# FOUR-DAY VICTORY FOR ENGLAND IN FINAL TEST

## Laker and Lock spin out Springboks for 151 runs

ENGLAND won the fifth and final Test of the series with a day in hand, thanks to magnificent bowling by three all-rounders. Laker and Lock of the Springboks batted well and were out for an invaluable 111 and 100 respectively. The first innings of the match was a close-run affair. England scored 274 runs, while the Springboks were bowled out for 273. The second day was a day of attrition, with England leading by 111 runs at the close of play. The third day was a day of tactical bowling, with Laker and Lock continuing their devastating attack. The fourth day was a day of final reckoning, with England securing a comfortable victory by 111 runs.

# Publicity in Britain Increases

## emigration inquiries QUOTA SYSTEM ABOLISHED

INCREASED publicity in Britain for Central Africa led to a spate of immigration inquiries from the Federal Government, it was stated in Parliament. If the inquiries continued at the present rate they would have to consider increasing the staff of the British Mission.

Madness House was receiving desk inquiries about the Federation at a rate of 700 a month, while letters of inquiry about this country totalled more than 500 a month. Further, 11,180 residents' permits had been issued in the first half of this year.

Mr. Cross stated the situation "is no closed door on immigration, but steps to subject investigation, it is planned to take the selection more subject with a view to abolishing the quota system as far as British subjects are concerned."

### Loan repayment

It had not yet agreed with the Government to repay the loan. The Government had agreed to repay the loan in the hands of the Government. The Government had agreed to repay the loan in the hands of the Government. The Government had agreed to repay the loan in the hands of the Government.

### 1959 FOR TANGA

The Tanganyika Chamber of Commerce has been informed by the Government that the 1959-60 financial year will be the last year of the Federation.

### Hope to achieve balanced ratio of settlers

The ratio of British immigrants entering the Federation compared with those from other countries was 100 to 1. The Government has agreed to increase the number of immigrants from other countries to 100 per cent of the British.

### ATTENTION TO GAME PARKS IN DEVELOPMENT PLAN

During 1954, the eighth year of the Federation, the Government has been developing game parks. The Government has been developing game parks. The Government has been developing game parks.

# Need stressed for peaceful industrial relations

## GENERAL Secretary of the Kenya Federation of Labour Unions, who is attending the Beira Conference on labour questions held by the Technical Cooperation Commission for Africa, South of the Sahara, said today that the main problem was one of creating peaceful industrial relations and a stable labour force.

"To do this we must encourage workers to work voluntarily and to work peacefully with their employers. It is the duty of the Government to create a climate in which this can be done."

### Security schemes

"It is necessary to create an atmosphere in which the Government can be confident of the loyalty of its subjects. This can be done by creating a climate of peace and stability."

Substitution by Telephone

When a telephone company
is unable to supply a
subscriber with a
new telephone, it
may substitute a
second-hand telephone
of the same make and
type, and of the same
value, for the old one.
This substitution is
made without charge to
the subscriber, and the
old telephone is sold
to the company at a

# Fortunes In 'Just A Few Lines'

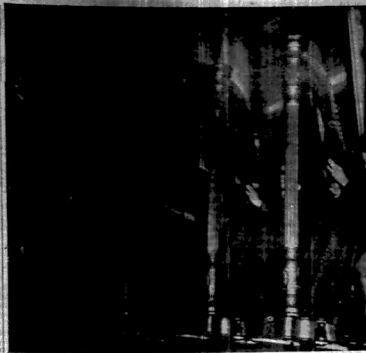

When he sold his shares on a regular basis. When he had left over £100,000.

In the rising years of the post-war boom, people used to be told that the only way to get rich was to buy shares. One man who had followed this advice had a net worth of £1,000,000. He had bought shares in the early days of the war and had held them through the worst of the depression. ## THE RICHEST MAN IN THE WORLD

If they were asked to name the richest man in the world most people would think first of some famous multi-millionaire. In fact, the man with the greatest wealth in the world is hidden in the United Kingdom. His name is John D. Rockefeller. He is the richest man in the world. He is the richest man in the world. He is the richest man in the world.

The inventor of the automobile, the man who has made his fortune in the automobile industry, is also a multi-millionaire. He is the richest man in the world. He is the richest man in the world. He is the richest man in the world.

## it's BUTTER

Mummy says eat lots of butter... it tastes good and it's good for you. And Mummy is right. Butter is goodness itself because it is made entirely from cream. A single pound takes the cream of 18 pints of milk, giving natural vitamins, honest, good-natured nourishment and the unique butter flavor which pleases the palates of all who have natural good taste. Children especially need plenty of butter to help them grow, to protect their health and to replace the energy they use up every hour of the day. So serve it at every meal and use some in your next cooking.

there's no substitute for BUTTER

# THEY PLAN TO ATTRACT TOURISTS TO EAST AFRICA

WHEN the East African Tourist Travel Association was formed in 1946, the East African Office agreed to handle all the tourist inquiries about the distribution of literature on behalf of the Association.

As the years went on and the volume of traffic increased, it became increasingly obvious that the work was becoming a very big burden on the staff of the East African Office, although they accepted the burden in an extremely helpful and uncomplaining manner.
