**Entertainment tax menace to Soccer Sliding-scale levy on gates as relief for hard-hit clubs**

**By GEORGE ROSS**

FALLING right in step with the weather, the Soccer Federation has announced that it will introduce a sliding-scale levy on the gates of clubs to help them meet their financial obligations. # DISAPPOINTMENT AT ELECTION REPORT

## Conflicting Malaya opinion

**PUBLIC** disappointment at the report of the Committee of Elections to Malaya's Federal Legislative Council. The main attack is on the majority report of the members, which deliberated for five months, advocating elected members of the proposed new council be outnumbered by officials and appointed members.

### A lion in their vegetable patch

Malaya is a lion in their vegetable patch. The main attack is on the majority report of the members, which deliberated for five months, advocating elected members of the proposed new council be outnumbered by officials and appointed members.

The whole tone of the report is one of extreme—of the critics say, excessive caution. It could hardly be otherwise after a committee had been appointed that only slightly outweighed with European and business interests by the political subservience to administration and the Malaya. (Editorial note: The Bulletin receives the Bulletin reports of democratic progress.)

### Minority committee

A minority of the committee wished to have the pace by which a majority of elected building sections no later than 1937. The majority report contained no practical proposals to be put into effect. It is said to exist in Malaya and two progressive Malaya.
