GERMAN PEOPLE'S LEAVING FOR CAPE TODAY?

British Press Review Of Reich During 1936

POSSIBLY THERE IS GREATER OPPOSITION TO HITLER TODAY THAN FOR SOME TIME PAST. IT IS, HOWEVER, AN UNORGANISED OPPOSITION AND IS DIVIDED OPPOSITION. FOR THOUGH UNITED IN DISLIKE OF THE PRESENT REGIME, IT HAS NO AGREED ALTERNATIVE TO OFFER.

This is the conclusion reached by a correspondent of the London Times, lately returned from Germany, in a summary up of sentiments and opinions in the Reich during 1936.

Three main factors have militated against the growth of active opposition to the regime—the success of Germany's foreign policy, the absence of any apparent alternative to Hitlerism, and the success of the Government in combining unemployment relief with the growth of the economy.

A review of Germany in 1936 has been published by a special correspondent of the Times, who writes as follows:— It is now three months since Hitler's return to Berlin after his visit to the conference of the League of Nations. The German people have had time to reflect on the results of his visit. The fact that he had not only secured the release of the prisoners of war but also secured the release of the prisoners of war has been a source of surprise to many. The fact that he had secured the release of the prisoners of war has been a source of surprise to many.

During the preceding six months the German people have been subjected to a strain such as they have never known before. The strain has been the result of the German people's reaction to the death of their fatherland. The strain has been the result of the German people's reaction to the death of their fatherland.

The official propaganda, though it is not so much as it used to be, has been able to keep the German people in a state of ignorance. The official propaganda, though it is not so much as it used to be, has been able to keep the German people in a state of ignorance.

It is not so much as it used to be, but the German people are still in a state of ignorance. It is not so much as it used to be, but the German people are still in a state of ignorance.

MR. EDEN IN AMERICA

The first six days of Mr. Eden's tour of America have been a success. He has met with a warm reception and has been able to do much good work.

Mr. Anthony Eden, addressing the National Association of Manufacturers at the Waldorf-Astoria Hotel during his visit to America. He spoke of the importance of international cooperation and the need for a more unified world.

CRASH INTO OXCART

Court Story in Manslaughter Case

The hearing of the manslaughter charge against John Charles Carter, arising out of the death of a Native boy, has been adjourned to Government House, Nairobi, to continue in the Supreme Court yesterday.

The N. A. W. Roberts, Medical Officer, testified that on September 10, he was driving his motor car along Government Road, Nairobi, when he struck a Native boy.

In re-examination by Mr. T. A. O'Brien, the Crown case, Dr. Roberts said that if the accused was on the verge of a fit, he would not be held responsible for his actions.

In reply to a question by the judge, Dr. Roberts said that he had not seen the accused at the time of the accident.

Assistant Inspector Pickford said that on September 10, he was driving his motor car along Government Road, Nairobi, when he struck a Native boy.

Looking at the plain and prominent road, he said that he was driving his motor car along Government Road, Nairobi, when he struck a Native boy.

Possibly there is greater opposition to Hitler today than for some time past. It is, however, an unorganised opposition and is divided opposition.

ELDORET BURGULARIES

Thief Tried House Of Magistrate

The first six days of Mr. Eden's tour of America have been a success. He has met with a warm reception and has been able to do much good work.

Italian bandits are in the habit of dropping letters urging people to assist them in some of their plans. These letters are often written in Italian and are addressed to the head of his battalion.

Many of the documents left behind by the bandits are of great value. They contain information about the bandits' plans and their activities.

Human Documents From Italians In Abyssinia

Remarkable stories about conditions in some parts of Abyssinia are related in documents presented to the League of Nations.

They are based on diaries of Italian soldiers and give a vivid picture of life in the interior.

TRANSFUSIONS ON A ROAD JOURNEY

Two Red Cross ambulance drivers, C. Bull and Sgt. Major J. Williams, today drove a motor ambulance to a hospital in the mountains of the East African Highlands.

The patient on the motor ambulance was a young man who had been injured in a motor accident. The ambulance was driven to the hospital where the patient was treated.

FUNK HOLES

People who can afford to keep in their country cottages are still here in the event of national emergency. They are the 'funkt holes'.

The 'funkt holes' are small houses or cottages which are built in the country. They are used as a place of refuge in the event of a national emergency.

FIRST PRINCIPAL OF MAKERERE

British Press Stresses Importance Of The Appointment

Many leading British newspapers comment approvingly on the appointment of Mr. G. C. Turner, Master of Marlborough, to be the first Principal of Makerere College, Uganda.

"The Times," saying that acceptance of the post shows a spirit of adventure, hopes that Mr. Turner's example will be more widely followed by others who can transfer their careers to the Empire. The "Daily Telegraph" regards the appointment as "of supreme importance"; the "News Chronicle" suggests that Britain's way of doing things for subject races must be noted by totalitarian critics.

The "Evening News," warning everybody against carrying to Africa the educational systems and weaknesses of Britain, says "It is the spirit of Africa, not the scholarship, which Makerere wants, and will profit by."

LORD DELAMERE and the making of Kenya

WHITE MAN'S COUNTRY

by ELSPETH HUXLEY

Price Shs. 2/- (postage 1/-) net of 6 volumes

EAST AFRICAN STANDARD, Ltd. NAIROBI.

Review by "The Times"

"White Man's Country" is an interesting and readable book. It has in reality two subjects, as the sub-title 'Lord Delamere and the Making of Kenya' explains. In part it is the biography of an exceptional man, in part it is the history of a gallant and adventurous British settlement. His history was right to combine the two, since they were for more than thirty years so closely interwoven that to write of one without the other would be absurd. We have waited a long time for a book of this sort.

'LAY DOWN YOUR ARMS' CALLS GENERAL FRANCO

War not over yet Says Spanish Government

ALL CATALONIANS SHOULD LAY DOWN THEIR ARMS. A NATIONALIST VICTORY IS INEVITABLE.

"THOSE WHO THINK THAT THE WAR IS DRAWING TO A CLOSE WILL ONCE AGAIN BE PROVED MISTAKEN. THE GOVERNMENT HAS PASSED THROUGH MORE CRITICAL PHASES"

These are statements made respectively by General Franco and by the Spanish Embassy in London. Two strong lines of defence are reported to be the path of the Nationalists in Catalonia, and every available person is being brought into the defence plans. The evacuation, previously passed as safe, are to be re-examined for service.

The French press is greatly concerned over the situation, particularly in regard to its office in French interests, and a statement to Berlin says that Germany would participate in the event of any violation of the non-intervention understanding.

January 11. From three small towns in the interior of the north, there has been reported attacks since when there has been little news for several days. In these small towns of the interior, there is said to be an abundance of arms and munitions, and it is believed that the Nationalists are making a serious attempt to break through the Government lines.

Spain, and the report of its Commission, which is the only one of its kind in the world, is being published in the Nationalist press. The report says that the Government has had to be withdrawn from the fighting and the Nationalist forces are now in a position to re-organise themselves in the interior.

Paris Croydon
In 41 Minutes
An Italian airplane has just set up a new record for the fastest flight from Paris to Croydon, covering the distance of 200 miles in 41 minutes.

Lord Halifax, the British delegate, said that Britain desired peace in Spain, and the only way to obtain it was to prevent further intervention.

Lord Halifax said that the British Government was not in a position to make any proposal for a truce in Spain, and that the only way to obtain peace was to prevent further intervention.

IRISH REBELS BEHIND BOMB OUTRAGES?

Attempt To Set Up Republic

IRISH REPUBLICAN ARMY PLOTS ARE BELIEVED TO BE BEHIND A SERIES OF EXPLOSIONS WHICH OCCURRED ON MONDAY MORNING IN DIFFERENT PARTS OF ENGLAND. THERE WERE TWO IN LONDON, THREE IN MANCHESTER, ONE IN BIRMINGHAM AND ONE IN NORTHUMBERLAND, AND IN EACH CASE ELECTRICITY SUPPLIES WERE TO BE THE OBJECTIVE.

The same morning, posters appeared all over Ireland, calling upon England to remove all armed forces, officials and institutions from Ireland, and assuming that the I.R.A., which is, of course, an illegal organization, was about to attempt to set up a republic.

In all these events, posters appeared all over Ireland, calling upon England to remove all armed forces, officials and institutions from Ireland, and assuming that the I.R.A., which is, of course, an illegal organization, was about to attempt to set up a republic.

It is believed that the London explosion was the result of a bomb which was thrown by a member of the I.R.A. who was in London at the time.

The only death was that of a Manchester market porter. Another man was injured at the same time. The explosion occurred in the city of Manchester.

YOU'VE NEVER HEARD SUCH TONE!

YEAR AFTER YEAR, the public looks to Zenith to lead the way in modern improvements to home radio receivers . . . and year after year . . . for 24 years, Zenith has steadily improved its products to their present fine state of perfection.

Again, this year, the 1939 Zenith models are not one year in advance of the radio industry, but many years ahead. Look over their amazing new features . . . every one of them important in giving you "Giant Leadership Values" unequalled in the industry.

No other radio but Zenith gives you the Radiorgan . . . Zenith's marvellous new tone discovery . . . the most im-

portant feature in the field of tone ever put on any radio. This new device gives you complete mastery of tone; and tone colour effects that enable you to act as your own orchestra conductor . . . to recreate music into something that is yours . . . something that is YOU!

Look over the illustrations of these beautifully designed cabinets, in smooth pastel plastics and figured woods of the highest grade possible to obtain. Compare these superb 1939 models, feature by feature, with what you find in other makes of radio. Then compare Zenith's prices with any other prices and you will realize what we mean by "Giant Leadership Values" . . . better radios at lower prices.

UGANDA'S COTTON FUTURE

Discussed By Director Of Agriculture At Farewell Dinner

...writings respecting the future were contained in a farewell dinner at Kampala to the Director of Agriculture, who is going to the Sudan.

...figures of exportation of Uganda's principal crops—cotton, tobacco, coffee, sugar and tea—were being taken place since Dr. Tottill was appointed in 1950.

...the reorganisation of staple, the possible doubling of the import ton in India, the new farming methods, were among the points made by speakers.

...the principal decoration of the tables and a miniature bale of cotton is among the gifts Dr. and Mrs. Tottill will take to the Sudan.

Kenya Hares Won

Flaw jumping hares which arrived at the Zoo recently from Kenya have been showing their prowess. These hares, the first of their kind to be seen in the menagerie, are small animals about the size of a rabbit. They are credited with having jumped over a fence which had exceeded all expectations. When moved from the enclosure they were given a home in the Zoo. They are now being trained to jump over a fence which is 10 feet high. For the first time in Kenya have hares been shown in a conventional manner, but they found they were much more than they were credited with. They were found to be very intelligent and to be able to jump over a fence which had jumped the concrete top of the Zoo. They were also found to be very intelligent and to be able to jump over a fence which had been trained to twelve feet. They have been getting into training for another high-jumping contest.

THREE YEARS WITH BROKEN LEG

A woman who lived for three years and a half years with a broken neck, and who died in the hospital, was hailed by the old waiter who had been the only one to care for her. The waiter, who was named Mr. Derry, was from the old days of the hospital. He was the only one who had seen her when she was first brought to the hospital. He had seen her when she was first brought to the hospital. He had seen her when she was first brought to the hospital. He had seen her when she was first brought to the hospital.

the x-ray of business

The new way for all records concerns the old "speaking" or ledger method. Major record clear text, which, unless arranged in Roneodex, are obscure and difficult to arrive at. Amongst other advantages, Roneodex gives you Control over every stage of your work, and enables you to see at a GLANCE—
Customer's Order—You can see at once those who have not purchased from you for 3 months.
Ledger—You can see at a glance those of your accounts which have not been settled for any particular period you wish to know.
Bank Record—You can see at a glance.
(a) Those items which are not settled.
(b) Those goods which are dangerously low.
(c) Those which are heavily overpaid.
Wages Record—You can see at a glance—
(a) Exact progress of any piece of work at every stage. (b) All jobs in hand or completed.

RACING BRITISH BRED HORSES VINDICATED Record of Son-in-Law Family

THE AFRICAN STANDARD (Continued) London. Kingman's and Veer's Cup in Australia last month came at an opportune time. They should have been won by British horses were being brought to record after the position.

In 1937 the Australian-bred Flying Glider won the King-Emperor's Cup, and Farnet, a son of Farnet bred in France, took the Veer's Cup. In 1938 the British-bred Flying Glider won the King-Emperor's Cup (one mile) in 1938 and the Veer's Cup (one mile) in 1939. The British-bred Flying Glider won the longer distance (1 1/2 miles) over which the Veer's Cup is run, and he finished first.

For the King-Emperor's Cup first run the runner-up to Finlay was Mr. E. Bennett's Lincolnshire Handicap and Victoria Cup winner Phoebe. Phoebe was bred in France at the time Phoebe was sold to the British-bred Flying Glider. Her sire was bred in France at the time Phoebe was sold to the British-bred Flying Glider. Her sire was bred in France at the time Phoebe was sold to the British-bred Flying Glider.

Finlay's history For the Veer's Cup, Finlay finished runner-up to the winner, a mare named ease by three and a half lengths.

The history of Finlay's is not uninteresting. He was bred by Mr. J. Anthony on a stud farm near Weymouth, Dorset. He was bred by Mr. J. Anthony on a stud farm near Weymouth, Dorset. He was bred by Mr. J. Anthony on a stud farm near Weymouth, Dorset.

At a two-year-old he finished runner-up, on occasions fairly well, but he was not a horse to attract much attention in the work at a racecourse. It was at the close of the season he was converted into a gelding. At such he made his first appearance at Farnet as a racing horse for three-year-olds. This was by four lengths.

Success followed at Farnet (six furlongs). York (one mile) and at the Britannia Stakes (seven furlongs) at Alton, carrying six stone, 8 at 13 lb. The same year he ran third in the Cambridge Handicap, a handicap, and was subsequently the runner-up to the winner, a son of Phoebe, at Farnet, who was returning 20 lb. from Farnet.

At the Farnet race he was runner-up to the winner, a son of Phoebe, at Farnet, who was returning 20 lb. from Farnet. At the Farnet race he was runner-up to the winner, a son of Phoebe, at Farnet, who was returning 20 lb. from Farnet.

English Market deal Now it happens that Pylon II, by Phoebe of Farnet, by Phoebe is one of the English horses bred in France, a fact which is not surprising when the Chesterfield Cup and Veer's Cup are won by British horses. It is not surprising when the Chesterfield Cup and Veer's Cup are won by British horses.

CUP HEROES WERE KISSED

Handfuls of kisses were waiting before dawn. Today to greet Veer's "works" team which faced a draw with Sheffield Wednesday, Second Division side, in the third round of the F. A. Cup. When the team's characteristic pull-out after the long journey from Sheffield to London was over, the players kissed their husbands.

They will be a general holiday in Farnet every two weeks in the game. Part of the team's training will be on the field with Sheffield Wednesday on Thursday.

NO NEED TO CLEAN YOUR RIFLE IF YOU ALWAYS USE

'22 I.C.F.' NON-RUSTING AMMUNITION and what is more, your barrel will last a lifetime

★ We have had a rifle used for a year. Every week an average of 1,000 rounds of .22 I.C.F. NON-RUSTING AMMUNITION has been fired through it. After using 100,000 cartridges no sign of rust was visible. The barrel was as smooth as a new one after being used for a year.

DEER HUNT. It is a fact that the average rifle shooter should shoot 100 rounds a week to keep a rifle in a state of readiness. The only way to do this is to use I.C.F. NON-RUSTING AMMUNITION. ALWAYS USE .22 I.C.F. NON-RUSTING AMMUNITION.
