INDICATES STANDARDS ARE IMPROVING

Early season indications

By Dennis Hart

THE Soccer season is only three weeks old. But already it appears that the standard of play is improving. This is despite their partial League position, the fact that the highest level of play is still at the lowest level.

It is not surprising that the standard of play is improving. The season has been a long one, and the players have had plenty of time to improve their skills. The fact that the highest level of play is still at the lowest level is a sign that the standard of play is improving.

Fangio wins Monza G.P. at 100 m.p.h.

LAST LAP SPUR BY ASACRI

MONTECARLO, Monaco (AP)—Juan Manuel Fangio, the Argentine, won the Italian Grand Prix motor race at Monza on Sunday after a terrific struggle with the world champion Alberto Ascari of Italy. Fangio, world champion in 1957, had secured his Monza race ahead of Ascari's Ferrari on the last lap when the Italian overtook him with a burst of speed. Fangio's victory was due to a last-lap surge by Ascari.

The race was a close contest between Fangio and Ascari. Fangio led most of the race but Ascari overtook him on the final lap. Fangio's victory was a surprise to many observers.

Fangio's victory at Monza was his first since 1957. Ascari's performance was impressive, but he was unable to hold off Fangio in the end. The race was a classic example of the rivalry between the two drivers.

RUSSIAN FARMERS ARE GIVEN NEW DEAL

State to pay more for produce

CHANGES IN MINISTERS

IMPORTANT changes in Soviet foreign and domestic policies in the State's price policy were announced in Moscow yesterday as the Russian people begin to reap the fruits of the new deal.

Mr. Nikita Khrushchev, the new Premier, said that the State will pay more for milk and butter, eggs, turkeys, and all kinds of produce. The State will also double the price for other vegetables by 20 to 30 per cent.

The new price policy is aimed at the State's economic growth and the improvement of the living standards of the people. It is expected that the new deal will lead to a 10 per cent increase in the production of foodstuffs in 1954.

However, the growth of Christianity in Africa has been slow. This is due to a number of factors, including the influence of traditional African religions and the lack of a strong Christian leadership. However, in recent years, there has been a significant increase in the number of Christians in Africa.

the tyre with a reserve

when you really need that extra grip

That's the Firestone DUAL PURPOSE—the tyre that has a reserve of traction to see you safely over muddy, sticky going. On good roads the conventional tread only is necessary, but immediately you encounter muddy conditions the deep shoulder bars automatically come into action, give you that extra grip bite—and see you quickly, safely through.

Firestone DUAL PURPOSE tyres have your safety and peace of mind. They are expensively, costly hours that are wasted when you are stuck and wear uneasy.

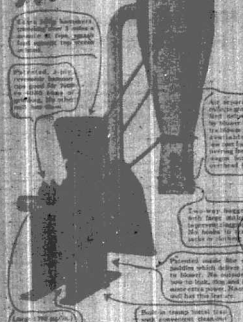

With Firestone DUAL PURPOSE have your car or truck a better grip on the road to control—and you get extra tyre mileage economy.
