AMERICA'S NEW STRIKES BEAT THE ARABS

Neutral administration could be set up during extendable three-months' 'cease-fire'

NEW proposals for a Jewish-Arab truce covering the whole of Palestine have been submitted by the United States Government to the Arab Governments and they are understood already to have been examined by the Egyptian Cabinet.

The new plan is for a three months' truce over three months with provision for its continuance on a three-monthly basis.

During the three period a neutral administration would be established in Palestine.

It is understood that the Egyptian Government has transmitted the proposals—with its own comments—to the leaders of other member-states of the Arab League now meeting in Amman the capital of Transjordan and in Damascus.

Fierce hill fighting for Tel Aviv road

Official British sources in Jerusalem confirmed yesterday that a fierce battle was being fought between Arab "commandos" and Arabs in the hills overlooking Bab el Wab, 10 miles from Jerusalem on the vital and much-disputed highway to Tel Aviv.

The Jews, 400 strong, were repulsed by 800 Arabs when they attacked the Arab village of Barfiliya on Sunday night.

The Jews struck when darkness fell on Sunday night and were reported then to have taken several strategic hills despite Arab resistance.

Haganah military headquarters were silent about the operation but a semi-official source said that the Jews hoped to clear the road by today. Jewish "troops" were said to be standing by to demolish the 100-ton bridge which had been blown across the road.

This is the route which the Arabs have been stopping Jewish convoys trying to reach Jerusalem.

The Jewish Agency considers the freedom of this road one of its top priorities. The Palestine Government was yesterday trying to reach agreement between the sides.

Russians 'distort history of war'

BRITAIN and the United States broke their word over the Second Front and tried to drag out the war so as to wear down the Soviet Union.

The Russian Union-Soviet occupied Germany to go to war, they secretly negotiated with treacherous intent towards the Soviet Union.

Three years after VE-Day these accusations were broadcast by Moscow radio as part of the third anniversary celebrations.

Mr. Stojanovic, who has been their own country but waged a war against Germany, the Russian Union-Soviet occupied Germany to go to war, they secretly negotiated with treacherous intent towards the Soviet Union.

CORRESPONDENCE

LETTERS TO FARMERS To the Editor, "E.A. Standard," Sir—On your issue of Friday, April 24, the Director of Agriculture, in respect to the state of the President's Commission, the fact that the Commission had stipulated that they would only be allowed to do work on a part-time basis, they were nevertheless desirous of the Government's approval to give deputations on the basis of the prospective farms.

I should like to point out that several farmers have deputations in force in London and in Natal. They would not need to spend any money if the Government would decide now, and if you could have "filled their" "deputations" with regard to what they are prepared to do, they would be an extraordinary asset to the Government. Many of them may not have enough "ability" to farm, but they were appointed by the Government and they are entitled to the best possible terms. Nobody can prove their "ability" without sufficient capital. To furnish with no money to fertilize the land is to ask the impossible. If you have no money, the money you can get from the Government is not a Government loan. The Government will not give you a loan unless you have the means to repay it.

FAIR PLAY. To the Editor, "E.A. Standard," Sir—The Government has ordered good advice on the subject of salaries of members of the Government, but I have to say that the Government has not given any members of the Government any salary. I have to say that the Government has not given any members of the Government any salary.

THE WORLD OF SPORT— YOUNG RAILWAY XI SHOCK THE CHAMPIONS

Even Hampden Roar didn't help

RAILWAY 3, CALEDONIANS 1.
THE YOUNG Railway XI scored a surprise by beating the local champions, Caledonians, by 3 goals to 1 on the Railway ground in a Double League match. It was an exciting game watched by a capable crowd whose cheers at times resembled a "Hampden Roar."
Caledonians pressed hard in the first half and both feet and "Walton narrow" missed scoring. The Railway defence was extremely sound, and on this performance it was the best in the League.
Both sides lost chances, by 15 minutes in the first of the goal. In the 25th minute for instance, Marsh, the Railway centre forward, sent the ball over the crossbar from within the goal.
Shortly afterwards Ghaffari, the Railway goalkeeper, saved three fine shots from a number of seconds. Nayivu also had several off half.

A fast drive

Railway opened the scoring a few minutes after the half. Nayivu crossed a pass from Marsh and took the ball to the Railway goalkeeper with a fast drive to the goal.
Caledonians continued to attack and the Railway defence was extremely hard pressed. In the fifth minute the Railway broke away down the wing and scored to Marsh, who deflected the ball just wide and followed this with a shot which hit the upright.
The Caledonian goalkeeper was worried by the Railway's attack through his inside left who scored from a free kick in the 15th minute. He was relieved, however, the Railway were through again, and he was again the ball while Currie scored the first goal.

A GOAL GAME

CONULM 2, RAINIER 3.
In another Double League match on the Services ground, Conulm defeated Rainier by 2 goals to 1. Conulm's match superior side. Conulm attacked from the beginning and in the eighth minute scored a penalty kick, which the Rainier keeper saved excellently. Conulm's second goal was scored 10 minutes later when their inside right went through to score a goal, and shortly afterwards the same player scored the third goal.

HONOURS EVEN

CALEDONIANS 1: CIVIL SERVICE 2.
The May Cup match between Caledonians "B" and Civil Service, resulted in a draw.
Civil Service scored the opening goal in the 15th minute when Davey, an inside left, scored a goal. Caledonians' first goal was scored in the 25th minute when Steve's equalised for the hosts with a shot which hit the crossbar and his kick of the rebound missed by a few inches. There was no further scoring before the interval. Shortly after half-time Caledonians took the lead when Caudan scored a fine forward movement and a pass from the wing. Play was even for the rest of the game. Civil Service equalised in the 75th minute when Jones, at inside left, scored a goal.

SHE FINDS 'SQUALOR'
PICTURESQUE

The atmosphere and colouring of the Kenya scene is a challenge to the painter in oils. It is the opinion of Mrs. Alice Hooper, who has just returned from a visit to the country, that the best time for painting is in the early morning, when the light is soft and the shadows are long. She has a collection of the Kenya pictures which she has painted during her visit, and she will exhibit them on Monday and Tuesday of next week.

Having recently visited the Lake District, Mrs. Hooper has painted a number of pictures in oils, and she has a collection of the Kenya pictures which she has painted during her visit, and she will exhibit them on Monday and Tuesday of next week.

BISMA-REX STOPS INDIGESTION in 4 ways

As soon as the cattle reached the cell they made a rush to the water. Peeps sat on the bank above with his hands to his eyes, and the two boys with him looked on with their mouths chattering in amazement as they watched the cattle.

A. H. WARDLE & Co. Ltd., NAIROBI and MOMBASA

Where rivers vanish underground

And hilly-starred waterholes mark their subterranean course

It was hot and dry in April on Marsabit. The morning cloudiness had turned to diamond sharp clarity and the rocky friable ground was scorching.

Two boys, sitting on the low bank, tossed up the water arm with swift rhythm.

Two boys, sitting on the low bank, tossed up the water arm with swift rhythm.

Many of the cattle had been brought down from the hills to graze on the lower slopes near the edge of the forest.

There were few holes however round the waterholes, though gullies of granite, few in large numbers over the ridges and gullies.

It was the beginning of the rainy season and the very early swallows resting at Mambasa in the morning were seen to be flying over the stream beds in search of water.

A trough of smoothed earth had been dug for the water, and an old water-trough had been used for the water.

These two boys—possibly father and son—had the cattle. One of the two boys was the head of the herd.

Sometimes the water would be low down in some rocky cleft, or hole under a bank, or in boulder-pools, water, easily damaged by falls of loose stone and filled with detritus and sediment.

Thirsty beasts As soon as the cattle reached the cell they made a rush to the water. Peeps sat on the bank above with his hands to his eyes, and the two boys with him looked on with their mouths chattering in amazement as they watched the cattle.

As much as the water was needed for the boys it was needed for the cattle. It was a most useful and handy product.

From time to time these firms, engaged in some serious work, sweep over the lower dry slopes of the mountains, to come down from the now protected forest area.

Smugglers Despite illegal though it is many of the boys have concerned arms and ammunitions.

The Lighter Side

MAKING TRACKS

NORMALLY, I never go near the Nairobi railway station. The reasons are simple. In the first place, I hardly ever go outside Nairobi and I do not go in the direction the railway goes. In the second place, I gave up my membership of the long drivers for Henry Lemay long ago.

But it seems that when one goes to the station to see the trains, one is liable to be struck by a train. It is not a very pleasant experience, and it is not one that one would like to repeat. It is not a very pleasant experience, and it is not one that one would like to repeat.

Jewish laws

Their, which Jewish immigrants have introduced into the country, has been a source of much trouble. It is not a very pleasant experience, and it is not one that one would like to repeat.

Bent on war

The arrival of British troops in the country has been a source of much trouble. It is not a very pleasant experience, and it is not one that one would like to repeat.

Still hoping

Both Arab and Jewish by land, and Jewish illegal immigrants by sea, the situation is not a very pleasant one.

BRITAIN MADE THE DESERT 'BLOSSOM AS THE ROSE'

30 years of persistent effort to effect improvements

TODAY, after 30 years, British rule in Palestine was ended. The British administration improved the agriculture, expanded and modernized its communications and helped to develop its industry. Law and order, health and education facilities were provided.

In the words of the 1947 report of the United Nations Special Committee on Palestine: "One may find in the record of the British administration, evidence of a persistent effort to effect gradual improvements in the economic and social conditions of the Arab population."

PENICILLIN 'MIST' PROVES CURE FOR SINUSITIS

ENTHUSIASTIC of a man loaded with penicillin has helped a hundred of sufferers of chronic sinusitis in the United States since its discovery in 1943, and is reported to have succeeded in 70 per cent of even the most serious chronic cases.

Two factors jeopardize the usual penicillin therapy, which is usually given in the form of tablets or capsules. The first is the fact that the penicillin is destroyed by the acid of the stomach. The second is the fact that the penicillin is destroyed by the enzymes of the bacteria.
