Mystery trek pours into Tanganyika

Standard Staff Reporter Writes

DUBINI the past five nights, nearly 5,000 refugees have fled across the border into Tanganyika...

The refugees, many of whom are children whose parents are at present in the temporary camps at Makindu and Mbituni...

They crossed the river with the great numbers of their animals and their belongings...

They were seen just before 6 p.m. and the first of the animals were seen to be crossing the river...

They were seen to be crossing the river with the great numbers of their animals and their belongings...

Mr. KENYATTA OPENS NEW TEA FACTORY

THOUSANDS of cheering people gathered to witness the opening of the new tea factory at the Prime Minister's residence in Nairobi on Friday.

The factory, which is the largest in the world, is situated in the heart of the city and will produce 100 million tea bags annually.

Mr. Kenyatta, who was accompanied by his wife and children, arrived at the factory at 10.30 a.m. and was greeted by a large number of officials and workers.

He then proceeded to the factory, where he was met by the Chief Executive Officer, Mr. J. M. Njiru. Mr. Kenyatta then inspected the factory and the tea processing machinery.

After the inspection, Mr. Kenyatta addressed the workers and said that the new factory was a great achievement for Kenya and would help to improve the lives of the tea workers.

He then cut a ribbon and declared the factory open. The ceremony was attended by a large number of officials and workers.

'14 more planned'

monthly production in the world. It will be a tribute to the tea workers of Kenya who have made the tea industry a leading export of the country.

The factory is the result of a long-term plan of the Government to develop the tea industry. It is one of 14 similar factories that are being planned in Kenya.

The Government has announced that it will invest KSh. 100 million in the construction of these factories. The first factory, which is now being completed, is the largest in the world.

The other 13 factories are being planned in various parts of Kenya. They will be completed over the next few years.

The Government has also announced that it will invest KSh. 50 million in the construction of a tea processing plant in Nairobi. This plant will be the largest in the world.

The Prime Minister visited the factory on Friday and was accompanied by his wife and children. He was met by a large number of officials and workers.

Mr. Kenyatta then inspected the factory and the tea processing machinery. He was then accompanied by his wife and children to the factory's main entrance.

At the entrance, Mr. Kenyatta was met by the Chief Executive Officer, Mr. J. M. Njiru. Mr. Kenyatta then cut a ribbon and declared the factory open.

The ceremony was attended by a large number of officials and workers. It was a great day for the tea workers of Kenya.

Expanded coverage
By 1970, the Government will have completed 14 similar factories. These factories will be the largest in the world and will produce 100 million tea bags annually.

The Prime Minister, Mr. Kenyatta, visited the factory on Friday and was accompanied by his wife and children. He was met by a large number of officials and workers.

'GRIM' SITUATION EXPORTS OF SODA ASH

KENYA's soda ash export position was grim as announced the managing director of the Magadi Soda Co. Ltd. Mr. J. H. Paul, told a Nairobi Press conference yesterday.

Paul's remarks came as a blow to exports to Africa, which was the country's largest industrial export. Last year the country's largest export was worth \$100 million, but this year it is expected to fall to \$80 million.

Paul said that the country's soda ash exports to Africa were down 20 per cent in the first six months of this year. He said that the country's soda ash exports to Europe were down 10 per cent in the same period. He said that the country's soda ash exports to the United States were down 5 per cent in the same period.

WAKILS ON SAVING NAKURU HOSPITAL

Lack of funds after end of this month

WAKILS of saving the Nakuru War Memorial Hospital from closure were disappointed when the Government, called by the management.

It is believed that the moving recommendation committee to pursue negotiations with the Government for assistance to keep the hospital going.

At the end of 1963 the hospital had 250 patients and it is believed that liquid funds are being used to meet its liability to the end of the month.

It had a daily average of 20 patients, in 1962, dropped to below 20.

PUBLIC APPEAL NEXT WEEK

The management committee are believed to be making arrangements to keep the hospital open and to hold a public appeal will be launched next week.

The hospital was founded in 1919 at the instigation of the Government and paid £25,000 to build public for every 10 years. The Government department, therefore, operating there and a physiotherapy department.

The five-member management committee is led by members of the hospital. The chairman at present is Lt. Col. T. Hendry.

PRESIDENT CONDEMNS Guarded confidence on economic future

SLACKNESS IN TABORA

Nation-building delay

President Nyamira today said that the Government's economic policy was being carried out with a guarded confidence in the future of the country.

He said that the Government was making a steady progress in the development of the country, but that there was still a need for more effort in the economic field.

President Nyamira also mentioned the need for more investment in the country, particularly in the areas of infrastructure and education.

He concluded by saying that the Government was committed to the development of the country and that it would continue to work towards a better future for all Kenyans.

MORE SEVERE LESS COMPETITION WOULD NOT BE SUCH A BAD THING

By the time the summer driving season is over, the prices will have been lowered and the motorists will have had a chance to see the results of the summer's new performance.

**THE
CURTAIN
WITH
Peter
McClelland**

At the time of writing, there was a feeling in the air that the curtain was about to be pulled back on the new performance of the cars. The fact of the matter is that the curtain has already been pulled back and the results are being seen. The new cars are being sold at prices that are lower than those of the old cars. This is a good thing for the motorists. It means that they can get a better car for less money. This is a good thing for the manufacturers. It means that they can sell more cars. This is a good thing for the economy. It means that there is more money in circulation. This is a good thing for everyone.

All the romance and glitter of old Vienna

It is not every day that a city is reborn. But in the case of Vienna, it is happening. The city is being rebuilt and is becoming a city of romance and glitter once again. The new buildings are being built in the old style, and the old buildings are being restored. The city is becoming a city of beauty and charm once again. It is a city that is worth visiting. It is a city that is worth living in. It is a city that is worth loving.

Detention law for North-Eastern Region

MEASURE IN INTERESTS OF PUBLIC SECURITY

LEGISLATION to authorize the detention of people in the North-Eastern Region in the interests of public security was published today in a Koweik Gazette supplement. The measures were signed by the Prime Minister, Mr. Kameh.

The law in these detention areas will rest with the Minister for Internal Security. Provision is made for the Minister to appoint an Appeal Tribunal to hear appeals against the detention of persons.

The law is to be promulgated in the Gazette and will be in force from the date of its publication.

THE WEEK IN EAST AFRICA

The week in East Africa was marked by a number of significant events. In Kenya, the Government announced a new measure to increase the number of members of the Legislative Council. In Uganda, the Government announced a new measure to increase the number of members of the Legislative Council.

Increased intake

Temperatures in East Africa have risen to a level which is not only a health hazard but also a danger to the crops. The Government has issued a warning to the public to take precautions against the spread of malaria and other diseases.

Prayers, parades and Piper Cubs in celebrations

Triumph 2000 cars were celebrated in East Africa with prayers, parades and Piper Cubs. The celebrations were held in many towns and cities, and were attended by thousands of people.

REFUGEES BECOMING ACUTE PROBLEM

THOUSANDS of refugees are being displaced in East Africa, and the problem is becoming increasingly acute. The Government has issued a warning to the public to take precautions against the spread of malaria and other diseases.

Streets renamed

The Government has announced that it will rename the streets of East Africa. The new names will be based on the names of the people who have made significant contributions to the development of the country.

For the little ones you love PLAIN FRUIT JUICE IS NOT ENOUGH

As every mother knows, there are certain food requirements that all babies must have to help them grow strong and healthy. Many do not realise, however, that the Vitamin D they obtain from plain fruit juice is not enough for their young babies and older children. Vitamin D for growth and good eyesight. Vitamin D for strong bones and teeth. Doctors also advise the mother of babies who are growing rapidly to take Vitamin D supplements, and there have even been reports in the medical press of cases of rickets—a bone disease caused by lack of Vitamin D.

You can't afford to risk the health of the baby when you feed. Make sure they have Haliborange every day. Haliborange gives babies all three vital vitamins A, D, and C—it tastes sweeter than ordinary orange juice and babies and young children simply love it!

Haliborange

Haliborange is a delicious and healthy fruit juice. It is made from the finest oranges and contains all the vitamins and minerals that your baby needs for healthy growth and development.

TRIOLOGY WILL MAKE THEATRE HISTORY FOR KENYA

NOVEMBER 4 will be an important date in the history of the theatre in Kenya when plays that are really national in character will be presented in that country.

The National Theatre in particular, being the first time outside a dramatic setting, is expected to be a landmark in the history of the theatre in Kenya.

The plays, which are being presented by the National Theatre, are 'The Merchant of Venice', 'A Raisin in the Sun', and 'The Glass Menagerie'. These plays are considered to be some of the best in the history of the theatre, and their presentation in Kenya is a significant event.

ROBERT YOUNG

BEHIND THE CURTAIN with Peter Macdonald

It is a pleasure to be talking to Peter Macdonald, who is the artistic director of the National Theatre in Kenya. He has been instrumental in bringing these plays to Kenya, and his vision for the theatre is truly inspiring.

Macdonald is a man of many talents, and his work in the theatre is a testament to his dedication and passion. He has worked hard to create a space where the best of the theatre can be presented, and he is proud to be part of this historic moment in Kenya's theatrical history.

ROBERT YOUNG
The other play in the trilogy is 'The Glass Menagerie'. This play is a masterpiece of American drama, and its presentation in Kenya is a significant event. It is a play that deals with the complexities of human relationships, and its performance is expected to be a highlight of the season.

NEWS of another production
The National Theatre is also presenting a production of 'The Merchant of Venice'. This play is a classic of the English language, and its performance is expected to be a highlight of the season. The production is being directed by Peter Macdonald, and it is expected to be a landmark in the history of the theatre in Kenya.

Volkswagen moves into the space age

Space? The Volkswagen Variant has it to spare. Space for children. Space for toys. Space for crates and boxes. Space for sport gear. Space galore. Your Variant can become a workshop, a playroom, a wardrobe, a dog kennel. Even a kitchen. Whatever you wish.

Playroom

Dog Kennel

Material is practical
—but a bride still
looks as pretty as ever

Traditional wedding attire sometimes has something borrowed, something blue. The custom is being questioned now as the English fashion designers are turning their backs on the traditional materials and colors. They are using light and delicate veils and fabrics such as white and cream, and because looking, brides are demanding materials which will last for years.

After several seasons of fitting with new designs and longer, straight and flatter lines.

But a wedding gown must, at the expense of being practical, be beautiful. It is to be in a beautiful style, it should be really full-skirted and have in a light frothy nylon or crepe, if a flimsy fabric in creases, the cut and fitting is all important and a heavier material will appear.

That the white fabric correctly chosen, must be chosen for the bride's complexion. The dress should be chosen for the bride's complexion. The dress should be chosen for the bride's complexion.

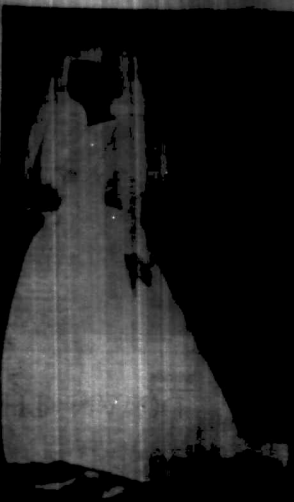

There is a trend toward a wedding dress that is a simple, straight, and flatter line. The dress should be chosen for the bride's complexion.

It is important with all the actual bride on the dress. The dress should be chosen for the bride's complexion.

BIRTH CONTROL AND MORAL CODE IN CONFLICT

I SHOULD like to see the Government's attitude towards the birth control movement. It is a movement which has been active for many years and has made a great deal of progress. It is a movement which is based on the principle of individual freedom and is in line with the principles of the United Nations. It is a movement which is based on the principle of individual freedom and is in line with the principles of the United Nations.

£4m. 'better homes' plan in Uganda

Standard Staff Reporter Kampala. AFTER the cancellation of the 22 Uganda martyrs they are now the first African states - the big news of the week was the announcement by the Minister for Housing and Labour, Mr. George Muger, that work will start next month on a £4 million plan for the construction of 10,000 better homes for the people of Uganda.

A total of more than 200,000 people are to be built in an estimated cost of £4,000,000, which will be financed by the Government and the private sector. The plan will be implemented in three phases, with the first phase starting next month. The plan will provide for the construction of 10,000 better homes, which will be built in three phases. The first phase will be completed by the end of the year, the second phase by the end of next year, and the third phase by the end of the year following.
