Plea For Greater Cleanliness

Medical Officer's Annual Report

The annual report of the Medical Officer of Health for the District of Nakuru, which is published in the Public Health Officer's Annual Report, contains a number of interesting facts regarding the health of the district during the past year.

While the mortality rate was generally low, the number of deaths due to infectious diseases was somewhat higher than in previous years. This was due to the prevalence of typhoid fever, which caused 11 deaths during the year.

In the Nakuru Municipal area, there were 127 deaths during the year, with an approximate total of 128 deaths in the district.

A warning tale was sounded in the annual report, with reference to the fact that the number of deaths due to infectious diseases was somewhat higher than in previous years.

Magistrate's Court

Cattle Thieves Sentenced At Gilgil

Sentences were recently passed by the Resident Magistrate, Gilgil, on natives charged with the theft of cattle from the district of Nakuru. The thieves were sentenced to terms of imprisonment ranging from three months to three years.

One of the most serious problems to be dealt with by the Government is the problem of unemployment. This is a problem which is becoming more and more acute in many parts of the country.

During the wet season, the problem of unemployment is particularly acute. This is because many of the people who are unemployed are those who are engaged in agriculture.

It is also noted that an Order is published in the Official Gazette requiring retail traders to mark selling prices of a number of commodities scheduled in plain figures in English and in a manner clearly visible to the Public.

Look at the names - study the stars - and book your seats!!

"Jane Eyre"

This great outstanding picture was first seen by the Trade Press in America in February of this year. It was released in the main theatres there in March and April. It will be shown at the Empire Theatre during May. Straight from Hollywood - prior to South Africa release - Jane Eyre comes as one of 1934's biggest entertainments. See the American paper "Variety" reviewing this 20th Century Fox hit in its issue of February 2nd, 1934, says: "The picture has produced a picture to command public support."

"This Is The Army"

Another special release film - this time a front-bank musical - with every minute a laugh or a tear. Produced in Technicolor with a magnificent list of stars - it's just to prove one of the top entertainments of Nairobi's film year. With 17 Irving Berlin tunes - some from the past year - from the present it's an entertainment topped off by Warner Brothers have made a film that is quite "Variety" again "stands out like the Empire State Building."
