No. 1946. Registered in the G.P.O. as a newspaper.

WEDNESDAY, MAY 20, 1942.

BRITAIN'S SUCCESSSES BY AIR

Bombing Operations Bombs Over Reich

New Sector Opened South of Rome

British troops and tanks have pushed a new sector of the 15,000-foot second two-tonne weight "Pratt" engine by-passed engine to Rome from the east, and they have pushed British troops and tanks to the agricultural settlement north of the town of Cassino, a strategic position in the area was launched by the British Army on the night of May 18th. The result of the attack was the capture of the town of Cassino and the line with the Americans.

British bombers have been dropping more than 1,000 tons of bombs on the Reich since the outbreak of the war. They have been dropping bombs on the Reich since the outbreak of the war. They have been dropping bombs on the Reich since the outbreak of the war.

DANCING NIGHTLY - EXCEPT MONDAY.

DINNER DANCE
PERFECT FLOOR

Well Ventilated Room
First-class Band

A GOOD DINNER

No Admittance Without a Lady Partner.

Babes On Broadway

There have been a number of rumours prevalent as to the probable recommendations to be made by the Select Committee and many of them suggest that a Bill of such outstanding importance to the future of the country should be given to a Council which is just about to be formed.

H. Gidoma

TODAY'S BIBLE THOUGHT
Take your bread with you, and eat and drink, for you do not know the time when the Lord will come. (1 Thess. 5:7)

THE EAST AFRICAN STANDARD

KEYSTONE ROAD PROGRAMME

Considerable Progress Expected This Year

The plan for 1944 and later are being considered. It is only possible to give the bare outlines of what may be expected. The programme is being carried out in the form of a series of road works, which are necessary here as the present situation is very delicate. Improvements to the road from Nairobi are also under consideration. It is expected that the programme will be completed by the end of the year.

The main error in Kenya's road programme is the fact that the programme is being carried out in the form of a series of road works, which are necessary here as the present situation is very delicate. Improvements to the road from Nairobi are also under consideration. It is expected that the programme will be completed by the end of the year.

NAIROBI INQUEST: Why Eight Generals Had Four Months

Findings Reserved

None of these war publications, which are full of statistics, is of great interest to the public. It is a pity that a general bearing on future military operations should be held in the "Eight Army" (written in a technical language).

As the "Eight Army" shows, the most important contribution to the war effort was made by the "Eight Army" (written in a technical language).

AFTER THE WAR IS OVER

Opportunities For Service Men And Women

CONSEQUENCE

London (by mail)—National Health Insurance, which is being now put on a normal and stable basis. We also discuss this and can well imagine that those who are Overseas are fully interested. Perhaps, however, I may give some guidance, even if partial.

In the first place, I cannot say that the first effect of ordinary Service industry will suffer from under-employment. I do not speak of the home industry—the partial cessation of the manufacturing and the labour markets. Large numbers of them, however, and especially women, will not want to do any more factory work, and thousands of middle-aged men will have made enough on their savings to enable them to retire. I do not think that a few will have needed the Old Age Pension Act.

We do not therefore imagine that those already here, will be the first to be unemployed. It is the men and women, with their families, who must have Service experience which must have their intelligence and increased their experience, will have everything in their favour in a competitive labour market.

It will be a very different world when the war is over. It is a very different world, every industry, is being re-organised. It is a very different world, every industry, is being re-organised. It is a very different world, every industry, is being re-organised.

Scientific Workers

Scientific workers will be in demand for their services will be invaluable. The demand for their services will be invaluable. The demand for their services will be invaluable.

Outlook

Such is the position and quite frankly I think the outlook for the service men and women is good. New things are being done that after the war we shall have to go on maintaining the services at a far higher standard of strength and efficiency than has been the case in the years which are gone. All our future depends on the efforts now being made towards recovery.

When Victory is won this British product will again be available to all.

Representative Woodcut, of Middlesbrough, has suggested that every act passed by Congress should contain this footnote: "By God, we mean it!" That, he thinks, would discourage Government departments from issuing orders which they do not represent the intent of Congress, says Butler. Woodcut has also proposed that all legislation be written in words of one syllable, and that a dictionary be given with each law passed by Congress in the department which would administer the act.

Sparklers

RELIABLE SUPPLIES

When Victory is won this British product will again be available to all.

Our Manufacture since 1845
LONDON, N. 10. Also MANCHESTER, LEEDS, GLASGOW, BRISTOL, SHEFFIELD, BIRMINGHAM, COVENTRY, CARDIFF, NEWCASTLE, GLASGOW, DUNDEE, and Dundee Street.

It is suggested that supplies are not available.

Municipal Brevities

Tuesday's monthly meeting of the Nairobi Municipal Council was one of the longest on record, lasting for nearly 2 1/2 hours, and during which more than ready for the customary hour of business was done.

When the deliberations first began a member, the Mayor, Deputy Mayor, and two other members, were only 15 minutes late. The Mayor, Deputy Mayor, and two other members, were only 15 minutes late.

Some idea of the longing abridgement of the Council's business may be gained from the fact that applications received for European and Asian housing totalled 1,200, and 427 applications for African housing, 2,500, and 419 relatives.

Reference to the allegations made by Councilor D. P. O. that the Nairobi Sewing Commission Classes were being discriminated against in favour of political propaganda to subvert the Indian community, was made at Tuesday's Council meeting. Councilor Vaaya said that the allegations were unfounded, and that the Council of last January to inquire into the allegations had given Councilor D. P. O. a copy of the report of the Commission of Enquiry into the matter. Councilor Vaaya said that the report was not in favour of the allegations, and that the Council of last January to inquire into the allegations had given Councilor D. P. O. a copy of the report of the Commission of Enquiry into the matter.

CHOCOLATES OF QUALITY

please be careful with your ANDERS as stocks are scarce!

Recent tests have revealed that Anders chocolates are of the highest quality and are made from the finest ingredients.

Serving—Since the Blue and the Thin Gillette and the 7 o'clock blades have gone to serve the guns, Gillette "Standard" blades now serve the class. Swiftly and cleanly they do it, too—the best shave your money can buy. And being good steel means that the output is restricted, so if you have any difficulty in getting them don't blame your dealer—try again later.

Gillette in battledress

SERVICES SPORT

(By "Thunder")

I had some more news of East African football, and the latter part of which is now reflected upon the following columns. One has to be a fan of the game to be able to understand the enthusiasm of people who manage to find time and energy to play football. One can only compare this to the enthusiasm of people who manage to find time and energy to play football.

CLARK'S BLOOD Mixture
DEFENCE AND SURE REMEDY

In cases of RHEUMATISM, LUMBAGO, ULCERS, SORES, BOILS, ECZEMA, RASHES, RHEUMATIC JOINTS

Blood impurities poison the whole system; lower vitality and weaken the powers of resistance.

Clarke's Blood Mixture is the cleanest remedy by cleaning the blood; this means the blood; this means the blood; this means the blood.

Good progress is being made with the National Basketball Association competition for which 14 teams will be playing on June 19 and 14 more will be playing on June 20 and 14 more will be playing on June 21. The final not having been decided yet. It appears as if the first round match between the "A" and "B" teams will be played on June 21. The match between the "A" and "B" teams will be played on June 21.

Land Control Bill

Falls Farmers Ask Some Questions

The Land Control Bill was discussed at a meeting of the Thomsen's Falls District Association held recently in Thomsen's Falls Golf Club. Mr. B. McClellan was in the chair and there were about 40 members present. Mr. C. E. Mortimer, Commissioner for Lands and Settlement, who was the principal speaker, addressed the meeting on the most important aspects of the bill, including the acquisition of land, land sales, the right of appeal, etc. He also outlined the main provisions of the Crown Lands Amendment Bill and gave his views on the reservation of the Highlands for African occupation and settlement, the position of companies, the compulsory powers for acquisition of land, and leases.

The first question came from General Waterhouse who asked: (a) Why the revision of rents has been put off until 1957? (b) What sort of Land Trust Companies are suggested? (c) What about legal bequest? (d) What will be done if farmer with an appeal? (e) Has anything been done about water conservation on new holdings?

There is no objection between the bill and rent revision, replied Mr. Mortimer. Rent revision has been postponed because manures have been lacking to do it if it may be abolished altogether before 1956. (b) A landlord and tenant type of arrangement, the landlord doing improvements and charging rent. The State does not do this with the Public Utility Company part Government owned. (c) It is possible to advance settlement of Gita, other than the customary disposition, within the purview of the bill. This should leave room for evasion. Within the bill it is possible to evade it. If an appeal is won, it is won. (e) The Government is aware of the lack of water and large scale plant are in preparation.

What is the position over mortgagors? asked Mr. King. Mr. Mortimer replied by giving an example. A want to transfer land to the Government. If no Imperial contractual obligations are involved, H.E. will accept the advice of the Board and refuse the application. There will be no interference with usual financial arrangements. Land in the hands of banks will be

K.F.A. Market Report

The following are the K.F.A. Notes and Market Report for the week ending May 31. The Board of Directors has decided to issue a further 25,000 Ordinary Shares, and members are invited to make application to the General Manager, P.O. Box 53, Nairobi.

All public companies of the Association are requested to cooperate in an early survey for inclusion in the Association for the year ending their monthly requirements. Special attention will be given to companies and will conserve national funds. Changes in requirements should be notified by the 15th of each month in respect of supplies for the following month.

Indication of Loan Prices: Pyrethrum Seed, 15/- per lb. (a.c. value). Tobacco Seed, 17/- per ounce. Mamba Seed for Bunting and Pigeon, 18/6 per bag of 500 lbs. F.A.R. Market - Available against Permit from Agricultural Officer, Nairobi.

Obituary MR. R. A. WILSON

The funeral took place at the Park Cemetery, Nairobi, on Wednesday morning at 10.30 a.m. by Rev. R. A. Wilson, of the Marine Civil Hospital, Mr. Wilson, who was 52 years of age, died in hospital on Tuesday afternoon from injuries received in a motor accident between last motor cycle and an Africa-drive military ambulance on the Langata Road earlier this week. The service was conducted by the Very Rev. N. A. Lester, Provost of the Cathedral of the Highlands.

Mr. Wilson had been in Kenya for a number of years. He and his brother were employed in farming beyond Athi River and the late Mr. Wilson joined the medical department in a clerical position about three years ago.

Returnees Soldiers: Mr. King asked for returning to the farm likely to see it because it had deteriorated and should be split up. You must allow some sense of responsibility and decency to the Board. Very well it is too big for him to do it and so big enough to do it.

Mr. Sney: (a) Are members of the Tribunal open to objection? (b) Is there a time limit for the Bill? (c) No, they are in the position of Judge, not jury, permanent members. (d) It was not considered wise to consult with local bodies before members are appointed to the Board. (e) Even if smallholders are not farmers it is beneficial to the country to have them. The residential question is now being dealt with by a committee who are considering the difference between farming unit and residential holding, etc. (f) This is not desirable as it would involve too much interference by Government in private enterprise.

Mr. Sney: That part of paragraph would be referred a quarter. Chairman: Board and refuse the application. There will be no interference with usual financial arrangements. Land in the hands of banks will be

Circle and Stalls

CAPITOL THEATRE: "Not a word" by the Capitol will show this is a first-hand description of the life of a soldier and will certainly make a wide appeal to those who have served in the line seats. This film was made by British and American Service Film Unit.

EMPIRE THEATRE: "The Great Escape" will be shown on the attractions of "BWEET ROBBERY" YOU'VE NEVER SEEN ADOLPH MENDEL. It is in technical color and is a picture of course) to 1888 which, if you were to believe the own story in the picture, was as nearly as the "naughty nineties". It is "naughty" stuff for adults best on a 100 per cent war effort but it is a satisfying end.

PLAYHOUSE: "Assignment in Brittany" can be neatly summarized as a certain plane's mission to discover the location of a hidden submarine base so that the British may destroy it. The star of the new play, PIERRE BRUNO, will be in the picture in the picture in which he can work up a new lease for the Nazis, and it has a satisfying end.

THE WORLD FOLLOWS BRITAIN'S LEAD. RAILWAY TRANSPORT. RAILWAY locomotives, which have handled the major portion of the world's land traffic for the best part of a century, are now being replaced by the modern electric and diesel traction units that the British and other countries have developed in Britain. And British electric traction units lead the nations and the world.

RAILWAY TRANSPORT. Not less among the many other discoveries and inventions for which the world is indebted to Britain, is the development of rayon by the firm of Courtauld & Co. Ltd. The enterprise shown by Courtauld & Co. Ltd. in the development of rayon was a pioneer work done by this British firm has been the means of creating a vast rayon industry in England, the United States and other countries. Courtauld & Co. Ltd. has been successful in developing a new synthetic fibre, known as "Acryl" which is a soft, comfortable, and durable material. As a result of this discovery, the world has been able to produce a new type of fabric which is soft, comfortable, and durable. The manufacture of rayon has been the means of creating a vast rayon industry in England, the United States and other countries. In the past few years the British Government will demonstrate that in the development of rayon, the British textile and industry can make the world's lead. To this great gain the firm of Courtauld & Co. Ltd. is proud to have made a contribution to the world's progress.

The World's greatest inventions and discoveries originated within THE BRITISH EMPIRE. Hand Yarn distributed overseas by Lister Fibres, Ltd. Various Fabrics distributed overseas by the Lister Corporation & Co. Ltd. The Lister Corporation are now producing a new type of fabric which is soft, comfortable, and durable. This new fabric is known as "Acryl" and is a soft, comfortable, and durable material. The manufacture of rayon has been the means of creating a vast rayon industry in England, the United States and other countries. In the past few years the British Government will demonstrate that in the development of rayon, the British textile and industry can make the world's lead. 31st Anniversary
 SATURDAY, JUNE 3, 1944

THE ELIMINATION OF BERLIN

As this week as for many weeks past has been dominated in many ways by the military operations of the Allies, it is hardly a pause now. By day it is the American strident and at night the British bombers attack with ever increasing effectiveness. It is the essential part of the preliminary to invasion and as Verrill says in his commentary this week, the air war against the city is now continuing in the life of Germany.

Not least, devastation has shown both in Germany and Britain that at least partial recovery from heavy bombing is practicable. It is a striking short time, there is fact that the city is planning now to constitute the maximum interference with any attempt, at night, to destroy the city.

It is difficult to be enchanting with much of charm and rhythm. The Metro-Goldwyn-Mayer film.

Land Bank Advances Written Off

Details of Land and Agricultural Bank advances written off in 1933 were given by the Financial Secretary, Mr. J. H. G. MacDonnell, in the House of Commons today. He stated that the Land Bank had written off advances to the amount of £1,100,000 in 1933, and £2,100,000 in 1934. The total amount of advances written off since 1933 was £3,200,000.

Mr. MacDonnell also stated that the Land Bank had written off advances to the amount of £1,100,000 in 1933, and £2,100,000 in 1934. The total amount of advances written off since 1933 was £3,200,000.

Kenya's Naturalisation Policy

In Kenya Legislative Council today the Kenya Government's policy on naturalisation of British subjects and the position of the Indian community was discussed.

The Government's policy was to naturalise British subjects and to maintain the Indian community in Kenya. The Government stated that it was not prepared to grant citizenship to any Indian who was not born in Kenya.

COLONIAL LABOUR EXCHANGES

Colonial Labour Exchange Secretary, Mr. J. H. G. MacDonnell, today stated that the Government was prepared to set up an experimental scheme to bring about the exchange of labour between the colonies.

The scheme would involve the exchange of labour between the colonies and would be subject to the approval of the Government.

Under THE Standard Clock

It is obviously a very little to be said about the Standard Clock, but it is worth mentioning that it is a very accurate and reliable timepiece.

The Standard Clock is made in England and is available in all parts of the world.

Italian P.O.W. Murder inquiry

"I was talking quietly to another Italian when a prisoner-of-war told me that a murder had taken place in a camp. The man who was killed was a British soldier and the murderer was an Italian. The murderer was sentenced to death and the British soldier was released from the camp."

MUTINY CASE: APPEAL TO THE GOVERNOR

An appeal has been made to the Governor of the Colony to grant a reprieve to the mutineers in the case of the mutiny in the Royal Air Force in India.

The appeal was made by the mutineers and their supporters, who stated that the mutineers were acting in self-defense and that they had no choice but to take up arms.

Adulterated Milk

Several cases of adulterated milk were reported to the health authorities in the Colony today. The adulterated milk was found to contain harmful substances and was found to be unfit for human consumption.

The health authorities are taking steps to ensure that the milk supply is safe and pure.

Small Countries After the War

The Small Countries are expected to play an important role in the reconstruction of the world after the war. They are expected to be active in promoting international cooperation and peace.

The Small Countries are expected to be active in promoting international cooperation and peace.

TODAY'S BILL THROUGH

The Bill for the Government of the Colony was passed by the Legislative Council today. The Bill provides for the appointment of the Governor and the members of the Executive Council.

The Bill also provides for the appointment of the members of the Legislative Council and the members of the Public Service Commission.

Production Of Crops Ordinance Amendments

The Third Annual Conference of the Kenya Agricultural Union was held in Nairobi today. The conference was attended by representatives of the Government and the Agricultural Union.

The conference discussed the proposed amendments to the Production of Crops Ordinance and the Government's policy on agriculture.

Adulterated Milk

Several cases of adulterated milk were reported to the health authorities in the Colony today. The adulterated milk was found to contain harmful substances and was found to be unfit for human consumption.

UNITED STATES' AIRCRAFT NOW BASED IN RUSSIA

New Command Opens Shuttle Bombing Of Central Europe

UNITED STATES air headquarters in Russia, at Moscow, today recorded the opening of a new campaign of strategic bombing of German targets in Central Europe. The first mission was flown by a B-24 Liberator bomber from the 15th Air Force, based at Moscow. The aircraft was loaded with incendiary bombs and was seen to drop its load over a target in the Ruhr area. The mission was successful and the bomber returned safely to its base.

Dramatic Turn In The Battle For Rome

FIFTH ARMY NOW APPROACHING OUTSKIRTS OF THE CITY

THE Fifth Army, under the command of General Alexander, has made a dramatic turn in the battle for Rome. The army has now advanced to the outskirts of the city, and is preparing for a final assault. The German forces have been pushed back to the city limits, and the Fifth Army is now in a position to capture the city. The battle has been a hard-fought one, and the Fifth Army has shown great courage and determination.

74 MILLION PLANES IN 4 YEARS

Anglo-American Production Review

AN AMERICAN COMMISSIONER has announced that the Anglo-American production program will result in the production of 74 million aircraft in the next four years. This is a significant increase from the current production rate, and it shows the commitment of both countries to the war effort. The program will involve the production of all types of aircraft, from fighters to bombers, and will be a major contribution to the Allied air forces.

Yugoslav Problems

THE Yugoslav military situation is becoming increasingly complex. The German forces have made significant gains in the Balkans, and the Yugoslav government is struggling to maintain its position. The Allies are providing support to the Yugoslav forces, but the situation remains uncertain. The Yugoslav people are suffering from the effects of the war, and the international community is watching the situation with concern.

Nazis' Hopeless Task

TRYING IN VAIN TO PATCH UP COMMUNICATIONS

THE German forces are in a desperate situation in the West. They are trying to patch up their communications, but it is a hopeless task. The Allied forces have broken through the German lines, and the German forces are being pushed back. The German high command is aware of the situation, but they are doing nothing to change it. The Allies are making steady gains, and the German forces are becoming increasingly isolated.

Germans' Minor Gains In Rumania

THE German forces have made minor gains in Rumania. They have captured several small towns and villages, but they have not made any significant progress. The Rumanian forces are holding their ground, and the German forces are not making any further gains. The situation in Rumania is stable, but the German forces are still trying to make gains.

R.A.F.'s Major Record

THE Royal Air Force has set a major record in the night bomber offensive. The R.A.F. has dropped a record amount of bombs on German targets, and has destroyed a large number of buildings and infrastructure. This is a significant achievement for the R.A.F., and it shows the effectiveness of the night bomber offensive. The German forces are being hit hard, and they are struggling to maintain their defenses.
