COLONIES FACE OBSTACLES

And their removal will take time

Under Colonial Office chairmanship a body called the Colonial Primary Products Committee (formed in May 1947) has been set up to study the problems of the Colonies.

Priorities

Priority lists are of vital importance to the Colonies. They are the key to the solution of their economic problems.

Revolution

A third change in the general approach of the Colonial Office is the general approach of the Colonial Office to the economic problems of the Colonies.

Possibilities

While it was possible for the Committee to set out a general outline of the possibilities of economic development in the Colonies.

Retained

Moreover, the Committee did not fail to mention the possibilities of economic development in the Colonies.

Anonymous wins Nakuru Easter handicap easily

DISPITE trying conditions—hot, dry and dusty—and hard racing conditions, the largest crowd ever witnessed at a central afternoon racing at Nakuru on Saturday, the first day of Easter meeting.

The many course improvements—the Nakuru Race Club spent over £2,000 recently—were much appreciated and added interest to the racing. The many improvements will further in the near future, and its enterprise deserves every success.

Four Whistler Harry and six P. were the best supported in the betting, but the latter two were over the top with a clear margin of 10 lengths.

There was little to record during the first circuit. Kipper and Velvet took leading the field past the mile.

With seven furlongs to go, Kipper, Four Wheeler, and Birdie drew away from the rest of the field. Kipper was leading by 10 lengths when he was overtaken by Velvet at the 100-yard mark.

Hard-riden finish

There were four starters only for the 2 furlong race. Kipper and Velvet were the best supported in the betting, but the latter two were over the top with a clear margin of 10 lengths.

Needless risk

Ladette was very badly at fault in the 2 furlong race. She was over the top with a clear margin of 10 lengths.

Day's big event

After a false start the field got away together for the 2 furlong race. Kipper and Velvet were the best supported in the betting, but the latter two were over the top with a clear margin of 10 lengths.

Saturday's results

The results of Saturday's race were as follows:

Interpreting THE LEADER

CALLUTTA STRIKE 'IS PART OF NEW POLITICAL MOVE'

Japanese booby trap killed 22

A STRIKE for other than economic motives and with the Government of India's Calcutta office, Pateil Jawaharlal Nehru as Indian Prime Minister, told the Indian National Assembly yesterday in a speech that the proposed strike in Calcutta is evidently part of a larger movement, essentially political and violent, which is taking shape in some parts of India, he declared.

"Reports have reached the Government," Pateil Nehru said, "that the proposed strike is not a labor strike but has certain special and undesirable features. It has been stated that the strike will take the form of staying in the offices coupled with a hunger strike."

"Incidents of violence have been made and the organizers evidently think in terms of achieving their objects by violent methods."

It is clear that those who are organizing the strike are moved by other than purely economic motives for the bettering of conditions of employees," he went on.

Declaring that there was a strong political objective "which has nothing to do with the economic," Mr. Nehru said the proposed strike was a challenge to the Government on the political plane and it raised far-reaching issues of considerable importance.

"It is in this context that I should like the House to consider this matter as that affects the democratic structure of our Government and our public life."

He then said the Government could not accept the demand, because the Government is naturally responsible to the people and to help their employees, but they also have a duty to the public. With the best will in the world we cannot do this for every man and woman in the country."

Thrilling hurdle race at Nakuru

Easter meeting

By an early start of the field of the Three-Year-old Handicap, seven sprinters were seen to have a good start and the race was the most exciting of the day.

Weather was yet again hot and dry for the second day of the Nairobi Easter meeting, run on Monday, and in fact the conditions were very hard.

The hurdle race started up badly, produced a thrilling finish, and the racing was seen to be the greatest part of the day.

After another two hurdles, the race was again in the lead, with the field now running in a line, and the race was seen to be the most exciting of the day.

FOGG JUST FAILS TO BEAT RECORD AT KAKAMEGA

Fine test recovery by M.C.C.

There were some unexpected national lawn tennis championships at the weekend. British tourists, Mrs. K. S. Moulder and Mrs. Betty Hill, defeated Mrs. Mary Muller and Mrs. Mary Muller in the women's singles. Mrs. Muller and Mrs. Hill were the winners in the women's doubles.

Several of the more famous players were confident that they were capable of breaking the record set by Arthur Holton (14-30-39-18). But Nairn, with a three-man team, won the inter-club tournament, largely at the expense of Hooper's inspired golf.

The M.C.C. in a back-to-the-wall fight at Kingston, Jamaica, on Wednesday, made every wicket count and were only five runs short of saving the match.

How?
Almost every junk heap and salvage yard is strewn with the remains of cars and lorry tyres, with cracked walls and the carvass fully exposed—grum elements of costly neglect. A little extra care and foresight on the part of the late owners and those tyres would have been almost as good as new today. Careful driving and parking combined with TYRESOLING when necessary is the prescription for getting the maximum value from your tyres.

QUICK WORK!
If you make an appointment with us, we will have your tyres RE-SOLID in one hour. You have no more than 20 minutes to spare. We have a special car on 2 1/2 hours. We have a special car on 2 1/2 hours. We have a special car on 2 1/2 hours.

Home made! Royal Baked Fruit and oh! so delicious! Pudding

INGREDIENTS:
 2 cups white flour (1 pound)
 1 level teaspoon Royal Baking Powder
 1 teaspoon salt
 1 level tablespoon butter or other shortening (2 ounces)
 1 1/2 cups sugar
 4 eggs
 1/2 cup milk
 1/2 cup raisins (optional)

METHOD:
 Measure the flour, salt, baking powder and eggs and pass through the ordinary household sifter into a bowl. Rub in the butter (or shortening) finely with finger tips. Beat the egg and mix with the milk. Add liquid to the dry ingredients, blending into a soft mixture. Spread half the mixture in the bottom of a greased pie plate, then spread the pulped fruit over the top and the remainder of the dough mixture spread on top, pressing at the edges to seal in the fruit. Bake in a hot oven 425° F. for 15 to 20 minutes until nicely browned on top. Remove from oven and sprinkle top with icing sugar. Serve hot with cream or a custard sauce.

McKILLIAM—COXON

On March 27, in All Saints Cathedral with the Rev. Canon G. W. McKilliam and Mrs. McKilliam of Sydney, Australia, Miss Annie Maasin-Bonfield was the bride.

The bride was white sateen crepe and carried pink and white carnations. The veil which was held by the bridegroom's sister, was of white tulle with a halo of orange blossom and white heather which belonged to the bride's mother.

Best Man: Anthony Maasin-Bonfield was the gaffer. He was a kill on Miss Eva Sumner of Canada Farm, Bunsford, made a delightful address in his own organ and carried the bride and her train.

Miss Maasin-Bonfield, who stood beside the bride's mother, wore a white dress with white accessories, and Mr. H. Maasin-Bonfield gave away the bride.

The very Rev. Provost of All Saints Cathedral, the Rev. Canon G. W. McKilliam, the Canon, played 'Praise My Soul the King of Heaven' as the entrance hymn.

The bride sat in the oak with the bridegroom.

AFRICAN DANCE RHYTHMS AMAZE A PRIMA DONNA

I AM AMAZED by the wonderful coordination of movement and the innate sense of rhythm in African dancing, says Miss Gladys Hight, an internationally famous authority on dancing who is now visiting Kenya.

Miss Hight, prima donna in the "Chocolate Soldier" and one-time dancing star in American musical comedies, has the largest many dance ensembles of today. Many dance ensembles of today, like Gene Kelly's film star, have learned their dancing from her.

Her early experience, gained in Paris and Berlin where she learned the dances of other countries, led her to the discovery of the African dance in the U.S.A. DOCTOR FINDS THE SECRETS OF GOOD TEETH

RESEARCH work in which the teeth of numerous people of different ages and of different nationalities of white race were examined over a period of three years, has established that dental decay in human beings may be profoundly influenced by the diet of expectant or nursing mothers...

Diet tests Dr. Johnson, who is in charge of the diet studies in the north-western Cape, has been advised three times as much more for the rate of decay...

Charm on the mantelpiece THE mantelpiece that is to decorate the end of a living room is a thing of beauty...

A row of books Books do not often play a part in the mantelpiece decoration and the reason for this is hard to determine...

Where wild creatures make friendly neighbours
SOMETIMES ELEPHANT STRODE DOWN THE LUGGA

At all times of the year, whether the season is wet, dry, or completely drought-stricken, the bird life of the Lugga is as fascinating and varied as that of other wild creatures inhabiting this wide stretch of scrub and hill plain.

The droopy oak stands, the dense thickets under the hills, the little river of the Lugga, the boma farms, even the grit and lava plated wilderness outside, abounds with birds and game animals of every size and many kinds which are a never-failing source of wonder and pleasure to those who go to the Lugga.

By **MERRELL DALTON**

The sand, too, overgrown by a large bush of the evergreen acacia, was a foot deep in water. It was the water that happened to be in the Lugga.

During the hottest weather, the Lugga dries up and becomes a pattern of storks and stilts, which stand over the mudflats and their crops must have withered long ago.

During the rainy season, the Lugga is a great source of water for the birds and the animals that live in the area. The water is very shallow and the birds can wade in and out of it at will. The water is also very clean and the birds can drink from it without any danger of disease.

Animal host

When we first saw the little Ibis in the Lugga, it was in a very small pool of water. It was very shy and we did not get close to it. It was very beautiful and we were very interested in it. It was very different from the other birds we had seen in the Lugga.

Hungry waters

During the season, rain heavy storms sweep across the Lugga. The water is very muddy and the birds are very hungry. They are very active and they are very noisy. They are very beautiful and they are very interesting.

The rain is very heavy and the water is very muddy. The birds are very hungry and they are very active. They are very beautiful and they are very interesting. They are very different from the other birds we had seen in the Lugga.

Dry season

The house stood empty in the Lugga. The water was very low and the birds were very dry. They were very quiet and they were very still. They were very beautiful and they were very interesting.

Timber

Timber—cedar, poplar, mahogany, etc. is available in the Lugga. It is very good and it is very cheap. It is very beautiful and it is very interesting.
