RAID ON EUROPEAN FARMHOUSE

Accidental death of KPR officer

Second in daylight since Friday

BETWEEN 15 and 20 Africans, at least, were armed and carried off a dairy farm on a plain farm in the Ombaka Valley about 15 miles from Kisumu on Saturday afternoon. The occupants, Mr. Henry Sheldon Lettis, who is well known as a trader of rawhide and Mr. Long had left the farm half an hour before the raiding party of Kikuyus.

The raid is reported had similar characteristics to that which took place on the farm of Mr. Donald Smith in the Kawira morning when a few miles from Mr. Smith and his wife had gone shopping. The raiding party of armed Kikuyus captured the two women.

The raiding party of Kikuyus had come from a European farm in the Longo Estate. He told the police that he had been called to the house and had taken to his room and complained that he and other African raiders had been going for the goods. The police said he had managed to escape. The raiding party had been tracked.

The farm was a mixed one with home crops and a broad acre on one side by the Matungu Forest Reserve. The house is a few miles from the forest.

It is reported that the number of Kikuyus who were taken to the house was about 20. The raiding party had been seen in the area since the beginning of 1952. He was seen in the area since the beginning of 1952. He was seen in the area since the beginning of 1952.

COLONIAL OFFICE MAN IS IMPRESSED

Locust war: more swarms in NFP

Praise for Mombasa: African housing

THERE has been little locust activity in the overall locust belt during the past week. The locusts which were reported to have been seen in the north-western part of the Territory have been reported to be present in small numbers in the Mombasa district.

SOME African housing in Mombasa is of a standard that would be envied by tens of thousands of people in Britain, according to Mr. E. W. Harbord, Labour Adviser to the Government of the State for Eastern Africa, who has spent five days in Mombasa during the course of an intensive tour that he had been most impressed with housing for African workers.

Campaigns

Several campaigns are being conducted in the Territory. The most important are the locust control campaign, the anti-smoking campaign, and the anti-alcohol campaign.

Twenty-one on oath charges

Mr. Harbord said that he had been most impressed with the standard of African housing in Mombasa. He also mentioned the locust control campaign and the anti-smoking campaign.

The Standard Clock

The next meeting of the Overseas Chinese Christmas Party will be held on Friday, December 14, at the Club Hotel.

Power interchanges

MUTE'S' VISION SET OFF KIRUARA RIOT

Attacked 2,000 whipped into frenzy
settler dies in hospital

Standard's Special Correspondent B. W. Parks, Thika.
INVESTIGATIONS carried out by the police and officials of the Administration in the vicinity of Kiruara, about 10 miles north of Thika in the Fort Hill division, have revealed that on the night of 20,000 Kiruara settlers were whipped and a settler killed in a riot which was set off by a mute who had been whipped.

When the police "opened" their eyes they had a scene which they had never before witnessed. They had found a riot in progress and a settler dead. The riot had broken out at 11 p.m. and had lasted for about an hour. The rioters were armed with spears and clubs and had been attacking the houses of the settlers. The police had to use force to disperse the rioters.

The riot was set off by a mute who had been whipped by a settler. The mute had been whipped because he had been seen to be carrying a spear. The settler who had whipped the mute was killed by the rioters.

HOOPER HAT-TRICK BEGINS IT

R.A.F. (E.) 5 Calcuttians 1

A HAT-TRICK by hero-winger Hooper in the first 10 minutes of the game laid a solid foundation for the substantial victory won by R.A.F. (East) against Calcuttians in their Glasgow Cup semi-final replay on the Services Sports ground on Sunday. For the first time for many seasons the Scots have been beaten by a team from the south of Scotland.

Hooper, who was supported by other players, scored three goals in the first 10 minutes. The match was a hard-fought one, with both sides showing great determination.

The victory was a significant one for the R.A.F. team, who have been struggling in the competition. Hooper's performance was particularly noteworthy.

MOMBASA DRAFT BUDGET IS ITS BIGGEST EVER

Large-scale capital works programme one of chief causes

MOMBASA's draft Budget for 1953 which the Municipal Board will consider at a special meeting next month is the largest in the history of the town. It provides a programme for expenditure of £1,000,000 of the amount disbursed by the Board this year.

To raise the additional £1,000,000 the Board is proposing that the rate should be increased from 10s. 6d. to 12s. 6d. per £100 of rateable value. This would mean an increase of 18 per cent.

The Board is also proposing to raise the rate on the unimproved value of land from 10s. 6d. to 12s. 6d. per £100 of value. This would mean an increase of 18 per cent.

The Board is also proposing to raise the rate on the improved value of land from 10s. 6d. to 12s. 6d. per £100 of value. This would mean an increase of 18 per cent.

Six jailed for Mau Mau in Nairobi

FOUR out of six Kikuyu found guilty by Mr. D. M. Henry, Resident Magistrate, of being members of the Mau Mau have been sentenced in Nairobi to three years' hard labour each—the maximum sentence for the particular type of offence. The other two, both women, were sentenced to 12 months' simple imprisonment. Another woman was acquitted.

The trial, which began on November 18, was held at the Nairobi District Court. The accused were charged with being members of the Mau Mau and with having committed various offences against the Government.

The court heard evidence from several witnesses, including police officers and members of the public. The accused were represented by counsel.

Loan wanted

The Municipal Board is seeking a loan of £1,000,000 to finance its capital works programme for 1953. The loan would be repaid over a period of 10 years.

The Board is also seeking a loan of £500,000 to finance its operating expenses for 1953. The loan would be repaid over a period of 5 years.

Psychological warfare is many-sided

1. BATTLE OF VOICES IN EUROPE

By G. E. R. GEDYE

It has often been said that the first battle of the present war was fought in the air, and it is true that the air was the theatre of the first major military operations. But the second battle, the battle of the air, has just been fought in the air. It was fought between the two great powers, the United States and the Soviet Union, and it was fought over the Atlantic Ocean. It was fought between the two great powers, the United States and the Soviet Union, and it was fought over the Atlantic Ocean.

LITTLE FINLAND GETS ON WITH THE JOB

BY EDWARD CRANKSHAW (who has just returned from Finland)

The closer you get to the front... During times of stress and crisis when the whole material effort of right-minded people are devoted to the restoration of peace and order there is a tendency to forget the spiritual implications involved.

It is on these occasions that a prayer is of the utmost significance... It is a call which seeks Divine guidance and where there are very few Communists you find few accidents and obstructions.

When we say an accident is completely accounted for by Russian and that the money was not done together for all together.

But when we say and realize that the price paid to the world is not a material one but a spiritual one... The world is not a material one but a spiritual one.
