Trans-Atlantic Scheme WEEKLY SERVICE TO SOUTH AFRICA TO BE DUPLICATED

HINT BY SIR ERIC GEDDES AT

ANNUAL MEETING

Eric Geddes, Chairman of Imperial Airways, speakin at the Company's annual general meeting, declared the the time had come for the company's major fleet to be replaced by faster aircraft.

He added, however, that it was vital to the prosperity of the company that its funds be carefully preserved until the rate of advancement in design and technology slow-ed down. He announced that the service to South Africa will be dupli-cated almost immediately. Full plans have been drawn up for a trans-Atlantic service.

An Enquiry into a Tanganyika Mystery

COMMISSION'S REPORT ON DEATH OF BASIL NAPIER

Suicide Verdict Reversed

TRAGEDY PROBABLY CAUSED BY HIS PERSONAL SERVANT

anganyika Government has at length issued for pub-cation the report of a Commission appointed by the cortsary of State last year to enquire into the circum-ances surrounding the death of a young Englishman, and Mope Napier, 20 years of age who was trading in se Mandated Territory.

nother, however, was far from satisfied by the position. Seeking the aid of the Press in East Africa and of influential circles at Home she demanded a full majury into the mystery and the Secretary of State for the Colombes at length agreed.

"East African Standard" has received from Mrs Napier a copy of the report extracts from which are given below

Mative Soccer.
Two very good games are promised on Saturday in connexion with the Amb and African soccer leagues. The first game consences at 3.15 in the alternoon, and the second at 4.30.

Miler disappointed in friends greatly. They made him a favorage and the fire of a fact of the fire of a fact of the fire of the fact. By the end of the eighth round the dods wered round and the chumpion, even at 3-1 against, had no supporters. Beg is not the man he used to be. It was a good fight for a man whose career was thought to have been finished.

PLATED LUBRICATION

COL-GRA.

INTERNAL COMBUSTION ENGINES.

How It Works:- .

Col-Gra in fluid form is mixed with the oil and fuel and under heat and pressure the minute particles of Collordal Graphite leave the liquid, are attracted to bare metal, and actually become a piated Col-graphoid surface.

What It Does:-

It reduces Wear by smoothing and plating all contact surfaces.

It reduces Wear by smoothing and plating all contact surfaces.

It indicates the state of the sta

It provides a more perfect Piston Scal. This is noticeable at once by the improved pulling power and reduced fuel consumption of all Col-graphoid Engines.

FINALLY. It preserves the oil body longer. It penetrates, softens and frees Carbon. It provides lubrication to the top of the piston and cylinder.

IT MORE THAN SAVES ITS COST.

ASK THOSE WHO USE IT. G. North & Son, Ltd.
