuticura to the scalp with the fingers. After an hour or so, wash the scalp with Cuticura. Repeat the treatment every day until the scalp is clear. The hair will grow again and the itching will disappear.

**Cuticura**  
OINTMENT AND SOAP

Hold by G. Schaefer & Co., Newark, N.J.

CUTICURA TALCUM especially indicated for itching, scalding, and dandruff. It is the ideal treatment for dandruff, complete itching, the itching action of dandruff, and the itching action of dandruff.

# KEROL

THEY ALL NEED KEROL— AND THEY LOVE IT!

When the accumulation of the grass goes off, give Kerol and you'll keep up the appetite of your animals. It helps stick to extract every bit of nourishment from their feed. It helps to keep them in condition. It kills harmful germs, wards off disease, helps in control of internal parasites. Kerol may be administered by dosing, added to licks or mash. But for best results, give it regularly.

Read the Kerol Book and you will see why other farmers keep on using it.

Write for a free copy to—

**DOOPER & NEPHEWS, S.A.F. (PTY.) LTD.**  
100, ROYAL ROAD, NAIROBI.

# ORDER YOUR Spares Early

TAKE a pencil and paper now and list the worn or broken parts of your machines. Then ask the local McCormick-Derringer Dealer to get them for you as soon as possible.

By doing this now, you can be sure that your machines will be ready for use when you need them. And you won't have any last-minute breakdowns to delay you when time means money.

Genuine I.L.C. parts fit closer, wear better, and last longer. We are ready to serve you—now.

**INTERNATIONAL HARVESTER EXPORT Co.**

"Good equipment makes a good farmer better."

### SECOND ARTICLE:

# PLANNED HOUSING FOR EVERY NEED

## More About Port Elizabeth Scheme

THE Government announced last week that it had approved all local authorities in their housing schemes. This is a very important step in the development of the country. It means that the Government is now taking a direct interest in the housing of its people.

# Kenya's Future Depends Upon Agriculture

## Soil Fertility A Vital Asset To Be Conserved

M. D. I. Hunt, Kenya Director of Agriculture, gave a talk on the importance of soil fertility to the members of the Kenya Agricultural Conference, held at Nairobi on March 10. He said that the soil is the most important asset of the farmer and that it is essential to maintain the fertility of the soil in order to produce a maximum yield of crops.

Kenya's future depends upon agriculture, and the soil is a vital asset which must be conserved. The Director of Agriculture, M. D. I. Hunt, stressed the importance of soil fertility in his address to the members of the Kenya Agricultural Conference. He said that the soil is the most important asset of the farmer and that it is essential to maintain the fertility of the soil in order to produce a maximum yield of crops.

## Aspro's Health & Common Sense!

Common sense dictates that we take reasonable precautions to keep fit so as to "pull our weight" in the strenuous times ahead. Fresh air—plain food—exercise—they are the simple health rules as far as circumstances permit you to follow them. ASPRO TABLETS—QUICK RELIEF FROM COLDS AND 'FLU' is another valuable bit that millicosts act upon. They know that ASPRO is helping the workers every day—dispelling pain—breaking—neutralizing—relieving—the aches and pains of the cold and bringing sweet sleep to the sleepless. ASPRO is sympathy and healing power in tablet form.

## Aspro's Health & Common Sense!

tributes from the Workers

**HEALTHY THANKS FROM TANZANIA**  
I have been suffering from a cold and headache for several days and I have found ASPRO TABLETS to be a most effective remedy. I can now sleep peacefully and feel much better. Thank you very much for your kind attention to my letter. Sincerely yours, M. N. M. (Tanzania)

**HOW SLEEPS WELL**
