**Nine Months for Native Burglar**

A Kikuyu, Ngere wa Mbaroy, was on Monday convicted by the District Magistrate, Nairobi, of burglary, and sentenced to nine months and fined to nine months.

Evidence was given that on February 14, at 2 a.m., the accused broke into the home of Mr. J. Pollock, of Valley Road, and stole two bottles of liquor. Evidence was also established in two other cases in which the accused was at present serving a sentence of six months' hard labour.

The accused was committed by the Magistrate on Monday to be run consecutively to the former sentence.

**THE PUBLIC SCHOOL BOYS**

**Ten Proving Emancipatory Successful**

The Public Schools Empire Tour in East Africa has so far been a success. The late arrival of their boat at Mombasa enabled the boys to stay longer there than they would otherwise have done and this breathing space was much appreciated before they embarked on their somewhat strenuous country tour.

Under the charge of Mr. N. O. Wykes and Mr. Edward Northey the party travelled to Voi by rail and there undertook a tour of Northern Tanganyika, arriving in Nairobi by road, via Namanga and Kapunda on Tuesday afternoon. The boys were collected by their hosts, with whom they spent the night, and at 9 o'clock yesterday they left in three cars for a visit to Mbagati, via the Ngong Ngong, where they spent last night. They are expected back in Nairobi at 1 o'clock today and tomorrow they leave by train for Nairobi.

The co-operation between the teams of Africa and Captain A. T. A. Ritchie, Mr. S. P. Toome and Captain Gehlan of Gethin and Ritchie's, was exceptional. The only wild beasts not seen were lions, but a bull and two rhinos and elephants at a safer distance and buffalo are not always viewed conveniently and the boys were very grateful to their guides for thus "protecting the goods."

One night was spent in camp on the river of the Ngong Ngong and from there they saw a considerable amount of game.

So far the health of the party has been excellent, though one boy who was taken ill in the boat had unfortunately to be left at Mombasa. He arrived in Nairobi by train yesterday.

It is to be hoped that their stay in Kenya will be as enjoyable as their stay in Tanganyika. Both Mr. Wykes and the boys were enthusiastic about the Country though later complaints were heard of the everlasting dust.

**To-night's Films.**

**Capital Theatre.**

Frankenstein—the man who made a monster. A monster that came to life, and used his evil, after manner, to commit murder. A monster that was made up of parts of human bodies dug up from graves, and whose being had for long been in the very idea of horror. But when it is put on to the screen in pictures and acted by such masters as Colin Clive and Boris Karloff, it becomes almost unbearable in its frightfulness. As a film "Frankenstein" is a wonderful production, the acting and the photo-graphy being first class, and for those who love to have their blood run cold and who are not frightened of the unknown, it is a most brilliant entertainment. Boris Karloff's make up as the monster is clever, and his acting in this feature part is excellent. He shows the childlike nature of his undeveloped, disordered brain in scenes that makes him, though always horrible, at times almost pathetic. It is a handy direct interpretation of a cleverly grown-up story.

**BANK ADVANCES ON LIFE POLICIES**

**Bill to Remove Assignment Difficulty**

It is a practice in Kenya for a customer secured by the assignment of a life policy in the name of the insured, to assign such policy to a bank.

Under a Transfer of Property Act, 1882, as applied to the Colony and a decision of one of the High Courts in India on sections 190 and 191 of that Act has recently been brought to the attention of Government, through the banks. The effect of this decision is that priority of claim for monies secured under a life policy which has been assigned goes by the date of assignment of the policy, and not by the date when notice of assignment is received by the insurance company.

Prior Assignments.

The bank point out, that in view of this decision, they will be very reluctant to give accommodation to a customer on the security of a life policy until the matter is remedied, seeing that they have no means of knowing whether an assignment of a life policy has been made prior to the assignment of theirs.

A Bill to provide for the giving of notice to the insurance company concerned on assignments of a life policy has been approved by His Excellency the Governor of Kenya for introduction into the Legislative Council, and it is believed it will be passed, because they thought they had a grievance over being paid their ration money, in lieu of rations, every 30 working days instead of every 31 calendar days. (Until the end of August rations had been issued to them every 30 days, but from the beginning of September, a new arrangement was made whereby Shs. 4/- would be paid to them in addition to their salary at the end of 30 working days, which would mean they would be paid approximately every 25 days. This seemed to cause some discontent among the roadworkers employed by the Municipality, as a result of which they went on strike.

**GOAN CONCERT AT KAMPALA**

["KAMPALA" CORRESPONDENT.]

Kampala, October 1.

The Goan Institute held a successful concert on Saturday evening in aid of the funds of its club, the entertainment was extremely good and showed great improvement on anything of the kind that the Club sponsored, have put on previously. Especially does this remark apply to the orchestra which had been very well trained. One of the most outstanding artists was Miss Ann Pinto.

**Nakanga Progress.**

Mr. J. Norman Wykes, F.G.S., M.L.S., M.M., arrived by Imperial Airways at Kisumu on September 24 to examine the certain proposals for the Nakanga Goldfields and plantations. Mr. Wykes, it will be remembered, carried out an expedition for Kenya Development, Ltd. early this year, and then went on to British Columbia on behalf of the same company.

It is to be hoped that his return to London in air on October 12 to London by air on October 12.

**Local Strike Settlement**

An amicable agreement was reached yesterday between the Nairobi Municipality and the 2000 native roadworkers who went on strike on Tuesday. They had struck it was learnt, because they thought they had a grievance over being paid their ration money, in lieu of rations, every 30 working days instead of every 31 calendar days. (Until the end of August rations had been issued to them every 30 days, but from the beginning of September, a new arrangement was made whereby Shs. 4/- would be paid to them in addition to their salary at the end of 30 working days, which would mean they would be paid approximately every 25 days. This seemed to cause some discontent among the roadworkers employed by the Municipality, as a result of which they went on strike.

**TO-NIGHT'S SELLING SWEEPS**

To-night the selling sweeps take place at the New Stanley Hotel in connection with the following day's meeting. The auction will start at 6.30 p.m., and the proceeds of each selling sweep will be held in the "Duke of York Plate."

"Second Division Handicap," "Third Division Handicap," and "Fourth Division Handicap."

Major Paton's has been adjudged first amongst the competitors. It is also interesting that Mr. C. H. Clark, who has been "hot" in the "Duke of York Plate," who was much feared to run first with a slight handicap a few days ago, and has not been known down to the meeting.

It is understood that Captain Tryon has had some particularly unfortunate for not only has he had reported to have strained a leg, but "King's Company" also has had some unfortunate accidents.

Despite these mishaps there is every prospect of some very keen racing.

**"Oats" and "Pumpkin" Proposals**

Major Paton's recent capture of "Cats" will be making her first appearance in the second division in the Third Division Handicap, and with 7 lbs. she has been the form which she has shown on her last two days. It is thought that she will do very well for some months ago to very close in the "Duke of York Plate."

The big race of the day is the "Duke of York Plate," which is being run at 10.00 a.m. on Saturday. "Cats" and "Prince Charming" are the two horses which should be evenly divided between these two.

**Holder Strives**

Miss Virginia Van Vae, the holder, and Mrs. Collet Van Vae, the holder, and Mrs. Collet, also passed into the third round.

**THE TEAMS**

**THIRTEEN OF LAST YEAR'S SIDES PLAYING**

The annual cricket match between Officials and Settlers takes place this week-end. On paper the Officials side should stand weak to beat the opposition, but in the past years have often proved the reverse.

Last year Settlers won by 22 runs, although with one exception, and they were off a 100 runs race. This year, that triumphed as the Settlers' second season in eleven years. This year they should win again if a proper side is put up.

Of last year's Officials' side 13 of 17 are back—T. A. Cairns, R. J. F. Howe, Osborne, Devel and Williams, Newell and Halliwell. It is a very satisfactory side and should start favorites.

**"DO YOU KNOW?"**

The highest billiards break ever made by a woman player has been put up by Miss Bessie Herring, of Newmarket, who has just secured a "clean" of 305, raising the total to 1,000.

Devel and Williams, Newell and Halliwell. It is a very satisfactory side and should start favorites.

# Kenya's "Bad Debts" Amount to £52,000

## ACCUMULATING ARREARS OF UNCOLLECTED REVENUE

### The Farmers' Burden

According to the Report of the Colonial Auditor, Mr. W. H. Smith, the "bad debts" of Kenya, mainly accumulated during the past two years (except in the case of fees due to the Land and Registration Court in Mombasa which go back to 1916) amount to £52,000. Deducting for services rendered etc. (estimated) to nearly £40,000, the sum about £12,000 is represented by unpaid land rents, and stand pending in arrears in some agricultural districts exceed £4,000.

The Auditor expresses the view that in a department such as the Customs it is open to doubt whether the economy effected by retrenchment is not more than balanced by the loss occasioned "by an under-staffed and over-worked" Department.

He also criticizes the failure of officers responsible for revenue to make the simple returns required.

### Government Officers Criticized

There has been issued by the Government Printer the Report of the Government Auditor for the year 1933-4. The Auditor's Report for the year 1933-4 is a criticism of the many departments of the Government estimated to be the most important. It is one of the most important reports of the year. It is a criticism of the many departments of the Government estimated to be the most important. It is one of the most important reports of the year.

### Prisoners' Burden

Under review to find out the amount recovered in the various departments of the Government. The Auditor's Report for the year 1933-4 is a criticism of the many departments of the Government estimated to be the most important. It is one of the most important reports of the year.

### Central Registry

In a comment on the Central Revenue Office (credit for the original) to the Auditor, Colonel Baring, as given to the Auditor in January 1931, the Auditor's Report for the year 1933-4 is a criticism of the many departments of the Government estimated to be the most important. It is one of the most important reports of the year.

### Room for Praid

The Auditor points out that the central revenue office of control of customs for ten years and that the Auditor's Report for the year 1933-4 is a criticism of the many departments of the Government estimated to be the most important. It is one of the most important reports of the year.

### The Customs

In regard to the Customs Department, the Report states: "The Auditor's Report for the year 1933-4 is a criticism of the many departments of the Government estimated to be the most important. It is one of the most important reports of the year."

At the invitation of the Swedish Government the Swedish King and Queen Mr. Anthony Edens will visit Nairobi for a few days in October. His visit to Stockholm is announced for October 15 to 17, when he will be met by the Swedish Government.

The invitation was originally received by the Governor, but the visit at that time could not take place because of the influenza epidemic which has been widely spreading in Europe. It is now believed that the King and Queen will be met by the many in Sweden, and because of the active part which they are to take in the proceedings at Geneva—probably in connection with Mr. Mandl's Presidency of the Assembly, the monarchs will do several tours on their Swedish tour.

Mr. Edens's journey is described as one of "goodness."

An Old Daily jury found Sydney Haggerty (41) compositor of Auckland from Helms and guilty of murdering his wife when sleeping in the bed of the hotel, and sentenced to hang. The jury was unusually sagging. His very young returned son of that name.

### A STRANGE RACING COINCIDENCE

#### Clayton Wins Clayton

It was strange that mother and son should name a second and first respectively in the Clayton Handicap at Newmarket. As will be seen from the following results received from Mr. Bonoussier, Mr. Clayton really won the race, while his mother's filly ran second. The third was also a filly.

The following are the results:—

Clayton Handicap, 7 Furlongs

Mr. J. M. Clayton's B. F. LOST SOUL, 8.9 (R. Douglas)

Mr. E. Clayton's B. F. BLACK MALL, Black (unsold)—8.6

Mr. G. Glasgow's B. F. LICE FABE, Salmon Trout—8.6

Whose trained by Cottrill, 4/1 Lost Soul (7) Blackball, 100/7 High Pace.

Also Ran: Paris, (R. Jones); Ace, Baskin, (R. Perrin); Cuckoo, (Gordon Richards); Blonnie's Warning, (C. B. Ross); Joy Ride, (T. Jones); Handicraft, (—).

Newmarket October Handicap, 1 1/2 Miles

St. Cecil Club's B. F. DOXA SOUL, Sable—Sider in Law, 5.0

Mr. T. Davison's B. F. CONSTANT VIKEN, Fuchsia—Contact Lady, 7.2 (J. Smith)

Mr. E. T. Thornton Smith's B. F. COTTONMASTER, Apple Spruce—Sion, 9.8 (G. Nield)

Winner trained by Lawton, 12/9 P. Dora Sid, 100/9 Contact Lady, 9/4 Cotonsmaster.

Also Ran: Autumn, (D. Childs); Coronado, (E. C. Elliott); Winace Prince, (—); Elated Dilly, (Gordon Richards); Rock Star, (—); Theophrast, (V. Weston); Eudora, (A. Richardson); Burghale, (D. Smith).

### KENYA'S "BAD DEBTS" AMOUNT TO £52,000

(Continued from page 1.)

The audit inspection at Nakuru revealed the fact that the stores valued at £27,700, representing on the part of an African stock was suspended. But it is necessary to apply to the Secretary of State for a Certificate for audit of the Colonial Office had to write a despatch about it.

#### Oleary's Answer

Denouncing assets and liabilities the Auditor has the following comment to make on the losses to the general industry made at the time the depression began: "The figure in respect of the losses by firms without any liability reduction remains unaltered, no repayment from the main industry can be anticipated until the price of export maize reached Shs. 7.25 per bag. For this figure, it is understood, corresponds approximately to the price of £1,572.4 a quarter on the London market. As the present London price is about Shs. 10/00 to Shs. 20 per qr., the prospect of any reduction in the near future of such an amount is doubtful."

#### The Surplus

The Auditor states that at the end of the year the excess of assets over liabilities was £20,400, which shows a decrease of £46,000 as compared with the corresponding figure at the end of 1932.

"The position is regarded to be somewhat over liabilities, . . . may be summarized by saying that the entire surplus and another £20,000 in addition is loaned to the agriculture. Half of it has of interest and with the prospect of repayment at present somewhat remote, while the interest charged to revenue on the remainder up to the time of writing has barely equalled the losses already written off, and further heavy loss is feared."

#### Audit Costs

Chasing his report the Auditor recalls that the Expenditure Advisory Committee considered that the cost of audits was too high and that particularly in respect of Customs allowances, between Kenya and Uganda the degree of audit applied was unduly expensive. This last criticism was applied to

all mail work by the Select Committee on the year's estimates, who also held that reference to the Director of Colonial Audit was not likely to result in economical book-keeping.

"Past experience . . . has shown that the Colony cannot afford a cheap audit (the Auditor's remarks) more especially in times of recession when the accounting staffs of other departments are not maintained at full strength. The whole question of the cost of audit was enquired into very thoroughly by the Director of Colonial Audit in consultation with the Government during his visit here on 23 to July 7, and the cost of the Select Committee substantiated, inasmuch as no ill-advised steps were taken to restrict the activities of the department."

"It is of interest to note that the Uganda Government has not requested that the check on the Excess Allowance, which the Expenditure Advisory Committee considered to be too meticulous, should be increased to 100 per cent."

#### Bad Debts

Of course the most distressing part of the report is the schedule of revenue accounts, especially at the end. This set out in detail the losses of revenue since 1926—other words the Colony's bad debts—and it amounts to the huge sum of £22,904. In fact however, the arrears prior to 1926 were comparatively small so that the sum of £22,900 represents the money due to the Treasury and not paid for the years 1923-5 inclusive. If included however, £1,142 amount of fees due in respect of the work of the Land and Registration Court at Mombasa and £1,053 in respect of Survey and Registration. It is noted that the bulk of the balance, which amounts to £22,000 is made up of unpaid hospital and laboratory fees, unpaid telephone revenue, unpaid bills due to the Forestry Department, unpaid veterinary fees, unpaid water bills, unpaid school board and tuition fees, and arrears of land rates, stamp duties and fees of lawyers from all over the Colony.

#### Farmers' Arrears

An analysis of the arrears is interesting. Unpaid hospital bills amount to £2,277, mainly accrued in 1932 and 1935. The unpaid veterinary arrears are £212 and the bills due to the Forestry Department amount to £5,267, covering three years. Of this amount due for water to the F.W.D. Mombasa is worth with £1,877. There is also £1,605 outstanding for water, housing charges and £200 accumulated debt over two years for water used at Kakamega. The unpaid school board and tuition fees amount to £2,110 and to be £798. Land rates stand pending and fines amount together are about £24,000 of the whole series of which £15,700 is in respect of arrears pending and the balance almost all unpaid rates. Lunaria is in a bad position, owing £12,170 in rents and £1,496 in stand pending. But Kiambu-Lowland is in a better position, owing £1,002 for stand pending and £1,561. So far the unpaid rents are concerned, most farmers owe £1,448, Nairobi £1,000 and Machelo £1,370 and other areas smaller sums—Mombasa, for instance, £602 for land rents and Nanyamba £121.

POLITICAL MEETING AT KITALE

(Continued from page 7)

Whilst on the subject of Kenyan politics, he drew attention to the contrast between the Imperial Government's attitude when in his pocket or that of English shareholders was illustrated when compared with the present attitude of the Imperial Government to Kenya.

The Crown Colonies as a whole had been treated with appalling lack of generosity by the Imperial Government; whereas, in the case of Kenya, it was a different story.

Local Matters

He went on to speak of the local matters of interest. Firstly, the telephone system in Nairobi had been extended to Eldoret.

### Uncertainty of Modern Football

#### Regrettable Incidents in Leading Games

**FOUR PLAYERS SENT OFF FIELD**  
**Fourteen Internationals in One Game**

[STANDARD CORRESPONDENT].  
London, Sept. 25.  
The air must have been thick with the uncertainty of modern League football and must have been thick with the confidence of many in the conditions already drawn from this season's play. Quite apart from the play, tempers showed themselves to be very unbecoming, perhaps partially to be accounted for by the bad weather, heavy rain making the surface and the ball very greasy. In four of the leading games there were regrettable incidents and the following four players were actually sent off the field: Patry Gallagher (St. Patrick's, Dublin), Conroy (City), Smith (Hendon), Knorr (Green Alexander).

The rule did not keep questions away and the leading attendance at League matches was—Tottenham vs. Aston Villa, 48,000; Sheffield W. vs. Arsenal, 30,000; Sunderland vs. Manchester C., 25,000; Stoke vs. Middlesbrough, 20,000; Sunderland vs. Derby County, 20,000; Manchester United vs. Norwich, 20,000; Everton vs. Blackburn, 18,000; Preston N.E. vs. Chelsea, 16,000.

#### First Division

From Cup-winners to First Division leaders in the story of Manchester City. They went to the top of the table by means of a deserved victory in a protest game of football. The whole has been a record. Early in the season had a free fight, took place in the Leicester ground. A back handed forward, who preceded punched him. Others joined in while they were in the middle of the field. The lightest intended the referee, but nothing was done; the referee continued his whistling solo. This made the ball slippery; and the players had only a precarious footing; yet in the un-interrupted spasm of play Manchester City proved what a first side they are. Definitely they

was little to choose between the teams, except for one important point: Leicester did not use the ball with the fullness required by their opponents.

Expectations of a great game at Hillsborough were not realized. The referee did not give the champion, and the work of both sides was patchy. Both before they played their parts, but the forwards were lacking in finishing power, and on one occasion the referee failed to score. In the match 14 of the 22 players were international.

#### A Bad Game

Sunderland got their international certificate in a game with Derby County which was unworthy of the name. The referee was not called into play from the first minute both teams failed to play the game in a satisfactory manner, and it was inevitable that someone would retire during the game. Peter (red) Taylor, the Sunderland inside-left, was the individual upon whom the referee eventually fell, and there could be no question of the justice of Mr. Warburton's decision. After Gallagher's dismissal early in the second half, the match was definitely lost to Sunderland. Derby failed to score a goal. They were careless in defence and thrustful in attack.

Chances on their latest showed a poor side and the improvement of Preston was much more noticeable than the result suggests. Individually the visiting players did very clever things, but their effort progressed backwards as the result of concentration and sheer lack of a plan of campaign. Though Gibson and Gallagher showed flashes of genius, their efforts were ineffective and in the second half the line was reorganised. If Chelsea cannot learn how to win matches there is at any rate no excuse for not knowing how to lose them. Lack of practice at any rate cannot be urged. In the second half, over a hundred and continuously repeated back in their own territory; they gave away a constant succession of free kicks. The offences were not very serious, but they were petty and extremely paltry. The crowd showed considerable enthusiasm and one section became so hostile that the referee held the game up while he and a policeman appealed to them to moderate their conduct. North End's victory makes them joint leaders of the First Division with Manchester City.

#### Second Division

Revealing the cleverest football. West Ham, were the first team to play in the season on the Broadwater ground. The London side, who played well together, had a lead of two clear goals at the interval. After the change of sides, Bradford

held the balance of play, Mills got two of the West Ham goals, and Fenlon the other, Norwich City were no match for Manchester United, who added two more goals in the second half to the three they scored before the interval. The Norwich forwards, were weak in finishing. Owen was outstanding in the Manchester attack. Scoring their seventh win, Bolton Wanderers retained Bradford City's lead in the second half. Bradford had more precision Newcastle United would have won a more substantial margin at Plymouth. The referee allowed the referee to assist down. The Northampton asserted themselves after the change of ends. Though by no means brilliant Newcastle fully deserved their victory.

At Southampton the North County defence was frequently in difficulties and the home side should have gone ahead in the second half. In the Bristol and Barnley game two penalties were awarded, Robinson scored from one in the first half for Barnley, and in the second half for Bristol. In the first half the referee was not called into play from the first minute both teams failed to play the game in a satisfactory manner, and it was inevitable that someone would retire during the game. Peter (red) Taylor, the Sunderland inside-left, was the individual upon whom the referee eventually fell, and there could be no question of the justice of Mr. Warburton's decision. After Gallagher's dismissal early in the second half, the match was definitely lost to Sunderland. Derby failed to score a goal. They were careless in defence and thrustful in attack.

Always unimpressive, especially on the wings. Oldham Athletic signed on the deficit in half-time against Sheffield United, and won a hard-fought game by the odd goal in five. There was no doubt Fulham's superiority over Blackburn, whose forwards, good in mid-field, were conspicuous by their absence. The Fulham forwards were sent and constructive. In contrast, the Blackburn methods were more vigorous. Bradford preserved their home record by beating Burnley, whose forwards and half-backs, with Fulham's outstanding play, with first understanding.

Third Division  
Tramway Riders dropped point at Wrexham and are still placed in the struggle for the North Division leadership by Chester, who won by two clear goals at Bolton. Brighton league. They took advantage of their scoring opportunity. Two goals by Valentine secured Halifax Town to defeat Lincoln City, but Dagenham lost

### NATIVE SPORTS AT KAMPALA

#### First Inter-Territorial Tournament

[STANDARD CORRESPONDENT].  
Kampala, Oct. 1.

Attilas all over the country are now getting into training for the Native sports to be held in Kampala on November 24. Plans have been made for the first inter-territorial event for which Messrs. "Wardlaw" are presenting a Challenge. This is the first inter-territorial contest in athletics that has taken place between Kenya and Uganda and it is believed to be a very popular event. There seems no reason why arrangements should not be made to include competitors from Tanganyika next year.

More than 250,000 people have seen their holders on board the British liner "The Cross" this first year for British ownership. The shipping companies believe that cruising has come to stay. The companies say that they are already being made to build special ships for cruising trade. They state that the policy of all the big companies who enter for cruising will be to build ships with the primary object of carrying short-term passengers at rates that will compare favourably with costs of a holiday abroad.

ground as they could do no better than draw with Doncaster Hovers. The biggest surprise in the Southern Section was the downfall of Millwall on their own ground. An early goal by Jinton enabled Bristol City to win the two points. The shot was made from 40 yards out, and though Yell got his hands to the ball, he could only turn it against the post. In the second half Millwall dominated the exchanges. Cardiff City had to surrender their ground record to Swinton Town. The home side of Huddersfield made many brilliant displays, despite an injured arm. Crystal Palace were another club to win on their opponents' ground—they scored four goals at Southend while Watford were successful at Gillingham.

What has it to do with shoes?

Shoes, like buildings need good foundations. Otherwise they quickly sink and lose their original shape. The foundation of every K Shoe is the insole, cut in one piece from specially selected tough long-grained leather. It takes all the stress and strain of walking and enables the shoe to keep smart and shapely after months of hard wear. This is why Maxwell Brady & Co. recommend K Shoes so strongly. They are wonderful value for money.

K Shoes—English made.

WE GIVE YOU A CASH DISCOUNT OF 10 per cent.

First printed by Akikuyu in the Mission Printing School, Ngari.

325 pages, 12 Coloured Pictures and numerous illustrations.

"The inhabitants are a quick-witted, progressive and intelligent people, destined to play a prominent part in the development of Kenya. It follows that a knowledge of these customs and thoughts is indispensable to the Government Official, and the Missionary and in fact to all who come into close contact with them."

### THE COPYRIGHT CASE

(Continued from page 1.)

thereof from plaintiffs' newspaper without their consent and causing the same to be printed and published; damages in respect thereof had costs of the suit.

The action arose in respect of the "Coast Chronicle" having published extracts from an article containing extracts and being a summary of portions of the Central Commission's Report, the reproduction of which had entailed considerable work on the part of the plaintiffs as well as expenses.

His Honor found that there had been a substantial infringement of the "East African" copyright and granted the injunction prayed for to the plaintiff, with costs against the defendants.

### Damages

A decision on the question of damages was deferred with a view to a settlement on that point being arranged between the parties.

Later in the morning Counsel instructed to the Court that an agreement had been reached.

Mr. Duly, counsel for the plaintiffs, reiterated what he had said earlier in the proceedings—that the action had not been brought for the purpose of obtaining damages. It was brought to establish a principle which was of very great importance both to the Press and the public. That principle was established by His Honor in a judgment which he believed was the first in the Colony dealing with the question of newspaper copyright, the plaintiffs had decided to waive all claims to damages of any kind whatsoever, including the 50% paid into Court.

His Honor said he was very glad such an arrangement had been arrived at, since he would have found it an exceptionally difficult task to assess damages.

Mr. Kaplan on behalf of the defendants expressed thanks for a generous gesture which, no doubt, the defendants would appreciate.

Full text of the judgment will be published at a later date.

### Zanzibar Appointments

The following appointments have been gazetted in Zanzibar: Mr. Manning, Superintendent of Police, to be Acting Assistant Commissioner of Police and Acting Assistant Commissioner of Prisons, in addition to his other duties; Mr. F. H. Hunter, Superintendent of Police, to be Acting Superintendent of the Central Prison, Zanzibar, in addition to his other duties.

### AGRICULTURAL CLASSES IN ZANZIBAR

(Continued from page 1.)

dividends, "interest rates have always been some of the industry is capable of paying."

### "Fetters Release"

Very little of the debt has gone for development; it has mainly been incurred on the security of plantations to enable the landowner to buy houses or other land and property. Redemption of mortgages is being encouraged, the increasing number of foreclosures, small addresses are sometimes made unnecessarily by stock keepers to enable them to obtain control over produce, proper receipts for repayments are seldom with and this does not assist with the lender either whether a new deal is executed or not.

### High Interest

The enquiry established the fact that the whole position of agricultural indebtedness is chaotic. Even the interest rate was impossible to find in many cases and such practices as "general manipulation of the borrower" and "subsequent exaction of amounts over a repayment previously obtained" are recognized in the Report.

The Accountant estimate an analysis of the interest charge in 1959 was: In Zanzibar out of 400 cases only 19 were under 10 per cent, 295 were between 10 per cent and 15 per cent and 95 over 25 per cent. Of the remaining 205 in Pemba, only 37 were under 10 per cent, 140 were between 10 and 15 per cent, 211 over 15 per cent, 1,550 over 25 per cent, 555 over 30 per cent, 309 over 75 per cent, and 924 over 100 per cent, per annum.

The report points out that "excessive rates" as a means of raising money—there being an 80% premium to return the property so the borrower if the money is not paid—are very prevalent and recoveries 10% of repayments out of the total indebtedness of Zanzibar and Pemba. Speaking of the report says: "It is an unenviable task to see his report, with the one negative, considerable property as a result of the high interest rate. It is a practice sure with impunity and without the publicity which may be undertaken for professional reasons. The confidence in a generally a mixture of money and goods, livestock, con-

position of debts, etc., spelling confusion for the borrower. Very often the lender benefits by a premium on the loan far exceeding the equivalent of 100 per cent, per annum. The interest is so adjusted that the proceeds of the crop are always insufficient to cover the interest and the unfortunate borrower sees his property steadily pass into the hands of the moneylender.

Almost all moneylenders, licensed and unlicensed are Indians; that the Report notes that some of the few Arab moneylenders have had satisfied to them some of the hardship and most unenviable instances of money revealed by the inquiry.

### Proposals

The Report recommended that all native, communal and public land be rendered unalienable to non-citizens, that security of tenure be provided and advances furnished for proper development and cultivation. As there is little likelihood of debtors being recognized in full, the Report proposes that the time now ripe for compromise after the total debt has been reduced to manageable proportions that the 120,000 loan to the British Government be used for financing the scheme of assistance to producers, that Compensation Board be established, that the whole of the marketing of the crop be reorganized on a co-operative basis and that effective steps be taken by legislation to prevent a recurrence of the present situation.

It is on this Report that the recent Zanzibar legislation (to which Indians have taken objection) is based.

### Way of Renewal

The Way of Renewal held its first meeting of a new session last Tuesday in the New Stanley Hotel. The Rev. Canon Wingfield (highly talked about the Mission of the United Churches, about to be held in Nairobi daily from the 21st to the 28th October, both days inclusive. In brief, the hope of the Mission is to stir up confidence in spiritual thought, as the world's religions and cure can only be solved by the spirit of Christ's possession of mind, guiding our individual lives.

CIVIL WAR IN SPAIN

PROMINENT IN THE CRISIS

Third Republic Formally Declared

BY PRESIDENT COMPANYS IN BARCELONA An Ultimatum Disregarded FIERCE FIGHTING IN CATALONIA AND MADRID CITY

The revolutionary outbreak, which followed the formation of a new Spanish Cabinet under Senor Lerroux, has during the last two days, developed to a very extensive degree.

Spain is now in the throes of civil war for President Companys of Catalonia, supported by Senor Aznar, proclaimed a new Government at Barcelona. An ultimatum from the Madrid Government has followed and this is reported to have been disregarded.

In addition to the fighting between Government troops and the Catalan forces, the situation is further complicated by a revolutionary outbreak in Madrid and other cities, these subsidiary outbreaks are believed to be the work of Anarchists. There has been considerable fighting in parts of the Capital.

accompanied by the chorus who wore rainbow colored dresses and green satin trousers. "Let's Fall in Love," a singing and dancing act by Mrs. Owen, Miss Keoghly and the chorus, was attractive, and "The Ballet of Spots" was presented in a different style. It was a demonstration of musical jinks, beach shorts and bathing costumes, with two principal characters, Miss Jones Macdonald and Miss Anna Niblock-Stuart, a trailer (Miss Jones Macdonald) and a child who stood on their hands and supported a table with a valuable and particularly with a graceful suppleness. Miss Durham's dancing was particularly good.

**Comic Acting**  
 Of the sketches "Who Were You Last Night?" "The Alchemist," and the scene for a lady a leader were well acted and very clever as a whole. C. V. Barnes was clever as a vagabond and Mr. Ford Corle presented a delightful dramatic scene while dancing for Miss Ellen Gillespie. Messrs. J. Nimmo, and Peter Summers, and Mrs. Owen. In other sketches were Miss Owen, Mrs. Owen and T. Craddock.

**Solo Items**  
 "The solo items were many and various, including music, singing, and comic recitation. Mr. Len Whitson gave a vocal solo which was greeted with the approval which his singing always sells for. Miss Ellen Gillespie played the solo "Bird by Side" on the piano as she would have been rendered by many famous composers, and she sang Gertrude Lawrence's song "The Preacher" with charm.

**Good Entertainment**  
 If there is any adverse criticism to be made about "L.S.D." it is only that one or two of the sketches were rather odd, and that in a few cases more than should have been taken in making up to their antics, although not new in idea, was successful in causing much amusement. This item was followed by a walk by Mrs. Owen and a few of the chorus, who sang "The Three Little Pigs" in a very original and effective manner. The performance ended with an effective finale.

### Success on Saturday

On Saturday night "L.S.D." played to a packed house, and the performance went off as well as ever. It had on the previous night. A large party from Government House was present. It has been referred to as the most depressing musical performance since long before the depression was anticipated in the audience was enthusiastic in its appreciation.

**The Cinema**  
 Among the films this week is "Kismet," a film version of a great play that was famous years ago. It is in the film "The Kid from Spain" has been famous in America for a long time for he has a daughter, Corinne, who is almost a perfect actress, and overcoming the opposition which time has set for the film, he is now 70 years old, but time has only increased his powers of acting.

**The Big Bad Wolf**  
 At last the Walt Disney cartoon that took England and America by storm some year ago has come to Nairobi. "The Three Little Pigs" for the first time in the Capital Theatre for the first few days of this week, as a short picture, completely delighted, and the song "Who's Afraid of the Big Bad Wolf" it too well known to require further comment. Now that Walt Disney cartoons are finding their way here, it is to be hoped that they will continue, for they are so very much better than the average cartoon. There was one short last week about Pan and his pranks, and it was unfortunately quite in the standard of the average Disney pen and ink picture.

**George Atlas**  
 "The Affairs" who is appearing in "The House of Ladies" is a very attractive figure.

**Clean Mad**  
 "The Clean Mad" is a picture which is being shown in Nairobi in the week or two, has begun work in the British production of "The Iron Duke". It has been the first film to be made in England.

**THE** fact that the Brighton trunk number followed almost immediately upon a recent in a national newspaper of criminal history relating to an exactly similar number of a few years ago, has not inspired public or official agitation. But let us imagine that it had happened to appear recently in a paper titled "The Trunk Mystery," in which it had been clearly suggested that it was in the newspaper article—that but for most people would have escaped detection.

JUDGMENT IN THE COPYRIGHT CASE

(Continued from page 7)

From the rival newspaper after publication. I am further of the opinion that interference with the claim against the 'Coast Guardian' would equally have been in vain...

I would refer to the case of 'Forming Light Society Ltd. v. London Theatre of Varieties'... I am also satisfied that copy-right in the 'East African Standard' is not infringed...

I am accordingly granting an injunction in the 'Coast Guardian' in the form of the 'Coast Guardian'...

Question of Damages. I propose now to consider the question of damages...

Finally, the question of costs must be considered. Mr. Kaplan argues that if I had, against him, there should be no order as to costs...

Before the Acting Chief Justice and Mr. Dunlop A. J. In Court No. 1 of 10 a.m. For hearing. Mr. A. J. Rex vs. Shadi Khan...

There is a legal right, and there has been no misconduct on his part... I have also the opinion that Mr. Robertson must have known that someone else had taken the copyright in the 'East African Standard'...

Substantial Infringement. In this suit there has been a substantial infringement of the Plaintiff's right to copyright... I have accordingly granted an injunction...

While the police were making enquiries into these crimes they heard statements to the effect that it was common knowledge among the Standard that Theodore Powys had been murdered...

At a result of renewed police investigations, Assistant Superintendent Bivvy, who was in charge of them, reported to Deane last year that there was no doubt Powys had been murdered by Bivvy. Two natives were arrested on suspicion but were discharged owing to lack of evidence.

Catalan Insurrection Reported Crushed

PRESIDENT COMPANYS FORCED TO SURRENDER

After Bombardment of Palace

STRONG MEASURES TAKEN BY THE CENTRAL GOVERNMENT

Following vain broadcast appeals for reinforcements and a severe bombardment of his Headquarters, President Companys has been compelled to surrender to the forces of the Central Government.

Senor Companys, who was not wounded, is reported to be held a prisoner on one of the ships in the harbour at Barcelona. President Companys is stated to have intended to save him from an immediate court martial which would, it is believed, have passed the death sentence.

The situation generally has considerably quietened down but there is still a certain amount of fighting in the Province. Battleships have been ordered to Barcelona and troops of the Foreign Legion have been brought over from Ceuta.

Sporadic Fighting

[REUTERS BUREAU'S AGENT.]

Madrid, Oct. 7. (APR. NEWS DESPATCH.) The late of the insurrection in Catalonia has been brought to a close. The Government has taken immediate and vigorous action to bring Catalonia to heel.

The Central Government has taken immediate and vigorous action to bring Catalonia to heel. Madrid has been quiet early this morning following an outbreak of firing at midnight.

The position in Barcelona, where the insurrection is reported to be very lively, is confused. The Government asserts that the Catalan police are deserting from the separatist movement while the separatist broadcasting station claims that the insurrection is still active and says that a number of Government troops have been captured.

Madrid was quiet early this morning following an outbreak of firing at midnight. The position in Barcelona, where the insurrection is reported to be very lively, is confused.

It is still very dangerous to venture into parts of the area owing to the activities of snipers. The Government has ordered the arrest of Senor Companys and all the Catalan Ministers.

Orders for Foreign Legion. Gibraltar, Oct. 7. Two battalions of the Spanish Foreign Legion have arrived at Barcelona from Ceuta and have been ordered to Barcelona.

Under Control. Madrid, Later. There has been further fighting in the central of the Province and Senor Lerroux is fighting a stubborn crowd from the neighbourhood of Sabadell. The Government declared that the insurrection in Catalonia was completely under control.

The insurrection is now considered to be at an end. Apart from sporadic fighting in Barcelona and the Province, the Government has ordered the arrest of Senor Companys and all the Catalan Ministers.

Ministers Arrested. All members of the Catalan Government have been arrested except the Minister for Home Affairs.

FEATURES FOR WOMEN

Beauty Secrets

For Married Women Only

My of women have, dry skin. You realize it when your powder reveals patches of scale and roughness on your nose and cheeks.

The Bearded Lady

"Normally, your face is provided against such catastrophes by a protective cosmetic oil. It gives the skin resistance to most skin irritants. With the possible exception of the bearded lady, the skin of most women's faces generally suffer from insufficient protection. They suffer, dry, due to the action of hot sun, and dry wind.

"Gradually your face becomes chapped and minute, but noticeable wrinkles begin to form; especially on the delicate skin around the eyes. Steam-heated air has much the same effect, as does a dry atmosphere for too long the skin of surface off.

Supplementing Nature

"So, when Nature lets you down, and your skin becomes rough and dry—at a time to pinch for your skin and those eyes. Work this into your face twice daily by manipulations and massage. At night, leave this cream on your face while you sleep, and in the morning remove every trace of it with a soft towel—then follow with a delightful tingling facial bath of 80° Fahrenheit.

"Another thing which by a dry and wrinkled skin is the cheapening stimulus of a Melling Cleansing Cream.

"In the evening add a few morsels before bedtime to remove every particle of make-up and to bedded that and grease with this perfect beautifier. It will go a long way in helping to keep your face clear, soft, and beautiful."

Bleach Mask for Tons

"If your interior reveals a splotchy, yellow skin, start your purification programme with a four-days-week application of Bleach Mask. Allow it to remain on the face for about forty minutes. Then, remove with a cloth and warm water. It will work wonders in helping to brighten even freckles to your skin.

"If a few wrinkles have crept in under the eyes and around your mouth, you can generally suggest one thing—dry skin. The major

Fashions in Hair

TRANSFORMATION WHILE YOU WAIT

Kenya Landscapes

EXHIBITION BY NAKURU ARTIST

HAIR, instead of being plaited in bundles as it was a year or two ago, is now being worn in a variety of styles. So says someone, who took to the Hairdressing Fair at Olympia which closed last week.

As a hair artist, dressed like a king on the head with a little cluster of curls, a friendly reminder of Queen Alexandra, is said to be an objective in the present fashions of human hair, spread far and wide above the head and being about two yards wide.

Like Princess Marina, a fashion in hairdressing which is expected to become popular is known as the "Princess Marina." In it the hair is usually waved, and from the top to the nape of the neck shows a ribbon of hair, which is usually smoothed to the head.

The possibilities that every woman has so severely demonstrated in the hairdressing exhibition at Olympia. Two women who were asked to show the exhibition, just in their own hair, were asked to show their hair in their ordinary clothes. They in their white and light dresses

Kenya Landscapes

EXHIBITION BY NAKURU ARTIST

AN interesting exhibition of water colour paintings is to be held at Nairobi on Thursday, Friday and Saturday of this week. They are Kenya landscapes painted by a well known Kenya artist, Mr. W. A. McClelland of Nairobi.

In all there will be about a hundred pictures in the exhibition, all of which are of local interest. Mr. McClelland is noted for his realistic and "atmospheric" style of his work.

She comes from an artistic family and is a descendant of Sir George Davis who was Father to the Count of Queen Victoria, and she received her own artistic training in Italy and Germany.

When the sketches have been made, they are put on paper and will be open from 9 a.m. to 5 p.m. for three days only. All pictures are for sale.

proves to the ordinary woman who can do with a little help, a little applied hair. The exhibition is the first of its kind in Kenya, and it is a most interesting feature of the exhibition.

SUNSHINE flooded the Nairobi race course on Friday and Saturday afternoon when the two October race meetings were held.

In spite of the favourable weather, there were comparatively few people present on the first day, but the second day was well attended and there was the general air of enjoyment which pervades a successful meeting.

His Excellency the Governor and a party from Government House which included Mr. and Mrs. Store Smith, the Earl and Countess of Carnarvon, Mr. and Mrs. Mavers, of Ulu, were present at both meetings. The Earl and Countess of Carnarvon are guests at Government House for a short time, the Earl having returned to Nairobi on Thursday evening after a short visit up-country.

Among those noticed on Friday afternoon were Lady McMillin and Clary Lady Delamere. Mrs. Jack Miller was looking particularly smart in black, and white with a large hat, and a belladonna was in blue and white with a Laphan hat. Miss H. Dragg, Mrs. C. Pampus and Mrs. W. T. Bostock were also present on Friday.

**NORTHERN FRONTIER INCIDENT**  
(Continued from page 1).

**Running Equipment**

The District Commissioner in his judgment had referred to the fact that the men whom he caught had a complete outfit consisting of a long, pointed arrow, consisting of wood, poisoned arrow, leather, rope, knives and spears and in view of the disturbed state of the district he did not consider it advisable to allow wandering parties to move from one settlement to another. It was pointed out, however, that the trouble referred to had been with the handcart, there was no question of the Wandegoro coming any nearer to the coast.

Mr. Gamble: In an injunction has been down, we cannot remedy it, we must prevent it. The Acting Chief Justice: We might quote the sentence in the writ, but that would only make the position worse for the applicant.

Mr. Modera: I suggest that the Court can only do the appropriate sentence, would be impracticable for a day.

**Important Points**

Mr. Gamble said it was important to ascertain the exact position with a reserve part of the Colony and the Court could not say the circumstances in which the Magistrate there was working. The Acting Chief Justice said it was evident the Magistrate had allowed himself to be influenced by the existing equipment. Counsel: And the fact that the party in his own right was a natural for him to want to keep other people out; that, only is very logical.

Mr. Acting Chief Justice: If the District Commissioner had a disturbed area to deal with, would he natural for him to want to keep other people out; that, only is very logical.

The Court was called to consider all the circumstances in which the sentence was imposed and the Magistrate was found to be influenced by the existing equipment. Counsel: And the fact that the party in his own right was a natural for him to want to keep other people out; that, only is very logical.

**Sent to Prison**

Crown Counsel (Mr. T. D. Wallace) said the facts of the case were admitted. The accused were found in a closed area and there were mitigating circumstances in the case to prove there was only one of the accused. The District Commissioner had been disappointed and sentenced to confinement on revision by Mr. Justice Horne. It was unnecessary that there should be an appeal of this kind some three months after the sentence had been served.

Mr. Gamble expressed some surprise that the old man had been sent to prison instead of to a detention camp.

The Acting Chief Justice said at the last session of the Court of Appeal for Eastern Africa, an Austrian, convicted of obtaining money for false references and sentenced to six months imprisonment, appealed successfully against his conviction, although in fact he had served the sentence in imprisonment.

Mr. Modera explained the steps which had been taken by Major Edwards in order to bring his case to appeal, resulting in proceedings being granted to appeal within the time limit had expired. They Honours reviewed the judgment.

The following persons have been taken by the Assessment Appeal Committee for the towns of West Nile, Ghelo and Mkwani, in Zanibar: The resident Magistrate, Pomba (claimant); the Assistant Magistrate, Pomba; Shank Soid bin M. A. P. Magistrate; and Mr. C. M. Pata.

**H.E. SIR J. BYRNE VISITS LEROGI PLATEAU**  
(Continued from page 7.)

After the baraza was over, His Excellency inspected the irrigation work being carried out by Mr. Langridge, the District Commissioning Officer, who was also in charge of the reconstruction of the dam in the safari. Here a few barazas from a nearby stream have started to increase and it is to be very satisfactorily produced and many of the acres of previously desert land to become good grazing. It is interesting to note that the Njempas themselves have for many years advised some simple irrigation work.

**Little-Known Lakes**

Towards evening a visit was paid to the shores of Lake Hani, the name of which is mentioned in the African of the month. An early note on the morning of the 29th, the track through the hills to the east of Lake Hani were followed to Tanganyika in Eastern Buk. During the morning looked very dry. Over a water race on some large flights of dead and were put up, but the wide flow extraordinarily high and it was found that for some little while the water had been so low that the grass and the tops of the trees were visible. The water was very clear and the temperature of the water was 70 degrees Fahrenheit. It was noted that the water was very clear and the temperature of the water was 70 degrees Fahrenheit.

**The Crocodile Man**

They broke into a wild dance and in their lion-like behaviour presented a fantastic spectacle. On this river an incident of particular interest took place; one of the Njempas natives, known locally as the "Crocodile Man," claimed to be able to call crocodiles from the river. His Excellency's party proceeded to the spot along the bank a few hundred yards upstream from the ford and on rounding a corner a large crocodile some eight feet six inches in length was observed lying on a mud platform. The crocodile quickly appeared into the water. The "crocodile man" then led the party into some deep grass and scrub bank the bank immediately above the spot where the crocodile had been observed lying on a mud platform. The crocodile quickly appeared into the water.

**In the Suku Country**

At Tanganyika a few Suku were present to greet His Excellency and after a short halt the party proceeded eastward into the country of Northern Tanganyika and camp was made at Chini where the Veterinary Department have a station. As the Chief Veterinary Officer, Major Trevelyan, had arrived that afternoon, His Excellency was able to spot the disease with him the various measures to be taken to deal with the pest and to prevent its spread.

**Dying Trees**

On the following day, the 1st October, His Excellency crossed diagonally the whole of the northern part of the Leroigi Plateau in a north-westerly direction. The country was a plain of the Plateau, from which the Malohes and the north-eastern Njempas to the north and the mountains of East Africa to the south. The northern part of the Leroigi Plateau consists of a plain of the Plateau, from which the Malohes and the north-eastern Njempas to the north and the mountains of East Africa to the south.

**A Stern Warning**

On the morning of September 20 His Excellency was at a place at which about 150 Suku were present. After greeting him and referring to the difficulties in which they had experienced as a result of drought after warning them (as he had done previously) of the dangers of overstocking and after explaining the Government's determination to limit the number of their stock to such quantity as His Excellency estimated would be sufficient to support the stock on the land available, he issued a stern warning to those men who had been guilty of stock theft in the neighbouring Samburu tribe. He was aware, he said, that the Samburu had retaliated by stealing even more stock from the Suku, and that the Government would not tolerate such a course of conduct. He referred to the fact that the Government was anxious to show them how to get better prices for their cattle, but to make good, and how to produce their normal requirements in order that by the sale of this surplus they might be able to begin the beginnings of wealth.

**A Word to the Meran**

That evening a very large baraza was held at which some six or eight hundred Suku and about 500 Meran were present. His Excellency in speaking said that he hoped it was not necessary for him to stress still further the grave consequences of drought in the event of the Meran's inaction at the crime of the Samburu.

FIGHT IN THE LEAGUES

Table with columns for Club, W.D.F.A.P.A. Pts., and other statistics for various leagues.

Not a single union club, resident in any of the five leagues, Clyde lost their record on Saturday.

Manchester City remain on top in the premier division in England, though they only drew both Sunderland and Arsenal but are to contend with a share of the spoils.

DO YOU KNOW? The York's York "Britania" has won 27 of its 37 matches, which constitutes a record.

Play This Coming Week-end The Campbell Cup (Victoria) football will be played for during the coming week-end.

"SEAWANHAKA" YACHTING CLUB The change in leadership is noted in the southern section of the Third Division where County City have displaced Chelton club.
