more nerves?

ence I with ANATOGEN

Nervousness, fatigue, forgetfulness and many other symptoms often hamper the full enjoyment of life. You can become fit and healthy again with a course of Sanatogen.

Sanatogen contains just those elements which give new health and energy to the run-down organism in a very digestible form. It strengthens the nerves, repairs the red blood cells and thus gives new strength and stamina to the whole system.

Prof. Toldid, a well-known European authority, writes:

"Those who are suffering from nervous weakness will soon regain their former strength and joy of life."

Try Sanatogen at once. Buy it today and see how quickly Health and Vitality return.

TANGANYIKA VIEW ON INCOME TAX

ELECTED REPRESENTATION AS A CONDITION?

Future of the Territory

UNION OF NORDIC RACES PROPOSED AS BASIS OF SETTLEMENT

A suggestion that Income Tax in Tanganyika should be postponed by the right of election of Unofficial Members to Legislative Council was made by a speaker at the St. George's Day Dinner at Moshi.

England's Day at Moshi

MOCHI, April 28. In the Northern Tanganyika belonging to the British Crown of the Royal Society, Mr. George celebrated the day with a grand banquet in the city.

Income Tax

Capt. Rydon went on to refer to the income tax in the "Tanganyika Herald" of March 22, entitled "Income Tax." In Kenya the tax is levied on the total income of a person, after a list of exemptions, but in Tanganyika it is levied on the net income, after a list of exemptions.

At Dar es Salaam

At Dar es Salaam, Mr. Shindler, a member of the Legislative Council, has been elected to the position of Chairman of the Council.

Nakuru's Work

Propositions were made at the Nakuru Chamber of Commerce meeting on April 28, regarding the proposed income tax in Tanganyika.

Future of Tanganyika

"It may be argued that the Tanganyika people are not yet ready for self-government, but it is not true to say that they are not ready for self-government."

Serengeti Rest House

The Serengeti Rest House, which was opened on April 28, is a fine example of modern architecture and will be a great benefit to the tourists who visit the park.

Questions in Tanganyika Legislative Council

In the Tanganyika Legislative Council, Mr. M. G. L. O. Mwangi asked questions regarding the proposed income tax and the future of the territory.

**THE PRICE OF MEAT AND AN EXPORT INDUSTRY**  
To the Editor, "E.A. Standard."  
Sir,—That there should be a shortage (at any rate temporarily) of slaughter stock need not surprise consumers. For years the price obtainable on the hoof for a four-year-old steer was as low as about Shs. 40; only—last—many daisy farmers simply knuckled their bull calves on the head. It was not till last year, when the shipments of Bullocks to the Indians ceased of some of the existing reserves, that the price began to rise sufficiently to allow of worthwhile rearing bull calves (on spots), that there would be a remunerative price for the industry. It is, however, not to be remembered that Kakamega, and also the Native Reserves are now competitors for beef with increased prices for their agriculture produce, and returning prosperity to the Reserves, the Natives are busy buying bullocks for slaughter.  
Stockowners complain bitterly of the emptiness for meat in Nairobi, and the fact that not even the skin seems to be credited to them.  
Butchers complain that high prices for European cuts of beef are due to the demand for this type of joint only. This could be, at any rate partially, improved if a premium were paid for properly bred beef bullocks of beef steams. I have schooled this many years ago but they have continued to produce.

to assist in pig breeding (present and potential) that on a given date, a year or so ahead, supplies of a specified type will be required; and it is difficult to estimate price fluctuations.

While on the subject of a pig breeding industry, I remain that the price of feeding stuffs should be controlled within reasonable limits. Also that one or more members specially appointed to investigate the matter should be appointed to the Live Stock Advisory Board.  
I have no time to expatiate on beef or mutton exports but I would like to suggest that cattle/merch trade, and mutton exports, be made possible by growing wool, not the best kind. So here again we must be prepared to advance, and breed from a better meat producing type.

## BUSMEN'S POINT OF VIEW EXPLAINED

### REASON OF WORKING UNDER DIFFICULT CONDITIONS

#### Ill Health Factor

#### SECRETARY'S ALLEGATIONS BEFORE THE COURT OF ENQUIRY

London, May 3. — Allegations were made by Mr. Kenneth Bevin, Secretary of the Transport and General Workers' Union, last night before the Court of Enquiry into the London bus strike as being by the Government began to take public evidence in Midland Road.

Mr. Bevin asserted that the conditions imposed upon "bus drivers by the increasing problems of traffic had resulted in serious ill health, particularly stomach diseases.

#### No Arbitration

Mr. Bevin hoped that evidence would be called only if conditions were challenged, otherwise the case would last a very long time. He said the Union had no intention of regarding the Union as an arbitrator. Today, he said, the Union is going to fight the Government in the courts.

He said that the Government's offer of arbitration was a "trick" to get the bus drivers to accept a settlement. He said that the Government's offer of arbitration was a "trick" to get the bus drivers to accept a settlement.

#### Approved Contract

Mr. Bevin contending his statement asserted that the Union had not been consulted by the Government in the proposed contract between the Government and the management. He said that the Government's offer of arbitration was a "trick" to get the bus drivers to accept a settlement.

#### Day of Processions

Sunday was a day of processions in London. The bus drivers went out in their thousands to demonstrate their support for the strike. The processions were held in various parts of the city.

#### Dismissed Appeal

The House of Lords has dismissed the appeal of the bus drivers. The court ruled that the Government's offer of arbitration was valid and that the bus drivers' strike was illegal.

#### Medical Evidence

The Medical Officer of the House of Commons has given evidence in support of the Government's case. He stated that the bus drivers' health was not as poor as they claimed.

## MINERS REIGN OF TERROR

### One of Worst Riots in England

#### Haworth Incidents

#### HEM DEFENDED BY PARAGRAPHS

London, May 3. — What was described as one of the worst riots in England has ever taken place in Haworth. The riot was a result of a demonstration by 15 men at Worsop Park. They were all connected with Haworth Colliery in Nottinghamshire where the mining dispute began. They are accused of having attempted to prevent a lorry from going to work at the colliery. They are defended by the well-known extreme Socialist Sir Stafford Cripps who was Attorney General in the Labour Government. The case was heard at the court in Haworth. The judge said that the men were guilty of rioting.

#### Allied Gripes

Sir Stafford Cripps, on their behalf said that in 15 or 16 of the charges in which all were charged to prove an offence was prepared to have these men sent where the issue would be whether it was a riot or not. In fact, he would ask that they be sent to jail. He would also make the same request on all allegations of riotous assembly. Sir Stafford said that the men had been given 100 witnesses in support of their case.

#### On the Procession

The organizers of the unofficial bus strike in the Province of Ontario have been stopped. The organizers have been charged with obstructing the highway. The court ruled that the strike was illegal.

#### FOURTH DAY

Minister of Labour has said that the Government is determined to see that the bus service is restored as soon as possible. He said that the Government is offering a new contract to the bus drivers.

## BERLIN AND SALAMANCA RESENTFUL

### REPLIES TO CONDEMNATION OF GUERNICA BOMBING

#### "Raising German Bogy"

#### NAZI PRESS AGENCY'S STARTLING ALLEGATIONS AGAINST THE TIMES

London, May 3. — The reason why "The Times" so strongly condemned the bombardment of Guernica was to help British armaments by raising the German bogy, according to the Nazi Press Agency. The agency said that the "Times" was guilty of "black propaganda".

#### Evacuation Plans Proceed

The evacuation of children from the London area is to proceed as planned. The evacuation is to be carried out by the Home Office. The evacuation is to be completed by the end of the month.

**Get at that Faulty Under Skin**

Here's the keeping "damp-skin" treatment that keeps it vigorous...

**THE LINES BLACKHEADS LARGE PORES**

When skin is flaky, **moist** it smooth!

This needs a different kind of cream

When your flaky bits on top of your skin are just dead surface cells, forever coming and coming off. Have them dry away.

A distinguished dermatologist tells you to wash them thoroughly away with soap and water. But you can't do this properly with a keratolytic cream (Vanishing Cream). Then the flaky, scaly, underlying cells appear, and the skin is a child's smoothness.

That's why Pond's Vanishing Cream is a wonderful powder base and light cream.

Smooths, softens—!—before you put on Pond's Vanishing Cream. Your skin takes on a new smoothness, and you go on with a beauty.

**BERLIN AND SALAMANCA RESENTFUL**  
 (Continued from page 1)

The last Berlin to avail themselves of the opportunity of leaving Italy deserted their ships about the date of the evacuation.

The French Government is making arrangements at Bordeaux to evacuate a number of Spanish refugees carrying 2,000 people.

In the House of Commons, Mr. Eden mentioned the Government's intention to effect naval protection to the coast of evacuation.

No Change

The situation on the Humber front appears to have changed very little since yesterday, the Belgians, having apparently repulsed a number of attacks.

The "Empire" Column

The Emperor announced that the battleship "Empire" was sold by one of the Emperor's ministers, rather than by Japanese aircraft, as reported by the British Admiralty, but another communication has been issued in Yokohama stating that the four or eight battleships dropped by the Humber air force had sunk. It is stated that the name of the vessel sinking was a mine.

**COAL STRIKE HOPE**  
 "But Injunction Will Lead to Trouble"

There is some talk with the coal-mining industry and it is hoped that a national strike will be avoided. A warning was issued that unless the new protest justice there will be trouble in the coal fields.

The possibility of a strike on May 22 was discussed yesterday by Mr. Edwards, the General Secretary of the Miners' Federation. He said that everyone must be serious in concert at the prospect of a national coal strike. He said that a satisfactory settlement might be reached, but he stated his warning to the Government and the Nottinghamshire and counties that unless the demands for freedom of negotiation there was no hope of a settlement.

In the House of Commons last night the Secretary for Mines said he was receiving leads with both sides to the coal dispute. He would be willing to give any reasonable solution of any difficult problem.

**NEW CHURCH IN TORO**  
 First Sol Cut by the Kaitika

Port Toro, May 1.

On Monday afternoon April 22, the first sol cut for the commencement of building work of the new C.M.R.S. Church at Kaitika. In the presence of the Bishop of the Diocese of the Kaitika (His Majesty, C. M. Jackson, Missionary, the Rural Dean of Toro, Canon W. S. B. Russell, and Canon Adam Harvey took the first service at the site.

The new church will be a very fine addition and it is seen several thousands of people. A large proportion of the cost has already been collected through the agency of the Rural Deans and his fellow workers during the past three years, mostly from Africans of the Toro Kingdom.

**RAILWAYS DEMAND**  
 The National Union of Railwaymen has decided to give its support to the Government in the case of the restoration of wage cuts and for the establishment of a minimum wage. The decision was taken at a conference in Chester, today.

**Cycle Sales Rising**

Cycle appliances which have been in a steady increase since the first of the year, are now being sold in large quantities on Wednesday. At a recent meeting of the boys' society in the afternoon of the day, 15,000 of them will soon be taken off the shelves.

GOVERNMENT SPLIT AT BARCELONA

ANARCHISTS IN RIOTING THAT CAUSES 100 DEATHS

Result of Cabinet Crisis

ORDER RESTORED AFTER BATTLE WITH TANKS AND MACHINE GUNS

Violent outbreaks out in Barcelona on Tuesday between the Catalan authorities and members of the Anarchist party, and almost assumed the proportions of a pitched battle in which the extremists were driven by tanks and machine guns from the centre of the city, at the cost of 100 lives.

It is presumed that the split is a consequence of the recent political crisis in which the Catalan cabinet was reconstructed.

Yesterday morning the Valencia Government announced that order had been restored and the normal life of the city was being resumed.

Steps to "Humanise" War

British residents in Bilbao who have been ordered to leave, are expected to witness the battle which has broken out in Barcelona. It is reported that the Anarchists were in control of most of the city. The Government has ordered that the Anarchists should be treated as ordinary criminals.

THE DUKE OF WINDSOR

NO WEDDING ANNOUNCEMENT UNTIL AFTER CORONATION

Kenya Visit Rumour

LONDON REPORT OF NEGOTIATIONS FOR LEASE OF NAIVASHA HOUSE

According to a letter message from London yesterday it was stated officially immediately after the arrival of H.R.H. the Duke of Windsor at Tours in France on Tuesday morning that no announcement regarding the date of the marriage of the Duke to Mrs. Simpson or in regard to their future plans would be made until after the Coronation.

The "East African Standard's" London correspondent called yesterday that, according to the "Daily Telegraph," it is understood that negotiations have taken place on behalf of the Duke of Windsor to rent for six months with the option of purchase the house at Naiyasha being let to Mrs. Jerry Preston.

This rumour has been current in Kenya and in London for several months. Enquiries made by the "Daily Telegraph" yesterday established the fact that no transfer of the house in question has so far taken place nor has any lease been negotiated.

Mrs. Preston left Nairobi, however, a fortnight ago for Paris and any transaction could be done from there. It is reported that Mrs. Preston has a house there and frequently stays in the French capital on her way from Kenya to America. She did in fact come from Paris on her last visit to this country.

Committee's Task

CARRYING OUT RECOMMENDATION BY SIR ALAN PIM

Hollywood is on strike, but it has not yet started making any sort of motion pictures. There is no indication so far that "temperamental" stars intended to sit down and refuse to budge from the set or the dressing room unless they are carried off by their favourite "big" boys.

The picture has been complicated by a dispute between the union—the Federation of Motion Picture-art and the International Association of Theatre Stage and Screen Artists.

PRIME MINISTER'S LAST COMMONS SPEECH

MOVING APPEAL TO END COAL DISPUTE

Chance for British Democracy

"TO PRACTISE ACTS OF PEACE IN WORLD OF STRIFE"

The threat of a national coal strike gave the Prime Minister, Mr. Stanley Baldwin, the opportunity of making what is expected to be his last big speech in the House of Commons.

The whole world, he said, had its eyes on London, and he appealed to the "handful of men on both sides with whom peace or war rested" to show the world that British democracy knew how to practise acts of peace in a world of strife.

Miner Men's Tribute

May 22 the House should be called together in advance of the meeting of the House of Commons on the 24th, which is May 22. He said that the date issue occurred only a few months ago. He said that the miners were prepared to face hardship and loss of livelihood in the name of peace. He said that the miners were not only a great asset to the country but also a great asset to the world.

Coronation Reference

The whole world had its eyes on London, and he appealed to the "handful of men on both sides with whom peace or war rested" to show the world that British democracy knew how to practise acts of peace in a world of strife.

Great Impression

The Prime Minister's appeal was a great impression in the House of Commons and provoked a storm of applause. He said that the miners were not only a great asset to the country but also a great asset to the world.

Government's Statement

The "Daily Herald" while commending the gravity of the issues involved in the debate, said that the Government had not been sufficiently impressed by the views of the miners.

NAIROBI, FRIDAY, MAY 7, 1937.

The Kenya Regiment

AN APPEAL BY HIS EXCELLENCY THE GOVERNOR

"A Duty of High Importance"

The Kenya Regiment will be brought into being with effect from June 1st. This will be a notable day in the history of the Colony and Protectorate. Throughout its whole existence Kenya has been second to none in its loyalty to our King and Empire and this was abundantly proved in the years 1914 to 1918. But patriotism by itself is not enough; training is also essential. War may not break out, but if it does, it will come suddenly and we must be ready beforehand.

The opportunity now offers for those who fulfil the conditions, to be commissioned for the work which their patriotism will inspire them to carry out should an emergency arise. This is a duty of high importance and one required, but I am confident that this will readily be made, that employers will play their part, as the Government intend, in giving opportunities for training, and that the Kenya Regiment will be up to establishment in the near future.

Yours faithfully, (Signed) R. BROOKE-POPHAM, Air Chief Marshal, Governor.

## Oil in Kenya

**Editor, "E. A. Standard."**

The Kenya Mission Department is desirous of securing to itself the right of action taken by the Government in regard to petroleum, in particular, in the event of a discovery of oil in Kenya. It is desired to know whether the Government intend to take any steps in this regard, and if so, what steps.

It is in the Government's own interest to have a clear title to the oil in Kenya, and it is in the interest of the Government to have a clear title to the oil in Kenya. It is in the interest of the Government to have a clear title to the oil in Kenya.

## Where Modern Weapons Offer Small Advantage

### Some Notes on the Razmak Expedition

By Lt.-Col. C. H. Stockley, D.S.O., O.B.E., M.C.

During the Great War the West Frontier of India was the scene of a great deal of fighting for an army just as it was for a very few. The fighting was very hard and the modern weapons were used to great effect. The fighting was very hard and the modern weapons were used to great effect.

With the tribes we will meet our enemies were heavy on foot as we met them in the open. The fighting was very hard and the modern weapons were used to great effect.

A typical perimeter camp on the North-West Frontier—here a Battalion and two mountain guns.

The first part of the expedition was very hard and the modern weapons were used to great effect. The fighting was very hard and the modern weapons were used to great effect.

It is difficult to understand the motives which have led to the outbreak of the present war. The motives which have led to the outbreak of the present war are very hard and the modern weapons were used to great effect.

**Enjoy life to the full**

**with daily SANATOCEN**

What is it that makes her so attractive? All kinds of things, but the first essential is vitality. Natoc means it is 'on our toes' all day long, but the strain of modern life, and of the climate is often too great. By the evening all our morning energy is gone.

Yet it's easy to 'enjoy life to the full'—simply a question of giving the nerves a rest chance by feeding them with Sanatocen every day. The harder you work, the quicker they wear out. Sanatocen rebuilds and revitalizes the entire nervous system. It is not a stimulant—but a food. Every essential does definite, permanent good. This is why 25,000 doctors have written me grants & certificates over the years, millions of people in all parts of the world have made it their standard. Start taking Sanatocen today. See how steadily and surely vitality returns to you.

OUR LONDON CORRESPONDENT writes about

The Tennis 'Tee' in London, April 24th.

Record crowd sees Scotland win the international 'Soccer' match. Mitcham win the Brighton Relay by a yard - Miss Jean Nicoll, aged 14, plays wonderful tennis in the Melbury Tournament - William of Valence runs an amazing race. And must be the best horse in training to-day - Printer, son of Papyrus, likes the Epsom course.

'Soccer'

Scotland beat England by three goals to one in the international 'Soccer' match held at Hampden Park before a crowd of 140,000, the largest ever seen in any stadium in the world.

Rugby

Some keen and interesting play was witnessed on Saturday in the remaining club matches of the 1926-27 season. Leicester had a very good game with Blackburn, but by the margin of five points, Blackburn won.

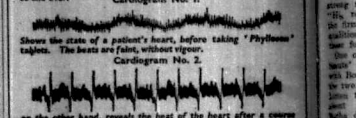

Tennis

It was Austin who led on a week of perfect play when he retained the men's singles of the Melbury club tournament of the 1926-27 season. In the final he defeated N. Sharpe 6-2, 6-1, including a very fine set which he had lost only 16 games in the whole of the season.

'PHYLLOSAN' TABLETS

IF YOU WERE "CARDIOGRAMMED" There is a marvelous machine that records the beat of the human heart. The resultant record is known as a "cardiogram."

On the other hand, reveals the beat of the heart after a course of 'Phyllosan' tablets. The heart-beats are strong, well-defined and regular.

# Proceeding for Milk Yield and Uniformity

Being an address given by A. D. Buchanan Smith, Director of Edinburgh, Institute of Animal Genetics, to the British Section of the British Association.

The optimum yield of a dairy cow is a matter for the decision of the breeder in conjunction with the market. It is not, as is commonly supposed, a matter of the nature of the farm and the capacity of the farmer. Considering the enormous number of cows on milk alone but on a variety of types of farms, and the varying capacities of the land, the maintenance and production of these factors, if they are to be raised to the last degree, become a very difficult task. There must come some day a breed or best type of dairy cow, which is possible to raise in various types with various degrees of milk yield, and which is possible to raise in particular types of farms.

It is the function of the geneticist to determine the optimum yield of any type of farming but to do this the farmer has to be advised as to the nature of the cow which will yield with a reasonable economy. As the breeder knows there is a tremendous difference between the yield of cows which may generally yield about 7000 to 8000 gallons a year, and those which may yield 10,000 or more above these limits. From this it is evident that the variation in yield is very great and greater in some breeds than in others.

In the course of my discussion of this nature there arose up the question of the nature of the cow which is to be raised in a particular type of farming. It is not possible to raise a cow which will yield with a high degree of economy and which will yield with a high degree of milk yield, and which will yield with a high degree of milk yield and which will yield with a high degree of milk yield.

It may interest my readers to learn that Mrs. M. J. Pann, P.O. Box 117, Irving, Texas, has just imported a brace of Boston Terriers from England. These dogs come of the best blood possible and cost her a good deal of money. The bitch was bred by Mrs. Pann and the dog by Mrs. Goodrich and they are very nice indeed. Mrs. Dew told me that the bitch is rather too sleek in color for her age, but otherwise she is perfect. The dog is up to form throughout and would make a fine job at Crufts last year. It is a pity that the owner being so absent at the moment, she is not available for sale.

# Round The Bridge Table

(By Grand Slam)

Mist players will say that it is impossible to prevent an opponent taking a trick in trumps under the following conditions:

Deal: S ♠ A Q J H ♣ 10 9 8 7 6 5 4 3 2 D ♠ K Q J H ♣ 10 9 8 7 6 5 4 3 2 D ♠ K Q J H ♣ 10 9 8 7 6 5 4 3 2 D ♠ K Q J H ♣ 10 9 8 7 6 5 4 3 2

On the face of it West has only to hold off for three tricks in order to make his trump, it therefore appears impossible to prevent the King of trumps, and yet the hand given below, South the declarer who was actually at club contract actually succeeded in doing this apparently impossible feat, and with the loss of a trick. As a double dummy problem as it is, it is a good one to study. A club can be made against any defence or opening lead, while in this case was the eight of spades.

The Hand: S ♠ A Q J H ♣ 10 9 8 7 6 5 4 3 2 D ♠ K Q J H ♣ 10 9 8 7 6 5 4 3 2 D ♠ K Q J H ♣ 10 9 8 7 6 5 4 3 2 D ♠ K Q J H ♣ 10 9 8 7 6 5 4 3 2

The Play: S ♠ A Q J H ♣ 10 9 8 7 6 5 4 3 2 D ♠ K Q J H ♣ 10 9 8 7 6 5 4 3 2 D ♠ K Q J H ♣ 10 9 8 7 6 5 4 3 2 D ♠ K Q J H ♣ 10 9 8 7 6 5 4 3 2

It is only a matter of play which would have made the contract. South had to depend on West's holding a heart. It happens that in three cases in each of the side suits South has four trumps.

# Why you should always depend on BOVRL

There are sound reasons why BOVRL has, for over 20 years, maintained its reputation as the standard of all who need extra strength and energy. Those who turn to BOVRL in health or sickness can be sure to reap benefit, because—

BOVRL NOURISHES you are sure of being nourished if you take BOVRL.

BOVRL STIMULATES your power of digestion and to help other parts to nourish your body.

BOVRL INVIGORATES you sprout and effectively when you are "feeling down." As you get a cup of hot Bovril you feel strength flowing into you.

BOVRL REPLENISHES the strength and energy which the daily wear and tear of modern life takes out of you. That's why you should take BOVRL.

BOVRL PROTECTS you from colds and illness by maintaining a high standard of health—the correct way to combat the danger of infection.

BOVRL RESTORES your health by soothing inflamed tissues and restoring the necessary nourishment. By the use of it restores color and vitality and breaks the grip of rheumatism.

# THE OND 'BUS STRIKE

### EMPLOYEES POINT OF VIEW EXPLAINED

### Strain of Working Under Difficult Conditions

#### PROSPECT OF NATIONAL COAL STRIKE

**London, April 30.** Negotiations have broken down in the London busmen's dispute. Meetings went on through the investigation of the Ministry of Labour, at a late hour last night and unless there is a settlement, the London busmen's last traffic will stop at midnight to-morrow. There will be a definite condition that morning to consider the position.

The Minister for Labour, Mr. Thomas Ince, addressed the busmen last night and afterwards the Secretary of the Transport Workers' Union, Mr. Ernest Bevin, denied that the men were trying to bring the strike to a premature end. He said that the men had been going on since "We have felt," he said, "that constitutional negotiations would have no effect on the settlement. The Executive have now left it to the delegates to decide the course of action."

**In the Province.** The provincial bus strike has not yet been recognized by the Government. The men are pressing for a new settlement. Delegates representing the employees of the big companies and bus companies are in a meeting to decide the course of action.

**Delegates' Decision.** Delegates from 100,000 busmen met last night to hold an unofficial strike in support of those who are already out. The Union refuses to enter into negotiations with the men returning to work. The Transport Union is antagonising the extension of the strike to other central areas.

The central London strike is 100 per cent effective, the Minister of Transport said. The Provincial strike is only effective in the South. The Transport Union has decided not to come in for the time being.

**To Down Peace.** A number of Scottish bank clerks are getting ready to down peace and also leaguers to go. Seven hundred employees of the banks are demanding higher wages. The Government has decided not to regard it as a strike. They say the action is not a strike but a strike for dismissal. The men's union is supporting the strike.

**Bus Strike Begins.** The strike of Scottish bank clerks which was due to start today collapsed and the world's longest strike was reduced to a day's action.

**Most Difficult.** Scottish mail carriers are holding a meeting at midnight to decide the course of action. They are making a statement about the appointment of a Court of Enquiry to investigate the strike. He asked the Transport and General Workers' Union whether the strike would be postponed until the strike was finished but the Secretary, Mr. Bevin, replied that the men would not do this.

**The Beginning of the Strike.** The men of the Dundee and Arbroath bus companies are on strike. The men of the Dundee bus company are on strike. The men of the Arbroath bus company are on strike.

**Members' Decision.** The Milkworkers' Federation has decided to call a national coal strike on May 22. Industrial peace seems to be in the air. The Scottish coal miners are on strike. The coalowners have offered the men a 10 per cent increase. The men have refused to accept it.

**Bank Clerks Back Out.** The strike of Scottish bank clerks which was due to start today collapsed and the world's longest strike was reduced to a day's action.

# THE DUKE OF WINDSOR

### NO WEDDING ANNOUNCEMENT UNTIL AFTER CORONATION

### Kenya Visit Rumour

According to a Reuter message from London, dated May 5 it was stated officially immediately after the arrival of H.R.H. the Duke of Windsor at Tours in France on Tuesday morning that no announcement regarding the date of the marriage of the Duke to Mrs. Simpson or in regard to their future plans would be made until after the coronation.

The "East African Standard's" London correspondent called that, according to the "Daily Telegraph" it is understood that negotiations have taken place on behalf of the Duke of Windsor to rent for six months with the option of purchase the house at Malvern belonging to Mrs. Jerome Preston.

**NOTHING NEW IN NAIROBI.** The rumour has been current in Kenya and in London for several months. Enquiries made by the "East African Standard" yesterday established the fact that the Duke of Windsor has not been in Kenya for several months. The Duke of Windsor is in London.

Mrs. Preston left Nairobi, however, a fortnight ago for Paris and any transaction could have been carried out there. There is no special significance in the fact that Mrs. Preston has gone to Paris. She has a house in Paris and is in the French capital on her way from Kenya to America. She did in fact come from Paris on her last visit to this country.
