GEORGE A. TYSON LTD. (The Uganda Co. Ltd.)

Canning's role in Kenya's economic future

NAIROBI ROTARIANS at their weekly luncheon were told of the possibilities and their manufacture by Rotarian Graham Clark, of the Metal Box Company, Nairobi.

Clark said it was doubtful whether tin canners would be able to supply a fresh produce market. He suggested the French Navy with bottled foods in 1939. Demand for food on an English pattern is increasing and its containers in perspective.

More pressure needed in using the methods of preservation. Mr. Clark said that in Kenya and district, great pressure must be employed that an adequate supply of tin cans be produced. The long growth in Kenya is a hindrance to the extension of the tin can industry in Kenya and more machinery is required for the production. The long growth in Kenya is a hindrance to the extension of the tin can industry in Kenya and more machinery is required for the production.

Assured market The establishment of a stable can market in the Colony is one of the main objects of the Government. It is to be employed that an adequate supply of tin cans be produced. The long growth in Kenya is a hindrance to the extension of the tin can industry in Kenya and more machinery is required for the production.

Here in the Colony as in many other parts of the Commonwealth, it was the function of the can manufacturer to serve as the starting point of a new and progressive industry. It is to be employed that an adequate supply of tin cans be produced. The long growth in Kenya is a hindrance to the extension of the tin can industry in Kenya and more machinery is required for the production.

Timber Controller of the British Board of Trade, is leaving for Moscow to discuss contracts for the new season. There are reasonable prospects that the contracts will be larger than last year's.

Contrasting with Argentina's attitude on timber, Russia accepted the timber and grain contracts with the limits of starting to vary them. The British Board of Trade is leaving for Moscow to discuss contracts for the new season.

German and Japanese trade competition

MR. R. MAUDLING, Conservative Member for Barnet, (Hertfordshire) has called for an Empire Economic Conference to discuss the early and rapid development of German and Japanese competition in world markets.

He has given notice he will move the matter in the Commons next Friday.

Meanwhile, it is reported that the Japanese Ministry of International Trade and Industry has declared that Japan could boost her exports by \$100 million next year.

He told Press men that Japanese industrialists generally desired to expand their output in order to meet the demand for goods in the Empire.

This would allow Japan to meet the demand for goods in the Empire and to gain a foothold in the Empire.

THIRTEEN leading scientists are meeting in Rome to debate the authenticity of one of the most remarkable relics in the Christian world—the Holy Shroud of Turin, believed by many to be the burial cloth of Jesus Christ.

THE DOCKLAND CAULDRON

Fears and grievances which prompt Thames-side strikes

ONCE more the Port of London has been paralysed by a dock strike. Once more the Press has poured out its wrath in the name of exports and empty food shops. Yet once more the dockers have shrugged their shoulders at the authoritative advice of their own leaders but failed to return to work.

And one can hardly say that the situation on the waterfront is any more a stable situation than it was last time. The strike has been a costly one for the dockers, but it has also been a costly one for the country.

EUROPEAN ZONE 1st ROUND DAVIS CUP TIES

Drabny wins British hard courts title

BELGIUM and Sweden have qualified for the second round of the Davis Cup (European zone) international lawn tennis competition.

Belgium, captain Ben Fildard, at Brussels, and Sweden beat Holland at The Hague. Belgium met Yugoslavia in the second round, the latter having beaten Austria and Sweden last year.

England, at Bournemouth, had a bye, and the British zone will play the reverse league final.

How not to give a Tennis Party

Bad hair has been and no matter how everyone can make a failure of a tennis party. Nevertheless there are certain precautions which may be relied upon to reduce the chances of success.

For optimum hair you should cut the hair before the game starts. Let them do it themselves while you watch the play of a successful tennis.

Do not attend the balls in the white-swinging. Searching the balls in the middle of a long-haired hair is a great nuisance.

And avoid, also, not on any account provide long football drinks. The longer the hair, the more the hair will be in the way of the hair.

OFFICIAL STORY OF BARINGO

'Generally agreed' facts GOVERNMENT TELLS OF STEPS TAKEN TO MEET SITUATION

The first official account of the recent disturbances in the Baringo district in which three Europeans and one African were killed, is a clash with tribesmen has been issued by the Government.

The official facts are summarized by the reminder that while "it would be impossible to reproduce any of the evidence which has been brought forward, the facts as stated seem to be generally agreed and are published for information."

The information that trouble was brewing in the Baringo district was first received in the afternoon of April 11 from the African Indian Mission at Nanyuki. The mission had been advised by the staff of the Mission that a large gathering of tribesmen was taking place in the vicinity and that the tribesmen were generally armed and that the mission had been threatened.

On the morning of April 12, the mission was informed that the tribesmen were on their way to the mission and that they were carrying arms and ammunition.

NEW ALLIED LAW FOR GERMANY

To ensure she stays disarmed

The Western Occupation powers have published an all-embracing law to ensure that Germany remains disarmed and that her industries are used solely for peaceful purposes.

It makes no new concessions in German industrial freedom, but in the main it confirms the restrictions of the first law, which prohibited the production of all military equipment and the production of arms, munitions and explosives, and prohibits a group of industries from producing anything which could be used for the production of arms.

A deliberate breach of any provision of the law is a maximum penalty of jail for life and a fine of \$100,000.

Revision in 1952

It is possible that, in the future, the law will be revised to allow the production of certain types of arms and munitions, but it is unlikely that the law will be relaxed to the extent of allowing the production of all types of arms and munitions.

The law is a revision of the first law, which was passed in 1945, and it is a significant step towards ensuring that Germany remains disarmed.

RUSSIA IS NOT THE ONLY THREAT TODAY

It is a good thing for the people of any country to take stock from time to time of their position and to form an estimate as possible of the dangers which threaten them.

It is an estimate which is possible with the words of Great Britain, the United States and other nations which are not so well known as those of the United States.

But they preferred the rapid course of the Communist politicians and of those who have been named as their agents.

There was a danger of mistaking good manners for good sense. It is a mistake to suppose that the Russian Revolution is a thing which is done for its own sake.

It is a mistake to suppose that the Russian Revolution is a thing which is done for its own sake. It is a mistake to suppose that the Russian Revolution is a thing which is done for its own sake.

RUSSIA IS NOT THE ONLY THREAT TODAY

The minority objects only to the fact that the Communist Party is not a party of the people. It is a party of the people.

It is a party of the people. It is a party of the people. It is a party of the people. It is a party of the people.

Red Inflation

The rate in France and in Italy is very different. In both countries the Communist party is forming and the infiltration of Communism into positions of power is increasing.

DUNDORI AFRICAN CENTRE ATTRACTS SPIVS

—says Labour Officer

AFRICAN members of the Ofikani District Association invited to attend the meeting of Nakuru District Council at the Ofikani, Nakuru, had reported allegations of immorality and disorderly conduct by members of the Dundori African Community Centre in the neighbourhood of the Dundori African Community Centre. It was stated that living near the centre denied the allegations.

It was stated that records of between three and four thousand which were sent from Nakuru and other places in the Colony and that there was insufficient control over these records.

Consequently, the Dundori African Community Centre was asked to refer the matter to the Dundori African Community Centre.

The Chairman (Mr. D. H. P. Hill) explained that the Dundori African Community Centre was a considerable African population in the vicinity with no village facilities nearer than Nakuru.

Police post

After a meeting had been held in the past a Police post had been established at the Dundori African Community Centre and had been the main centre of the Dundori African Community Centre. It was stated that the Dundori African Community Centre was a considerable African population in the vicinity with no village facilities nearer than Nakuru.

Hunt a banner

Another member of the public stated that he had been obliged to go to the Dundori African Community Centre on the front of the Dundori African Community Centre. It was stated that the Dundori African Community Centre was a considerable African population in the vicinity with no village facilities nearer than Nakuru.

Army rank titles for Kenya W.R.A.C.s

THE news that H.M. the King has approved Army rank titles for women officers serving in the Women's Royal Army Corps and in Queen Alexandra's Royal Army Nursing Corps was greeted with loud cheers when it was announced by Field-Marshal Sir William Slim, Chief of the Imperial General Staff, at a recent reception of servicewomen in the Royal Albert Hall, London.

It was received equally enthusiastically by W.R.A.C. personnel stationed in Kenya. Under the new order, a Chief Captain is promoted to Major-General, a Senior Colonel to Brigadier, a Colonel to Major-General, a Lieutenant-Colonel to Colonel, a Major to Lieutenant-Colonel, a Captain to Major, a Lieutenant to Captain, a Second-Lieutenant to Major, and a Second-Subaltern to Lieutenant.

In charge

In charge of the W.R.A.C. is Captain Charles Chindlow, who arrived in Nairobi towards the end of March. The only other woman officer serving there is Captain J. Wilkinson, personal assistant to the officer.
