# Severe test by Negroes awaits U.S. Civil Rights law

Senators are pushing an omnibus bill for the United States' new Civil Rights bill, set to pass by 75 votes in 57 by the Senate on Friday, as President Johnson signs the measure.

The passage of the historic Bill is hailed as one of the most important landmarks in nearly a century in the field of race hatred, now governed by President Johnson, who has vowed equal opportunities for all Americans.

Congressional leaders evidently expect that the omnibus bill will be approved from the House and Senate in time to be signed by President Johnson before the July 4 Independence Day holiday. Following the passage of the bill, the House and Senate will then have to pass the omnibus bill into law.

The House bill, which will be considered by the Senate, is expected to be passed by the House in the next few days. It is expected that the House will pass the bill by a vote of 350-100.

# Kenya's flowers draw the crowds at Chelsea show

*"I can't believe it"*  
*"problem days"*

REMARKS at the vanguard of one of the most successful at the Chelsea Flower Show at London was a small band of blue agapanthus in very small-sized and specially-trained in conjunction with those to be seen in almost any Karlov's garden, and proudly made the centerpiece of a fine display of plants and flowers.

## Let's face facts...

*I am a regular Tamrax user*

On certain days of the month, I suffer from the trouble known to women as P.M.P. Every month knows what I mean. The Tamrax is a medicine which is made of powerful natural substances, especially suited for safety and health purposes and which has been tested by many thousands of women who have never known any trouble since they started using Tamrax. I can tell you that I feel better, and I can tell you that I can't get on without it.

It's not just acne and pimples that make periods miserable - the tiredness and depression that accompany them are just as hard to cope with. That's why women need more than a simple pain-reliever - they need medical. Codural's special formula deals specifically with cramps, backache and depression - yet it is completely safe. Keep Codural handy next time your period is due and you'll find that all-day have a day of the pain.

# BACKBENCH CHALLENGE TO GOVERNMENT

## Demand for link-up

In the matter of federations the Government has only five minutes — in 15 minutes, Mr. Speaker, I will have to go to the House — to address the House on the subject of the Government's policy on the subject of federations. ## What's in a name? Perhaps ants

THE man who insisted for the following story in the South of Tsavo Inn—the 'reptile' himself—is fast becoming a legend over in this his story.

"I remember when I was a very young boy living in my grandfather's Inn, far into the desert where he was almost out of sight, along with some of the Tsavo Inn, he had a snake that he called 'John', which was a large snake."

At the time of the late Mr. John's death, we were very young children and he was a very old man. He had been at the Inn for many years and he had been at the Inn for many years. He was a very old man and he had been at the Inn for many years.

"Through the years the proprietors have changed hands many times but the name of the Inn has remained the same."

The Tsavo Inn took its name from the fact that it was situated in the Tsavo Inn. It was a very old man and he had been at the Inn for many years.

There is much of the late Mr. John's name in the name of the Inn. It was a very old man and he had been at the Inn for many years. He was a very old man and he had been at the Inn for many years.

## Pale lipsticks are back in fashion again

WITH the "natural look" dominating make-up in England is turning pale. Powder and foundation creams follow suit, with pale pale cosmetics for the non-dramatic. The real accent in make-up has shifted for the moment to the eyes -- with eye shadow matched to the jewelry to be worn; navy-blue eye shadow with sapphire, being with turquoise jewelry; red bronze and plum, being with turquoise jewelry; red bronze and plum, being with gold, and so on.
