GOVERNORSHIP FOR KENYA OFFICIAL

Mr. W. G. Glenday to go to Somaliland

The following appointment has just been issued by the Secretary-General.

The Chief Secretary of the Colony and Protectorate of Kenya presents his compliments and begs to state that His Majesty the King has been pleased to appoint Mr. W. G. Glenday, C.M.G., to the post of Governor of the Colony and Protectorate of Kenya in succession to Major Sir Arthur Lawrence of Sir Vincent Grenville Glenday, C.M.G., O.B.E.

Mr. Glenday has a splendid record of administrative services. His previous posts have been a great variety of posts, including the post of Director of the Kenya Forest Department, the post of Director of the Kenya Police, and the post of Director of the Kenya Prisons Department.

Tonight's Dinner: Good Response To Invitation

Tampara League head- quarters were last night yesterday evening, 29th January, the dinner given to the people of the district. The dinner was held at the Club and was attended by a large number of guests. The dinner was a success and the response to the invitation was very good.

AIRCRAFT IN CANADA AND U.S.

Mr. C. G. O'Connell, Minister of the Air Force, has announced that the Government has decided to purchase a number of aircraft from the United States and Canada. The purchase is part of a programme to increase the strength of the Royal Air Force.

ITALIAN TROOPS ON MOVE

It is reported that Italian troops are moving from their positions in the Italian Somaliland towards the British frontiers in the north.

K. F. A. Market Survey

CEREALS WEAKER

The Kenya Farmers Association has issued the following Market Report dated Monday, January 31, 1939.

The domestic market in the main market during the past three weeks has been the question of a shortage of wheat. There is no doubt that wheat has dropped considerably over the last 10 days and has had a considerable effect on the domestic market.

The United Kingdom demands were strong during the week ago. The market was generally quiet and the price of wheat was steady. The price of maize was also steady and the price of barley was slightly higher.

THE CHAMBERLAIN TOUCH

London, January 29. Plans for the formation of a Chamberlain touch in the House of Commons are being discussed by the Government.

LATE Friend Of The Elephant

Tributes From Bench And Bar

"Perhaps never had his courage more appeal to us than in this long-drawn-out battle for the gallantry in the Sudan that has finally closed."

This was part of the striking tribute to the late Colonel J. H. Hopley paid by His Honour the Chief Justice of Kenya, Sir John Burdett, in the Supreme Court yesterday.

After the United Kingdom demands were strong during the week ago, the market was generally quiet. The price of wheat was steady and the price of maize was also steady.

HUNGARIANS JOIN ROMANIAN JOY

Budapest, January 29. The Hungarian Ministry of Foreign Affairs has announced that the Government has decided to join the Romanian side in the dispute over the Danube River.

GAD SIR! EVEN MY HARDENED CONSTITUTION CAN'T STAND THESE CONTINUAL CHANGES OF TEMPERATURE!

My car engine will be protected at all temperatures, from comparatively low ones at night to high temperatures when running. The New Shell Motor Oils provide full protection against cold corrosion through condensation at low temperatures, and because of their tough old-tin, interrupted lubricant under stressuous working conditions.

FOUNDED NOT SO MANY KENYA LOCUSTS

Pioneer Passes At Age Of 72

The latest official report on the Kenya locust pest indicates a steady improvement. It is expected that the locusts will be cleared from the country by the end of the year.

It was in 1902 that he was first employed by the Government. He has since then held various positions of responsibility and has been a pioneer in many fields.

Mr. Burgh had been in the country for many years. He had been a pioneer in many fields and had made many contributions to the development of the country.

"THE STANDARD'S" TRAVELOG by MOLLY THORNEWILL about The Lighter Side of Europe

BELGIUM. THE THEATRE OF TO-DAY

RETURNING to the Continent some time after a short visit to Paris, we landed one afternoon at Ostend in England, where one feels fit of the tick of world affairs, we had become greatly interested in European happenings, and were determined to stay at the people's hotels—not the tourist ones.

We left Ostend at 5:30 p.m. and crossed along the busy sand roads for Brussels. The first plane made for the Oidje, spending and awaiting the huge rare fanning corners of about 60 miles an hour, three abreast. We arrived in Brussels at 11 o'clock and, with the help of the A.A. cars, did a few gardenes, and through it easily.

The theatre changed to London style—Tavern— and we went along on a ribbon wreathed through European towns. I was on the look-out for somewhere to eat and sleep.

Generally speaking, along the coast, there is a more relaxed life. Here the houses are not so crowded, and the streets are not so narrow. In the inland towns, the houses are more solid and the streets are more regular.

The most delightful light evening was suggested by Liza Froomberg and Alfred Lent. The production cost £25,000 before the 1938 performance ended along More than 100,000 people saw him.

La Femme S'Amuse

I FOR ONE...

... Have Someone To Stay

HAVING recently acquired a house, I am finding it rather difficult to think of anything but fabrics and furnishings and all those immemorable little bits and pieces that go to make a house a home. One of these days I shall write a bit about decoration and, perhaps, the material that one can get in this country.

For the time being, since I am rather short of space, I shall talk about that exciting thing when the first guest arrives to stay. I try to sit in one of the greatest pleasures of life—waiting to see the first guest arrive. It brings to me all my mother's smiles. I find it the greatest fun to flush away for hours before their arrival. I have to make up my mind as to how these two men shall be to meet, and what shall be their first night's stay.

It is strange but true that only many people have been showing their sense of humour and wit in the past few days. It is very hard to see a man who is not a little bit of a fool. I have seen many men who are very hard to see. I have seen many men who are very hard to see. I have seen many men who are very hard to see.

The Great Change In The Queen's Dress

MARGUERITE PEACOCK WOMEN NOW FOLLOW HER LEAD

ALL over the world people are talking of the way in which the Queen has changed from a woman who was merely 'well-dressed' into a leader of fashion.

She has altered it so she made this change, but she is not the first to do so. The truth is that the Queen's transformation has been the result not of a gradually increasing interest in dress, but of a deliberate plan of action. As Duchess of York she was entitled to choose her clothes more or less to please herself, within the limits of convention. When she became Queen she relinquished all obligation to look the world of fashion.

On this occasion the Queen has to take her place as the First Lady in the land, and she is determined to look the part. She is getting a lot of attention for her work. She is getting a lot of attention for her work. She is getting a lot of attention for her work.

It is a good thing to know that the Queen's party design has clothes herself in consideration with her dressmaker. She is getting a lot of attention for her work. She is getting a lot of attention for her work. She is getting a lot of attention for her work.

Now the Queen has given her party design her own saying. Her own saying is to be simple and simple, but elegant for dancing. Her own saying is to be simple and simple, but elegant for dancing. Her own saying is to be simple and simple, but elegant for dancing.

The Queen and this dramatic satin gown designed to set off her pearls and set off the heart-shaped neck which she has made popular. She chooses the best look with the lugs while her cap.

MOTORING AND AVIATION SECTION

The Bomber Can be Beaten

by VICTOR BURNETT.

THE fear of the bomber is fading, terrible though it still is. Royal Air Force squadrons equipped with the new high-speed fighters now believe that they can checkmate the invading formations.

For years now there have been two schools of thought on bombers. One held the opinion that nothing could stop the bomber getting through.

The other held that the bomber would be useless, even if it did pass the defences.

New ideas say that both of these schools are wrong. The bomber can get through but the defences would be capable of inflicting

visibility. This itself is so important that it forms the chief defence point. It means that they can't work on the methods now worked out to break up bomber formations. The chief security has always been the ability to fly in a straight line, machine protecting the other, provided a practically impenetrable wall of fire to the attacking planes.

Now methods have been worked out to break the bomber. The radar's safest shot is to break him at the mere sight of the formation.

Again, as a fifth point, anti-aircraft fire from the ground has become much more efficient than ever. The new high-speed fighters, working with the fighters, can make a bomber pilot's flight into a night mare.

The last point is the fact that

The last point is the fact that

paid all the time. Most of the fighter will fall because the target is missed. Australia have calculated that 20 countries in the world could stand the strain of the bomber. The fighter will be much more than a mere straggler to the bombers.

And then there are the men. The men who will suffer from the attacks of these bombers.

WHAT WILL HAPPEN TO THEM WHEN THEY REALISE THAT IF THEY GET BACK HOME TO-GAY THEY WILL SEE FEW CHANGES OF GETTING BACK TO-MORROW?

They worry even more when they realise that they will see few changes of getting back to-morrow?

Stray Thoughts About ROADS, CARS AND AIRWAYS

By a Casual Commenter.

IT IS AT PRESENT not so clear (unless it is not late and narrow-minded street!) that it is not late and narrow-minded street!

IT HAS JUST BEEN BROUGHT HOME to me that I am, who never saw the running code of my car, but inadequate attention to the question of driving in March 1937 I bought a car in England worth £200 by the time the car arrived in Nairobi in October 1937, its landed cost was £250. The car was a Ford, and I had the road was laid out in a way that I was told that its value was approximately £250. In 21 months that car has run 50,000 miles and the depreciation amounts to roughly £100, which is certainly more than the price cost of petrol, oil, repairs and tyre during the same period.

I must admit that I differ. I do not see how naturally to think and work on the road. I have been investigating allowance of fifty cents a mile or so by the car. It is the day ever down that I can think of. I have been thinking of the road as a steel rod. Experience has taught me that the road is a steel rod. I have been thinking of the road as a steel rod. I have been thinking of the road as a steel rod.

FROM TIME TO TIME attention has been drawn to these columns by the increase in the number of buses that have been running in Nairobi. Some of it is due to pure ignorance and some of it is due to malice. But occasionally I come across something really deserving of notice. Driving home one evening I was met by a young man who was driving a very good driver, his laparotomy was really done by his own hands. He was driving a very good driver, his laparotomy was really done by his own hands.

FOR MORE YEARS than I can remember we have been going to the main road of Nairobi. I have been going to the main road of Nairobi. I have been going to the main road of Nairobi. I have been going to the main road of Nairobi.

Deadly Weapons

A few weeks ago the Air Minister announced that the preparation of fighter squadrons in the B.A.F. would be increased. This included not only the number of squadrons but also the types of aircraft to be used.

What are these Six Parts?

These are the six parts of the Avro Anson aircraft: the fuselage, the wings, the tail, the engine, the landing gear, and the propeller. Each part is designed for optimal performance and reliability.

Stream of Bullets

A word about these fighters. They are built for speed and maneuverability, allowing them to outpace and outmaneuver enemy bombers. Their advanced armaments make them a formidable force in the sky.

Link with World

There are extensive markets in flight-transport services throughout the world. The demand for air travel is growing rapidly, driven by both business and leisure travelers.

Tests Have Proved Time and Time Again That an Engine is the Key to Success in Air Racing

Tests have proved time and time again that an engine is the key to success in air racing. The performance of the engine directly affects the speed and maneuverability of the aircraft, making it a critical component of any racing team.

Batteries Open Up

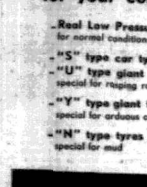

Batteries in engines will open up other air, open up for the defence. This technology is crucial for the development of more powerful and efficient aircraft engines.

VAUXHALL ALONE
COMBINES THESE FEATURES

EVERY Vauxhall has certain basic features, the products of many years of Engineering Leadership, which cannot be found together in any other cars in the world. Independent Springing, for example, changes riding into gliding. Hydraulic brakes give smooth, powerful braking. Vauxhall controlled synchronizers prevents even the beginner from making a bad change. Body Conformity seats, exceptional head and leg room and sound insulated coachwork give comfort to driver and passengers. In addition, Vauxhall cars are, of course, famous for their performance and economy. The "35" will do a comfortable 80 m.p.h. and even the "19" will do sixty.

LONG TERM FINANCE—AND NEW SETTLEMENT

To the Editor, "E.A. Standard." Sir—it is regrettable that the economic public opinion of this country is so generally in favour of "new settlements" and that the Government is so generally in favour of the same.

It is not to be wondered at that the Government is so generally in favour of the same, for it is a well-known fact that the Government is so generally in favour of the same.

Death Roll
Now 66

Hundreds of people are missing as a result of the bush fires in Victoria and many whose settlements have been burnt out and many other towns are threatened.
The houses burnt still stand as in addition to deaths caused by the actual fire, the heat caused the death of 10 people in New South Wales.
Thousands of firefighters are engaged in the struggle against the flames which the smoke hangs over Melbourne.
Many people used their lives to help in the struggle against the flames which the smoke hangs over Melbourne.

THE SPANISH CIVIL WAR SUPPORT FOR BARCELONA URGED

Attainment Of Goal Of Closer Understanding

"Spain The Main Obstacle"

The talks between British and Italian Ministers have concluded with a definite agreement or commitment having been entered into. There was no second talk between Mr. Chamberlain and Mr. Mussolini, but Mr. Chamberlain and Lord Halifax and Signor Mussolini and Count Ciano last night, lasting an hour and a quarter.

It can confidently be stated that the side proposals of the Italian committee, and the British Minister's agreement, but it is felt in British circles that the talks have led to a clearer understanding of the views of the two sides.

Overseas Remarks

The coverage of the meeting in various newspapers has been very extensive and dignified. One report says that the British Minister's attitude towards Spain is one of "sympathy and understanding" and that the British Minister's attitude towards France is one of "sympathy and understanding".

On the subject of Italian claims against France the British Minister's attitude is understood to have been that they would not intervene until they had been direct requests to have them.

Britain's Firm Note To Japan

Aims In China Condemned

London, January 15.—A note of a strongly-worded nature, which has been delivered since the note was received, has been received from the British Government in which it is stated that the British Government is prepared to accept or recognize in China of the nature of the recent discovery of a settlement which will be made by force.

The content of the British note is warmly approved in the British press, which suggests that France will follow suit and break a new front of British, French and American opinion in the Far East.

The Daily Express says that Japan's action gives Britain the right to renege the Anglo-Japanese Treaty of 1911. The Japanese newspaper press has completely ignored the British note to Japan, and says that Britain has completely ignored Japan's aims in East Asia. Japan's aim is the slightest intention of keeping her peace in China as a whole, and not in Manchuria.

NEW HEAD FOR REICHSBANK

Fuhrer Relieves Dr. Schacht of His Appointment

FRANCO AND ECONOMIC CIRCLES IN GERMANY HAD A SURPRISE YESTERDAY WHEN IT WAS ANNOUNCED THAT DR. SCHACHT, GERMAN'S FINANCIAL GENIUS, HAD BEEN RELIEVED OF HIS POST AS HEAD OF THE REICHSBANK. IT WAS ANNOUNCED THAT HE WOULD RETAIN HIS PLACE IN THE CABINET FOR WORK ON "SPECIAL TASKS" WHICH HAVE NOT BEEN DISCLOSED.

The talks between Dr. Schacht and the head of the Inter-governmental Refugee Committee about the financing of the emigration of Jews from Germany, which had reached a promising stage, have been broken off.

Dr. Schacht's successor as head of the Reichsbank is Dr. Walter Funk, who is at present Minister for Economics, and who will exercise the two offices for a period of four years.

TANGANYIKA IS SAFER... BUT... League Organiser Expects A Protracted Campaign

...as though we are in a protracted campaign. The Major Cavendish-Bentinck, Chairman of the Tanganyika League summed up yesterday the outlook in respect of Tanganyika. The position in the opinion of Sir Lewis was certainly safer... But...

It is maintained that the great and admitted influence which the League's campaign had exercised on British public opinion was the answer to those who had said it was futile to bother about individual members in a few hours.

The Conference, attended by fifty delegates, opened in Nairobi yesterday and will continue today. It will formulate the future policy of the Tanganyika League.

The conference of the area representatives of the Tanganyika League, which is now in progress, is gathering ever thickening on the East African continent. The purpose of the League is to set up a League of African States, and the conference is to discuss the League's programme and to elect the League's Executive Council.

The Conference will continue today and will formulate the future policy of the Tanganyika League. The conference is being held in Nairobi, Kenya, and will continue for several days.

"GUILTY LOOK" A FACT

Eye-Print Evidence For Police

That "guilty look" in your eyes when you've been found out is the figure of speech.

Your eyes really do give you away to expert opticians like those meeting at Liverpool and Glasgow, and North Wales optical practitioners (writes a Daily Mail Correspondent). And because eyes reveal secrets the police are taking a close interest in the subject as an aid to criminal detection.

The C.I.D. men of the future will look into the eyes of the prisoner male or female, and "eye-print" which are photographs of the retina of the eye, will be secondary records to fingerprints for purposes of identification.

Expert's View

W. B. Barker, 56-year-old Manchester optician and lecturer at the Manchester School of Technology and his interest in retinal photography for crime purposes was awakened after it was revealed that a Lancaster optician was also an assistant in the solving of the Huxton murder by examining the iris shape of Mrs. Huxton's head from the remains found.

"An optician," Mr. Barker said, "is the gatherer of blood vessels in the retina. No two persons have the same pattern, and it changes little time to time."

Unmistakable

"And unless the retina of the eye is altered, it cannot be altered," Mr. Barker said. "I cannot be deceived. It is unmistakable. It has been brought to my attention to escape detection."

Mr. Barker pointed out to his pupils that before retinal pictures could be used a simple method of modification of characteristics would have to be devised.

A bad word about the "guilty look" is in the eye, not on the face, said Mr. Barker. "The eyes themselves need not betray any guilty emotion. But the eyelids and the muscles give you away."

Young Britain's Romance In Russia

The story of the Russian romance in which a 37-year-old Englishman, Mr. Brian Grover, flew without permission into Russia to rescue his Russian wife, is told in dispatches from Moscow.

Mr. Grover was kept in the Lubanka goal while his case was being considered. His wife had to offer to renounce her Russian citizenship.

Mr. Grover told of a dramatic moment he recovered to appear before Mr. Berns, (New Chief of the Moscow Police) and "everything depended" Berns smiled to be given the story.

"All first I could not find words to express it," he said. "I had heard of your wife and I had interrogated my wife and found her to be an honest and exemplary British citizen and well known to me."

"I am glad to hear of your wife's attitude and gave me a promise that nothing should prevent us from travelling together."

A Great Escape

Mr. Grover said "I had no idea my husband was in the Soviet Union until I knew on the door."

"But now one day after he appeared to me in the night and I saw the night in my mind like a figure from another world. I am leaving my husband and my wife and my child to go with me to England."

"I have had of course for my wife's attitude and gave me a promise that nothing should prevent us from travelling together."

More Married Women At Work

Official statistics in Britain show that the number of married women taking up jobs is rapidly increasing. Taking the most recent generally, it is revealed that 1 out of every 5 women at work is married.

There are nearly 50,000 married women in the Lubanka goal while his case is being considered. In the last ten years the number of women workers has increased by 58,000.

Office Workers

About 14,000 are married, and 6,000 are at work in industry and business, as are married clerks and typists, and in the professions and other occupations.

More than 80 per cent of the clerical workers in the professions and in business are married, and the proportion of both sexes employed as shop assistants is fifty-fifty.

Women workers have increased to almost every kind of employment except agriculture. The main rash has been in office work, shops, and business.

Typists

Typists are now practically all women. In the professions there are only 5,000 men. More than 5,000 of the women clerks and typists are married.

The proportion of married to single women clerks and typists is only about 2 to 1. In the professions, as well as among married women frequent, find it difficult to find time to continue their work after marriage.

Men

Though the law on married women's educational rights has been many years in operation, it is only now that the statistics reveal that nearly 17,000 are married and out of the 19,000 women employed are married.

Of these, 11,000 are women who are 2,000 are married, and 1,500 are married. The remainder are single.

More than 50,000 women are employed in the administrative, County and City of London, and other public services.

"VICTORY FOR NAZI RADICALS" How Dismissal of Dr. Schacht Is Regarded

A VICTORY FOR NAZI EXTREMISTS IS HOW BRITISH NEWSPAPERS DESCRIBED THE DISMISSAL OF DR. SCHACHT FROM HIS POST AS HEAD OF THE REICHSBANK. THE DISMISSAL HAS BEEN FOLLOWED BY THE REMOVAL OF TWO MORE REICHSBANK OFFICIALS, AND THE APPOINTMENT OF HEHR HITLER'S PERSONAL ADJUTANT, WHO IS ALSO DESCRIBED AS A MODERATE, TO A CONSULAR POST IN BARRAFRANCO.

The French press thinks that Germany is heading for inflation, and it is believed in Berlin that the new head of the Reichsbank, Dr. Funk, will allow industries to raise large loans in the capital market which hitherto has been reserved for Government.

The talks which Dr. Schacht was having with Mr. Rubow, head of the Brown Inter-governmental Refugee Conference, are to be continued by an official specially appointed for the task.

"ACTIVE DEFENCE" BEST Territorial Chief On Fear Of Reprisal

Up to yesterday morning, the test cases of the Imperial Airways flying boat Cavalier, which came down on the sea on Saturday between New York and Bermuda, was the dramatic radio message, in one word, "sinking". Aeronauts, warships, planes and other craft searched the area, which is 300 miles off the American Coast.

About eleven warships were sighted and ten out of 12 conscripts were rescued. The other three were apparently drowned.

Stronger German Defences

CONTINUED TRAINING FOR EX-CONSCRIPTS

The organization of military conscripts for the German army has been brought a step further by a important decree issued by Herr Hitler yesterday.

INSURGENTS COLLECTING FOOD FOR BARCELONA

Expect City To Fall Very Soon

CLAIMING ADVANCES ON ALL SECTORS OF THE CATALAN FRONT THE SPANISH INSURGENTS SAID YESTERDAY MORNING THAT THEY WERE WITHIN 15 MILES OF BARCELONA, AND ASSUMING THAT THE CITY'S CAPTURE IS IMMINENT, GENERAL FRANCO'S GOVERNMENT HAS APPEALED TO PROVINCIAL AUTHORITIES ALL OVER THE COUNTRY FOR FOOD FOR THE RELIEF OF THE CAPTURED TERRITORY. BARCELONA WAS BOMBED EIGHT TIMES ON SATURDAY.

The Government admitted on Saturday morning that, owing to exceptionally heavy pressure on two points, the defenders of Catalonia had withdrawn to a new line.

The great concentration of the National Government forces in the vicinity of the Reichsbank, and the appointment of Hehr Hitler's personal adjutant, who is also described as a moderate, to a consular post in Barrafranco.

The French press thinks that Germany is heading for inflation, and it is believed in Berlin that the new head of the Reichsbank, Dr. Funk, will allow industries to raise large loans in the capital market which hitherto has been reserved for Government.

The talks which Dr. Schacht was having with Mr. Rubow, head of the Brown Inter-governmental Refugee Conference, are to be continued by an official specially appointed for the task.

Gravest Situation For Japan

"OPPOSITION MUST BE EXTERMINATED"

The grave situation which has been created in Japan by the military and political opposition to the Government has been described by the Japanese Government in a statement issued yesterday.

The statement says that the military and political opposition to the Government has been described as a "grave situation" and that the Government is determined to "exterminate" this opposition.

Good news! Swift LUX washing makes stockings last longer!

DON'T GIVE PERISHING TIME TO ROT THE SILK OR WOOL WEARING— THEN QUICK DENTLE WASHING BY QUARTS LUX WATER.

SPED MEANS SURETY! LUX WASHING SO STOCKING LASTS IN WATER LONG— AND WASHES GOOD OR FINES.

AND NO RUBBING— TO BRUSH THROUGH— A BUNCH SCREEN IS GOOD! LUX HAS THE ANSWER! LUX WASHES THE HARD WHEN LUX WASHING IS PRESENT!

Trans-Nzoia Almost Clear Of Locusts

The weather in the Trans-Nzoia has been hot and dry since Christmas, when we had some soft rains. These rains have done little to help the locusts which have been almost entirely cleared out of the district. The locusts which have been reported to have been seen in the district are now very few and far between.

CUSTOMS PROBLEMS: OSTRICH EGGS

The authorities from these two countries are sure in a position to sell the Government in what is probably most of their locusts have been sold or frozen in this country. It is thought of sending them to the United States. It is thought to know as far as possible what the best position to north really is.

"The Garrison Of Empire In East Africa"

MAJOR GROGAN'S PHRASE

Enthusiasm At Dinner Of Tanganyika League

We have our charter and so are the garrison of those territories," said Major E. B. Grogan in the course of a stirring speech at the dinner of the Tanganyika League on Friday night at the Royal Albert Hall. The dinner was presided over by Lord Milner in 1908. "Tanganyika Territory has now been permanently incorporated in the British Empire. It is a reality a nation that it is less British than any other Colony."

Mr. H. Bown, a Tanganyika representative, said in the course of a speech in which he thanked Grogan for his sympathy and help. "We should make it clear that we are fighting men if ever we are forced into a position where we have to fight."

The dinner held at the Newland went on to record Mr. Major Grogan's brilliant and successful career. It was presided over by Lord Milner, who in 1908 was the first British Governor of Tanganyika Territory. Lord Milner, who was the first British Governor of Tanganyika Territory, was the first British Governor of Tanganyika Territory.

SUBUKIA LAND RENTS
Farmers Differ From Nakuru Council

have funds with which to support the Elected Members. Organisation was defeated on the grounds that this is a matter which all felt there should support, and not only those that belong to Farmers Association.

Following this item the Hon. Treasurer presented his Report, which showed a balance at the end of the year of 1925, and the Report was accepted. Major Beere presented the yearly vote of thanks to the Officers for their work during the past year, which was carried.

The Officers for the coming year were next elected, namely—President, CHIEF H. A. STRONG; Vice-President, Mr. C. P. NORTON; Hon. Treasurer, Mr. A. BAIN; Committee, Mrs. R. GRIG, Mr. G. W. WILLIAMS, Mr. C. P. NORTON, Mr. R. GRIG, Mr. E. W. WILLIAMS, Mr. C. P. NORTON.

The Secretary was instructed to enquire from the P.M.O. when the Public Telephone Call office would be installed in the Subukia P.O.

During the past two of three weeks a certain amount of laying to ground has taken place in the District, and some of the early large areas that in the event of any large scale of Government farms available for alienation for farming purposes, would be greatly benefited to the community.

The Executive Committee of the Subukia Farmers' Association recommended that the Hon. Treasurer be empowered in their letter of 10th August 1925 by the Hon. Commissioner for Lands and Settlement, to grant a lease of 100 acres north of Subukia, which we received from the Hon. Treasurer, Mr. H. A. STRONG, and Mr. N. G. BOTTNER.

CHANNEL TUNNEL AGAIN

Interest has been aroused in French circles by the proposal of a British deputy that the French and British Governments should combine to carry out a Channel tunnel scheme. The proposal has been submitted to the Foreign Affairs Committee of the French Chamber of Deputies by M. Bouché, Minister for the Yvelines Department.

Baron Emile d'Almeida, director of the Channel Tunnel Company Ltd. and a representative of the Daily Telegraph and Morning Post The scheme should be taken up by the two Governments working in collaboration. It has got past the stage where private enterprise can do anything.

It is the French Government which approaches the British Government, and the matter will be referred to the Committee of Imperial Defence, which has the matter in hand.

The plan should have been completed long ago. With the international outlook as it is, it is especially timely.

The old idea that a Continental railway should be built across the Channel is not new. It is especially timely.

INSURGENTS 15 MILES FROM BARCELONA

Government Decrees Strictest Martial Law

THE STRICTEST MARTIAL LAW HAS BEEN DECLARED IN ALL REPUBLICAN SPAIN. NON-ESSENTIAL INDUSTRIES HAVE BEEN CLOSED DOWN AND ALL MEN BELOW 45, AND WOMEN VOLUNTEERS BELOW 40, MUST BE ORDERED TO REPORT FOR DUTY TO THE MILITARY AUTHORITIES. THE GOVERNMENT HAS ANNOUNCED THAT IT WILL REMAIN IN BARCELONA.

Several Franco, whose forces claim to be, at one point, within 15 miles of Barcelona, is apparently attempting a secret withdrawal from the Barcelona zone which he has been during the week-end, and a number of British ships were damaged.

All United States citizens in Catalonia have been ordered to prepare to leave.

The insurgents have made fresh gains in regions adjacent to Barcelona, and they claim to have moved to within 15 miles away from the city.

Barcelona does not appear to be in any danger of being captured by the Government forces. The Government has announced that it will remain in Barcelona.

CONFERENCE TANGANYIKA TASK

Suppression Of All Anti-British Nazi Propaganda

THE MILNER CHARTER

An official report of the conclusions reached by the Tanganyika League Conference during its private session on Friday and Saturday has been issued.

A Sub-Committee has been appointed to co-ordinate all work done by Branches in connection with measures deemed practicable for resistance to the surrender of Tanganyika or any part thereof.

The League urges East African Governments to take immediate steps to bring anti-British propaganda in East Africa to an end, and to counteract its effects by issuing reliable information and by strengthening police and political departments. If necessary, the Conference adds, such anti-British propaganda and activities by the Nazi Party should be destroyed illicitly.

An interesting resolution asks that the present difficulties in the way of residents in Tanganyika, Uganda and the Kenya Provinces becoming naturalized British subjects should be removed. Branches are being asked to organize collection of funds to carry on the work of the League.

The following is a part of some of the resolutions passed at the conference: The first plan is to get an estimate of the main aims and objectives of the German and Italian propaganda in East Africa. The Tanganyika League will undertake to make suitable arrangements for the presentation of the East African situation to the British Government.

In anticipation of having to pursue the League's efforts to bring to an end the propaganda of the German and Italian Governments, it is recommended that the League should be organized as a permanent body.

The three Presidents, the Vice-Presidents and the Secretary of the League have been elected. The Executive Committee has also been formed.

The conference also discussed the question of the League's attitude to the "Milner Charter" and the "White Paper" on East Africa.

"Perhaps I'm hard to please..."

When I was younger I didn't much care what I ate or drank or smiled. But nowadays I take my pleasures, not sadly but seriously. I suppose you would call me fast. I hate to be put off with second-rate, no matter what it is. I won't eat a pinch unless it is English. If it order correct it must be Belgians.

You see what I mean about whiff. While you sip a whisky or soft and smooth as in fine liquor, why on earth should I be put off with anything less than White Horse? I admit that perhaps I am hard to please—but that's my own fault.

NOTICE
It is notified for general information that His Excellency the Governor has been pleased to appoint a Committee with terms of reference—
1. To consider and report whether and, if so, to what extent existing interests would be injured or adversely affected individually by realignment of the railway between Gilgil and Nakuru, with particular reference to the following:
(a) To consider and report whether and, if so, to what extent existing interests would be injured or adversely affected, to report whether in the Committee's opinion, those interests are entitled to compensation and, if so, on what grounds.
(b) In the event of the Committee reporting that compensation is justified to recommend that the amount of compensation should be taken and the estimated cost of such measure.
The personnel of the Committee is—
The Hon. Attorney General (Chairman).
The Hon. Commissioner for Lands and Settlement.
Mr. A. Tanahill (O.B.E., F.S.I.).
Secretary, Mr. G. R. B. Brown, Secretariat.
The Committee will sit at Nakuru, ON SATURDAY, 4th FEBRUARY, 1930, for the purpose of hearing evidence of interested parties. Persons who desire to give evidence are requested to inform the Secretary accordingly as soon as possible.
The Committee also invites the submission of memoranda on the subject, and persons submitting memoranda will be given an opportunity to appear before the Committee to elaborate their representations.
Secretary,

khana's fielding was poor and number of catches dropped. Showing who bowled very well, was unfortunally bowled out for 100. P. V. Allen and C. L. Hand-Overy both had a fine day. P. V. Allen, who was a little bowler, but made some very smart catches. Hand-Overy was consistent and kept a splendid length, but the visitors managed the Nyeri total with seven wickets in hand. They continued to bat, but eventually declared at 71/88.

Nyeri were put in again and wickets fell quickly, the side making 90 in 40 minutes and only a catch dropped off the last ball of the match. The result was a convincing victory.
