BIG PROBLEMS FOR EMPIRE STATESMEN

TO BE DISCUSSED AT THE IMPERIAL CONFERENCE

An Economic Council

NEED FOR COMMON POLICY ON FOREIGN AFFAIRS AND DEFENCE

The Coronation Imperial Conference to be opened by Mr. Baidwin in the famous Lecture Room of the Foreign Office on May 14 will mark a supreme effort to create Empire unity on foreign affairs, defence and trade.

The Premiers of the great self-governing Dominions, together with the Marquis of Zetland, Secretary for India, will turn themselves into an Imperial Council of State. All-round agreement on outstanding political and economic questions will be sought.

Unemployment and Migration

["STANDARD" CORRESPONDENT] London. The Imperial Conference, which opens two days after the Coronation, is attracting the Empire's leading statesmen to London. Outstanding among those taking part will be Mr. W. L. Mackenzie King (Canada); Mr. J. Lyons (Australia); Mr. M. J. Savage, New Zealand's Labour Premier, and Mr. Ernest Hartog (South Africa). Mr. Baidwin will perform the opening ceremony, but, after that, Mr. Neville Chamberlain, as the new Prime Minister, will preside over the ordinary meetings of the conference, which are to be held in the Cabinet Room at 10, Downing Street. A small array of advisers will be in attendance on the Empire Premier to assist them in the complicated negotiations which are being planned.

Economic Council

At an early point, says the British Correspondent of the "Daily Herald," the conference will discuss the setting up of a British Economic Council. The duties of such a council would have to adjust the needs of the home market and our supplies to overseas.

LABOUR CONVENTION

Not to Apply to Natives in the Union

["THE DAILY NEWS" LONDON, APRIL 9.]

The Dominion Secretary of Mr. Savage is to be going forward to lay the economic foundation for peace. Before sailing from New Zealand he will have to decide whether or not the people would be so regarded if there was to be a separate trade for Empire trade.

Migration

Another subject to be discussed is that of migration. British Ministers are exceedingly anxious to speed up migration to the Dominions as a partial remedy for their unemployment troubles. But the Dominions are not prepared to accept emigration freely, but very widely only that a second of a greater volume of trade with the mother country.

POLISH CORRIDOR

Germans Disturbed by a Mavor

["THE DAILY NEWS" LONDON, APRIL 9.]

Germans are indignant about a meeting that took place in London last week between ten miles from the Polish border, where the Mayor of the town arranged for the service. It would be the future capital of a free territory. This was a number of Germans who considered Polish "chauvinism" as a nationalistic prejudice being exemplified at present.

"CLOSED SHOP" IN S. AFRICA

Decision of Chamber of Mines

["THE DAILY NEWS" LONDON, APRIL 9.]

The South African Chamber of Mines has decided to adopt a "closed shop" principle as from June 1. This announcement is made in a statement issued yesterday regarding the recent trouble at the Sumner and Jack mine districts, between the Afrikaner Bond and the Mine Workers Union.

GERMAN DEMANDS

Other subjects on the agenda will be air communications and shipping. Finally, the conference is bound to discuss the German demand for releases and the general question of access by "neutral" countries to raw materials. Unambiguously, the conference should decide whether the British Empire is to become a closed shop economically and political organization, or whether, through international cooperation, it is to make a valuable contribution to the peace of the world.

A Political Issue

There has already been a session from the ranks of the National Party as a result of the Congress statement. A meeting of the Party concerned in industrial matters was the statement of Mr. Baidwin that the National Party has not support the Afrikaner Bond. It is considered generally that the Bond is "betraying" the interests of workers.

COTTON MILL STRIKE

Indian Workers Try to Rush Builders

["THE DAILY NEWS" LONDON, APRIL 9.]

The strike of the cotton mill workers in India has not yet been settled. The Government had decided not to raise the concession and it had to inform the Government of the Indian Dominion Governments.

ATLANTIC AIR SERVICE

["THE DAILY NEWS" LONDON, APRIL 9.]

Trials in the new Trans-Atlantic air service will begin in a very short time according to the Assistant Secretary of Commerce, Mr. Morris Johnston, who said that the diplomatic arrangements for the service between Britain and America had been satisfactorily completed and an agreement reached between the United States and Canada, Great Britain, and Ireland.

THE POSITION IN INDIA

Misunderstanding by Congress?

Another Gesture

MR. GANDHI INVITED TO CONFER WITH VICEROY

["THE DAILY NEWS" LONDON, APRIL 9.]

A statement about the constitutional position in India was made simultaneously and in practically identical terms in both Houses of Parliament yesterday—in the House of Lords by Lord Zetland and in the House of Commons by the Under-Secretary, Mr. Butler. The statement emphasises that it was constitutionally impossible for the Provincial Governments to give the Congress leaders the assurance they had asked as a condition of their taking office. Power had been given of the undertaking not to use their constitutional powers where possible, to have given it would have involved a grave breach of faith with the millions of Indians in India in regard to whom the Government have special responsibilities.

The True Position

It was possible that the refusal of the Congress Party to take office had been due to a misunderstanding of the situation and Mr. Gandhi's statement last month had shown that such a misunderstanding existed. It is now clear that Mr. Gandhi or any other member of the Congress party would not accept the true constitutional position and asked to see the Viceroy, then the Viceroy would be most willing to consider their request with the object of understanding the position of the Provincial representatives of Congress.

Replying to a question by Mr. Attlee, leader of the Opposition, the Under-Secretary of State for India announced that an invitation had been sent to Mr. Gandhi to discuss the constitutional crisis in India with the Viceroy.

ROYAL PATRONAGE FOR OPERA

["THE DAILY NEWS" LONDON, APRIL 9.]

It was announced last night that the King of Queen has taken the royal box at Covent Garden for the Coronation season of international opera.

U. S. SENATE AND SIT-DOWN STRIKE

Contrary to Public Policy

A RESOLUTION

["THE DAILY NEWS" LONDON, APRIL 9.]

The first of the sit-down strikes which had kept 2,000 men idle for 28 days, was settled yesterday.

FROM RHODESIA

Coronation Contingent Entertained

["THE DAILY NEWS" LONDON, APRIL 9.]

The Rhodesia contingent at the Coronation was entertained to dinner last night when the menu included the Rhodanian High Commissioner Mr. Langford. The only toast was the "Fidelity of Rhodesia, and our Fatherland."

SOCIAL CREDIT

Alberta Abandons One of Its Schemes

["THE DAILY NEWS" LONDON, APRIL 9.]

Alberta is giving up one of its social credit schemes. The Provincial Treasurer, Mr. J. G. Macdonald, has announced that the scheme for a "social credit" fund will not be carried out.

ITALY-PALESTINE

Beginning of a New Air Service

["THE DAILY NEWS" LONDON, APRIL 9.]

A new Italian air service between Rome and Palestine began today. The first flight, operated by the Italian Airline, left Rome for Haifa and Tel Aviv at 10.30 a.m.

Mr. J. A. Lyons (Australia), Mr. Stanley Bruce (Australia), General Hartog (S. Africa) and Mr. Mackenzie King (Canada) who will attend the Imperial Conference which opens in London on May 14.

UNWILLING FIGHTERS FOR INSURGENTS

UNDERTAKING BY THE SPANISH GOVERNMENT

Lives to be Spared

An offer affecting some Spaniards and foreigners serving with the Insurgent forces is made in a decree issued by the Spanish Government.

It is recognised as the announcement that many men loyal to the Republic but living in territory so occupied by the Insurgents may have been forced to take up arms against the Government. The Government will take these facts fully into consideration when such people surrender or are captured.

Progress of the Fighting

["THE DAILY NEWS" LONDON, APRIL 9.]

The Spanish Government is taking energetic measures to check the Insurgent advance on Bilbao. The Basque leaders have been severely hampered by a short-notice of aircraft but a number of Southern and Central fronts have been opened.

In the South the Government has taken to the offensive. New claims to have previously surrendered the Insurgent forces and to have cut off all their lines of communication except one road which is now under attack.

Notwithstanding a difficult and dangerous situation in northern Spanish waters at the moment due to the exchange of shots between insurgent craft and navy batteries, a British cargo steamer bound for Santander has changed her course yesterday and sailed for the French port of St. Louis de la Mer.

NELSON'S LETTERS TO "BELOVED EMMA"

To Be Offered For Sale This Month

BYRON OR CRICHT

["REARER'S" CORRESPONDENT] London.

Letters from Nelson to Lady Hamilton, from Napoleon to his Minister of Finance, Count Miliutin; the last letter written by Charlotte Conkey; and a letter from Byron, referring to the Bloom and Harrow match in which he played, are among the items to be offered to Satchley's on April 26, 27, 28 and 29.

The Nelson letters come from the collection of the late Mr Arthur Potts, of Hove Hall, Cheshire, and are being sold by order of his grandchildren.

The most important is signed 'Nelson and Berate,' and is headed 'Victory, May 18, 1805, 150 League W.S.W. from Madeira.' It reads:

My dearest beloved Emma, I send you, the enclosed that no difficulty may arise about My Dear Florida (his daughter) in case any accident should happen to me, for I know too well the necessity of taking care of those we love whilst we have the power, and these arrangements do not hasten our death.

I believe quite the contrary as it leaves nothing to exercise the mind in a sick bed.

I only hope to get at the French front when it pleases God I shall immediately return to my own dear Emma at Marton. . . . May God be Merciful bless you, my Emma, and send you a happy meeting in the fervent prayer of your ever faithful

NELSON AND BIRCHTE.

Napoleon's Finances

The Napoleon letters about 2000, belong to a great mass, by marriage of Count Miliutin. They were written between 1805 and 1815, and deal entirely with financial matters.

They show that the Emperor always retained his regard for Miliutin who held his post as Minister of Finance till the fall of the Empire and again during the Hundred Days.

The last letter written by Charlotte Conkey, who killed Marie Antoinette, while she has not yet been catalogued as the 'Property of a Gentleman.' It reads:

A certain Invalide de Pontois was in a court of law having refused to defend me, when it was too easy to do. My counsel conducted my defence with all possible dignity. I shall have gratified him for doing so till the last moment of my life.

MARIE DE CORDAY

Asked For a Painter

When the executors came for her on July 17, 1793, Hauer, the painter, was making a drawing of her (now at Versailles) in accordance with her request; but Charlotte was writing this note. She asked leave to finish it, folded it, and then went out to the scaffold.

Only three other notes written by Charlotte Conkey remain for crime and her execution (July 13-17, 1793) are known to exist—a letter to Barbaroux; the farewell letter to her father (July 16), and the letter to the Committee of the Society for the Republic, asking for a painter of miniatures to be sent to her.

The first two are in the National Archives of France, the third is in a private collection. (Continued in next column.)

THE WEATHER

The forecast East African Meteorological Bureau issued the following note on the weather conditions: Rain was again prevalent over East Africa and there were some heavy local falls. In the Transvaal region over and near Durban 2.25 in. were recorded in Natal and 2.55 in. at Tloko (KwaZulu Natal). In the Cape Province 3.12 and 2.55 in. were recorded at Cape Town and Stellenbosch.

Prosperous crops of maize are being raised in the Transvaal and the Orange River and the Orange River valley and the Orange River valley and the Orange River valley and the Orange River valley.

An Etionian

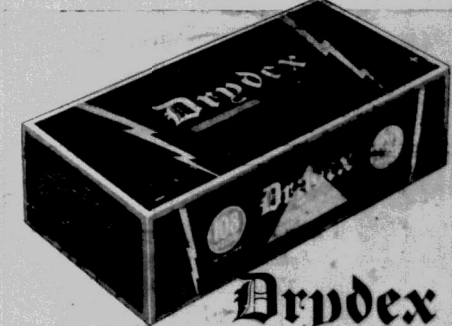

The above letter dated 30.11.38, having been received, February 12, 1942, is submitted to Master J. Crowl, of this College, and refers to the book's handling through Portugal, Spain, and Greece, and is as follows:

As you, Emma, you will have known, the Harrow match, that I have written my best days, did not see any opportunity, which I have experienced in a certain match when I had the honour of making one of the players, who were invited to their hosts only for their college in the morning. The book was sent for sale by Mrs. Herbert W. Verrier.

THE WAR IN SPAIN
To the Editor, "E. A. Standard,"
Sir, Volume six "Spain" was given to me to counsel his thoughts, and when prizing out the progress of the present Spanish war, I sometimes wonder whether letters, and the others who regulate the leakage of news to the public, really would like us to know what is happening. "Insurgents" "Liberals," "Right," "Left," "Government," but what side is meant by "Loyalists," "Republicans" and so on in our easy. I may assume that a Liberal is not quite the same as a Socialist, and that a Republican supports the present regime, not a new republic to be set up by General Franco; but this is merely guessing.

The German Wireless speaks of only two contending forces, "Republicans," (republicans) or "Nationalists," (Nazis). I do not ask for any such clarity from an English source as far as our political divisions from the "Trial Match," is maintained as if it would be evident to readers if they could just read an explanatory term. (Government) or (France), as you must think back, when printing some of Hitler's indeterminate words.

Recently when "Spanish Government" website clarified the "Rebels" you vented a head-scratching "Loyalist" Manichee—Thank you very much, but was this put in to make it hard?

Yours etc,
A. H. SPENCER PALMER

TAXATION
To the Editor, "E. A. Standard,"
Sir—It is interesting to read that Income Tax has been passed at last in spite of desperate delays resulting, but it was a little disappointing that its opponents, personally intelligent people, could only put up such feeble and worn-out arguments against it, though Mr. Carr's wall that it can't be based on certainty was not in opposition—his restoration should go some way, to renewing confidence in East Africa as a field for investment, when there is nothing to invest in. Provided at least with the solid facts of taxation, the local Government should be able to review the whole system and to reduce those taxes which bear so heavily on the cost of living and on the cost of development—and make East Africa once more attractive to investors. This was largely promised by Sir Joseph Byrne. Given the East African temperament, plus limited roads and a terrible bank rate, no more effective way of raising revenue could have been devised by East Africa's most indolgent enemies than heavy indirect taxation on the indolent, unless of course the, and on most of those necessary to development and protection of essential health.

RELIGION IN BRITAIN
To the Editor, "E. A. Standard,"
Sir—There is a principle in religion which states that we need not put more into our souls than our previous reward. It is implied, at least, by other correspondents that M. J. is not an honest and fair-minded man who is acquainted with the "history" etc., of an essential historian will honestly state, etc.

AN INDIAN STRIKE
To the Editor, "E. A. Standard,"
Sir—With reference to a note published in the Saturday issue of your esteemed paper under the heading "A Strike in India," I was directed to the Labour Trade Union of East Africa to request you to publish the following:

The Labour Trade Union of East Africa had submitted a list of 100 Contractors, Builders and other employers in January that they are requested to increase the wages of their employees by 25 per cent. from April 1, 1957. As most of the employers had not granted the increase, the workers are now on a strike. The strike still continues. The agents of the contractors have been trying to instigate trouble, but as the workers and the strikers have been united there has been no trouble as yet.

NAIROBI DISTRICT COUNCIL
To the Editor, "E. A. Standard,"
Sir—Your report of the Special Meeting of the Nairobi District Council was most inadequately reported. The meeting was called mainly to the consideration of Mr. Beaton and myself on a question of policy and not of confidence in the ability of a Committee to deal with its particular duties.

JUSTICES ANNOYED WITH THE B.B.C.
 Complaint of Being Reticued
 APPEAL TO P.M.G.
 ["STANDARD" CORRESPONDENT] London.
 A B.B.C. (broadcast) of the 10th inst. was the subject of a letter to the P.M.G. from the B.B.C. which stated that the B.B.C. had no desire to interfere with the administration of justice, and that the reticued broadcast mentioned was so obviously untrue that it would be regarded as any reflection on magistrates' courts.

CASTLE FIRE

Lord Curzon's Home Damaged

["STANDARD" CORRESPONDENT] London.
 Two bedrooms and a bathroom were badly damaged by fire which broke out during the night at High-cote Castle, near Newbury (Berks), the home of the Earl of Curzon.

The Earl, who is on his way back from Nairobi, has been informed of the loss, and is expected to arrive today.

The fire brigade from Newbury, and outside workers got the fire under control, and it was confined to these three rooms," said the spokesman of the household.

Magistrates of integrity, sagacity and experience are not in a position where they cannot very well reply.

"I am gratified and relieved that this outbreak of violence on the part of a newly State constituted institution has been condoned by the Magistrates Association, and I am satisfied that there is no sinister number of influences over the Board who do not agree."

["STANDARD" CORRESPONDENT] London.
 At the present stage there is nothing to be added from the B.B.C. pouch of news, but it is more than probable that a second edition will be made in due course. The unofficial criticism on the Magistrate's Association protest is that the verdict is late.

NAIROBI AND DISTRICT CHAMPIONSHIP

Old Cambrians Fine Win Over Bairs

GOOD GAME AT NUTRINA

Old Cambrians scored an easy victory over Bairs at Nutrina on Saturday when they met in the first round match of the Nairobi and District Rugby Championship. Old Cambrians had most of the play and Bairs deserved their win.

Old Cambrians turned out an originally selected, but Bairs had several newcomers in the side from that which lost N.A.P. in the opening match of the season.

The following were the teams: Old Cambrians: S. Jarrett, full-back; R. Alexander, C. O'Shea, S. J. Green, three-quarters; T. M. Bell and D. McDonald, half-backs; T. J. Dewar, D. North, forward; D. Drayton, B. Finch, P. Dodd, G. Cummins, and H. Lewis, forwards.

Referee: Mr. A. Le Bris.

Play centred around midfield for the first ten minutes, and then by superior work in the line-outs Bairs gradually worked their way into the Old Cambrians half, where from some scrum play Clark secured and retained in goal position, Williams converting.

Old Cambrians took up the attack following this reverse, but Lloyd relieved when he broke away and took play back into the opposite half. It did not remain there long, however, and Ellis scoring dodged three opponents before passing to Green on the wing, but he was equalised by a goal before he reached the line.

The Equaliser

Ellis was working hard in the centre of the Old Cambrians three-quarter line, and it was he who passed the ball to the equalising goal. He broke away; passed to Green, who, when faced by a defender, reversed in to O'Shea, who ran round to score between the posts. McDonald converted.

Old Cambrians were new starters of the match, and Bairs were kept mainly on the defensive. A scrum inside the Bairs 25 saw a ball come down to O'Shea, who kicked a goal. Ellis followed up and scored under the crossbar. McDonald again converted.

ALL-IN WRESTLING MATCH

Ali Bey Defeats Manno

Harry Manno and Ali Bey met for the third time in an all-in wrestling match in the Municipal Market on Saturday evening. It was announced that the fight would be a finish in the event of their coming to a decision, the end of the scheduled six minute periods.

The crowd was very large on Saturday, and was mainly Irish, although there was a fair sprinkling of negroes. As a fight it was a disappointing affair, as the two men did not all the time, and frequently had Manno in trouble, with short arm work, head and leg work. There was occasional spillover of fouling, but Bell had the lock to trip and fall to look the part.

Another Goal

Bairs pressed hard after this, and a series of scrums in the Cambrians 25 was eventually relieved when a defender touched down. Play moved and passing well. Bairs half where McDonald tried a drop and missed. Goal scored on the full second and run round to goal.

Epic of the Yukon

JACK LONDON'S FAMOUS STORY HANDED OVER FILM

WHEN Jack London returned from the Klondike in 1898 he was a disappointed and over-tired young man. London had made three fortunes in the gold-rush, but London had not found a lucky strike.

Actually, the experience yielded him a greater treasure than gold, for in it he found the inspiration for one of his best stories, a story known in American literature, "The Call of the Wild". It is an epic of the Yukon gold rush, and the film version is being screened in Nairobi this week.

Jack London once said that he could remember the time when he was not haunted with superstitions. He was a 12-month boy when he was eight years old and his schooling was of the strictest. Later he was an enthusiastic reader, a school-failure, a coal-merchant, a long-shoreman, anything that turned up his foot.

After three months of writing he regarded himself as a failure and went off to the Klondike to prospect for gold. It was in the Klondike that he found himself.

"The Call of the Wild" stars Clark Gable as Jack Thornton, a petty trader on Chaim-Bland and Jack O'Keefe as Shorty Hoopland. The story deals with men driven by two primary instincts, the thirst for gold and the thirst for love. Each, in almost unattainable aim, takes a prominent part, love, and is used as a symbol of the unmeasurable call of the wild. It is because Thornton saves Buck's life that he wins the sympathy of Smith, a prospector who is after the same lost claim as

Famous Boxers Star in Fight Film

LEN HARVEY vs. MCKENZIGDALE

BOXING fans will flock to the "Magnificent Obsession" film, in which Len Harvey, former flyweight and 2-time champion, appears in the first round on the film. Len McKenzie is the adversary and the fight scene are of course the high light in the film. The events and authenticity of these both boxers were required to "have a go" and they were not slow in falling to with the program. It is understood, however, that the fight was not conducted at the Albert Hall was not 7 prohibited in the same sequence in the film. It is to be noted that the film was not intended the tension several rounds were changed in other, making perhaps round fifteen, later round was for the scene.

Len Harvey proved that he can act as well as box. He shows no trace of nervousness when he comes across as it does an opponent in sporting days. Harvey plays the part of Doc Carter, a "small-time" boxer, and McKenzie is seen as Williams in the role of reigning heavy-weight champion. The great fight was staged realistically at the Albert Hall. Both men had been told to "put" their fists in a hard thing for two fighters to do, but by the middle of the second round they were slugging those over good and hard. McKenzie, who was wearing his head African title, and Harvey was determined to show that his own title had not been gained for nothing. And that's how the fight finished, but looks on the screen. People who like good clean comedy, will appreciate the humor.

Wally Patch, Len Harvey, Archie Pitt, and Ronald Smith in "Excuse My Glove."

himself. Claire is the wife of John Blake whom Smith has forced to lead him to the claim and whom Smith has then abandoned for dead.

For almost two months the actors traveled snow-covered and death in the sub-zero territory during the making of the film. Alaskan pioneers from as far north as the Arctic Circle came to take part in it. Special animal stages were built in the mountains and the film was packed by air transport for shipment to Hollywood.

The Film: "THE CALL OF THE WILD"
The Stars: Clark Gable, Lonnie Young, Jack O'Keefe
The Verdict: Good adventure film. Capital Theatre. Wednesday to Saturday.

our of the picture, and romance is introduced with Betty Ann Davies as the heroine. Archie Pitt gives a good account of the old "bug" fighting both reporter who he saves the trainer for a heavy-weight champion. His best man is Wally Patch, familiar to English film goers, and Olive Blane, a pretty girl, on an American sports team who backs the young fighter from his defeat.

In one of the most interesting sequences a number of well known being personalities are introduced to Harvey and then to the audience.

The Film: "EXCUSE MY GLOVE"
The Stars: Len Harvey, Dan McKenzie, Archie Pitt
The Verdict: Fine boxing picture. All Film Theatres. Wednesday to Saturday.

Blind Heroine of Film Story

ROBERT TAYLOR in "MAGNIFICENT OBSESSION"

"Magnificent Obsession" is one of Director Robert's "human dramas" films. It is all about Bobby Merrick (Robert Taylor) a wild young man who is directly caused the death of an unlovable and charitable doctor. Thus to complete matters Bobby falls in love with the doctor's pretty widow Helen, (Irene Dunne) and somehow involves her in an accident in which she suffers blindness. Stunned at first, he sets about making restitution, under an assumed name, and his "magnificent obsession" is to make good. Any doctor who wants to become an international "man" should in six years should make a profit out of the film.

Robert Taylor, who has been shining brightly lately in the film "Magnificent Obsession", plays intelligently and Irene Dunne as the blind heroine gives a sympathetic performance.

The Film: "MAGNIFICENT OBSESSION"
The Stars: Robert Taylor, Irene Dunne, Charles Butterworth
The Verdict: A touching love story. Empire Theatre. Thursday, Friday and Saturday.

MAKING THE PROGRAMME

The Management of the Playhouse Theatre have decided to vary their programme somewhat by showing a short film in place of the "intermission" and comedy shorts in support of the new and long feature film. The first of these short films is "The Hidden Heaven" which will be screened this week in conjunction with "Excuse My Glove". "Hidden Heaven" is a screen adaptation of a story by Christine Japp, adapted by Christine Japp, directed by Charles Powell. It is a story of a young girl who is hidden away by her father, who is a doctor, and who is rescued by a young man who is a doctor. The film is a very touching and well made picture.

"THE ADVENTURERS"

The picture shows one of the most impressive episodes in the picture star presented by the Prince of Wales School—Mr. Hudson taking leave of his young son about to leave with the father for Sierra Nevada. Photo: Binks & Co.

Drowning Tragedy Recalled

FRANK VOSPER APPEARS IN "JEW SUSS"

CONRAD VEIDT, in one of his best roles, the main part in "Jew Suss" is coming back to the Empire Theatre tonight. The film reproduces well the turbulent atmosphere of the German state two centuries ago, and the rise and fall of Suss, the great financier with a passion for power. The cast also includes Sir Cedric Hardwicke, Sir Gerald du Maurier (it was his last film appearance), Sheila Hume, Joan Marple, and Frank Vosper.

In the recent death of Frank Vosper the English theatre lost one of the best of its younger men, who had already become well known as actor, author and producer. His best play was "Froggie like '47", a study in cruelty in which the author displayed unusual knowledge of human nature. One of his other fine successes is that of the brilliant Duke in "Jew Suss".

The Film: "JEW SUSS"
The Stars: Conrad Veidt, Cedric Hardwicke, Sir Cedric Hardwicke, Sir Gerald du Maurier, Frank Vosper.

The Verdict: Good dramatic picture. Empire Theatre. Monday, Tuesday and Wednesday.

"NIGHT MUST FALL" AS A FILM

A FILM version of "Night Must Fall" which has been produced by the Metro-Goldwyn-Mayer studios in Hollywood. John van Drunen, the successful London playwright, has adapted the play for screen purposes.

The cast includes Irene May Whitty, who took the part of Mrs. Frawley in the London stage production; Robert Montgomery, who will play Dan; and Ronald Howard as Oliver.

TWELFTH NIGHT

"Twelfth Night" has been shown at the Playhouse Theatre last year's production, as in other years, by Mr. A. J. C. Maule. The play has been selected, presumably as well under way, and the play is scheduled to appear on May 9, 10.

BRITISH WARSHIPS SENT INTO BILBAO WATERS

PROBLEM CAUSED BY REBEL BLOCKADE

Food Ships Turned Back

LAND ATTACKERS OF BASQUE CAPITAL SAID TO BE HELD UP

The insurgent blockade of Bilbao, the important Basque port which is being strongly attacked by land, has now set the Government a difficult problem. Several British cargo vessels, taking foodstuffs to Bilbao, have been turned back, and British naval forces in the area have been increased.

There is heavy fighting on several fronts, and important Government advances are claimed, and denied by the insurgents, near Madrid and in the South. The land forces attacking Bilbao are said to have been checked, and the defenders have received reinforcements from Valencia.

Madrid Defenders Hit Back

Applied to their shipping in Spanish waters (under the blockade) a new message in the Government's statement. The public writes from the prisoner at St. Jean de Luz of four British ships bound for Bilbao.

Bilbao is badly beset by the insurgents. The non-intervention agreement is now engaging the Government's attention. The public writes from the prisoner at St. Jean de Luz of four British ships bound for Bilbao.

General Miaja, Commander of the defence of Madrid, announced that the Insurgents forces who have been leading the University City in the Western coast of the capital for the past five months have now been expelled. They are stated to number 10,000 men.

The Insurgent headquarters at Salamanca deny the Government's claim that the Government's forces are attacking the city and state that the Government has 2,000 men and eight tanks.

There is a fight on the North West front of the Capital and the Government forces are said to have taken a small town on the coast.

The Government claim to have captured the Insurgents in the south of Spain and their supplies are reported to have been carried off to a road on Malaga.

BOWING STREET CONSIDERS REBEL BLOCQUEE PROBLEM

London, April 12.—The British Government has refused the offer of a Spanish Government to accept the terms of the Geneva Conference, and has replied to the offer by stating that it is not in a position to do so until the return of peace to Morocco, alleged to have been offered to Britain and France by the Spanish Government in a letter dated indirectly in reply by the two Governments to the Valencia authority.

The British reply is similar, adding that the possibility of a settlement on a political plane in North Africa is not in the best interests of Spain, the British reply states that "other problems" should await the return of peaceful conditions.

PROGRESS IN THE UNITED STATES

What Consul Noticed After Five Years

THE GRASS FOR SPEED

Business travelers (United States Consul) have an address to the Nairobian Club at their weekly luncheon at the New Stanley Hotel, Nairobi, on Friday on "Business Progress in the United States in the Last Five Years."

First, however, he would refer to the changes which would be brought about by the depression and the lack of money with which to carry on the business of the United States.

Laidly returns, and the fact that the United States is now a very strong country.

He then turned to the progress of the United States in the last five years, and pointed out the many changes which have taken place.

AVERTED REVOLT IN FRANCO'S ARMY

DISCLOSURES BY EXPELLED BRITISH JOURNALIST

How Italians Were Defeated

JALOUSY BETWEEN SPANISH INSURGENTS AND THEIR FOREIGN ALLIES

British patriots have been expelled by the Insurgents from Spain. He is Mr. Noel Monks of the London "Daily Express" and in a despatch from Gibraltar he gives a detailed story of the failure of the Italian Blackshirts in front of Madrid.

Monks, however, suggests in his story that the defeat of the Italians signified a serious revolt among the Insurgent forces who were jealous of the honour which was being given to the Italians of being the first to enter the capital.

The reporter says in his message that the Spanish and German soldiers fighting for General Franco were not displeased by the defeat of the Italians, and the Irishman (General O'Duffy), boasted to Mr. Monks that with 3,000 Irishmen he would be in Madrid now.

NEW TERROR FOR SPEAKERS

Writting Under Eye of "Mr. Turk"

['STANDARD' CORRESPONDENT.] London, March 30.—"Mr. Turk" a new terror for free speech speakers, made his first appearance at the annual dinner of the Kent Sporting and the Electric Power Engineers Association at Ashford on Saturday.

Speakers yielded while Mr. "Turk" winked his eye and put short speeches.

The company were introduced to "Mr. Turk" immediately before the feast began. The remarkable, electrically operated machine stood the speaker. At it was a large fan coupled with two lighting eyes and a wide open mouth.

When eight minutes had gone the eye of "Mr. Turk" began to blink. The speaker was warned that could not be heard.

An Irishman's Boast

['STANDARD' CORRESPONDENT.]

London, April 5.—With the last three weeks I have been all over Franco's Spain, and I can assure you that the Italian soldiers were not displeased by the defeat of the Italians, and the Irishman (General O'Duffy), boasted to Mr. Monks that with 3,000 Irishmen he would be in Madrid now.

BILBAO ON POINT OF SURRENDER?

REPORTED EXPLANATION OF HALT IN FIGHTING

Basque Denials

COMMONS DEBATE ON BRITISH ATTITUDE TO BLOCKADE

As to apparent reason, the loudest attack on Bilbao has since then. There has been no stiffening of defiance, no counter-attack.

Denial explains this state of affairs by reporting that the Basque authorities, faced with starvation as a result of General Franco's successful blockade, are negotiating for surrender.

Latest occasion of Bilbao would release large land and sea forces for the attacks on Valencia and Madrid.

A debate on the Bilbao situation was begun in the House of Commons last night.

More Minelaying

The language has not been so frank.

Mr. Eden's speech in the course of his Liverpool speech (yesterday) Mr. Eden told the audience that negotiations had broken down as a result of a general war. Although there had been frequent reports of a truce, the alternatives to non-cooperation would have been a heavy bombardment.

If Bilbao surrendered, the Government forces at Santander and other new strongholds would attack on the flank.

With the defeat of the German fleet in the North Sea, the German navy is no longer a serious threat to the British. The German navy is no longer a serious threat to the British.

The Government have been told that the population of the Basque country is being starved.

NO CHECK TO RISE OF COMMODITY PRICES

Chancellor Explains British Currency Policy

NO FIXED PRICE FOR GOLD

The British Government does not intend to interfere with the present tendency for commodity prices to rise.

This was made clear when the Chancellor of the Exchequer was asked questions in the House of Commons on the subject and replied that it was no part of Government's policy at present to raise the value of the pound in terms of gold.

PRESIDENT ROOSEVELT'S PLAN FOR REFORM NOT AFFECTED

Mr. Henry Ford may have to go to prison, if the strict letter of a law upheld by the Supreme Court of the United States is applied. Mr. Ford is not permitted.

The Act which has been the subject of the Court's decision seeks to regulate relations between employers and employees.

MOTORIST'S VIEWS OF KENYA

"Charming Country—Appealing Roads"

NAIROBI'S DRIVING
"City Ringed With Danger Spots"

London, April 14.—Interesting impressions of a prospective motorist, "appealing roads" and "very nice motorist" were given by the "London Times" motorist correspondent, Mr. H. H. Sydney, who recently reached Nairobi in a Holt-Cat car which had been driven from London in 23 days.

"It is when one gets to a special country like Kenya that one realizes how essential a car is to every European visitor. Mr. Sydney's impressions between Liverpool and Nairobi were very good, but he was not so sure of the Kenya road and places may be a very long way from any car."

Chance For British Motor
After speaking of the prevalence of "motor" hotels he goes on: "The American manufacturer provides almost ready-made with a driver's cab, so that completing the rest of the body is a simple and inexpensive piece of work. British manufacturers, however, will provide a cab or even the front seats, and the entire body has to be made in East Africa. It is a chance for an energetic British manufacturer to sell a mass of cars to complete with a motorist's body in a really low price range than the local coach builders produce, would not welcome the suggestion."

"The conditions in Kenya, like those in South Africa, somewhat lack of these words like to 'hot' British, but the continent that only an American can sell all their requirements. A large number of the best British cars, such as Morris, Austin, and others, are in use as runabouts for police in Kenya."

"One pointed out recently from Nairobi in the Holt-Cat Phantom III motorist, has definitely secured attention for the car in the larger type of British motor, which normally has the regular ground clearance, the power and the spring necessary for public work."

Washington and the possible effect on the President's plan to reform the American Court, was not so much as it was stated that the Court had said that such case should be dismissed on its merits.

Washington reports are filling with the possibility that the Court's decision may put Mr. Henry Ford in prison. He is one of the most unpopulous opponents of the president of the United States, for which the Wagner Act stands.

Articles for London Press

TURNING OFFICIAL REPORTS INTO ATTRACTIVE READING MATTER

sure you that we shall continue to do all we can to combat the general conception that Kenya is a small, stony country, inhabited practically entirely by wild animals and the few natives who escape from the bush and glare.

Kenya Association yesterday. In the past the articles have been intended to show that Kenya is an extremely healthy country with a lovely climate and fertility, which is developing an incredible rapidity and could offer civilization and comfort and great opportunity.

Kenya Association's Scheme

Meeting was a great success. It was attended by 1000 members, and the scheme of the Kenya Association was explained in detail. The scheme is to form a Kenya Association which shall be a central authority for the Kenya Colony. It will be a non-political body, and its object will be to raise the standards of the Colony, to improve the conditions of the natives, and to make the Colony a more attractive and fertile country.

The Annual Report

Kenya Association's annual report is a most interesting and valuable document. It contains a full account of the work done during the year, and a statement of the financial position. The report shows that the Association has done a great deal of work, and that its funds are well managed. It also contains a list of the names of the members of the Association, and a list of the names of the donors of the funds.

Financial Statement

The financial statement of the Kenya Association shows that the total income for the year was £10,000, and the total expenditure was £8,000. The balance carried forward is £2,000. The statement also shows the names of the donors of the funds, and the amounts contributed by each donor.

although I am quite satisfied that we shall in the near future have an opportunity for tremendous development and social prosperity.

INCREASED POLICE FORCE

The Colonial Secretary has announced that the police force in Kenya will be increased to 1,000 men. This increase is necessary because of the growing number of natives, and the need for a larger police force to maintain order and to protect the natives from the wild animals.

Improved Methods

The Government has adopted new methods for the collection of taxes. These methods are designed to make the collection of taxes more efficient, and to reduce the burden on the natives. The new methods will be put into effect in the next few months.

THE BUDGET

The Budget for the next year has been announced. It provides for a continuation of the policy of reducing the burden on the natives, and for the improvement of the conditions of the Colony. The Budget also provides for the construction of new roads, and for the improvement of the educational system.

The Budget also provides for the construction of new roads, and for the improvement of the educational system.

INCREASED RATES

The Government has announced that the rates for the next year will be increased. This increase is necessary because of the rising cost of supplies, and the need for a larger revenue to finance the development of the Colony. The increase in rates will be small, and will be spread over a long period of years.

GOVERNMENT POSITION

The Government has announced that it will continue to support the Kenya Association in its efforts to improve the conditions of the Colony. The Government will provide the Association with the necessary funds and assistance, and will continue to work with the Association to make the Colony a more attractive and fertile country.

THE SIGN OF A GOVERNMENT

RESponsible For Frontier Trouble

The Government is responsible for the trouble that has been caused at the frontier. It has failed to take the necessary steps to prevent the trouble, and it is now faced with the task of dealing with the consequences of its negligence. The Government must take prompt action to prevent a recurrence of the trouble.

PAINTIVE CAMPAIGN

The Government has launched a painting campaign to improve the appearance of the Colony. The campaign is designed to make the Colony a more attractive and fertile country, and to encourage the natives to take an interest in the improvement of their own homes. The painting campaign will be carried out in the next few months.

TRADE WITH BELGIUM

The trade with Belgium has increased during the year. This increase is due to the improved conditions of the Colony, and to the better relations between the Colony and Belgium. The increase in trade is a sign of the progress that has been made in the development of the Colony.

REINCHBACH HEAD VISITS BRUSSELS

Reinckbach has visited Brussels to discuss the trade relations between the Colony and Belgium. He has met with the Belgian officials, and has discussed the various matters that are of interest to both sides. The visit has been a success, and it is hoped that it will lead to an improvement in the trade relations between the Colony and Belgium.

DISCUSSES ARRANGEMENTS FOR CORNSHIP

The Government has announced that it will discuss arrangements for the formation of a Cornship in the Colony. A Cornship is a body of natives who are responsible for the collection of corn taxes. The formation of a Cornship will be a step towards the improvement of the conditions of the natives, and towards the development of the Colony.

THE MONEY MARKET

The money market in the Colony is steady. The demand for money is not excessive, and the supply of money is adequate. The interest rate is low, and the exchange rate is stable. The money market is a sign of the progress that has been made in the development of the Colony.

ACCELY TO COAST AIR SERVICE

The Accely air service is now operating between Nairobi and the coast. The service is a most convenient and rapid method of travel, and it is expected that it will lead to a large increase in the number of people who travel between Nairobi and the coast. The Accely air service is a sign of the progress that has been made in the development of the Colony.

THE MAD FAKIR OF IPI

The Mad Fakir of Ipi is a most interesting and unusual character. He is a man who has spent his life in a state of extreme poverty and hardship, and who has become a fanatic in his religious beliefs. He is a man who is feared and respected alike, and who is a source of much interest and amusement to the people of Ipi.

HEAVY WHEAT BUYING

The Kenya Farmers' Association (K.F.A.) has received the following market report, despatched from London on April 13: The past week experienced firm market conditions for wheat, with heavy buying in advance of anything we have seen for some time. Do you have a "New Man" who has a stomach trouble? Do you dread to eat even the simplest food, long for relief from your pain? Then there is good news for you. For relief is at hand as this letter proves. It comes from Mr. W. J. ...
"Having now fully recovered I could not sit at dinner again and enjoy my meals—which I have been unable to eat without suffering great pain—without having been treated by your wonderful Macdonald Brand Stomach Powder. I started trying all sorts of tonics and remedies, but they only eased the pain for a time and then back it came in bad as ever."
"One night I came home drenched up with pain. My sister told me that a friend had been suffering with stomach troubles and recommended your Powder as a last desperate trial I sent out for it. I can honestly say it has made a new man of me, so I thank you once again for that wonderful Powder which is the best of all remedies for stomach sufferers."
"What Marston Brand Stomach Powder has done in this case it can do for you. Get a bottle to-day—be careful to avoid cheap substitutes. Ask for Marston Brand Stomach Powder and see the signature 'ALEX. C. MACLEAN' on the bottle and carton. Never take any other. Also tell them. If any difficulty in obtaining P.O. Box 41, Nairobi.
