SOVIET AIRCRAFT STRIKING IN EAST PRUSSIA

Troops Now 90 Miles From German Sieges

August 4. (AP)—Soviet aircraft striking in East Prussia have battered a railway station and another town. At Neuburg they started a fire which spread to another town. The Lithuanian border was crossed with troops and almost striking about of

battles are going on day after day against reserves and reinforcements—unit unit for an emergency detachment of the Lithuanian army. The Luftwaffe, too, is out on a much bigger scale.

Into Battle...

"Praise the Lord, and pass the ammunition" is our gallant Portuguese ally's motto of the famous Cromwellian maxim. In leading the gun, as in all other operations of war, the prime essential is to outspeed the enemy.

That is why the call from the armed forces is so insistent that civilian requirements must be given second place; a purely temporary measure for which D.M.C. crews are the indulgence of motorists.

Speed is vital in allied with transport and tyre so that once again D.M.C. play its part in the national war effort.

Second Day Of Nairobi Meeting

STERLING GIFT WINS KENYA GOLD CUP

THE second August race Meeting was completed on Monday evening with a large crowd of spectators taking in the night program. The first race, the Kenya Gold Cup, was won by Sterling Gift, owned by Mr. J. L. Lawford, who was successful in the first round and then in the second round. Sterling Gift, a 3-year-old colt, was the only horse to finish the race, and was ridden by Mr. J. Spence. The race was won by a margin of 10 lengths.

Another seven furlong race, the Kenya Gold Cup, was won by Sterling Gift, owned by Mr. J. L. Lawford, who was successful in the first round and then in the second round. Sterling Gift, a 3-year-old colt, was the only horse to finish the race, and was ridden by Mr. J. Spence. The race was won by a margin of 10 lengths.

How To Look At Pictures

Art does not consist in the mere representation of an object in nature, but in the selection of the most characteristic features of the object, and in the arrangement of these features in a way which is pleasing to the eye. The artist must have a keen eye for the most characteristic features of the object, and must be able to arrange these features in a way which is pleasing to the eye.

Streamlined Photos

The secret of a good photograph is to get the most characteristic features of the object, and to arrange these features in a way which is pleasing to the eye. The artist must have a keen eye for the most characteristic features of the object, and must be able to arrange these features in a way which is pleasing to the eye.

STOCKOWNERS' CONFERENCE

Farmers Stress Value Of Research Work

At the recent half-yearly Conference of the Stockowners' Association held at the Makuvu Club, Mr. K. W. Frazer presided in the capacity of Vice-President. Mr. D. Chibwey, the Director of Veterinary Services, was present, and 150-odd members and visitors attended, including twenty foreign members.

The Chairman, in opening the conference, stressed the importance of the Association during the past few years. The areas reviewed by the stockowners on the last point, the rate of increase in the price of beef, led to the export contracts, but at least one increase, and ultimately on a larger proportion of our wool, the new price movement for local wool would greatly improve the sheep farmer's position.

Stockowners were very anxious to know what progress had been achieved in regard to research and control measures concerning Vibriosis, the announcement of which had been contained in 1954. Mr. D. Chibwey stated that the disease had first been observed in the herd at 1977, but observations had then led to the disease was probably due to the fact that it was contagious and of a complicated nature. The outbreak of war had unfortunately prevented the carrying out of the experiments, and at the moment there was no definite treatment known to be satisfactorily successful.

Artificial insemination would do much to prevent the spread of the disease, but here again, the lack of facilities in this country, and the fact that in the future it would be possible to establish a Central Insemination Station, at which the serum methods and the best results would be available.

Ophthalmia, a term under which several distinct conditions were referred to in this country, stated Mr. D. Chibwey, included many cases, particularly in calves, which are connected with outbreaks of tick-borne disease, notably East Coast Fever. Other forms were related to dietary deficiency, especially of Vitamin A in the milk, and also concerned with the maintenance of the eye in health, was Vitamin C. The specific Ophthalmia of cattle caused by the Bacterium, *Mycobacterium* *sp.*, which is a tick-borne disease, had not been definitely diagnosed in this country.

East Coast Fever.

The prevalence of East Coast Fever and the following widespread application of the Cattle Creeping Technique were far to comparable discussion. It had become evident that the disease was spreading in areas where it was not previously known to be present, and it was in favour of the application of the Creeping Technique.

SOIL CONSERVATION is a topic which concerns every country. It is a topic of vital interest to every farmer and to the manufacturer of farming implements. To maintain soil fertility and win the race against adverse elements, weeds and soil erosion use **MASSEY-HARRIS TRACTORS and ONE WAY DISCS.**

INCREASED PRODUCTION is a race against man. By careful planning and by avoiding careless farming practices, production can be increased and greater profits made. To do a ploughing job thoroughly or to do a job of harrowing or to plant a seedling in the furrow, the best implements are required. For the best and most economical results use **MASSEY-HARRIS and One Way Discs, Massey-Harris ploughs and Disc Harrows, Massey-Harris planters and Grain Drills and Massey-Harris binders or combines.**

FOR CUSTOMERS: Taking prevailing conditions into consideration, an excellent range of spare parts for Massey-Harris tractors, implements, and various working machinery is maintained in East Africa for distribution through our branches or through our dealers.

A Week-end Sermon: THE RIGHT ORDER

A YEAR or so ago when I was moving from one house to another, I had piles of books ready for the transport, and although many of my books were not marked like mine of my friend's, I was surprised to find that many of them were marked, "To be kept dry."

On board one of the transports several hundred men crowded the recreation room for the service. They were the men who were to be sent to the front. They were the men who were to be sent to the front. They were the men who were to be sent to the front.

We know that stocks of Cooper's Improved and Tiled are low at present, but we are glad to be able to advise farmers that fresh supplies should arrive shortly.

In the meantime be as careful as you can with the dip you have on hand.
Diet in cattle dipping tanks saps trouble. It does not improve the properties of the dip. It either helps to plaster animals with an animal coating which retards drying and which may induce scalding in wet weather. So remove as much of the dirt as you can with a scoop.

Nazi Field Marshal Urges Germans To Overthrow Hitler

Moscow radio broadcast a message to the German people last night from Field Marshal Paulus, who urged them to overthrow Hitler...

Paulus, who was promoted a Field Marshal by Hitler on the very eve of defeat, said the men obeyed orders to fight to the last but failed to achieve the object of the Supreme Command by their vain sacrifices.

He described the continuation of a war as "senseless bloodshed" and said the Germans had not the reserves with which to meet the Russian offensive from the east, or the Anglo-American drive in France, or the overwhelming American opportunity. The position was growing ever more hopeless.

RESULTS OF WEEKEND MATCHES

The results of cricket matches played in Nairobi at the weekend are as follows: **GYMKHANA 'A' vs. R.A.F.** Played at Gymkhana on August 12. Match drawn. The scores were: R.A.F.: 173 for five wickets declared (Gibbs 47, Smith 49). GYMKHANA 'A': 174 for seven wickets (E. A. Trin, 51; A. R. B. O'Brien, 37; W. Lewis, 39; Day, 33).

GYMKHANA vs. HONGKONG Played at Gymkhana on August 12. Match drawn. The scores were: GYMKHANA: 117 for five wickets (E. A. Trin, 51; A. R. B. O'Brien, 37; W. Lewis, 39; Day, 33). HONGKONG: 117 for five wickets (E. A. Trin, 51; A. R. B. O'Brien, 37; W. Lewis, 39; Day, 33).

GYMKHANA Bowling: Lewis, 2 for 11; O'Brien, 1 for 11; O'Brien, 2 for 25; Walter, 2 for 38; Steven, 1 for 41; Howe, 2 for 50; Steven, 1 for 51; Braithwaite, 1 for 37.

What for Kenya Kangaroos: A Kenya Kangaroo C.C. XI played at the Nairobi Civil Service Club ground on Saturday, winning by 108 runs. E. J. O'Brien scored a first century for the Kangaroos, and he was the only batsman to score 100 in this side's total of 178. He hit 20 fours and 10 sixes and was well managed to get in two innings. Halfway down the list he scored a good all-round performance by taking three wickets for an average of 23 runs apiece. The scores were: KANGAROOS: 178, all out (E. J. O'Brien, 111; J. D. McArthur, 102; C. W. Griffiths, 21; R. D. Moxon, 2/25; E. J. O'Brien, 3/10; E. C. W. Fisher, 4/10).

Parivasiya beat S. & T. Parivasiya Sports Club beat S. & T. XI in the Club ground last Sunday by 48 runs. The Club beat first, starting badly with the loss of two for 14. E. W. Johnson and F. C. W. Smith left the pitch round and the side looked set for a big score. Smith left at 8/13 and Johnson soon after, at 10/8, the remaining batsmen being: E. J. O'Brien, 16, collapsing against the steady bowling of Ballard and McArthur. Ballard bowled extremely well and with accuracy. He had a good day's better analysis. McArthur was the only S. & T. batsman to face B. W. Smith with any confidence. Smith is particularly effective from this season and with the return of P. C. O'Brien, the Club have an formidable attack. The scores were: PARIVASIYA: 177, all out (F. W. Johnson, 52; C. W. Smith, 48; S. Ballard, 4/48; McArthur, 3/41; S. AND T. XI: 129, all out (O'Brien, 21, not out; B. W. Smith, 7/18). O'Brien W. & XI.
